AMOSKEAG
AUCTION COMPANY, INC.

AUCTION NO. 114
JUNE 3, 2017

AMOSKEAG JUNE 3, 2017 - SALE NO. 114 - SILENT

TERMS AND CONDITIONS OF SALE

GENERAL STATEMENTS

- The Silent Auction is by absentee bidding only. Absentee bidders must register by filling out and signing an absentee bid sheet.
- The highest bidder acknowledged by the auctioneer shall become the owner upon the fall of the hammer. The auctioneer has sole discretion in the case of a dispute among bidders.
- Amoskeag Auction Company, Inc. has taken great care in the preparation of the descriptions in this catalog. Although we believe everything in the descriptions to be true, we do not guarantee any part of any description. We recommend that the bidders view the items in person and form their own opinions as to condition, originality, origin, etc. Amoskeag Auction Company, Inc. will consider all requests for refunds. If a customer is unhappy with a purchase we will be happy to discuss a remedy with them.
- Amoskeag Auction Company, Inc. reserves the right to reject any bid in order to protect our consignors interests.
- Bidding on any item in the sale indicates the bidder's full acceptance and understanding of all terms and conditions of sale.

PAYMENT POLICY

- Amoskeag Auction Company, Inc. will accept cash, check, MasterCard, Visa, and American Express as payment for items purchased by those customers who attend the sale. Amoskeag Auction Company, Inc. reserves the right to demand cash or hold merchandise until funds are collected in full. THERE WILL BE A \$35.00 CHARGE FOR ALL RETURNED CHECKS.
- There will be a Buyer's Premium of 17.5% added to all purchases. A discounted Buyer's Premium of 15% will apply to all purchases paid by cash or check.

GUIDELINES FOR FIREARM PURCHASES

- All Federal, State and Local firearms laws will be observed. FFL holders may take possession of any firearm on day of sale when they present a signed copy of their Federal Firearms License. New Hampshire residents over the age of 21 may take possession of any firearm on day of sale providing the proper paperwork is filled out and the transfer has been approved either through the NH State Police or the FBI NICS System. While most NICS and State approvals are immediate, approvals could take up to 3 days. Most non-residents may take possession of long guns on day of sale after completing the proper forms and successfully completing a NICS check; modern handguns will need to be shipped to an FFL holder in the buyer's home state. Buyer is responsible for any and all shipping charges and all items must be paid for on day of sale. Bidders should be familiar with their local and state laws.

Firearms are marked as follows:

ANTIQUÉ - no paperwork required

C&R - for firearms that fall under the ATF Curio & Relics licensing and if purchased by a person with a "C&R License" no paperwork is required. **NOTE:** Items that meet the age requirements but have been altered from their original configuration may NOT be delivered on a C&R License.

Firearms that are not marked with one of these notations are considered to be "MODERN" and all proper paperwork is required unless you are an FFL Dealer.

FIREARMS WARNING

Amoskeag Auction Company, Inc. **does not** warranty the safety of any article it sells. Therefore, it is **imperative** that, before you use any firearm purchased here or anywhere else, you have it examined by a qualified gunsmith to determine whether or not it is safe to use.

Firearms

1200. CUSTOM BRASS MUZZLELOADING SALUTE CANNON serial #19. This is a quality made brass salute cannon with a 22" long overall tube that has an about 1 1/8" diameter bore that is bright and rates excellent. The bore is about 18" in depth, the breech knob is threaded and is removable for ease of cleaning. The brass has an overall light ochre patina and a few light pits or small casting flaws scattered about. It remains unmarked with the exception of a small "19" stamped on the underside. The cannon is designed after 17th century 12 pound artillery pieces and comes with an appropriately sized hardwood carriage. The carriage measures about 34" long with 19 1/2" diameter spoked wheels. Included are a combination ramrod/wiper and five solid brass cannon balls. The balls would only serve as decoration to this piece as they are slightly oversized to the bore. A lovely example overall that would serve well as a signal cannon or conversational display piece. (48085-33) {ANTIQUE} (700/900)

1200

1201. CAST IRON SALUTE CANNON
This lot consists of a modern naval style cast iron signal cannon with carriage. Designed after the 17th century U.S. 24 pound series naval cannons, this example measures about 27" overall with a 22" deep, lightly oxidized lined bore that measures about 1 1/4" in diameter. The metal has been painted black with some light chips and flaking and areas of light oxidation. The cannon is mounted to a sturdy, handmade naval style carriage that is weathered but intact with some minor drying cracks and minor oxidation to the metal parts. The front of the carriage has a small brass plaque which reads "U.S.S. Constitution". A small amount of TLC would go a long way with this piece to bring it to its full potential. A small adjustable muzzle plug and elevation adjustment wedge are included. A very good condition modern signal cannon with local character. (48216-1) {ANTIQUE} (700/900)

1201

1202. SAVAGE MODEL 110 BOLT ACTION RIFLE serial #F890678, 308 Win, 22" barrel with an excellent bore. The metal surfaces retain about 97-98% original blue with a few specks of light surface oxidation and some light handling wear noted. The checkered hardwood stock rates excellent and has some light dings and light scratches. There are no provisions for sights but mounted to the receiver is a set of Weaver bases. A factory tan leather sling is included. A near excellent condition bolt action sporting rifle. (48244-6) {MODERN} (300/500)

1203. SAVAGE MODEL 111-F
a bright, excellent bore. scattered about. The black remain intact and mounted to the An excellent left handed sporting rifle in a great all-purpose cartridge. (48278-4) {MODERN}

LEFT HAND BOLT ACTION RIFLE serial #F503940, 308 Win, 22" barrel with The metal surfaces retain about 97-98% original blue with some light handling marks composite stock rates excellent and has a few light marks as well. The original sights receiver is a Leupold one-piece base with a set of 1" rings. A black nylon sling is included. (250/450)

1204. HARRINGTON & RICHARDSON SPRINGFIELD STALKER PERCUSSION RIFLE serial #AP253315, .58 Caliber, 27 1/2" barrel with a lightly oxidized bore. The metal surfaces retain about 95% original blue with some areas of light surfaces oxidation present. The crescent steel buttplate retains nearly all its original vibrant case colors. The checkered walnut stock rates near excellent and has some light dings, flaking and other light handling marks present. The 1863 style lock functions correctly and included is the original wood ramrod. Manufactured during the early 1970's, these percussion carbines were made to resemble the original Civil War contract Springfield rifles, but in a smaller "Officer's Model" style like the H&R commemorative trapdoor. An excellent example of these classic rifles. (46520-1700) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (300/500)

1205. S&W NO. 1 SECOND ISSUE REVOLVER serial #102702, 22 Short, 3 1/4" octagon barrel with a good bore that is gray with some light pitting, but has solid rifling still. The barrel and steel parts are a mottled gray with areas of fine pinprick pitting and some light tool marks present. The frame retains much of its original silver plating which is fading to brass around the edges and light handling and tool marks as well. The walnut grips rate excellent and are numbered to the frame, they each have a few light dings. The cylinder bears the later 1860 patent date and the action appears to function correctly. A classy, early S&W in very good overall condition. (48168-9) {ANTIQUE} (200/400)

1206. ROSSI MODEL R92 LEVER ACTION CARBINE serial #K319666, 357 Mag/38 Spl, 16" barrel with a bright excellent bore. The metal surfaces retain about 99% original blue with some light handling wear along the edges and bearing surfaces. The smooth hardwood stocks rate excellent and have a few light dings and scratches. The original sights are intact and carbine appears to function correctly. The manual is included. An excellent example overall. (48278-2) {MODERN} (150/250)

1207. **SAVAGE MODEL 29B SLIDE ACTION RIFLE** .22 S, L, LR, 24" barrel with an excellent bore. The metal surfaces retain about 90% original blue with light wear noted along the bearing surfaces. The walnut stocks rate near excellent. There are light handling marks to each, but the buttstock has some minor crazing and flaking to the finish at the butt. The original sights are intact and the action appears to function correctly. A great little 22 sporting rifle in near excellent overall condition. (47960-28) {MODERN} (200/300)
1208. **MAUSER C96 BROOMHANDLE SEMI-AUTO PISTOL** serial #142233, 30 Mauser, 5 1/2" barrel with a bright, excellent bore. The metal surfaces are mostly a mottled brown with areas of gray metal and light to minor pitting blending throughout. The grooved walnut grips rate about very good and have several light dings and some light chipping. The pistol has been disassembled and it appears that the locking block lug is missing and the action frame is cracked with its forward portion missing. It is unknown if all the parts are present. A good candidate for parts or restoration. (44268-11) {C&R} (50/75)
1209. **J. WURFFLEIN PERCUSSION HALF STOCK RIFLE** .41 Caliber, 32" octagon barrel with a very good, lightly oxidized bore. The metal surfaces are overall a rich mottled brown with areas of light pitting scattered about and blending with gray. The barrel features a turned collar at the muzzle and has a full solid under-rib, the forward thimble is missing. The top flat is marked "John J. Wurfflein Philada" lock plate has a similar maker's marking, the areas just about the breech appears to read "Remington / Cast Steel" but the marking is very faint and not entirely legible. The checkered walnut stock is split in half through the wrist just behind the lock and barrel and currently remains separated, though it appears an attempt at a repair was made at one point. The stock features German silver furniture that has light tar-nish. The triggerguard is cracked and separated at the point where the separation in the stock begins, the two portions are held in place with replacement screws. Rifle is equipped with a simple blade front sight and has a notched rear sight that is missing its elevation screw, many of the screws have minor slot damage. An interesting percussion rifle that shows a lot of potential for the right craftsman. (47893-1) {ANTIQUÉ} (50/100)
1210. **SPRINGFIELD 1898 Krag Bolt Action Barreled Receiver** serial #2526389, 26-35, 23 1/2" Sedgley barrel with a bright, excellent bore. The metal surfaces retain about 60% of an applied blue finish that has some moderate flaking and areas of light surface oxidation throughout. There are no provisions for sights or scope mounts. Barreled action only with no stocks or other parts included. A good start for a great project rifle. (47023-19C) {MODERN} (50/100)
1211. **AERO PRECISION M5 LOWER RECEIVER ASSEMBLY** serial #US06291, Multi, Receiver Assembly only. This lot consists of a complete AERO M5 lower receiver assembly with collapsible buttstock. The metal surfaces retain about 98-99% original matte blue anodized finish with a few light handling marks visible. Receiver is equipped with a Zytel checkered pistolgrip and has a Tapco six-position collapsible buttstock. Included are two PMAG LR/SR 308 Win 20 round magazines, one remains sealed in its original packaging. An excellent example of these quality AR style receivers, perfect for your next custom build. (48202-3) {MODERN} (100/200)
1212. **DAVIDE PEDERSOLI DERRINGER LIEGI PERCUSSION PISTOL** serial #02281, .44 Caliber, 2 3/8" screw barrel with an excellent bore. The barrel retains about 99% of its original blue which is lightly flaking to plum. The frame and hammer retain about 60% original vibrant case color the balance being a pewter gray. Pistol is equipped with a bag style walnut grip that rates very good but has a with-the-grain crack along the left flat. The action functions correctly and included are the original box and barrel wrench. A near excellent modern example of these Deringer style percussion pistols. (48060-123) {ANTIQUÉ} (50/100)
1213. **PALMETTO ABILENE DERRINGER PERCUSSION PISTOL** serial #021375, .41 Caliber, 2 1/2" barrel with an excellent bore. The round barrel retains 99% plus original blue while the frame and hammer have some of the original gray smoky case color, the balance being a pewter gray. The walnut grips rate excellent and the lock functions correctly. The original wood presentation case with red felt lining is included and is housed in the original box along with the papers and manufacturer's documents. An excellent example overall of these modern American style spur trigger Deringer pistols. (48060-99) {ANTIQUÉ} (50/100)
1214. **PALMETTO ABILENE DERRINGER PERCUSSION PISTOL** serial #021377, .41 Caliber, 2 1/2" barrel with an excellent bore. The round barrel retains 99% plus original blue while the frame and hammer have much of the original gray smoky case color, the balance being a pewter gray. The walnut grips rate excellent and the lock functions correctly. The original wood presentation case with red felt lining is included and is housed in the original box along with the papers and manufacturer's documents. An excellent example overall of these modern American style spur trigger Deringer pistols. (48060-101) {ANTIQUÉ} (50/100)
1215. **COLT AUTOMATIC SEMI-AUTO PISTOL** serial #OD58806, 25 ACP, 2 1/4" barrel with a bright excellent bore. The metal surfaces retain about 99% plus original blue with no visible signs of wear. The trigger and magazine floorplate retain all of their original nickel finish. The checkered hardwood grips rate excellent, each has a silver Rampant Colt medallion. The original box, a single magazine and the original paperwork are included. Probably about as close to an as-new-in-box example of these pocket sized Colt pistols as you will find. (48255-3) {MODERN} (200/400)
1216. **REMINGTON MODEL 51 SEMI AUTO PISTOL** serial #PA38450, 380 ACP, 3 1/4" barrel with a bright excellent bore. The metal surfaces retain 85% original blue with areas of the slide turning to a dull brown patina, silvering along the exposed edges of the slide and a few smaller scattered spots of fading. The Remington UMC grips rate very good plus with a few light dings and handling marks. A single magazine is included that is marked with what appears to be a "P" on the baseplate. A very good Model 51 that will likely make a great shooter. (207942-149) {C&R} (300/500)
1217. **PHOENIX POCKET AUTOMATIC SEMI AUTO PISTOL** serial #243, 25 ACP, 2 1/4" barrel with a good bore that shows moderate oxidation and pitting throughout most of its length but visible rifling. The metal surfaces of this Lowell, Massachusetts marked pistol retain 90% original blue with scattered areas fading to brown, a couple small dings, a spot of light pitting on the frontstrap, silvering on the exposed edges and some scattered freckling. The "Phoenix" marked grips rate very good plus overall with some scattered dings and handling marks. A small number of these pistols were made in Lowell to compete with guns such as the Colt 1908 Vest Pocket and today they are hard-to-find. A very good example overall. (207942-117) {C&R} (300/500)
1218. **RUGER OLD ARMY PERCUSSION REVOLVER** serial #145-75728, .45 cal., 7 1/2" barrel with an excellent bore. The stainless steel surfaces rate very good to excellent with a few light handling marks, scattered scratches and a turn ring on the unfluted cylinder. The grips are replacement rubber checkered Pachmayr Presentation grips with a few light handling marks. The revolver features black blade fully adjustable rear sight and a serrated ramp front sight. This revolver includes a black right hand cavalry style flap holster and size 40 leather belt, both in excellent condition. (88096-14) {ANTIQUÉ} (350/550)

1219. SMITH & WESSON MODEL 31 REGULATION POLICE REVOLVER

serial 704343, 32 S&W Long, 3" pinned barrel with an excellent bore. This improved flat latch revolver was made toward the end of the I frame production. It retains about 99% factory blue with a light turn ring on the cylinder. The standard hammer and trigger retain bold case-hardened colors with light operational wear. The un-numbered diamond checkered walnut factory Magna grips with silver S&W medallions rate excellent. The gun includes a factory two-piece box that is correctly end labeled and numbered to the gun in addition to paperwork. The end label has a later added serial number which is correctly written in grease pencil on the bottom of the box. This beautiful little I frame Model 31 has seen little use over the years. (88218-50) {C&R} [Ken Waters Collection] (400/600)

1220. SMITH & WESSON MODEL 39-2 SEMI-AUTO PISTOL

serial #A125857, 9mm, 4" barrel with an excellent bore. This pistol retains about 99% factory blue and anodized finishes with a few minor handling marks. The checkered walnut factory grips with silver S&W medallions rate excellent with a minor dent in the right panel. The pistol features a Baughman ramp front sight and fully adjustable black blade aftermarket MMC Combat rear sight. The pistol includes a factory two-piece box that is not correctly end labeled (for model 39) or correctly numbered to the gun, a single factory magazine, cleaning rod, (MMC Combat sight instructions, paper work and a factory manual. (88218-43) {MODERN} [Ken Waters Collection] (350/550)

1221. SMITH & WESSON 32 HAND EJECTOR REVOLVER

serial #589130, 32 S&W Long, 2" barrel with an excellent bore. This five screw I frame Pre-Model 30 revolver retains about 95% factory blue with light muzzle wear, limited high edge wear, oxidation blemishes and scratches. The standard hammer and trigger retain bold case-hardened colors with light operational wear. The diamond checkered factory walnut Magna grips with silver S&W medallions are correctly numbered to the gun and rate very good to excellent with light handling marks and a dent on the left panel. (88218-46) {C&R} [Ken Waters Collection] (400/600)

1222. COLT OFFICIAL POLICE REVOLVER

serial #12164, 22 LR, 6" barrel with an excellent bore. This 1937 made revolver retains about 85% plus factory blue with the grip frame toned to gunmetal gray, high edge wear, minor oxidation stains and scratches. The checkered trigger and hammer exhibit light wear to the blued surfaces with the face of the trigger worn to pewter. The grips have been replaced with period Franzite faux ivory striking eagle poised grips that rate very good with several fine checks on the right panel, light soiling and have shrunk at the top. Timing and lock up remain excellent. This gun should make a good shooter or start-up gun for the collector. (88218-45) {MODERN} [Ken Waters Collection] (400/600)

1223. COLT POLICE POSITIVE REVOLVER

serial #156892, 38 Colt New Police, 4" barrel with an excellent bore exhibiting a few small oxidation stains and pits. The metal surfaces of this 1924 made revolver retain about 97% factory blue with some light oxidation staining on the cylinder and topstrap along with a few handling marks. The blue on the hammer and trigger rates near excellent with minor operational wear. The checkered hard rubber factory service grips with "C" over the escutcheons and fleur-de-lis pattern rate excellent and are numbered to the gun. Timing and lock up are excellent. A nice example for the collector or revolver enthusiast. (88218-39) {C&R} [Ken Waters Collection] (350/550)

1224. SMITH & WESSON MODEL SW99 SEMI-AUTO PISTOL

serial #SAA3220, 9mm, 4" barrel with bright excellent bore. The metal surfaces retain 97% original black finish and the textured polymer with integral accessory rail rates excellent. The pistol has standard three dot sights with adjustable rear and comes with a single ten round factory magazine. (108290-216) {MODERN} (350/550)

1225. BACON MANUFACTURING PERCUSSION POCKET REVOLVER serial #1005, 4" round barrel with a moderately oxidized bore still showing traces of rifling. The metal surfaces on this second model revolver bear an overall dark brown patina with a light turn ring on the cylinder, scattered fine oxidation staining with some tiny impact marks and pinprick pitting, the loading lever and plunger are a lighter pale gray. The walnut grips rate about very good with light handling marks retaining about 60% original varnish. The right panel is numbered but illegible and the retention tabs at the tops of the grips show moderate wear. All numbered parts are matching, the wedge pin is unnumbered. The cylinder binds lightly from time to time. (57956-13) {ANTIQUE} (350/550)

1226. PERSIAN M30 BOLT ACTION CARBINE serial #7056-1, 8mm Mauser, 18" barrel with a good plus bore that shows moderate pitting throughout much of its length but strong rifling. The front band and floorplate are a light gray pewter with some light oxidation stain specks, while the balance of the other parts are an overall dull gray patina with some small freckling spots on rear of receiver, some scattered light oxidation stain specks and light silvering at the muzzle. The hardwood stock rates very good as-refinished with a lightly added oil finish, a small chip at right rear of handguard, scattered dings and handling marks. The lion crest is strong, the bolt is mismatched, the safety operates a bit stiffly and there is no cleaning rod present. A solid example of a hard-to-find Persian Mauser carbine. (208060-41) {C&R} (300/500)

1227. SMITH & WESSON MODEL 31-1 32 REGULATION POLICE REVOLVER serial #H141316, .32 S&W Long, 2" pinned barrel with bright excellent bore. The metal surfaces retain 98% original blue with some loss to due to minor scratches and a turn ring on the cylinder. The standard hammer and service trigger retain bold case-hardened colors. The checkered walnut Magna grips with silver S&W medallions rate excellent with a few light handling marks and slightly rounded points. This revolver was manufactured in the early 80's and remains in excellent condition. (108257-9) {MODERN} (350/550)

1228. RUGER NEW MODEL BLACKHAWK SINGLE ACTION REVOLVER serial #46-11149, .45 Colt, 7 1/2" barrel with bright excellent bore. The metal surfaces retain 98% blue with some light silvering at the muzzle and a very light turn ring on the cylinder. The hammer has scattered spots of light oxidation staining and the revolver has standard ramp front sight with black blade adjustable rear sight. The faux ivory grips rate excellent. (108290-294) {MODERN} (350/550)

1229. SMITH & WESSON MODEL 49 BODYGUARD REVOLVER serial #J932916, .38 Special, 2" barrel with bright excellent bore. The metal surfaces retain 99% original blue finish with a faint turn ring visible along the cylinder. The top of the shrouded hammer matches the rich dark tones of the case-hardened colors visible on the service trigger and the revolver has standard 1/10" serrated ramp front sight with square notch rear sight. A set of checkered walnut Magna grips with silver S&W medallions stock this revolver and they rate excellent. Included with this steel frame revolver is a correct factory box that is end labeled and numbered to the gun with manual and cleaning kit. This compact carry piece has seen very little if any use. (108290-290) {MODERN} (350/550)

1230. RUGER MODEL SP101 DOUBLE ACTION REVOLVER serial #570-69806, .32 H&R Magnum, 3 1/16" heavy barrel with bright excellent bore. The stainless surfaces rate excellent showing only a few light handling marks and very light turn ring on the cylinder. The revolver has a pinned front ramp sight with white outline black blade rear sight. The cushion rubber grips with textured black plastic inserts rate excellent and included with this revolver are the original factory box with shipping sleeve and manual. (108251-2) {MODERN} (350/550)

1231. SMITH & WESSON M&P 40 SEMI-AUTO PISTOL serial #HAR6342, .40 S&W, 4 1/4" barrel with bright excellent bore. The metal surfaces retain 99% original black Melonite finish and rate excellent. The black Zytel polymer frame rates excellent. The pistol has Novak Lo-Mount sights and comes with two ten round magazines, three interchangeable grip panels, cable lock, manual, and correctly end labeled factory hard case that is numbered to the gun. (108270-10) {MODERN} (350/550)

1232. RUGER NEW MODEL BLACKHAWK SINGLE ACTION REVOLVER serial #35-91038, .357 Magnum, 4 5/8" barrel with bright excellent bore. The stainless surfaces rate excellent and have a few minor handling marks with a light turn ring along the cylinder. The revolver has standard ramp front sight with adjustable black blade rear sight and the smooth hardwood grips with black phoenix medallions rate excellent. (108290-268) {MODERN} (350/550)

1233. SMITH & WESSON M&P 40 SEMI-AUTO PISTOL serial #HAR4534, .40 S&W, 4 1/4" barrel with bright excellent bore. The metal surfaces retain 99% original black Melonite finish and rate excellent. The black Zytel polymer frame rates excellent and the pistol is sighted with Novak Lo-Mount sights. Included with the pistol are two ten round magazines, three interchangeable grip panels, cable lock, manual, and correctly end labeled factory hard case numbered to the gun. (108270-9) {MODERN} (350/550)

1234. SMITH & WESSON M&P 40 SEMI-AUTO PISTOL serial #HAR4541, .40 S&W, 4 1/4" barrel with bright excellent bore. The metal surfaces retain 98% original black Melonite finish and rate excellent. The black Zytel polymer frame rates excellent and the pistol is sighted with Novak Lo-Mount sights. Included with the pistol are two ten round magazines, three interchangeable grip panels, cable lock, manual, and correctly end labeled factory hard case numbered to the gun. (108270-8) {MODERN} (350/550)

1235. RUGER VAQUERO SINGLE ACTION REVOLVER serial #55-10487, 45 Colt, 7 1/2" barrel with bright excellent bore. The barrel, cylinder, and grip frame retain 97% blue finish with a few light scratches, spots of silvering at the tip of the ejector rod housing and muzzle with a light turn ring on the cylinder. The frame shows strong case-hardened colors with a few light scratches visible and the revolver has standard fixed sights. The smooth hardwood grips with black phoenix medallions rate excellent overall with a few light handling marks. (108290-242) {MODERN} (350/550)

1236. **RUGER MODEL SP101 DOUBLE ACTION REVOLVER** serial #571-63209, .357 Magnum, 2 1/4" barrel with bright excellent bore. The stainless surfaces rate excellent showing a few minor handling marks with perhaps a spot or two of light fine oxidation staining and light turn ring around the cylinder. The revolver has a standard fixed blade front sight with square notch rear sight and the black rubber with textured plastic insert grip rates excellent and included is a manual. This would make a great shooter or personal protection piece. (108251-3) {MODERN} (350/550)
1237. **SMITH & WESSON MODEL 15-3 COMBAT MASTERPIECE REVOLVER** serial #10K3495, .38 Special, 2" pinned barrel with bright excellent bore. The metal surfaces retain about 90% original blue finish with spots of silvering along the high edges, light turn ring along the recessed cylinder and perhaps a spot or two of light fine oxidation staining. There is a spot of added blue along the grip frame from an alteration that turned this once square butt into a round butt revolver. The standard hammer and smooth combat style trigger have been polished bright showing light operational marks and small patches of fine oxidation staining. The revolver has a red ramp front sight with adjustable micro-click black blade rear sight and the checkered walnut Magna grips rate very good showing overall light handling marks, flaking varnish and mostly crisp points. The frame contour matches the grips well, however the metal is slightly proud of the wood and still has a pleasing ergonomic feel associated with these well constructed revolvers. (108278-24) {MODERN} (350/550)
1238. **KAHR ARMS P9 SEMI-AUTO PISTOL** serial #YB0488, 9mm, 3 1/2" barrel with an excellent bore. The matte stainless steel surfaces rate about very good to excellent with scattered light handling marks. The polymer frame rates very good to excellent with a few light scuffs and handling marks. The pistol is equipped with three dot Tritium night sights that no longer function. The pistol includes a factory hard case that is correctly end labeled but not correctly serial numbered to the gun, a pair of seven round magazines, manual and paperwork. A great little defensive pistol. (88100-61) {MODERN} [Walter "Walt" Rauch Collection] (350/550)
1239. **STEVENS MODEL 53-B BOLT ACTION RIFLE** 22 LR, 24" barrel with a bright excellent bore. The metal surfaces retain 95% original blue with light surface oxidation and handling marks. The smooth walnut stock with ebony forend tip rates excellent with light handling marks. This rifle functions well and would make a fun shooter. (1X178057-5) {MODERN} (50/100)

1240

1240. **GERMAN SYSTEM AYDT SINGLE SHOT TARGET RIFLE BY KIESS-KLEIN** serial #7040, 22 LR, 28 1/4" barrel with an excellent bore. The barrel retains about 90-92% original blue, the loss is due primarily to even fading, mostly at the muzzle and on the sharp edges and contact points, also with scattered very light oxidation. The action is a darker deep gray-blue patina with light oxidation staining on its right flat and toning to silver and light pewter on its left. The top of the breechblock and action are neatly mated and maker marked. The checkered walnut buttstock and forearm rate very good plus, the buttstock with a checkered hard rubber grip cap and what appears to be a later replacement heavy brass crescent style buttplate (it is highly likely the gun originally had some manner of Swiss hook). The original blade style front sight is in place as is the open rear sight atop the sight rail on the barrel. The sight is rather neat and features a three-position aperture with a square notch, u-notch and v-notch. The rear diopter sight is no longer present. The gun seems to function well mechanically. (38158-19) {C&R} (350/550)
1241. **CESKA ZBROJOVKA MODEL CZ-75 BD POLICE SEMI-AUTO PISTOL** serial #AU134, 9mm, 4 1/2" barrel with an excellent bore. This pistol retains about 98% factory black finish with a few scattered light handling marks, minor high edge wear and a couple of scratches. The checkered black synthetic replacement X-Ray grips rate excellent. This pistol features three dot sights and a frame mounted de-cocker. The pistol includes a single sixteen-round magazine. (88202-4) {MODERN} (350/550)

