# A DAILY NEWSPAPER

Which Maintains its price at five cents per copy—

Has an ever-growing circulation—

Is the recognized WANT AD. MEDIUM of its city—

And carries the advertisements of more local merchants than any of its competitors—

**Must of necessity be a gilt-edge proposition as an advertising medium.**

## THE CINCINNATI ENQUIRER

**IS JUST THAT KIND OF A NEWSPAPER,**

with all the individual characteristics enumerated.

Just as the great Middle West is THE market of America, so is the Cincinnati Enquirer THE medium for covering it.

And here is an important point—the advertiser in the Enquirer PAYS ONLY FOR WHAT HE ACTUALLY GETS; there is no waste circulation whatever, a fact guaranteed by the price of five cents per copy.

**EVERY COPY IS SOLD ON ITS MERITS.**

The Sunday Enquirer carries all the sporting news, baseball scores, and chronicles matters occurring Saturday afternoon and evening.

# Brenlin

Patented 1906. Trade-mark Registered.

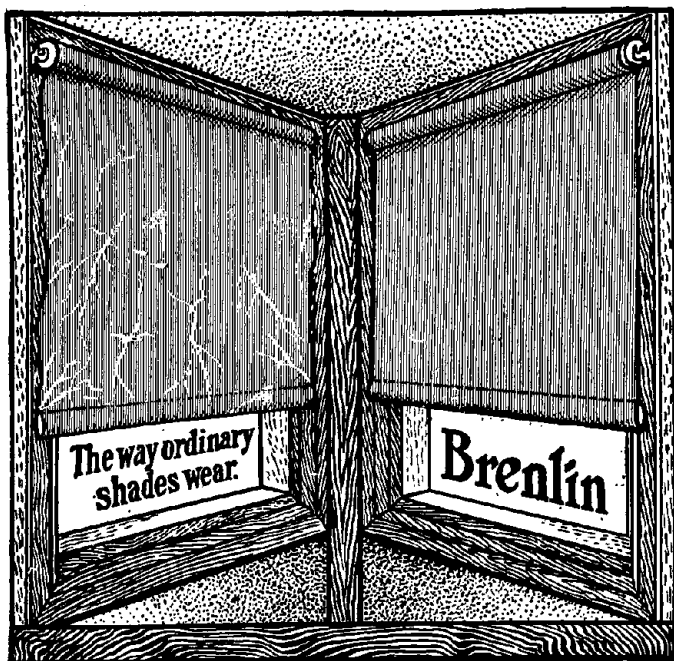

## Really Shades and Wears.

the shade material that people have been hunting for years.

With Brenlin you can regulate the light just as you want—soften it or shut it out entirely. It is made in all colors and it wears without change!

Ordinary shades crack, because, to make them opaque, they are filled with chalk.

Flapping or careless handling breaks this filling and leaves unsightly cracks. Brenlin is a fine supple material, without filling of any kind. It won't crack, won't fade, won't spot and it

hangs straight and smooth without a wrinkle.

In white, ecru, cream, etc., Brenlin gives a rich, even, mellow light; in green and dark colors it is absolutely opaque.

*Let us measure your windows for Brenlin Shades.*

The name Brenlin is perforated, like this, BRENLIN on every yard of the margin of the cloth. Brenlin is the only shade cloth that is marked. Insist upon seeing this mark. It is your guarantee.

# STANDARD "TISCO" MANGANESE SAFE NO. 2.

We build TISCO Manganese Safes in six styles as per table of measurements. Each safe is named after the number of cubical feet capacity. Built with or without base. Nos. 2 and 3 can be built in any size safe from No. 14 up.

We do not hesitate to state that we build in this safe the most indestructible article in the market.

The tensional strength of "TISCO" Manganese is at its best at  $2\frac{3}{4}$  to 3 inch thickness.

"TISCO" is the trade mark of the Manganese steel which is manufactured only by the Taylor Iron & Steel Co., of High Bridge, N. J., and patented under their name; they stand back of this material, and guarantee it the only Manganese steel for the purpose made.

This material is burglariously drillproof and explosiveproof.

The opening of the body of the safe is fitted with a ground surface. The door is then ground air tight, valve fit to the opening, that close that you can hardly distinguish where the joints meet, therefore it is impossible to use any explosive effectively or get any kind of liquid between the joints.

