Kegerreis Stoves

Serving the Community for 38 Years!

7758 Route 183, Bernville, PA 19506 / (610) 488-0890 / kegerreisstoves.com
Monday-Wednesday 9am - 6pm / Thursday 9am - 8pm / Friday 9am - 6pm / Saturday 9am - 1pm

Kegerreis Stoves is Family-owned and operated. It all began in 1982 as a home-based business. David and Harold Kegerreis, contractors by trade, started selling woodstoves out of David's home. The business then moved to Womelsdorf in 1986. In 2004 a move was made to their current location in Bernville where the next-generation continues to offer a complete line of stoves, fireplaces, fireplace inserts and their accessories, along with friendly customer service. Their goal is to give you all of the information you need to make an informed decision about which product is right for you.

Kegerreis Stoves is proud to serve the residents of Berks, Lebanon, Schuylkill & Northern Lancaster Counties with the best in fireplace and alternative heating appliance installation and service. They are proud to provide exceptional fireplace repair and maintenance service.

Just like other major appliances in your home, your fireplace needs annual service check ups to make sure it is running well. Enjoy the comfort of your fireplace for years knowing that it is regularly maintained. The installation of a fireplace, fireplace insert or stove requires experience and annual certification to ensure the safety and efficiency of the hearth appliance.

Kegerreis Stoves has 3 National Fireplace Institute Certified Installers and 5 CSIA Certified Sweeps on staff, all of them have gone to CSIA Training School in Indianapolis, Indiana, for a week of hands on training as well as classroom training. Kegerreis Stoves offers Levels I, II and III chimney inspections the best possible service for the customers.

Kegerreis Stoves is a proud member of HPBA (Hearth Patio Barbecue Association) and MAHPBA (MidAtlantic Hearth Patio Barbecue Association). By attending annual meetings and conventions, the staff of Kegerreis Stoves stays current on industry updates and safety protocols.

Visit Kegerreis Stoves showroom and consult with an experienced hearth professional about adding or replacing a fire product in your living space. They have over 100 total units on display, 63 of these are burning units. There are gas, pellet, coal and wood stoves to choose from. They install and service all the products they sell. Delivery of pellets is another service they offer. A wide variety of grills and smokers are available for all your outdoor entertaining this year.

The FAT Whoosh

You're not losing, but you're doing everything right.
What's happening?

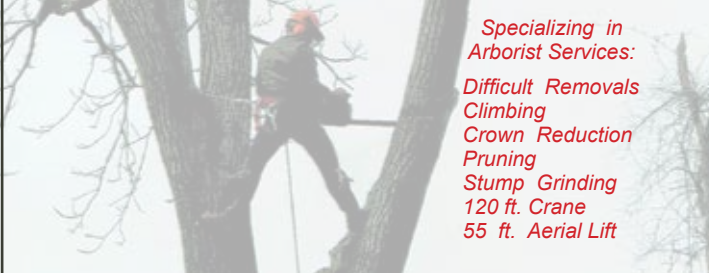

As you start to lose fat, your fat cells start to fill up with water as a 'place holder', waiting for the cell to fill up with fat again. Fat cells can be stubborn and hold on for days. Once they realize there's no fat coming, they release and the cell collapses. (And finally a big, fat drop on the scale.)

Contact me for more information on this safe and natural fat loss product: *Danita Layser*