1242

1242. **WALTHER PPK SEMI-AUTO PISTOL** serial #227195, 32 ACP, 3 5/16" barrel with an excellent bore. This Interarms distributed pistol retains about 97% factory blue with a few tiny areas of pitting on the left side of the slide, high edge wear and handling marks. The checkered brown synthetic factory "eagle" grips rate very good to excellent with light handling marks and have the Walther banner on both panels, federal eagle on the right one and Interarms address on the lower right panel. This 1968 proof dated pistol has the slide correctly numbered to the frame and includes a single factory magazine with flat base. The ill-conceived GCA of 1968 banned the importation of these fine little pistols. (88290-207) {MODERN} (350/550)

1243. **COLT WOODSMAN TARGET SEMI-AUTO PISTOL** serial #59130-S, 22 LR, 6" barrel with an excellent bore. The metal surfaces of this 1949 made pistol retain about 80% factory blue with the grip frame toned to pewter, browning finish around the barrel-frame junction, high edge wear, a few oxidation stains and scratches. The checkered thumb rest synthetic factory grips with Colt monogram on the right panel rate about excellent with light handling wear. The pistol features a Coltmaster adjustable rear sight and Patridge front sight. A single factory magazine is included. (88303-21D32097) {C&R} (350/550)

1244. **COLT SECOND GENERATION MODEL 1851 NAVY PERCUSSION REVOLVER** serial #10372, .36 cal., 7 1/2" octagon barrel with an excellent bore. This revolver retains about 99% factory finishes with a few light handling marks on the blue finished barrel and cylinder, bold case-hardened colors on the frame, and very lightly tarnished silver plate on the grip frame. The smooth one-piece factory walnut grips are correctly numbered to the gun and rate very good to excellent with light handling wear. All appropriate parts are correctly numbered to the gun. The right-side barrel pin is broken and the base pin has slight play. (88217-1) {ANTIQUE} (350/550)

1244

1245. **CUSTOM INSCRIBED HENRY GOLDEN BOY LEVER ACTION RIFLE** serial # GB044529, 22 LR, 20" octagon barrel with a bright excellent bore. The metal surfaces retain 99% original finish on the golden Brasslite receiver, brass buttplate, and blue barrel and action showing a couple of minor handling marks and a couple of specks of tarnish on the buttplate. The American walnut stock and forearm rate excellent with the right side of the buttstock inscribed with "Let's Roll". This custom inscribed rifle is from a set of rifles purchased as gifts for employees and is in like-new condition. (128087-211) {MODERN} [Kenneth Fry Collection] (350/550)

1246. **CUSTOM INSCRIBED HENRY GOLDEN BOY LEVER ACTION RIFLE** serial #GB050018, 22 LR, 20" octagon barrel with a bright excellent bore. The metal surfaces retain 99% original finish on the golden Brasslite receiver, brass buttplate, and blue barrel and action showing a couple of minor blemishes. The American walnut stock and forearm rate excellent with the right side of the buttstock inscribed with "Let's Roll". This custom inscribed rifle is from a set of rifles purchased as gifts for employees and is as new with its original box. (128087-206) {MODERN} [Kenneth Fry Collection] (350/550)

1247. **CUSTOM INSCRIBED HENRY GOLDEN BOY LEVER ACTION RIFLE** serial #GB050830, 22 LR, 20" octagon barrel with a bright excellent bore. The metal surfaces retain 99% original finish on the golden Brasslite receiver, brass buttplate, and blue barrel and action which show a couple of light handling marks and the buttplate exhibits a little tarnish. The American walnut stock and forearm rate excellent with the right side of the buttstock inscribed with "Let's Roll". This custom inscribed rifle is from a set of rifles purchased as gifts for employees and is as new with its original box. (128087-219) {MODERN} [Kenneth Fry Collection] (350/550)

1248

1248. **RUGER OLD MODEL "FLAT TOP" SINGLE ACTION REVOLVER** serial #21521, .357 Magnum, 4 5/8" barrel with bright excellent bore. The metal surfaces retain about 95% original blue and anodized finishes with loss along the grip frame and triggerguard likely due to a chemical exposure. The cylinder has a light turn ring and the loading gate has toned to a plum color. The revolver has a ramp front sight and adjustable black blade rear sight and the safety bar update has been completed. The checkered hard rubber grips with black phoenix medallions rate near excellent having lightly faded, turning more brown in color with slightly worn points. (108301-17) {C&R} (600/800)

1249. **GLOCK MODEL 19 SEMI-AUTO PISTOL** serial #XGR864, 4" barrel with bright excellent bore. The metal surfaces retain 98% original Tenifer finish and the textured polymer frame rates excellent. The pistol features white outline rear and dot front fixed sights and has replacement slide back plate and grip plug from Bastion with the Punisher Logo. Included with this fourth generation pistol are a correctly labeled and numbered factory hard case, two magazines, loading tool and related papers. (108300-10S20580) {MODERN} (350/550)

1250. **GLOCK MODEL 22 SEMI-AUTO PISTOL** serial #CKY568US, .40 S&W, 4 1/2" barrel with bright excellent bore. The metal surfaces retain 90% original Tenifer finish with several light scratches and silvering along the high edges and around the breech. The rough checkered polymer frame rates near excellent and has added grip tape and custom beaver tail style back strap. The pistol has fixed fiber optic front sight and MH3 rear night sights that still glow softly. Included with this pistol are a single 10 round factory magazine and Elite Survival ambidextrous nylon holster. (108300-6S20602) {MODERN} (350/550)

1251. **SMITH & WESSON M&P 45 SEMI-AUTO PISTOL** serial #HVT6856, .45 ACP, 4" barrel with bright excellent bore. The metal surfaces retain 98% original Melonite finish and the textured grip polymer frame with integral accessory rail rates excellent. The pistol features an ambidextrous safety with low profile night sights that illuminate brightly and comes with a correctly end labeled and numbered to the gun factory hard case, two interchangeable grip inserts, manual and lock. (108300-12S20579) {MODERN} (350/550)

1252. **SMITH & WESSON MODEL 10-5 38 MILITARY & POLICE REVOLVER** serial #D302188, .38 Special, 2" pinned barrel with bright excellent bore. The metal surfaces retain about 95% original blue with loss due to light operational wear, silvering along the high edges and light turn ring on the recessed cylinder. The standard hammer and smooth combat trigger show mottled case-hardened colors. The revolver has a 1/8" serrated ramp front sight with square notch rear sight and the checkered walnut Magna grips with S&W medallions rate about very good with light handling marks and small refinish spot on the left side panel, likely from use. (108278-23) {MODERN} (350/550)

1252

1253. **U.S. FP-45 LIBERATOR PISTOL BY G.M. GUIDE LAMP DIVISION** 45 ACP, 4" barrel with an oxidized bore. The metal surfaces have been lightly cleaned overall with some original corrosion resistant finish remaining mostly on the grip frame in addition to oxidation blemishes, scratches and a few dings. The barrel has a smooth grind mark with a welding imperfection and the cocking knob rates about excellent with light handling wear and oxidation on the ferrous metal parts and there is a cavity mold number of "20". This three-hole pistol has a crescent "F" breech marking, remains fully operational and the floorplate is missing. The barrel has German proof marks dated 3/82 with the caliber marked and the number "397". (86229-804) {C&R} [Elliott Riggs Collection] (400/600)

1253

1254. **WINCHESTER MODEL 1906 SLIDE ACTION RIFLE** serial #481232, 22 LR, 20" barrel with an excellent bore. The metal surfaces of this 1916 made rifle retain about 10% factory blue mostly on the receiver. The remaining metal surfaces have toned to a gray-brown with splashes of blue intermixed. Overall, the metal surfaces are smooth with only light handling and operational marks. The buttstock and butt plate rate about very good as refinished with old dents, dings and scratches visible plus the finish is starting to thin around the wrist. The forend stock rates excellent with later applied finish. The barrel and tang markings are correct for the era of production.

Included with this handy pre-WWI gun is a black leather violin case with the interior fitted to hold the gun in its disassembled state. The case rates about very good overall with scratches and scuffs. Also included are (2) fifty round Winchester yellow/blue/red labeled boxes of 22 LR "Leader" staynless ammunition that rate excellent, a four-piece brass cleaning rod with wood handles and slotted tip and (3) assorted bore brushes. The gun has seen some honest wear but remains tight. You'll surely raise some eyebrows when you show up at the range with your "violin". (88286-6) {C&R} (350/550)

1254

1255. **COLT FRONTIER SCOUT REVOLVER** serial #5776Q, 22 LR, 4 5/8" barrel with an excellent bore. The metal surfaces of this 1958 made two tone revolver retain about 97% factory blue and anodized finishes with light high edge and operational wear, thinning finish on the barrel plus a few handling marks. The checkered black synthetic grips with Colt monograms rate excellent with a few minor scuffs. This "22 RF" has seen some light use but still times and locks up correctly. A solid little Frontier Scout. (88286-1) {C&R} (350/550)
1256. **MAUSER MODEL HSC SEMI-AUTO PISTOL** serial #748534, 32 ACP, 3 3/8" barrel with an excellent bore. This pistol retains about 99% factory blue with light high edge wear. The checkered walnut factory grips rate excellent. The barrel is numbered to the gun and there are "[eagle]/N" commercial proofs. The pistol includes an excellent condition unmarked black leather flap holster and a pair of magazines. (88060-106) {C&R} (300/500)

1257. **WINCHESTER MODEL 94 TRAPPER LEVER ACTION CARBINE** serial #4855328, 30-30, 16" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a couple of minor scratches and some light oxidation on the magazine tube and receiver. The walnut stock and forearm rate about excellent with a ding and a few other minor handling marks. This rifle features a large loop lever and appears to have seen little use. (128290-14) {MODERN} (350/550)

1258. **WINCHESTER MODEL 94AE TRAPPER LEVER ACTION CARBINE** serial #6219782, 30-30, 16" barrel with a bright excellent bore. The metal surfaces retain 99% original blue with a couple of light handling marks. The walnut stock and forearm rate excellent with a few light handling marks. This crossbolt safety angle eject rifle features a large loop lever and appears to have seen little if any use. (128290-99) {MODERN} (350/550)

1259. **SPRINGFIELD ARMORY MODEL 1911-A1 SEMI-AUTO PISTOL** serial #NM58368, 45 ACP, 5" barrel with an excellent bore. The metal surfaces retain about 95% original blue with thinning to gray on the gripstraps, some light oxidation and oxidation staining on the bottom of the frame and top of the slide and the safety has toned to plum with some silvering on its edges. The checkered walnut grips rate excellent with a minor handling mark or two. (128290-212) {MODERN} (300/500)

1260. **SAVAGE ANSCHUTZ MODEL 141M BOLT ACTION RIFLE** serial #458524, 22 Magnum, 21 1/2" barrel with a bright excellent bore. The metal surfaces retain 99% original blue with a light handling mark or two. The European walnut Monte Carlo pistolgrip stock with skip-line checkering and ebony forend rates excellent with also with a light handling mark or two. The gun features a bead front and an elevation adjustable folding leaf rear sights, a grooved receiver, and comes with a five shot magazine and a leather sling with quick detachable swivels. A great gun that appears lightly used and would be as good with the target as with varmints. (128211-8) {MODERN} (350/550)

1261. **RUGER NEW MODEL BLACKHAWK CONVERTIBLE SINGLE ACTION REVOLVER** serial #46-70412, .45 Colt / .45 ACP, 4 5/8" barrel with bright excellent bore. The metal surfaces retain 95% blue and anodized finishes with light silvering along some of the high edges and turn rings on both cylinders. The revolver has a ramp front sight with white outline adjustable rear sight and the smooth walnut grips with black phoenix medallions rate excellent with a few light handling marks. A second cylinder is included. (108278-31) {MODERN} (350/550)

1262. **COLT POLICE POSITIVE SPECIAL DOUBLE ACTION REVOLVER** serial #27587M, 38 Special, 4" barrel with bright excellent bore. The metal surfaces retain 95% blue finish and have scattered light fine oxidation staining, silvering at the muzzle and along the high edges with a light turn ring on the cylinder. This third issue has standard sights and is fitted with a set of checkered walnut grips similar to those of a Detective Special and rate excellent. (108274-1) {MODERN} (350/550)

1263. **THOMPSON CENTER ARMS CENTER TENDER SINGLE SHOT PISTOL** serial #231241, .357 Magnum, 10" bull barrel with bright excellent bore. The metal surfaces retain 98% blue finish with a couple of light scratches. The Pistol features a fixed ramp front sight, adjustable rear sight and new style hammer mounted safety/selector. The smooth walnut finger groove grips and forend rate excellent with a few minor light handling marks. (108290-306) {MODERN} (350/550)

1264. **THOMPSON CENTER ARMS CONTENDER SINGLE SHOT PISTOL** serial #A6687, .44 Rem. Mag., 10" bull barrel with bright excellent bore. The metal surfaces retain 99% Armour Alloy II finish with a couple of light operational wear marks. The pistol has a pinned ramp front sight with adjustable black blade rear sight and new style hammer mounted safety/selecter. The pistol is stocked with a set of Pachmayr checkered rubber "Gripper" forend and grips that rate excellent. (108290-281) {MODERN} (350/550)

1265. **SMITH & WESSON MODEL 29-2 DOUBLE ACTION REVOLVER** serial #N429677, 44 Magnum, 8 3/8" pinned barrel with an excellent bore. The metal surfaces have been glass bead blasted resulting in a non-factory dull matte blue finish with a few light handling marks and turn ring on the cylinder. The .500" target hammer and .500" target trigger retain robust case-hardened colors with light operational wear. The checkered walnut factory target grips with silver S&W medallions rate very good with a few light dents and handling marks. The revolver features white outline micro adjustable factory rear sight and red ramp front sight. Timing and lock up remain solid and the gun should make a great shooter. (86520-299) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1266. **COLT FRONTIER SCOUT '62 SINGLE ACTION REVOLVER** serial #2125P, 22 LR, 4 3/4" barrel with an excellent bore. This 1965 made gun retains about 97% blue and black finishes with light high edge wear, a few scratches and a very faint turn ring on the cylinder. The Colt Staglite grips with silver Colt medallions rate very good to excellent with a few light scuffs and handling marks. Timing and lock up are excellent. (86520-2066) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1267. **WALTHER/INTERARMS TPH SEMI-AUTO PISTOL** serial #G000334, 25 ACP, 2 7/8" barrel with an excellent bore. This American made TPH retains about 99% original blue finish with a few minor handling marks. The checkered black plastic factory grips with Walther banner rate excellent. The pistol features drift adjustable von Stavenhagen style sights and slide mounted de-cocker. The pistol includes a factory hard case that is correctly end labeled and numbered to the gun. (3) magazines with finger extension floor plates, manual, and test target numbered to the gun and dated November 9, 1994. This handy little pocket pistol appears to have seen little if any use. (86520-4336) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1268. **WALTHER/INTERARMS TPH SEMI-AUTO PISTOL** serial #G000352, 25 ACP, 2 7/8" barrel with an excellent bore. This American made TPH retains about 99% original blue finish with few minor handling marks. The checkered black plastic factory grips with Walther banner rate excellent. The pistol features drift adjustable von Stavenhagen style sights and slide mounted de-cocker. The pistol includes a factory hard case that is correctly end labeled and numbered to the gun, a pair of magazines with finger extension floor plates, manual, a test target numbered to the gun and dated October 2, 1998 and paperwork. This pistol appears to have seen little if any use. (86520-4403) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1269. **WALTHER/INTERARMS PPK SEMI-AUTO PISTOL** serial #A048664, 380 ACP, 3 1/4" barrel with an excellent bore. The stainless steel surfaces of this American made pistol rate very good with scattered scratches, scuffs and handling marks. The checkered black plastic factory grips with Walther banner rate very good with scattered scratches, scuffs and handling marks. The pistol features drift adjustable von Stavenhagen style sights and slide mounted de-cocker. The pistol includes a factory hard case that is correctly end labeled and numbered to the gun, a magazine with finger extension floor plate, a magazine with flat metal floor plate, manual and a cleaning rod. (86520-3287) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1270. **COLT NEW SERVICE REVOLVER** serial #61706, 45 Colt, 7 1/2" barrel with slight frosting visible. The metal surfaces of this well used 1914 made gun retain about 35% factory blue with most surfaces worn to pewter and most of the remaining blue found on the frame, flutes and protected barrel areas, in addition to, scattered light scratches, pitting and a series of small impact marks around both sides of the frame/topstrap juncture. The Nitre blue on the hammer and trigger are thinning from use. The correct style checkered hard rubber grips are not correctly numbered to the gun (99898) but rate about good with moderate wear to the diamond points, dents, dings and other handling marks. There is a brass brazed firing pin bushing repair on the frame; it has worn sufficiently that primers may back out or flow and should receive the services of a professional before firing. Lock up is good but timing may need attention and the lanyard loop is present. (86520-2095) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1271. **SMITH & WESSON MODEL 12-2 MILITARY & POLICE AIRWEIGHT REVOLVER** serial #D712542, 38 Special, 2" pinned barrel with an excellent bore. This revolver retains about 98% original blue and anodized finishes with a few minor handling marks, turn ring on the cylinder and a stray oxidation blemish also on the cylinder. The standard hammer and standard trigger retain bold case-hardened colors with light operational wear. The checkered walnut factory Magna grips with silver S&W medallions rate near excellent with a few light handling marks. (86520-262) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1272. **COLT WOODSMAN MATCH TARGET SEMI-AUTO PISTOL** serial #15115-S, 22 LR, 6" heavy barrel with an excellent bore. This 1948 made second generation woodsman retains about 80% factory blue with the high edge wear and oxidation blemishes. The top of the pistol, and to a lesser extent the bottom and backstrap, are toning to brown along with light freckling. The pistol has been equipped with unmarked checkered walnut thumb rest target grips that rate very good plus and exhibit light scattered dents, dings and diamond point wear. The pistol features an undercut Patridge front sight and Coltmaster adjustable rear sight. The muzzle end of the barrel lug has been drilled and a non-removable plug installed, probably to add lead weights, but is unconfirmed. The pistol includes a single magazine. This gun should make a great shooter. (86520-111) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1273. **ESSEX ARMS GOVERNMENT MODEL SEMI-AUTO PISTOL WITH COLT 22/45 CONVERSION UNIT** serial #39371, 22 LR, 5" barrel with an excellent bore. The metal surfaces retain about 96% blue finish with most of the loss to the matte grip frame along with high edge wear and scratches. The polished and matte surfaces of the Colt conversion unit also display high edge wear and a few scratches. The pistol sports a set of checkered walnut Colt factory grips with gold Colt medallions that excellent. The gun also features a cross hatched arched mainspring housing with lanyard loop, long trigger and standard 1911A1 configured grip safety and hammer. The conversion unit features a floating chamber, Accro rear sight and Patridge front sight. While the trigger is not match, quality is very serviceable and the gun should make a great plinker, trainer or informal target gun. (86520-2072) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1274. **SMITH & WESSON NO. 1 THIRD ISSUE TIP-UP**

REVOLVER serial #102484, 22 RF, 3 3/16" barrel with a near excellent bore exhibiting a few pits. The metal surfaces retain about 95% factory blue with high edge wear, light scratches, a few areas starting to thin and a turn ring on the cylinder. The trigger and hammer retain bold case-hardened colors but the ejector stud is mostly straw. The smooth rosewood grips rate very good plus with limited flaking finish and other handling marks. The grips are correctly numbered to the gun, and the assembly numbers correctly match on the frame, barrel and cylinder. The revolver still functions mechanically and the barrel-to-frame fit has just a hint of play. (86520-438) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (350/550)

