ALBANY, GEORGIA

P R E F A C E

LOCATION OF CITY

Albany is located in the center of Southwest Georgia 90 miles southeast of Columbus, 176 miles south of Atlanta, 109 miles southwest of Macon, 225 miles Southwest of Savannah, 200 miles northwest of Jacksonville, 221 miles northeast of Pensacola. It is the trade center of the area; a fine network of highways, bus lines, and railroads radiate in every direction from Albany connecting it with many smaller cities located throughout the area and with the principal cities of the Southeast and the United States.

TRANSPORTATION

Albany is served by five railroads, the Atlantic Coast Line, Central of Georgia, Seaboard Airline, Georgia Northern, and the Albany Northern, who operate seven distinct lines with eighteen passenger schedules daily.

The Modern Coach Corporation operates buses in every direction from Albany maintaining more than 60 daily schedules throughout all cities in Southwest Georgia, and connections are made for all points of the United States.

Eastern Air Lines serves Albany with four daily schedules.

Two major truck companies furnish Albany with adequate service to key cities with connecting points to all parts of the country.

HIGHWAYS

Albany is located on U. S. Route No. 19 north and south and U. S. 82 east and west and on Georgia State Routes Numbers 50, 62, 91 and 133.

AIRPORTS

Albany's airport, located four miles southwest of the city, is one of the best in the Southeast. It has three runways of the following lengths: NE-SW runway 4,900 feet, NW-SE runway 4,750 feet, and E-W runway 3,900 feet. All runways are paved and are 150 feet in width. The field is clearly lighted and has a weather bureau, modern administration building, and three large hangars.

POPULATION

Greater Albany's population according to the 1940 census was 23,500. However, the recent city directory gives Albany a population of 39,425 and lists Dougherty County's population as 41,800. Within a 25 mile radius the population, according to 1940 census, was 115,226 and within a 75 mile radius the population was 354,012. It is estimated that there was an increase in population in this area of at least 15% since 1940.

AMUSEMENTS

Albany has a municipal auditorium seating 1,600 people; a municipal stadium seating 6,000; 5 moving picture theatres, capacity 4,158; 2 golf courses; Georgia-Florida association organized league baseball; 1 open

air swimming resort; a Y.M.C.A. with an indoor pool; 3 playgrounds; 2 recreational camps; 5 lighted tennis courts; several dine and dance places; 1 boating and aquaplaning lake; Little Theatre movement; Co-operative Concert Association; Male Chorus; Symphony orchestra; 1 bowling parlor, and a riding academy. Fishing and hunting are excellent in the area; Albany is in close proximity to one-day fishing and bathing trips to either the Gulf of Mexico, Atlantic or Georgia-Florida coast resorts.

RECREATIONAL FACILITIES

Radium Springs, a popular resort, for all Southwest Georgia, is located four miles south of Albany. The spring is the largest in the state and one of the most beautiful to be found anywhere. It has a flow of 70,000 gallons of radio-active water per minute. This resort affords swimming, golf, fishing, hunting, etc.

Chehaw State Park, owned and operated by the State of Georgia and located about one mile north of Albany, contains 650 acres; has recreational facilities of all kinds including swimming, boating, fishing, picnic facilities and several miles of trails.

Horse-back riding, tennis and other sports are prominent in the area. There is a nine-hole golf course in Albany and an eighteen-hole golf course at Radium Springs, both having grass greens. The Radium Golf Course is rated as one of the best in the Southwest.

CHURCHES

There are 24 white churches in Albany including a Catholic Church, a Jewish Synagogue, and 22 Protestant Churches. Tolerance is an outstanding attribute of the community.

CLIMATE

The climate in Albany and Southwest Georgia is characterized by long, warm summers and short, mild winters. Snow is almost unknown. The annual temperature is 68 degrees. Sun stroke and heat prostration are absolutely unknown in this climate. The normal rainfall of the section is approximately 49 inches. Albany's mild year around climate is a major inducement providing lower construction and maintenance cost, minimum interruption of plant operation and more pleasant living and working conditions.

HOSPITALS

Albany has a modern hospital with 154 beds, approved by the American College of Surgeons and the American Medical Association.

HOTELS

Albany has five hotels with 385 rooms, including Radium Springs. There are also four modern tourist courts in Albany.

LIBRARY

There is a splendid Carnegie Library in the city with 38,730 volumes, a book circulation in 1947 of 102,733 with 5,026 card holders.

