# NATURAL MEDICINE AND **SUPPLEMENTATION**

## **A GLOBAL REFERENCE BRAND FOR INTEGRATIVE NATURAL SOLUTIONS**

Since our founding, our foremost aim has always been to improve people's health and quality of life. A fine ambition that turned into a passion for developing and providing our customers around the world with the best natural herbal solutions. At Soria Natural we strongly believe in the power of nature to show us the way towards good health and the advantages that the latest technology gives us to preserve all its staggering potential.

**Natural Medicine Solutions, Herbs, Supplements, and Phytotherapy** are our fields of expertise, which have made us one of the leading companies in the sector. The presence of our products in the most important markets around the world is the proof of our evolution, and the best guarantee of confidence by the increasing number of clients who return to nature for the treatment of the health concerns of the 21st century.

**40+**  
**COUNTRIES  
WORLDWIDE**

▮▮ **A CENTURY OF HERBAL WISDOM AND FAMILY TRADITIONS THAT COMBINE THE** ▮▮  
**ANCIENT ART OF HEALING WITH PLANTS AND THE LATEST SCIENTIFIC AND**  
**TECHNOLOGICAL ACHIEVEMENTS**

# SELF-OWNED **ORGANIC FIELDS**

## **SUPERB RAW MATERIALS, CONSTRUCTING THE CORE OF EACH OF OUR FORMULAS**

Our organic fields are located in an environment of exceptional purity in the Spanish heartland at over 1,200 m above sea level, close to the source of the Duero river, and miles away from any pollution or environmental threats. And this, together with the proximity of our fields to our laboratory and manufacturing facilities maximizes the freshness and quality of each raw material by significantly reducing the time gap between the collection of raw materials and their subsequent processing and analysis.

# 500+

## **HECTARES OF CLEAN FIELDS**

**“ WE ARE FULLY COMMITTED IN SOURCING THE HIGHEST QUALITY RAW MATERIALS TO ENSURE AND MAINTAIN THE MAXIMUM EFFICACY AND SAFETY OF ALL OUR PRODUCTS. ”**

# OUTSTANDING & RESPONSIBLE INSTALLATIONS

## INNOVATIVE PREMISES THAT TRANSLATE INTO INNOVATIVE PRODUCTS

Our facilities represent a surface area of over 35,000 m<sup>2</sup> and include one of the best equipped laboratories and most advanced production systems in Europe for the development of Natural Medicine Solutions, Herbals, Supplements and Phytotherapy. We understand innovation as a two-way road, and that is why we strive to grow responsibly by using clean and renewable energies and implementing effective waste reduction and management systems that help us reduce our environmental impact.

**40+**  
**YEARS OF  
EXPERTISE**

“ SINCE WE BEGAN DEVELOPING OUR FIRST HERBAL FORMULAS, WE’VE PROVED ”  
THAT THE UTMOST RESPECT FOR THE ENVIRONMENT AND THE USE OF THE  
LATEST TECHNOLOGY CAN GO HAND IN HAND

# STRINGENT QUALITY CONTROLS

## THE ONLY PATHWAY TOWARDS MAXIMUM CUSTOMER SATISFACTION

Decades of expertise in the sector and a solid presence in the most important markets in the world speak volumes about a company's philosophy of work. Efficacy and quality are not only a great presentation card but the axis of all our quality control programs. A commitment to product excellence that goes beyond world-renowned certifications and that for us has always meant the ultimate gain: our customers' renovated trust.

# HERBAL EXTRACTS

## INNOVATIVE TECHNOLOGY

### INNOVATIVE SINGLE and MIXED HERBAL EXTRACTS

The 21st century is the century of Integrative Medicine, where natural and conventional medicine are combined by means of scientific evidence. The innovative approach of Soria Natural and new relevant scientific breakthroughs now results in the new SINGLE and MIXED HERBAL EXTRACTS range.

This groundbreaking and trendsetting new evolution is the result of continuous investigation and studies by the Soria Natural professionals on chemical composition, pharmacological properties, therapeutic indications, dosage, contraindications, toxicity and adverse effects, as well as on pharmacokinetics (study of the release, absorption, distribution, metabolism and elimination in the body) and pharmacodynamics (study of the mechanisms of action and effects).

This new release upgrades traditional phytotherapy to a new level. The traditional SINGLE and MIXED HERBAL EXTRACTS range was already a unique concept, and for the new SINGLE and MIXED HERBAL EXTRACTS range Soria Natural introduces following new features:

- Soria Natural **optimized the extraction technology** of the active principles of the plants, in order to obtain concentrated plant extracts of a superior quality.
- Soria Natural now manufactures concentrated plants extracts **preserving the thermolabile components** (extraction at low temperature, lyophilization, ...).
- Soria Natural introduced **Cyclodextrins** to increase the therapeutic efficacy and stability of the final product.

This effective evolution has been designed, developed, validated and tested over seven years of interdisciplinary work by a group formed by doctors, pharmacists, biologists, naturopaths and kinesiologists, among other professionals. The expert team of the Spanish training school Vida kinesiológica has tested the new SINGLE and MIXED HERBAL EXTRACTS in a series of practical training sessions, ratifying the effectiveness of the product line by a better functioning of the new range in comparison with the old line and a greater bioavailability mainly due to the action of cyclodextrins and the novel process of extraction of vegetal MIXEDS.

HERBAL  
**EXTRACTS**  
SINGLE HERBS

## ARNICA //

### INGREDIENTS (per 3 mL):

Concentrated extract of arnica (*Arnica montana* L, flowers) (1630 mg), humectant: glycerin, alpha-cyclodextrins (60 mg) and gamma-cyclodextrins (30 mg).

### BONES, JOINTS & MUSCLES // ANTI-INFLAMMATORY AND ANTINEURALGIC EFFECT

#### USES:

Rheumatic pains, arthritis, osteoarthritis, contusions, sprains, neuralgia, myalgia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04406

## ARTICHOKE //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of artichoke (*Cynara scolymus* L, leaves) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### DIGESTIVE HEALTH // CHOLERETIC AND CHOLAGOGUE ACTION

#### USES:

Hepatobiliary disorders, dyspepsia, flatulence, feeling of fullness and abdominal distension, hyperlipemia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04402

## BEARBERRY //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of bearberry (*Arctostaphylos uva-ursi* Spreng, leaves) (360 mg), gamma-cyclodextrins (120 mg) and alpha-cyclodextrins (60 mg).

### URINARY TRACT // URINARY ANTISEPTIC ACTION

#### USES:

Urinary tract infections: cystitis, urethritis, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04432

## BILBERRY //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of bilberry (*Vaccinium myrtillus* L, leaves) (360 mg), gamma-cyclodextrins (120 mg) and alpha-cyclodextrins (60 mg).

### METABOLISM / DIGESTIVE HEALTH // HYPOGLYCEMIC ACTION

#### USES:

Adjuvant in type 2 diabetes, diarrhea, gastroenteritis.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04405

## BIRCH //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of birch (*Betula pendula* Roth, leaves) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### URINARY TRACT / WEIGHT CONTROL // DIURETIC AND ANTISEPTIC ACTION

#### USES:

Fluid retention, edema due to venous insufficiency, adjuvant in urinary infections, kidney stones, slimming diets.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04401

## BITTER ORANGE //

### INGREDIENTS (per 3 mL):

Fluid extract of bitter orange (*Citrus x aurantium* L, flowers) (1630 mg), water, humectant: glycerin, alpha-cyclodextrins (60 mg), and gamma-cyclodextrins (30 mg).

### NERVE FUNCTION / STRESS // MILD SEDATIVE AND RELAXING ACTION

#### USES:

Anxiety, nervousness, insomnia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04471

## BLACKCURRANT //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of blackcurrant (*Ribes nigrum* L, leaves), (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### BONES, JOINTS & MUSCLES // ANTI-INFLAMMATORY AND ANTIRHEUMATIC ACTION

#### USES:

Rheumatic complaints, gout, hyperuricemia, allergies.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04479

## BOLDO //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of boldo (*Peumus boldus* Molina, leaves) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### DIGESTIVE SYSTEM // CHOLERETIC AND CHOLAGOGUE ACTION

#### USES:

Hepatobiliary dysfunctions, dyspepsia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04410

## BURDOCK //

### INGREDIENTS (per 3 mL):

Humectant glycerin, water, lyophilized extract of burdock (*Arctium lappa* L., root) (450 mg), alpha-cyclodextrins (3,48 mg).

**HAIR, SKIN & NAILS / BONES, OINTS & MUSCLES / METABOLISM //** DEPURATIVE AND DIURETIC ACTION

### USES:

Skin conditions (acne, dermatitis, abscesses, etc.). Rheumatism, gout. Diabetes.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04409

## CALENDULA //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of calendula (*Calendula officinalis* L., flowers) (420 mg), gamma-cyclodextrins (105 mg) and alpha-cyclodextrins (105 mg).

**DIGESTIVE HEALTH/ HORMONE BALANCE / HAIR, SKIN & NAILS //** EMENAGOGUE AND ANTISPASMODIC ACTION

### USES:

Menstruation disorders, Gastritis, gastroduodenal ulcers, digestive spasms. In external use: wounds, burns, bruises, insect bites, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04411

## CANARY SEED //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, lyophilized extract of canary seed (*Phalaris canariensis* L., seeds) (450 mg) alpha-cyclodextrins (3,48 mg).

**METABOLISM //** CHOLESTEROL-LOWERING ACTION

### USES:

Hypercholesterolemia

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04467

## DAMIANA //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of damiana (*Turnera diffusa* Willd, leaves), (540 mg) gamma-cyclo-dextrins (180 mg) and alpha-cyclodextrins (90 mg).

**NERVE FUNCTION/ STRESS //** GENERAL TONIC, APHRODISIAC AND ANTIDEPRESSANT ACTION

### USES:

Asthena, convalescence, depression, sexual dysfunction.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04419

## DANDELION //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of dandelion (*Taraxacum officinale* Weber, root) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### URINARY TRACT / HAIR, SKIN & NAILS // DIURETIC ACTION

#### USES:

Edema, fluid retention, hepatobiliary dysfunction, dyspepsia, detox treatments, skin conditions.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04420

## DESMODENS //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of desmodium (*Desmodium adscendens* D.C., leaves) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### DIGESTIVE HEALTH / RESPIRATORY SYSTEM // HEPATOPROTECTIVE EFFECT

#### USES:

Liver problems, excessive alcohol consumption, medications. Asthma.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04481

## DEVIL'S CLAW //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of devil's claw (*Harpagophytum procumbens* DC, root) (360 mg), gamma-cyclodextrins (120 mg) and alpha-cyclodextrins (60 mg).

### BONES, JOINTS & MUSCLES //

#### USES:

Diseases that are accompanied by pain and/or inflammation: rheumatic pains, arthritis, osteoarthritis, muscle pain, neuralgia, sprains, otitis, pharyngitis, flu, fibromyalgia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04437

## ECHINACEA //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of echinacea (*Echinacea purpurea* Moench, aerial parts) (540 mg), gamma-cyclodextrins (140 mg) and alpha-cyclodextrins (140 mg).

### IMMUNE SUPPORT / GENERAL WELLNESS / RESPIRATORY SYSTEM // IMMUNOSTIMULANT, ANTIMICROBIAL AND ANTI-INFLAMMATORY ACTION

#### USES:

Prevention and treatment of colds, flu, other respiratory infections and infections in general.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04428

## FENUGREEK //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, lyophilized extract of fenugreek (*Trigonella foenum-graecum* L, seeds) (448 mg), alpha-cyclodextrins (3,50).

### DIGESTIVE HEALTH / MEABOLISM / WEIGHT CONTROL // HYPOGLYCEMIC AND HYPOCHOLESTEROLEMIC ACTION

#### USES:

Adjuvant in the treatment of type 2 diabetes, prediabetes, insulin resistance. Hyperlipidemia. To increase weight. Gastritis, gastroduodenal ulcer, gastroesophageal reflux.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04403

## BLADDERWRACK //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of bladderwrack (*Fucus vesiculosus* L, thallus) (300 mg), alpha-cyclodextrins (3,48 mg).

### WEIGHT CONTROL / SKIN, HAIR & NAILS // STIMULATING ACTION ON METABOLISM

#### USES:

Adjuvant in weight loss diets, cellulite.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04430

## FUMITORY //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of fumitory (*Fumaria officinalis* L, aerial parts) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### IMMUNE SUPPORT / DIGESTIVE HEALTH/ RESPIRATORY SYSTEM // ANTIHISTAMINE AND ANTISEROTONINERGIC ACTION

#### USES:

Allergies, asthma. Dysfunction of the gall bladder, dyspepsia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04431

## GINKGO //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of ginkgo (*Ginkgo biloba* L, leaves) (120 mg), gamma-cyclodextrins (120 mg) and alpha-cyclodextrins (60 mg).

### CARDIOVASCULAR HEALTH/ NERVE FUNCTION/ STRESS// ARTERIAL VASODILATORY AND NEUROPROTECTIVE ACTION

#### USES:

Mild or moderate cerebrovascular insufficiency and arterial circulatory disorders. Vertigo, dizziness. Memory disorders in the elderly. High blood pressure, intermittent claudication. Hemorrhoids, varicose veins, varicose ulcers.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04475

## GOLDENROD //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of goldenrod (*Solidago virga-aurea* L., flowering aerial parts) (360 mg), gamma-cyclodextrins (120 mg) and alpha-cyclodextrins (60 mg).

### URINARY TRACT // DIURETIC, ANTI-INFLAMMATORY AND ANTISPASMODIC ACTION

#### USES:

Fluid retention, kidney stones, urinary tract infections.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04466

## HAWTHORN //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, lyophilized extract of hawthorn (*Crataegus oxyacantha* auct., flowering tops) (41,4 mg) gamma-cyclodextrins (16,5 mg) and alpha-cyclodextrins (8,22 mg).

### CARDIOVASCULAR HEALTH / NERVE FUNCTION / STRESS // CARDIOTONIC AND HYPOTENSIVE ACTION

#### USES:

Mild alterations of the heart rate, palpitations, high blood pressure, anxiety, nervousness, insomnia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04425

## HORSE CHESTNUT //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of horse chestnut (*Aesculum hippocastanum* L., seeds) (450 mg) alpha-cyclodextrins (3,48 mg).

### CARDIOVASCULAR HEALTH // VENOUS TONIC ACTION

#### USES:

Varicose veins, tired legs, prevention of thrombophlebitis, hemorrhoids.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04414

## HORSETAIL //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, dry extract of horsetail (*Equisetum arvense* L., aerial parts) (429 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### URINARY TRACT / BONES, JONES & MUSCLES / WEIGHT CONTROL // DIURETIC AND REMINERALIZING ACTION

#### USES:

Fluid retention, edema due to venous insufficiency, adjuvant in urinary infections, kidney stones, slimming diets. Arthrosis, rheumatism.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04416

## LEMON BALM //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, concentrated extract of lemon balm (*Melissa officinalis* L, leaves) (1680 mg) alpha-cyclodextrins (100 mg) and gamma-cyclodextrins (50 mg).

**DIGESTIVE HEALTH / NERVE FUNCTION / STRESS //** CARMINATIVE, ANTISPASMODIC AND SEDATIVE ACTION

### USES:

Digestive disorders, especially of nervous origin (dyspepsia, flatulence, nausea, vomiting, cramps), biliary dyskinesias. Nervousness, anxiety.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04445

## LICORICE //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of licorice (*Glycyrrhiza glabra* L, root) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

**DIGESTIVE HEALTH //** ANTIULCERATIVE ACTION

### USES:

Gastric inflammation of any type. In case of gastroduodenal ulcers and gastroesophageal reflux, gastric hyperacidity, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04456

## LINDEN //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, concentrated extract of linden (*Tilia platyphyllos* Scop, flower and bract) (1680 mg), alpha-cyclodextrins (100 mg) and gamma-cyclodextrins (50 mg).

**NERVE FUNCTION / STRESS / RESPIRATORY SYSTEM //** SEDATIVE AND MILD HYPNOTIC ACTION

### USES:

Anxiety, insomnia, nervousness. Colds, flu, cough.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04462

## MUGWORT //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, concentrated extract of mugwort (*Artemisia vulgaris* L, aerial parts) (1630 mg), alpha-cyclodextrins (60 mg) and gamma-cyclodextrins (30 mg).

**HORMONE BALANCE //** EMMENAGOGUE AND ANTISPASMODIC ACTION

### USES:

Menstrual irregularities, dysmenorrhea

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04407

## NETTLE //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of nettle (*Urtica dioica* L, aerial parts) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

**URINARY TRACT / BONES, JOINTS & MUSCLES //** DIURETIC AND REMINERALIZING ACTION

### USES:

Fluid retention, hyperuricemia, kidney stones, rheumatism, gout, anemia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04452

## OAT //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of oat (*Avena sativa* L, aerial parts) (300 mg), alpha-cyclodextrins (3,48 mg).

**NERVE FUNCTION / STRESS //** SEDATIVE AND ANTIDEPRESSANT ACTION

### USES:

Stress, nervousness, insomnia, mild depression.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04408

## OLIVE //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of olive (*Olea europaea* L, leaves) (360 mg) gamma-cyclodextrins (90 mg) and alpha-cyclodextrins (90 mg).

**CARDIOVASCULAR HEALTH / METABOLISM //** HYPOTENSIVE ACTION

### USES:

High blood pressure, increased cholesterol, adjuvant in type- 2 diabetes.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04451

## PASSIONFLOWER //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of passionflower (*Passiflora incarnata* L, aerial parts) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

**NERVE FUNCTION / STRESS / BONES, JOINTS & MUSCLES //** SEDATIVE AND MUSCLE RELAXANT ACTION

### USES:

Anxiety, nervousness, insomnia, muscle contractions.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04453

## PEPPERWORT //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of pepperwort (*Lepidium latifolium* L., aerial parts) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### URINARY TRACT // DIURETIC AND ANTILITHIC ACTION

#### USES:

Kidney stones.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04458

## POPPY //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of poppy (*Papaver rhoeas* L., petals) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### NERVE FUNCTION / STRESS / RESPIRATORY SYSTEM // MILD HYPNOTIC AND SEDATIVE ACTION

#### USES:

Sleep disorders, anxiety, nervousness. Respiratory diseases (pharyngitis, tracheitis, bronchitis), irritative dry cough.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04470

## PROPOLIS //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, concentrated extract of propolis (*Propolis*) (570 mg), alpha-cyclodextrins (390 mg), stabilizers: microcrystalline cellulose, sodium carboxymethylcellulose of vegetable origin.