1275. **SMITH & WESSON MODEL 15-3 COMBAT MASTERPIECE REVOLVER** serial #3K1508, 38 Special, 4" pinned barrel with an excellent bore. The metal surfaces retain about 96% original blue with scattered high edge wear, handling marks and a turn ring on the cylinder. The standard trigger and standard hammer retain bold case-hardened colors with light operational wear. The checkered rubber Pachmayr Presentation grips rate very good with light handling wear and scuffs. The pistol is equipped with black blade micro adjustable rear sight and later added green ramp front sight. Timing and lock up are good and it should make a good shooter. (86520-2067) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1276. **SMITH & WESSON .32 HAND EJECTOR MODEL REVOLVER** serial #617480, 32 S&W Long, 3" barrel with an excellent bore. This four-screw improved "I" frame revolver with improved flat latch has a non-standard 3" barrel. The metal surfaces retain about 96% factory blue finish with scattered oxidation stains, light high edge wear, turn ring on the cylinder and a few handling marks. The standard trigger and standard hammer retain bold case-hardened colors with light operational wear. The diamond checkered factory walnut round butt grips with silver S&W medallions rate excellent and are correctly numbered to the gun. All appropriate parts are correctly numbered to the gun and it still times and locks up correctly. Post-war .32 hand ejectors were offered with 3 1/4" barrels the later 3" barrels being offered in model 30 revolvers as standard starting in 1957. There are no rework marks on the gun and the 3" barrel has the later ramped front sight that was produced starting in late 1956 and is correctly numbered to the gun, which presents a field of possible explanations. (6520-3029) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1277. **SMITH & WESSON MODEL 1903 .32 HAND EJECTOR REVOLVER** serial #170210, 32 S&W Long, 3 1/4" barrel with a lightly frosted bore. The metal surfaces of this 5th change revolver retain about 97% nickel plate with limited high edge wear, scattered light oxidation blemishes, turn ring on the cylinder, slight clouding and scratches. There are a series of light impacts on the triggerguard, mostly around the rear bow. The standard hammer has strong case-hardened colors but the trigger has started to fade with the face and hammer spur worn to pewter. The diamond checkered hard rubber factory grips with S&W logo rate about good with some minor handling wear but the right panel is missing a chip on the butt that extends out from the grip pin hole. The grips are not correctly numbered to the gun but all other appropriate parts are. (86520-3302) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1278. **SMITH & WESSON MODEL 469 "MINI" SEMI-AUTO PISTOL** serial #A840439, 9mm, 3 1/2" barrel with an excellent bore. The metal surfaces retain about 99% factory blue and anodized finishes with faint high edge wear, a few light handling and operational marks in addition to the slide toning to plum. The thin textured black synthetic factory grips with S&W logo rate excellent. The pistol features a serrated ramp front sight with inset high visibility yellow line, white outline rounded, no-snag drift adjustable rear sight and spurless hammer with serrated top to allow single action thumb cocking. The pistol includes a single factory magazine with finger rest floorplate. A great concealed carry pistol. (86520-2440) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1279. **COLT MODEL 1908 VEST POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #256696, 25 ACP, 2 1/8" barrel with a lightly frosted bore. The metal surfaces of this 1920 made pistol retain about 85% factory blue with areas worn to brown/purple, fine pinprick pitting, oxidation blemishes and scratches. The case-hardened colors remain bold on the trigger, safety and grip safety with light operational wear. The correct checkered hard rubber factory grips rate about excellent with minor handling wear. The pistol includes a single Colt marked two-tone magazine. (86520-2018) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1280. **SMITH & WESSON 22 / 32 HEAVY FRAME TARGET HAND EJECTOR REVOLVER** serial #472411, 22 LR, 6" barrel with an excellent bore. This revolver retains about 75% factory blue with the front strap toned to brown, scattered oxidation blemishes, pitting, high edge wear, barrel toned to a brown/pewter and a turn ring on the non-recessed cylinder. The hammer has some muted case-hardened colors showing along with oxidation blemishes. The trigger is pewter with oxidation stains. The grips are replacement checkered rubber Pachmayr Compacs that rate very good exhibiting light handling wear. (86520-2084) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1281. **SMITH & WESSON DOUBLE ACTION PERFECTED TOP-BREAK REVOLVER** serial #14630, 38 S&W, 5" barrel with a bore exhibiting scattered light pitting and oxidation. This lovely revolver was returned to the factory to be refurbished. The metal surfaces retain about 99% factory reapplied blue with a few light scratches and a faint turn ring on the cylinder. The trigger and hammer retain bold case-hardened colors with minor freckling and wear on the trigger. The smooth unmarked un-numbered mother-of-pearl grips rate good to very good with a shallow chip missing on the left panel. The butt has a factory refurbishing mark (star) and the grip frame is dated August, 1951. Barrel-to-frame fit is tight and all appropriate parts are correctly numbered to the gun. (86520-415) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1282. **COLT POCKET POSITIVE REVOLVER** serial #124939, 32 Colt New Police (S&W Long), 2 1/2" barrel with an excellent bore. This 1926 made revolver retains about 96% factory blue with high edge wear, butt area thinning to pewter, light turn ring on the cylinder and a few handling marks. The checkered hard rubber factory grips with "Colt" within an oval are correctly numbered to the gun and rate good showing a shallow repaired chip on the toe of the right panel. Timing and lock up remain excellent. (86520-2912) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1283. **COLT POCKET POSITIVE REVOLVER** serial #128182, 32 Colt New Police (S&W Long), 2 1/2" barrel with an excellent bore. This 1927 made revolver retains about 97% factory blue with high edge wear, a few cleaned oxidation and pitting areas on the barrel and cylinder. The checkered hard rubber factory grips with "Colt" within an oval are not correctly numbered to the gun but rate very good to excellent with limited diamond point compression on the left panel. Timing and lock up remain excellent. (86520-2419) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1284. **COLT 357 REVOLVER** serial #21002, 357 Magnum, 4" heavy barrel with an excellent bore. The metal surfaces of this 1959 made revolver retain about 80% plus factory blue with the serrated backstrap oxidized to brown, moderate high edge wear, oxidation blemishes, pitting and scratches. The replacement checkered rubber Pachmayr "Gripper" finger groove grips rate excellent. The revolver features Colt Accro rear sight, serrated ramp front sight and standard hammer. Should make a good shooter as timing and lock up are excellent. (86520-2013) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1285. **SMITH & WESSON MODEL 27-2 REVOLVER** serial #N36505, 357 Magnum, 3 1/2" pinned barrel with an excellent bore. This early 1970's made revolver has been non-factory hard chrome refinished and retains about 97%. There is a freckling of flaking on the left and right sides of the frame along with a turn ring, minor high edge wear and a few scratches. The .500" target trigger and .500" target hammer retain full hard chrome finish. The grips are checkered rubber Pachmayr Presentation grips that rate very good to excellent with light handling wear. The gun is equipped with a red ramp front sight and white outline micro adjustable factory rear sight. Timing and lock up are excellent and should make a great shooter and carry gun. (86520-2451) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1286. **COLT POLICE POSITIVE SPECIAL REVOLVER** with Agency Markings serial #814233, 38 Special, 4" barrel with an excellent bore. This 1962 made second issue revolver retains about 97% factory blue with high edge wear, slight thinning on the grip frame, a few oxidation stains and a light turn ring on the cylinder. The checkered walnut factory grips with silver Colt medallions rate excellent but the left panel is slightly warped leaving a gap on the frame at the top. The butt is stamped "HCCD 48", likely the Hudson County Corrections Dept., but not definitive. Overall, a nice Police Positive Special. (86520-362) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1287. **COLT POLICE POSITIVE SPECIAL REVOLVER WITH POLICE MARKINGS** serial #447215, 38 Special, 4" barrel with an excellent bore. This 1936 made second issue revolver retains about 96% factory blue with high edge wear, slight thinning on the grip frame, a few oxidation stains and the front of the triggerguard bow has been cleaned, cold blued and lightly tooled probably to eliminate a very small ding. The checkered walnut factory grips with silver Colt medallions rate near excellent with light scattered diamond point wear. The butt is stamped "P.P.D. No. 62". At least four agencies are identified by R.L. Wilson in *The Book of Colt Firearms* that Colt sold to over the years and possibly more that use those initials and markings. Overall, a nice Police Positive Special that should be attractive to the Police firearm collector. (86520-2543) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1288. **COLT POLICE POSITIVE REVOLVER IDENTIFIED TO AMERICAN RAILWAY EXPRESS** serial #334660, 38 Colt New Police (S&W), 4" barrel with an excellent bore. This 1930 made revolver retains about 97% factory blue with high edge wear, cleaned pitting at the muzzle and minor freckling. Strong blue is present on the trigger and hammer. The correct unnumbered checkered walnut factory grips with silver Colt medallions and reapplied finish rate good to very good with a worn area on the butt of the right panel and a few handling marks. The backstrap is stamped "RY.EX.AGY." for the American Railway Express Company. (86520-2966) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1289. **ARGENTINE BALLESTER-MOLINA SEMI-AUTO PISTOL BY HAFDASA** serial #47114, 11.25mm (45 ACP), 5" barrel with an excellent bore. The pistol retains about 95% factory blue with high edge wear, scratches, limited pitting and oxidation stains. The black synthetic grips rate good to very good with light to moderate handling wear. The pistol is importer marked on the butt and includes a single unmarked magazine. (86520-2898) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1290. **RUGER NEW MODEL SUPER BLACKHAWK BISLEY REVOLVER** serial #85-80240, 44 Magnum, 7 1/2" barrel with an excellent bore. The metal surfaces retain about 95% factory blue and anodized finishes with most of the loss to the blue on the grip frame along with high edge wear, turn ring on the cylinder and a few handling marks. The smooth walnut grips rate excellent with a few minor handling marks. The revolver features a white outline adjustable rear sight and black ramp front sight. The perfect setup for your next deer hunting foray. (86520-679) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1291. **HIGH STANDARD MODEL G-B SEMI-AUTO PISTOL** serial #334940, 22 LR, 4 1/2" barrel with an excellent bore. The metal surfaces retain about 98% factory blue with light scattered handling marks and minor freckling. The checkered brown plastic grips with High Standard logo rate excellent. The pistol features drift adjustable black blade rear sight, serrated ramp front sight and includes a single magazine. (86520-2943) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1292. **HIGH STANDARD FLITE KING LW-100 SEMI-AUTO PISTOL** serial #432823, 22 Short, 4 1/2" barrel with an excellent bore. The pistol retains about 97% blue and anodized finishes with scattered light scratches and limited high edge wear. The checkered brown thumb rest synthetic grips with High Standard eagle logo rate very good plus with light handling marks. The pistol features drift adjustable black blade rear sight, serrated ramp front sight and includes a single magazine. (86520-198) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1293. **HIGH STANDARD FLITE KING LW-100 SEMI-AUTO PISTOL** serial #434522, 22 Short, 6 1/2" barrel with an excellent bore. The pistol retains about 96% blue and anodized finishes with high edge wear, grip frame thinning to plum and a few scratches. The checkered brown thumb rest synthetic grips with High Standard eagle logo rate very good with a few light handling marks. The pistol features drift adjustable black blade rear sight, serrated Patridge front sight and includes a single magazine. (86520-2944) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1294. **COLT WOODSMAN SPORT MODEL SEMI-AUTO PISTOL** serial #132793, 22 LR, 4 1/2" barrel with an excellent bore. This first series 1939 made pistol retains about 75% factory blue with most of the loss due to light scattered oxidation blemishes and pitting on the barrel, slide and frame plus limited high edge wear, cleaned pitting on the frontstrap and a few handling marks. The fully checkered factory walnut grips rate excellent. This gun has windage adjustable black blade factory rear sight and factory elevation adjustable Patridge front sight. The gun includes a single unmarked magazine and would make a wonderful trail gun or shooter. (86520-2131) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1295. **COLT POLICE POSITIVE SPECIAL REVOLVER** serial #A22394, 38 Special, 4" barrel with an excellent bore. The metal surfaces of this third issue revolver retain about 97% factory blue with most of the loss due to a thinning backstrap, limited high edge wear, turn ring on the cylinder and handling marks. The checkered walnut factory service grips are numbered to the gun and rate very good with light scattered dings, dents and wear. Timing and lock up are still as good as the day it left Colt. A good start-up gun for the collector or as a shooter. (86520-192) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1296. **COLT MODEL 1877 "LIGHTNING" REVOLVER** serial #136324, 38 Long Colt, 4 1/2" barrel with a lightly oxidized and pitted bore. This 1902 made revolver is a mottled mix of brown and pewter with the grip frame toning more to purple. The metal surfaces have scattered light oxidation blemishes and pitting with small splashes of factory blue hiding in the protected areas of the triggerguard frame, barrel and backstrap areas around the knuckle. The hammer and trigger are brown with oxidation stains. The checkered hard rubber grips are numbered to the gun and rate about good with moderate to heavy wear to the diamond points and light scratches. The markings on the barrel and frame remain strong to crisp. The revolver still times and locks up correctly. (86520-2091) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1297. **SMITH & WESSON MODEL 65-3 MILITARY & POLICE REVOLVER** serial #AFJ4844, 357 Magnum, 3" heavy barrel with an excellent bore. The stainless steel surfaces rate very good to excellent with scattered light handling marks and a turn ring on the cylinder. The hard chrome smooth combat trigger and standard hammer rate excellent. The checkered rubber Pachmayr "Compac" grips rate excellent. A fine gun for home defense or concealed carry. (86520-2500) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1298. **SMITH & WESSON 22/32 HEAVY FRAME TARGET HAND EJECTOR REVOLVER** serial #423934, 22LR, 6" barrel with an excellent bore. About 50-55% factory blue finish remains with most of the loss to the frame and grip frame which have toned to brown with some pewter mixed in. High edge wear, a few oxidation blemishes, scratches and a cylinder turn ring are also found on the metal surfaces. The trigger is mostly pewter with traces of color but the hammer retains bold case-hardened colors with silvering along the top of the spur and operational wear is evident. The diamond checkered walnut factory extended target grips with gold S&W medallions are correctly numbered to the gun and rate good to very good with light dents, minor chips on the edges of the butt and other handling marks. The revolver features a black blade factory adjustable rear sight and Patridge front sight. This gun is a good candidate as a shooter or for the budding Smith collector. (86520-108) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1299. **SMITH & WESSON MILITARY & POLICE HAND EJECTOR REVOLVER IDENTIFIED TO DETROIT POLICE DEPARTMENT** serial #C208796, 38 Special, 2" barrel with an excellent bore. This post war pre-model 10 retains about 98% factory nickel plate with a few scattered light oxidation blemishes, a couple of dings on the outer edge of the barrel, turn ring on the cylinder and scattered scratches. The nickel plate along the top of the barrel, top strap a few chambers on the cylinder and the frame above the knuckle has clouded. The standard trigger and hammer have strong case-hardened colors remaining with operational wear and areas worn to pewter. The diamond checkered walnut factory round butt grips with silver S&W medallions rate good with scuffs, dings and diamond point wear along with a shallow chip near the base of the left panel. All appropriate parts are correctly numbered to the gun with correct timing and lock up plus the backstrap is engraved "Detroit Police 10187". Every police firearms collector needs a representative gun from the "Motor City". (86520-2927) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1300. **SMITH & WESSON MODEL 36-1 CHIEFS SPECIAL REVOLVER** serial #767166, 38 Special, 3" pinned heavy barrel with an excellent bore. The metal surfaces retain about 96% factory blue with high edge wear, lower portions of the grip frame toning to pewter, scratches and a turn ring on the cylinder. The standard trigger and hammer retain bold case-hardened colors with light operational wear. The checkered walnut factory square butt grips with silver S&W medallions are correctly numbered to the gun and rate about very good with worn finish, a few scratches and scuffs. A fine concealed carry revolver. (86520-259) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1301. **SMITH & WESSON MODEL 37 AIRWEIGHT CHIEFS SPECIAL REVOLVER** serial #J912164, 38 Special, 3" barrel with an excellent bore. The metal surfaces retain about 98% factory blue and anodized finishes with light high edge wear, turn ring on the cylinder and a few handling marks. The standard trigger and hammer retain bold case-hardened colors with lightly cleaned pitting on the sides of the trigger. The checkered walnut factory grips with silver S&W medallions are not correctly numbered to the gun and rate excellent with minor handling wear. A fine gun for defensive use or the start up collector. (86520-183) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1302. **SMITH & WESSON 22/32 HEAVY TARGET HAND EJECTOR REVOLVER** serial #279779, 22 LR, 6" barrel with an excellent bore. This revolver retains about 60% factory blue with the remaining surfaces toning to brown with scattered oxidation blemishes and handling wear. The hammer and trigger have strong case-hardened colors with requisite operational wear. The grips are replacement rubber checkered Pachmayr Compac that rate very good. The gun is equipped with black blade factory "U" notch adjustable rear sight, Paine front sight and rebated "Regulation Police" style round butt frame. Timing and lock up are good and all appropriate parts are correctly numbered to the gun. (86520-1987) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1303. **COLT MODEL K FRONTIER SCOUT SINGLE ACTION REVOLVER** serial #26952P, 22 LR, 4 3/4" barrel with an excellent bore. The metal surfaces of this 1965 made gun retains about 97% factory blue and anodized finishes that has started to thin on the backstrap and recoil shield areas along with limited high edge wear and a light turn ring on the cylinder. The revolver features factory Staglite grips that rate excellent. This gun has seen only light use. (86520-148) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1304. **COLT OFFICERS MODEL TARGET REVOLVER** serial #23270, 22 LR, 6" barrel with an excellent bore. This early war (1941) revolver retains about 80% factory blue with most of the loss on the cylinder in addition to high edge wear, cylinder turn ring and a few handling marks. The stocks are replacement checkered rubber Pachmayr Presentation grips that rate excellent. The revolver features correct windage adjustable factory rear sight and elevation adjustable factory Patridge front sight. Timing and lock up are excellent and it should make a great shooter or startup gun for the collector. (86520-665) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1305. **COLT PRE-WOODSMAN SEMI-AUTO PISTOL** serial #52790, 22 LR, 6 5/8" barrel with an excellent bore. This 1927 made pistol retains about 85% factory blue with scattered light to moderate edge wear, oxidation blemishes, a few areas of minor pitting and handling marks. The checkered walnut factory grips rate good with light diamond point wear, scattered light to moderate scuffs, dents and dings. The rear sight is windage adjustable and the front bead sight is elevation adjustable. The pistol includes a single correctly marked factory magazine. (86520-2482) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1306. **BROWNING MODEL 1910/1955 SEMI-AUTO PISTOL** serial #611519, 380 ACP, 3 7/16" barrel with an excellent bore. The metal surfaces retain about 98% factory blue with light high edge wear and a small stray spot of pitting on top of the slide. The checkered factory synthetic grips have Browning in an oval and rate excellent. The barrel and slide are correctly numbered to the gun and a single unmarked magazine is included. A very nice condition model 1910 pistol. (86520-2511) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (350/550)
1307. **MAUSER W.T.P. MODEL I VEST POCKET SEMI-AUTO PISTOL** serial #37882, 25 ACP, 2 3/8" barrel with an excellent bore. This pistol retains about 90% plus factory blue with high edge wear, oxidation stains and handling marks. The single screw checkered black one-piece factory hard rubber grip rates fair with little wear but a small chip missing on the left toe and a larger shallow chip on the rear. The pistol includes a single magazine with square front and Mauser banner. The pistol includes an unmarked period flap holster that rates good to very good with the belt loop starting to unstitch. (86520-840) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1308. **SMITH & WESSON MODEL 12-2 AIRWEIGHT MILITARY & POLICE REVOLVER** serial #D656876, 38 Special, 4" pinned barrel with an excellent bore. The metal surfaces retain about 99% factory blue and anodized finishes with a few light scratches, minor high edge wear and a turn ring. The standard trigger and hammer retain robust case-hardened colors with operational and edge wear. The checkered walnut factory round butt Magna grips with silver S&W medallions are numbered to the gun and rate very good to excellent with light handling marks. (86520-2455) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1309. **SMITH & WESSON MODEL 12-2 AIRWEIGHT MILITARY & POLICE REVOLVER** serial #D522421, 38 Special, 2" pinned barrel with an excellent bore. The metal surfaces retain about 98% factory blue and anodized finishes with scattered light scuffs on the sideplate and a turn ring on the cylinder. The standard trigger and hammer retain bold case-hardened colors with scattered freckling. The checkered walnut factory round butt Magna grips with silver S&W medallions are numbered to the gun and rate excellent with light handling marks. (86520-1007) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1310. **COLT OFFICIAL POLICE REVOLVER WITH MARKINGS FOR REPUBLIC STEEL** serial #10394, 22 LR, 6" barrel with an excellent bore. This 1935 made revolver has seen some honest use but retains about 80% factory finish with light to moderate high edge wear, grip frame thinned to pewter, turn ring on the cylinder and handling marks. The un-numbered checkered walnut grips with silver Colt medallions rate good with moderate diamond point compression, dings, dents and scratches. The revolver still times and locks up fairly well with one or two chambers needing attention but it has that wonderful smooth pre-war action. The butt is marked "R.S.C. No.225" which is Republic Steel Corporation according to the Book of Colt Firearms by R.L. Wilson. (86520-2024) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1311. **SMITH & WESSON MODEL 1903 HAND EJECTOR REVOLVER** serial #14810, 32 S&W Long, 4 1/4" barrel with a frosted bore. The metal surfaces of this second model hand ejector retain about 80% factory nickel plate with moderate edge and handling wear that has toned to brown along with oxidation blemishes, bubbling, flaking and scratches present. The standard hammer and smooth trigger have toned to brown and pewter with limited case-hardened colors visible. The smooth unmarked mother-of-pearl grips rate near excellent with a minor chip on the base of the right panel. All appropriate parts are correctly numbered to the gun, and it still times and locks up correctly. (86520-2108) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1312. **SMITH & WESSON MODEL 13-2 MAGNUM MILITARY & POLICE REVOLVER** serial #9D33280, 357 Magnum, 3" heavy barrel with an excellent bore. This revolver retains about 99% factory blue with a few light scratches on the recessed cylinder, minor edge wear and a turn ring. The standard trigger and standard hammer retain bold case-hardened colors. The gun is equipped with Uncle Mike's checkered rubber combat grips that rate excellent. A great gun for concealed carry or home defense and was favored by the F.B.I. during the 1970's and 1980's. (86520-3246) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1313. **SMITH & WESSON MODEL 12-3 AIRWEIGHT MILITARY & POLICE REVOLVER** serial #513371D, 38 Special, 4" pinned tapered barrel with an excellent bore. This revolver retains about 99% factory blue and anodized finishes with a light turn ring on the cylinder. The standard trigger and standard hammer retain bold case-hardened colors. The gun is equipped with Pachmayr checkered rubber grips that rate excellent. The gun appears to have seen little use over the years. (86520-3931) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1314. **SMITH & WESSON MODEL 1917 BRAZILIAN CONTRACT REVOLVER** serial #184930, 45 ACP / AR, 5 1/2" barrel with an excellent bore. The arsenal grade reapplied matte finish rates excellent with about 99% remaining. There are a few light handling marks present and a turn ring on the cylinder. The diamond checkered factory replacement Magna grips with worn S&W medallions rate about fair with lightly cleaned surfaces, moderately compressed diamond points, light handling wear and later applied varnish. All appropriate parts are correctly numbered to the gun and the Brazilian seal on the sideplate is strong. The lanyard loop is missing and the backstrap is stamped with the number "4454". The gun should make a good shooter. (86520-3048) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1315. **KIMBER CUSTOM TLE/RL II SEMI-AUTO PISTOL** serial #K140087, 45 ACP, 5" barrel with an excellent bore. The black finish has been cleaned on the slide and to a lesser extent on the frame with about 50-60% remaining. The cleaning has left multiple small fine scratches. The double diamond checkered factory rubber grips rate about excellent. The pistol features three-dot Novak style Tritium night sights that no longer function, checkered forestrap, checkered flat mainspring housing, external extractor and a rail on the dust cover, to name a few features. The top of the front sight is slightly canted from overly enthusiastic cleaning. A single factory magazine is included. (86520-164) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1316. COLT WOODSMAN MATCH TARGET SEMI-AUTO PISTOL serial #161355-S, 22 LR, 6" heavy barrel with an excellent bore. This second generation 1956 made pistol retains about 90% factory blue with high edge wear, oxidation blemishes, pitting and handling marks. There is cleaned oxidation that extends under the grips. The factory grips have been replaced with unmarked checkered walnut palm and thumb rest target grips that rate about very good with scattered light dents, dings and scratches. The pistol features a Patridge front sight and Accro rear sight. The pistol was equipped with an unmarked aftermarket compensator that was secured with an ad-hoc pin to the front sight. The original rear front sight pin is missing. The pistol includes the aforementioned compensator and a single Colt marked magazine. (86520-4070) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1317. COLT OFFICIAL POLICE REVOLVER serial #1887, 22 LR, 6" barrel with an excellent bore. This first-year production revolver (1930) retains about 80% factory blue with moderate high edge wear, grip frame toning to pewter, scratches and other handling wear. The checkered walnut factory grips with silver Colt medallions are not correctly numbered to the gun but rate excellent. The gun has seen some honest use but remains mechanically functional. (86520-3915) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1318. U.S. MODEL 1909 REVOLVER BY COLT serial #37641, 45 Colt, 5 1/2" barrel with a near excellent bore exhibiting light frosting near the breech end. The metal surfaces of this 1911 made gun have remnants of an arsenal refinish and display an overall deep blue-gray and pewter patina with sparse minor oxidation staining as well as oxidation staining on the sides of the hammer and trigger. The unmarked smooth walnut factory grips rate very good as refinished. The right side of the frame, barrel and face of the cylinder shows Rinaldo Carr's inspector marks with the bottom of the barrel U.S. property marked. The Rampant Colt with stylized "C" is faded but barrel and inspector markings are strong. There are several factory refurbish marks, a "K" on the cylinder latch and "&" on the grip frame. The cylinder is a factory replacement with a refurbish number stamped below the extractor. The gun still functions mechanically and the lanyard loop is present. This salty old 1909 Army appears to have been around for a few wars. (86520-240) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1319. COLT SECOND GENERATION MODEL 1862 PERCUSSION POLICE REVOLVER serial

#55055, .36 cal., 5 1/2" barrel with an excellent bore. The barrel and cylinder retain about 98% factory blue with scattered light oxidation blemishes, minor high edge wear, a turn ring and a few scratches. The frame, hammer and loading lever have bold case-hardened colors with light freckling on the frame. The silver-plated grip frame rates excellent with some light tarnishing and handling wear for an overall rating of about 97%. The one-piece smooth factory grips rate excellent. The grips and all appropriate parts are correctly numbered to the gun. A nice second "genny" for the shooter. (86520-3219) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (350/550)

1319

1320. SMITH & WESSON 1ST MODEL 44 HAND EJECTOR REVOLVER serial #196, 44 Special, 6 1/2" barrel with a near excellent bore exhibiting light frosting toward the breech end. This salty old 1908 made "Triple Lock" was one of the first production guns to move off the assembly line. It was returned for a factory repair or refurbish in July 1916. The frame has toned to brown with the barrel and cylinder grayer. There are some handling marks, oxidation blemishes and varying degrees of pitting. The protected areas retain about 10-15% factory blue with the strongest showing in the flutes of the cylinder. The diamond checkered factory walnut grips rate fair to good with moderate to heavy wear of the diamond points and handling marks. All appropriate parts and the grips are numbered to the gun. The yoke stop and yoke stop spring are missing but this century old gun still times and locks up correctly. If you are looking for a nice restoration project, shooter or just enjoy old guns with character, this one fills the bill. (86520-3988) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1321. SMITH & WESSON 38/44 HEAVY DUTY HAND EJECTOR REVOLVER serial #S85373, 38 Special, 4" barrel with an excellent bore.

This Model of 1950 pre-Model 20 five screw revolver retains about 70% factory blue with most of the loss to the backstrap and cylinder. The backstrap is a mottled mix of oxidation blemishes and pewter while the cylinder has toned to brown along with high edge wear and handling marks on the other metal surfaces. The standard hammer and replacement .400" smooth target trigger retain bold case-hardened colors with light operational wear and a few oxidation stains on the hammer. The diamond checkered walnut factory Magna grips with silver S&W medallions rate about good with light to moderate handling marks. The right panel shows moderate plus wear to the diamond points but the left has only light wear. All appropriate parts and the grips are correctly numbered to the gun plus the timing and lock up remain excellent. This old N frame has seen some honest use but should make a great start up gun for the budding collector or better yet, it will make a great shooter. (86520-3924) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1321

1322. U.S. MODEL 1917 REVOLVER BY SMITH & WESSON serial #12769, 45 ACP / AR, 5 1/2" barrel with a very lightly frosted bore. The metal surfaces retain about 60% arsenal grade reapplied finish with the grip frame toned to brown, moderate high edge wear, finish thinning to brown on various surfaces and handling marks. The standard trigger and lanyard loop were refinished to blue but the hammer with concentric rings was not and displays strong case-hardened colors. The serial number is high for this style hammer and it could be a replacement or leftover parts used up by the factory. The un-numbered grips have been lightly cleaned and reoiled in the past and rate about good with dents, dings and scuffs present. Major Gilbert H. Stewart's inspector mark remains strong. The cylinder is a replacement but all other parts are numbered to the gun. The frame and barrel are marked with an identical later applied assembly number and a different later added assembly number appears on the cylinder under the extractor star. Timing and lock up remain good and the screw heads exhibit slot damage. (86520-3858) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1323. SMITH & WESSON MODEL 1903 32 HAND EJECTOR REVOLVER serial #253175, 32 S&W Long, 4 1/4" barrel with an excellent bore.

This 5th change revolver retains about 90% plus factory blue with thinning to purple finish on the grip frame, frame and sideplate in addition to high edge wear and a turn ring on the cylinder. The standard trigger and hammer retain strong case-hardened colors with operational wear, trigger face worn to pewter and light freckling. The diamond checkered hard rubber factory grips with S&W logo rate excellent. The grips and all appropriate parts are correctly numbered to the gun. Timing and lock up remain excellent. A fine example of a Model 1903. (86520-1548) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1323

1324. **SMITH & WESSON MODEL 1903 32 HAND EJECTOR REVOLVER** serial #235765, 32 S&W Long, 3 1/4" barrel with an excellent bore. This fifth change revolver retains about 90% factory blue with high edge wear, several areas of cleaned pitting on the backstrap, topstrap and cylinder; a few oxidation stains, scratches and a turn ring on the cylinder. The standard hammer and trigger retain robust case-hardened colors with light oxidation blemishes and operational wear. The diamond checkered hard rubber grips rate excellent. The grips and all appropriate parts are correctly numbered to the gun and it still times and locks up correctly. (86520-3343) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1325. **SMITH & WESSON 3RD MODEL 32 HAND EJECTOR REVOLVER** serial #528836, 32 S&W Long, 3 1/4" barrel with an excellent bore. The metal surfaces retain about 96% factory blue with thinning finish on the grip frame, high edge wear, scratches and a turn ring on the cylinder. The standard trigger and hammer retain bold case-hardened colors with light operational wear. The diamond checkered hard rubber grips are not correctly numbered to the gun but rate very good with a small scuff on the bottom of the left panel a few handling marks. All appropriate parts are correctly numbered to the gun and it still times and locks up correctly. (86520-3936) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1326. **SMITH & WESSON VICTORY MODEL REVOLVER** serial #V65953, 38 Special, 4" barrel with an excellent bore. The revolver retains about 98% factory Parkerized finish with light high edge wear, a few handling marks and a turn ring on the cylinder. The standard hammer and trigger retain bold case-hardened colors with light operational wear. The replacement checkered rubber Pachmayr Presentation grips rate near excellent with light handling wear. The front sight has been altered into a blade with bead similar to the Paine front sight. Timing and lock up are excellent and all appropriate parts are correctly numbered to the gun. (86520-3905) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1327. **SMITH & WESSON 1ST MODEL 44 DOUBLE ACTION TOP-BREAK REVOLVER** serial #3892, 44 Russian, 5" barrel with a frosted bore. The metal surfaces have been lightly cleaned to mostly pewter with about 10-20% scattered nickel plate remaining. The finish is bubbling in areas in addition to oxidation stains, pitting, handling marks and scratches being present. The hammer and trigger have toned to gray and the triggerguard is mostly smoky gray with oxidation stains and pits. The un-numbered diamond checkered hard rubber grips rate poor with both panels exhibiting a repair below the S&W monogram but show surprisingly light wear. Any numbers on the grips were probably lost during the repairs but all appropriate parts are correctly numbered to the gun plus the mainspring has an additional booster spring added. The top latch is in need of attention as the revolver is very difficult to open, barrel-to-frame fit is loose and it still functions generally, although timing and lock up are in need some attention. (86520-3994) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1328. **SMITH & WESSON THIRD MODEL .32 SAFETY HAMMERLESS TOP-BREAK "BICYCLE" REVOLVER** serial #207624, 32 S&W (short), 2" barrel with a near excellent bore exhibiting very light scattered frosting. The metal surfaces retain about 40% factory blue with most surfaces toned to brown with strong amounts of finish left on the barrel, top strap and triggerguard. The trigger is mostly brown and pewter with faint case-hardened colors visible. The replacement diamond checkered factory hard rubber grips are not correctly numbered to the gun but rate excellent overall. The gun still functions mechanically and all appropriate parts are correctly numbered to the gun. (86520-4024) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1329. **CUSTOM SMITH & WESSON MODEL NO.2 ARMY TIP-UP REVOLVER** serial #3329, 22 LR, 6" barrel with an excellent bore. An unknown gunsmith has converted this tip-up to 22 LR. The metal surfaces of this three-pin revolver have been professionally re-finished with about 60-70% remaining. The barrel and cylinder have predominately toned to brown with a few oxidation blemishes, pitting and handling marks. The smooth rosewood grips are correctly numbered to the gun and rate excellent as refinished with minor handling wear. The metal is now proud of the wood. Barrel to frame fit is tight, the cylinder still times and locks up correctly plus the appropriate parts are correctly assembly numbered to the gun. The sideplate was engraved with what appears to be "E.H. Todd" but is soft from the metal preparation during the refinish process. In addition to sleeving the barrel and cylinder to accommodate the 22 LR, the ejector rod was turned down to allow proper ejection. An interesting conversion to allow use of a more readily available ammunition. (86520-3958) {ANTIQUÉ} [Richard "Stretch" Kennedy Collection] (350/550)

