

# ***Australian Dry Rainforest Species***

Acalypha nemorum (Large Leaf Acalypha)  
Acmena ingens (Red Apple)  
Acmena smithii (Narrow-leaf Lilly Pilly)  
Ailanthus triphysa (White Siris)  
Alchornea ilicifolia (Native Holly)  
Alectryon connatus (Hairy Alectryon)  
Alectryon subdentatus (Hard Alectryon)  
Alloxylon pinnatum (Dorrigo Waratah) beautiful, rare flowering tree  
Amylotheca dictyophleba (Brush Mistletoe)  
Aphanopetalum resinsum (Gum Vine)  
Araucaria bidwillii (Bunya Pine)  
Araucaria cunninghamii (Hoop Pine)  
Argyrodendron actinophyllum (Black Booyong)  
Arytera distylis (Twin-leaved Coogera)  
Arytera divaricata (Rose Tamarind)  
Atalaya salicifolia (Brush Whitewood)  
Atractocarpus fitzalanii (Yellow Mangosteen)  
Auranticarpa rhombifolia (White Holly)  
Austromyrtus sp Blackall Range (Blackall Range Myrtle)  
Austromyrtus tenuifolia (Thin Leaf Myrtle)  
Backhousia angustifolia (Curry Scented Myrtle)  
Baloghia inophylla (Brush Bloodwood)  
Baloghia marmorata (Jointed Baloghia)  
Barklya syringifolia (Crown of Gold), a standout flowering tree for small garden - just be patient for it can take a while to flower  
Blechnum cartilagineum (Gristle Fern, Soft Water Fern)  
Bosistoa pentacocca (Native Almond)  
Brachychiton bidwillii (Little Kurrajong) Decorative flowering shrub  
Brachychiton discolor (Lace Bark)  
Brachychiton ormeau (Ormeau Bottletree). Food plant for Tailed Emperor butterfly. Threatened species found in Ormeau district, SE Qld  
Breynia oblongifolia (Native Coffee Bush)  
Breynia sp Iron Range (Breynia Iron Range)  
Bridelia exaltata (Brush Ironbark)  
Caesalpinia scortechinii (Large Prickle-vine)  
Calamus muelleri (Lawyer Vine/ Wait-a-While)  
Callicarpa pedunculata (Velvet Leaf)  
Callistemon formosus (Cliff Bottlebrush)  
Capparis arborea (Native Pomegranate). Host plant for Caper White and the Pearl White Butterfly. Absolutely essential, they are real magnets for butterflies.  
Capparis sarmentosa (Scrambling Caper)  
Cassia javanica (Apple Blossom Cassia)  
Cassia tomentella (Velvet Bean Tree)  
Castanospora alphandii (Brown Tamarind)  
Celastrus subspicata (White Vine)  
Christella dentata (Binung)  
Cinnamomum oliveri (Oliver's Sassafrass)  
Cissus antarctica (Native Grape) familiar vine or groundcover