### IMMUNE SUPPORT / GENERAL WELLNESS / RESPIRATORY SYSTEM // IMMUNOSTIMULANT, ANTIMICROBIAL AND ANTI-INFLAMMATORY ACTION

#### USES:

Prevention and treatment of colds, flu, other respiratory infections and infections in general.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04454

## PURPLE LOOSESTRIFE //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of purple loosestrife (*Lythrum salicaria* L., aerial parts) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### DIGESTIVE HEALTH // ASTRINGENT AND ANTIDIARRHEAL ACTION

#### USES:

Diarrhea.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04459

## ROMAN CHAMOMILE //

### INGREDIENTS (per 3 mL):

Fluid extract of Roman chamomile (*Anthemis nobilis* L, flowers) (1671 mg) water, humectant: glycerin, alpha-cyclodextrins (80 mg) and gamma-cyclodextrins (40 mg).

### DIGESTIVE HEALTH // DIGESTIVE, CARMINATIVE, AND ANTIULCERATIVE ACTION

#### USES:

Dyspepsia, flatulence, digestive spasms, gastroduodenal ulcer.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04443

## ROSEMARY //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, concentrated extract of rosemary (*Rosmarinus officinalis* L, leaves) (1630 mg), alpha-cyclodextrins (60 mg) and gamma-cyclodextrins (30 mg).

### DIGESTIVE HEALTH / CARDIOVASCULAR HEALTH // HEPATOPROTECTIVE, CHOLERETIC AND CHOLAGOGUE ACTION

#### USES:

Hepatobiliary dysfunctions, dyspepsia, asthenia, convalescence, low blood pressure.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04457

## SARSAPARRILLA //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of sarsaparilla (*Smilax aspera* L, root) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### URINARY TRACT / HAIR, SKIN & NAILS // DIURETIC AND DEPURATIVE ACTION

#### USES:

Hyperuricemias (increased uric acid), gout, rheumatism. Skin disorders (acne, eczema, psoriasis, etc.). Cystitis, urethritis, oliguria, kidney stones, fluid retention.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04468

## SIBERIAN GINSENG //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, dry extract of Siberian ginseng (*Eleutherococcus senticosus* Maxim, root) (480 mg), gamma-cyclodextrins (160 mg) and alpha-cyclodextrins (80 mg).

### NERVE FUNCTION / STRESS / CARDIOVASCULAR HEALTH // ENERGIZER

#### USES:

Physical or intellectual exhaustion, convalescence, low blood pressure, sexual dysfunction.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04422

## ST. JOHN'S WORT //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of St. John's wort (*Hypericum perforatum* L, flowering tops) (540 mg), gamma-cyclodextrins (270 mg).

### NERVE FUNCTION / STRESS // ANTIDEPRESSANT ACTION

#### USES:

Mild or moderate depression. Anxiety, nervousness, insomnia.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04441

## SUNDEW //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of sundew (*Drosera rotundifolia* L, aerial parts) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### RESPIRATORY SYSTEM // ANTITUSSIVE AND SPASMOLYTIC ACTION

#### USES:

Irritative, spasmodic cough, bronchitis, asthma.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04421

## THYME //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, concentrated extract of thyme (*Thymus vulgaris* L, leaves) (1630 mg), alpha-cyclodextrins (60 mg) and gamma-cyclodextrin (30 mg).

### RESPIRATORY SYSTEM / DIGESTIVE HEALTH // ANTITUSSIVE, EXPECTORANT AND ANTISEPTIC ACTION

#### USES:

Respiratory affections that occur with cough and/or expectoration: colds, flu, pharyngitis, bronchitis, asthma, etc. Meteorism, dyspepsia, intestinal parasites.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04463

## VALERIAN //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of valerian (*Valeriana officinalis* L, root) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### NERVE FUNCTION / STRESS // ANXIOLITIC AND SLEEP-INDUCING ACTION

#### USES:

Insomnia, anxiety, nervousness, irritability.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04465

## WITCH HAZEL //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of witch hazel (*Hamamelis virginiana* L, leaves) (540 mg), gamma-cyclodextrins (180 mg) and alpha-cyclodextrins (90 mg).

### CARDIOVASCULAR HEALTH // CAPILLARY, VENOUS TONIC AND HEMOSTATIC ACTION

#### USES:

Varicose veins, tired legs, hemorrhoids, heavy menstruation.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04436

## YARROW //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, concentrated extract of yarrow (*Achillea millefolium* L, aerial parts) (1670 mg), alpha-cyclodextrins (80 mg) and gamma-cyclodextrins (40 mg).

### DIGESTIVE HEALTH / HORMONE BALANCE // EUPEPTIC AND ANTISPASMODIC ACTION

#### USES:

Poor appetite, dyspepsia, menstrual disorders.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04447

## WITHOUT CYCLODEXTRINS //

## MILK THISTLE //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, fluid extract of milk thistle (*Silybum marianum* (L) Gaert, seeds) (1562 mg).

### DIGESTIVE HEALTH // HEPATIC REGENERATIVE ACTION

#### USES:

Liver problems, alcohol abuse, medications.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	04074

# HERBAL **EXTRACTS**

MIXED HERBS

## COMP-02 EQUINER COMPLEX //

### INGREDIENTS (per 6 mL):

Water, humectant: glycerin, fluid extract of sage (*Salvia officinalis* L, leaves) (549 mg), fluid extract of linden (*Tilia platyphyllos* Scop, flower with bracts) (549 mg), fluid extract of lemon balm (*Melissa officinalis* L, leaves) (549 mg), fluid extract of Arctic root (*Rhodiola rosea* L, root) (470 mg), lyophilized extract of Siberian ginseng (*Eleutherococcus senticosus* Maxim, root) (235 mg), gamma-cyclodextrins (214 mg), alpha-cyclodextrins (211 mg), lyophilized extract of oat (*Avena sativa* L, leaves) (150 mg), niacinamide (vitamin B3), pyridoxine hydrochloride (vitamin B6).

**NERVE FUNCTION / STRESS // ADAPTOGENIC ACTION, BALANCING EFFECT ON THE NERVOUS SYSTEM**

### USES:

Stress, physical or mental exhaustion, convalescence, anxiety, low mood, students during exam periods, sport competitions.

Content	Ref.
1.7 fl.oz/ 100 ml amber glass bottle	15202

## COMP-03 HEPAVESICAL COMPLEX //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, fluid extract of wormwood (*Artemisia absinthium* L, flowering tops) (442 mg), fluid extract of Roman chamomile (*Anthemis nobilis* L, flower) (442 mg), fluid extract of fumitory (*Fumaria officinalis* L, flowering aerial parts) (321 mg), gamma-cyclodextrins (255 mg), alpha-cyclodextrins (171 mg), lyophilized extract of boldo (*Peumus boldus* Molina, leaves) (162 mg), dry extract of artichoke (*Cynara scolymus* L, leaves) (150 mg), essential oil of rosemary (*Rosmarinus officinalis* L, leaves) (10,5 mg).

**DIGESTIVE HEALTH // CHOLERETIC, CHOLAGOGUE AND DIGESTIVE ACTION**

### USES:

In case of digestive discomfort due to poor secretion of gastric and hepatobiliary juices, sluggish gallbladder, dyspepsia, poor digestions and other digestive problems derived arising from biliary imbalances.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15203

## COMP-05 SEDANER COMPLEX //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, fluid extract of valerian (*Valeriana officinalis* L, root) (540 mg), fluid extract of bitter orange (*Citrus x aurantium* L, flower) (388 mg), lyophilized extract of passionflower (*Passiflora incarnata*, aerial parts) (262 mg), gamma-cyclodextrins (249 mg), alpha-cyclodextrins (170 mg), lyophilized extract of California poppy (*Eschscholzia californica* Chamisso, flowering aerial parts) (136 mg), lyophilized extract of hawthorn (*Crataegus oxyacantha* L, flowering tops) (46,8 mg).

**NERVE FUNCTION / STRESS // RELAXING ACTION**

### USES:

For insomnia, anxiety, irritability, general nervousness, states of excitation, nervous lassitude, stress, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15205

## COMP-06 VITOL PLUS COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of Siberian ginseng (*Eleutherococcus senticosus* (Rupr. et Maxim) Maxim, root) (2,19 g), water, humectant: glycerin, dry extract of kola nut (*Cola nitida* Schott et Endl, seed) (300 mg), gamma-cyclodextrins (36 mg), alpha-cyclodextrins (18,7 mg), essential oil of rosemary (*Rosmarinus officinalis* L, leaves) (13,5 mg), thiamine hydrochloride (vitamin B1).

**NERVE FUNCTION / STRESS / CARDIOVASCULAR HEALTH / IMMUNE SUPPORT // ENERGIZER**

### USES:

In overall fatigue, chronic fatigue, lack of concentration, mental and physical exhaustion. In cases of low blood pressure. In convalescence from infectious diseases or any kind of illness.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15206

## COMP-07 DIURIN COMPLEX //

### INGREDIENTS (per 3 mL):

Water, fluid extract of couch-grass (*Agropyron repens* P. Beauv., rhizome) (750 mg), fluid extract of corn stigmas (*Zea mays* L., stigmas) (708 mg), humectant: glycerin, lyophilized extract of horsetail (*Equisetum arvense* L, sterile stems) (257 mg), lyophilized extract of birch (*Betula pendula* Roth, leaves) (194 mg), gamma-cyclodextrins (127 mg), dry extract of horsetail (*Equisetum arvense* L, aerial parts) (75 mg), alpha-cyclodextrins (63,6 mg) rutin (12 mg).

### URINARY TRACT / CARDIOVASCULAR HEALTH // DIURETIC ACTION

#### USES:

Kidney stones, urinary tract infections, adjuvant in the treatment of high blood pressure, fluid retention.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15207

## COMP-08 ECHINA COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of echinacea (*Echinacea purpurea* (L) Moench, aerial parts) (1,38 g), humectant: glycerin, water, fluid extract of propolis (*Propolis*) (600 mg), gamma-cyclodextrins (60 mg), alpha-cyclodextrins (60 mg), essential oil of thyme (*Thymus vulgaris* L, leaves) (13,5 mg).

### IMMUNE SUPPORT / GENERAL WELLNESS / RESPIRATORY SYSTEM // IMMUNOSTIMULANT AND ANTIMICROBIAL ACTION

#### USES:

A mixture to strengthen the body's defense system. Mostly used for infections of the respiratory tract, and as a preventive treatment against flu, colds, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15208

## COMP-09 TENSIVEL COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of mistletoe (*Viscum album* L, aerial parts) (1,65 g), water, humectant: glycerin, lyophilized extract of goldenrod (*Solidago virga-auraea* L, plant) (224 mg), gamma-cyclodextrins (194 mg), lyophilized extract of olive (*Olea europaea* L, leaves) (190 mg), alpha-cyclodextrins (160 mg), lyophilized extract of hawthorn (*Crataegus oxyacantha* Auct, flowering tops) (46 mg).

### CARDIOVASCULAR HEALTH // HYPOTENSIVE ACTION

#### USES:

Adjuvant in cases of high blood pressure.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15209

## COMP-10 PROSOR COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of pepperwort (*Lepidium latifolium* L, leaves) (1,8 g), fluid extract of saw palmetto (*Serenoa repens* Bartram, fruit) (548 mg), fluid extract of red stinkwood (*Pygeum africanum* Hook f, bark) (548 mg), gamma-cyclodextrins (171 mg), alpha-cyclodextrins (131 mg), water, humectant: glycerin, zinc gluconate, pyridoxine hydrochloride (vitamin B6), L-seleniomethionine.

### URINARY TRACT / HORMONE BALANCE // PROSTATIC ANTI-INFLAMMATORY ACTION

#### USES:

For diseases of the prostate gland: benign prostatic hyperplasia, prostatic adenoma. Gynecological disorders related to excess androgens: alopecia, hirsutism or other signs of virilization.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15210

## COMP-11 DIGESLAN COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of yellow gentian (*Gentiana lutea* L, root) (1,24 g), water, humectant: glycerin, alpha-cyclodextrins (213 mg), gamma-cyclodextrins (172 mg), fluid extract of Roman chamomile (*Anthemis nobilis* L, flowers) (168 mg), fluid extract of fennel (*Foeniculum vulgare* L, seed) (168 mg), fluid extract of rosemary (*Rosmarinus officinalis* L, leaves) (168 mg), fluid extract of Lemon balm (*Melissa officinalis* L, leaves) (168 mg), bromelain (75 mg), essential oil of peppermint (*Mentha piperita* L, leaves) (6 mg).

### DIGESTIVE HEALTH // DIGESTIVE, CARMINATIVE, AND APPETITE-ENHANCING ACTION

#### USES:

In digestive disorders: heavy and slow digestion, poor digestion of nervous origin, gastric fullness, dyspepsia, flatulence, difficulty in emptying the stomach, gastrointestinal spasms, gastric and intestinal atony.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15211

## COMP-12 EUCALYPTUS COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of elecampane (*Inula helenium* L, root) (1,68 mg), water, humectant: glycerin, lyophilized extract of mullein (*Verbascum thapsus* L, flowers) (271 mg), lyophilized extract of ribwort plantain (*Plantago lanceolata* L, leaves) (213 mg), gamma-cyclodextrins (85 mg), ascorbic acid (vit C), alpha-cyclodextrins (72 mg), essential oil of eucalyptus (*Eucalyptus globulus* L, leaves) (6,6 mg).

### RESPIRATORY SYSTEM // EXPECTORANT, ANTITUSSIVE, AND ANTISEPTIC ACTION

#### USES:

Disorders of the lower respiratory tract: bronchitis, asthma, emphysema, pneumoconiosis (occupational and restrictive lung disease caused by the inhalation of dust), whooping cough, etc. In colds, flu, dry and irritating cough, pharyngitis, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15212

## COMP-13 OXIUR COMPLEX //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, glycerinated fluid extract of thyme (*Thymus vulgaris* L, aerial part) (477 mg), glycerinated fluid extract of spearmint (*Mentha spicata* L, aerial part) (477 mg), lyophilized juice of common purslane (*Portulaca oleracea* L, aerial parts) (153 mg), alpha-cyclodextrins (63 mg), gamma-cyclodextrins (30 mg).

### DIGESTIVE SYSTEM // ANTIHELMINTHIC ACTION

#### USES:

Prevention and control of intestinal worms.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15213

## COMP-15 ARTEMISA COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of Mediterranean cypress (*Cupressus sempervirens* L, cones) (1,09 g), water, fluid extract of yarrow (*Arctium luteolum* L, flowers) (360 mg), fluid extract of mugwort (*Artemisia vulgaris* L, leaves) (360 mg), fluid extract of sage (*Salvia officinalis* L, leaves) (360 mg), humectant: glycerin, gamma-cyclodextrins (263 mg), lyophilized extract of marigold (*Calendula officinalis* L, flower) (207 mg), alpha-cyclodextrins (170 mg), zinc gluconate, essential oil of thyme (*Thymus mastichina* L, leaves) (6 mg), copper gluconate.

### HORMONE BALANCE // EMMENAGOGUE AND ANTISPASMODIC ACTION

#### USES:

In menstrual disorders: dysmenorrhea, metrorrhagia, hypermenorrhagia, PMS.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15215

## COMP-17 DIABESIL COMPLEX //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, fluid extract of eucalyptus (*Eucalyptus globulus* Labil, leaves) (572 mg), fluid extract of cinnamon (*Cinnamomum zeylanicum* Nees, bark) (572 mg), Alpha-cyclodextrins (218 mg), lyophilized extract of sage (*Salvia officinalis* L, leaves) (161 mg), lyophilized extract of bean pods (*Phaseolus vulgaris* L., pods) (150 mg), gamma-cyclodextrins (119 mg), lyophilized extract of red star-thistle (*Centaurea aspera* L, aerial parts) (75 mg), zinc gluconate, nicotinamide (vit B3), chromium picolinate.

### METABOLISM // HYPOGLYCEMIC ACTION

#### USES:

Adjuvant in the treatment of type 2 diabetes, prediabetes, insulin resistance.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15217

## COMP-18 REGASTRIL COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of marigold (*Calendula officinalis* L, flower) (965 mg), water, humectant: glycerin, fluid extract of yarrow (*Achillea millefolium* L, flowering tops) (564 mg), lyophilized extract of licorice (*Glycyrrhiza glabra* L, root) (375 mg), lyophilized extract of marshmallow (*Althaea officinalis* L, root) (150 mg), gamma-cyclodextrins (121 mg), alpha-cyclodextrins (33 mg), lyophilized extract of turmeric (*Curcuma longa* L, root) (15 mg).

### DIGESTIVE HEALTH // ANTI-ULCERATIVE AND GASTRIC PROTECTIVE ACTION

#### USES:

For gastric inflammation of any type. In case of gastroduodenal ulcers and gastroesophageal reflux, gastric hyperacidity, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15218

## COMP-19 DEPULAN COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of horsetail (*Equisetum arvense* L, sterile stems) (950 mg), water, humectant: glycerin, lyophilized extract of fumitory (*Fumaria officinalis* L, aerial parts) (171 mg), gamma-cyclodextrins (164 mg), lyophilized extract of burdock (*Arctium lappa* L, root) (150 mg), lyophilized extract of green nettle (*Urtica dioica* L, leaves) (138 mg), lyophilized extract of sarsaparilla (*Smilax aspera* L, root) (112 mg), lyophilized extract of pansy (*Viola tricolor* L, flowering plant) (104 mg), alpha-cyclodextrins (90 mg).

### WEIGHT CONTROL / METABOLISM / HAIR, SKIN & NAILS // DEPURATIVE AND DETOXIFYING ACTION

#### USES:

Detox diets, skin disorders, rheumatism, alcohol abuse.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15219

## COMP-20 DOLOGEN COMPLEX //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, lyophilized extract of rose hip (*Rosa canina* L, fruit bark) (195 mg), terpenic extract of olive (*Olea europaea* L, fruit) (105 mg), dry extract of boswellia (*Boswellia serrata* Roxb. ex Colebr, resin) (80 mg), gamma-cyclodextrins (75 mg), dry extract of sage (*Salvia officinalis* L, leaves) (60 mg), dry extract of devil's claw (*Harpagophytum procumbens* DC, root) (45 mg), alpha-cyclodextrins (30 mg).