NEWSPAPERS

Albany's daily newspaper, The Albany Herald, published six afternoons and Sunday morning, carrying the full leased wire service for

(Continued on Page 10)

P R E F A C E

(Continued from Page 9)

the Associated Press, both news and pictorial, as well as the NEA feature service, and a full page of comics daily and an 8 page colored comic section on Sunday, not only serves Albany but has a large circulation to all counties in this area. Albany is also served by a weekly newspaper, The Albany Journal, which enjoys a wide circulation throughout the area.

RADIO

There are two radio stations serving Albany, both of which have wide coverage in the area. Radio Station WGPC is the Columbia outlet and Station WALB is the Mutual Network affiliate. Also located here is WSIK, the Georgia State Patrol short-wave transmitter.

TRADING AREA

Albany is the trade center of Southwest Georgia. A network of fine paved highways leading into Albany serve the entire territory of Southwest Georgia. The stores in this area are many and unusual in size and attractiveness. Total 1947 retail sales in Albany amounted to \$36,938,000. The wholesale sales totaled \$40,973,000. The retail sales in the 20 counties of the Southwest Georgia area amounted to \$173,275,000.

During the first six months of 1948 Forbes Magazine has listed Albany five times as one of the ten cities in all the United States to show the greatest gain in business over the same period in the preceding year, the average gain being 12½%. The Southwest Georgia area was also classified by Forbes as one in which continued improvement in general business had been outstanding in this same period. It revealed that only eight other sections of the nation were entitled to the same rating.

CLUBS AND ORGANIZATIONS

Albany has a Rotary Club, Kiwanis Club, Lions Club, Exchange Club, Salesmen's Club and Junior Chamber of Commerce; it has a number of Parent-Teacher Associations and Garden Clubs, several women's clubs, various Fraternal organizations, Boy Scouts, Girl Scouts, Y.M.C.A. and charity leagues.

FINANCIAL INSTITUTIONS

Albany has three commercial banks with combined resources of \$20,903,923.82 as of June 30, 1948, with deposits of \$19,432,304.78. In addition one deposit and trust bank has resources of \$1,069,230.88 and the Federal Savings and Loan Association with resources of \$1,620,861.74.

SCHOOLS

Albany has a large, modern high school, six white grammar schools, a junior high school, a Negro high school, four colored grammar schools and a state normal college for Negroes. The public school system operates a vocational department which provides special trade and industrial training. This training can be specifically adapted to any industrial plant specifications when desired. The school system ranks with the best in Georgia.

WATER

Albany gets its supply of pure water from deep wells. It is under daily laboratory control, and its supply is unlimited. Albany has a daily

(Continued from Page 10)

pump capacity of eight million gallons with an average daily consumption of four and one half million gallons.

PUBLIC UTILITIES

Electrical current for power and lighting within the city limits is distributed by the Water, Light and Gas Department of the city and purchased in wholesale quantities from the Georgia Power Company who serves the area outside the city limits. The Georgia Power Company operates a large hydro-electric plant north of the city and is presently constructing a 45,000 KVA steam plant eight miles to the south of Albany. Georgia Power Company's entire system throughout the state is so connected that ample power in this area is assured at all times. The city of Albany owns and operates its own water gas plant.

TURNER AIR FORCE BASE

Located four miles east of Albany is Turner Field, one of the outstanding Air Force training bases during the war. This base was re-activated in September, 1947, by the Ninth Air Force as a fighter group training base with a present complement of 2,600 officers and men.

LABOR

An ample supply of high grade labor is assured as Albany is ninety miles from the nearest city having industrial plants of any consequence. Albany is a trading center for an extensive farming territory, the area subsisting principally from an agricultural economy. The labor in this section is of the Anglo-Saxon type and native Negro classes. The percentage of foreign-born whites in Dougherty and the adjacent counties is less than one half of one percent.

The major industries in Albany at present are six peanut and pecan processing plants (seasonal labor), a meat packing plant, a farm implement plant, two hosiery mills, several bottling plants, peanut butter and candy plant, a small cotton mill, and a cotton thread finishing plant.

COMMUNITY SPIRIT

The civic pride of Albany and the confidence in its future may be best judged by the civic, cultural, educational, recreational and other advantages it offers. More valuable than all the material assets of Albany is the remarkable spirit and unity of the people. No city has the spirit of cooperation more fully developed in the realization that what helps one helps all.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

MILLER'S Classified Business Directory — OF — ALBANY, GEORGIA

VOL. XI

1949-1950

VOL. XI

NOTE—Patronize those whose names are in large type, for they are the progressive ones, and generally leaders in their line.

 Index appears in front of special business headings only, for which an extra charge is made.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

MILLER'S Street Directory

—OF—

ALBANY, GEORGIA

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE,
AND DENOTING BUSINESS PLACES

VOL. XI

1949-1950

VOL. XI

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(*)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.