Cissus opaca (Forest Grape)  
Citronella moorei (Churnwood, Silky Beech)  
Citrus australis (Native lime or Native Round lime)  
Claoxylon tenerifolium (Queensland Brittlewood)  
Clausena brevistyla (Clausena)  
Cleistanthus cunninghamii (Cleistanthus)  
Clematis glycinoides (Headache Vine)  
Commersonia fraseri (Brush Kurrajong)  
Corchorus cunninghamii (Native Jute)  
Cordia dichotoma (Cordus Fork/Glue Berry)  
Cordyline murchisoniae (Cordyline)  
Cordyline stricta (Narrow Leaf Palm Lily)  
Cryptocarya bidwillii (Yellow Laurel)  
Cryptocarya erythroxylon (Pidgeonberry Ash)  
Cryptocarya laevigata (Glossy Laurel)  
Cryptocarya macdonaldii (Cooloola Laurel)  
Cryptocarya microneura (Murrogun)  
Cryptocarya triplinervis var pubens (Hairy Three-veined Laurel)  
Cupaniopsis anacardioides (Tuckeroo)  
Cupaniopsis parvifolia (Small Leaf Tuckeroo)  
Cupaniopsis serrata (Rusty Tuckeroo)  
Cyathea australis (Rough Tree Fern)  
Cyclophyllum coprosmoides (Supple Jack)  
Dendrocnide excelsa (Giant Stinging Tree)  
Denhamia celastroides (Orange Boxwood)  
Denhamia pittosporoides (Veiny or Orange Boxwood)  
Desmodium varians (Slender Tick Trefoil)  
Dianella brevipedunculata (Pin Cushion Flax Lily)  
Dianella caerulea (Blue Flax Lily)  
Dianella caerulea var assera (Common Flax Lily)  
Dianella revoluta (Spreading Flax Lily) common groundcover, edible berries and bee attracting  
Dinosperma erythrococtum (Tingle tongue)  
Dinosperma melanophloia (Dinosperma melanophloia)  
Diplocyclos palmatus (Striped Cucumber)  
Diploglottis australis (Native Tamarind) civilised landscapers use this tree  
Diploglottis campbellii (Small Leaf Tamarind) endangered bushtucker species  
Diploglottis diphylostegia (Wild Tamarind)  
Dissiliaria baloghioides (Lancewood/ Currumgui or Hauer)  
Drynaria rigidula (Basket Fern) drops leaves during drought. Super example of adaptation from wet rainforest to dry rainforest  
Drypetes deplanchii (Yellow Tulipwood)  
Duboisia myoporoides (Corkwood)  
Dysoxylum rufum (Hairy Rosewood)  
Ehretia acuminata (Koda/ Silky Ash)  
Elaeocarpus reticulatus (Blueberry Ash) beautiful small tree, quite familiar  
Elattostachys nervosa (Green Tamarind)  
Elattostachys xylocarpa (White Tamarind)  
Embelia australiana (Embelia)  
Endiandra discolor (Rose Walnut)  
Endiandra pubens (Hairy Walnut)

Erythrina vespertilio (Bat's Wing Coral Tree) pretty tree  
Everistia vacciniifolia (Small-leaved Coffee Bush)  
Everistia vacciniifolia var nervosa (Small-leaved Canthium)  
Excoecaria dallachyana (Scrub Poison Tree)  
Exocarpos cupressiformis (Native Cherry)  
Ficus coronata (Creek Sandpaper Fig) edible fruit, small tree  
Ficus microcarpa var hillii (Hill's Fig) flying fox food  
Ficus platypoda (Rock Fig) we filmed this one growing at Uluru in 2003  
Ficus rubiginosa (Port Jackson Fig)  
Ficus virens (White Fig)  
Ficus watkinsiana (Strangler Fig)  
Flindersia schottiana (Bumpy Ash)  
Floydia praealta (Opossum Nut, Ball Nut)  
Glochidion ferdinandi (Cheese Tree or Rain Tree)  
Gompholobium latifolium (Golden Glory Pea)  
Gossia gonoclada (Scrub Ironwood)  
Gossia hillii (Scaly Myrtle)  
Gossia inophloia (Thread Barked Myrtle)  
Gossia punctata (Dotted Myrtle)  
Grevillea helmsiae (Helm's Silky Oak)  
Grevillea hilliana (White Yiel Yiel)  
Hakea salicifolia (Willow Leaved Hakea)  
Harpullia hillii (Blunt Leaf Tulip)  
Harpullia pendula (Tulipwood)  
Hedycarya angustifolia (Austral Mulberry)  
Litsea australis (Brown Bolly Gum)  
Lomandra filiformis (Wattle Mat Rush)  
Lomandra hystrix (Large Tufted Mat Rush)  
Lomandra spicata (Yellow-fruited Mat Rush)  
Macadamia ternifolia (Queensland Nut) nut tree, quite decorative  
Maclura cochinchinensis (Cockspur Thorn) prickly vine, but the fruit taste delicious!  
Macrozamia cranei (cycad)  
Macrozamia fawcettii (cycad)  
Macrozamia lomandroides (cycad)  
Macrozamia lucida (cycad, Pineapple Zamia)  
Macrozamia miquellii (cycad, Wild Pineapple)  
Macrozamia moorei (cycad, Zamia Palm) quick growing cycad  
Macrozamia pauli guilielmi (cycad, Zamia Palm or Wild Pineapple)  
Maytenus bilocularis (Orangebark)  
Maytenus disperma (Orange Bark)  
Mazus pumilio (Swamp Mazus)  
Mischocarpus anodontus (Veiny Pear Fruit)  
Mucuna gigantea (Burny Bean/Velvet Bean)  
Myrsine variabilis (Muttonwood)  
Neofabricia myrtifolia (Yellow Tea Tree)  
Notelaea johnsonii (Veinless Mock-olive)  
Orthosiphon aristatus (Cats Whiskers) familiar native  
Parsonsia eucalyptophylla (Gargaloo) attractive twining vine, modest growth  
Parsonsia lanceolata (Rough Silkpod)  
Parsonsia paulforsteri (Parsonsia Vine)