### BONES, JOINT & MUSCLES // ANTI-INFLAMMATORY AND ANALGESIC ACTION

#### USES:

Rheumatic processes, arthrosis, arthritis, gout, etc. Lum- bar pains, tendinitis.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15220

## COMP-21 OBESTANE COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of fennel (*Foeniculum vulgare* Miller, fruit) (976 mg), water, fluid extract of bladderwrack (*Fucus vesiculosus* L, thallus) (600 mg), humectant: glycerin, dry extract of artichoke (*Cynara scolymus* L, leaves) (300 mg), dry extract of green tea (*Camellia sinensis* L, leaves) (300 mg), alpha-cyclodextrins (81 mg), gamma-cyclodextrins (54 mg), zinc gluconate, lyophilized extract of buckthorn (*Rhamnus frangula* L, bark) (33 mg), pyridoxine hydrochloride (vit B6), chromium picolinate.

### WEIGHT CONTROL // STIMULANT ACTION ON METABOLISM

#### USES:

Adjuvant in weight loss diets (obesity, cellulitis, etc.)

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15221

## COMP-22 JAQUESAN COMPLEX //

### INGREDIENTS (per 6 mL):

Water, humectant: glycerin, fluid extract of linden (*Tilia platyphyllos* Scop, flower with bracts) (863 mg), fluid extract of lemon balm (*Melissa officinalis* L, leaves) (863 mg), fluid extract of Roman chamomile (*Anthemis nobilis* L, flower) (863 mg), lyophilized extract of feverfew (*Tanacetum parthenium* (L) Sch. Bip, aerial parts) (540 mg), gamma-cyclodextrins (173 mg), alpha-cyclodextrins (166 mg), dry extract of white willow (*Salix alba* L, bark) (120 mg), zinc gluconate, copper gluconate.

### NERVE FUNCTION / STRESS // ANALGESIC AND ANTISPASMODIC ACTION

#### USES:

Migraines and headaches.

Content	Ref.
3.4 fl.oz/ 100 ml amber glass bottle	15222

## COMP-23 HYSSOPUS COMPLEX //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, lyophilized extract of lemon balm (*Melissa officinalis* L, leaves) (427.2 mg), lyophilized extract of California poppy (*Eschscholzia californica* Cham, aerial parts) (300 mg), lyophilized extract of blackcurrant (*Ribes nigrum* L, leaves) (160 mg), gamma-cyclodextrins (91.2 mg), alpha-cyclodextrins (73.2 mg), lyophilized extract of pansy (*Viola tricolor* L, aerial parts) (71.4 mg), lyophilized extract of immortelle (*Helichrysum italicum* (Roth) G. Don, flowering tops) (62.4 mg), lyophilized extract of fumitory (*Fumaria officinalis* L, aerial parts) (52.5 mg), essential oil of hyssop (*Hyssopus officinalis* L, leaves) (8.4 mg).

### IMMUNE SUPPORT // ANTIALLERGIC ACTION

#### USES:

Allergic processes of any kind: rhinitis, conjunctivitis, asthma, allergy to mites, domestic fleas, insect bites, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15223

## COMP-24 DIURACIL COMPLEX //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, fluid extract of heather (*Calluna vulgaris* L, flowering tops) (555 mg), potassium citrate, lyophilized extract of bearberry (*Arctostaphylos uva-ursi* Sprengel, leaves) (168 mg), gamma-cyclodextrins (120 mg), lyophilized extract of birch (*Betula pendula* Roth, leaves) (116 mg), alpha-cyclodextrins (60 mg), essential oil of pine (*Pinus sylvestris* L, leaves) (8.4 mg).

### URINARY TRACT // URINARY ANTISEPTIC AND DIURETIC ACTION

#### USES:

Infections of the lower urinary tract, cystitis, urethritis.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15224

## COMP-25 LEPIDIUM COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of pepperwort (*Lepidium latifolium* L, leaves) (1,63 g), fluid extract of goldenrod (*Solidago virgaurea* L, aerial parts) (714 mg), water, lyophilized extract of Java tea (*Orthosiphon stamineus* Benth, aerial parts) (269,3 mg), humectant: glycerin, potassium citrate, gamma-cyclodextrins (152 mg), alpha-cyclodextrins (85,3 mg), stabilizers: microcrystalline cellulose and sodium carboxymethylcellulose.

### URINARY TRACT / METABOLISM // ANTILITHIC AND DIURETIC ACTION

#### USES:

Prevention and treatment of kidney stones: calcium oxalate, uric acid, etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15225

## COMP-26 COLESTEN COMPLEX //

### INGREDIENTS (per 3 mL):

Water, humectant: glycerin, fluid extract of canary seed (*Phalaris canariensis* L, seeds) (750 mg), red rice yeast (*Oryza sativa* L, *Monascus purpureus* Went, seed and mycelium) (300 mg), dry extract of artichoke (*Cynara scolymus* L, leaves) (240 mg), gamma-cyclodextrins (49 mg), alpha-cyclodextrins (24 mg), thickeners: microcrystalline cellulose and sodium carboxymethylcellulose, menaquinone (vit K2), coenzyme Q10.

### METABOLISM / CARDIOVASCULAR HEALTH // LIPID-LOWERING ACTION

#### USES:

Increased cholesterol, increased triglycerides, and atherosclerosis.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15226

## COMP-27 PERIODOL COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of chaste tree (*Vitex agnuscastus* L, fruit) (757 mg), water, humectant: glycerin, gamma-cyclodextrins (44 mg), zinc gluconate, alpha-cyclodextrins (22 mg), pyridoxine hydrochloride (vitamin B6).

### HORMONE BALANCE // REGULATORY ACTION ON THE MENSTRUAL CYCLE

#### USES:

To relieve the discomfort of premenstrual syndrome, breast tenderness, menstrual irregularities, and to improve fertility.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15227

## COMP-28 NERVAL COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of passionflower (*Passiflora incarnata* L, leaves) (1,46 mg), water, humectant: glycerin, lyophilized extract of arctic root (*Rhodiola rosea* L, root) (155 mg), zinc gluconate, dry extract of saffron (*Crocus sativus* L, stigmas) (30 mg), gamma-cyclodextrins (15 mg), gamma-aminobutyric acid (GABA), alpha-cyclodextrins (7 mg), pyridoxine hydrochloride (vitamin B6), folic acid.

### NERVE FUNCTION / STRESS // ANTIDEPRESSANT ACTION

#### USES:

Mild or moderate depression.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15228

## COMP-30 LYTHRUM COMPLEX //

### INGREDIENTS (per 6 mL):

Water, humectant: glycerin, fluid extract of oak (*Quercus robur* L, bark) (1,44 mg), lyophilized extract of purple loo-sestrife (*Lythrum salicaria* L, aerial parts) (410 mg), gamma-cyclodextrins (58 mg), alpha-cyclodextrins (29 mg), essential oil of oregano (*Origanum vulgare* L, leaves) (6 mg).

### DIGESTIVE HEALTH / IMMUNE SUPPORT // ANTIDIARRHEAL AND ANTISEPTIC ACTION

#### USES:

Diarrhea of any cause (infections, antibiotics, chemical toxins, chronic inflammatory diseases, emotional stress).

Content	Ref.
3.4 fl.oz/ 100 ml amber glass bottle	15230

## COMP-31 MENO-REGUL COMPLEX //

### INGREDIENTS (per 3 mL):

Humectant: glycerin, water, fluid extract of black cohosh (*Cimifuga racemosa* L, rhizome) (40 mg), pyridoxine hydrochloride (vit B6), gamma-cyclodextrins (1,6 mg), alpha-cyclodextrins (1,6 mg), cyanocobalamin (vit. B12).

### HORMONE BALANCE / NERVE FUNCTION / STRESS // ACTION ON MENOPAUSAL SYMPTOMS

#### USES:

Treatment of menopausal syndrome (hot flashes, profuse sweating, sleep disorders, nervous irritability, palpitations, anxiety, changes in mood, etc.).

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15231

## COMP-32 URICID COMPLEX //

### INGREDIENTS (per 3 mL):

Glycerinated fluid extract of goldenrod (*Solidago virgaurea* L, aerial parts) (1166 mg), glycerinated fluid extract of white dead-nettle (*Lamium album* L, aerial parts) (999 mg), glycerinated fluid extract of cleavers (*Galium aparine* L, aerial parts) (500 mg), glycerinated fluid extract of yellow bedstraw (*Galium verum* L, aerial parts) (500 mg), alpha-cyclodextrins (220 mg), glycerinated fluid extract of spearmint (*Mentha spicata* L, aerial parts) (166 mg), gamma-cyclodextrins (110 mg).

### METABOLISM // HYPOURICEMICANT ACTION

#### USES:

For the care and control of high levels of uric acid.

Content	Ref.
1.5 fl.oz/ 45 ml amber glass dropper bottle	15232

## COMP-34 FLATUSOR COMPLEX //

### INGREDIENTS (per 6 mL):

Water, humectant: glycerin, fluid extract of cumin (*Cuminum cyminum* L, fruit) (360 mg), fluid extract of spearmint (*Mentha spicata* L, leaves) (360 mg), fluid extract of fennel (*Foeniculum vulgare* Miller, fruit) (360 mg), fluid extract of green anise (*Pimpinella anisum* fruit) (360 mg), fluid extract of coriander (*Coriandrum sativum* L, fruit) (360 mg), alpha-cyclodextrins (132 mg), gamma-cyclodextrins (66 mg).

### DIGESTIVE HEALTH // CARMINATIVE, DIGESTIVE AND ANTISPASMODIC ACTION

#### USES:

Flatulence, slow and heavy digestion, intestinal spasms.

Content	Ref.
3.4 fl.oz/ 100 ml amber glass bottle	15234

## COMP-40 CIRCUVEN COMPLEX //

### INGREDIENTS (per 3 mL):

Fluid extract of cypress (*Cupressus sempervirens* L, cones) (1,11 g), water, humectant: glycerin, fluid extract of horse chestnut (*Aesculus hippocastanum* L, seeds) (300 mg), fluid extract of witch hazel (*Hamamelis virginiana* L, leaves) (270 mg), citrus bio-flavonoids (150 mg), gamma-cyclodextrins (116 mg), lyophilized extract of butcher's broom (*Ruscus aculeatus* L, rhizome) (112 mg), L-ascorbic acid (Vit. C), alpha-cyclodextrins (58 mg).

### CARDIOVASCULAR HEALTH // VENOUS TONIC ACTION

#### USES:

Useful in case of varicose veins, hemorrhoids, prevention of thrombophlebitis, bruising, epistaxis (nosebleed).

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15240

## COMP-41 GINCOX COMPLEX //

### INGREDIENTS (per 3 mL):

Water, fluid extract of lemon balm (*Melissa officinalis* L, leaves) (897 mg), humectant: glycerin, fluid extract of hawthorn (*Crataegus oxyacantha* Auct, flowering tops)(722 mg), gamma-cyclodextrins (73 mg), alpha-cyclodextrins (72 mg), nicotinamide (Vit. B3), lyophilized extract of ginkgo (*Ginkgo biloba* L, leaves) (14,5 mg), pyridoxine hydrochloride (Vit. B6).

### CARDIOVASCULAR HEALTH // ARTERIAL VASODILATORY AND NEUROPROTECTIVE ACTION

#### USES:

Cerebral blood flow disturbances (vertigo, dizziness, ear buzzing, loss of memory, arteriosclerosis), peripheral blood flow disturbances (intermittent claudication), tremors, cold hands and feet, capillary fragility), etc.

Content	Ref.
1.7 fl.oz/ 50 ml amber glass dropper bottle	15214

# HERBAL VEGGIE CAPS PROLONGED-RELEASE

With the use of this innovating new development Soria Natural aims to facilitate the administration of the vegetable active principles, releasing them at the right time and place, to ensure a controlled and efficient dosage of the product and optimal absorption. A new release system that offers incredible advantages:

## MAIN CHARACTERISTIC

**PROLONGED RELEASE:** regardless the composition, the caps contain microspheres coated in 4 levels. The first level allows the immediate dissolution of the capsule and, therefore, its instantaneous absorption after ingestion. The second level dissolves after 3 hours; the third, after 6 hours and the fourth, after 9 hours.

- Single-layer microsphere (dissolution in 3 hours)
- Double-layer microsphere (dissolution in 6 hours)
- Triple-layer microsphere (dissolution in 9 hours)

## PROCEDURE

The manufacturing process of the "PROLONGED-RELEASE" CAPSULES is based on methods developed over years, involving different technologies.

- 1. Extraction of the active principles from the plant:** by one of the most advanced extraction systems, which allows exhausting the active principles from the plant in a very short time.
- 2. Concentration of the extract:** by vacuum evaporation techniques that avoid the degradation of heat sensitive components.
- 3. Removal of liquid parts (including solvents):** by lyophilization, a process that fully respects the active principles of the extract, since it starts at -58 °F and ends at 68 °F. The product obtained is a powder which is the dry extract of the plant used, with a very high concentration of active ingredients with optimal activity.
- 4. Incorporation of essential oils.** Due to their high volatility, the incorporation of essential oils is performed in molecules called  $\alpha$ -cyclodextrins. These molecules form a sort of frustum (pot-shaped) which is lipophilic inside (affinity to fat) and hydrophilic outside (affinity to water), having the ability to set the volatile mixed inside. As a result, not only they protect essential oils from suffering deterioration due to the exposure to light, heat or air, but also they increase their solubility and favour their transport, release and absorption, in this way helping to achieve maximum effectiveness of the substances incorporated into the capsules.
- 5. Spheronization process** (creation of microspheres). With the aid of microcrystalline cellulose, thin fibers of the extract are obtained by extrusion. When these fibers are introduced into a system called «spheronizer», they are broken into smaller particles that are molded at high speed to the obtain microspheres.

HERBAL  
**VEGGIE CAPS**

SINGLE HERBS

### 03-S FENUGREEK //

#### INGREDIENTS (per cap):

Lyophilized extract of fenugreek (*Trigonella foenum-graecum* L, seeds) (300 mg), stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**METABOLISM / DIGESTIVE HEALTH / WEIGHT CONTROL // HYPOGLYCEMIC AND HYPOCHOLESTEROLEMIC ACTION**

#### USES:

Adjuvant in the treatment of type 2 diabetes, prediabetes, insulin resistance. Hyperlipidemia. To increase weight. Gastritis, gastroduodenal ulcer, gastroesophageal reflux.

Content	Ref.
30 x 690 mg capsules	09053

### 08-S CALAGUALA //

#### INGREDIENTS (per cap):

Lyophilized extract of calaguala (*Polypodium leucatomos* Poir, rhizome) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**HAIR, SKIN & NAILS // ANTIDERMATITIC ACTION**

#### USES:

Skin conditions: psoriasis, acne, vitiligo, eczema.

Content	Ref.
30 x 690 mg capsules	09058

### 11-S MILK THISTLE //

#### INGREDIENTS (per cap):

Lyophilized extract of milk thistle (*Silybum marianum* (L.) Gaertner, fruit) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**DIGESTIVE HEALTH // HEPATIC REGENERATOR**

#### USES:

Liver problems, alcohol abuse, medications.

Content	Ref.
30 x 690 mg capsules	09061

### 13-S DAMIANA //

#### INGREDIENTS (per cap):

Lyophilized extract of damiana (*Turnera diffusa* Willd, leaves) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**NERVE FUNCTION / STRESS // GENERAL TONIC, APHRODISIAC AND ANTIDEPRESSANT ACTION**

#### USES:

Asthenia, convalescence, depression, sexual dysfunction.

Content	Ref.
30 x 690 mg capsules	09063

## 14-S DANDELION //

### INGREDIENTS (per cap):

Lyophilized extract of dandelion (*Taraxacum officinale* Weber, leaves) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### URINARY TRACT / HAIR, SKIN & NAILS // DIURETIC ACTION

### USES:

Edema, fluid retention, hepatobiliary dysfunction, dyspepsia, detox cures, skin conditions.

Content	Ref.
30 x 690 mg capsules	09064

## 15-S SIBERIAN GINSENG //

### INGREDIENTS (per cap):

Lyophilized extract of Siberian ginseng (*Eleutherococcus senticosus* Maxim, root) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### NERVE FUNCTION / STRESS // ENERGIZER

### USES:

Physical or mental exhaustion, convalescence, low blood pressure, sexual dysfunction.

Content	Ref.
30 x 690 mg capsules	09065

## 16-S ECHINACEA //

### INGREDIENTS (per cap):

Dry extract of echinacea (*Echinacea purpurea* L, Moench, root) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### IMMUNE SUPPORT // IMMUNOSTIMULANT, ANTIMICROBIAL AND ANTI-INFLAMMATORY ACTION

### USES:

Prevention and treatment of colds, flu, other respiratory infections and infections in general.

Content	Ref.
30 x 690 mg capsules	09066

## 17-S HAWTHORN //

### INGREDIENTS (per cap):

Lyophilized extract of hawthorn (*Crataegus oxyacantha* Auct, flowering tops) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### CARDIOVASCULAR HEALTH / NERVE FUNCTION / STRESS // CARDIAC TONIC AND HYPOTENSIVE ACTION

### USES:

Mild alterations of heart rate, palpitations, high blood pressure, anxiety, nervousness, insomnia.

Content	Ref.
30 x 690 mg capsules	09067

## 23-S BLACK CURRANT //

### INGREDIENTS (per cap):

Lyophilized extract of blackcurrant (*Ribes nigrum* L., leaves) (286,77 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**BONES, JOINTS & MUSCLES / IMMUNE SUPPORT // ANTI-INFLAMMATORY AND ANTIRHEUMATIC ACTION**

### USES:

Rheumatic complaints, gout, hyperuricemia, allergies.

Content	Ref.
30 x 690 mg capsules	09073

## 29-S PAU D'ARCO //

### INGREDIENTS (per cap):

Lyophilized extract of pau d'arco (*Tabebuia impetiginosa* Standley, bark) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**METABOLISM / GENERAL WELLNESS / IMMUNE SUPPORT / DIGESTIVE HEALTH // HYPOGLYCEMIC ACTION**

### USES:

Physical or mental exhaustion, convalescence, low blood pressure, sexual dysfunction.

Content	Ref.
30 x 690 mg capsules	09079

## 30-S PROPOLIS //

### INGREDIENTS (per cap):

Dry extract of propolis (263 mg); stabilizer: microcrystalline cellulose, alpha-cyclodextrins (53 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**IMMUNE SUPPORT // IMMUNOSTIMULANT, ANTIMICROBIAL AND ANTI-INFLAMMATORY ACTION**

### USES:

Prevention and treatment of colds, flu, other respiratory infections and infections in general.