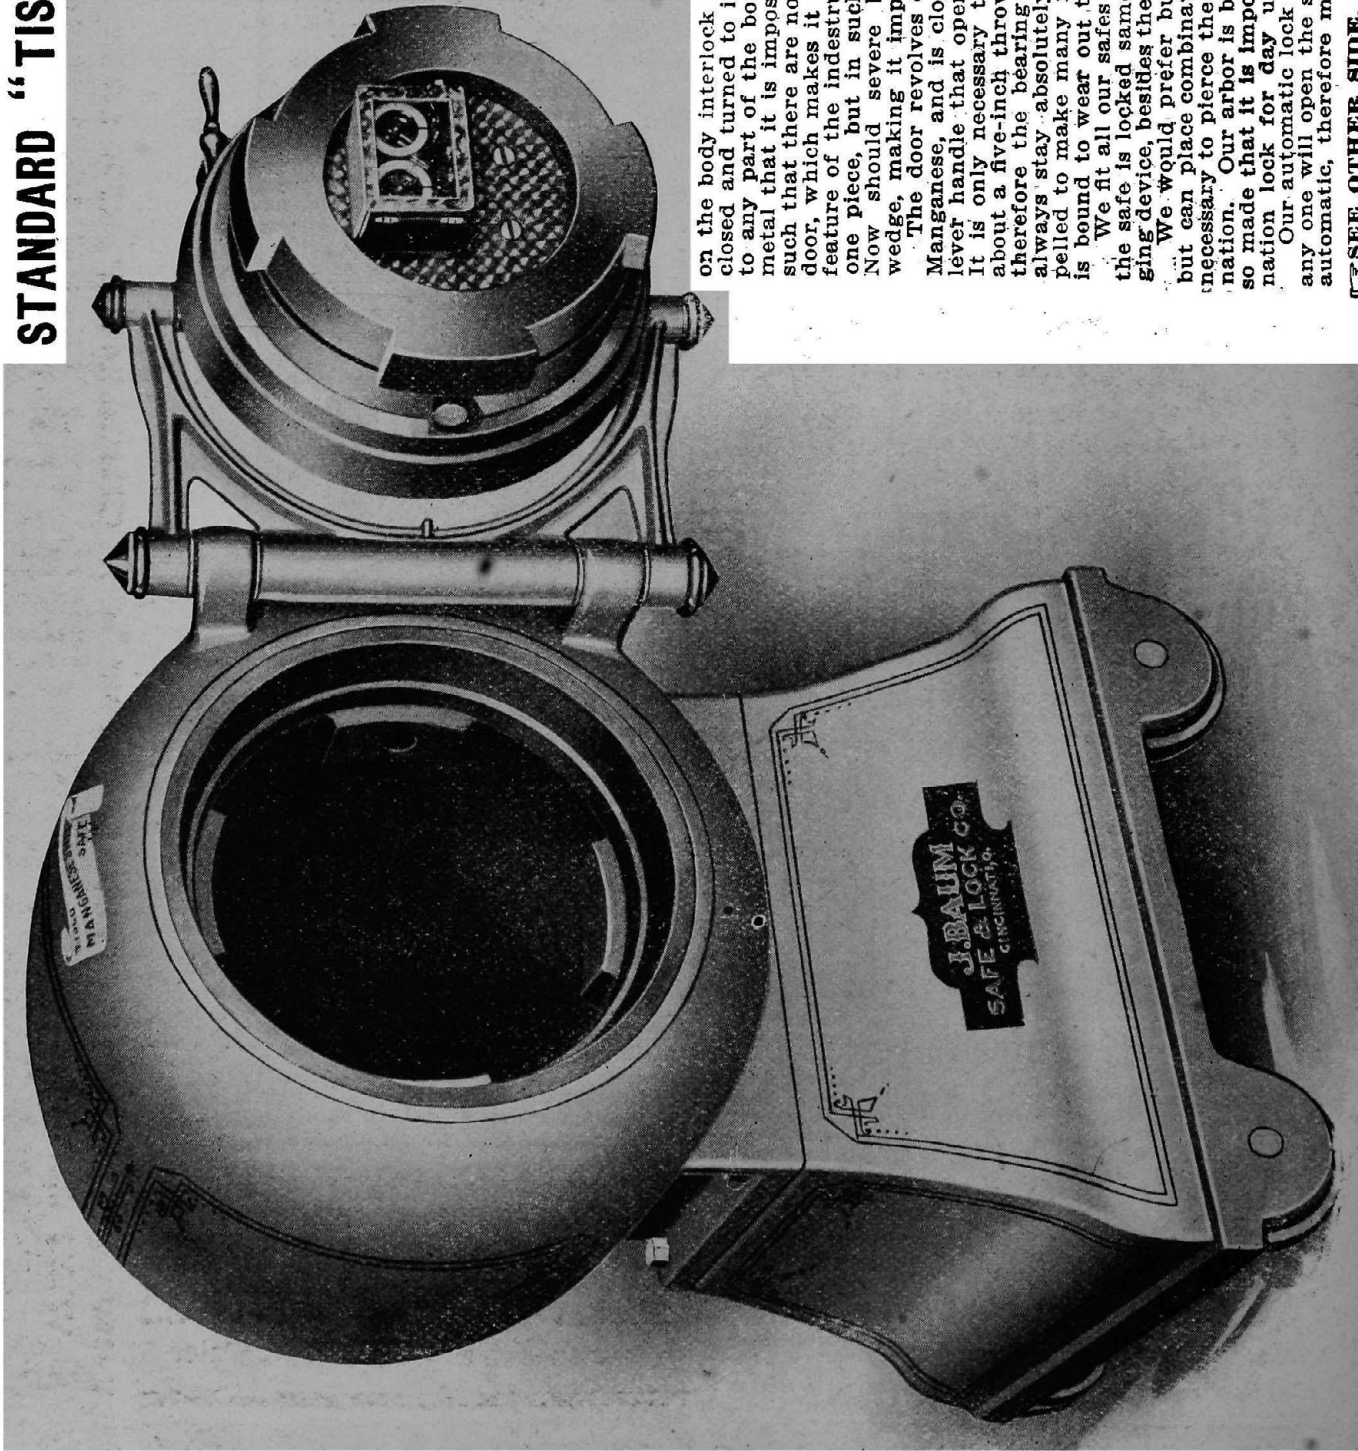

The principal strength lies in the jaws being casted solidly to the body, making same one, and the jaws also being casted solidly on the door, making the jaws and door one piece. The jaws on the body interlock with the jaws on the door, so that when the safe is closed and turned to its locking seat, the strength around the jaws is equal to any part of the body or door of the safe, therefore we have a steel metal that it is impossible to file or drill. Fitted Manganese on Manganese, such that there are no bolts or nuts used in bolting the boltwork on the door, which makes it impossible to jar the jaws loose. Another valuable feature of the indestructiveness of our safe is in the jaws being casted in one piece, but in such a manner that a space is left between each jaw. Now should severe burglarious force be used the jaws will work to a wedge, making it impossible for the door to turn either way.

The door revolves on an axle in the center, which is also solid TISCO Manganese, and is closed with a gear to which is attached a detachable lever handle that operates the gear to its locking seat, and