## WELCOME

New WalthersMainline® EMD NW2s aren't the only great way to switch things up, the new EMD SW7 models from WalthersMainline get the job done as well! Perfect for powering layouts big and small, check out the many features, roadnames and more on pages 4 & 5 inside!

Loaded with fun, the new Flyer Express Fast-Freight is a perfect introduction to HO model railroading! Check out this complete WalthersTrainline™ Set, plus three new HO freight cars starting on page 6.

Three of our most popular WalthersMainline HO freight cars, the 60' High-Cube Plate F Boxcar, the 37' 2980 2-Bay Covered Hopper and the 40' AAR 1944 Boxcar are back! Turn to page 8 and reserve yours today!

WalthersMainline rolls out another new car for 1960s to 1980s layouts, and you can get complete details on the 40' ACF Welded Boxcar with 8' Door on page 10!

New LED lighting, colorful signs and printed window treatments highlight four new Cornerstone® kits in HO scale! See them on page 12.

Keep HO motorists on the move with three new Highway Overpass kits from Cornerstone, based on common designs used since the 1960s. Go to page 13 for info.

Featured on the cover, the brand-new Municipal Water Tower is a North American classic, and a must-have kit! Check out this Cornerstone release on page 14 now!

Find out more about these new models at [walthers.com](http://walthers.com), by calling us at 1-800-487-2467 or visit your participating hobby shop to reserve any model in this issue.

Happy modeling!

## ON THE COVER

Amplified by the concrete canyons along the tracks, there's no doubt this NW2 is working hard! Brakes squeal to a stop, and with a wave from the rear brakeman, the engine digs in and begins another long shove to a trackside spur. Bigger and heavier freight cars are no obstacle to these powerful workhorse engines, and fresh paint is a sure sign they'll be around for years to come! The newest addition to the WalthersMainline HO diesel fleet is right at home in any setting, from grimy city to remote branch line. Now in stock, ESU Sound-equipped versions for DCC or DC layouts, and Standard DC models, are available in a variety of colorful schemes, but only while supplies last. Get a full list of features and roadnames on page 16, then put them to work with freight cars like the new WalthersMainline 4427 Cubic Foot Covered Hopper, and finish your scene with Cornerstone kits including the brand-new Municipal Water Tower kit, also featured in this issue!

# TAKING CARE OF BUSINESS!

For local merchants, the workday starts long before they welcome their first customers. Behind the scenes, boxcars have been unloaded, and goods transferred to trucks. Main Street starts coming to life as the streetlights flicker out, with trucks pulling up out front to make their first deliveries. It's a scene that's been repeated countless times over the decades, and while owners and businesses have come and gone, the structures along this historic street have truly stood the test of time. Creating a realistic street scene like this offers plenty of great modeling possibilities for every popular era, and Cornerstone® makes building new business a snap - literally - with three new HO structure kits! Easy construction aided by several snap-together parts combines with LED interior lighting, one-piece windows with glass molded in place, and parts molded in multiple colors for a fun yet satisfying build. Shown here at the left end of the block, turn to page 12 for a complete list of features and information.

### A Note on Availability

At Walthers, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item you could possibly need in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check [walters.com](http://walters.com), email us at [custserv@walters.com](mailto:custserv@walters.com) or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walthers and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

## Structure Handbook for Model Railroaders

White River. This handbook explains how structures are a key part of your model railroad, providing visual interest as well as supporting your railroad's operations. Structures set the scene and create the backdrop for your layout. The Structure Handbook for Model Railroaders offers modelers new skills, tips, and tricks that can be applied to the construction, finishing, and placement of structures in any scale. This book is a must-have for guidance about structure placement on any model railroad.

## Modeling Cities and Towns

Kalmbach. Filled with tons of information and inspiration that you can use today, Modeling Cities and Towns from Kalmbach is a great guide to making your layout more realistic! Noted author Jeff Wilson covers a wide variety of topics including modifying and kitbashing structures; creating realistic, era-appropriate signs; combining multiple scenic elements in tight spaces; building track in streets; and realistically modeling streets and sidewalks. Prototype information includes operations; large city passenger stations; and many examples of how real railroads wound through tight urban industrial areas. Perfect for any modeler in any scale, Modeling Cities and Town is one of many Kalmbach model railroading how-to books.
