ATTACHMENT B

- 25 Parts of a development that exceed the prescribed maximum building height shown on Concept Plan Figures CC/1 and 2 that are directly adjacent to the City Living, Main Street (Adelaide) or the Adelaide Historic (Conservation) Zone boundaries should be designed to minimise visual impacts on sensitive uses in the adjoining zones and to maintain the established or desired future character of the area. This may be achieved through a number of techniques such as additional setback, avoiding tall sheer walls, centrally locating taller elements, providing variation of light and shadow through articulation to provide a sense of depth and create visual interest, and the like.

EDUCATION REGULATIONS 2012

Notice of Policy by the Minister for Education and Child Development

PURSUANT to Regulation 60(2)(a) of the *Education Regulations 2012*, I, the Minister for Education and Child Development publish the following Capacity Management Plan for the purposes of the enrolment of a child at the Burnside Primary School:

CAPACITY MANAGEMENT PLAN*Burnside Primary School*

This Capacity Management Plan sets out the conditions for enrolment at Burnside Primary School (“the school”).

Capacity of School

The school has a current estimated built capacity of 800 students.

School Enrolment Limit

The number of students entering at Reception in any given year is limited to 104 students.

CRITERIA FOR ENROLMENT

Year level: Reception

Priority consideration will be given to applications for enrolment from parents of prospective Reception students to attend the following school year, if they have been living inside the school zone prior to the end of week 8, term 3 and whose application is received by this time.

If more than 104 applications for enrolment are received from parents living in the school zone by the end of week 8 term 3, places will be offered based on whether any, all or a combination of the following applies:

- The child has siblings currently enrolled in the school;
- The length of time the child has lived in the school zone; and/or
- The distance of the child’s residence from the school.

The school will notify parents of the outcome of this process by the beginning of week 10, term 3. Unsuccessful applicants will be placed on the enrolment register, and referred for enrolment to other neighbouring schools.

Families who move into the school zone after the end of week 8, term 3 will only have their applications considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register. If no vacancies exist the applicants will be placed on the enrolment register and referred for enrolment to other neighbouring schools.

Intensive English Language Centre (IELC) students

Any Reception student offered enrolment at the school and who is eligible to attend an Intensive English Language Centre (IELC), will be able to attend the IELC during Reception and begin Year 1 at the school the following year.

Out of zone applications with siblings currently at the school

Applications for enrolment from parents of prospective Reception students, who live outside the school’s zone and have older siblings who currently attend the school, will only be given consideration for enrolment if:

- all Reception applications from parents of children living in the school zone have been considered, and
- the school is under its student enrolment limit of 104 Reception students as at the end of week 8, term 3.

In these cases, places will be offered based on the distance from the school of the child’s residence and other personal needs.

Year levels: 1 to 7

Applications for enrolment from parents of prospective students living inside the school zone will be considered if or when vacancies exist, with priority consideration afforded to those applicants already on the enrolment register.

In these cases, applications will be considered based on siblings at the school, the length of time the child has lived in the school zone and the distance of the child’s residence from the school.

The school will notify parents by the beginning of week 10, term 3 if a vacancy is available for their child to attend the following school year.

If no vacancies exist the applicants will be encouraged to remain at their current primary school, or referred for enrolment to other neighbouring schools, and upon an applicant’s request placed on the school’s enrolment register.

Out of zone applications with siblings currently at the school

Applications for enrolment from parents of prospective students, who live outside the school’s zone and have siblings who currently attend the school, will not be considered for enrolment.

International Education Program

No new international students will be offered enrolment at the school.

Special Circumstances

Enrolment for special consideration for compelling or unusual reasons, including but not limited to students under the guardianship of the Minister may be given by the Principal, in consultation with the Education Director. These will be assessed on a case by case basis.

Burnside Primary School zone

A school zone is a geographic area surrounding the school from which the school accepts its core intake of students. Burnside Primary School operates within the following zone:

- North along Devereux Road, west along Greenhill Road, north along Kennaway Street, east along Stirling Street, north along Northumberland Street, east along Newcastle Street, north along Tusmore Avenue, east along Stanley Street, north along Glynburn Road, east along The Parade, south on Penfold Road, east on Kensington Road, along the eastern boundary of the hills face zone, north on Bayview Crescent, west along Dashwood Road to Devereaux Road.