Content	Ref.
30 x 615 mg capsules	09080

## 33-S ROUGH STAR-THISTLE //

### INGREDIENTS (per cap):

Lyophilized extract of rough star-thistle (*Centaurea aspera* L., flowering parts) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

**METABOLISM / DIGESTIVE HEALTH // HYPOGLYCEMIC ACTION**

### USES:

Type 2 diabetes, insulin resistance, prediabetes. Anorexia, dyspepsia, hepatobiliary dyskinesia.

Content	Ref.
30 x 690 mg capsules	09083

## 34-S VALERIAN //

### INGREDIENTS (per cap):

Lyophilized extract of valerian (*Valeriana officinalis* L., root) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### NERVE FUNCTION / STRESS // ANXIOLYTIC AND SLEEP-INDUCING ACTION

### USES:

Insomnia, anxiety, nervousness, irritability.

Content	Ref.
30 x 690 mg capsules	09084

## 37-S ST. JOHN'S WORT //

### INGREDIENTS (per cap):

Lyophilized extract of St. John's wort (*Hypericum perforatum* L., flowering tops) (300 mg); stabilizer: microcrystalline cellulose, coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### NERVE FUNCTION / STRESS // ANTIDEPRESSANT ACTION

### USES:

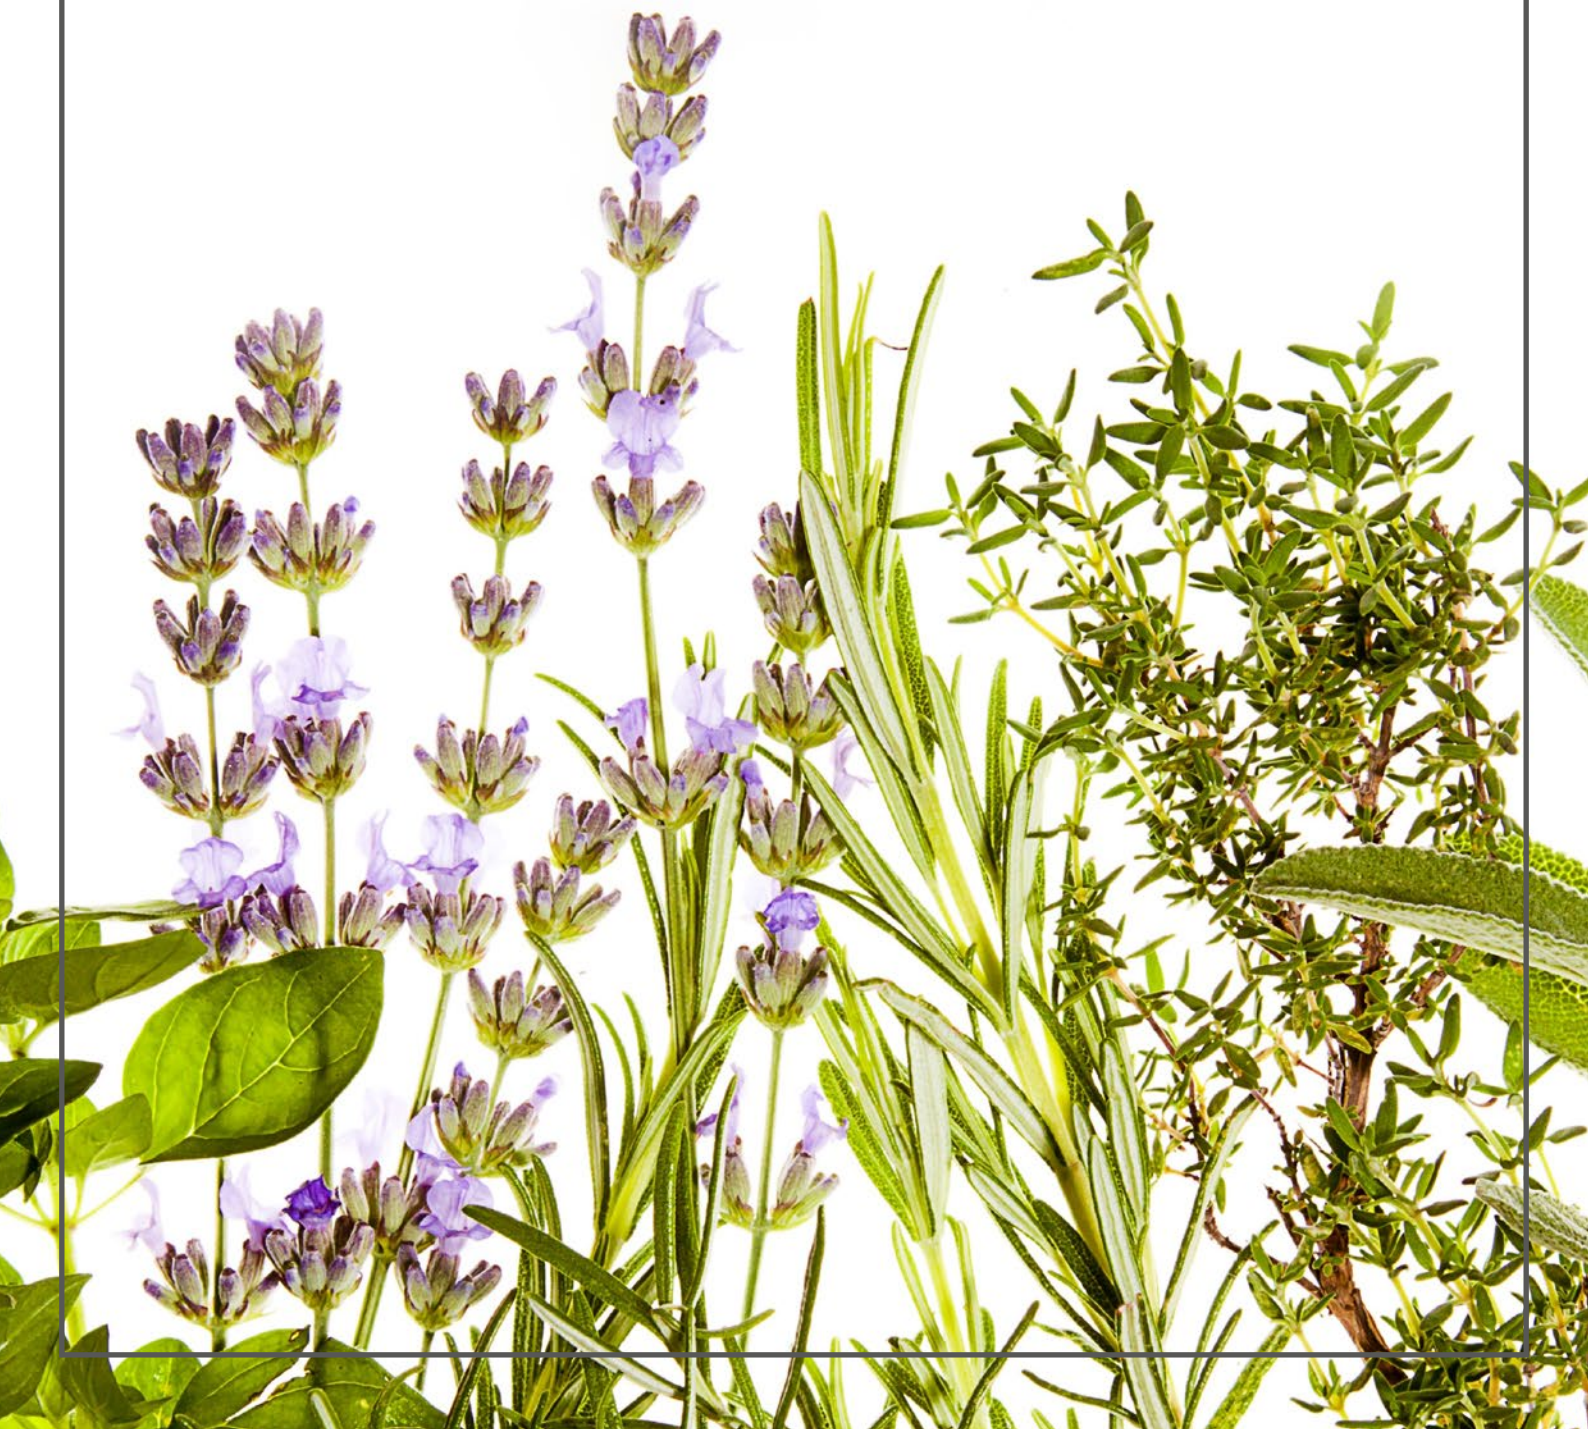

Mild or moderate depression, anxiety, nervousness, insomnia.

Content	Ref.
30 x 690 mg capsules	09087

# HERBAL **VEGGIE CAPS**

MIXED HERBS

## 02-C HEPAVESICAL //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, lyophilized extract of Roman chamomile (*Anthemis nobilis* L., flowers) (186 mg), lyophilized extract of fumitory (*Fumaria officinalis* L., aerial parts) (45 mg), lyophilized extract of boldo (*Peumus boldus* Molina, leaves) (45 mg), coating agent: neutral methacrylate copolymer, lyophilized extract of red star-thistle (*Centaurea calcitrapa* L., aerial parts) (24 mg), capsule (hydroxypropylmethylcellulose).

### DIGESTIVE HEALTH // CHOLERETIC, CHOLAGOGUE AND DIGESTIVE ACTION

#### USES:

In case of digestive discomfort due to poor secretion of gastric and hepatobiliary juices, sluggish gallbladder, dyspepsia, poor digestions, etc.

Content	Ref.
30 x 690 mg capsules	10042

## 03-C VITOL PLUS //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, lyophilized extract of Siberian ginseng (*Eleutherococcus senticosus* (Rupr. et Maxim) Maxim, root) (105 mg), dry extract of ginseng (*Panax ginseng* C.Å. Meyer, root) (90 mg), dry extract of propolis (75 mg), lyophilized extract of damiana (*Turnera diffusa* Willd ex Schult, leaves) (30 mg); coating agent; neutral methacrylate copolymer, gamma-cyclodextrins (16 mg), alpha-cyclodextrins (9 mg), capsule (hydroxypropylmethylcellulose).

### IMMUNE SUPPORT / CARDIOVASCULAR HEALTH / NERVE FUNCTION / STRESS // ENERGIZER, LOW SPIRITS

#### USES:

General stimulating tonic. Depression, physical or mental lassitude, sexual impotence.

Content	Ref.
30 x 690 mg capsules	10043

## 08-C OBESTANE //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, dry extract of bladderwrack (*Fucus vesiculosus* L., thallus)(225 mg), dry extract of laminaria (*Laminaria digitata* (Hudson) J.V. Lam, thallus)(75 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### WEIGHT CONTROL // FAT BURNER / CELLULITIS

#### USES:

Adjuvant in weight control diets and as a source of vitamins and minerals.

Content	Ref.
30 x 690 mg capsules	10048

## 10-C DIURIN //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, dry extract of goldenrod (*Solidago virgaurea* L., flowering tops) (75 mg), dry extract of couch grass (*Agropyron repens* (L) P. Beauv, rhizome) (75 mg), dry extract of birch (*Betula pendula* Roth, leaves) (75 mg), dry extract of corn (*Zea mays* L., stigmas) (75 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### URINARY TRACT // DIURETIC ACTION

#### USES:

Fluid retention, edema, cystitis, obesity, high blood pressure, etc.

Content	Ref.
30 x 690 mg capsules	10050

## 13-C FENSATIN //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, lyophilized extract of echinacea (*Echinacea purpurea* (L.) Moench, root) (150 mg), dry extract of propolis (*Propolis*) (150 mg), alpha-cyclodextrins (30 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### IMMUNE SUPPORT / RESPIRATORY SYSTEM // IMMUNOSTIMULANT AND ANTIMICROBIAL ACTION

#### USES:

Strengthening of the body's defense system. Infections of the respiratory tract, preventive treatment against flu, colds, etc.

Content	Ref.
30 x 640 mg capsules	10053

## 16-C DOLOGEN //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, dry extract of devil's claw (*Harpagophytum procumbens* D.C., root) (150 mg), dry extract of white willow (*Salix alba* L, bark) (100 mg), lyophilized extract of meadowsweet (*Filipendula ulmaria* (L.) Maxim, flowering tops) (50 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### BONES, JOINTS & MUSCLES // ANTI-INFLAMMATORY AND ANALGESIC ACTION

#### USES:

Rheumatism, arthritis, arthrosis, gout, neuralgia, headache, digestive spasms, flu, menstrual pains, etc.

Content	Ref.
30 x 690 mg capsules	10056

## 17-C FLATUSOR //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, alpha-cyclodextrins (135,7) dry extract of angelica (*Angelica archangelica* L, root) (75 mg), essential oil of lemon balm (*Melissa officinalis* L, leaves) (12,7 mg), essential oil of fennel (*Foeniculum vulgare* Mill, fruit) (12,7 mg), essential oil of anise (*Pimpinella anisum* L, fruit) (12,7 mg), dry extract of lemon balm (*Melissa officinalis* L, leaves) (12,1 mg), dry extract of fennel (*Foeniculum vulgare* Mill, fruit) (12,1 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### DIGESTIVE HEALTH // CARMINATIVE, SPASMOLYTIC AND DIGESTIVE ACTION

#### USES:

Meteorism, digestive spasms, dyspepsia of nervous origin.

Content	Ref.
30 x 690 mg capsules	10057

## 18-C AGILMEN //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, dry extract of ginkgo (*Ginkgo biloba* L, leaves) (250 mg), lyophilized extract of hawthorn (*Crataegus oxyacantha* Auct, aerial parts) (50 mg); coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### CARDIOVASCULAR HEALTH // ARTERIAL VASODILATORY AND NEUROPROTECTIVE ACTION

#### USES:

Cerebral blood flow disturbances (vertigo, dizziness, ear buzzing, loss of memory, arteriosclerosis), in peripheral blood flow disturbances (intermittent claudication, tremors, cold hands and feet, capillary fragility), etc.

Content	Ref.
30 x 690 mg capsules	10058

## 19-C CIRCUVEN //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, lyophilized extract of witch hazel (*Hamamelis virginiana* L, leaves)(87 mg), lyophilized extract of horse chestnut (*Aesculus hippocastanum* L, seeds)(75 mg), lyophilized extract of butcher's broom (*Ruscus aculeatus* L, root)(75 mg), lyophilized extract of cypress (*Cupressus sempervirens* L, galbulus) (63 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### CARDIOVASCULAR HEALTH // VENOUS TONIC ACTION

#### USES:

Varicose veins, hemorrhoids, prevention of thrombophlebitis, bruising, epistaxis (nosebleed).

Content	Ref.
30 x 690 mg capsules	10059

## 21-C TENSIVEL //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose: lyophilized extract of olive (*Olea europaea* L, leaves) (200 mg), lyophilized extract of hawthorn (*Crataegus oxyacantha* Auct, aerial parts) (63 mg), lyophilized extract of mistletoe (*Viscum album* L, leaves) (37 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### CARDIOVASCULAR HEALTH // HYPOTENSIVE ACTION

#### USES:

Adjuvant in case of high blood pressure.

Content	Ref.
30 x 690 mg capsules	10061

## 29-C SEDANER //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, dry extract of valerian (*Valeriana officinalis* L, root) (140 mg), dry extract of passionflower (*Passiflora incarnata* L, aerial parts) (75 mg), dry extract of hawthorn (*Crataegus oxyacantha* Auct, aerial parts) (60 mg), alpha-cyclodextrins (24 mg), coating agent: neutral methacrylate copolymer, essential oil of lavender (*Lavandula angustifolia* Miller, flowers) (1,05 mg), capsule (hydroxypropylmethylcellulose).

### NERVE FUNCTION / STRESS // RELAXING ACTION

#### USES:

Insomnia, anxiety, irritability, general nervousness, states of excitation, nervous lassitude, stress, etc.

Content	Ref.
30 x 690 mg capsules	10069

## 30-C GUALAVIT //

### INGREDIENTS (per cap):

Stabilizer: microcrystalline cellulose, dry extract of calaguala (*Polypodium leucotomos* Poir, rhizome)(187,5 mg), dry extract of toothpick-plant (*Ammi visnaga* (L) Lam, fruit)(37,5 mg), dry extract of burdock (*Arctium lappa* L, root)(37,5 mg), dry extract of pansy (*Viola tricolor* L, flowering parts)(37,5 mg), coating agent: neutral methacrylate copolymer, capsule (hydroxypropylmethylcellulose).

### HAIR, SKIN & NAILS // ANTIDERMATIC ACTION

#### USES:

Skin diseases (acne, eczema, dermatitis, etc.) and particularly vitiligo.

