

## Wednesday Walk from Ginini Car Park towards Mt JGinjera - 17 February 2010

The walk commences at the locked gate at the end of Mt Frankiln Road. After morning tea we started to walk along the road to Mt Ginjera. We were a bit disturbed to find that some of the roadside vegetation had been sprayed and was dead or dying. However, there was still lots to see including *Podolepis robusta*, *Brachyscome aculeata*, *Helichrysum rutidolepis*, *Wahlenbergia gloriosa*, *Senecio linearifolius*, *Craspedia aurantia* and even a *Microseris lanceolata* - all flowering well. There was lots of *Grevillea diminuta* in bud and good fruit/seed on the *Dianella tasmanica*, *Coprosma hirtella*, *Olearia megalophylla* and *Pimelea ligustrina*. Most made it to Stockyard Gap for lunch then a smaller group headed further to a small swamp and the start of the Stockyard Spur fire trail. It was a rewarding spot - we found *Euphrasia caudata* flowering as well as *Brachyscome scapigera*. We also saw *Baeckea gunniana*, *Callistemon pityoides*, *Eucalyptus pauciflora* ssp. *debeuzevillei* and an interesting sedge which seems to be *Isolepis crassiuscula*.

## Plant List for Walk from Ginini Car Park towards Mt Gingera - 17 February 2010

? indicates that those present were unsure of the plant name

- |  |                          |
|--|--------------------------|
| Acacia obliquinervia                     | Lomandra longifolia      |
| Acaena novae-zelandiae                   | Microseris lanceolata    |
| Ajuga australis                          | Olearia erubescens       |
| Arthropodium sp.                         | Olearia megalophylla     |
| Asperula scoparia                        | Oreomyrrhis eriopoda     |
| Baekkea gunniana                         | Ozothamnus stirlingii    |
| Bossiaea foliosa                         | Ozothamnus stirlingii    |
| Brachyscome aculeata                     | Persoonia chamaepeuce    |
| Brachyscome scapigera                    | Persoonia rigida         |
| Callistemon pityoides                    | Pimelea ligustrina       |
| Carex sp.                                | Podocarpus lawrencei     |
| Celmesia sp.                             | Podolepis robusta        |
| Clematis aristata                        | Podolobium alpestre      |
| Coprosma hirtella                        | Polyscias sambucifolia   |
| Craspedia aurantia                       | Polystichum proliferum   |
| Derwentia derwentiana                    | Poranthera microphylla   |
| Derwentia perfoliata                     | Pratia pedunculata       |
| Dianella tasmanica                       | Ranunculus lappaceus     |
| Elymus scaber                            | Rubus sp.                |
| Epacris breviflora                       | Senecio ? prenanthoides  |
| Epacris microphylla                      | Senecio linearifolius    |
| Epacris paludosa                         | Stackhousia monogyna     |
| Eucalyptus dalrympleana                  | Stellaria pungens        |
| Eucalyptus pauciflora                    | Stylidium ? armeria      |
| Eucalyptus pauciflora ssp. debeuzevillei | Tasmania lanceolata      |
| Euphrasia caudata                        | Viola betonicifolia      |
| Geranium ? homeanum                      | Wahlenbergia gloriosa    |
| Geranium antrorsum                       | Wahlenbergia stricta     |
| Geranium solanderi                       | Xerochrysum subundulatum |
| Gonocarpus micranthus ssp. micranthus    |                          |
| Goodenia hederacea ssp. alpestris        |                          |
| Grevillea diminuta                       |                          |
| Hakea microcarpa                         |                          |
| Helichrysum rutidolepis                  |                          |
| Isolepis ? crassiuscula                  |                          |
| Leptospermum myrtifolium                 |                          |
| Leucopogon gelidus                       |                          |
| Leucopogon lanceolatus                   |                          |
| Leucopogon microphyllus var. pilibundus  |                          |
| Linum marginale                          |                          |