A school zone map (guide only) is available at: https://www.decd.sa.gov.au/sites/g/files/net691/f/burnside_primary_school_zone_map.pdf

Enrolment Register

Only applications for enrolment from parents of a child living in the school zone will be placed on the register.

Parents whose child's name has been placed on the enrolment register will only be contacted if vacancies become available.

The enrolment register will be reviewed and updated annually by the school.

Where a child's name appears on the register is confidential and will only be disclosed as required by law.

ENROLMENT PROCESS

All parents are required to complete the school enrolment form and provide the school with a copy of the following:

- proof of the child's identity and date of birth;
- proof of the child's residential address; and
- copies of any family law or other relevant court orders.

Upon receipt of the above to the satisfaction of the school the processing of the parents' enrolment application may begin.

Parents will be invited to attend a pre-enrolment interview or information session with the school once a vacancy is offered.

Monitoring and enforcement

It is the responsibility of the parents applying for enrolment to be able to verify to the satisfaction of the school that the information provided is true and factual.

The Principal is responsible for the implementation of this Capacity Management Plan and all decisions on enrolments.

This Capacity Management Plan will be reviewed annually.

- 2 It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to the land described in Schedule 1.

1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Adelaide International Bird Sanctuary National Park—Winaityinaityi Pangkara—Mining Rights) Proclamation 2017*.

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Interpretation

In this proclamation—

Environment Minister means the Minister for the time being administering the *National Parks and Wildlife Act 1972*;

Mining Minister means the Minister for the time being administering the *Mining Act 1971* or the Minister for the time being administering the *Petroleum and Geothermal Energy Act 2000*, as the case requires.

4—Existing rights to continue

Subject to clause 6, existing rights of entry, prospecting, exploration or mining under the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* may continue to be exercised in respect of the land described in Schedule 1.

5—New rights may be acquired

Rights of entry, prospecting, exploration or mining may, with the approval of the Mining Minister and the Environment Minister, be acquired pursuant to the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* in respect of the land described in Schedule 1 and may, subject to clause 6, be exercised in respect of that land.

6—Conditions for exercise of rights

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) if work to be carried out in relation to the land in the exercise of those rights is a regulated activity within the meaning of the *Petroleum and Geothermal Energy Act 2000*, the person must ensure that—
 - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Environment Minister; and
 - (ii) the work is carried out in accordance with the statement as so approved;
- (b) if work to be carried out in relation to the land in the exercise of rights under the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* has not previously been authorised (whether by inclusion in an approved statement of environmental objectives referred to in paragraph (a) or otherwise), the person must give at least 3 months notice of the proposed work to the Mining Minister and the Environment Minister and supply each Minister with such information relating to the proposed work as the Minister may require;
- (c) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or

- (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
- (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,

(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (a)), the person must comply with those directions in carrying out the work;
- (d) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (e) in addition to complying with the other requirements of this proclamation, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must maintain all work areas in a clean and tidy condition; and
 - (iii) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (f) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (c)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (a)) rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

- (2) Subregulation (1) does not apply to a person who uses the water under the authority of a permit issued by SA Water in accordance with these regulations.
- (3) Nothing in this regulation derogates from a requirement imposed under section 59(3) of the Act.
- (4) For the purposes of section 92(3) of the Act, it is declared that the water conservation measures prescribed under this Part and Schedule 4 are made for the purposes of taking action to provide for the better conservation, use or management of water (longer-term measures).
- (5) This regulation expires on 1 January 2023.

25—SA Water may issue permits

- (1) Where, pursuant to regulation 24, a specified use of water is prohibited except under the authority of a permit issued by SA Water, SA Water may, on payment of such fee as may be fixed by SA Water, issue such a permit to a person in accordance with this Division.
- (2) A permit issued under subregulation (1) may authorise the person to whom the permit is issued to engage in the specified use of water at multiple sites.

26—Circumstances in which permit may be issued

SA Water may only issue a permit if SA Water is satisfied that—

- (a) good reason exists for allowing the use of water to occur in accordance with the permit; and
- (b) the use of water under the permit (and all other permits issued in accordance with this Division) will not significantly reduce the effectiveness of the measures or restrictions then in force in providing for the conservation or efficient use or management of water.

27—Form and content of permit

A permit must be in writing in a form determined by SA Water and must specify—

- (a) the name and address of the holder of the permit; and

30—Revocation, variation etc of permit or condition

SA Water may, by written notice to the holder of a permit, revoke, suspend or vary a permit, or a condition of a permit, or add a new condition to a permit, if SA Water is satisfied that—

- (a) it is necessary or expedient to do so for the conservation or efficient use or management of water; or
- (b) the holder of the permit has contravened or failed to comply with a provision of the Act or these regulations or a condition of the permit.

