Symboles et abréviations

Signification des symboles cartographiques et (entre parenthèses) des indicateurs suivant les n° des départements

- Donnée récente (à partir de 1959) signalée par un ou plusieurs auteurs du Catalogue.
- Donnée récente (à partir de 1959) signalée par d'autres auteurs et non confirmée par les auteurs du Catalogue.
- Donnée ancienne (antérieure à 1959) confirmée récemment (à partir de 1959, dans des publications ou par des auteurs du Catalogue) par l'examen de spécimens d'herbier.
- Donnée ancienne non confirmée depuis 1959.
- ⊕ Indique que l'espèce a disparu du département.

La signification des n° des départements est indiquée sur la figure 1, p. 20 (Carte des départements...).
