**THE CHILDREN'S HOME.**

Nos. 300 to 316 W. 9th; Carroll H. Lewis, Superintendent. The Children's Home exists to extend a helping hand to any child in need and to co-operate with any agency or person in caring for any dependent child. The Children's Home receives children temporarily in times of family distress and endeavors to aid in the restoration of the home from which the child comes. The Day Nursery is operated to aid worthy families where the one who cares for the children is the breadwinner, or during the temporary illness of the person who usually cares for the children. Upon surrender by their parents or commitment by the Juvenile Court, children are received as permanent wards to be placed in private homes. Those to whom the management of the affairs of The Children's Home is entrusted hold that the most important work of this institution is the placing of dependent children in private homes, where they may be brought up as members of the family. The Children's Home believes that its greatest contribution to society has been this work which has placed thousands of homeless children in childless homes. The success of this work through half a century testifies to the wisdom of the plan and causes us to lay increasing emphasis upon this, the most important phase of our work. The Children's Home is a chartered institution, operating under the laws of the State of Ohio, by which it is authorized to function as a child-caring agency. The Children's Home receives no financial support from the city, county or state, but is supported by voluntary contributions from friends of the institution who sympathize with its purpose and methods of work. The Children's Home participates in the Community Chest and Council of Social Agencies of Cincinnati and Hamilton County, Ohio, through which it receives contributions to aid in carrying on its work. Donations of all kinds are always needed, and will be gratefully received. These may be sent to The Children's Home, 312 West Ninth Street, Cincinnati, Ohio. All business communications should be sent to the above address.

**THE COMMUNITY CHEST AND COUNCIL OF SOCIAL AGENCIES OF CINCINNATI AND HAMILTON COUNTY.**

25 E. 9th. Phone Canal 6950.

Executive Committee—James P. Orr, Chairman; Tylor Field, Vice-Chairman; Maurice J. Freiberg, Fred A. Geier, Frank H. Nelson, John M. Cronin, Chairman, Council of Social Agencies Dept.; Edgar Friedlander, Chairman, Finance Committee; James J. Heekin, Chairman, Educational Publicity; John Omwake, General Chairman 1924 campaign; Maurice E. Pollak, Chairman, Purchasing Committee; Julian Rauh, Organization Chairman 1924 campaign; Wm. J. Shroder, Chairman, Executive Budget Committee.

The Community Chest and Council of Social Agencies of Cincinnati and Hamilton County, Ohio, resulted from a merger of the Council of Social Agencies, (incorporated 1913) and the Community Chest (incorporated 1919), the consolidation occurring January 23, 1922. The objects of the consolidated organization are to strengthen and make socially efficient the spirit of human helpfulness in Cincinnati and Hamilton County, to afford the citizens the opportunity to contribute to human welfare work through a Community Chest, to coordinate the work of the charitable, civic, philanthropic and benevolent organizations of Cincinnati and vicinity and to promote co-operation, efficiency and economy in their operations, to the end that pauperism, delinquency and defectiveness and such social conditions as tend to create them, may be reduced and ultimately eliminated. Any resident of the County giving service or money, and any organization or agency, public or private, interested in the purpose of the organization, may become members. There are approximately 100 organization members and 74,124 individual members of the organization. Funds for all agencies participating in the budget are secured from an annual campaign for funds. Approximately 6,000 individuals participated in the last campaign as executives, office helpers, speakers, solicitors and advisors. The total request from the public in each campaign is the sum of the budgets of the participating agencies plus an emergency fund to provide for special or unexpected demands. Seventy-seven agencies participated in the general budget in 1922. The Community Chest and Council of Social Agencies operates through several departments, the more important of which are the Financial Department and the Council of Social Agencies Department. The Finance Department, in the main, performs the functions formerly belonging to the Community Chest. The Council of Social Agencies Department is made up not only of representatives of the agencies which participate in the budget, but also includes representatives of non-participating public and private agencies who desire to cooperate in the general social welfare plans of the community. Through the co-operative actions of this Department social ills affecting the entire community are studied by all interested social agencies and treated as a single problem, thereby both bringing to the consideration and treatment of the problem the best combined thought of the community and also preventing overlapping and duplication of effort, with resultant increased efficiency and reduced cost for the service rendered. The work of this Department includes the co-operative activities connected with Publicity, Research, Confidential Exchange, Boarding Homes, Negro Civic Welfare, Public Health, Standards of Living, Recreation, Education, Child Welfare, Unemployment and Administration of Justice, and operates either through functional delegate bodies, such as the Public Health Federation, the Negro Civic Welfare Committee, Boarding Homes Bureau, and the Homeless Men's Bureau, or through committees from organizations directly interested in the problem involved, such as the Confidential Exchange, the Committee on Recreation, the Committee on Civilian Rehabilitation, etc. The organization is democratic in form and substance. The institutions in the Council of Social Agencies Department nominate 15 members of the Board of Directors and the majority of the Executive Budget Committee, the minority of this committee being appointed by the Board of Directors. The thirty chairmen of the districts in the campaigns for the collection of funds nominate 9 members of the Board of Directors, and the Board of Directors, which includes the representatives of the contributors to the Chest, nominates 12 of its successors. The election is held at a public meeting of the members of the organization, including every contributor and all participating institutions. Thus the Board of Directors is made up of strong representation from the institutions engaged in social work, those responsible for the success of the campaign, and the donors, while the departments are in control of those especially interested and best qualified to do the Community's work in their special fields.

### HAMILTON COUNTY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS.

Devoted solely to that purpose, with police powers extending over Cincinnati and the entire County. Wm. C. Willging, President; Mrs. Wm. A. Julian, Vice President; Geo. C. Kuhn, Secretary and Treasurer; Geo. T. Chrispin, Superintendent; Harry O. Porter, Assistant Superintendent, Office, 567 Reading Rd.; Telephone Canal 7217. Complaints can be sent there or to the President; Phone Canal 6950 and will receive prompt attention. This Society aims to constantly educate and improve the management and condition of animals by helping, advising and instructing teamsters and drivers in the best way of handling horses, adjusting harness, etc. Its field officers are experts in such things and even able to detect a sore or lame neck or shoulder at sight whether shown by the animal's step or not. The policy is, not to arrest till after such means have been tried and exhausted, but if still neglected or the advice or order is refused, then legal steps and arrest are resorted to and conviction generally follows quickly. The officers visit the stock yards, the river wharf and the express offices regularly every day, and watch for cases of neglect in watering, feeding, overcrowding, etc., and for cruelty to poultry by crowding or by improperly made crates for shipment. They also watch all large excavations where teams are employed, and twice a week attend at the Dog Pound to see that the animals are humanely executed. Calls sent in by phone or otherwise always receive instant attention, and they are invited. The Society has heretofore established and maintained quite a number of drinking fountains for horses, etc., but under new regulations by the Board of Health, they are at present closed. It maintains constant watch for overloads at the worst city street grades. It has, the past year, taken an active part in the army Red Star work for protecting and saving army horses.