Content	Ref.
30 x 690 mg capsules	10070

# DIETARY **SUPPLEMENTS**

# DIETARY SUPPLEMENTS

## DRINKABLE VIALS

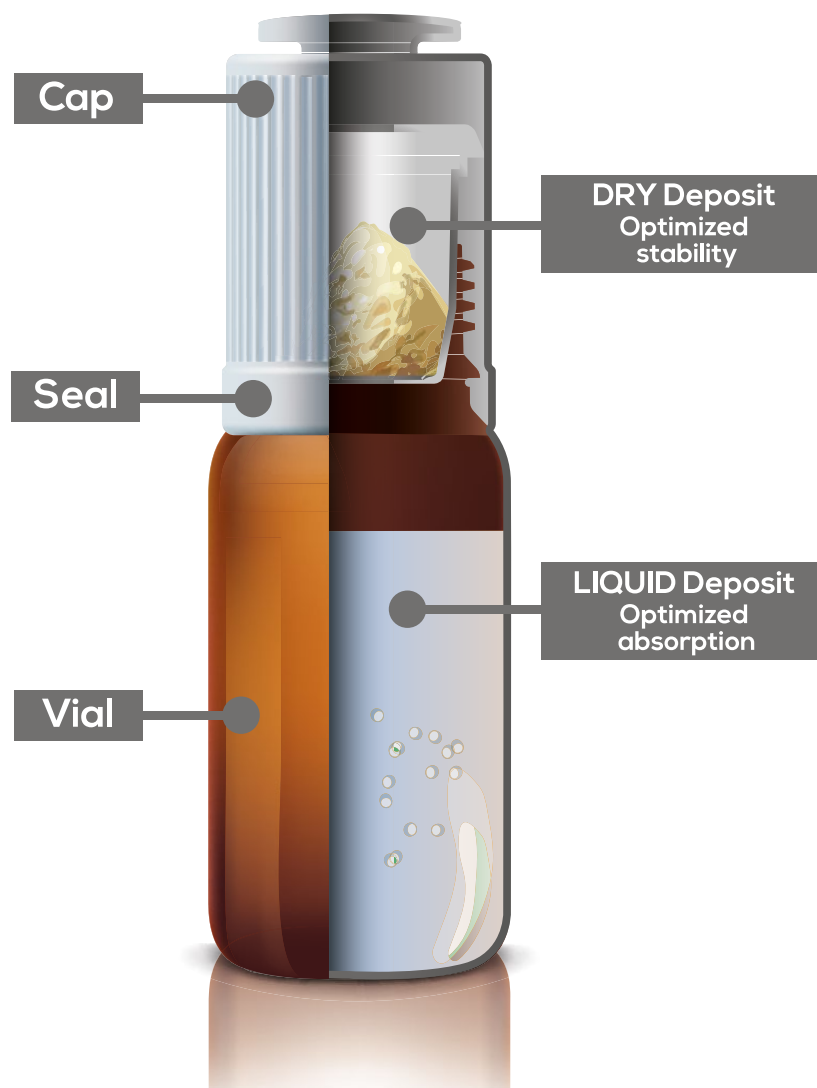

**COMBINED FORMULATIONS, BOTH SOLID-LIQUID FORMAT. UNIQUE PULL OF RING FOR EASY INTAKE.**

Specially designed for nutraceuticals and food supplements and for all cases where it is necessary to separate powder active substances from liquids.

**Innovative system of double deposit.**

On the one hand, the bottle containing the liquid base that has undergone a sterilization process. On the other, the cap containing the powder of the thermosensitive mixed that by not being sterilized keep all their active principles.

Unscrew the cap and shake the vial to mix contents.  
Take immediately afterwards.

## FOST PRINT JUNIOR NEW FORMULA //

### INGREDIENTS (per bottle):

**Cap:** Maltodextrins, anti-caking agent: silicon dioxide, nicotinamide (niacin), dry extract of propolis (Propolis, resin) (6 mg), *Lactobacillus rhamnosus*, *Bifidobacterium longum*, calcium D-pantothenate (pantothenic acid), cholecalciferol (Vit. D), stabilizer: cross-linked sodium carboxymethylcellulose, pyridoxal 5-phosphate (Vit. B6), thiamine hydrochloride (Vit. B1), D-biotin (Vit. B8). **Vial:** Water, glucose, humectant: glycerin, fructose, lyophilized royal jelly, aromas, acidity regulator: citric acid, ferrous sulfate, L-ascorbic acid (Vit. C), preservative: potassium sorbate, manganese gluconate, zinc sulfate, riboflavin (Vit. B2), potassium iodide.

### GENERAL WELLNESS // NATURAL ENERGIZER

#### USES:

Advised in periods of growth, seasonal changes and during school time, lack of appetite or energy, intense sport activity, exam periods.

Content	Ref.
20 x 0.51 fl.oz/15 mL vials	06243

## FOST PRINT CLASSIC NEW FORMULA //

### INGREDIENTS (per bottle):

**Cap:** Maltodextrins, DL-alpha tocopheryl acetate (Vit. E), L-serine, anti-caking agents: silicon dioxide, nicotinamide (niacin), L-seleniomethionine, dry extract of propolis (Propolis, resin) (8 mg), calcium D-pantothenate (pantothenic acid), pyridoxal 5-phosphate (Vit. B6), cholecalciferol (Vit. D), thiamine hydrochloride (Vit. B1), stabilizer: cross-linked sodium carboxymethylcellulose, nicotinamide adenine dinucleotide (NADH), chromium picolinate, pteroylmonoglutamic acid (folic acid, Vit. B9), D-biotin (Vit. B8), methylcobalamin (Vit. B12). **Vial:** Water, glucose, humectant: glycerin, fructose, acetyl L-carnitine HCL, lyophilized royal jelly, raspberry natural aroma, preservative: potassium sorbate, acidity regulator: citric acid, manganese gluconate, riboflavin (Vit. B2).

### GENERAL WELLNESS // NATURAL ENERGIZER

#### USES:

Recommended during seasonal changes, convalescence periods and low mood, tiredness, fatigue, jobs requiring great physical or mental effort.

Content	Ref.
20 x 0.51 fl.oz/15 mL vials	06244

## FOST PRINT PLUS NEW FORMULA //

### INGREDIENTS (per bottle):

**Cap:** Maltodextrins, anti-caking agent: silicon dioxide, DL-alpha tocopheryl acetate (Vit. E), nicotinamide (niacin), calcium D-pantothenate (pantothenic acid), dry extract of propolis (Propolis, resin) (6 mg), stabilizer: sodium carboxymethylcellulose, pyridoxal 5-phosphate (Vit. B6), cholecalciferol (Vit. D), thiamine hydrochloride (Vit. B1), nicotinamide adenine dinucleotide (NADH), D-biotin. **Vial:** Water, glucose, humectant: glycerin, fructose, lyophilized royal jelly, acetyl L-carnitine HCL, L-theanine, tangerine aroma, preservative: potassium sorbate, manganese gluconate, acidity regulator: citric acid, dry extract of ginseng (Panax ginseng, C.A. Meyer, root) (5 mg), sweetener: steviol glycosides, riboflavin (Vit B2).

### GENERAL WELLNESS // NATURAL ENERGIZER WITH GINSENG

#### USES:

Ideal for people with a hectic lifestyle or with excessive physical and mental activity.

Content	Ref.
20 x 0.51 fl.oz/15 mL vials	06245

## FOST PRINT SPORT NEW FORMULA //

### INGREDIENTS (per bottle):

**Cap:** Maltodextrins, anti-caking agent: silicon dioxide, nicotinamide (niacin), calcium D-pantothenate (pantothenic acid), dry extract of propolis (Propolis, resin) (6 mg), pyridoxal 5-phosphate (Vit. B6), cholecalciferol (Vit. D), thiamine hydrochloride (Vit. B1), stabilizer: cross-linked sodium carboxymethylcellulose, nicotinamide adenine dinucleotide (NADH), D-biotin. **Vial:** Water, glucose, humectant: glycerin, fructose, lyophilized royal jelly, ferrous bisglycinate, L-ascorbic acid (Vit. C), acidity regulator: citric acid, caffeine, aromas, L-carnitine tartrate, manganese gluconate, dry extract of siberian ginseng (*Eleutherococcus senticosus* (Rupr. et Maxim.) Maxim, root) (11,2 mg), preservative: potassium sorbate, sweetener: steviol glycosides, riboflavin (Vit. B2), chromium picolinate.

### GENERAL WELLNESS // NATURAL ENERGIZER

#### USES:

Recommended to cover the extra energy requirements needed in any sport.

Content	Ref.
20 x 0.51 fl.oz/15 mL vials	06246

## CYRASIL+ //

### INGREDIENTS (per bottle):

**Cap:** Soy lecithin rich in phosphatidylcholine, maltodextrins, anti-caking agent: silicon dioxide. **Vial:** Humectant: glycerin, concentrated extract of black radish (*Raphanus sativus* L. var. Nigra, root) (2682 mg), water, concentrated extract of artichoke (*Cynara scolymus* L, leaves) (592 mg), concentrated fluid extract of desmodium (*Desmodium adscendens* DC, leaves) (400 mg), acidity regulator: citric acid, lemon aroma.

### DIGESTIVE HEALTH // CLEANSING ACTION

#### USES:

Detox treatments, hepatobiliary disorders, dyspepsia, alcohol abuse or excessive consumption of medicines, hypercholestelemlia, unbalanced diets, excessive consumption of saturated fats, refined foods, etc.

Content	Ref.
15 x 0.34 fl.oz/10 ml vials	06224

## DIURIBEL //

### INGREDIENTS (per bottle):

**Cap:** Potassium citrate. **Vial:** Humectant: glycerin, water, fluid extract of birch (*Betula pendula* Roth, leaves) (1397 mg), fluid extract of horsetail (*Equisetum arvense* L, aerial parts) (1000 mg), dry extract of decaffeinated green tea (*Camellia sinensis* (L) Kuntze, leaves) (400 mg), dry extract of birch (*Betula pendula* Roth, leaves) (400 mg), lemon aroma, acidity regulator: citric acid.

### URINARY TRACT // DIURETIC ACTION

#### USES:

Fluid retention (premenstrual syndrome, cellulite, varicose veins) adjuvant in urinary infections, kidney stones, hyperuricemia, gout.

Content	Ref.
14 x 0.34 fl.oz/10 ml vials	06132

## INMUNODEN //

### INGREDIENTS (per bottle):

**Cap:** L-ascorbic acid (Vit. C), mix of lactobacillus (*L. acidophilus*, *L. casei*, *L. plantarum*, *L. rhamnosus*, *L. bulgaricus*) (approx. quantity  $8 \times 10^8$  CFU). **Vial:** water, white grape must concentrate (*Vitis vinifera* L, fruit) (3983 mg), lactoferrin (110 mg), dry extract of maitake (*Grifola frondosa* [Dicks] Gray, carpophore) (55 mg), dry extract of shiitake (*Lentinula edodes* [Berk] Pegler, carpophore) (55 mg), dry extract of reishi (*Ganoderma lucidum* [Curtis] P. Karst, carpophore) (55 mg), natural apple aroma, preservative: potassium sorbate.

### IMMUNE SUPPORT / DIGESTIVE HEALTH / HAIR, SKIN & NAILS / RESPIRATORY SYSTEM // IMMUNOSTIMULANT ACTION

#### USES:

Prevention and treatment of colds, flu, other respiratory infections and infections in general. Diarrhea (traveler's diarrhea or diarrhea caused by a virus or antibiotics). Atopic dermatitis, eczema, food intolerances.

Content	Ref.
10 x 0.37 fl.oz/11 ml vials	06303

## INMUNODEN JUNIOR //

### INGREDIENTS (per bottle):

**Cap:** Maltodextrin, lactobacillus mixture (*L. acidophilus*, *L. casei*, *L. plantarum*, *L. rhamnosus*, *L. bulgaricus*) (approx. quantity  $3,5 \times 10^8$  CFU), L-ascorbic acid (Vit C). **Vial:** Water, white grape must concentrate (*Vitis vinifera* L, fruit) (3355 mg), polysaccharide complex of *Pleurotus ostreatus* (beta-glucans) (2000 mg), lactoferrin, strawberry aroma, preservative: potassium sorbate.

### IMMUNE SUPPORT / DIGESTIVE HEALTH / HAIR, SKIN & NAILS / RESPIRATORY SYSTEM // IMMUNOSTIMULANT ACTION

#### USES:

Prevention and treatment of colds, flu, other respiratory infections and infections in general. Diarrhea (viral diarrhea, diarrhea caused by antibiotics, etc). Atopic dermatitis, eczema, food intolerances.

Content	Ref.
10 x 0.37 fl.oz/11 ml vials	06304

# DIETARY **SUPPLEMENTS**

PRE & PRO-BIOTICS  
+enzymes

## INULAC TABLETS //

### INGREDIENTS (per tab):

Inulin, fructose, diastatic **malt** extract (200 mg), stabilizer: microcrystalline cellulose papain (75 mg), pineapple aroma, dehydrated pineapple juice (*Ananas comosus* L, fruit) (69,5 mg), lactic acid (50 mg), acidity regulator: citric acid, anti-caking agent: magnesium salts of fatty acids, amylase, salt, **lactic ferments** (*Lactobacillus acidophilus*, *Lactobacillus paracasei* and *Bifidobacterium bifidum* in an approximate quantity of  $1 \times 10^9$  CFU/tablet).

### DIGESTIVE HEALTH // DIGESTIVE, GUT FLORA REGULATOR

#### USES:

Dyspepsia, heavy feeling and bloating caused by large meals, gas, gut flora alterations (diarrhea, antibiotics, etc), constipation.

Content	Ref.
30 x 2 g tablets	06047

## INULAC PLUS TABLETS //

### INGREDIENTS (per tab):

Inulin, stabilizer: cornstarch, bromelain (*Ananas comosus* (L.) Merr., stem) (250 mg), fructose, aroma, acidity regulator: citric acid, papain (*Carica papaya* L, fruit) (40 mg), amylase, anti-caking agent: magnesium salts of fatty acids, lipase, anti-caking agent: silicon dioxide, lactic acid (10 mg), salt, **coated ferments** (*L. acidophilus*, *L. casei*, *L. plantarum*, *L. rhamnosus* and *L. bulgaricus* in an approximate quantity of  $5,05 \times 10^7$  CFU/Tablet).

### DIGESTIVE HEALTH // DIGESTIVE, GUT FLORA REGULATOR

#### USES:

Dyspepsia, heavy feeling and bloating caused by large meals, lack of pancreatic enzymes. Gut flora alterations (diarrhea, antibiotics, etc.), constipation.

Content	Ref.
24 x 2 g tablets	06088

## LACTICOL //

### INGREDIENTS:

Ferment cabbage juice\*, ferment red beet juice\*, acidity regulator: lactic acid, salt, lactic ferments (*Lactobacillus casei*, *Bifidobacterium bifidum*, *Lactobacillus acidophilus*). \*from organic farming

### DIGESTIVE HEALTH // DIGESTIVE, GUT FLORA REGULATOR

#### USES:

Intestinal dysbacteriosis (diarrhea, antibiotics), dyspepsia, constipation, allergies and food intolerances, intestinal candidiasis, detox diets.

Content	Ref.
6.75 fl. oz/ 200 mL	06025

## INTESREG PLUS //

### INGREDIENTS (per sachet):

Inuline, L- glutamine, strawberry aroma, vanilla aroma, *Streptococcus thermophilus*, *Lactobacillus acidophilus*, *Lactobacillus rhamnosus*, *Lactobacillus casei*, *Lactobacillus paracasei*, *Lactobacillus plantarum*, *Bifidobacterium infantis*, *Bifidobacterium bifidum*, *Bifidobacterium longum*, sweetener: steviol glycosides, pyridoxine hydrochloride (Vit B6).

### DIGESTIVE HEALTH // HELPS MAINTAIN THE INTESTINAL MUCOSA IN GOOD CONDITION

#### USES:

Intestinal hyperpermeability, intestinal dysbacteriosis, food intolerances, allergies of any type, autoimmune diseases.

Content	Ref.
14 x 10 g sachets	20008

## PROBIASTRIN //

### INGREDIENTS (per cap):

*Saccharomyces cerevisiae* var. Boulardii CBS 5926, rice starch, *Lactobacillus acidophilus* CBT LA1, *Lactobacillus casei* CBT LC5, *Lactobacillus plantarum* CBT LP3, *Lactobacillus rhamnosus* CBT LR5, *Lactobacillus bulgaricus* CBT LG1, anti-caking agent: silicon dioxide, capsule (hydroxypropylmethylcellulose).

### DIGESTIVE HEALTH // HELPS REGENERATE THE INTESTINAL MICROBIOTA

#### USES:

Diarrhea of any cause (infections, antibiotic intake, traveler's diarrhea, food toxins, etc.)

Content	Ref.
20 x 570 mg capsules	20009

## PROBINFLAM //

### INGREDIENTS (per cap):

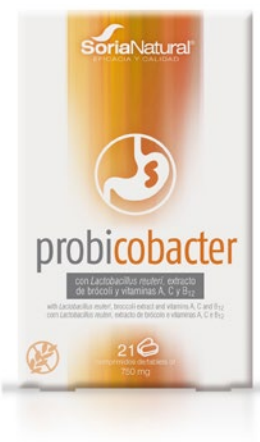

Rice starch, L-ascorbic acid (Vit. C), *Bifidobacterium longum* ES1®, beta-carotenes, DL-alpha-tocopheryl acetate (Vit. E), *Lactobacillus rhamnosus* CBT LR5, nicotinamide (niacin, Vit B3), *Bifidobacterium bifidum* BB47, pyridoxine hydrochloride (Vit. B6), riboflavin (Vit B2), thiamin hydrochloride (Vit B1), pteroylmonoglutamic acid (folic acid), capsule (hidroxipropilmetilcelulose).

### DIGESTIVE HEALTH // PROBIOTIC MIX WITH IMMUNOMODULATING PROPERTIES

#### USES:

Intestinal inflammatory diseases (ulcerative colitis, Crohn's disease), irritable colon, celiac disease.

Content	Ref.
20 x 450 mg capsules	20010

## PROBIOBACTER //

### INGREDIENTS (per tab):

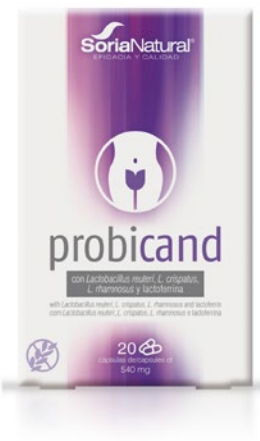

*Lactobacillus reuteri* Pylopass™, dry extract of broccoli, (*Brassica oleracea* L. leaves) (200 mg), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agents: silicon dioxide and magnesium salts of fatty acids, retinyl acetate (Vit. A), cyanocobalamin (Vit. B12).

### DIGESTIVE HEALTH // CONTRIBUTES TO ELIMINATE HELICOBACTER PYLORI

#### USES:

Infection caused by *Helicobacter pylori*.

Content	Ref.
21 x 750 mg tablets	20013

## PROBIAND //

### INGREDIENTS (per cap):

Inulin, *Lactobacillus reuteri*, *Lactobacillus crispatus*, *Lactobacillus rhamnosus*, lactoferrin, capsule (hydroxypropylmethylcellulose).

### IMMUNE SUPPORT // HELPS MAINTAIN AND RESTORE VAGINAL MICROBIOTA

#### USES:

Vaginal candidiasis, prevention of recurrent infections, maintenance and restoration of the vaginal microbiota.

Content	Ref.
20 x 540 mg capsules	20011

## PROBIENCI //

### INGREDIENTS (per tab):

Sweetener: xylitol, stabilizer: microcrystalline cellulose, lyophilized cranberry pulp powder (*Vaccinium macrocarpon* Aiton, berries) (180 mg), *Lactobacillus reuteri*, L-ascorbic acid (Vit. C), *Lactobacillus paracasei*, stabilizer: guar gum, anti-caking agents: silicon dioxide and magnesium salts of fatty acids, acidity regulator: citric acid, aroma.