31—Application of permit relating to regulation 24

A permit issued in accordance with this Division in relation to a measure imposed by regulation 24 applies subject to any requirement imposed under section 59(3) of the Act (and any permit issued by the relevant water industry entity under section 59(4) in relation to such a requirement).

(1) Schedule 3, heading to Part 2—delete the heading and substitute:

Part 1—Transitional provisions operating from commencement of these regulations

- (2) Schedule 3—after clause 9 insert:

**Part 2—Transitional provisions operating from
commencement of *Southern State Superannuation
(Insurance) Variation Regulations 2017***

Division 1—Interpretation

10—Interpretation

In this Part—

authorised condition has the same meaning as in regulation 49;

commencement day means the day on which the *Southern State Superannuation (Insurance) Variation Regulations 2017* come into operation.

11—Application of Part

This Part applies to a member of the scheme who was a member immediately before the commencement day.

Division 2—Invalidity/death insurance

Subdivision 1—General

12—Application of Schedule

- (1) Schedules 1 and 2, as inserted by the *Southern State Superannuation (Insurance) Variation Regulations 2017*, apply on and from the commencement day for the purposes of determining the value of units of standard insurance cover (including in relation to insurance held before the commencement day).
- (2) The premium payable in respect of those units of insurance cover is the applicable premium determined by the Board for the purposes of regulation 34 or 42 (as inserted by the *Southern State Superannuation (Insurance) Variation Regulations 2017*).

Subdivision 2—Members

**13—Continuation of basic invalidity/death insurance held by
members before commencement day**

- (1) Basic invalidity/death insurance held by a member to whom this Part applies immediately before the commencement day will, subject to regulation 35, continue to be held by the member as default invalidity/death insurance.
- (2) Subject to regulation 35, default invalidity/death insurance held by a member to whom this Part applies will, on and from the commencement day, include additional units of insurance necessary to ensure that the default invalidity/death insurance held by the member is equivalent to 3 units of standard insurance cover.

- (3) However, if a member to whom this Part applies notifies the Board in the approved form, not more than 1 month after the commencement day (or within such longer period following the commencement day as the Board considers fair in a particular case), that the member does not wish to increase the level of the member's default invalidity/death insurance above the level of basic invalidity/death insurance held by the member immediately before the commencement day, the member ceases to be entitled to (and no premiums may be charged in respect of) additional units of default invalidity/death insurance as specified in subclause (2).
- (4) Subject to regulation 35—
- (a) if, immediately before the commencement day, a member to whom this Part applies (other than a prescribed member) holds 3 or more units of standard invalidity/death insurance, at least 3 of those units (which must be comprised of units that have been held by the member for the longest period) are to be held by the member, on and from the commencement day, without authorised conditions, regardless of the state of the member's health; and
 - (b) if, immediately before the commencement day, a member to whom this Part applies (other than a prescribed member) holds 1 or 2 units of standard invalidity/death insurance or standard death insurance, those units are to be held by the member, on and from the commencement day, without authorised conditions, regardless of the state of the member's health; and
 - (c) if, immediately before the commencement day, a prescribed member to whom this Part applies holds 6 or more units of standard invalidity/death insurance, at least 6 of those units are to be held by the member, on and from the commencement day, without authorised conditions, regardless of the state of the member's health.
- (5) Subclause (4) does not apply in relation to a member who is not entitled to default invalidity/death insurance under these regulations.
- (6) If—
- (a) a member to whom this Part applies is, immediately before the commencement day, a permanent employee who was formerly employed in employment to which the Act applies on a casual basis; and
 - (b) the member's basic invalidity/death insurance was suspended under regulation 35 while the member was employed on that basis; and
 - (c) the member has not, since becoming a permanent employee, paid a premium in respect of invalidity/death insurance,
- the following provisions apply:
- (d) the suspension of the member's insurance will be taken to have continued until immediately before the commencement day;
 - (e) subject to regulation 35 and paragraph (f), the member will, on and from the commencement day, hold default invalidity/death insurance equivalent to 3 units of standard insurance cover;

