

SCHNEIDER INTERMODAL FOOD GRADE LOAD SECUREMENT

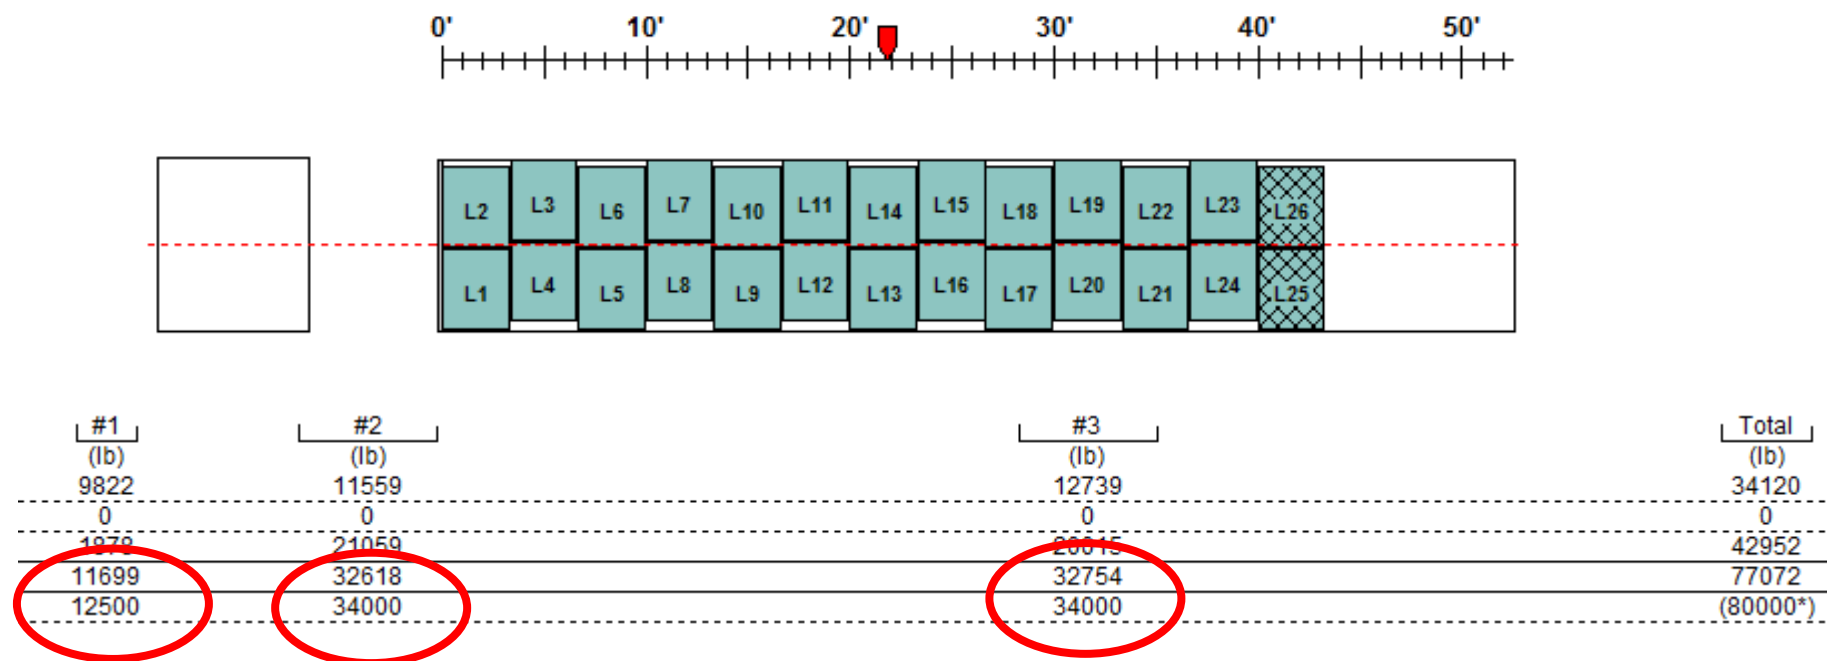

SCHNEIDER

KEY FACTORS TO LOOK AT WHEN SHIPPING FOOD PRODUCTS

- Type of food product (liquid, powder, solid)
- Density
- Container must be food grade (clean)
- Packaging (super sacks, canned goods, bagged product case goods)
- Weight distribution
- Palletized (Pallet size, weight, pinwheel? Over-under hang) floor loaded
- Origin and destination (elevations of mountains)

WEIGHT DISTRIBUTION

- Reduce lateral voids
- Most cost effective means of securement
- Shipper-friendly