### DIGESTIVE HEALTH // HELPS MAINTAIN ORAL HEALTH

#### USES:

Periodontal diseases, gingivitis, sensitive gums, prevention of cavities.

Content	Ref.
18 x 2 g tablets	20012

# DIETARY **SUPPLEMENTS**

HERBAL TONICS & SYRUPS

## A COMER //

### INGREDIENTS (per 100 mL):

Water, fruit concentrate (carob and apple), infusion of bitter orange (*Citrus x aurantium* L., peel) (1,67 g), infusion of lemon verbena (*Aloysia citriodora* P, leaves) (1,67 g), infusion of oats (*Avena sativa* L., aerial parts) (1,67 g), stabilizers: microcrystalline cellulose and sodium carboxymethylcellulose, infusion of angelica (*Angelica archangelica* L, root) (1,25 g), infusion of thyme (*Thymus vulgaris* L., leaves) (0,83 g), infusion of ginger (*Zingiber officinale* Roscoe, rhizome) (0,42 g), ascorbic acid (vit.C), dry extract of hops (*Humulus lupulus* L, flowers) (0,32 g), lyophilized extract of yellow gentian (*Gentiana lutea* L., root) (0,21 g), aromas, preservative: potassium sorbate, color: dry extract of annatto, acidity regulator: citric acid, salt, sweetener: steviol glycosides.

### DIGESTIVE HEALTH // APPETITE-ENHANCING AND DIGESTIVE ACTION

#### USES:

Lack of appetite or poor appetite. Bad digestions. Digestive spasms and colics of nervous origin.

Content	Ref.
5.07 fl.oz / 150 ml Bottle	14403

## A PROTEGERSE //

### INGREDIENTS (per 100 mL):

Water, fruit concentrate (carob and apple) polysaccharide complex of *Pleurotus ostreatus* (betaglucans)(10,8 g), infusion of propolis (*Propolis*) (5,4 g), blackcurrant concentrate, stabilizers: microcrystalline cellulose and sodium carboxymethylcellulose, aromas, infusion of Echinacea (*Echinacea purpurea* [L] Moench, root) (1,1 g), cherry concentrate, L-ascorbic acid (vit. C), salt, DL- alpha-tocopheryl acetate (vit. E), preservative: potassium sorbate, retinyl acetate (vit. A), sweetener: steviol glycosides, pyridoxine hydrochloride (vit. B6), riboflavin (vit. B2), pteroyl-L-glutamic acid (folic acid), zinc sulfate, cyanocobalamin (vit. B12), copper sulfate.

### IMMUNE SUPPORT // IMMUNOSTIMULANT ACTION

#### USES:

Strengthens natural defenses. Preventive and adjuvant treatment of respiratory infections, and general ENT (ear, nose, throat) infections.

Content	Ref.
5.07 fl.oz / 150 ml Bottle	14406

## A DESCANSAR //

### INGREDIENTS (per 100 mL):

Water, fruit concentrate (carob and apple), stabilizers: microcrystalline cellulose and sodium carboxymethylcellulose, infusion of German chamomile (*Matricaria chamomilla* L, flowers) (1,37 g), infusion of hops (*Humulus lupulus* L., flowers) (1,37 g), infusion of bitter orange (*Citrus x aurantium* L, flowers) (1,37 g), infusion of lemon verbena (*Aloysia citriodora* P, leaves) (1,37 g), black currant concentrate, humectant: glycerin, aromas, L- ascorbic acid (vit. C), lyophilized extract of linden (*Tilia platyphyllos* Scop, flowers) (0,19 g), preservative: potassium sorbate, alpha-cyclodextrins (40 mg), sweetener: steviol glycosides, salt, gamma-cyclodextrins (20 mg), acidity regulator: citric acid.

### NERVE FUNCTION / STRESS // RELAXING AND CALMING ACTION

#### USES:

Nervous or restless children. Children who have difficulty falling asleep or suffer restless sleep with frequent awakenings. Restless, anxious, and fearful children. Children with digestive problems of nervous origin.

Content	Ref.
5.07 fl.oz / 150 ml Bottle	14407

## A RESPIRAR //

### INGREDIENTS (per 100 mL):

Fruit concentrate (carob and apple), infusion of elder (*Sambucus nigra* L, flowers) (18,3 g), water, humectant: glycerin, infusion of propolis (*Propolis*) (3,3 g), infusion of Thyme (*Thymus vulgaris* L, leaves) (3,3 g), infusion of peppermint (*Mentha piperita* L, leaves) (3,3 g), infusion of sundew (*Drosera rotundifolia* L, leaves) (3,3 g), infusion of eucalyptus (*Eucalyptus globulus* Labill, leaves) (3,3 g), dry extract of marshmallow (*Althaea officinalis* L, root) (3,1 g), stabilizers: microcrystalline cellulose and sodium carboxymethylcellulose, natural lemon aroma, L-ascorbic acid (vit. C), acidity regulator: citric acid, preservative: potassium sorbate, sweetener: steviol glycosides, copper sulfate.

### RESPIRATORY SYSTEM // ANTITUSSIVE AND EXPECTORANT ACTION

#### USES:

Respiratory diseases: common cold, dry and nonproductive cough, pharyngitis, irritated throat and tonsillitis, laryngitis, tired vocal cords, sinusitis, bronchitis, asthma.

Content	Ref.
5.07 fl.oz / 150 ml Bottle	14405

## DIGEPATIC //

### INGREDIENTS (per 100 mL):

Water, fruit concentrate (carob and apples), humectant: glycerin, pineapple concentrate, infusion of yellow gentian (*Gentiana lutea* L, root) (3,41 g), infusion of artichoke (*Cynara scolymus* L, leaves) (3,41 g), infusion of dandelion (*Taraxacum officinale* Weber, root) (3,41 g), infusion of ginger (*Zingiber officinale* Roscoe, rhizome) (3,41 g), infusion of fennel (*Foeniculum vulgare* Miller, fruit) (3,41 g), infusion of Roman chamomile (*Anthemis nobilis* L, flowers) (3,41 g), infusion of milk thistle (*Silybum marianum* (L) Gaertner, seeds) (3,41 g), infusion of turmeric (*Curcuma Longa* L, root) (0,34 g), pineapple aroma, dry extract of yellow gentian (*Gentiana lutea* L, root) (0,17 g), preservative: potassium sorbate.

### DIGESTIVE HEALTH // DIGESTIVE ACTION

#### USES:

Dyspepsia, heavy and slow digestions. After heavy and high-fat meals. Bloating, flatulence, intestinal meteorism. Liver and gallbladder diseases. Lack of appetite.

Content	Ref.
8.45 fl.oz / 250 mL Bottle	14401

## EXPECTONAT //

### INGREDIENTS (per 100 mL):

Fruit concentrate (carob and apples), water, infusion of elder (*Sambucus nigra* L, flowers) (16,19 g), humectant: glycerin, fluid extract of sundew (*Drosera rotundifolia* L, aerial parts) (2,71 g), stabilizers: microcrystalline cellulose and sodium carboxymethylcellulose, lyophilized extract of marshmallow (*Althaea officinalis* L, root) (1,47 g), natural lemon aroma, dry extract of propolis (*Propolis*) (395 mg), L-ascorbic acid (vit. C), emulsifier: soy lecithine, acidity regulator: citric acid, preservative: potassium sorbate, menthol, essential oil of peppermint (*Mentha piperita* L, leaves) (17 mg), copper sulfate, essential oil of eucalyptus (*Eucalyptus globulus* Labill, leaves) (5,6 mg), essential oil of thyme (*Thymus vulgaris* L, aerial parts) (2,2 mg).

### RESPIRATORY SYSTEM // ANTITUSSIVE, EXPECTORANT ACTION

#### USES:

Respiratory diseases: common cold, dry and nonproductive cough, pharyngitis, irritated throat and tonsillitis, laryngitis, and tired vocal cords (singers, teachers, actors, etc.), sinusitis, bronchitis, asthma.

Content	Ref.
8.45 fl.oz / 250 mL Bottle	14402

## FERRINAT //

### INGREDIENTS (per 100 mL):

Humectant: glycerin, concentrated infusion of green nettle (*Urtica dioica* L, aerial parts) (11,4 g), concentrated infusion of spinach (*Spinacia oleracea* L, leaves) (11,4 g), concentrated infusion of couch-grass (*Agropyron repens* (L) P. Beauv, rhizome) (11,4 g), concentrated infusion of hibiscus (*Hibiscus sabdarifa* L, flowers) (11,4 g), concentrated infusion of fennel (*Foeniculum vulgare* Miller, seeds) (11,4 g), concentrated juice of orange, apple, carrot, grape, currant and cherry, iron gluconate, aromas, L-ascorbic acid (vit. C), acidity regulator: citric acid, preservative: potassium sorbate, sweetener: steviol glycosides, pyridoxine hydrochloride (vit. B6), riboflavin (vit. B2), thiamin hydrochloride (vit. B1), cyanocobalamin (vit. B12).

### GENERAL WELLNESS // IRON SUPPLEMENT

#### USES:

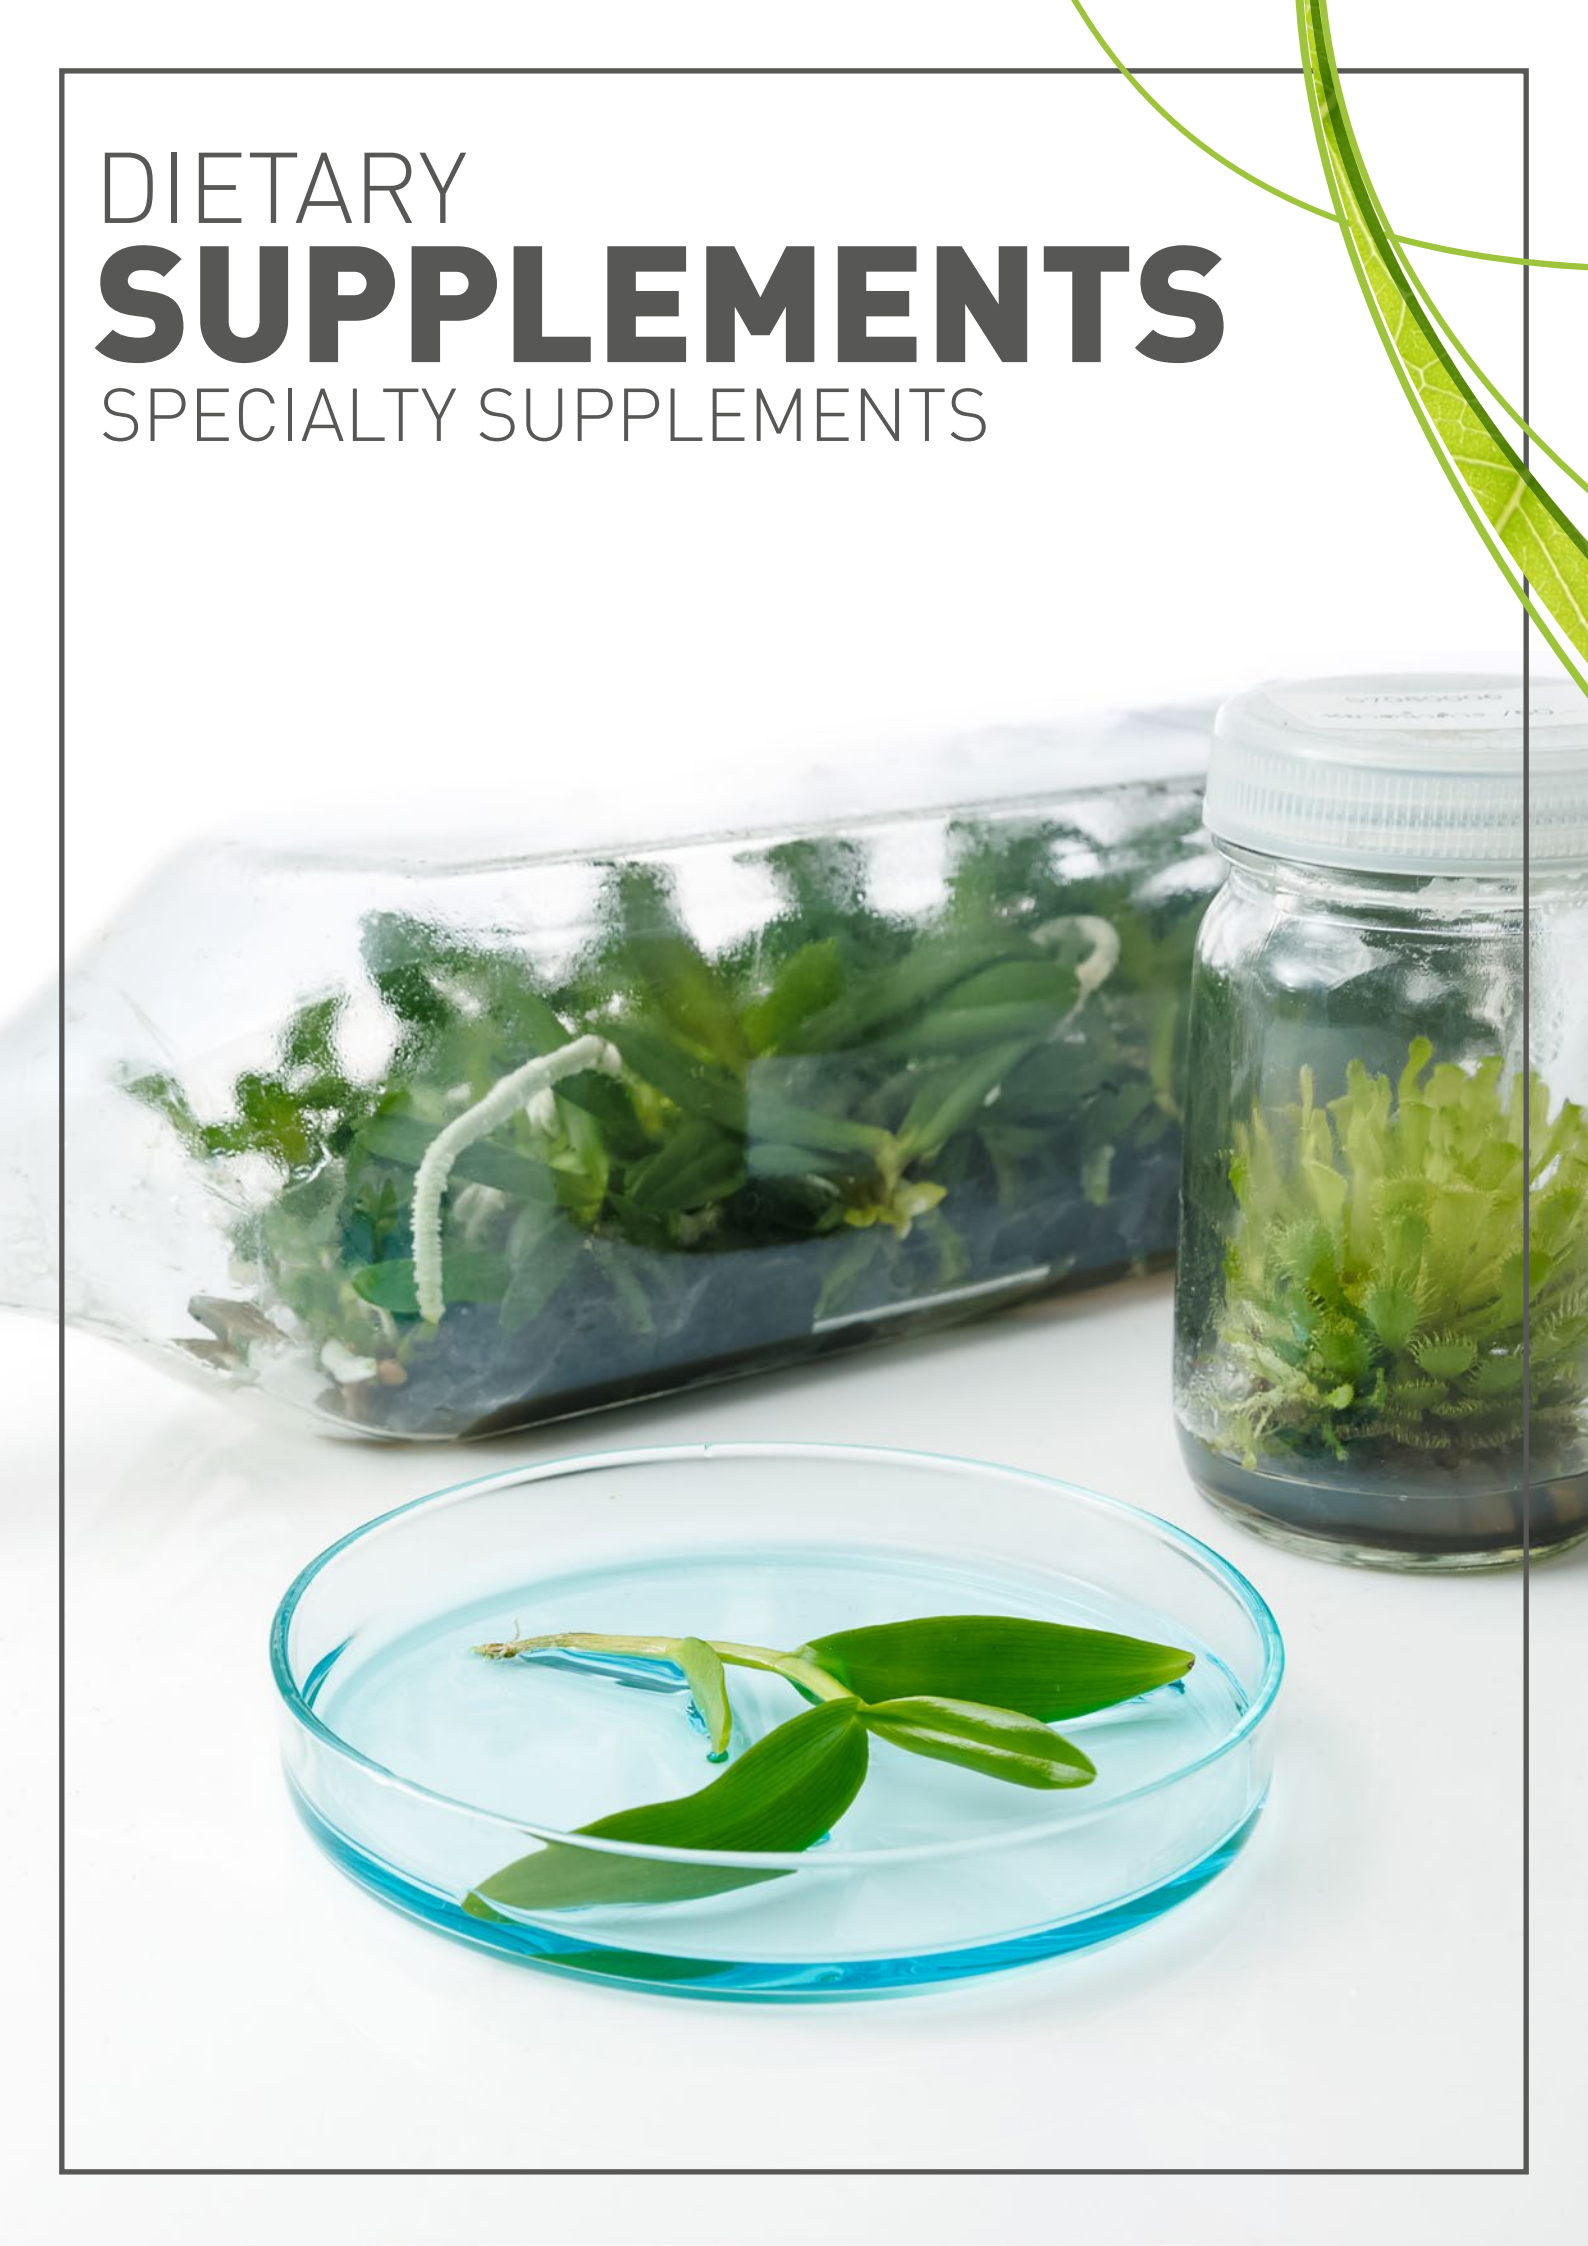

Iron deficiency anemia. In situations of blood loss: heavy or frequent menstruations, after surgical operations, bleeding hemorrhoids, epistaxis, or frequent nosebleeds, etc. Deficiencies and imbalances caused by poor nutrition, especially in the elderly and sportspeople. Vegetarian diets. In case of fatigue, lack of vitality. Hairloss, brittle nails.