1330. **COLT OFFICIAL POLICE REVOLVER** serial #892126, 38 Special, 4" barrel with an excellent bore. This 1963 made revolver retains about 95% factory blue with most of the loss due to oxidation blemishes on the backstrap, frame and other metal surfaces. The checkered walnut factory grips with silver Colt medallion rate excellent. Timing and lock up are excellent and the gun shows little use. If you want a startup gun for your collection or just like shooting the old Colts, this gun is a perfect fit. (86520-4062) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1331. COLT OFFICERS MODEL MATCH REVOLVER serial #69941, 22 LR, 6" barrel with an excellent bore. This 1955 made revolver retains about 75% factory finish with moderate high edge wear, barrel and cylinder thinning to pewter, cleaned oxidation stains, limited pitting and scratches. The unnumbered checkered walnut target grips with silver Colt medallions rate good to very good with light to moderate diamond point wear and handling marks. The front sight has been modified into a bead atop a post with a copper insert and the Accro black blade rear sight leaf is a "U" notch in lieu of the usual square notch. The gun has seen some honest use but timing and lock up remain excellent. It should make a good shooter. (86520-3889) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1332. COLT NEW POLICE REVOLVER serial #26529, 32 Colt New Police (S&W Long), 4" barrel with a few scattered pits. This 1904 made revolver retains about 90% factory blue with high edge wear, a few lightly cleaned oxidation blemishes, pitting and handling marks. The checkered hard rubber factory grips with "Colt" within an oval rate about very good with very little wear but a small scuff on the right butt. (86520-3962) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1333. ENGRAVED ASTRA MODEL 2000 CUB SEMI-AUTO PISTOL serial #69014, 22 Short, 2 1/4" barrel with an excellent bore. This factory engraved pistol is covered in loose scroll engraving with punch dot shading for about 90% coverage. The pistol retains about 99% factory applied chrome finish with a few minor handling marks. The smooth faux mother-of-pearl grips rate very good to excellent with scattered light scratches. The little vest pocket pistol was also sold by Colt as the Jr. Model and includes a single magazine. (86520-3301) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1334. SMITH & WESSON MODEL 1903 32 HAND EJECTOR REVOLVER serial #161947, 32 S&W Long, 3 1/4" barrel with an oxidized and pitted bore. This fifth change revolver retains about 90% plus factory nickel with light, high edge wear, freckling, oxidation blemishes, limited pitting, bubbling, scratches and handling marks. The standard hammer and trigger retain robust case-hardened colors with light freckling and operational wear. The diamond checkered hard rubber grips rate about good with a check forming on the butt of the right panel. The grips are not correctly numbered to the gun but all other appropriate parts are and it still times and locks up correctly. (86520-1418) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1335. AUSTRIAN MODEL 1912 SEMI-AUTO PISTOL BY STEYR serial #15214, 9mm Steyr, 5 1/8" barrel with a very lightly frosted bore. The metal surfaces of this 1918 dated pistol retain about 60% blue with most of the surfaces toning from brown to smoky gray along with scattered oxidation blemishes and pitting. The hammer and trigger are pewter with oxidation staining. The checkered walnut grips rate fair with poorly inlaid diamond and dash mother-of-pearl inlays on both panels along with light handling wear, dents and a small chip missing from the base of the left panel. Markings on the gun remain crisp. (86520-4089) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1336. SAVAGE MODEL 1907 SEMI-AUTO PISTOL serial #49673, 32 ACP, 3 3/4" barrel with an excellent bore. The metal surfaces of this pistol retain about 98% factory blue with light high edge wear and scratches. The trigger has beautiful case-hardened colors and full fire blue on the safety and hammer. The checkered hard rubber factory grips with impressed Indian head logo rate excellent. The pistol includes a single magazine. (86520-3910) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1337. SMITH & WESSON NO. 1 1/2 TIP-UP REVOLVER serial #12005, 22 Short, 3 3/16" octagon barrel with a frosted bore. The metal surfaces retain about 99% nickel plate on the frame and about 40% factory blue on the cylinder, ejector rod and barrel with the remainder toned to brown with scattered light oxidation blemishes and pitting. The smooth rosewood grips are not correctly numbered to the gun but rate about

very good with scattered light dents and scratches. The cylinder has no patent dates on it but it and the barrel are correctly assembly numbered to the frame. The gun still times and locks up correctly. (86520-4028) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)

1338. SMITH & WESSON MODEL 10-5 DOUBLE ACTION REVOLVER serial #D697096, 38 Spl, 6" pinned barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a little silvering by the muzzle, a little light freckling primarily on the gripstrap, a few minor handling marks and a faint turn ring on the cylinder. The trigger and hammer exhibit excellent case colors and show a few light handling and operational marks. The checkered walnut Magna grips with S&W medallions are numbered to the gun and rate very good to near excellent with a few handling blemishes and a little fading/flaking finish. This mid 1970's revolver appears to have seen light use. (126520-110) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1339. SMITH & WESSON MODEL 19-5 357 COMBAT MAGNUM REVOLVER serial #AEV0862, 357 Magnum, 6" ribbed barrel with a bright excellent bore. The metal surfaces retain 97% original blue with several light handling marks, a spot of silvering by the muzzle, a couple of spots of minor freckling and a light turn ring on the cylinder. The serrated trigger and checkered hammer exhibit strong case colors showing some toning towards brown and a little light freckling. The textured black rubber Hogue finger groove grip rates about excellent with a few minor handling blemishes. The gun is sighted with a Patridge front and micrometer click adjustable rear sights. (126520-3052) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)

1340. **SMITH & WESSON MODEL 12-2 38 MILITARY AND POLICE AIRWEIGHT DOUBLE ACTION REVOLVER** serial #2D21864, 38 Spl, 4" pinned barrel with a bright excellent bore. The metal surfaces on the steel barrel and cylinder and aluminum frame retain 98% original blue with a slight silvering at the muzzle, a light turn ring on the cylinder and a few minor handling marks. The trigger and hammer exhibit excellent case-hardened colors with faint silvering on the front edges of the trigger. The checkered walnut Magna grips with S&W monograms are numbered to the gun and rate excellent showing a few light handling marks. A very nice 1977 production model 12. (126520-952) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1341. **RUGER VAQUERO SINGLE ACTION REVOLVER** serial #55-00549, 45 Colt, 4 1/2" barrel with a bright excellent bore. The high gloss stainless steel finish rates excellent with a light turn ring and a couple of minor handling marks. The smooth rosewood grips with silver Phoenix medallions also rate excellent showing a light handling mark or two. An excellent condition single action that appears to have seen little use. (126520-243) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1342. **COLT WOODSMAN MATCH TARGET SEMI-AUTO PISTOL** serial #14476-S, 22 LR, 6" heavy barrel with a bright excellent bore. The metal surfaces on this 2nd series Woodsman retain about 90% original blue with thinning towards gray on the gripstraps, multiple light handling marks, flaking on the right side of the barrel and a little light scattered superficial oxidation. The Coltwood brown plastic checkered grips rate near excellent with a couple of minor handling blemishes and three sets of initials etched into the surface. The gun is sighted with a Colt Master adjustable rear and fixed front sights. Comes with a single "Colt / Cal 22 LR" marked magazine. (126520-1985) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1343. **PARA ORDNANCE MODEL P12-45 SEMI-AUTO PISTOL** serial #RK9406, 45 ACP, 3 1/2" barrel with an excellent bore. The metal surfaces retain 95-97% original finish on the black slide and matte blue frame with some thinning on the grip, a little toning towards brown on the front grip and several minor handling marks. The textured black rubber Hogue grip rates excellent with a couple of light handling marks. The gun is fitted with a grip safety and 3-dot night sights that have lost their luminescence. Comes with a single 12 round magazine. (126520-238) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1344. **SMITH & WESSON 22/32 KIT GUN AIRWEIGHT** serial #5096, 22 LR, 3 1/2" barrel with a bright excellent bore. The metal surfaces on this pre-model 43 revolver retain 90% original blue with thinning towards bronze on the high handled areas of the alloy frame and cylinder most pronounced on the gripframe and high edges. Also there is some silvering by the muzzle, several light handling marks and a turn ring on the cylinder. The case-hardened colors on the serrated trigger and checkered hammer rate near excellent, retaining strong colors with some fading towards gray on the trigger and a little operational wear on the hammer. The diamond checkered walnut grips with S&W medallions are numbered to the gun and rate near excellent with several light handling marks. The gun is sighted with a serrated front ramp and micrometer click rear sights. All the appropriate parts are numbered alike. A very nice early production pre-model 43. (126520-261) {C&R} [Richard "Stretch" Kennedy Collection] (350/550)
1345. **WINCHESTER MODEL 52 BOLT ACTION RIFLE** serial #26211, 22 LR, 28" barrel with a bright excellent bore. The barrel is primarily a fading blue toning to a gray patina with about 30% blue still present and showing a little light freckling. The receiver retains 60-70% blue with areas toning to a gray-brown patina. The pistolgrip walnut stock with semi-beavertail forend appears to have been lightly cleaned with an added finish and rates near excellent with a few minor handling marks. The checkered buttplate has some minor oxidation; the stock is fitted with swivels and there are two scope blocks mounted to the barrel. The gun is sighted with a Lyman 17A front and a Lyman rear aperture sight and the bolt is numbered to the gun. There is no aperture disc included. A nice shootable 52. (126520-691) {C&R} [Richard "Stretch" Kennedy Collection] (300/500)
1346. **SMITH & WESSON MODEL 4506-1 SEMI-AUTO PISTOL** serial #VZC5385, 45 ACP, 5" barrel with a bright excellent bore. The satin stainless steel surface rates excellent with a minor handling mark or two. The checkered black plastic grip also rates excellent. This gun is fitted with 3-dot night sights that have lost their glow. An excellent gun overall that appears to have seen little use. No magazine included. (126520-780) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1347. **MAUSER MODEL 1914 SEMI AUTO PISTOL** serial #343667, 32 ACP, 3 1/2" barrel with an excellent bore. The metal surfaces retain about 80% original blue with an area of cleaned pitting on the left slide rail, scattered further light pitting, the front strap turning to a brown patina and further scattered smaller spots of fading to brown. The walnut grips rate very good with a few dings, handling marks and light scratches. The right side of the frame is marked "Germany" and a single magazine is included. A very good example for the German collector. (207942-61) {C&R} (200/400)
1348. **COLT MODEL 1908 POCKET HAMMERLESS SEMI AUTO PISTOL** serial #42728, 380 ACP, 3 1/2" barrel with an about very good bore that shows scattered light oxidation but strong rifling. The metal surfaces of this Type III pistol retain 30% original blue with the slide having mostly turned a gray patina with scattered freckling and oxidation staining. The frame retains much of the remaining blue finish with scattered light pits, area fading to gray, freckling and oxidation staining. The Colt rubber grips rate fair with white throughout, some scattered flaking, scratches and handling marks. A single factory magazine is included with this pistol. A well-used example that may prove to be a good carry gun. (207942-69) {C&R} (250/450)
1349. **LLAMA EXTRA SEMI AUTO PISTOL** serial #29102, 9mm Largo, 5" barrel with a very good bore that shows scattered light pitting. The metal surfaces of this 1911 style pistol are an overall dull brown patina with scattered traces of the original blue, a few scattered light dings, a slide-stop reassembly mark, scattered freckling and oxidation staining. The checkered grips rate very good overall with an added varnish and show scattered dings, flattening point areas and handling marks. A single magazine is included with this pistol. An interesting Spanish 1911 clone. (207942-103) {MODERN} (150/250)
1350. **COLT MODEL 1903 POCKET HAMMERLESS SEMI AUTO PISTOL** serial #265247, 32 ACP, 3 1/2" barrel with a very good bore that shows scattered light pitting and frosting. The metal surfaces of this type III pistol retain 75% original blue with light silvering to the exposed edges, a few small tool marks on slide and rear sight, scattered fading and freckling. The checkered Colt grips rate very good with an abrasion on bottom right panel, scattered dings and handling marks. A single Colt factory magazine is included with this pistol. A very good example that may prove to be a good shooter. (208154-4) {C&R} (300/500)
1351. **H&R SELF LOADING SEMI AUTO PISTOL** serial #25218, 32 ACP, 3" barrel with a very good bore that shows some scattered frosting. The metal surfaces retain 90% original blue with scattered freckling, some oxidation staining on triggerguard. The trigger shows traces of the original case colors with some freckling. The H&R marked grips rate very good with some dings and handling marks. A very good example overall that may be a good shooter. (207942-97) {C&R} (200/300)
1352. **U.S. MODEL 1892 KRAG BOLT ACTION RIFLE BY SPRINGFIELD ARMORY (SPORTERIZED)** serial #7630, 30-40 Krag, 22" shortened barrel with a good plus bore that shows scattered moderate pitting but strong rifling. The metal surfaces are an overall dull gray patina with scattered freckling. The cut-down walnut stock rates very good as-cleaned with a few dings, handling marks and scratches. There is no handguard present, the rifle has added sling swivels, a Marbles buckhorn rear sight and a white bead front sight. An interesting sporterized Krag overall. (208241-3) {ANTIQUÉ} (200/400)

1353. **CZ-27 SEMI AUTO PISTOL** serial #234506, 32 ACP, 3 3/4" barrel with a bright excellent bore. The metal surfaces of this "(Eagle)/WaA76" and "BOHMISCHE" marked pistol retain 98% original blue with some scattered light silvering and a small area of freckling on slide. The trigger and hammer show vivid straw with some light thinning and a few tiny sparsely scattered oxidation stain specks. The CZ marked grips rate very good with a 1" hairline crack at rear and a few scattered dings and handling marks. The frame is not serialized but the slide is and a single magazine marked "P. MOD 27" is included. A nice Nazi marked CZ-27 overall. (208060-126) {C&R} (200/400)
1354. **FROMMER STOP SEMI AUTO PISTOL BY FEG** serial #97943, 32 ACP, 4" barrel with a fair bore that shows oxidation and pitting throughout much of its length. The metal surfaces retain about 50% original blue with some silvering to the exposed edges, scattered oxidation staining, freckling and fading. The "FS" marked grips rate very good showing scattered dings and handling marks. The right side of the frame is marked with two shields and "16" likely for 1916 and there is a marking on the front strap which reads "I.L.R/20" likely a unit marking. A single magazine is included. A solid example of an interesting early semi auto pistol. (207942-151) {C&R} (200/300)
1355. **MAUSER MODEL 1910 SEMI AUTO PISTOL** serial #274771, 25 ACP, 3" barrel with a very good bore that shows scattered frosting. The metal surfaces retain 90% original blue with scattered fading and light freckling. The walnut grips rate very good with some scattered dings, scratches and handling marks. A single magazine is included with this pistol. A very good example of a Mauser 1910. (207942-54) {C&R} (250/450)
1356. **INTERESTING CHINESE TYPE 53 BOLT ACTION CARBINE** serial #E5423, 7.62x54 Russian, 20" barrel with an about very good bore that shows scattered moderate pitting but strong rifling. The metal surfaces of this 1960 dated and Triangle 26 factory rifle are an overall dull brown patina with some scattered pitting, a few indent marks on the bottom of the buttplate and areas of freckling. The Asian hardwood stock rates very good as lightly-cleaned with overall a couple small chips, scattered dings, scratches and handling marks. The buttplate appears unnumbered, the bolt is mismatched but the floorplate and stock are matching to the barrel shank and the front band is loose. There is a sticker attached to the left side of the stock which states that this gun was captured from the Vietcong near Da Nang in 1965. There are no visible import marks. This gun comes from the estate of Marine officer John Howland Taft who was in Vietnam and the Marines were indeed at Da Nang in 1965. The Vietcong received many of these Chinese carbines and the lack of import markings combined with the condition of the gun points to it being a Vietnam bringback but there is no paperwork to prove this definitively. An interesting Chinese Mosin carbine that will fit in well in any Cold War collection. (208238-65) {C&R} (200/400)
1357. **JAPANESE TYPE 99 ARISAKA BOLT ACTION RIFLE BY KOKURA** serial #14556, 7.7 Arisaka, 25" barrel with a very good bore that shows scattered oxidation and frost but strong rifling. The metal surfaces of this 22nd series rifle are an overall dull brown patina with scattered freckling. The Asian hardwood stock rates very good overall with a splice repair on the right side of butt, a couple thin cracks on handguard in front of rear sight, a couple abrasions, scattered dings, handling marks and scratches. The Chrysanthemum has been defaced but it is partially visible, the extractor is unnumbered, the bolt handle is mismatched but the other parts are matching. No cleaning rod is present but the rifle has anti-aircraft sights and the monopod rear band. A solid example of a Type 99 Arisaka. (208238-61) {C&R} (200/300)
1358. **BRITISH MKIII BOLT ACTION RIFLE BY RSAF ENFIELD** serial #K7719, 303 British, 25" barrel with a very good bore that shows some frosting in the grooves. The metal surfaces of this 1917 vintage rifle show an arsenal blue finish that has turned into a brown patina with some scattered freckling and some light loss on the magazine. The beech forestock and walnut buttstock rate very good overall with the butt showing an added oil finish, a couple armorer repaired cracks at the rear handguard, a 1 1/2" crack on front handguard, a small abrasion, scattered dings, light scratches and handling marks. There is a brass disc on the butt that reads "T0.9", the bolt and magazine are unnumbered with the bolt being having the earlier style cocking piece, the forestock is mismatched but the nose cap and rear sight are matching. A bore snake is present in the buttstock compartment. A very good example that may prove to be a good shooter. (208238-51) {C&R} (200/300)
1359. **COLT MODEL 1903 POCKET HAMMERLESS SEMI AUTO PISTOL** serial #349125, 32 ACP, 3 1/2" barrel with a very good bore that shows a few minor pits but strong rifling. The metal surfaces of this type III pistol retain about 70% original blue with a few small spots of light pitting on slide, scattered freckling, silvering and fading. The rubber Colt grips rate very good with a few light dings and handling marks. A single Colt factory magazine is included. A very good example overall. (208139-85D32256) {C&R} (250/450)
1360. **SOUTH AMERICAN CONTRACT VZ-24 BOLT ACTION RIFLE BY BRNO** serial #13880, 7mm Mauser, 23" barrel with a good bore that shows oxidation and pitting throughout its length but evident rifling. The metal surfaces are an overall dull brown patina with scattered oxidation staining and freckling. The hardwood stock rates very good with an armory added dark oil finish, an area of flaking around the stock disc, a few scattered thin cracks, dings, handling marks and scratches. The stock is numbered matching but the remaining parts including the bent bolt handle appear unnumbered. There is a faint import mark on the underside of the barrel and this is an overall solid example of these interesting Mauser style rifles. (208238-73) {C&R} (200/300)
1361. **ITALIAN M41 CARCANO BOLT ACTION RIFLE BY ARMAGUERRA** serial #QZ4230, 6.5 Carcano, 27" barrel with an excellent bore. The metal surfaces retain 90% arsenal blue with some small pitting spots on front sight hood, oxidation staining on bolt, scattered light fading, silvering and freckling. The beech stock has an unrepaired duffle cut at the rear band but otherwise rates very good with crisp Italian cartouches, a few moderate abrasions, a 1/3" chip to the right off buttplate, overall scattered dings, handling marks and scratches. The stock is matching to the barrel and there are no other visible serialized parts. The front sight is grooved for a front sight hood which is believed to be a German modification but there are no Nazi markings on the gun and a G33/40 style front sight hood is present. An interesting rifle from a hard-to-find manufacturer. (207879-129) {C&R} [Craig Brown Collection] (200/400)
1362. **BUDAPEST M95 BOLT ACTION CARBINE** serial #5050D, 8x50 Mannlicher, 19" barrel with a fair bore that shows oxidation and pitting throughout much of its length but visible rifling. The metal surfaces of this Stutzen style carbine are an overall dull brown patina with scattered traces of an arsenal blue finish and some light oxidation. The hardwood stock rates about very good with a few strong triangle markings on the right side of butt, a few cracks, scattered dings, handling marks and scratches. The right rear of barrel is marked with a small "S", the bolt is mismatched but the stock is matching. The carbine has a bayonet lug, and features the earlier style 2600-meter rear sight and toe mounted sling swivel. An interesting M95 Mannlicher carbine overall. (208238-69) {C&R} (100/200)
1363. **JAPANESE TYPE 38 ARISAKA BOLT ACTION RIFLE BY TOKYO ARSENAL** serial #153828, 6.5 Arisaka, 30 1/2" barrel with a poor bore that shows oxidation throughout its length. The metal surfaces of this early no-series rifle are an overall dull brown patina with some silvering on the receiver, oxidation on buttplate, scattered freckling and oxidation staining. The Asian hardwood stock rates very good as-cleaned with some staining on the butt, a 3/4" crack on handguard in front of rear sight, a further small 1/4" crack at front of handguard, scattered dings and handling marks. The parts are mismatched and the Chrysanthemum is intact with a Tokyo Arsenal logo stamped over it indicating that the gun was taken from front line service and given to secondary duty. An original dust cover is included that is numbered to a different gun. A good example piece overall. (208238-60) {C&R} (200/300)
1364. **NAZI MARKED FRENCH MODEL 1935A SEMI AUTO PISTOL BY S.A.C.M** serial #B6923A, 7.65mm Longue, 4" barrel with a very good bore that shows some scattered light pitting. The metal surfaces retain 90% of an arsenal black enamel finish with scattered flaking and scratches. The checked grips rate very good with a small chip on the left panel, scattered dings and handling marks. The pistol is marked with an "(Eagle)/WaA/251" Waffenamt and a single magazine is included that is numbered to a different gun. An interesting piece of history for the military collector. (208050-488) {C&R} (250/450)

1365. **BERETTA 950 B SEMI AUTO PISTOL** serial #B46349, 25 ACP, 2 1/2" barrel with an excellent bore. The metal surfaces of this Brazilian made pistol retain 97% original blue with some scattered light silvering scratches. The checkered Beretta grips rate very good plus with a few light dings and handling marks. A single magazine is included with this pistol. An excellent condition Beretta 950 B overall. (208115-5) {MODERN} (100/200)
1366. **SAVAGE MODEL 1907 SEMI AUTO PISTOL** serial #207601, 32 ACP, 3 3/4" barrel with a very good bore that shows some scattered frosting. The metal surfaces retain 85% original blue with scattered fading to brown, a few light silvering areas and a few light dings. The "SAVAGE QUALITY" marked grips rate very good plus with a few light dings and handling marks. A single magazine is included with this pistol. A very good example overall. (208097-27) {C&R} (200/300)
1367. **NAZI MARKED CZ-27 SEMI AUTO PISTOL** serial #168102, 32 ACP, 4" barrel with an excellent bore. The metal surfaces of this "BOHMISCHE" marked pistol retain 93% original polished blue with some oxidation staining on frontstrap and triggerguard, some scattered small spots of silvering and freckling on the slide and frame. The trigger and hammer show a robust strawed finish with some thinning and oxidation stain specks and the "CZ" marked grips rate very good with a 1/2" chip at the bottom of the right panel, scattered dings and handling marks. The slide and frame are matching and the right side of frame is marked with a "(Eagle)/WaA76" Waffenamt and a single "P.MOD 27" magazine is included. A green canvas holster that appears to be a later variation is also included and the holster shows scattered flaking and crazing. A fine CZ-27 for the military or pistol collector. (208139-70D32117) {C&R} (200/400)
1368. **FN MODEL 1910 SEMI AUTO PISTOL** serial #420108, 32 ACP, 3 1/4" barrel with a bright near excellent bore that shows perhaps a minor spot of oxidation or two. The metal surfaces of this 1930's vintage pistol retain 95-97% original blue with some freckling on front and backstraps, a couple small areas of light pitting on grip safety and scattered light fading. The "FN" marked black grips rate very good showing some dings and handling marks. A single blued unmarked magazine is included with this pistol. A nice 1910 pistol overall. (208050-562) {C&R} (250/450)
1369. **UNMARKED RUSSIAN MODEL 1895 NAGANT DOUBLE ACTION REVOLVER** serial #12151, 7.62 Nagant, 4 1/2" barrel with a very good bore that shows a few areas of oxidation and pitting but strong rifling. The metal surfaces retain 80% of a later applied possibly arsenal blue with scattered areas of light pitting, some silvering to the exposed edges of barrel and cylinder and scattered freckling. The checkered wood grips rate about very good with a couple of abrasions, scattered dings and handling marks. The cylinder and frame are matching, the rear left of frame is marked with a Czarist era Tula hammer, the cylinder is marked with a Communist Tula star so the parts are likely arsenal renumbered matching. The frame lacks a date and maker's marking and they may have been scrubbed, there do not appear to be any importer markings either. The cylinder and barrel show a bigger gap than usual, the cylinder does not appear to move forward when the hammer is cocked, and the single action feature does not appear to be working so the revolver will likely require mechanical attention. An interesting revolver overall. (208050-608) {C&R} (75/150)
1370. **HUNGARIAN 37M SEMI AUTO PISTOL BY FEG** serial #185883, 380 ACP, 3 3/4" barrel with a very good plus bore that shows some scattered light frost. The metal surfaces retain 95% original blue with some scattered light silvering and scattered areas drifting to a brown patina. The grooved grips rate very good plus with a few dings and handling marks. This variant lacks a manual safety and the left side of the triggerguard is marked with a St. Stephen's Crown acceptance marking. A single magazine is included that is marked "37M" on the baseplate. A nice Hungarian 37M overall. (208060-140) {C&R} (250/450)

1371

1371. JAPANESE TYPE 38 ARISAKA BOLT ACTION RIFLE BY TOKYO ARSENAL

serial #1989809, 6.5 Arisaka, 30 1/2" barrel with a good bore that shows pitting and oxidation throughout much of its length but strong rifling.

