## Blooming Size and Near Blooming Size Seedlings

Paph barbigerum fma. aureum ('Y12' x 'Deerwood Triple Play' AM/AOS) \$30

Paph Nancy Prine (King Charles X Vercruysse 'Kelsey Leigh' HCC/AOS) \$30 The first to bloom was on a darker leaf plant and was a dark flame, almost vini colored. Have yet to bloom one with lighter colored leaves.

Paph Kelsey's Rose (Margaret Rose X Vercruysse 'Kelsey Leigh' HCC/AOS) \$25

Paph Starter Zoo (Startler 'Glance' AM/AOS X Dakota Zoo 'Big Cats Roar' AM/AOS) \$30  
Standard large complex, looking for reds and spotted dorsals

Paph Balding Man (Garibaldi 'John' X Manayunk) First blooms \$25

Paph Little Man (Manayunk X Little by Little 'War Eagle' HCC/AOS) \$25 First one to bloom had good form and fine spotting on the dorsal. Parents plus first bloom

Paph Royal Trouble (Little Trouble X King Charles) \$25- 2 examples

Paph Wossner Ministar (helenae X henryanum) \$25

Paph Kobold Star (Doll's Kobold X Wossner Ministar) \$25

Paph Little Zoo (Little by Little 'War Eagle' HCC/AOS X Dakota Zoo 'Big Cats Roar' AM/AOS) \$25

Paph Leopard Sparks (Jenna Marie 'Sparkle' AM/AOS X Mary's Little Leopard) \$25  
Looking for great form on medium size plants. Very vigorous growers. First to bloom pictured.

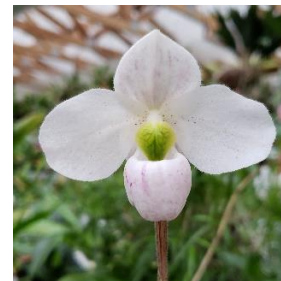

**Paph Natalie Goldston (Donna's Bird X Vercruyse ) \$25**

Donna's Bird is half Paph fowliei, which helps reduce the size. Colors should range anywhere from coloratum to dark vini-color. Parents pictured

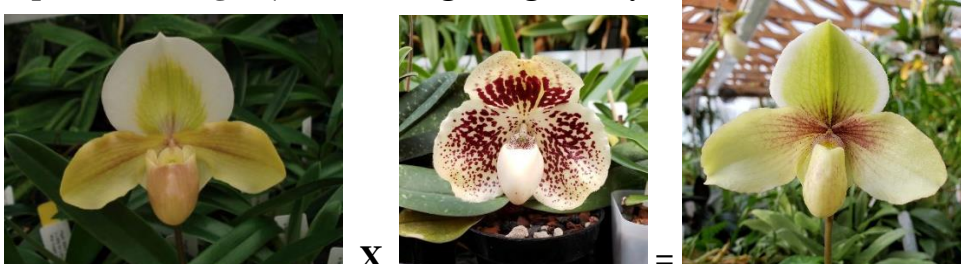

**Paph Tiny Leopard (Little by Little 'War Eagle' HCC/AOS X Mary's Little Leopard 'Deerwood' AM/AOS) \$30 Spots, Spots and more Spots! With henryanum strongly present in all 4 grandparent, and the spotted Paph exul in one, I'm expecting lots of spots. These are now blooming size. Pictured below are the two parents and the first three progeny to bloom. **Temporarily Sold Out****

**Paph Chiada Gill (thaiantum X delenatii 'Deerwood' AM/AOS) \$30**

**Paph Little Delight (Barbi's Delight X godefroyae 'Mini') \$25**

Looking to widen petals on a miniature. Parents plus first to bloom

**Paph ([Intensity x Tokyo Great Excellence] X Little Cove) \$25 (Little Cove pictured)**  
 I have high hopes for spotted flowers on compact plants. Paph Little Cove (Harbur 'Pefection' HCC/AOS X henryanum) is medium size with great form. It is crossed to a diminutive plant from a high quality spotted complex cross. The plants are very vigorous.

**Smaller Seedlings estimated 2 years from blooming**

**Paph (Charlie's Boo #1 X Vercruysse 'Kelsey Leigh' HCC/AOS) \$20**