Content	Ref.
8.45 fl.oz / 250 mL Bottle	14400

# DIETARY **SUPPLEMENTS**

SPECIALTY SUPPLEMENTS

## ASTAXANSOR //

### INGREDIENTS (per softgel):

Gelatin (softgel), flaxseed oil (*Linum usitatissimum* L, seeds) (150 mg) (first cold pressing), L-ascorbic acid (vit. C), soy oil (*Glycine max* L, seeds) (80 mg), astaxanthin-rich oleoresin from *Haematococcus pluvialis* seaweed (80 mg), lutein at 5% of tagetes (*Tagetes erecta* L, flowers) (50 mg), dry extract of large cranberry (*Vaccinium macrocarpon* Aiton, fruit) (36,67 mg), zinc sulfate, stabilizer (softgel): bee wax, zeaxanthine at 5% of tagetes (*Tagetes erecta* L, flowers) (10 mg), emulsifier (soft gel): soy lecithin and glyceryl monostearate, DL-alpha-tocopheryl acetate (vit. E), humectant (softgel): glycerin, color (softgel): iron oxide, cholecalciferol (vit. D), sodium selenite.

### HEALTHY AGING / GENERAL WELLNESS / EYES & EARS // ANTIOXIDANT ACTION

#### USES:

Protection of the retina against solar radiation, snow or water sports. Prevention and aid in the treatment of eye diseases (diabetic or hypertensive retinopathy, glaucoma, cataracts, macular degeneration, etc.). Prevention of neurodegenerative diseases. Maintenance of skin integrity and prevention of sun damage

Content	Ref.
30 x 790 mg softgels	06100

## RESVERASOR + //

### INGREDIENTS (per tab):

Dry extract of grape skin (*Vitis vinifera* L, fruit) (450 mg), rice starch, stabilizers: microcrystalline cellulose, dry extract of grape skin and seeds (*Vitis vinifera* L, fruit) (17 mg), anti-caking agent: magnesium salts of fatty acids, resveratrol (*Polygonum cuspidatum* Siebold & Zucc, root) (9,2 mg), anti-caking agent: silicon dioxide, stabilizer: crossed-linked sodium carboxymethylcellulose.

### HEALTHY AGING / GENERAL WELLNESS / CARDIOVASCULAR HEALTH // ANTIOXIDANT ACTION

#### USES:

Premature aging. Smokers. Sportspeople. Stress. Skin disorders: wrinkles and spots. Osteoarticular disorders: arthrosis, arthritis, etc. Prevention of cardiovascular diseases: atherosclerosis, increased cholesterol, etc. Prevention of brain aging: lack of concentration and memory, dementia, etc. Prevents cataracts. Diabetics. Unbalanced diets or diets high in saturated fats.

Content	Ref.
28 x 800 mg tablets	06030

## C.T.P. DETOXOR //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, powder of young leaves of *Lepidium latifolium* L. (304,64 mg), dry extract of young leaves of *Lepidium latifolium* L. (205,70 mg), antioxidant: ascorbic acid, ferrous sulfate, coating agent: basic methacrylate copolymer, stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: silicon dioxide and magnesium salts of fatty acids. Peppermint (*Lepidium latifolium* L.) sourced from our own certified organic crops, rich in myrosinase and epithiospecifier protein.

### GENERAL WELLNESS // CELLULAR DETOXIFIER

#### USES:

Detox treatments. Alcohol abuse. Excess sugar, refined foods, vegetable hydrogenated fats, saturated fats, processed foods with chemical additives (preservatives, colorants, thickeners, sweeteners, flavo rings, etc.), all types of drugs, medicines, etc. People who work or live in highly polluted areas. Smokers. People working with organic solvents such as in dry cleaners, carpentries, print shops, etc.)

Content	Ref.
36 x 1 g tablets	06133

## METALOPES //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, dry extract of coriander (*Coriandrum sativum* L, seeds)(100 mg), chlorella powder (*Chlorella pyrenoidosa*, seaweed)(100 mg), alpha lipoic acid, coating agent: neutral metacrylate copolymer, L-ascorbic acid, anti-caking agent: magnesium salts of fatty acids, L-selenomethionine.

### GENERAL WELLNESS // CHELATING AND DETOXIFYING ACTION

#### USES:

Heavy metal contamination caused by atmospheric pollution, workers in contact with these metals, pollution of rivers, preserves, aluminium and clay pots, consumption of contaminated fish, pesticides, etc.

Content	Ref.
120 x 800 mg tablets	06156

## ENTERIC GARLIC //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, lyophilized garlic powder (*Allium sativum* L, bulb)(320 mg), anti-caking agent: silicon dioxide, coating agent: anionic methacrylate copolymer, stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids.

### CARDIOVASCULAR HEALTH / METABOLISM // CARDIOPROTECTIVE AND ANTIBIOTIC ACTION

#### USES:

High blood pressure, hyperlipemia (increased cholesterol, increased triglycerides). Diabetes. Intermittent claudication. Prevention of thromboembolisms. Prevention and treatment of colds and respiratory infections. Intestinal worms. *Helicobacter Pylori* infection. Urinary infections. Inflammatory and osteoarticular degenerative diseases.

Content	Ref.
30 x 900 mg tablets	09430

## INMUNE0 12 //

### INGREDIENTS (per tab):

Inulin (192 mg), fructose, stabilizer: microcrystalline cellulose, lyophilized bovine colostrum (66 mg), stabilizers: microcrystalline cellulose and guar gum, lactoferrin (25,8 mg), creamstrawberry aroma, anti-caking agent: silicon dioxide, lactic ferments (*Bifidobacterium*, BB-12® and *Streptococcus thermophilus* TH-4® in a quantity of 27 x 107 micro-organisms/tablet), anti-caking agent: magnesium salts of fatty acids.

### IMMUNE SUPPORT / GENERAL WELLNESS / DIGESTIVE HEALTH / RESPIRATORY SYSTEM // IMMUNOSTIMULANT ACTION

#### USES:

Reinforcement of the digestive system. All types of diarrhea (virus, bacteria, traveller's diarrhea, antibiotic-related diarrhea, etc.). Immunodeficiency states. Prevention and treatment of infections of the respiratory tract: flu, otitis, sinusitis, pharyngitis, etc. Sports-people. Infectious diseases: herpes simplex, hepatitis C, stomatitis, fungal infections.

Content	Ref.
48 x 600 mg tablets	06064

## CALCIFLAVON TABLETS //

### INGREDIENTS (per tab):

Magnesium citrate, lactic organic mineral concentrate with calcium and phosphorus, calcium citrate, rice starch, soy extract (rich in isoflavones), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids, silicic acid, cholecalciferol (vit. D).

### HORMONE BALANCE / CARDIOVASCULAR HEALTH // SUPPLEMENT RICH IN ISOFLAVONES

#### USES:

Discomfort associated with menopause. Prevention of cardiovascular diseases and osteoporosis in menopausal women.

Content	Ref.
60 x 1 g tablets	06022

## VIAURIN //

### INGREDIENTS (per cap):

Stabilizer: Microcrystalline cellulose, rice starch, Ellirose™ (dry extract of hibiscus (*Hibiscus sabdariffa* L, flowers) [200 mg]), anti-caking agent: silicon dioxide, Exocyan™ (lyophilized cranberry pulp powder [*Vaccinium macrocarpon* Aiton, fruit] [25 mg]), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids.

### URINARY TRACT // URINARY ANTISEPTIC AND DIURETIC ACTION

#### USES:

Prevention and treatment of infections of the lower urinary tract (urethritis, cystitis). People with a tendency to have recurrent urinary infections: people with a urinary catheter, malformations of the urinary tract, urinary incontinence, diabetics, menopausal women.

Content	Ref.
28 x 750 mg tablets	06107

## PROPOLIN //

### INGREDIENTS (per tab):

Sweetener: xylitol, fructose, dry extract of propolis (*Propolis*) (24 mg), dry extract of echinacea (*Echinacea purpurea* (L) Moench, aerial parts) (24 mg), stabilizer: microcrystalline cellulose, pineapple aroma, acidity regulator: citric acid, anti-caking agent: silicon dioxide, color: riboflavin, coating agent: hydroxypropylmethylcellulose, anti-caking agent: magnesium salts of fatty acids, stabilizer: guar gum, menthol, L-ascorbic acid (Vit. C), essential oil of thyme (*Thymus vulgaris* L) (0,96 mg), colors: calcium carbonate and carmine.

### RESPIRATORY SYSTEM // ANTI-INFLAMMATORY AND ANTISEPTIC ACTION

#### USES:

Inflammation and throat pain. Pharyngitis. Cough. Hoarseness and aphony. Mouth infection and inflammation: stomatitis, gingivitis, sores, thrush, etc.

Content	Ref.
48 x 250 mg tablets	06104

## NORMACID //

### INGREDIENTS (per tab):

Calcium carbonate, stabilizer: microcrystalline cellulose, potassium citrate, magnesium hydroxide, stabilizer: dicalcium phosphate, lyophilized potato (*Solanum tuberosum* L, tuber) (71,75 mg), stabilizer: guar gum, anti-caking agent: silicon dioxide, acidity regulator: citric acid, aroma, anti-caking agent: magnesium salt of fatty acids, sweetener: thaumatin.

### DIGESTIVE HEALTH // ANTACID

#### USES:

Gastric acidity, gastroesophageal reflux, gastritis, gastroduodenal ulcer.

Content	Ref.
32 x 1320 mg tablets	06174

## HUMECNAT //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, zinc picolinate, MaquiBright™ (*Aristotelia chilensis* (Molina) Stuntz, fruit) (30 mg), dry extract of maqui (*Aristotelia chilensis* (Molina) Stuntz, fruit) (30 mg), L-selenomethionine, anti-caking agents: magnesium salts of fatty acids and silicon dioxide, stabilizer: cross-linked sodium carboxymethylcellulose.

### EYES & EARS // SPECIAL DRY EYES

#### USES:

Dry eyes syndrome, eye irritation, burning or itching sensation.

Content	Ref.
36 x 400 mg tablets	06174

## PRECUTES //

### INGREDIENTS (per tab):

Dry extract of Fenugreek (*Trigonella foenum-graecum* L, seeds) (294,5 mg), L-arginine HCl, stabilizer: microcrystalline cellulose, dry extract of Maca (*Lepidium meyenii* Walp, root) (100 mg), dry extract of Pomegranate (*Punica granatum* L, fruit peel) (50 mg), fermented Black Ginseng powder (grown in Soria-Spain) (*Panax ginseng* CA Meyer, root) (25 mg), zinc picolinate, anti-caking agent: silicon dioxide, dry extract of Puncture Vine (*Tribulus terrestris* L, plant) (12,5 mg), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids, dry extract of Dioscorea Composita (*Dioscorea composita* Hemsl, root) (5,6 mg).

### MALE HEALTHY AGING / NATURAL PRECURSOR OF TESTOSTERONE

#### USES:

General manifestations of testosterone drop: sleeping disorders, mood swings, feeling tired, general fatigue, decreased strength or muscle mass, cognitive impairment, decreased or reduced sexual activity, osteopenia, prevention of cardiovascular and metabolic diseases.

Content	Ref.
60 x 1000 mg tablets	06177

## METACIRR-2 TABLETS //

### INGREDIENTS (per tab):

**Per tablet I:** Lyophilized extract of broccoli (*Brassica oleracea* Var. Itálica L., aerial part) (213,75 mg), lyophilized extract of kale (*Brassica oleracea* Var. Sabellica L., aerial part) (213,75 mg), stabilizer: microcrystalline cellulose, pepperwort powder (*Lepidium latifolium* L., aerial part) (22,5 mg), coating agent: anionic methacrylate copolymer, anti-caking agent: silicon dioxide and magnesium salts of fatty acids, stabilizer: cross-linked sodium carboxymethylcellulose.

**Per tablet II:** Stabilizer: microcrystalline cellulose, indole-3-carbinol, lyophilized extract of rosemary (*Rosmarinus officinalis* L., aerial part) (60 mg), L-ascorbic acid (vitamin C), zinc picolinate, anti-caking agent: silicon dioxide, coating agent: hydroxypropylmethylcellulose, DL-alpha-tocopheryl acetate (vitamin E), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salt of fatty acids, L-selenomethionine, pteroylmonoglutamic acid (folic acid), cyanocobalamin (vitamin B12).

### METABOLISM // HEPATIC ACTION

#### USES:

Adjuvant in the treatment and prevention of non-alcoholic fatty liver disease. Hepatobiliary affections: hepatitis, cirrhosis, biliary dyskinesia, etc. Prevention and adjuvant in the treatment of metabolic syndrome.

Content	Ref.
120 x 625 mg tablets	06191

## BONALIN EPA + DHA //

### INGREDIENTS (per softgel):

Fish oil (1000 mg), coating agents: gelatin, glycerin and water.

### METABOLISM, CARDIOVASCULAR HEALTH, NERVOUS SYSTEM

#### USES:

Increased cholesterol, increased triglycerides, atherosclerosis. Prevention of cardiovascular diseases, high blood pressure. Neurodegenerative disorders.

Content	Ref.
60 x 1392 mg softgels	06143

## FOSFOSERINA COMPLEX PLUS //

### INGREDIENTS (per sachet):

Fructose, soy lecithin enriched in phosphatidylserine (450 mg), alpha-cyclodextrins (450 mg), anti-caking agent: silicon dioxide, acidity regulator: citric acid, taurine, zinc gluconate, L-ascorbic acid (Vit. C), DL-alpha-tocopheryl acetate (Vit. E), pineapple aroma, calcium D- pantothenate, cholecalciferol (Vit. D), pyridoxine hydrochloride (Vit. B6), cyanocobalamin (Vit. B12).

### NERVE FUNCTION / STRESS // INTELLECTUAL PERFORMANCE

#### USES:

Prevention and slowing down of mental faculties in people aged 45 or older. Age-related memory loss. Prevention of nervous degenerative diseases such as senile dementia and Alzheimer. Memory, attention or concentration problems. Recovery of impaired mental functions due to natural aging process (learning and behavior and those functions previously mentioned). Young people with intense mental activity (anti-stress). Sportspeople. Depression in the elderly. Reinforcement of the immune system in children and the elderly. Children with attention deficit or hyperactivity problems.

Content	Ref.
18 x 5 g sachets	06201

## SEDANER SUEÑO //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, dry extract of valerian (*Valeriana officinalis* L., root) (150 mg), lyophilized extract of California poppy (*Eschscholtzia californica* Cham., aerial part) (150 mg), lyophilized extract of passionflower (*Passiflora incarnata* L., aerial part) (88 mg), coating agent: neutral methacrylate copolymer, anti-caking agent: magnesium salts of fatty acids, coating agents: hydroxypropylmethylcellulose and hydroxypropylcellulose, anti-caking agent: silicon dioxide, color: calcium carbonate, melatonin (1,8 mg).

### NERVE FUNCTION // STRESS

#### USES:

Sleeping disorders in general: difficulty falling asleep, frequent awakenings, restless sleep, jet lag, people working on nightshift.

Content	Ref.
24 x 650 mg tablets	09431

## MEMOALZ //

**INGREDIENTS (per tab):**

Cognivia™ (dry extract of *Salvia officinalis* L, leaves; essential oil of *Salvia lavandulifolia* Vahl, aerial part) (300 mg), stabilizer: microcrystalline cellulose, dry extract of Lemon Balm (*Melissa officinalis* L, aerial part) (250 mg), dry extract of water hyssop (*Bacopa monnieri* (L) Wettst, whole plant) (150 mg), dry extract of ginkgo (*Ginkgo biloba* L, leaves) (48 mg), anti-caking agent: silicon dioxide and magnesium salts of fatty acids, stabilizer: cross-linked sodium carboxymethylcellulose, dry extract of Firmoss (*Huperzia serrata* (Thunb.) Trevis, whole plant) (2,5 mg).

**NERVE FUNCTION // STRESS**

**USES:**

Helps improve memory at any age. Increases attention span, concentration and learning. Prevention of age-related memory loss. Prevention of memory loss in case of cognitive impairment or dementia.