The metal surfaces of this no-series rifle have dulled to a brown patina with some pitting on the barrel, floorplate, bands and triggerguard, light band removal marks on barrel and scattered freckling. The Asian hardwood stock rates about very good as-cleaned with a large chip missing behind the upper tang, a couple cracks around wrist, a couple hairline cracks on handguard in front of rear sight, scattered dings, handling marks and a couple small abrasions. There is a note on the inside of the buttplate which states that this rifle was captured by then Captain Howland G. Taft of the 2nd Marine Division on Saipan in November of 1944 and this rifle was consisted by the Mr. Taft's family. The cocking piece number is the Chrysanthemum is fully intact, the bolt handle, firing pin, extractor, bolt and front band are all matching by the assembly number and the rear sight is numbered differently but is of the correct style. An original cleaning rod, dust cover and black leather sling are included with this rifle. The dust cover is numbered to a different gun and the leather sling shows scattered crackling, crazing and flaking. A solid example overall that likely was captured after an important World War Two battle. (208238-59) {C&R} (200/400)

1372. **BERETTA MODEL 1935 SEMI AUTO PISTOL** serial #552398, 32 ACP, 3 1/4" barrel with a very good bore that shows some scattered frosting and light pitting. The metal surfaces retain 80% original blue with a few scattered spots of pitting, some staining on front and backstrap, scattered freckling and fading. The Beretta grips rate very good showing some flaking, dings, light scratches and handling marks. The slide is numbered differently than the frame and the back left of the frame is marked with a "UT" acceptance stamp. A single magazine and an aftermarket brown leather holster are included with this pistol. The holster strap does not fit all the way over the backstrap of the pistol when the gun is inserted. A good example piece overall. (208060-138) {C&R} (150/250)
1373. **BERETTA MODEL 1934 SEMI AUTO PISTOL** serial #606348, 380 ACP, 3 1/4" barrel with a very good plus bore that shows a few scattered light pits. The metal surfaces of this 1937 dated pistol retain 90% of an arsenal quality refurbished blue with some blued-over pinprick pitting, light silvering to the high edges and freckling on front and backstraps. The Beretta grips rate very good showing some scattered small dings handling marks and scratches. The left rear of the frame is marked with an Italian Army "RE" stamp and the slide is numbered matching to the frame. A period brown leather holster is included that shows scattered crazing and light flaking. A very good pre-war Italian Army pistol. (208203-5) {C&R} (200/400)
1374. **CZ-52 SEMI AUTO PISTOL** serial #N1029, 7.62x25 Tokarev, 4 1/2" barrel with a very good plus bore that shows some light frosting. The metal surfaces retain 95% arsenal parkerized finish with scattered light silvering. The grooved Bakelite grips rate very good with scattered light scratches, flaking and dings. The barrel, slide and frame are matching and the frame has a Century Arms import marking. Two magazines are included with this pistol. (208119-8) {C&R} (200/300)
1375. **GERMAN P.37 SEMI AUTO PISTOL BY FEG** serial #52009, 32 ACP, 4" barrel with a very good plus bore that shows some minor frosting in the grooves. The metal surfaces of this jhv 43 coded Femaru 37 pistol retain 90% original blue with some scattered light freckling, fading and silvering. The grooved grips rate very good showing some dirt staining and dings. The slide, barrel and frame are matching and the left side of the triggerguard is marked with an "(Eagle)/WaA173" Waffenamt. A single magazine is included that is marked "P. Mod. 37". A fine example for the collector of military pistols. (208050-650) {C&R} (250/450)

1376. **BRITISH NO. 4 MK1 BOLT ACTION RIFLE BY BSA SHIRLEY (SPORTERIZED)** serial #K35926, 303 British, 21 1/2" shortened barrel with a bright excellent bore. The metal surfaces of this 1944 dated and M/47C coded rifle retain about 60% arsenal blue and phosphate with oxidation on the left side of barrel, scattered fading, silvering and oxidation around the receiver, magazine and triggerguard. The cut-down hardwood stock rates fair as-cleaned with a large 7 1/2" chunk missing beneath the right side of the receiver, a few filler repairs, scattered dings, and handling marks. The bolt and magazine are numbered matching to the rear band, the rear sling swivel screws exhibit moderate slot damage and there is no front sight or handguard present. A good project gun or parts donor. (208152-5) {MODERN} (50/100)
1377. **ARGENTINE MODEL 1909 BOLT ACTION RIFLE BY DWM (SPORTERIZED)** serial #P0405, 7.65 Argentine, 23" shortened barrel with a very good bore that shows some scattered light pitting. The in-the-white receiver and bolt show oxidation throughout and the other parts retain 85% of a later applied enamel with scattered thinning, flaking and oxidation. The cut-down Brazilian 1908 stock rates very good with the beginnings of a small crack behind upper tang, scattered dings, handling marks and scratches. The bolt and barrel are matching but the floorplate and stock are mismatched, the rear sight screw is missing and there are two added holes on the right rear of the receiver. The stock has an added sling stud on the underside at front and the bolt handle has been turned down. A good project gun overall. (208140-1S20285) {MODERN} (150/250)
1378. **U.S. MODEL 1903 BOLT ACTION RIFLE BY SPRINGFIELD ARMORY (SPORTERIZED)** serial #693711, 30-06, 24" barrel with a fair bore that shows oxidation and pitting throughout but evident rifling. The metal surfaces are an overall dull gray patina with scattered areas of oxidation and freckling. The aftermarket checkered walnut stock rates about very good with a 3/4" crack behind the upper tang, a thin 1" crack behind the lower tang, some staining, scattered dings and handling marks. The stock has a White Line Recoil pad that shows scattered crackling and the rifle has a 13 1/2" length of pull. The rifle is equipped with a Redfield peep and an unmarked white bead front sight. As with all low-numbered 1903 rifles no thought should be given to the loading or firing of this arm. A good project or parts donor gun overall. (208140-29S20296) {MODERN} (100/200)
1379. **JAPANESE TYPE 99 ARISAKA BOLT ACTION RIFLE BY KOKURA (SPORTERIZED)** serial #37579, 7.7 Arisaka, 26" barrel with a very good plus bore that shows some light frosting in the grooves. The metal surfaces retain 50-60% of an arsenal blue finish with the band, triggerguard and floorplate having turned a dull gray patina with scattered freckling, oxidation throughout much of the barrel's length and scattered oxidation spots on receiver and rear sight. The cut-down and modified stock rates about very good as-refinished with the upper and lower tang being proud of wood, an added varnish finish, a repaired 5" crack on right side above floorplate, a repair in the stock splice, scattered dings, handling marks and light scratches. The stock wrist has been reshaped, the Chrysanthemum is ground, the bolt handle has been turned down and the bolt handle and cocking piece are matching to the receiver but the other parts appear unnumbered. The magazine floorplate is missing but a tan canvas sling is included. A good project gun overall. (208140-38S20289) {MODERN} (25/75)
1380. **U.S. MODEL 1898 KRAG BOLT ACTION RIFLE BY SPRINGFIELD ARMORY (SPORTERIZED)** serial #129388, 30-40 Krag, 26" shortened barrel with a very good bore that shows some scattered frosting in the grooves. The metal surfaces retain 93% of a reapplied blue with some light silvering, freckling and fading on the barrel. The flared cheekpiece stock rates very good with an added varnish, a chip at toe, a large area of flaking varnish at left rear of butt, a few scratches around upper tang, scattered smaller areas of flaking, light scratches, handling marks and dings. The rifle is sighted with a Redfield peep rear and an unmarked globe front sight. There are two added holes on the right side of receiver at rear and the pistol grip cap is loose. A very good Krag sporter overall. (208116-85) {ANTIQUE} (200/400)
1381. **U.S. MODEL 1903A3 BOLT ACTION RIFLE BY REMINGTON (SPORTERIZED)** serial #3858518, 30-06, 22 1/2" shortened four-groove barrel with a very good bore that shows some scattered light pitting. The metal surfaces retain 90% reapplied blue with thinning on the receiver, floorplate and triggerguard. The walnut Monte Carlo style stock rates very good plus with an added varnish finish, scattered light flaking, dings, handling marks and scratches. The rifle has a Field Trial recoil pad for a 13 1/2" length of pull and there is a crack at the toe of the pad. The rifle has two added holes on the right rear of receiver, two filled holes at top front of barrel, the bolt has been polished brightly and the rifle has a scope mount and rings but it lacks sights. A leather aftermarket sling is also included. A very good 1903A3 sporter overall. (208060-44) {MODERN} (200/400)
1382. **GERMAN MODEL 641 (B) SEMI AUTO PISTOL BY FN** serial #73667b, 32 ACP, 4 1/4" barrel with a very good bore that shows some scattered light frosting. The frames metal surfaces of this "(Eagle)/WaA140" marked FN 1922 pistol retain 85% original blue with fading and freckling along the front and backstraps. The frame has been cleaned and retains 93% reapplied blue with some silvering to the exposed edges and the Waffenamts appearing partially faded. The "FN" marked checkered grips rate very good showing some scattered dings, handling marks and dirt staining. The slide and barrel are matching to the frame and an unmarked light brown 1922 style holster is included along with a phosphate magazine that is marked with an FN logo. The holster shows scattered crazing, light flaking and some light staining. A solid example that will likely be a good shooter. (208155-3) {C&R} (200/400)
1383. **ITALIAN 91/38 BOLT ACTION CARBINE BY TERNI (SPORTERIZED)** serial #K6122, 6.5 Carcano, 21" barrel with an about very good bore that shows scattered oxidation and pitting but strong rifling. The metal surfaces retain 60% of an arsenal blue finish with scattered light oxidation, freckling and fading. The cut-down beech stock rates very good as-refinished with an added varnish finish, a small repair on the top of the right grasping groove, scattered staining, dings, handling marks and light scratches. A good parts donor or project gun. (208140-22S20185) {MODERN} (25/75)
1384. **GERMAN SAUER 38 (H) SEMI AUTO PISTOL** serial #374341, 32 ACP, 3 1/4" barrel with an excellent bore. The metal surfaces of this 3rd variation pistol retain 40-50% original blue with fading and silvering throughout and some scattered light oxidation stain specks. The checkered "S&S" marked grips rate very good plus with some light dings and handling marks. Both an unmarked and "S&S" marked magazines are included along with an unmarked brown leather holster. A solid example for the collector of World War Two pistols. (208060-137) {C&R} (200/400)
1385. **CHINESE SKS SEMI AUTO RIFLE** serial #C22002153, 7.62x39mm, 20" barrel with an excellent bore. The metal surfaces of this commercial rifle retain about 80% arsenal blue with scattered light freckling, some fading on top cover, oxidation on bolt, barrel and muzzle brake. The hardwood stock rates very good overall showing an added varnish, the left side being relieved for a scope rail, scattered light flaking, dings, light scratches and handling marks. All visible serialized parts are matching and the rifle has several modifications including a modified front sight, added muzzle brake, a scope mount, rubber buttpad, rubber pistol grip cap and rubber cheek piece. There is no bayonet assembly present but a canvas SKS style sling is included with this rifle. An interesting SKS overall. (208140-31S20294) {MODERN} (200/400)
1386. **GERMAN MODEL 641 (B) SEMI AUTO PISTOL BY FN** serial #46819b, 32 ACP, 4 1/4" barrel with a bright excellent bore. The metal surfaces have primarily toned to a dull brown patina with silvering on the exposed edges, a few spots of pitting, scattered freckling and traces of the original blue finish. The checkered grips rate very good overall with a few dings and handling marks. All visible serialized parts are matching and the pistol is marked with "(Eagle)/WaA140" Waffenamts. A single magazine is included with this pistol. A solid example of these interesting Nazi sidearms. (207942-83) {C&R} (200/300)
1387. **CZ-27 SEMI AUTO PISTOL** serial #290078, 32 ACP, 3 3/4" barrel that shows the beginnings of a ring halfway down but otherwise rates very good with a couple spots of light frosting. The metal surfaces of this "(Eagle)/WaA76" and "fnh" marked pistol retain 95% original blue with some silvering on the edges of the slide and frame and some light oxidation staining on frontstrap. The hammer shows some traces of straw but the trigger is devoid of straw and shows some oxidation staining. The CZ marked grips rate very good with some chipping at bottom, light handling marks and dings. The slide and frame are matching and the left grip screw head is missing. A very good example overall. (208060-128) {C&R} (200/400)

1388. **REMINGTON MODEL 51 SEMI AUTO PISTOL** serial #PA62727, 32 ACP, 3 1/4" barrel with a very good bore that shows scattered light pitting and frosting. The metal surfaces retain 85% original blue with some fading on front strap, scattered spots of oxidation and light pitting. The Remington UMC marked right grip rates fair with a repair thorough the middle, a few dings and handling marks. Only the right panel is present and it is completely free of the frame; the slide is not functioning and the pistol will require mechanical attention to fix. A single magazine is included with this pistol and overall this may be a good parts gun. (207942-76) {C&R} (50/100)
1389. **DANISH MODEL 1867/96 ROLLING BLOCK RIFLE** serial #52823, 11mm CF, 35 1/4" barrel with a bright, about excellent bore that shows perhaps some minor frosting. The receiver has been polished to an armory bright, with a couple tiny spots of light pitting and freckling. The barrel, bands and buttplate are an overall dull brown patina with some impact marks on buttplate, a couple small spots of pitting on left side of barrel and some light freckling on bands. The walnut stock rates very good as lightly cleaned with an added oil finish, faded crown markings, and overall dings, handling marks and scratches. The upper tang is marked "KJOBENHAVNS TOIHUUBS 1878", the left side of the receiver is marked "M1867" and the breechblock has the 1896 style added firing pin hole. The buttstock number appears to be numbered matching to the barrel and the action seems to function well. A very good example of these centerfire updated Rolling Block rifles. (207966-35) {ANTIQUÉ} (250/450)
1390. **ASTRA MODEL 600 SEMI AUTO PISTOL** serial #51164, 9mm Luger, 5" barrel with an excellent bore. The metal surfaces retain 90% original blue with scattered light fading and silvering to the high edges. The checkered grips rate very good plus with some light dings and handling marks. The frame and slide are matching and two magazines and an unmarked black leather holster that shows some writing on the inside flap are included. A very good example of an interesting Spanish pistol. (208152-13) {C&R} (200/400)
1391. **ASTRA MODEL 600 SEMI AUTO PISTOL** serial #15377, 9mm Luger, 5" barrel with a very good bore that shows some scattered light pitting but strong rifling. The metal surfaces retain 90-93% original blue with some light silvering to the high edges and scattered light fading. The checkered grips rate very good with a 1/4" crack at the bottom of the left panel, some scattered dirt staining, dings and handling marks. The frame and slide are matching and there are two magazines included, one of which is numbered to the gun. A very good Astra 600 overall. (208050-399) {C&R} (200/400)
1392. **COLT OFFICIAL POLICE DOUBLE ACTION REVOLVER** serial #877116, 38 Special, 4" barrel with a bright excellent bore. The metal surfaces of this 1960's vintage gun retain 85% original blue with some fading on front and backstraps, scattered light silvering and minor fading spots. The checkered Colt grips appear unnumbered and rate very good with a few dings and handling marks. The revolver appears to lock up and time well. A very good Colt revolver that will likely still be great for defense or shooting. (208050-291) {C&R} (300/500)
1393. **REMINGTON MODEL 51 SEMI AUTO PISTOL** serial #PA48310, 380 ACP, 3 1/4" barrel with a very good plus bore that shows a few areas of light frosting. The metal surfaces retain 90% reapplied blue with some silvering at muzzle, scattered light fading and freckling. The Remington UMC marked grips rate very good plus showing some light dings and handling marks. A single magazine is included with this pistol. A good representative piece that may prove to be a good shooter. (208154-6) {C&R} (200/300)
1394. **PIETTA 1860 PERCUSSION REVOLVER** serial #P54787, .44 Cal, 8" barrel with a bright excellent bore that shows a few light tool marks. The brass triggerguard and front tang remain mostly bright with some scattered light oxidation stain specks. The frame, ejector rod and hammer show vibrant case colors with some light operational wear and silvering. The blued surfaces retain 97% original blue with some scattered light silvering, dings on the wedge, a small spot of light oxidation on cylinder and a spot of light pitting on cylinder. The smooth walnut grips rate excellent, retaining much of their factory varnish and showing a few light dings and handling marks. The rear frame screw is protruding outward slightly and the action appears to function well. A leather holster is included. A nice Colt 1860 clone overall. (208133-8) {ANTIQUÉ} (75/150)
1395. **BERETTA MODEL 950 BS SEMI AUTO PISTOL** serial #BER61916T, 22 Short, 2 1/4" barrel with an excellent bore. The metal surfaces of this Maryland made pistol retain 90% original blue with scattered wear to the exposed edges and some scattered light silvering. The checkered plastic Beretta grips rate very good with scattered light dings, handling marks and scratches. A single magazine is included with this pistol. This pistol may prove to be a good backup or deep concealed carry gun. (208050-310) {MODERN} (100/150)
1396. **BERETTA MODEL 950 SEMI AUTO PISTOL** serial #64874CC, 22 Short, 2 1/2" barrel with an excellent bore. The metal surfaces of this 1955 dated Italian made pistol retain 95% original blue with some scattered light fading and silvering. The checkered plastic Beretta grips rate very good showing some light dirt staining, handling marks and dings. The magazine release does not appear to be functioning properly but a single magazine is included with this pistol. (208124-3) {C&R} (75/150)
1397. **SAVAGE MODEL 1917 SEMI AUTO PISTOL** serial #171958, 380 ACP, 4 1/4" barrel with a very good plus bore that shows some minor frosting. The metal surfaces retain about 40% original blue with a few scattered small spots of light pitting, fading and light oxidation staining throughout. The "SAVAGE QUALITY" marked grips rate good overall with some writing on the left panel, a few areas of chipping on left panel, some dirt staining on right panel, scattered dings, handling marks and scratches. A single magazine is included with this pistol. A good example that may prove to be a good shooter. (208142-22) {C&R} (100/200)
1398. **MAUSER HSC SEMI AUTO PISTOL** serial #01.7577, 380 ACP, 3" barrel with a very good bore that is bright for most of its length but it shows a patch of pitting at muzzle. The metal surfaces of this Interarms imported and German made pistol retain 95% original blue with scattered silvering to the high edges of the slide, some sparsely scattered pinprick pitting on slide and light fading on frame. The checkered grips rate very good plus with some light dings and handling marks. The slide and frame are matching and a single magazine is included with this pistol. A very good post-war HSC that may still be a great gun for carry. (208142-29) {MODERN} (200/300)
1399. **BERETTA MODEL 1934 SEMI AUTO PISTOL** serial #855872, 380 ACP, 3 1/2" barrel with an about very good bore that shows scattered pitting but strong rifling. The metal surfaces of this 1940 dated and "(Crown)/RE" marked pistol retain 98% of a reapplied polished blue finish. The "PB" marked grips rate very good showing some scattered dings, light dirt staining and handling marks. The slide is numbered matching to the frame and a single magazine is included with this pistol. A solid 1934 that may prove to be a good shooter. (208060-134) {C&R} (150/250)
1400. **MAUSER 1910 SEMI AUTO PISTOL** serial #103050, 25 ACP, 3" barrel with a very good bore that shows some minor frosting. The metals surfaces retain about 80% original blue with scattered fading with the heaviest fading being on the left side of frame. The checkered plastic grips rate near very good with a moderate chip at the front leading edge of the right panel, a few scattered dings and handling marks. All visible serialized parts are matching and this pistol includes a Colt 1908 magazine instead of the correct 1910 Mauser style magazine. A very good 1910 pistol that may be a great shooter. (208060-92) {C&R} (200/400)
1401. **SAUER 38 (H) SEMI AUTO PISTOL** serial #410779, 32 ACP, 3" barrel with a very good plus bore that shows some minor frosting. The metal surfaces of this 3rd variation pistol retain 75-80% original blue with scattered fading and freckling specks. The "S&S" marked checkered grips rate good plus with a 1/2" crack on the left panel, scattered dings and handling marks. The pistol lacks the J.P. Sauer logo, the left front of the triggerguard is marked with an "(Eagle)/37" Waffenamnt and the back right of the slide and frame are both marked with an "(Eagle)/N" proof. A single magazine that is marked with an intertwined "S&S" logo is included. A very good example overall. (207942-116) {C&R} (250/450)

1402. **SAVAGE 1917 SEMI AUTO PISTOL** serial #23086B, 32 ACP, 4 1/4" barrel with a fair bore that shows oxidation and pitting throughout but visible rifling. The metal surfaces retain about 90% original blue with scattered light fading and a few spots of light oxidation and the trigger shows a generous amount of the original case colors. The "SAVAGE QUALITY" marked grips rate very good overall with some light dings and handling marks. A single magazine is included with this pistol. A solid example overall. (207942-108) {C&R} (200/400)
1403. **H&R SELF LOADING SEMI AUTO PISTOL** serial #21717, 32 ACP, 3 1/4" barrel with a very good bore that shows scattered freckling in the grooves. The metal surfaces of this second variation pistol retain 93% original blue with scattered freckling and oxidation stain specks. The "H/R" black checkered grips rate very good overall with some light dings, finish loss and handling marks. A single magazine is included with this pistol. A fine example overall. (207942-91) {C&R} (200/300)
1404. **SAVAGE MODEL 1907 SEMI AUTO PISTOL** serial #107945, 32 ACP, 3 1/2" barrel with a very good plus bore that shows some light frost in the grooves. The metal surfaces retain 60% original blue with fading on both the front and backstraps and further scattered fading and freckling throughout. The "SAVAGE QUALITY" marked grips rate very good overall with some light scratches, dings, handling marks and dirt staining. A single magazine is included. A solid Model 1907 that may be a good shooter. (207942-62) {C&R} (150/250)
1405. **SAVAGE MODEL 1907 SEMI AUTO PISTOL** serial #117035, 32 ACP, 3 1/2" barrel with an about very good bore that shows light pitting throughout much of its length. The metal surfaces retain about 70% original blue with some silvering around muzzle, areas fading to gray and light oxidation and freckling throughout. The "SAVAGE QUALITY" marked grips rate very good with a few dings and handling marks. A single magazine is included with this pistol. A very good Model 1907 that may be a fun shooter. (207942-107) {C&R} (150/300)
1406. **FRENCH MAB MODEL D SEMI AUTO PISTOL** serial #114735, 32 ACP, 3 3/4" barrel with an excellent bore. The metal surfaces of this second type pistol retain 60% original blue with scattered fading and some light silvering to the edges of the slide. The "MAB" checkered grips rate very good with scattered dings, light flattening points and handling marks. A very good example of a post-war French military handgun. (207942-80) {C&R} (200/400)
1407. **NAZI MARKED FRENCH MAB MODEL D SEMI AUTO PISTOL** serial #94579, 32 ACP, 3 3/4" barrel with an excellent bore. The metal surfaces retain 40-50% original blue with much of the slide having turned to a brown patina with further fading to a gray patina and silvering throughout. The MAB grips rate poor to fair as they appear warped overall displaying a large gap between them and the frame and showing the edges facing outward, a few cracks and some dirt staining. The lower left grip panel is missing and the pistol is marked with a German "(Eagle)/WaA026" Waffenamt. The slide has some writing much of which is illegible but it reads in part "1944" and "Syracuse N.Y." so, this gun is most certainly a World War Two bringback. A single unmarked magazine is included and this pistol is a good restoration candidate that will fit in well in any military collection once a proper set of grips are located. (207942-81) {C&R} (150/250)
1408. **NAZI MARKED CZ-27 SEMI AUTO PISTOL** serial #417595, 32 ACP, 3 1/2" barrel with a very good plus bore that shows the beginnings of a couple spots of light frosting. The metal surfaces retain 80% original phosphate with a few spots of light pitting and scattered silvering and oxidation staining. The straw on the hammer and trigger appear to be thin. The grips appear correct but lack a "CZ" logo, and rate very good overall with "SK" being penciled in where the CZ logo usually is and there are scattered dings and handling marks. The right side of the frame is marked "(Eagle)WaA76", the slide is marked "fnh" and it is matching to the frame. A single blued magazine is included with this pistol. An about very good example of a late CZ-27 overall. (207963-2) {C&R} (200/400)
1409. **JAPANESE TYPE 38 ARISAKA BOLT ACTION RIFLE BY NAGOYA** serial #90719, 6.5 Arisaka, 30 1/2" barrel with a dark, poor bore. The metal surfaces of this 28th series rifle are an overall dull brown patina with some pitting spots on buttplate and scattered freckling. The Asian hardwood stock rates very good overall with the stock splice showing a slight separation, an added flathead screw behind the lower tang, scattered dings, scratches and handling marks. The Chrysanthemum is fully intact, the extractor appears unnumbered, the front band, bolt handle, firing pin and cocking knob are all correctly numbered matching to the receiver. The rear sight is the correct trapezoid style, there is no floorplate or magazine follower present but an original cleaning rod is included. A good project or parts donor rifle overall. (208252-11) {C&R} (100/200)
1410. **HARRINGTON & RICHARDSON SELF-LOADING PISTOL** serial #1404, 25 ACP, 2" barrel with a fair bore that shows oxidation and pitting throughout but visible rifling. The metal surfaces of this first variation pistol retain 60% original blue with much of the slide drifting to a brown patina, further scattered light fading and freckling. The H&R marked checkered grips rate about very good overall with a couple minor chips at rear and a few dings and handling marks. A single magazine is included. A good example overall. (207942-115) {C&R} (100/200)
1411. **SAVAGE MODEL 1917 SEMI AUTO PISTOL** serial #229827, 32 ACP, 3 1/2" barrel with a very good bore that shows a few small pits and overall frosting. The metal surfaces retain about 85% original blue with scattered fading, some light silvering on the exposed edges of frame and a few tiny specks of freckling. The "SAVAGE QUALITY" marked grips rate very good with a couple small chips on the left panel, scattered handling marks and dings. A single magazine is included with this pistol. A very good example that may prove to be a good shooter. (207942-139) {C&R} (150/250)
1412. **SAVAGE MODEL 1917 SEMI AUTO PISTOL** serial #16886B, 380 ACP, 4" barrel with a very good bore that shows light frosting throughout and a few small pits near muzzle. The metal surfaces retain about 50% original blue with a few scattered spots of light pitting, scattered fading, oxidation staining and some silvering to the exposed edges. The "SAVAGE QUALITY" marked grips rate very good with some light dings and handling marks. A single magazine is included and this pistol may prove to be a fun shooter. (207942-101) {C&R} (200/300)
1413. **SAVAGE MODEL 1907 SEMI AUTO PISTOL** serial #105065, 32 ACP, 3 3/4" barrel with an excellent bore. The metal surfaces retain 65% original blue with scattered silvering, fading and a few spots of light oxidation. The "SAVAGE QUALITY" marked grips rate very good overall with a few dings and handling marks. A single magazine is included. A good plus to very good Model 1907 overall. (207942-154) {C&R} (150/250)
1414. **CZ-82 SEMI AUTO PISTOL** serial #115879, 9x18 Makarov, 3 3/4" barrel with an excellent bore. The metal surfaces of this 1989 dated pistol retain 97% arsenal enamel with some scattered small spots of flaking. The grooved checkered grips rate very good with a few scattered dings, light scratches and handling marks. The barrel and slide are both numbered matching, the frame is marked "she 89x" and the left side of the slide has a Century Arms import marking. The hammer appears to fall short of the firing pin when the trigger is pulled and it will require mechanical attention to fix. A single unmarked blued magazine is included. A good project gun overall. (207942-35) {C&R} (100/200)
1415. **RUSSIAN MOSIN NAGANT M44 BOLT ACTION CARBINE BY IZHEVSK** serial #10A322, 7.62x54, 20 1/4" barrel with an excellent bore. The metal surfaces of this 1947 dated carbine retain 98% arsenal blue with dried cosmoline throughout. The birch stock rates very good plus as arsenal refinished with a lightly added oil, a crisp "TRZ" Yugoslavian rework stamp on right side of butt, a few moderate dings and handling marks. The floorplate is matching, the bolt has been renumbered to match and the buttplate is mismatched. There is an Inter-Ordnance import mark on receiver and an added importer serial number as well. 1947 was a low production year for the M44 and this carbine has a neat Yugoslavian rebuild stamp on the stock. (208290-65) {C&R} (150/250)