- (f) if the member notifies the Board in the approved form, not more than 1 month after the commencement day (or within such longer period following the commencement day as the Board considers fair in a particular case), that the member does not wish to hold the default invalidity/death insurance to which the member is entitled under paragraph (e), the member ceases to be entitled to (and no premiums may be charged in respect of) that insurance.
- (7) If a member to whom this clause applies does not perform work for the member's employer on or after the commencement day, the member is not entitled to insurance benefits on account of any additional unit of insurance to which the member is entitled by virtue of the *Southern State Superannuation (Insurance) Variation Regulations 2017*.
- (8) Subclause (7) does not apply in relation to a member during any period in which the member is taken to remain in employment by virtue of regulation 6(4).
- (9) Despite subclause (7) (and subject to regulation 35)—
 - (a) a member referred to in subregulation (6) who became incapacitated for work before the commencement day will, if the member's employment had not terminated before the commencement day, be taken to have held default invalidity/death insurance equivalent to 2 units of standard insurance cover on and from the day on which the member became a permanent employee (and the member will continue to hold that insurance on and from the commencement day); and
 - (b) the member will be entitled, if and when the member returns to work for the member's employer, to an additional unit of default invalidity/death insurance (so that the default invalidity/death insurance then held by the member is equivalent to 3 units of standard insurance cover).
- (10) This clause does not apply in relation to a member who holds fixed insurance cover immediately before the commencement day.

Note—

See clause 23.

14—Continuation of voluntary invalidity/death insurance held by members before commencement day

Voluntary invalidity/death insurance held by a member to whom this Part applies immediately before the commencement day will, subject to clause 13 and regulation 35, continue to be held by the member as additional invalidity/death insurance (and any authorised conditions that applied to the member's voluntary invalidity/death insurance immediately before the commencement day will continue to apply).

15—Eligibility for invalidity benefits (members)

- (1) For the purposes of determining whether a member to whom this Part applies is entitled to invalidity insurance benefits under regulation 58(1)(a) in respect of termination of the member's employment on account of invalidity where the termination occurred before the commencement day, the following is to be substituted for paragraph (a) of subregulation (2) of that regulation:
 - (a) the Board is not satisfied that, on the day on which the member's employment is terminated, the member's incapacity for all kinds of work was 60% or more of total incapacity and was likely to be permanent; or
- (2) Subregulations (11), (12), (12a) and (13) of regulation 58 as in force immediately before the commencement day continue to apply for the purposes of determining whether a member to whom this Part applies is entitled to invalidity insurance benefits under regulation 58(1)(a) in respect of termination of the member's employment on account of invalidity where the termination occurred before that day (and, accordingly, subregulation (11) of regulation 58 as inserted by the *Southern State Superannuation (Insurance) Variation Regulations 2017* does not apply).
- (3) For the purposes of determining whether a PSS 3 member is entitled to invalidity insurance benefits under regulation 62E(1)(d) in respect of resignation from the Parliament of the State on account of invalidity where the resignation occurred before the commencement day, the following is to be substituted for paragraph (a) of subregulation (2) of that regulation:
 - (a) the Board is not satisfied that, on the day on which the member resigned from the Parliament, the member's incapacity for all kinds of work was 60% or more of total incapacity and was likely to be permanent; or

16—Application of earlier transitional provisions in relation to certain members

- (1) Clause 2 of this Schedule will cease to apply to a member on and from the commencement day.
- (2) On and from the commencement day, the insurance entitlements of a member to whom clause 2 of this Schedule applied immediately before the commencement day will be as set out in Part 3 of these regulations and the other provisions of this Schedule.

17—Visiting medical officers

- (1) Clause 3 of this Schedule will cease to apply to a transferred visiting medical officer (within the meaning of that clause) on and from the commencement day.
- (2) A transferred visiting medical officer to whom clause 3 applied is, on and from the commencement day, entitled, without being required to undergo a medical examination, to maintain the insurance cover that the officer enjoyed under clause 3 immediately before the commencement day.