to its opening. It is only necessary to make a turn the distance of the jaws, which is about a five-inch throw, to get the door to bolt tightly against the body, therefore the bearing cannot be worn in closing or opening same, it will always stay absolutely tight, while on most makes of safes you are compelled to make many revolutions before you get same locked. This turning is bound to wear out the bearing between the opening and locking parts.

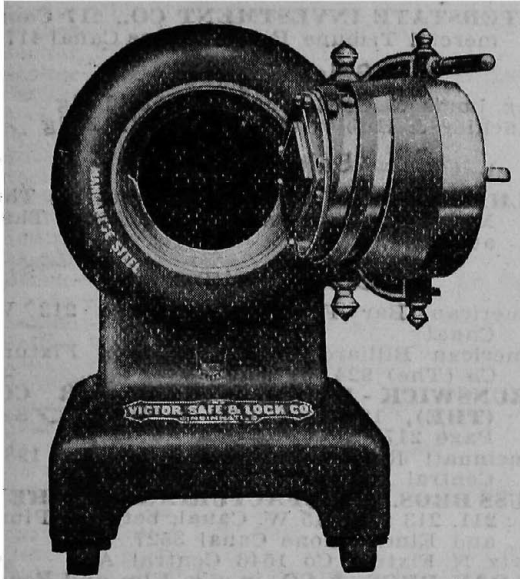

We fit all our safes with an automatic bolting device so dogged that when the safe is locked same cannot be opened unless the automatic lifts the dogging device, besides the bolting device when the hour arrives for same to open. We would prefer building all our safes with an automatic and time lock, but can place combination where desired. If a combination is desired, it is unnecessary to pierce the door so as to receive the arbor to revolve the combination. Our arbor is built in, and protected with an anvil plate on the rear so made that it is impossible to pull out or drive in. Can build a combination lock for day use on the carrying crane.