Parsonsia straminea (Monkey Vine)  
Pellaea falcata (Sickle Fern)  
Pennantia cunninghamii (Brown Beech)  
Pentaceras australe (Bastard Crow's Ash)  
Pittosporum linearis (Black Fruited Thornbush)  
Planchonella queenslandica (Blush Coondoo)  
Planchonia careya (Cockatoo Apple)  
Platycterium bifurcatum (Elkhorn) one of our toughest epiphytic ferns  
Pleiogynium timorense (Burdekin Plum)  
Podocarpus elatus (Brown Pine)  
Pomaderris queenslandica (Queensland Pomaderris)  
Pouteria chartacea (Thin-leaved Coondoo)  
Pouteria cotinifolia (Small-leaved Coondoo)  
Pouteria eerwah (Shiny-leaved Coondoo) local endangered species  
Pouteria pohlmaniana (Yellow Boxwood)  
Proiphys cunninghamii (Brisbane Lily)  
Pseudoweinmannia lachnocarpa (Rose Marara)  
Psychotria loniceroides (Hairy Psychotria)  
Psydrax odorata forma buxifolia (Stiff Canthium)  
Psydrax odorata forma odorata (Lamboto or Sweet Suzie)  
Pteris ensiformis (Slender Bracken)  
Ptychosperma elegans (Solitaire Palm)  
Rhodamnia argentea (Silver Myrtle)  
Rhodosphaera rhodanthema (Deep Yellow-wood)  
Rhysotoechia bifoliolata (Twin Leaf Tuckeroo)  
Ripogonum album (White Supplejack)  
Ripogonum brevifolium (Small Leaved Supplejack)  
Ripogonum elseyanum (Hairy Supplejack)  
Romnaldia strobilacea (Stilt Lily)  
Rubus probus (Native Raspberry)  
Sarcomelicope simplicifolia (Yellowwoods)  
Sarcostemma viminalis ssp australe (Caustic Bush)  
Schizomeria ovata (Crab Apple)  
Scolopia braunii (Flintwood)  
Senna acclinis (Rainforest Senna)  
Siphonodon australis (Ivorywood)  
Sloanea woollsii (Yellow Carrabeen)  
Solanum aviculare (Kangaroo Apple)  
Sophora fraseri (Brush Sophora)  
Stenocarpus salignus (Red Silky Oak)  
Stenocarpus sinuatus (Wheel Of Fire) familiar native flowering tree, upright growth habit makes it a great feature for modest-sized gardens  
Stephania japonica (Snake Vine)  
Sterculia quadrifida (Peanut Tree)  
Strychnos psilosperma (Strychnine Tree)  
Synoum glandulosum (Scentless Rosewood)  
Syzygium cryptophlebia (Plum Satinash)  
Syzygium fibrosum (Fibrous Satinash)  
Syzygium hemilampra subsp hemilampra (Broad Leaved Lilly Pilly)  
Syzygium luehmannii (Riberry)  
Syzygium oleosum (Blue Lilly Pilly)  
Tabernaemontana pandacaqui (Banana Bush) scraggy looking, but what a beautiful scent!

Tasmannia insipida (Brush Pepperbush)  
Tasmannia stipitata (Northern Pepperbush)  
Toechima dasyrrhache (Blunt Leaved Steelwood)  
Toona ciliata (Red Cedar)  
Tragia novaehollandiae (Nettle Vine)  
Trichosanthes subvelutina (Silky Cucumber)  
Triplarina volcanica (Camphor Heath Myrtle)  
Tristaniopsis laurina (Water Gum)  
Turraea pubescens (Native Witch-hazel)  
Vandasina retusa (Coral Pea)  
Xanthostemon oppositifolius (Southern Penda) great bird attracting nectar

Jerry Coleby-Williams
