Species				
Species	Pod	Pollen	Comments	price
<i>Mexipedium xerpohticum</i>	 Aggie'	 Moonlight and Star'	Another outcross of this rare and highly desirable species. Most of the plants available in the market are divisions but we have been pretty successful with getting pods to set on our plants.	\$195.00
<i>Paph liemianum</i>	 Cabernet'	 Melancia'	Cabernet' is, in our opinion, our best clone. Even better than its sibling that received an FCC last year. We have some of the finest examples of this species in the world in our collection. Here we have chosen to make an outcross with an exceptional unrelated plant to increase vigor.	\$175.00
<i>Paph haynaldianum</i>	 Tavel' AM/AOS	 sibling	Tavel' received an AM/AOS on its first bloom. The plant was originally selected for its vigor, the great flower was a bonus! We have crossed it to an intensely colored sibling that is sure to get a much higher AM one day. This cross will produce some of the best haynaldianum ever.	\$150.00

<p><i>Paph rothschildianum</i></p>	 <p>Tempranillo' AM/AOS</p>	 <p>Tarantula' GM/JGP</p>	<p>Tempranillo' was awarded 88 an point AM/AOS with 7 flowers on one spike on its first bloom. It actually looked like it wanted to produce 8 flowers! 'Tarantula' is one of the most famous roths produced by Tokyo Orchid Nursery. The flower was 39 cm across. Two exceptional plants that set the new standard for flower count and size.</p>	<p style="text-align: right;">\$400.00</p>
<p><i>Paph rothschildianum</i></p>	 <p>Paradise City'</p>	 <p>Dark Angel' AM/AOS</p>	<p>Paradise City' has never been exhibited but we feel it will receive an FCC one day. The flowers are large, balanced and have exceptional color. 'Dark Angel' received an 89 point AM/AOS on its first bloom. It should get an FCC one day as well. It is the darkest roth we have ever seen. This cross should produce very dark flowers with great form. A can't miss cross!</p>	<p style="text-align: right;">\$350.00</p>
<p><i>Paph henryanum</i></p>	 <p>Beaujolaais'</p>	 <p>Richard'</p>	<p>Beaujolaais' was the first seedling to bloom from a cross we made several years ago. It is vigorous and has fantastic color, with extra spots through the petals. 'Richard' grows like a weed and has enormous flowers with great form. This outcross should have excellent vigor and top notch flower quality.</p>	<p style="text-align: right;">\$175.00</p>
<p><i>Paph helenae</i></p>	 <p>Auxerois'</p>	<p>Select #1'</p>	<p>We had dozens of flowers to chose from when we made this cross. We selected two extra vigorous parents with high quality flowers. Both had exellent color and form. These should be rapid growers with fantastic flowers.</p>	<p style="text-align: right;">\$150.00</p>

Hybrids

Hybrid	Pod	Pollen	Comments	price
Paph			<p>A selected extremely dark pod parent with solid dark petals and an almost solid dark dorsal was crossed to the proven parent philippinense 'JEM'. We should get something resembling a very dark St. Swithin. These will be stunning flowers!</p>	\$150.00
Paph			<p><i>Paphiopedilum venustum</i> is always a good parent when you are looking for colorful flowers. The variety used has more red than the typical venustum. Our Hawaiian Volcano has a proven track record as a great parent, We should see some stunning colors with the classic venustum pouch.</p>	\$150.00

<p>Paph</p>			<p>Paph Ruby Boy Wonder is a Wood Wonder hybrid. It has very wide petals and fantastic color. Crossed with a dark and glossy Blushing Petula we have a sure fire winner!</p>	<p style="text-align: right;">\$150.00</p>
<p>Paph</p>			<p>The Urban Vogue is a very large flower with distinct color. Wonderfully Wood should intensify the green background and give larger spots. This cross will produce some large, colorful flowers.</p>	<p style="text-align: right;">\$150.00</p>
<p>Paph</p>			<p>This was a bit of a long shot, since many fairrieanum hybrids do not set much seed. We expect a diverse group of seedlings from this cross, hoping that the Hawaiian Treasure petals come through in some of them. It will be a fun batch of seedling to bloom out! ***Limited availability***</p>	<p style="text-align: right;">\$150.00</p>

<p>Paph</p>		<p>Wellesleyanum 'Gold Country' is a fantastic example of this hybrid. Our leucochilum 'Chianti' has clean color and nice form. This should be an impressive Brachy hybrid. A great beginner's flask since Brachys take up little space and can flower fairly quickly from flask.</p>	<p style="text-align: right;">\$150.00</p>	
<p>Paph</p>			<p>The photos say it all! Flowers with dark petals that will range from deep burgundy through almost black. The contrasting white dorsal really sets it all off.</p>	<p style="text-align: right;">\$ 150.00</p>
<p>Paph</p>			<p>Tannat' is our best Petula's Sensation, with solid black petals that are over 3 cm wide. Hawaiian Treasure 'Nebbiolo' is a large flower with remarkable color. This cross has amazing potential.</p>	<p style="text-align: right;">\$150.00</p>

			<p>Wonderful Shadow is a very large, shapely flower. Crossed to the colorful and glossy Hawaiian Peacock we should get some spectacular results. Expecting a range of colors from greens with pink to burgundy overlay through almost solid burgundy.</p>	<p>\$150.00</p>
<p>Paph</p> 	<p>Wonderful Shadow 'Red Flame'</p> 	<p>Hawaiian Peacock 'Jacob's Coat' HCC/AOS</p> 	<p>Paph Robinianum is one of the most vigorous multifloral hybrids. We used a very dark, very large lowii with a bright green dorsal for this cross. Expecting great color!</p>	<p>\$150.00</p>
<p>Paph Robinianum</p> 	<p><i>lowii</i></p> 	<p><i>parishii</i></p> 	<p>A remake of this classic primary hybrid with improved parents. Our roth 'Paradise Island' has never been exhibited but is likely a high AM. The flower is huge with bold colors. Paph stonei 'Paph Paradise' has clear color and is a very large flower. This should set a new bar for Lady Isabel.</p>	<p>\$150.00</p>
<p>Paph Lady Isabel</p>	<p><i>rothschildianum</i> 'Paradise Island'</p>	<p><i>stonei</i> 'Paph Paradise'</p>

<p>Paph</p>			<p>Olympic Moon is a huge flower with a very large dorsal sepal. Emerald Ring has amazing clear color and very wide petals. This cross should produce some very large, very high quality flowers with good stems.</p>	<p style="text-align: right;">\$195.00</p>
	<p>Olympic Moon 'Chardonnay'</p>	<p>Emerald Ring 'Auxerrois' AM/AOS</p>		
<p>Phrag</p>			<p>We have managed to put together an impressive collection of Phrags, so it's time to start making some hybrids! Red Zone is (Noirmont x St. Ouen) and it's the first successful Noirmont cross we are aware of. The plant was acquired as the Orchid Zone was closing. The flower is huge and deep crimson in color with great substance. We do not know if it is a tetraploid but the texture of the flowers says maybe it is. The goal here is to get smaller plants with deep pink flowers. This should be a real winner!</p>	<p style="text-align: right;">\$150.00</p>
	<p>Red Zone 'Hottie'</p>	<p><i>schlimii</i> 'Blush'</p>