Content	Ref.
30 x 1100 mg tablets	06173

## MINCARSUPLEX OVO //

**INGREDIENTS (per tab):**

Glucosamine sulfate sodium chloride (500 mg), chondroitin sulfate (266,66 mg), stabilizer: microcrystalline cellulose, dehydrated eggshell membrane (75 mg), methyl sulfonyl methane (66,66 mg), silicon dioxide, sodium hyaluronate (20 mg), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids.

**BONES, JOINTS & MUSCLES /HEALTHY AGING // JOINT PROTECTION**

**USES:**

Prevention and treatment of all types of ailments related to joints: arthrosis or osteoarthritis of the large and small joints, chondromalacia patellae, scapula humerus peri-arthritis, meniscus tears or breaks, herniated discs, osteochondrosis, spondylosis. Sportspeople. Individuals who exercise regularly. In general, people aged 40 or older.

Content	Ref.
84 x 1175 mg	06168

## MINCARTIL CLASSIC //

**INGREDIENTS (per tab):**

Soy protein isolate (576 mg), calcium lactate, magnesium citrate, stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids and silicon dioxide, L-Ascorbic acid (Vit. C), manganese gluconate, calcium D-pantothenate (pantothenic acid-Vit. B5), retinyl acetate (Vit. A), silicic acid, pyridoxine hydrochloride (Vit. B6), cholecalciferol (Vit. D), thiamine hydrochloride (Vit. B1), riboflavin (Vit. B2)

**BONES, JOINTS & MUSCLES //**

**USES:**

In people of all ages with damaged or altered cartilage, arthrosis, arthritis, herniated disk, sportspeople, children during the growth period, people over 40 years old, brittle nails, hair loss. Healing of wounds.

Content	Ref.
180 x 1 g tablets	06063

## MINCARTIL REINFORCED //

**INGREDIENTS (per tab):**

Soy protein isolate (*Glycine max* (L.) Merr., seed) (513 mg), calcium lactate, magnesium citrate, dry extract of turmeric (*Curcuma longa* Vahl, root) (63 mg), stabilizer: cross-linked sodium carboxymethylcellulose, silicon dioxide, anti-caking agent: magnesium salts of fatty acids, L-ascorbic acid (Vit. C), manganese gluconate, calcium D-pantothenate (pantothenic acid-Vit. B5), retinyl acetate (Vit. A), silicic acid, cholecalciferol (Vit. D), pyridoxine hydrochloride (Vit. B6), thiamine hydrochloride (Vit. B1) and riboflavin (Vit B2).

**BONES, JOINTS & MUSCLES //**

**USES:**

Rheumatic conditions: arthrosis, rheumatoid arthritis, ankylosing spondylitis, etc. Muscle pains, traumatic and post-operative pain, tendonitis, sprains, back pain, sciatica, lumbago. Sportsmen's injuries.

Content	Ref.
180 x 1 g tablets	06061

## OSTEO COMPLEX //

### INGREDIENTS (per tab):

Calcium citrate, magnesium citrate, stabilizers: microcrystalline cellulose and sodium carboxy-methylcellulose, glucose, anti-caking agent: silicon dioxide, sweetener: steviol glycosides, menaquinone (Vit K), anti-caking agent: magnesium salts of fatty acids, cholecalciferol (Vit D).

### BONES, JOINTS & MUSCLES // PRESERVATION OF BONE MINERAL MASS

#### USES:

Prevention and aid in the treatment of osteoporosis. Complementary aid during the treatment of broken bones. Preservation of bone mass in people aged 30 or older. Sportspeople. Treatment with certain medicines such as antibiotics (tetracyclines, cephalosporins, etc.), corticoids, etc.

Content	Ref.
120 x 1,9 g	06155

## NOFLASOR //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, lyophilized extract of rose hip (*Rosa canina* L, fruit) (113 mg), dry extract of sage (*Salvia officinalis* L, leaves) (85 mg), dry extract of devil's claw (*Harpagophytum procumbens* D.C, root) (68 mg), terpenic extract of olive (*Olea europaea* L, fruit) (51 mg), dry extract of boswellia (*Boswellia serrata* Roxb. Ex Colebr, resin) (41 mg), anti-caking agent: silicon dioxide, gamma-cyclodextrins (28 mg), coating agent: hydroxypropylmethylcellulose, anti-caking agent: magnesium salts of fatty acids, alpha-cyclodextrins (11 mg), stabilizer: cross-linked sodium carboxymethylcellulose, coating agent: microcrystalline cellulose.

### BONE, JOINTS & MUSCLES / RESPIRATORY SYSTEM / URINARY TRACT // ANTI-INFLAMMATORY AND ANALGESIC ACTION

#### USES:

Diseases affecting the locomotor system that present with pain and inflammation: osteoarthritis, rheumatoid arthritis, arthritis of other etiologies (psoriasis, gout, traumatic arthritis, infectious arthritis), musculoskeletal pain (sprains, tendonitis, bursitis, synovitis, lumbago, neck pain), fibromyalgia. Other inflammations: post-operative inflammation and edema, respiratory infections (otitis, pharyngitis, sinusitis, etc), urinary infections (cystitis, etc.).

Content	Ref.
28 x 800 mg tablets	06158

## SILORGLIC //

### INGREDIENTS (per sachet):

Water, glycine, silicic acid in gel form, maltodextrin, thickener: xanthan gum, strawberry aroma, acidity regulator: citric acid, dry extract of horsetail (*Equisetum arvense* L, aerial part) (50 mg), preservative: potassium sorbate, sweetener: steviol glycosides.

### BONE, JOINTS & MUSCLES / HAIR, SKIN & NAILS // ORGANIC SILICON

#### USES:

General trauma and all types of sport injuries: tendonitis, epicondylitis, tennis elbow, sprains, synovitis, bursitis, periostitis, muscle fiber tears and breaks, treatment of broken bones. Alterations of articular cartilage. Arthrosis, arthritis, rheumatism, herniated discs, etc. Osteoporosis, decalcification, myalgias. Growing children or delayed growing. Slow healing of fractures, wounds, or burns. Lack of skin elasticity. Skin alterations (acne, eczema, psoriasis, mycosis, etc.). Hair loss, brittle nails.

Content	Ref.
14 x25 g sachets	06399

CLEAN DIET

## ABDOGRAS //

### INGREDIENTS (per tab):

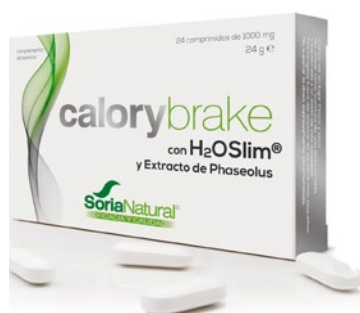

Dry extract of lemon balm (*Melissa officinalis* L., leaves) (500 mg), stabilizer: microcrystalline cellulose, dry extract of mulberry (*Morus alba* L, leaves) (200 mg), dry extract of wormwood (*Artemisia capillaris* Thunb, aerial parts) (50 mg); anti-caking agents: silicon dioxide and magnesium salts of fatty acids, stabilizer: cross-linked sodium carboxymethylcellulose.

### WEIGHT CONTROL // REDUCTION OF ABDOMINAL FAT

#### USES:

Adjuvant in obesity and excess weight. Hypercholesterolemia (increased cholesterol) and hypertriglyceridemia (increased triglycerides). Metabolic syndrome (insulin resistance, increased cholesterol, high blood pressure, etc.) Prevention and treatment of diabetes complications.

Content	Ref.
28 x 1100 mg tablets	06090

## CALORY BRAKE //

### INGREDIENTS (per tab):

H<sub>2</sub>O Slim® (400 mg) (dry extract of common mushroom (*Agaricus bisporus* (Lange) Sing.), stabilizer: microcrystalline cellulose, dry extract of common bean (*Phaseolus vulgaris* L, seed) (200 mg), anti-caking agent: magnesium salts of fatty acids and silicon dioxide, stabilizer: cross-linked sodium carboxymethylcellulose.

### WEIGHT CONTROL // CALORY BLOCKER

#### USES:

Supplement for weight loss diets.

Content	Ref.
24 x 1 g tablets	06144

## CAPTALIP TABLETS //

### INGREDIENTS (per tab):

NeOpuntia®: pricklypear cactus powder (*Opuntia ficus-indica* L.) Mill, cladodes) (325mg), stabilizer: microcrystalline cellulose, anti-caking agent: silicon dioxide, stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids.

### WEIGHT CONTROL // FAT BLOCKER

#### USES:

Adjuvant in weight loss treatments. Hypercholesterolemia and hypertriglyceridemia. High blood sugar levels and prevention of diabetes. Prevention of metabolic syndrome.

Content	Ref.
28 x 650 mg tablets	06151

## CELULIMP //

### INGREDIENTS (per tab):

Stabilizer: microcrystalline cellulose, dry extract of black grapes peel and seeds (*Vitis vinifera* L, fruit) (150 mg), dry extract of raspberry ketones (*Rubus idaeus* L, fruit) (100 mg), dry extract of Butcher's broom (*Ruscus aculeatus*, rhizome) (75 mg), dry extract of Sarsaparilla (*Smilax aspera* L, root) (75 mg), dry extract of Horsetail (*Equisetum arvense* L, sterile aerial part) (75 mg), anti-caking agents: silicon dioxide and magnesium salts of fatty acids, stabilizer: cross-linked sodium carboxymethylcellulose, dry extract of black pepper (*Piper nigrum* L, fruit) (5 mg), pyridoxine hydrochloride (Vit B6), chromium trichloride, cyanocobalamin (Vit B12).

### WEIGHT CONTROL // CELLULITE

#### USES:

Adjuvant in weight control diets. Overweight and obesity. Prevention and treatment of cellulite.

Content	Ref.
28 x 850 mg tablets	06150

## DRENALIMP //

### INGREDIENTS (per 100 ml):

Stabilizer: sorbitol, water, orange aroma, concentrated infusion of artichoke (*Cynara scolymus* L, leaves) (2.37 g), concentrated infusion of dandelion (*Taraxacum officinale* Weber, leaves) (1.42 g), concentrated infusion of lemon balm (*Melissa officinalis* L, leaves) (1.42 g), concentrated infusion of Roman chamomille (*Anthemis nobilis* L, inflorescences) (0.95 g), acidity regulator: citric acid.

### WEIGHT CONTROL / HAIR, SKIN & NAILS // DEPURATIVE AND DRAINING ACTION

#### USES:

Adjuvant in weight loss diets. Detox diets and general detox treatments (pollution, alcohol abuse, medicines, etc.) Acne, eczema, other skin diseases.

Content	Ref.
8.45 fl.oz/ 250 mL Bottle	06071

## HC BLOCK //

### INGREDIENTS (per 2 tab):

Dry extract of white bean (*Phaseolus vulgaris* L, fruit) (850 mg), stabilizers: microcrystalline cellulose and cross-linked sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids.

### WEIGHT CONTROL // CARBOHYDRATE BLOCKER

#### USES:

Supplement for weight loss diets.

Content	Ref.
24 x 500 mg tablets	06098

## MANGOLIP //

### INGREDIENTS (per tab):

Rice starch, stabilizer: microcrystalline cellulose, dry extract of African mango (*Mangifera indica* var. Gabonensis, seeds, (IGOB 131)) (150 mg), stabilizer: cross-linked sodium carboxymethylcellulose, anti-caking agents: silicon dioxide and magnesium salts of fatty acids, chromium trichloride.

### WEIGHT CONTROL / METABOLISM // SATIETY / APPETITE CONTROL

#### USES:

Supplement for weight loss diets. Prevention of obesity complications (cardiovascular diseases, diabetes, hypercholesterolemia, etc.) Control of appetite and feeling of satiety. Helps control sugar cravings. Very useful for people in carbohydrate-restricted diets. Adjuvant in the prevention and treatment of metabolic syndrome.

Content	Ref.
28 x 750 mg tablets	06099

## MINUSLIP //

### INGREDIENTS (per cap):

Soluble dextrin-dietary fiber (Nutriose®), Lactobacillus gasseri BNR17TM, anti-caking agent: silicon dioxide, Bifidobacterium breve BB03, capsule (hydroxypropylmethylcellulose).

### WEIGHT CONTROL // INTESTINAL MICROBIOTA IMPROVER

#### USES:

Adjuvant in weight control diets. Intestinal dysbiosis caused by an unbalanced diet, stress, etc.

Content	Ref.
30 x 340 mg capsules	06178

## QUEMAVIT NEO //

### INGREDIENTS (per tab):

Dry extract of cocoa (*Theobroma cacao* L, seeds) (250 mg), stabilizer: microcrystalline cellulose, concentrated polyphenolic extract of grape (*Vitis vinifera* L, seeds) (80 mg), choline bitartrate, caffeine, dry extract of green tea (*Camellia sinensis* L, leaves) (40 mg), L-carnitine tartrate, anti-caking agent: silicon dioxide, stabilizer: sodium carboxymethylcellulose, anti-caking agent: magnesium salts of fatty acids, dry extract of cayenne (*Capsicum annum* L, fruit) (0,4 mg), chromium picolinate.

### WEIGHT CONTROL // FAT BURNER

#### USES:

Adjuvant in weight loss diets.

Content	Ref.
28 x 800 mg tablets	06070

NATURAL  
**CREAMS &  
OINTMENTS**

## BALSOPEN //

**INGREDIENTS:**

Glycerin, Cera Alba, aqua, DL-Camphor, *Helianthus annus* (Sunflower) Seed Oil, *Oryza sativa* (Rice) Starch, Turpentine, L-menthol, *Eucalyptus globulus* Leaf Oil, *Thymus vulgaris* Oil, Limonene, Linalool, Eugenol

**RESPIRATORY SYSTEM // BALSAMIC OINTMENT**

**USES:**

Colds, bronchitis, cough, sinusitis, phlegm.

Content	Ref.
1.35 fl.oz/40 ml	07001

## HEMOCIN //

**INGREDIENTS:**

Glycerin, *Helianthus annuus* (Sunflower) Seed Oil, Aqua, Cera alba, *Oryza sativa* (Rice) Starch, *Ruscus aculeatus* Root Extract, *Aesculus hippocastanum* (Horse Chestnut) Seed Extract, *Chelidonium majus* Oil, *Plantago major* Leaf Oil, *Achillea millefolium* Oil, *Mentha arvensis* Leaf Oil, Styrax benzoin Resin Extract, Maltodextrin, Alcohol, Limonene.

**CARDIOVASCULAR HEALTH // VENOTONIC AND ANTI-INFLAMMATORY OINTMENT**

**USES:**

Hemorrhoids, anal fissures.

Content	Ref.
1.35 fl.oz/40 ml	07002

## DERMOTEN //

**INGREDIENTS:**

Glycerin, *Helianthus annuus* (Sunflower) Seed Oil, Aqua, Cera Alba, *Oryza sativa* (Rice) Starch, *Chelidonium majus* Oil, *Plantago major* Leaf Oil, *Archillea millefolium* Oil, *Calendula officinalis* Flower Oil, Styrax benzoin Resin Extract, Parfum, Alcohol, Citronelol, Geraniol, Linalool.

**HAIR, SKIN & NAILS // EMOLLIENT OINTMENT**

**USES:**

Dry, damaged or rough skin areas. Skin cracking. Angular cheilitis (cracks around the mouth).

Content	Ref.
1.35 fl.oz/40 ml	07003

## COELITEN //

**INGREDIENTS:**

Glycerin, *Helianthus annuus* (Sunflower) Seed Oil, Aqua, Cera Alba, *Oryza sativa* (Rice) Starch, *Chelidonium majus* Oil, *Plantago major* Leaf Oil, *Achillea millefolium* oil, Styrax benzoin Resin Extract, Alcohol.

**HAIR, SKIN & NAILS // SOOTHING AND PROTECTIVE OINTMENT**

**USES:**

Skin irritations caused by several factors (sun, water, hot oil, etc.); soothing action on sensitive and delicate skin.

Content	Ref.
1.35 fl.oz/40 ml	07004

## OLITAN //

**INGREDIENTS:**

Glycerin, Lanolin, Aqua, *Helianthus annuus* (Sunflower) Seed Oil, Cera Alba, *Oryza sativa* (Rice) Starch, L-Menthol, Parfum, *Arnica montana* Flower Extract, *Salix alba* (Willow) Bark Extract, *Harpagophytum procumbens* Root Extract, Lysolecithin, DL-Camphor, Turpentine, Maltodextrin, Silica, Limonene, Linalool.

**BONES, JOINTS & MUSCLES // ANTI-INFLAMMATORY OINTMENT****USES:**

Diseases affecting the locomotor system that present with pain and inflammation: osteoarthritis, rheumatoid arthritis, arthritis of other etiologies (psoriasis, gout, traumatic arthritis, infectious arthritis), musculoskeletal pain (sprains, tendonitis, bursitis, sinovitis, back pain, etc.).

Content	Ref.
1.35 fl.oz/40 ml	07006

## GUALAVIT //

**INGREDIENTS:**

Glycerin, Aqua, Cera Alba, *Helianthus annuus* (Sunflower) Seed Oil, *Oryza sativa* (Rice) Starch, *Visnaga vera* Seed Oil, Parfum, *Polypodium leucotomos* Root Extract, *Plantago major* Leaf Oil, *Calendula officinalis* Flower Oil, *Chellidonium majus* Oil, *Achillea millefolium* Oil, Styrax benzoin Resin Extract, Maltodextrin, Alcohol, Benzyl Benzoate, Geraniol, Citronellol, Hydroxycitronellal, Linalool, Hexyl Cinnamal, Citral.

**HAIR, SKIN & NAILS // SKIN-PROTECTIVE OINTMENT****USES:**

Skin diseases: eczema, dermatitis, psoriasis, etc. and, notably in cases of vitiligo. Mycosis.

Content	Ref.
1.35 fl.oz/40 ml	07020

## RHINOSOR //

**INGREDIENTS:**

*Olea europaea* (Olive) Fruit Oil, Cera Alba, *Butyrospermum parkii* (Shea) butter, *Eucalyptus globulus* Leaf Oil, Propolis Extract, Tocopheryl Acetate, *Melaleuca viridiflora* Leaf Oil, *Origanum vulgare* Oil, Limonene, Linalool, Eugenol.

**RESPIRATORY SYSTEM // NASAL MUCOSA CARE****USES:**

Protection and care of the nasal mucosa. Helps to restore smoothness, reducing the unpleasant sensation of dryness that originates in hot, dry, closed or pressurized air situations.

Content	Ref.
30 g	07101