1416. **JAPANESE TYPE 38 ARISAKA BOLT ACTION RIFLE BY MUKDEN** serial #77781, 6.5 Arisaka, 31" barrel with an excellent bore. The metal surfaces of this 50th series rifle retain 93% original blue and straw with some scattered light fading and freckling. The hardwood stock rates very good overall with strong Japanese inspection stamps, a few scattered dings, scratches and handling marks. The rear sight is the correct trapezoid type and is correctly numbered alike with its adjustments, while the cocking knob has two sets of numbers one of which is not fully discernable and the other matches to the receiver by serial number. The other visible parts including the firing pin are all matching either by serial or assembly number and the Chrysanthemum is partially ground. A correct in-the-white cleaning rod is present and there is still cosmoline in the action. A fine example from a hard-to-find arsenal. (208238-62) {C&R} (300/400)
1417. **GERMAN K98K BOLT ACTION RIFLE BY WAFFEN WERKE BRUNN II** serial #2723e, 8mm Mauser, 24" barrel with a very good bore that shows scattered light pitting and frosting but strong rifling. The metal surfaces of this dou 44 coded rifle retain 99% of an arsenal grade phosphate finish. The beech stock features grasping grooves and rates near excellent as-refinished with an added oil finish, a couple scratches, dings and handling marks. The receiver has two "X" markings which are likely Russian refurbishment markings, there is an import mark on barrel, the barrel is matching to the receiver but the remaining parts are unnumbered or mismatched. A good entry-level 98k that may be a good shooter. (208290-190) {C&R} (300/500)
1418. **RUSSIAN 91/30 MOSIN NAGANT BOLT ACTION RIFLE BY IZHEVSK** serial #PKH4389/9130103913, 7.62x54 Russian, 28" barrel with a fair bore that shows oxidation and pitting throughout but visible rifling. The metal surfaces of this 1943 dated rifle retain 97% arsenal blue with some areas of silvering. The hardwood stock rates very good with an armory added shellac that shows several areas of flaking, a couple small armorer repairs, scattered dings, handling marks and scratches. All serial numbers are matching and have been arsenal renumbered to match. The rifle includes an original bayonet that is numbered to a different gun, ammunition pouch, canvas sling, oil bottle and tools. There is a Century Arms import marking on the receiver. A very good example of an arsenal reconditioned Soviet Mosin rifle. (208244-4) {C&R} (125/250)
1419. **SWEDISH M96 BOLT ACTION RIFLE BY CARL GUSTAFS** serial #197771, 6.5x55 Swedish, 29" armory threaded barrel with a very good bore that shows frosting but strong rifling. The metal surfaces of this 1906 dated rifle retain about 70% arsenal blue with scattered fading to gray and some oxidation staining on buttplate. The hardwood stock rates very good with a strong Swedish crown marking on pistol grip, another faded Swedish crown marking, scattered dings, handling marks and scratches. All of the visible serialized parts are matching and the stock disc shows a triangle over both "2" and "3" for bore condition. There is a Century import marking on the right side of the barrel. A very good example of these high-quality Swedish Mauser rifles. (208290-43) {C&R} (200/400)
1420. **YUGOSLAVIAN M48BO BOLT ACTION RIFLE** serial #W19033, 8mm Mauser, 23" barrel with a very good plus bore that shows some light frosting. The metal surfaces of this blank receiver rifle retain 98% arsenal blue with some silvering on barrel and triggerguard. The elm stock rates very good plus with a few scattered dings, handling marks and light scratches. All serialized parts are matching, there is a Cherry's import marking on the underside of barrel and many of the parts are marked with a small circled "1" marking. The bolt has a large amount of cosmoline in it and it will need to be cleaned prior to use. A nice example of an uncommon Yugoslavian Mauser for your Cold War collection. (208290-59) {C&R} (200/300)
1421. **YUGO M24/52C BOLT ACTION RIFLE** serial #R12670, 8mm Mauser, 23" barrel with an excellent bore. The metal surfaces retain 98% arsenal blue with some light freckling on bolt stop, silvering on the triggerguard and bands. The elm stock rates very good plus with the beginnings of a small chip to the left of rear sight, a plug on both sides of wrist, a few dings and handling marks. All serialized parts are matching and there is an import marking on the barrel. A GI style green canvas sling is included with this rifle. A nice example of these Czech made and Yugo converted Mauser rifles. (208290-23) {C&R} (200/400)
1422. **GERMAN K98K BOLT ACTION RIFLE BY J.P. SAUER** serial #7340s, 8mm Mauser, 24" barrel with a very good bore that shows scattered frosting and pitting but strong rifling. The metal surfaces of this ce 41 coded rifle retain 90% of an arsenal refurbished blue finish with the receiver being a brown patina, spots of blued over pitting, freckling, fading along barrel and light silvering on floorplate. The laminated stock rates very good plus as-cleaned with a small armorer style repair on handguard, a reinforcement bolt throughout bolt handle cutout, a few handling marks and light dings. The bands, triggerguard screws, and rear sight parts are mismatched, while the extractor, cocking piece, safety, bolt stop and follower are unnumbered but the remaining visible parts are matching having been renumbered by Mitchell's Mausers. There is a Russian star rework marking on the left side of the receiver, the rear milled band has an empty hole on the right side, the cupped buttplate is marked "qqm/41" and there is a Mitchell's Mauser import marking on the left side of barrel. A very good entry-level K98k for the budding military collector. (208251-26) {C&R} (300/500)
1423. **RUSSIAN MODEL 1895 NAGANT DOUBLE ACTION REVOLVER BY TULA** serial #PR191, 7.62 Nagant, 4 1/2" barrel with an oxidized and pitted bore. The metal surfaces of this 1941 dated revolver retain 70% original blue with the cylinder being lightly-cleaned with some small spots of light pitting, the barrel shows a few areas of gray with some cleaned light pitting, there a few other scattered spots fading to gray and some scattered light freckling. The checkered wood grips rate very good with a couple dents, scattered dings and handling marks. There are no importer or refurbishment markings on this gun and the cylinder is numbered to the frame. A very good example of a seldom-seen non-refurbished Nagant revolver. (208303-13D31116) {C&R} (200/400)
1424. **BRITISH NO. 4 MK 1* BOLT ACTION RIFLE BY SAVAGE** serial #53C6747, 303 British, 25" 2-groove barrel with a bright excellent bore. The metal surfaces retain 60% arsenal blue with scattered fading, thinning, silvering, a few spots of oxidation staining and fading to brown on the magazine. The birch stock rates very good with an armory added oil finish, a few abrasions, scattered dings, handling marks and scratches. The bolt is mismatched but the buttstock, forestock, front sight and bands are all correctly marked with a Savage "S" marking. The receiver is marked with a "U/M" marking which is likely South African and there is an Interarms import marking on the left side of the receiver. The front sight is off-center. This rifle includes a modern black nylon sling and it will likely make a good shooter or example piece. (208290-67) {C&R} (200/400)
1425. **BRITISH MKIII SMLE BOLT ACTION RIFLE BY RSAF ENFIELD** serial #Y5532, 303 British, 25" barrel with a very good bore that shows scattered frosting. The metal surfaces of this 1916 vintage rifle retain 95-97% arsenal blue with scattered light fading and silvering. The beech stock rates very good with an added oil finish, two armorer added reinforcements across the rear handguard, a 3/4" hairline crack at rear of middle handguard, scattered dings, handling marks and scratches. The receiver has the cutoff for the magazine cutoff but no cutoff assembly is present, the right side of wrist is marked "FTR" indicting arsenal overhaul. The magazine is unnumbered but all other parts are matching and the rear sight protector has an Australian marking of "MA". The barrel is marked with British proofs and a modern black nylon sling is included with this rifle. A very good example of a World War One Enfield. (208290-69) {C&R} (200/400)
1426. **CANADIAN NO. 4 MK 1* BOLT ACTION RIFLE BY LONG BRANCH** serial #19L1389, 303 British, 25" barrel with a very good plus bore that shows light frosting and a couple minor spots of oxidation near muzzle. The metal surfaces of this 1942 dated rifle retain perhaps 40% arsenal blue with the balance having faded to gray, silvering at muzzle, a couple spots of staining on rear band, oxidation staining on magazine, bands and triggerguard. The walnut stock rates very good with an armory added oil finish, a 5" crack on handguard, a 1 1/2" hairline crack behind left of rear band, a faded circled "(Broad Arrow)" on the underside of pistol grip, dings, handling marks and scratches. The bolt is numbered matching to the rear band but it appears in a larger font and there is a Century import mark on the muzzle end of barrel. There is an oiler included and this is a very good example of these wartime Canadian Enfield rifles. (208290-51) {C&R} (200/400)

1427. **REMINGTON MODEL 510 TARGETMASTER BOLT ACTION RIFLE** 22 S/L/LR, 25" barrel with an excellent bore. The metal surfaces retain 90% original blue with light freckling and fading along the length of the barrel. The walnut stock rates very good with an added oil finish, a repaired 5 1/2" crack at front, some flaking oil, an area of finish loss below right side of receiver with the remnants of a sticker, a repaired crack running from the upper tang to comb of butt, a scratch around wrist a few dings, handling marks and light scratches. The single shot adapter is missing and this gun may make a good project gun. (208218-18) {C&R} [Ken Waters Collection] (75/150)
1428. **IVER JOHNSON EXCEL SINGLE SHOT SHOTGUN** #59544XC, 410 Bore, 26" plain barrel choked full with a bright excellent bore. The metal surfaces are a dull gray patina with scattered freckling and some pinprick pitting. The hardwood stock rates very good as-refinished with an added varnish, a 2" thin crack protruding from the lower tang, scattered flaking, scratches, dings and handling marks. The hammer operates a bit stiffly but overall this gun may still make a good shooter. (208218-12) {C&R} [Ken Waters Collection] (50/100)
1429. **BELGIAN FLOBERT STYLE RIFLE** 32 RF, 24 1/2" octagon barrel with a good plus bore that shows frosting and oxidation throughout but evident rifling. The metal surfaces are an overall oxidized dull brown patina with freckling throughout. The hardwood checkered stock rates good with a 2" crack to the right of the action, a few other scattered cracks, flattening checkered points, a couple paint stains on right side of butt, handling marks, dings and scratches. The gun lacks a maker mark but the left side of barrel at breech end is marked with a "E/LG" Belgian proof marking, while the hard rubber buttplate shows cracking throughout. The mainspring is missing, causing the hammer to be weak, the action is loose and the action is proud of wood. A good project gun or parts donor overall. (208218-19) {ANTIQUE} [Ken Waters Collection] (20/40)
1430. **INDIAN 2A1 BOLT ACTION RIFLE BY ISHAPORE** serial #Y2598, 7.62 NATO, 25" barrel with an excellent bore. The metal surfaces of this 1968 dated rifle retain 98% of an arsenal black enamel finish with some finished over pinprick pitting on the front band and some light flaking. The hardwood stock rates very good plus with a crisp "S (Arrow) A" Indian cartouche on right side of butt, a couple armorer reinforcements on rear of handguard, a 1/4" crack behind rear sight, a few light dings and handling marks. The magazine is stiff and we are unable to remove it to determine if it is matching, the bolt is mismatched, the noscap and rear sight are matching and an Enfield style canvas sling is included. A very good plus example that will likely make a fun shooter. (208290-61) {C&R} (200/400)
1431. **PLAINFIELD M1 SEMI AUTO CARBINE** serial #60636, 30 Carbine, 18" barrel with an excellent bore. The metal surfaces retain 98% original blue with some light freckling on the receiver, light silvering on barrel and operational wear on bolt. The walnut stock rates near excellent retaining most of its factory varnish, with a few light scratches, minor dings and handling marks. The carbine has a ventilated heat shield for a handguard and an unmarked peep rear sight. Included is a GI canvas style sling, reproduction dual magazine pouch and an aftermarket 15-round magazine. A nice commercial carbine that will likely make a fun plinker. (208290-181) {MODERN} (300/500)
1432. **UNIVERSAL M1 SEMI AUTO CARBINE** serial #126287, 30 Carbine, 18" barrel with an excellent bore. The metal surfaces retain 98% original blue with some light silvering spots and some light freckling on the upper tang. The walnut stock rates very good, retaining much of its factory varnish, showing a few dings, scratches and light handling marks. No magazine is present but a GI style canvas sling is included. A very good plus commercial carbine that will likely be a hoot to shoot. (208290-49) {MODERN} (200/400)
1433. **UNIVERSAL M1 SEMI AUTO CARBINE** serial #272291, 30 Carbine, 18" barrel with a bright excellent bore. The metal surfaces retain 97% original blue with some operational wear on bolt, light oxidation staining on edges of buttplate, light silvering on barrel, bayonet lug and edges of buttplate. The walnut stock rates very good plus with an added oil finish, a few light dings and handling marks. A single 15 round USGI magazine made by International Silver and a GI style tan canvas sling are included. A nice commercial carbine that will likely make a fine varmint gun. (208290-45) {MODERN} (250/450)
1434. **BRITISH NO. 4 MKII BOLT ACTION RIFLE BY FAZAKERLEY** serial #PF189563, 303 British, 25" barrel with a very good plus bore that shows scattered light frosting. The metal surfaces of this 8/50 dated rifle retain 85-90% of the original black sunconite finish with scattered flaking and thinning. The beech stock rates very good with an armory added oil finish, scattered dings, handling marks and light scratches. All serialized parts are matching, there is an Interarms import mark on the left side of receiver and this rifle was likely South African issued but there are no South African markings. A fine post-war Enfield for the military collector. (208290-58) {C&R} (300/500)
1435. **INDIAN MKIII* BOLT ACTION RIFLE BY ISHAPORE** serial #58166J, 303 British, 25" barrel with a bright near excellent bore that shows perhaps a small spot of pitting near muzzle. The metal surfaces of this GRI marked and 1946 dated rifle retain 90% arsenal blue and black enamel with flaking around noscap, some freckling on rear sight guard, scattered light flaking and minor silvering. The mismatched numbered magazine shows freckling, a few dings and dents and the hardwood stock rates near very good, showing an added varnish, an armorer repaired toe, armorer repair at heel, a partially faded "S (Arrow) Cartouche", a thin 3" crack in front of magazine, two armorer repairs at rear of handguard, a few abrasions, scattered dings, handling marks and scratches. The bolt and rear sight are matching, the noscap and stock are unnumbered but the other parts appear unnumbered. There is a small import mark on the left side of receiver and the rear handguard appears to be lighter in color than the rest of the stock. A very good post-war Enfield that may be a good shooter. (208290-62) {C&R} (200/300)
1436. **YUGOSLAVIAN M48A BOLT ACTION RIFLE** serial #P83364, 8mm Mauser, 23" barrel with a bright excellent bore. The metal surfaces retain 98% arsenal blue with some silvering on cleaning rod and around triggerguard. The hardwood stock rates excellent with a few light scratches, dings and handling marks. All serialized parts are matching, there is cosmoline in the bolt which will need to be cleaned, and there is a Chery's import mark on the underside of the barrel. An excellent example of these Yugo Mauser type rifles. (208290-60) {C&R} (200/400)
1437. **SWEDISH M96/38 BOLT ACTION RIFLE BY CARL GUSTAFS** serial #318851, 6.5x55 Swedish, 24" armory threaded barrel with a very good plus bore that shows minor frosting. The metal surfaces of this 1915 dated carbine retain 90% arsenal blue with silvering on floorplate, barrel, bandkeeper, triggerguard and light thinning on bolt stop. The hardwood stock rates very good with a repaired 1" crack at front of handguard, scattered dings, handling marks and light scratches. The carbine has a Vasteras micrometer rear sight that is numbered to the receiver, the cleaning rod is mismatched, the floorplate is unnumbered but all other visible parts are matching to the receiver. The stock disc shows a "1" for bore condition, the barrel has a muzzle cap and there is a Century import marking on the right side of the barrel. A fine Swedish Mauser carbine. (208290-52) {C&R} (200/400)
1438. **SWEDISH M94/14 BOLT ACTION CARBINE BY CARL GUSTAFS** serial #108667, 6.5x55 Swedish, 17 1/2" barrel with a good bore that shows oxidation throughout but strong rifling. The metal surfaces retain perhaps 40% arsenal blue with the balance dulling to a brown patina, the front band showing some touchup silver paint, some oxidation on bolt stop, some added blue on receiver, scattered freckling and some blued-over light pitting on noscap. The beech stock rates very good with an added oil finish, a 2" crack behind upper tang, scattered flaking, dings, handling marks and scratches. There is no stock disc or rear sling slot hardware present, all visible serialized parts are matching and the receiver has three added holes for a scope mount with the remnants of an adhesive at rear hole. A slightly modified Swedish carbine that may prove to be an interesting deer rifle. (208290-55) {C&R} (200/400)
1439. **WINCHESTER MODEL 1300 NATIONAL WILD TURKEY FEDERATION SLIDE ACTION SHOTGUN** serial #L2609621, 12 ga, 22" ventilated rib Winchester barrel with a bright excellent bore. The metal surfaces retain about 97% original blue and the receiver is marked "NATIONAL WILD TURKEY FEDERATION" on the right side and the left side is embellished with three wild turkeys. The checkered walnut pistolgrip buttstock and forend rate excellent displaying just a few extremely light handling marks and there are front and rear sling swivels present. The included rifled choke is marked "Sabot only". (218136-5) {MODERN} (200/400)

1440. **WINCHESTER MODEL 1906 SLIDE ACTION RIFLE** serial #280702, 22 S,L,LR, 20" round barrel with a fair, highly pitted bore. The metal surfaces retain about 75% of a cleaned and reblued finish and the trigger housing and rear frame assembly have a different serial #386744. The refinished smooth walnut straight grip buttstock and grooved forend rate excellent and include a hard rubber shotgun buttplate. The magazine tube has a "gallery gun" style v-cut opening in it, likely from a Model 1890 or a Model 62. (218050-787) {C&R} (200/300)
1441. **J.C. HIGGINS MODEL 103.229 BOLT ACTION RIFLE** 22 S,L,LR, 24" barrel with a bright about excellent bore. The metal surfaces retain about 92% original finish and the barrel has toned to a faded brown patina. The stock has been sanded and a 1956-dated Liberty Quarter has been affixed to the bottom of the pistolgrip and there are holes for sling swivels in the toeline and forend, but none are present. This rifle is fitted with a J.C. Higgins 4x scope with crosshair reticle mounted on a Weaver Tip-off 3/4" base. (218180-4) {C&R} [R.J. & John Waltz Collection] (75/125)
1442. **GERMAN KAR 98A BOLT ACTION RIFLE BY ERFURT (SPORTERIZED)** serial #415aa, 8mm Mauser, 24" barrel with a very good plus bore with only minor frosting in the grooves. The metal surfaces of this 1917-dated receiver and barrel retain about 95% original blue, the loss mostly due to fading and oxidation at the muzzle end. The bolt, triggerguard and floorplate are now in-the-white showing minor pitting and oxidation. The walnut pistolgrip replacement stock rates very good and has five holes drilled on each side of the forend and one on the bottom of the forend and toeline for sling swivels, but none are present. The front sight guards are intact and most of the numbered parts are matching with the exception of the bolt parts. This 100 year old war relic would make a nice restoration candidate. (218180-7) {MODERN} [R.J. & John Waltz Collection] (150/250)
1443. **UNMARKED DOUBLE BARREL PERCUSSION FOWLER** 20 bore, 32 3/4" barrels with dark oxidized bores. The metal surfaces of this flintlock conversion have toned to a warm brown patina. The smooth walnut stock rates very good with only minor handling marks and a repaired 2" crack in front of the left sideplate and a 1/2" crack running between the right sideplate and trigger housing. The left sideplate is loose, the left nipple skirt is broken, the forend wedge is missing as is the forward ramrod thimble, however, a wooden ramrod is present. Overall a nicely done conversion fowler. (218114-10) {ANTIQUÉ} (350/500)
1444. **WARDS WESTERN FIELD MODEL 30 SLIDE ACTION SHOTGUN** serial #95963, 12 ga, 18 1/2" plain barrel with a bright excellent bore. The metal surfaces retain about 90% original blue, the loss mostly to the magazine tube from cycling the action. The checkered walnut pistolgrip buttstock rates good with scratches and flaking of the later applied varnish. The buttstock wears a Ranger rubber recoil pad which provides a length of pull of 13 1/4". The checkered walnut forend rates very good with minor flaking of the later applied varnish. The barrel of this Montgomery Ward shotgun has been cut down to 18 1/2" and has a gold bead front sight. (218202-1) {C&R} (100/200)
1445. **STEVENS MODEL 620 SLIDE ACTION SHOTGUN** serial #108957U, 20 ga, 28" plain barrel choked full with a bright, about excellent bore showing minor frosting at the muzzle. The metal surfaces are heavily pitted and oxidized. The checkered walnut pistolgrip buttstock rates about very good with handling marks and flaking of the later applied varnish. The checkered walnut forend rates excellent with only minor handling marks. (218153-9) {C&R} (75/125)
1446. **NATIONAL FIRE ARMS CO. SLIDE ACTION HAMMER SHOTGUN** serial #A23211, 12 ga, 30" plain barrel choked full with a bright about excellent bore. The barrel and receiver have toned to a plum brown patina and the action and magazine tube have worn to a mottled gray finish. The smooth walnut pistolgrip buttstock rates excellent with minor handling marks and flaking of the varnish, it is also fitted with a Mershon rubber recoil pad which provides a length of pull of 13 1/2". The grooved forend rates excellent with only minor handling marks in the later applied varnish. (218104-6) {C&R} (125/250)
1447. **MOSSBERG MODEL 190KB BOLT ACTION SHOTGUN** 16 ga, 26" plain C-Lect choke barrel with a bright excellent bore. The metal surfaces retain about 95% original finish with pitting and surface oxidation throughout. The smooth walnut pistolgrip stock rates excellent with minor handling marks and a small transfer of white paint on the right side and a small transfer of green paint on the left side. The green "safe" button is missing and the stock has a hard plastic recoil pad that provides a length of pull of 14". A two shot detachable box magazine is included. (218104-7) {C&R} (75/125)
1448. **MARLIN MODEL 1898 SLIDE ACTION HAMMER SHOTGUN** Serial #45508, 12 ga, 30" plain barrel choked full with an about very good bore showing minor pitting throughout. The metal surfaces have toned to a gray and plum brown patina. The smooth walnut pistolgrip buttstock rates very good with minor dings, dents and handling marks in the later applied varnish and it is fitted with a Winchester plastic buttplate. The grooved forend rates very good with later applied varnish that also spilled onto the barrel in a couple of spots. (218116-55) {C&R} (100/200)
1449. **MARLIN MODEL 1898 SLIDE ACTION HAMMER SHOTGUN** Serial #21727, 12 ga, 30" plain barrel choked full with a bright about excellent bore. The metal surfaces have toned to an even gray patina with minor pitting and surface oxidation throughout. The smooth walnut pistolgrip buttstock rates about very good with minor flaking of the finish, a repaired 3 1/2" crack along the toeline and a Red Head Brand recoil pad that provides a length of pull of 14 1/2". The grooved forend rates excellent with only minor handling marks. This firearm needs mechanical attention as the firing pin is no longer present (218116-54) {C&R} (50/100)
1450. **WINCHESTER MODEL 370 "YOUTH" SINGLE SHOT SHOTGUN** Serial #C145953, 20 ga, 26" plain barrel choked improved modified with a bright excellent bore. The metal surfaces show heavy pitting and oxidation. The smooth pistolgrip buttstock rates good plus with scratches and handling marks and wears a hard rubber recoil pad which provides a length of pull of 12 3/4". The forend is missing from this Canadian made firearm. (218140-2S20284) {MODERN} (50/75)
1451. **STEVENS MODEL 1915 FAVORITE FALLING BLOCK RIFLE** Serial #H106, 22LR, 24" octagon barrel with a bright very good bore. The barrel retains about 95% original blue with pitting and oxidation throughout and the receiver has toned to a plum patina. The smooth walnut straight grip buttstock and forend rate good with modest scratches, dents, handling marks and a 1" chip at the toeline. The buttstock is fitted with a "Stevens Favorite" buttplate which now sits proud of the wood. The gun is fitted with a Rocky Mountain front sight and a rear leaf sight. (218165-3) {MODERN} (75/125)
1452. **REMINGTON-BEALS SINGLE SHOT SPORTING RIFLE** Serial #76, 32 RF, 27 1/2" part round part octagon barrel with a dark heavily oxidized and pitted bore. The barrel has toned to a brown patina and the frame and action are now toned to gray with pitting and oxidation staining. The smooth walnut pistolgrip buttstock rates fair with several full length cracks along the wrist, the screw is missing from the upper tang, it has been stained with a dark color and the smooth crescent buttplate has been painted black. The front sight dovetail is present, but no sight. (218136-4) {ANTIQUÉ} (50/75)
1453. **PEDERSOLI/CABELAS LEFT HANDED BOLT ACTION IN-LINE MUZZLE LOADER** Serial#AF1510, .50 cal., 26 1/4" barrel with a bright excellent bore. The metal surfaces retain about 97% original blue. The checkered brown synthetic pistolgrip buttstock and forend rate excellent with only minor handling marks. The stock features a raised cheekpiece on the right side for the left handed shooter, sling swivel studs and a hard rubber recoil pad that provides a length of pull of 14 1/2". This muzzle loader is missing the breech plug and includes a ramrod. (218178-57) {ANTIQUÉ} (50/100)

1454. **GERMAN P.08 LUGER PISTOL BY DWM** serial #39981, 9mm, 4" barrel with a bright very good near excellent bore showing minor frosting at the muzzle. The metal surfaces retain about 98% of a mirror polished blue finish. The toggle is marked DWM, the chamber is not dated and most of the small parts have had the two digit serial numbers ground or washed off during rebluing and polishing. The frame does not have a stock lug or hold open latch and the firing pin is un-grooved and not numbered. There is a small nick in the finish just below the sear spring and a 3/4" scratch on the left side of the receiver and frame rail just ahead of the sideplate. The checkered walnut grips rate good as they are worn almost smooth, they are not numbered on their interior and have an added coat of varnish. Included is a single reblued-body, aluminum-based magazine numbered "9827d" and stamped with "fxo", P.08, and two "SE-37" acceptance stamps and rates about very good overall with heavy pitting under the reblued finish. (218002-159) {C&R} (300/500)
1455. **GERMAN P.08 LUGER PISTOL BY DWM** serial #3106b, 9mm, 4" barrel with a bright about excellent bore. The metal surfaces retain about 95% of a highly polished finish, the loss due to oxidation staining on the frame, sideplate and toggle. The toggle is marked DWM, the chamber is dated 1916 and all of the visible numbered parts are matching including the ungrooved firing pin. The checkered walnut grips rate about very good, the left grip has modest flattening of the points and is numbered to a different gun on its interior, the right grip has minor flattening and it is not numbered on its interior and they both fit loosely to the gun. Included is a single blue-bodied, plastic-based magazine not numbered on its base and the body is stamped "fxo", "P.08", has two "SE-37" acceptance stamps and rates excellent overall. (218002-69) {C&R} (300/500)
1456. **GERMAN P.08 LUGER PISTOL BY DWM WITH WEIMAR DATE** serial #450m, 9mm, 4" barrel with a bright about very good bore showing minor frosting along its length. The metal surfaces retain about 65-70% of a nickel plated finish, the loss due to the finish flaking off in several areas and oxidation coming through the finish in several places as well. The toggle is marked DWM, the chamber is double-dated 1918 and 1920 and all of the visible numbered parts are matching with the exception of the grooved firing pin which is not numbered and there is a circle with the letter "S" in it stamped on the left side of the receiver just ahead of the serial number. This police issue pistol is equipped with a sear safety, with evidence that it had a magazine safety, which is no longer present. The checkered walnut grips rate about very good with minor flattening, they are stamp-numbered to the gun on their interior and they both fit loosely to the gun. Included is a single nickel plated body and base magazine that is stamped with an "m" on its base and "122" and has two "SE-37" acceptance stamps on its body which rates about very good overall with flaking of the finish and oxidation coming through as well. (218002-163) {MODERN} (300/500)
1457. **SAVAGE FOX MODEL B BOXLOCK DOUBLE SHOTGUN** serial #B32274, 16 ga, 28" barrels choked modified and improved modified with bright excellent bores. The metal surfaces retain about 95% original blue, the loss due to fading on the triggerguard, the bottom of the receiver and has the usual dings, dents and handling marks. The checkered walnut pistolgrip buttstock and forend rate excellent with perhaps a coat of later applied varnish. The buttstock is fitted with a plain grooved hard rubber buttplate that has varnish residue on it and provides a length of pull of 14 1/4". The gun also features double triggers, automatic safety and extractors. (218218-9) {MODERN} [Ken Waters Collection] (200/400)
1458. **SAVAGE MODEL 1903 SLIDE ACTION RIFLE** serial #4297, 22 S,L,LR, 24" octagon barrel with an about very good bore showing pitting along its length. The metal surfaces retain perhaps 60% of a heavily oxidized finish and one of the factory screws has been replaced with a machine screw and a square nut on the receiver. The smooth round knob pistolgrip buttstock and grooved forend rate about very good with the usual dings, dents, handling marks and flakes in the finish. This rifle has its original iron sights as well as a tang mounted peep sight and it does not include a magazine. (218270-43) {C&R} (75/125)
1459. **WINCHESTER MODEL 68 BOLT ACTION RIFLE** 22 S,L,LR, 27" round barrel with a bright near excellent bore. The barrel has toned to an even brown patina having some light rub marks and specks of surface oxidation. The triggerguard has toned to a mostly brown patina and the bolt displays most of its original chrome plated finish. The smooth walnut finger groove stock rates very good displaying scattered dings and scratches. The stock is fitted with its original Winchester hard rubber buttplate which has some crush marks at the top. (218264-6) {C&R} (75/125)
1460. **MOSSBERG MODEL 500 SLIDE ACTION SHOTGUN** serial #T592119, 410 bore, 24" ventilated rib barrel choked full with a bright excellent bore and twin-bead sights. The barrel and magazine tube are showing pitting and surface oxidation, the heaviest at the muzzle end and full magazine tube. The black synthetic buttstock and forend rate excellent with minor handling marks, the buttstock is fitted with a sling swivel stud and rubber recoil pad which provides a length of pull of 13". (218270-37) {MODERN} (100/200)
1461. **MOSSBERG MODEL 500 SUPER BANTAM SLIDE ACTION SHOTGUN** Three Barrel Set serial #U083142, 20 ga. This three-barrel combo is geared for younger sportsmen or smaller-stature adults and is versatile enough to cover any game type and season. Includes 22" turkey barrel with ventilated rib and fiber-optic sights; 24" slug barrel, ported with rifled bore and cantilever scope base; and 26" field barrel with ventilated rib and bead sight with Accu-Set chokes included (full/mod/ic). All three barrels are blued and have bright excellent bores. This shotgun features a shortened pistol grip for easier cycling and a stock spacer to adjust length of pull up to one inch and includes an integrated rear sling swivel stud. This set includes the factory box and manual. (218270-60) {MODERN} (250/350)
1462. **WINCHESTER MODEL 12 SLIDE ACTION SHOTGUN** serial #123920, 12ga, 28" plain poly-choked barrel with a bright excellent bore. The barrel retains about 95% original blue with the magazine tube and receiver both toned to a mottled gray. The grooved forend rates excellent and the smooth walnut pistolgrip buttstock has dents and scratches, it has a 1 1/2" wide band of tape wrapped around the butt end and the buttplate is cracked and missing a 1" piece at the toe. (218264-5) {C&R} (100/200)
1463. **WINCHESTER MODEL 37 SINGLE BARREL SHOTGUN** 16 ga, 28" plain barrel choked improved modified with a bright excellent bore. The metal surfaces are a mix of brown and gray patina. The smooth walnut pistolgrip buttstock has several 4" long cracks from the tang and receiver back making it fit loose to the gun and it has the original hard plastic buttplate. The smooth walnut forend rates very good with minor handling marks. (218264-7) {C&R} (75/125)
1464. **STEVENS MODEL 95 SINGLE BARREL HAMMER SHOTGUN** 12 ga, 30" plain barrel choked full with a bright excellent bore. The barrel retains about 95% original blue with minor oxidation staining. The smooth walnut pistolgrip buttstock and grooved forend rate excellent with only minor handling marks and a bit of adhesive residue on the buttstock. (218244-21) {MODERN} (75/125)
1465. **RANGER MODEL 103.2 BOLT ACTION RIFLE** 22 S,L,LR, 24" barrel with a bright about excellent bore. The metal surfaces retain about 95% original blue with scattered pitting and oxidation staining. The walnut pistolgrip stock rates excellent with minor handling marks. Included is a single 7 round magazine. (218252-1) {C&R} (50/75)
1466. **REMINGTON MODEL 511-P SCOREMASTER BOLT ACTION RIFLE** 22 S,L,LR, 25" barrel with a bright very good bore. The metal surfaces retain about 95% original blue with minor pitting and oxidation staining. The plain walnut pistolgrip stock rates very good with minor dings, dents and handling marks. The rear peep sight is intact and included is a single factory magazine. (218252-3) {C&R} (50/75)
1467. **REMINGTON MODEL 341 SPORTMASTER BOLT ACTION RIFLE** serial #34238, 22 S,L,LR, 24" barrel with a bright about excellent bore. The metal surfaces retain about 98% of a reblued finish with scattered pitting under the finish. The plain walnut pistolgrip stock rates excellent with minor dings, dents and handling marks and has a later applied varnish finish. (218251-25) {C&R} (50/75)
1468. **MARLIN GLENFIELD MODEL 60 SEMI-AUTO RIFLE** serial #69263740, 22 LR, 22" barrel with an about excellent bore. The metal surfaces retain about 92% original blue, the loss due to minor pitting and oxidation staining and scratches on top of the receiver. The grooved stock has a carving of a squirrel within a pentagon on both sides of the pistolgrip and rates excellent with minor flaking of the finish. (218252-2) {MODERN} (50/75)