- (3) Accordingly, the insurance entitlements of a transferred visiting medical officer will, on and from the commencement day, be as set out in Part 3 of these regulations and the other provisions of this Schedule, subject to the following:
- (a) if a transferred visiting medical officer held VMO standard insurance cover under clause 3 immediately before the commencement day, the officer will cease to hold that cover but will instead hold standard insurance cover of the same value as the cover held by the officer under clause 3;
 - (b) if a transferred visiting medical officer held VMO fixed insurance cover under clause 3 immediately before the commencement day, the officer will cease to hold that cover but will instead hold fixed benefit insurance cover of the same value as the fixed insurance cover held by the officer under clause 3;
 - (c) if, on the commencement day, a transferred visiting medical officer holds 3 or more units of standard invalidity/death insurance cover (or an amount of fixed benefit invalidity/death insurance cover that is equivalent to 3 or more units of standard invalidity/death insurance cover), 3 of those units (or an amount equivalent to 3 units of standard invalidity/death insurance cover) are to be held by the officer as default invalidity/death insurance (and, accordingly, no authorised conditions will apply to those units);
 - (d) if, on the commencement day, a transferred visiting medical officer holds more than 3 units of standard invalidity/death insurance cover (or an amount of fixed benefit invalidity/death insurance cover that is equivalent to more than 3 units of standard invalidity/death insurance cover), those additional units are to be held by the officer as additional invalidity/death insurance;
 - (e) if, on the commencement day, a transferred visiting medical officer would, but for this paragraph, hold only 1 or 2 units of standard invalidity/death insurance (or an amount of fixed benefit invalidity/death insurance that is equivalent to 1 or 2 units of standard invalidity/death insurance cover), the officer will, by virtue of the officer's entitlement to default invalidity/death insurance under regulation 28, in fact hold 3 units of standard invalidity/death insurance (or an equivalent amount of fixed benefit invalidity/death insurance as determined by the Board under regulation 34(3));
 - (f) any authorised conditions that applied to the officer's insurance cover under clause 3 immediately before the commencement day will apply to the additional invalidity/death insurance (if any) held by the officer under Part 3.
- (4) Subject to subclause (3), the provisions of Part 3 apply in relation to the insurance entitlements of a transferred visiting medical officer.

- (5) In this clause—

VMO fixed insurance cover means fixed insurance cover provided to visiting medical officers (and not to other members) before the commencement day in accordance with clause 3;

VMO standard insurance cover means standard insurance cover provided to visiting medical officers (and not to other members) before the commencement day in accordance with clause 3.

18—Suspension of insurance to continue

- (1) Subject to subclause (2), if the insurance held by a member to whom this Part applies (other than a member referred to in clause 13(6)) is, immediately before the commencement day, suspended under regulation 35 (as in force immediately before that day), suspension of the insurance will continue on and from that day despite the revocation of that regulation.
- (2) The following provisions apply in relation to insurance suspended under subclause (1):
- (a) the member may, at any time, by notice in writing to the Board, reinstate the member's suspended insurance;
 - (b) when the insurance ceases to be suspended, the member is entitled (in accordance with regulation 28) to a minimum level of insurance equivalent in value to the member's default insurance cover entitlement;
 - (c) however, insurance benefits are only payable to or in respect of a member (other than a prescribed member) whose employment terminates on account of invalidity or death within 1 year after the member's insurance is reinstated if the invalidity or death is caused by accidental injury.
- (3) Subclause (2) applies even if the member has, on or after the commencement day, ceased to be employed on a casual basis because the member has become a permanent employee.

Subdivision 3—Spouse members

19—Application of Subdivision

This Subdivision applies to a spouse member of the scheme who was a spouse member immediately before the commencement day.

20—Continuation of voluntary invalidity/death insurance held by members before commencement day

Voluntary death insurance held by a spouse member to whom this Subdivision applies immediately before the commencement day will, subject to Part 3 Division 3, continue to be held by the spouse member as death insurance under that Division (and any authorised conditions that applied to the member's voluntary death insurance immediately before the commencement day will continue to apply).

Subdivision 4—Public sector superannuation beneficiaries and their spouses

21—Application of Subdivision

This Subdivision applies to public sector beneficiaries, and the spouses of public sector beneficiaries, who held insurance under Part 3 Division 4 Subdivision 3 immediately before the commencement day.

22—Eligibility for invalidity benefits

If the employment of a public sector superannuation beneficiary to whom this Subdivision applies who holds invalidity/death insurance under regulation 48 ceases before the commencement day, regulation 48(8) as in force immediately before the commencement day is to apply for the purposes of determining whether the public sector superannuation beneficiary is entitled to invalidity insurance benefits under that regulation.

Subdivision 5—Fixed insurance cover

Note—

New units of fixed insurance cover have not been available since that class of insurance was closed on 13 November 2014.