Our automatic lock is built with four independent lifting powers so that any one will open the safe when the hour arrives for the timer to trip the automatic, therefore making same four to one.

SEE OTHER SIDE.

# Grand Prize St. Louis -- 1904

**Special Dispatch to the American Banker:—**  
St. Louis, Mo., Oct. 21.—The Victor Safe & Lock Co., of Cincinnati, received to-day the Highest Award—Grand Prize and Gold Medal—at the World's Fair, for their exhibit of solid Manganese Steel Bank Safes and general line of fire and burglar-proof safes and vaults; their magnificent display taking first prize over all competitors for modern improvements, construction, workmanship, design and finish.

So accurately is the door ground into the jamb of these safes with carborundum and oil that a metal to metal, air, water and steam tight joint is formed. No banker should purchase a safe without first investigating the Victor.

We carry a complete stock of fire-proof and burglar-proof safes at all times, and have some second-hand safes at great bargains.

#### BOARD OF EXAMINERS.

Office, City Hall.

F. B. Dyer, Superintendent of Schools, Office, City Hall; Henry Danziger, Volksblatt Office, 637 Vine; R. H. Whallon, 1532 Chase Av.

The Board will hold three meetings each school year for the examination of applicants, the first during the last week in December, the second during the second week in June, and the third during the first week in September, each meeting to be continued until the examinations are completed and the certificates issued. Applicants will be examined only at the above meetings of the Board, but certificates expiring between meetings will be extended to cover the following examination without fee, upon application on or before the date of expiration. The above meetings will be held in the session room of the Board of Education, third floor, City Hall, unless otherwise ordered by the Board. The sessions begin at 8:30 a. m. and at 1:30 p. m. Schedules showing the date of examination in each subject can be obtained from the clerk of the Superintendent of Schools. The regular business meetings of the Board will be held in the office of the Superintendent of Schools on the Friday one week after the last day set for each examination. Special meetings may be called by the President or by any two members of the Board. The Board will grant three kinds of certificates, styled, respectively: "Teacher's Elementary School Certificate," which shall be valid for all

branches of study in schools below High School rank; "Teacher's High School Certificate," which shall be valid for all branches of study in recognized High Schools and for the Superintendents or Principals, and "Teacher's Special Certificate," which shall be valid in schools of all grades, but only for the branch or branches of study named therein.

County Board of School Examiners meet on first Saturday of each month at 1003 Commercial Tribune Bldg. C. S. Fay, Wyoming; J. L. Trisler, Hartwell and C. M. Merry, Members.

#### THE CHILDRENS HOME.

Nos. 300 to 316 W. 9th street; Meigs V. Crouse, Superintendent. Its objects are: (1) To ameliorate and elevate the condition of the children of poor and unfortunate parents, by procuring for the homeless and destitute who may be committed to it, in accordance with its charter, permanent country homes in Christian families, where they will be trained in habits of industry and receive a suitable English education. (2) To clothe, feed and instruct such children gratuitously, so long as they remain in the Children's Home. (3) To afford a temporary home to poor children, whose parents, thus aided, may be enabled in a short time to support them in homes of their own; and such other religious and charitable work as the trustees may at any time adopt.

#### THE CINCINNATI UNION BETHEL.

South-east cor. 3d and Lawrence. Lodging and Bath House, 308 East Front street. Settlement House, south-east corner 3d and Lawrence. The Anna Louise Inn (Home for Working Girls) north-east corner 3d and Lytle. R. S. Fulton, President of Board of Trustees; Louis G. Hopkins, Vice President; John Gates, Treasurer; Benj. Sebastian, Secretary; Jas. O. White, Superintendent. Chief object of the Union Bethel is to do constructive and preventive philanthropic work among the poor. It has a Sunday-school every Sunday at 2:30 of children, averaging in attendance about 300; a sewing-school of about 250 girls; a cooking school of 50 girls; mothers' meetings; a finely-equipped bath; a gymnasium; a music school; a medical and dentistry department; a district nurse; a social settlement of fifteen resident workers; boys' and girls' clubs; millinery and shirt waist clubs; home libraries; a splendidly arranged suite of

men's club rooms, which any self-respecting man may join. In addition to this preventive work there is given about \$2,000 a year in relief to the poor. It runs a lodging house for homeless men.

