

NEW ACADEMY MEMBERS

2020

Cast and crew of PARASITE celebrate their historic night.

WEDNESDAY JULY 1 2020

Earlier this year, *Parasite* rewrote history by becoming the first non-English language film to win Best Picture. The moment served as a fitting culmination to a five-year effort to diversify our organization and expand our definition of the “best.” Since 2015, we have tripled the number of members from underrepresented communities, doubled the number of women and nearly tripled the number of international members within our ranks.

We are proud of these accomplishments, but our efforts are far from over. Our goals with Aperture 2025 are to further the dialogue and challenge our history to create a more equitable and inclusive community. Now, we are thrilled to invite 819 new members to the Academy and look forward to their contributions to our shared future.