23—Continuation of fixed invalidity/death insurance cover held by members before commencement day

- (1) Subject to this clause, a member who holds fixed insurance cover immediately before the commencement day will continue to hold that insurance cover.
- (2) When a member who holds fixed insurance cover reaches the age of 65 years—
 - (a) the member's fixed insurance cover will cease; and
 - (b) the member will, if the member is entitled to default invalidity/death insurance under regulation 28, be issued with 3 units of standard invalidity/death insurance cover.
- (3) A member who has fixed insurance cover may not take out standard insurance cover or fixed benefit insurance cover and is not entitled to default invalidity/death insurance except as specified in subclause (2)(b).
- (4) However, the Board may grant an application for standard insurance cover or fixed benefit insurance cover made by a member who has fixed insurance cover if the standard insurance cover or fixed benefit insurance cover does not apply until after the fixed insurance cover has ceased (whether under subclause (2)(a) or (7)(a)).
- (5) For the purposes of this clause, Table 1 of Subdivision 6 applies as follows:
 - (a) the value of a unit of cover is fixed at the amount designated in column 2;
 - (b) the amount of corresponding premium per unit of cover, as designated in column 3, is determined on the basis of the member's age at the time the insurance cover commences.

- (6) The amount of fixed insurance cover held by a member may be reduced on application by the member to the Board in the approved form.
- (7) Fixed insurance cover held by a member may, on application to the Board by the member in the approved form—
 - (a) cease; or
 - (b) subject to terms and conditions determined by the Board, be changed to standard insurance cover or fixed benefit insurance cover.
- (8) Despite subregulations (6) and (7), fixed insurance held by a prescribed member under the age of 65 years—
 - (a) may not be reduced below an amount equivalent in value to 6 units of standard insurance cover; but
 - (b) may cease if the fixed insurance is replaced, on application by the prescribed member, with standard insurance or fixed benefit insurance that is equivalent in value to 6 units of standard insurance cover (or more).
- (9) In this clause—

fixed insurance cover has the same meaning as in regulation 34 as in force immediately before the commencement day.

24—Continuation of fixed death insurance cover in limited circumstances (spouse members)

- (1) Subject to this clause, a spouse member who holds fixed insurance cover immediately before the commencement day will continue to hold that insurance cover.
- (2) When a spouse member who holds fixed insurance cover reaches the age of 65 years, the spouse member's fixed insurance cover will cease (but the spouse member will be eligible to apply for standard or fixed benefit insurance cover).
- (3) A spouse member who has fixed insurance cover may not take out standard insurance cover or fixed benefit insurance cover.
- (4) However, the Board may grant an application for standard insurance cover or fixed benefit insurance cover made by a spouse member who has fixed insurance cover if the standard insurance cover or fixed benefit insurance cover does not apply until after the fixed insurance cover has ceased (whether under subclause (2) or (6)(a)).
- (5) For the purposes of this clause, Table 2 of Subdivision 6 applies as follows:
 - (a) the value of a unit of cover is fixed at the amount designated in column 2;
 - (b) the amount of corresponding premium per unit of cover, as designated in column 3, is determined on the basis of the member's age at the time the insurance cover commences.
- (6) Fixed insurance cover held by a spouse member may, on application to the Board by the spouse member in the approved form—
 - (a) cease; or

- (b) subject to terms and conditions determined by the Board, be changed to standard insurance cover or fixed benefit insurance cover.

- (7) In this clause—

fixed insurance cover has the same meaning as in regulation 42 as in force immediately before the commencement day.

25—Continuation of fixed invalidity/death insurance (public sector superannuation beneficiaries and their spouses)

- (1) Subject to this clause, a public sector superannuation beneficiary or the spouse of a beneficiary who holds fixed insurance cover immediately before the commencement day will continue to hold that insurance cover.
- (2) When a public sector superannuation beneficiary or the spouse of a beneficiary who holds fixed insurance cover reaches the age of 65, the fixed insurance cover will cease.
- (3) A public sector superannuation beneficiary or the spouse of a beneficiary who has fixed insurance cover may not take out standard insurance cover or fixed benefit insurance cover.
- (4) However, the Board may grant an application for standard insurance cover or fixed benefit insurance cover made by a public sector superannuation beneficiary or the spouse of a beneficiary who has fixed insurance cover if the standard insurance cover or fixed benefit insurance cover does not apply until after the fixed insurance cover has ceased (whether under subclause (2) or (6)(a)).
- (5) For the purposes of this clause, Tables 1 and 2 of Subdivision 6 apply as follows for the purpose of determining the value of units of fixed insurance cover and the premiums payable in respect of those units:
 - (a) the value of a unit of cover is fixed at the amount designated in column 2 of the relevant table;

Division 3—Income protection

26—Members over 60 on commencement day

- (1) Subject to this clause, a member who has reached the age of 60 years before the commencement day is not entitled to a disability pension under regulation 36 unless the Board grants an application by the member for income protection cover.
- (2) Regulation 37A applies to an application under subclause (1).