#### THE OHIO HUMANE SOCIETY.

(For the Prevention of Cruelty to Children and Animals.)

Office and Headquarters, 24 E. 9th; Telephone Canal 1792. Rev. Wm. A. Robinson, President; Mrs. Theodore Workum, Vice President; O. A. Trounstine, Secretary and Treasurer. All complaints of cruelty and neglect to children and animals should be sent to the office of the Society, 24 E. 9th street. The name of the informer will be held in confidence and only used in case prosecution becomes necessary. The Society is one of the active out-door agencies for the protection and rescue of children. In the care of these unfortunate children, the society co-operates with the numerous houses of refuge, children's homes, orphan and other asylums, hospitals, nurseries, charities, etc. Its agents seek out and investigate cases of abuse and neglect of children, hunt up truant and criminal parents, and compel them to care for their children, and gather up homeless and dependent children. Offenders are prosecuted when necessary, and the little waifs are turned over to the permanent care of other organizations and institutions. In 1883 the Society secured the passage of a law providing a fine of \$200 and imprisonment for six months for parents failing to provide for their children. The enforcement of this law is having a most salutary effect. Hardly a day passes in which one or more cases are not reported of dissipated and licentious fathers who have deserted their families, leaving the wife to eke out a scanty existence as best she can at the wash-tub or with the needle, or to live upon public charity. The courts have co-operated earnestly in the enforcement of this law. Whenever an offender of this kind is brought before them, a heavy sentence is put over his head, and he is allowed to go on his good behavior. It is seldom necessary to bring him in a second time. It is gratifying to be able to state that, with this law to aid their efforts, the agents of the Society are able, in many cases, to bring about a satisfactory reunion and re-establishment of families without an appearance in court. It is always desirable to avoid publicity in such cases if possible. The law compels children to support their parents, when old and infirm, to which cases the society also attends. We assist financially after prompt and personal investigation and pay rent for abandoned families. During 1910 this Society collected \$54,091.15 for the support of 3,471 minor children from truant fathers, and this entire amount was paid to their families without any cost to them. The Society bettered the condition of 5,013 children and 81,454 animals.

#### HAMILTON COUNTY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS.

Devoted solely to that purpose, with police powers extending over Cincinnati and the entire County. Aid is solicited. President, E. P. Bradstreet, 123 East 6th st.; Telephone Canal 3515. Executive officer, Geo. T. Chrispin, Office, s.w.c.

Sycamore and 3d sts.; Telephone Main 3927—L. Complaints can be sent to either and will receive prompt attention. Free Veterinary Clinic for Disabled Animals—3116 Spring Grove Av. Dr. L. P. Cook, General Manager.

#### ASSOCIATED CHARITIES OF CINCINNATI.

Office and Industrial Departments, 304 Broadway.

Louis Schwab, Mayor, President ex-officio; Geo. H. Stearns, President of Board of Trustees; Wm. H. Alms, Treasurer; C. M. Hubbard, General Secretary. Office Hours, 8 a. m. to 5:30 p. m. Telephone Canal 3270. The objects of the society are: (1) The promotion of co-operation among public and private charitable institutions, benevolent societies, churches, and individuals. This includes a careful registry of the dependent, defective and delinquent persons of the city, and skilled agents for prompt and sympathetic examination of conditions. (2) The maintenance of a body of friendly visitors to the unfortunate. (3) Encouragement of thrift and industry. (4) The provision for temporary employment, and industrial instruction. (5) The collection and diffusion of knowledge on all subjects connected with the relief of distress. (6) The prevention of imposition, and the diminution of vagrancy and pauperism. To promote these ends the society maintains a registration bureau for the exchange of information between societies and individuals, a free employment bureau, a labor yard for men and a workroom for women. (7) To provide coal, groceries, clothing and other material relief to the destitute.