1469. **RUGER MODEL 10/22 SEMI-AUTO CARBINE** serial #230-65495, 22 LR, 18 1/2" barrel with a bright about very good bore. The barrel retains about 92% of a moderately pitted and oxidized finish and the receiver has several spots of flaking of the finish. The checkered hardwood pistolgrip stock rates near very good with some gouges, nicks and scratches in the finish. The gun is fitted with the factory sights, sling swivels and a single factory ten round detachable rotary magazine. (218270-33) {MODERN} (100/200)
1470. **RUGER MODEL 10/22 SEMI-AUTO CARBINE** serial #354-11096, 22 LR, 18 1/2" barrel with a bright excellent bore. The barrel retains perhaps 50% of a heavily oxidized finish and the receiver is fitted with a weaver type rail. The smooth hardwood pistolgrip stock rates excellent with only minor handling marks. This rifle is equipped with factory sights and a single factory ten round detachable rotary magazine. (218270-51) {MODERN} (100/200)
1471. **REMINGTON NYLON 66 SEMI-AUTO RIFLE** serial #2310476, 22 LR, 19 1/2" barrel with a bright about excellent bore. The barrel and receiver retain perhaps 60% of a heavily oxidized finish. The Mohawk Brown Zytel stock rates about very good with moderate scratches and handling marks. The heavily oxidized front sight is missing a screw and there is no magazine tube insert present with this rifle. (218270-27) {MODERN} (75/125)
1472. **REMINGTON MOHAWK 10-C SEMI-AUTO RIFLE** serial #2453607, 22 LR, 19 1/2" barrel with a bright about excellent bore. The metal surfaces retain perhaps 75% of a moderately pitted and oxidized finish. The Mohawk Brown Zytel stock rates excellent with only minor handling marks. This rifle is sighted with the original factory sights and includes a single factory ten round detachable box magazine. (218303-59D32531) {MODERN} (125/250)
1473. **REMINGTON MODEL 870 WINGMASTER SLIDE ACTION SHOTGUN** serial #T475817V, 12ga, 20" plain barrel choked improved cylinder with a bright, about excellent bore. The metal surfaces retain about 90% original finish with some minor oxidation and adhesive residue on the barrel. The smooth walnut pistolgrip buttstock and grooved forend rate good to near very good with dings, dents and chips in the finish. The stock is fitted with a factory recoil pad which provides a length of pull of 14". (218303-85D30311) {MODERN}(125/250)
1474. **HIGH STANDARD U.S. PROPERTY MARKED MODEL B SEMI-AUTO PISTOL** serial #106336, 22 LR, 4 1/2" barrel with an excellent bore. This pistol no longer functions and is in need of professional attention. The metal surfaces have been lightly cleaned and are in-the-white with scattered light scratches, pitting and cleaning marks. There is some blue finish found around the protected edges of the frame and barrel/frame joint. The checkered hard rubber factory grips with High Standard monogram rate about good to very good with light wear along with scattered dents and dings, mostly on the right panel. The take down lever, take down lever plunger and spring are present but in need of repair. The U.S. property markings remain strong but the ordnance wheel is very light and mostly worn. A single magazine is included. (88002-89) {C&R} [Charles Hadley Collection] (100/200)
1475. **COLT PRE-WOODSMAN TARGET SEMI-AUTO PISTOL** serial #11512, 22 LR, 6 5/8" pencil barrel with a slightly frosted bore and a bulge near the muzzle. The metal surfaces of this 1919 made pistol retain about 75% thinning blue finish with moderate high edge wear, grip frame worn to pewter, barrel thinning to a mottled mix of blue, pewter and purple plus scattered scratches. The diamond checkered walnut factory grips rate good to very good with moderately worn diamond points and light handling wear. The pistol features correct adjustable white bead front sight and "U" notch adjustable rear sight. This well-used Pre-Woodsman includes a single magazine. (87996-7) {C&R} (300/500)
1476. **BROWNING HI-POWER SEMI-AUTO PISTOL** serial #245RR64052, 9mm, 4 5/8" barrel with an excellent bore. This 1977 made pistol retains about 95% factory blue and later applied Parkerized finishes with the backstrap thinning to brown, high edge wear and scratches. There is pinprick pitting visible on and under the Parkerizing. The checkered walnut factory grips rate very good with flaking finish, dents and dings. The pistol includes a single unmarked Parkerized magazine. This should make a good shooter. (88303-17D32635) {MODERN} (300/500)
1477. **SMITH & WESSON 5TH MODEL SAFETY HAMMERLESS TOP-BREAK REVOLVER** serial #225083, 38 S&W, 3 1/4" barrel with an excellent bore. The metal surfaces retain about 90% factory blue with the grip frame thinning to a brown-pewter mix, light to moderate edge wear, turn ring on the cylinder and scratches. The trigger has beautiful case-hardened colors with light operational wear. The diamond checkered hard rubber factory grips with S&W monograms rate excellent with a few light handling marks. The grips and all appropriate parts are correctly numbered to the gun. The gun still times and locks up correctly and barrel-to-frame fit has just a hint of play. (88139-86D31196) {C&R} (300/500)
1478. **SMITH & WESSON 3RD MODEL SAFETY HAMMERLESS TOP-BREAK REVOLVER** serial #230787, 32 S&W, 3" barrel with an excellent bore. The metal surfaces retain about 97% factory blue with oxidation blemishes on the barrel, scattered scratches on the cylinder and a turn ring. The trigger has beautiful case-hardened colors with minor operational wear. The diamond checkered hard rubber factory grips with S&W monograms rate excellent. The grips and all appropriate parts are correctly numbered to the gun. The gun still times and locks up correctly and barrel to frame fit is as tight as the day it left the factory. (88241-7) {C&R} (300/500)
1479. **SMITH & WESSON K-200 U.S. LEND-LEASE HAND EJECTOR REVOLVER** serial #V472088, 38 S&W, 5" barrel with an excellent bore. This U.S. Property marked revolver has been given a high polish and non-factory blue finish with about 97% remaining exhibiting a light turn ring on the cylinder and silvering at the muzzle. The hammer and trigger have been refinished in blue. The checkered wood grips are marked Made in Italy and rate near excellent with light handling marks. The topstrap is marked "[ordnance bomb] U.S. PROPERTY G.H." with the "D" buffed out of Lt. Col. Drewry's initials. British proof and property marks are still visible. All appropriate parts are correctly numbered to the gun and it still times and locks up correctly. The lanyard swivel was removed and the hole plugged. If you want a 38 S&W for shooting this is it. (88290-204) {MODERN} (100/200)
1480. **SMITH & WESSON MODEL 65-2 .357 MILITARY & POLICE REVOLVER** serial #7D46566, 357 Magnum, 4" pinned heavy barrel with an excellent bore. The stainless steel surfaces rate about good to very good with scattered wear, scratches and a turn ring on the cylinder. The replacement .500" case-hardened hammer has strong colors showing with scattered freckling and light operational wear. The replacement .400" wide smooth semi-target trigger also has strong hard chrome finish with moderate operational wear marks. The grips are unmarked "Made in Italy" checkered wood that rate excellent. The backstrap has been heavily stippled and the hammer spur has been shortened with roughly .400" +/- length remaining. It should make a good shooter or project gun. (88290-39) {MODERN} (200/400)
1481. **SMITH & WESSON MILITARY & POLICE HAND EJECTOR REVOLVER** serial #C168306, 38 Special, 2" barrel with an excellent bore. This pre-model 10 retains about 95% factory blue with the bottom of the triggerguard and heel of the frame toned to brown, high edge wear, turn ring on the cylinder, scratches and the cylinder finish starting to thin. The standard trigger and hammer have bold case-hardened colors with light operational wear and freckling. The square butt grips are unmarked Made in Italy checkered wood that rate excellent. All appropriate parts are correctly numbered to the gun. A nice condition hand ejector with honest use. (88290-196) {MODERN}(300/500)
1482. **U.S. MODEL 1917 REVOLVER BY SMITH & WESSON** serial #92308, 45 ACP / AR, 5 1/2" barrel modified barrel with a frosted bore. The metal surfaces have been polished and non-factory reblued with about 90% remaining. The backstrap has worn to brown with high edge wear, scratches and a turn ring on the cylinder which is toning to plum. The case-hardened colors on the hammer and trigger are fading with operational wear and freckling plus the lanyard loop is gray. The replacement faux stag grips by "S.W. Cut & Mfg." rate excellent. About .584" of the muzzle has been lathe turned down to .571" diameter and left in-the-white. About a third of the front portion of the sight was removed in the process and there is a shallow detent hole on the bottom of the turned section. The purpose of this modification is not clear but leaves many possibilities. All appropriate parts are correctly numbered to the gun, military inspector marks are still visible and there is an armory assembly number present on the barrel, frame, cylinder and crane. (88290-231) {MODERN} (300/500)

1483. **COLT FRONTIER SCOUT SINGLE ACTION REVOLVER** serial #11503Q, 22 LR, 4 5/8" barrel with an excellent bore. The metal surfaces of this two-tone revolver retain about 90% factory blue and anodized finishes with scattered scratches, high edge wear and a turn ring on the cylinder. The in-the-white sides of the hammer have toned to mostly brown. The faux stag "Pointer Pup" grips rate excellent with minor handling wear and light soiling. The ejector rod housing screw appears to be a replacement. This should make a nice little plinker or field gun. (88303-20D32465) {MODERN} (200/400)
1484. **COLT AGENT REVOLVER** serial #269497LW, 38 Special, 2" barrel with an excellent bore. This 1968 made revolver retains about 75% factory blue and anodized finishes with the grip frame toned to pewter, moderate edge wear, barrel thinning to brown-gray on the sides, turn ring on the cylinder and handling marks. The checkered walnut factory extended style grips are correctly numbered to the gun and rate about good with moderate plus wear to the diamond points, dings, dents and scratches. Timing and lock are excellent. A great concealed carry handgun. (88303-31D32431) {MODERN} (150/250)
1485. **COLT POLICE POSITIVE 38 MODEL REVOLVER** serial #157133, 38 Colt New Police (S&W), 2" replacement Colt Detective Special barrel with an excellent bore. The metal surfaces of this customized and non-factory refinished 1924 made revolver retain about 85% blue finish with the grip frame worn to brown, edge wear, a light turn ring on the cylinder and handling marks. The checkered hard rubber fleur-de-lis factory grips with stylized "C" on the grips rate excellent and are correctly numbered to the gun. This gun should make a nice little shooter. (88303-33D32430) {MODERN} (100/200)
1486. **COLT NEW SERVICE REVOLVER** serial #72148, 38-40 W.C.F., 5 1/2" barrel with a lightly frosted bore. The metal surfaces have been polished with later added non-factory nickel plating on the barrel and frame and rates near excellent. The cylinder, hammer, cylinder release and trigger have a satin gold colored plate that rates very good to excellent. There is light edge wear on the cylinder, scattered scratches and old pitting and blemishes under the new plating for an overall rating of about 97% as refinished. The grips are unmarked smooth mother-of-pearl that rate near excellent overall with a tiny chip missing from the heel of the left panel. Timing and lock up are correct and the lanyard loop is present. You will be noticed on the range with this gun. (88303-16D32578) {MODERN} (300/500)
1487. **SMITH & WESSON MODEL 1903 .32 HAND EJECTOR REVOLVER** serial #129703, 32 S&W Long, 4 1/4" barrel with a frosted bore. This 5th change revolver retains about 96% factory nickel plate with high edge wear, scattered oxidation, minor bubbling and a turn ring on the cylinder. The hammer and trigger have worn gray with splashes of bold case-hardened colors in the protected areas along with minor freckling and operational wear. The diamond checkered factory hard rubber grips rate about excellent with a few light scratches. The grips and all appropriate parts are correctly numbered to the gun. (88139-74D32358) {C&R} (350/550)
1488. **SMITH & WESSON .32 SAFETY HAMMERLESS TOP-BREAK REVOLVER** serial #16733, 32 S&W (Short), 3" barrel with a lightly frosted and pitted bore. The metal surfaces of this first change New Departure revolver retain about 95% factory nickel plate with cleaned pitting on the left side of the frame, scratches, oxidation blemishes, bubbling finish and a turn ring on the cylinder. The blue finished trigger-guard has very light freckling and the case-hardened colors on the trigger are bold with the face worn to pewter. The diamond checkered factory hard rubber grips rate about excellent with a few light scratches. The grips and all appropriate parts are correctly numbered to the gun. (88139-90X10788) {C&R} (350/550)
1489. **SMITH & WESSON MODEL 10-7 MILITARY & POLICE REVOLVER** serial #3D60180, 38 Special, 4" pinned and tapered barrel with an excellent bore. This revolver retains about 90% factory blue with the grip frame toned to brown, scattered oxidation on the right side of the frame and sideplate in addition to a light turn ring on the cylinder and a few handling marks. The standard hammer and trigger retain bold case-hardened colors with light operational wear. The checkered walnut factory Magna grips with silver S&W medallions are correctly numbered to the gun and rate very good with a few light dents. (88290-220) {MODERN} (200/400)
1490. **SMITH & WESSON MODEL 10-5 MILITARY & POLICE REVOLVER** serial #C832661, 38 Special, 4" pinned and tapered barrel with an excellent bore. This revolver retains about 99% factory blue with minor handling wear and light turn ring on the cylinder. The standard hammer and trigger retain robust case-hardened colors with light operational wear. The checkered walnut factory Magna grips with silver S&W medallions are correctly numbered to the gun and rate excellent. (88290-205) {MODERN} (300/500)
1491. **KOLB MODEL 1910 BABY HAMMERLESS REVOLVER** serial #639, 22 Short, 1 3/8" barrel with a lightly oxidized bore. The metal surfaces of this folding trigger double action revolver retain about 97% original nickel plate with light handling marks and oxidation stains. The checkered hard rubber factory grips rate fair with little wear and a moderate chip missing from the left panel of the butt. The operating mechanism does not function correctly and is in need of attention. (88303-39D32647) {C&R} (25/75)
1492. **HIGH STANDARD MODEL R-100 SENTINEL REVOLVER** serial #34539, 22 LR, 6" barrel with an excellent bore. The metal surfaces retain about 60% factory blue and black anodized finishes with most of the loss on the frame which is worn to gray along with freckling on barrel and handling marks. The hammer and trigger are mostly gray with traces of case-hardened colors and freckling. The one-piece diamond checkered synthetic factory grips rate very good to excellent with light scratches on the butt. Timing and lock up are correct. This should make a good barn or shed gun. (88300-28S20595) {C&R} (25/75)
1493. **CONNECTICUT VALLEY ARMS SINGLE SHOT PERCUSSION PISTOL** serial #0044475, .50 cal., 9" heavy octagon barrel with a lightly oxidized bore. The metal surfaces of the barrel and lock are brown with a few wisps of case-hardened colors visible on the lock. The nose cap on the stock is gray and the trigger guard is smoky gray. The one-piece hardwood stock rates good with scattered light dents, dings and scratches. There is a small crack extending from the belt hook to the edge of the barrel channel. The belt hook has worn to pewter and brown. (88300-3) {ANTIQUÉ} (50/100)
1494. **RUGER LC9 SEMI-AUTO PISTOL** serial #325-71706, 9mm, 3 1/8" barrel with an excellent bore. The metal surfaces retain about 97% blue finish that is starting to tone to brown on the slide along with high edge wear and few handling marks. The polymer frame rates excellent. The pistol features three-dot drift adjustable sights and includes a single magazine with finger rest floor plate. (88300-1S20531) {MODERN} (200/400)
1495. **L.W. SEECAMP LWS32 SEMI-AUTO PISTOL** serial #048570, 32 ACP, 2 1/8" barrel with an excellent bore. The stainless steel surfaces rate very good to excellent with scattered light scratches and scuffs. The checkered synthetic grips rate excellent. The pistol includes a single magazine. (88300-30S20593) {MODERN} (300/500)
1496. **SMITH & WESSON U.S. GOVERNMENT CONTRACT VICTORY MODEL REVOLVER** serial #V400904, 38 Special, 4" barrel with an excellent bore. The metal surfaces retain about 90% factory Parkerized finish with scattered oxidation blemishes and freckling plus a light turn ring on the cylinder. The standard hammer and trigger retain bold case-hardened colors with light freckling and the lanyard loop is mostly gray-straw color. The smooth walnut factory grips are correctly numbered to the gun and rate about very good with scattered handling marks and a small chip off the butt of the right panel. All appropriate parts have correct matching numbers and the gun still times and locks up correctly. A good gun for the start-up collector or shooter. (88299-1) {C&R} (300/500)
1497. **R.G. INDUSTRIES MODEL RG25 SEMI-AUTO PISTOL** serial 023502, .25 ACP, 2 1/4" barrel with a bore exhibiting light scattered oxidation. The metal surfaces retain about 97% factory black finish with light, high edge wear and scratches. The checkered black plastic stocks with "RG" monogram rate poor with right panel broken into two-pieces. The pistol includes a single magazine. (88300-29S023502) {MODERN} (20/40)

1498. **COLT THIRD MODEL DRAGOON PERCUSSION REVOLVER BY UBERTI** serial #D13976, .44 cal., 7 1/2" round barrel with scattered pitting. The metal surfaces retain about 70% blue and case-hardened colors with scattered light to medium oxidation and handling mark. The brass grip frame rates excellent and is a nice light ochre color. The one-piece factory grips rate about excellent with a few light handling marks. This revolver still functions correctly. (88140-20) {ANTIQUE} (50/150)
1499. **STOEGER TARGET LUGER SEMI-AUTO PISTOL** serial #49268, 22 LR, 5 1/2" barrel with an excellent bore. The metal surfaces retain about 98% factory blue and anodized finishes with light muzzle wear. The checkered walnut factory grips rate about excellent with minor handling marks. The pistol is equipped with the adjustable rear sight but the blade is broken off. The pistol includes a single magazine. (88303-18D32098) {MODERN} (250/450)
1500. **COLT CHALLENGER SEMI-AUTO PISTOL** serial #12561-C, 22 LR, 4 1/2" barrel with an excellent bore. This first year production pistol (1950) retains about 80% factory blue finish with the grip frame toned to light gray, moderate high edge wear, scattered light scratches and the finish is starting to evenly thin. The grips are a replacement with the left panel consisting of a synthetic checkered thumb rest from a Woodsman model and the right panel an oversized homemade walnut grip with a light palm swell. The left panel has a minor repair and is starting to warp and the right panel has poorly applied finish. The pistol includes a single correctly marked factory magazine. This should make a fine shooter but unless you have large hands you may want to find a pair of replacement grips. (86520-99) {MODERN} [Richard "Stretch" Kennedy Collection] (350/550)
1501. **CUSTOM STEVENS OFFHAND NO. 35 BREAK-OPEN SINGLE SHOT PISTOL BY GRIFFIN & HOWE** serial #41245, 25 RF Short, 8" sleeved half octagon / half round barrel with an excellent bore. The metal surfaces retain about 80% factory blue with the butt areas oxidized to brown, high edge wear, barrel thinning to gray, pitting and handling marks. The smooth walnut factory grips are numbered to the gun and rate about very good with light dents and scratches. The barrel is numbered to the gun and has the two-line J. Stevens address. The top of the barrel is marked "Barreled by Griffin & Howe Inc. New York". The trigger is a custom replacement with the original rear sight present, the barrel was sleeved and chambered to 25 RF Short and a red bead Marbles No. 13 front sight has been added. (86520-3898) {C&R} [Richard "Stretch" Kennedy Collection] (200/400)
1502. **REMINGTON NEW MODEL POLICE CARTRIDGE CONVERSION REVOLVER** serial #7782, 38 RF, 3 1/2" octagon barrel with an oxidized and pitted bore. This factory converted revolver is smoky gray with a few streaks of reapplied blue present along with old pitting under the remaining finish along with the usual handling marks of a well used gun. The triggerguard is goldenrod and the smooth walnut grips rate very good as refinished with light handling marks. The cylinder and plate are numbered "614" and the barrel is numbered to the gun. Assembler number "3" appears on the barrel and cylinder cover plate. Timing and lock up are good but the loading notch is in need of attention. (86520-2530) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (200/400)
1503. **SMITH & WESSON 1ST MODEL 32 HAND EJECTOR REVOLVER** serial #15972, 32 S&W Long, 3 1/4" barrel with an oxidized and pitted bore. The metal surfaces of this model of 1896 revolver retain about 70% factory blue with the grip frame worn to brown and pewter, moderate high edge wear, oxidation blemishes, pitting and scratches. The hammer and trigger are starting to tone to gray with strong case-hardened colors present. The diamond checkered hard rubber factory grips with S&W monogram rate very good with light scratches. The grips and all appropriate parts are correctly numbered to the gun. Timing and lock up remain excellent. (86520-3973) {MODERN} [Richard "Stretch" Kennedy Collection] (300/500)
1504. **SMITH & WESSON 2ND MODEL TOP-BREAK SINGLE ACTION REVOLVER** serial #17214, 38 S&W, 3 1/4" barrel with a frosted bore. The metal surfaces retain about 95% factory nickel finish with scattered light freckling, pinprick pitting, a few oxidation blemishes and handling wear. The hammer still has the robust factory case-hardened colors with minor freckling and operational wear. The diamond checkered hard rubber grips with a "S&W" monogram rate about excellent with a few light handling marks. The barrel-to-frame fit is tight and it still correctly times and locks up. (86520-3032) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (300/500)
1505. **SMITH & WESSON NO. 1 1/2 TIP-UP REVOLVER** serial #110642, 32 RF, 3 1/2" barrel with a frosted bore. The metal surfaces of this standard model revolver retain about 90% factory nickel plate with lightly cleaned areas of pitting and oxidation staining on the barrel and topstrap and to a lesser degree on the cylinder. Additionally, there is light bubbling, scratches and handling marks. The smooth rosewood factory grips are correctly numbered to the gun and rate about good with light to moderate dents, dings and scratches. The cylinder and barrel are correctly assembly numbered to the gun. Barrel-to-frame fit is loose but the gun still times and locks up correctly. (86520-1214) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (300/500)
1506. **SMITH & WESSON NO. 1 1/2 SECOND ISSUE TIP-UP REVOLVER** serial #93538, 32 RF, 3 1/2" round barrel with a near excellent bore exhibiting scattered light oxidation blemishes and pitting. The metal surfaces retain about 80% plus factory blue with the backstrap thinned to pewter, the cylinder a mix of purple, pewter and blue plus scattered handling marks. The smooth rosewood factory grips are numbered to the gun and rate very good plus with lightly flaking finish and handling marks. The barrel and cylinder are correctly assembly numbered to the frame and barrel to frame lock up is tight. The gun is still mechanically functional. (86520-278) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (300/500)
1507. **SMITH & WESSON NO. 1 1/2 FIRST ISSUE TIP-UP REVOLVER** serial #15072, 32 RF, 3 1/2" barrel with a few scattered oxidation blemishes and pits. The metal surfaces retain about 75% factory blue finish with the cylinder toned to brown with signs of very light cleaning, ejection rod is pewter, barrel thinning to purple, along with high edge wear, oxidation blemishes and pitting. The smooth factory rosewood grips with later applied varnish and light cleaning rate about good with some chipping on the rear edge of the left panel and the metal slightly proud of the wood in areas. The grips are correctly numbered to the gun and the barrel, cylinder and frame have matching assembly numbers. The gun still times and locks up correctly plus barrel-to-frame fit is tight. (86520-2061) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (300/500)
1508. **COLT MODEL 1889 NAVY REVOLVER** serial #13880, .41 Long Colt, 4 1/2" barrel with a slightly frosted bore. This 1891 made commercial revolver retains about 60% factory blue with the grip frame and cylinder toned to brown, moderate high edge wear, thinning finish, scratches, oxidation stains and pitting. The rear of the trigger and hammer have strong fire blue with the remaining finish on the sides and light freckling on the hammer. The checkered hard rubber factory grips with Colt in an oval rate good plus with lightly worn diamond points and dings on the butt that have been lightly sanded. The gun still functions but timing and lock up are in need of attention. The mainspring tension screw and one sideplate screw are missing. (86520-1425) {ANTIQUE} [Richard "Stretch" Kennedy Collection] (300/500)