- (3) If a member who reached the age of 60 years not more than 30 days before the commencement day (or within such longer period before the commencement day as the Board considers fair in a particular case) applies for income protection under subclause (1), the Board may waive any 1 or more of the requirements of regulation 37A when determining the application and may grant the application without conditions regardless of the state of the member's health.
- (4) If a member to whom subclause (3) applies was, before the commencement day, in receipt of a disability pension that ceased only because of the member having reached the age of 60 years, the disability pension received by the member under regulation 36 at the time that the member reached the age of 60 years will be taken into account for the purposes of regulation 36AAD(2) when determining the duration any pension paid to the member in respect of the same incapacity after the commencement day.

27—Contribution replacement benefit

A contribution replacement benefit is not payable under regulation 36AAB in connection with a disability pension paid—

- (a) to a member who ceased to be engaged in employment to which the Act applies before the commencement day; or
- (b) in respect of incapacity that commenced before the commencement day.

28—Waiting period

Regulation 36AAC(1) to (3) apply for the purposes of determining the applicable waiting period for any disability pension payable in relation to an incapacity for work that commences on or after the commencement day.

29—Eligibility for disability pension

- (1) Regulation 36 as in force on and from the commencement day applies for the purposes of determining a member's eligibility for a disability pension in respect of incapacity for work if the day on which the member is first incapacitated for work as a consequence of the disability occurs on or after the commencement day.
- (2) If the day on which the member is first incapacitated for work as a consequence of the disability occurs before the commencement day, regulation 36(1) as in force immediately before that day applies for the purpose of determining the member's eligibility for a disability pension.

30—Conditions of income protection to continue

If an application under regulation 37(4) of these regulations as in force before the commencement day was accepted by the Board subject to authorised conditions under regulation 37(8), those conditions continue to apply in relation to the member's entitlement to a disability pension on and from the commencement day.

31—Notional salary and automatic acceptance limit

- (1) Regulation 36A(1) and (2) as in force immediately before the commencement day continue to apply in relation to a disability pension to which a member became entitled before that day (and, accordingly, regulation 36A(1) and (2) as inserted or varied by these regulations apply only in relation to a disability pension to which a member becomes entitled after the commencement day).
- (2) Regulation 36A(3) to (9) do not apply in relation to a member to whom this Part applies.
- (3) However, a member to whom this Part applies may, if the member's notional salary exceeds the automatic acceptance limit, by notice in writing in the approved form, elect to reduce the level of the member's income protection cover by having the member's notional salary fixed at the automatic acceptance limit.
- (4) If a member makes an election under subclause (3)—
 - (a) the member's notional salary under regulation 36A will be taken to be fixed at the automatic acceptance limit; and
 - (b) the member's disability pension premium will accordingly be determined on the basis of the fixed amount.
- (5) A member who has made an election under subclause (3) may subsequently apply to the Board for an increase in the level of the member's income protection cover.
- (6) If an application by a member under subclause (5) is approved by the Board—
 - (a) the member's notional salary will be determined under regulation 36A(1) or (2), as appropriate; and
 - (b) regulation 36A(3) to (9) will not apply in relation to the member; and
 - (c) the member's disability pension premium will accordingly be determined on the basis of the member's notional salary.
- (7) Regulation 37A applies to an application under subclause (5).
- (8) If an application under subclause (5) is granted subject to authorised conditions under regulation 37A—
 - (a) any entitlement of the member to a disability pension based on a notional salary set at a level higher than the automatic acceptance limit will be subject to those conditions; and
 - (b) the member's entitlement to a disability pension will continue to be subject to any authorised conditions that applied before the application was granted; and

- (c) if the member has income protection cover under these regulations that the member was not required to apply for, the member will be entitled, without conditions, to a disability pension based on a notional salary fixed at the automatic acceptance limit (or, if there is a later reduction in the member's salary, at a lower level that corresponds to the member's notional salary as determined under regulation 36A(1) and (2)).
- (9) In this regulation—