1509. **ITHACA FIELD GRADE BOXLOCK DOUBLE SHOTGUN** serial #456925, 16 ga, 28" solid rib barrels choked cylinder and full with bright excellent bores. The barrels have toned to a dull brown patina showing some light silvering and specks of surface oxidation. The boxlock frame has toned to a gray brown patina with surface oxidation. The checkered walnut pistolgrip buttstock and forend rate very good with added finish showing light handling marks. The buttstock is fitted with a hard rubber buttplate which provides a 14" length of pull. The gun features double triggers, automatic safety and extractors. (178178-18) {C&R} (100/200)
1510. **SMITH AND WESSON MODEL 1000M SEMI-AUTO SHOTGUN** serial #FS93129, 12 ga, 30" ventilated rib barrel choked full with a bright excellent bore. The metal surfaces show a custom camouflage green, brown and black paint which is moderately flaking. The checkered walnut pistolgrip buttstock rates very good with added camouflage paint that is flaking. The gun functions well and would make a fine waterfowl shotgun. (178143-3) {MODERN} (150/250)
1511. **STOEGER CONDOR OVER UNDER SHOTGUN** serial #230185-09, 20 ga, 20" barrels with screw chokes with bright excellent bores. The metal surfaces retain 99% original blue finish with light handling marks. The checkered walnut pistolgrip buttstock and forend rate excellent with light handling marks. There is a black rubber recoil pad which provides a 14 1/4" length of pull. The gun features a single trigger, and extractors. (178139-34D32005) {MODERN} (100/200)
1512. **STEVENS VISIBLE LOADER SLIDE ACTION RIFLE** serial #W731, 22 LR, 22" barrel with a bright excellent bore. The metal surfaces have been cleaned long ago showing a smooth gray and brown patina with light scratches. The smooth walnut straight grip buttstock and forend rate very good with light handling marks and a crack on the left side of the wrist. (178050-809) {C&R} (75/150)
1513. **NEW ENGLAND FIREARMS MODEL SB1 SINGLE BARREL SHOTGUN** serial #NF202131, 12 ga, 27 1/2" barrel choked modified with a bright excellent bore. The metal surfaces retain 90% original blue with loss due to surface oxidation and light pitting. The birch smooth pistolgrip buttstock and forend rate excellent with light handling marks. (178050-824) {MODERN} (50/150)
1514. **AMERICAN GUN COMPANY DOUBLE HAMMER GUN** serial #265307, 12 ga, 32" solid rib barrels both choked improved modified with very good lightly pitted bores. The metal surfaces have toned to a brown patina with scattered surface oxidation. The checkered walnut pistolgrip buttstock rates about good with dings, scratches and moderate cracks emanating from both locks towards the wrist. The checkered walnut forend rates very good with light handling marks. The right firing pin is not present. The barrels lock up loose and are off face. (178009-4) {C&R} (25/75)
1515. **VOLUNTEER ARMS COMPANY SINGLE BARREL SHOTGUN** serial #890280, 12 ga, 24" half smooth, half rifled barrel with a bright excellent bore. The barrel retains 95% original blue finish with loss due to light handling and fading. The frame has toned to a pleasing gray and pewter patina with traces of original case-hardened colors. The checkered walnut pistolgrip buttstock is a quality replacement with a raised left side cheekpiece with two cracks emanating from the tang. The checkered walnut forend rates very good with light handling marks. The barrel has been shortened and an added 6 1/2" rifled extension is attached. The barrel is drilled and tapped which supports two Weaver style scope bases. (177889-11) {MODERN} (75/150)
1516. **HUSQVARNA DOUBLE HAMMER SHOTGUN** serial #96069, 12 ga, 29 1/2" barrels both choked full with very good lightly pitted bores. The barrels retain 95% of their restored blue finish with light handling marks and scratches. The frame, locks and hammers have toned to a dull pewter patina with light oxidation stains. The checkered walnut pistolgrip buttstock and forend rate excellent as refinished with just a few light handling marks and robust checkering. The stock is fitted with a hard rubber buttplate which provides a 14 1/4" length of pull. The gun functions well and the barrels are slightly off face. (178117-28) {C&R} (200/300)
1517. **HOPKINS AND ALLEN FALLING BLOCK RIFLE** serial #434, 22 RF, 22 1/2" octagon barrel with a very good lightly pitted bore. The metal surfaces have toned to a dark brown patina showing some light silvering on the high edges and scratches. The checkered walnut straight grip buttstock and forend rate very good with dings and scratches. (178151-2) {C&R} (50/100)
1518. **RANGER MODEL 400 BOXLOCK DOUBLE SHOTGUN** serial #X81494, 12 ga, 26" solid rib barrels both choked improved cylinder with bright excellent bores. The barrels retain 90% original blue finish with light handling marks and specks of surface oxidation. The boxlock frame retains 90% original case-hardened colors with loss on the high edges. The checkered walnut pistolgrip buttstock and forend rate very good plus as refinished with light handling marks. The buttstock is fitted with an added Pachmayr rubber recoil pad which provides a 14 1/4" length of pull. The gun features double triggers, automatic safety and extractors. (177932-8) {MODERN} (100/200)
1519. **MARLIN MODEL 39A LEVER ACTION RIFLE** serial #K8361, 22 LR, 24" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish with a few light handling marks. The smooth walnut pistolgrip buttstock and forend rate near excellent with light handling marks and a thinning varnish. The barrel has been drilled and tapped on the right side which supports a Tasco 3-7x20 rifle scope with bright optics. (178139-21D32205) {MODERN} (150/350)
1520. **HARRINGTON & RICHARDSON SINGLE BARREL SHOTGUN** serial #A136334, 12 ga, 30" plain barrel choked modified with a bright near excellent bore. The metal surfaces have toned to a brown oxidized patina. The smooth walnut round knob buttstock rates good with two 7" cracks emanating on both sides of the wrist. The checkered walnut forend rates very good with light dings and small chips missing from the high edges. The barrel is missing its bead front sight. (177908-12) {C&R} (25/50)
1521. **CUSTOM WINCHESTER MODEL 52 BOLT ACTION RIFLE** serial #14137, 22 LR, 27" custom George Titherington barrel with a bright excellent bore. The barrel retains 98% original blue finish with light handling marks. The Winchester receiver retains 95% original blue finish, also with light handling marks. The bolt handle has been restored and the body remains bright. The custom walnut pistolgrip target stock rates excellent with an added piece of walnut to raise the comb. The rifle is sighted with Winchester sights and two target blocks are attached to the barrel. (177147-227) {MODERN} (350/550)
1522. **COLT MODEL 1878 DOUBLE HAMMER SHOTGUN** serial #11430, 12 ga, 32" damascus barrels both choked modified with very good lightly pitted bores. The barrels show a faint damascus pattern and show a dull gray patina with scattered surface oxidation and some light dings. The locks and hammers have toned to a dull gray patina and are engraved in nice geometric borders. The smooth walnut pistolgrip buttstock is a replacement that shows some light dings and is poorly fitted around the tangs and locks. The checkered walnut forend rates about very good with light scratches and moderate dings. The hammers have been reattached with modern nuts and the firing pins have been removed. The gun will require mechanical attention as the barrels will not open. (177249-122) {ANTIQUE} (100/200)
1523. **REMINGTON NO. 6 ROLLING BLOCK RIFLE** serial #S230655, 32 S-L, 20" barrel with a very good lightly pitted bore. The barrel has toned to an even brown patina with light pitting and specks of surface oxidation. The frame retains 70% vivid case-hardened colors with loss on the right side due to pitting. The smooth walnut pistolgrip buttstock and forend rate very good with light handling marks along with a few light cracks. The rifle is sighted with original front sight, added dovetail to the rear of the barrel and the original folding rear sight is present. (177533-45) {C&R} (150/250)
1524. **ITHACA MODEL 37 FEATHERWEIGHT SLIDE ACTION SHOTGUN** serial #776650, 16 ga, 24" barrel Poly choke with a bright excellent bore. The barrel retains 95% original blue finish with light scratches and specks of surface oxidation. The receiver is engraved in game scenes, retaining 90% original blue finish with scratches and handling marks. The smooth walnut pistolgrip buttstock and forend rate very good with four moderate dings on the right side of the butt and a 1" crack at the lower triggerguard tang. (178153-10) {MODERN} (75/150)

1525. **STEVENS CRACK SHOT 16 1/2 FALLING BLOCK RIFLE** serial #H734, 32 short, 20" barrel with a very good lightly frosted bore. The metal surfaces have toned to a brown patina with surface oxidation. The smooth walnut pistolgrip buttstock and forend rate very good with dings and scratches. The block is not attached to the gun but is included. (175167-1) {C&R} (40/80)
1526. **BUFFALO NEWTON RIFLE COMPANY BOLT ACTION RIFLE** serial #1043, 30 USG, 24" barrel with a very good frosted bore. The barrel has toned to a soft gray patina with light surface oxidation and scratches. The receiver has toned to a bright pewter patina with oxidation stains. The smooth walnut pistolgrip buttstock rates very good with a large chip on the left side of the receiver along with light dings and scratches. There is no bolt present. (177567-12) {C&R} (150/350)
1527. **WINCHESTER MODEL 61 SLIDE ACTION RIFLE** serial #127335, 22 LR, 24" barrel with a bright bore with a small barrel ring 8" from the muzzle. The metal surfaces retain 75% original blue with loss due to cleaning, scratches and oxidation. The smooth walnut pistolgrip buttstock and grooved flat bottom forend rate very good with numerous dings and scratches. The original sights are present. (177533-44) {C&R} (300/500)
1528. **ROSSI OVERLAND DOUBLE HAMMER SHOTGUN** serial #2436, 12 ga, 20" barrels with bright excellent bores. The metal surfaces retain 95% original blue with light specks of surface oxidation. The smooth walnut pistolgrip buttstock and beavertail forend rate excellent with light handling marks. The hammers function well. (178124-9) {MODERN} (100/200)
1529. **WINCHESTER MODEL 12 SLIDE ACTION SHOTGUN** serial #575053, 12 ga, 28" barrel with Cutts compensator with a bright excellent bore. The metal surfaces retain 75% of their reapplied blue finish with surface oxidation and pitting. The smooth walnut pistolgrip buttstock and grooved flat bottom forend rates very good with dings and scratches. The gun is fitted with a white line rubber recoil pad which provides a 13 1/2" length of pull. The barrel is numbered to a different gun "128252". The included choke is modified. (178140-33S20292) {MODERN} (100/200)
1530. **DERINGER DOUBLE HAMMER COMBINATION GUN** 12 ga x 30CF, 32" damascus barrels with very good lightly pitted bores. The barrels show a dark brown damascus pattern with light surface oxidation and scratches. The locks and frame show a dark gray patina with light oxidation stains and tool marks. The checkered walnut round knob buttstock and forend rate very good with moderate dings and scratches. The forend is fitted with an ebony forend tip with an upper portion that has broken off. The buttstock is fitted with a crescent buttplate and a long toe plate. The gun functions well but the barrels are off face. (177249-251) {C&R} (200/400)
1531. **ITHACA LEFEVER SINGLE BARREL TRAP GUN** serial #18651, 12 ga, 32" barrel choked full with a bright excellent bores. The barrel retains 80% original blue finish with fine light surface oxidation its full length. The frame has toned to a dark brown oxidized patina. The checkered walnut pistolgrip buttstock rates very good with dings and two light cracks on both cheeks. The beavertail forend rates very good with light handling marks. The recoil pad is not present. (178123-3) {MODERN} (300/500)
1532. **PIPER ARMS DOUBLE HAMMER SHOTGUN** serial #16852, 16 ga, 30" damascus barrels choked improved modified and full with very good lightly pitted bores. The barrels show a nice damascus pattern with oxidation stains and brown freckling. The frame and locks are engraved in a light scroll with nice geometric borders and have toned to a tarnished pewter patina. The checkered walnut round knob buttstock rates very good with light dings and scratches. The checkered splinter forend with ebony forend tip rates very good with light handling marks. (178138-1) {ANTIQUE} (350/550)
1533. **ITHACA CRASS BOXLOCK DOUBLE SHOTGUN** serial #91050, 12 ga, 30" solid rib damascus barrels both choked improved modified with very good lightly pitted bores. The barrels have toned to a dull brown patina with light surface oxidation, pitting and scratches. The boxlock frame shows a gray brown patina. The checkered walnut pistolgrip buttstock and forend rate very good with light dings and an added varnish. The gun features double triggers, automatic safety and extractors. (178117-22) {MODERN} (200/300)
1534. **MERIDEN FIREARMS COMPANY SIDELOCK SHOTGUN** serial #50136, 12 ga, 32" solid rib barrels both choked full and full with very good pitted bores. The barrels have toned to a dull brown patina with a few scattered dings. The locks and frame have toned to a dull gray patina. The checkered walnut pistolgrip buttstock rates very good with a 2" crack on the left side emanating from the lock and scattered dings and scratches. The checkered walnut forend also rates very good with dings and scratches from the years. The stock is fitted with a rubber recoil pad which provides a 14" length of pull. The gun features double triggers, automatic safety and extractors. (178117-23) {C&R} (100/200)
1535. **REVONOC SINGLE BARREL SHOTGUN** serial #48822, 12 ga, 30" solid rib barrel choked modified with a bright excellent bore. The barrel retains 99% original blue finish with light handling marks. The frame retains 99% of its vivid case-hardened colors. The checkered walnut pistolgrip buttstock and forend rate excellent with light handling marks. The gun functions well mechanically. (178168-8) {MODERN} (75/150)
1536. **STEVENS 107B SINGLE BARREL SHOTGUN** 12 ga, 30" plain barrel choked full with a bright near excellent bore. The barrel retains 60% original blue with the balance flaking to a brown patina. The frame has toned to a mottled brown and gray patina. The smooth walnut pistolgrip buttstock and forend rate very good with light handling marks. (178145-9) {MODERN} (50/150)
1537. **DAVENPORT FIREARMS SINGLE BARREL SHOTGUN** serial #199, 12 ga, 32" plain barrel choked cylinder with a very good lightly pitted bore. The metal surfaces appear to have been cleaned long ago and show a dull pewter patina with light oxidation stains. The checkered walnut round knob buttstock and forend rate very good with dings and two light cracks on the right side emanating from the frame. The gun functions well but the barrel-to-frame fit is loose. (178145-3) {C&R} (25/75)
1538. **SPRINGFIELD ARMORY FIELD GRADE BOXLOCK SHOTGUN** serial #T28111, 12 ga, 30" solid rib barrel choked modified and improved modified with bright, near excellent bores. The barrels have toned to a brown patina with light specks of surface oxidation and scratches. The boxlock frame retains 75% original case-hardened colors with light surface oxidation. The smooth walnut round knob buttstock and splinter forend rate very good as lightly refinished with light handling marks. The gun is fitted with double triggers, automatic safety and extractors. (178145-8) {MODERN} (75/150)
1539. **REMINGTON MODEL 24 SEMI-AUTO RIFLE** serial #12471, 22 Short, 19" barrel with a very good lightly pitted bore. The metal surfaces have toned to a dull brown patina with surface oxidation and light handling marks. The smooth walnut pistolgrip buttstock rates very good with dings and scratches; the buttstock to frame fit is loose. The smooth walnut schnabel forend rates very good with dings and scratches. The rifle is fitted with its original sights and the tube magazine is included. (178060-45) {C&R} (150/250)
1540. **ITHACA FIELD GRADE BOXLOCK DOUBLE SHOTGUN** serial #148083, 16 ga, 28" solid rib barrels choked modified and full with bright near excellent bores. The metal surfaces retain 70% original blue finish with light specks of surface oxidation and pitting. The boxlock frame has toned to a dark brown patina with light tool marks and surface oxidation. The checkered walnut pistolgrip buttstock rates very good with scattered dings and light drying cracks on the left side. The splinter forend rates very good with handling marks. The gun features double triggers, automatic safety and extractors. The gun locks up well. (178136-7) {C&R} (200/300)

1541. **L.C. SMITH GRADE 2E SIDELOCK DOUBLE EJECTORGUN** serial #6840, 12 ga, 28" solid rib barrels both choked modified with bright near excellent bores. The barrels have toned to a gray brown patina with light surface oxidation and show a professionally raised dent on the right tube. The locks and frame have toned to a gray patina with light oxidation stains. The locks are engraved with a woodcock on the right and a partridge left surrounded by open foliate scroll. The checkered walnut pistolgrip buttstock rates about very good with light cracks emanating from the locks and a moderate amount of wood filler around the action. The checkered walnut forend rates good with moderate dings and a large chip missing just ahead of the forend iron. The stock is fitted with a Redhead rubber recoil pad which provides a 14" length of pull. The screw in front of the triggerguard is a replacement. The gun locks up slightly loose and the top lever is far left of center. The gun functions well mechanically. (178117-29) {C&R} (300/500)
1542. **COLT MODEL 1878 DOUBLE HAMMER SHOTGUN** serial #11626, 10 ga, 28" solid rib damascus barrels with pitted bores. The barrels are a pewter brown patina with surface oxidation and stains. The hammers locks and frame have toned to a dark brown patina with oxidation stains and brown freckles. The smooth walnut round knob buttstock rates very good as refinished with light dings and scratches. The walnut forend rates very good as refinished with dings and a 1/2" crack emanating from the ebony forend tip. The left hammer is not attached but is included and the right lockplate is loose. The gun locks up very loose and the barrels are off face. (178117-12) {ANTIQUÉ} (100/200)
1543. **JANSSEN AND SONS DOUBLE HAMMER SHOTGUN** serial #819, 12 ga, 30" matted rib damascus barrels choked improved cylinder and modified with bright excellent bores. The barrels have been cleaned to a bright pewter patina with light oxidation stains. The locks and frame have been cleaned to a bright pewter patina, the right lock is marked "THE INTERCHANGEABLE". The checkered walnut pistolgrip buttstock rates very good with evenly scattered dings and scratches. The checkered walnut forend rates very good with tiny dings and scratches. The stock is fitted with a steel buttplate that shows moderate surface oxidation. The hammers function well and the barrels lock up tight. (178117-18) {C&R} (250/450)
1544. **W.M. MOORE DOUBLE HAMMER SHOTGUN** serial #21625, 12 ga, 30" damascus barrels choked improved cylinder and modified with very good lightly pitted bores. The barrels have toned to a gray brown patina with moderate oxidation stains and scratches. The locks have toned to a brown patina and are engraved with two ducks in flight with nice geometric borders. The smooth walnut pistolgrip buttstock rates about very good with dings and a repaired chip on the toeline over a heavily crazed lacquer varnish. The checkered walnut forend rates very good with moderate dings and scratches. The buttstock is fitted with a horn buttplate that has a few light chips. The gun functions well and the barrels lock up loose. (178117-19) {ANTIQUÉ} (100/200)
1545. **THOMPSON CENTER ARMS RENEGADE PERCUSSION RIFLE** serial #144921, 56 Cal SB, 27" octagon barrel with a very good bore with light surface oxidation. The metal surfaces retain 85% original blue finish with lightly scattered surface oxidation and scratches. The smooth walnut straight grip buttstock rates very good with light scratches and dings. The rifle is sighted with its original sights. Included is what appears to be the original ramrod. (178140-26S20297A) {ANTIQUÉ} (50/100)
1546. **ITHACA FIELD GRADE BOXLOCK DOUBLE SHOTGUN** serial #200209, 12 ga, 30" barrels choked improved cylinder and modified with bright excellent bores. The barrels, which are numbered to a different gun retain 97% original blue finish with light scratches. The box-lock frame has toned to a gray patina with specks of surface oxidation; the faces are proud to the barrel breeches. The checkered walnut pistolgrip buttstock rates about very good with an added piece of walnut to the butt and to the comb line. The stock's varnish shows a heavily crazed lacquer varnish. The checkered walnut forend rates excellent. The triggerguard appears to be from a different gun as it will not fit properly to the stock. The gun features double triggers and extractors. This gun appears to have been a project gun from a young gunsmith. (178117-3) {MODERN} (75/150)
1547. **REMINGTON MODEL 1889 DOUBLE HAMMER SHOTGUN** serial #238663, 12 ga, 30" barrels choked full and full with bright near excellent bores with light pitting on near the muzzles. The barrels have toned to a brown patina with surface oxidation and light pitting. The locks and frame have toned to a brown patina with light traces of original case-hardened colors in the protected areas. The checkered walnut round knob buttstock rates excellent with scratches and dings. The checkered walnut forend rates very good with light dings and a 2" crack emanating from the forend iron; the bottom forend iron screw is missing and the release lever shows some light pinprick pitting. The buttstock is fitted with its original Remington hard rubber buttplate which provides a 13 1/2" length of pull. (178117-20) {C&R} (200/400)
1548. **AMERICAN GUN COMPANY DOUBLE HAMMER SHOTGUN** serial #360144, 12 ga, 29 3/4" barrels choked improved modified and full with very good lightly pitted bores. The metal surfaces have toned to a dull gray patina with oxidation stains and brown freckles. The locks and frame show a gray patina with surface oxidation and freckling with traces of original case-hardened colors in the protected areas. The checkered walnut round knob buttstock rates good plus with moderate dings and a repaired crack on top of the wrist with a heavily crazed lacquer varnish. The forend is in similar condition with light cracks and dings. The lock up is slightly loose and the hammers function well mechanically. (178117-26) {C&R} (100/200)
1549. **THE INTERNATIONAL DOUBLE HAMMER SHOTGUN** serial #97985T, 12 ga, 32" damascus barrels both choked improved modified with lightly pitted bores. The barrels have toned to a dark brown patina with moderate surface oxidation and pinprick pitting. The action and locks are engraved on a light scroll engraving and have toned to a brown patina with light specks of surface oxidation. The checkered walnut pistolgrip buttstock and splinter forend rate very good with scattered dings, scratches and a small repaired chip near the left lock. The gun functions well but the barrels are off face. (178117-2) {C&R} (75/150)
1550. **W. RICHARDS DOUBLE HAMMER SHOTGUN** serial #52861, 12 ga, 30" damascus barrels choked modified and full with good bores with light pitting their full length. The barrels show a faint damascus pattern and have toned to a dull brown patina with light specks of surface oxidation and scratches. The locks show a smooth gray brown patina and are engraved in a light foliate scroll and are marked "W. Richards." The checkered walnut pistolgrip buttstock rates very good with moderate dings and scratches along with a tiny chip at the top of the comb. The splinter forend rates very good with scratches and dings. The gun functions well and the barrel locks are loose and off face. (178117-4) {C&R} (75/150)
1551. **REMINGTON MODEL 1889 DOUBLE HAMMER SHOTGUN** serial #82029, 12 ga, 30" solid rib damascus barrels choked full and full with good bores having light pitting their full length. The barrels show a nice pewter damascus pattern with light surface oxidation and brown freckles. The frame and locks have toned to a dull gray patina with light surface oxidation on the belly. The checkered walnut pistolgrip buttstock rates very good with light dings and scratches. The checkered splinter forend rates very good with tiny chips on the high edges. Both stocks appear to have been cleaned long ago and show flat checkering. The buttstock is fitted with a horn buttplate which provides a 13 3/4" length of pull. The hammers function mechanically well and the barrels lock up loose. (178117-5) {ANTIQUÉ} (150/250)
1552. **NATIONAL ARMS CO DOUBLE HAMMER SHOTGUN** serial #42151C, 12 ga, 30" damascus barrels choked full and full with bright excellent bores. The barrels have toned to a dark brown patina with scattered surface oxidation. The locks have toned to a gray patina and are engraved with two game birds on the right and a pointer on the left surrounded by open scroll. The checkered walnut round knob buttstock rates very good. The checkered walnut forend rates very good with dings and scratches. The gun is missing both firing pins, the top lever is far right from center and the barrels are off face. (178107-4) {C&R} (200/400)

1553. **BELGIAN W.H. GREENFIELD DOUBLE HAMMER SHOTGUN** serial #7782/8061, 12 ga, 30" damascus barrels choked cylinder and modified with very good bores with surface oxidation present. The barrels show a pewter damascus pattern with moderate clusters of surface oxidation. The locks are a dull smoke gray patina with traces of original case colors and are engraved with two birds on the corners surrounded by open scroll. The checkered walnut pistolgrip buttstock rates very good with light handling marks and a tiny chip at the toe. The checkered walnut forend with horn forend tip rates very good plus with light handling marks. The buttstock is fitted with a hard rubber buttplate which provides a 14 1/2" length of pull. The right firing pin is not present. The gun locks up tight and the hammers function well mechanically. (178107-5) {ANTIQUE} (200/300)
1554. **REMINGTON-WHITMORE MODEL 1876 DOUBLE HAMMER SHOTGUN** serial #1694, 12 ga, 30" barrels choked improved modified and modified with near excellent bores with light pitting. The metal surfaces have toned to a soft gray patina with light tool marks here and there and light surface oxidation. The smooth walnut straight grip buttstock rates very good as refinished displaying some light dings; there is a 1" gold plate inlaid on top of the wrist. The smooth walnut forend rates very good as refinished. The buttstock is fitted with a steel widow's peak buttplate which provides a 13 3/4" length of pull. The gun will require mechanical attention as the forend lug has become un-soldered. (177863-41) {ANTIQUE} (200/400)
1555. **KEYSTONE INTERCHANGEABLE DOUBLE HAMMER SHOTGUN** serial #2771, 12 ga, 30" solid rib barrels choked improved cylinder and modified with very good bores with just a few light pits present. The metal surfaces have toned to a dark brown patina with light specks of surface oxidation. The checkered walnut pistolgrip buttstock and forend rate very good with scattered dings and scratches. The belly of the frame is missing its screw and the left hammer is not attached to the gun but is included. (178145-2) {C&R} (100/200)
1556. **T. PAGE WOOD DOUBLE HAMMER SHOTGUN** serial #65556, 12 ga, 28 1/2" damascus barrels both choked improved modified with the left bore showing deep pits and the right bore shows some light pitting. The barrels show a brown patina with a nice damascus pattern with light specks of surface oxidation. The hammer and locks have toned to a dull gray brown patina with nice geometric engraved borders. The checkered walnut straight grip buttstock and forend rate very good with light dings and scratches. The stock is fitted with a horn buttplate which had a large chip missing from the left side. The barrels lock up slightly loose and the hammers function well mechanically. (178117-6) {C&R} (200/400)
1557. **A.J. AUBREY DOUBLE HAMMER SHOTGUN** serial #4209, 12 ga, 30" solid rib barrels choked full and improved modified with very good bores with light pitting. The barrels were made by Meriden firearms company. The damascus barrels have toned to a dark brown patina with some light scratches and a ding on the right tube 4 1/2" from the muzzle. The locks retain 60% of their original case-hardened colors with the balance toning to a smoke gray and brown patina. The checkered walnut pistolgrip buttstock rates very good with light dings and scratches, there is added gray paint on the outer line on the checkering. The checkered walnut forend rates very good with light handling marks showing some light gray paint in the checkering. The A.J. Aubrey hard rubber buttplate is present which provides a 14 1/4" length of pull. The gun locks up slightly loose and the hammers function well mechanically. (178117-17) {C&R} (250/450)
1558. **I. HOLLIS & SONS DOUBLE HAMMER SHOTGUN** serial #112070, 20 ga, 30" matted rib barrels choked full and full with very good lightly pitted bores. The barrels have toned to a mottled brown patina with traces of original blue in the protected areas. The locks and hammers have toned to a dull brown patina. The checkered walnut round knob buttstock and forend rate very good with scattered dings and scratches. The buttstock is fitted with a toe and heel plate. The gun will require mechanical attention as the top rib is separating from the barrels and the top lever is very loose. (178117-14) {C&R} (75/150)
1559. **WESLEY RICHARDS DOUBLE HAMMER SHOTGUN** serial #275, 10 ga, 32" damascus barrels with very good pitted bores. The barrels have toned to a dark brown patina with some light surface oxidation. The locks and frame have toned to a gray brown patina and are engraved in a light foliate scroll with two game birds in ovals on the corners. The checkered walnut pistolgrip buttstock rates very good with dings, scratches, adhesive substance on the left side of the butt and a large chip of the right side of the triggerguard. The checkered walnut forend rates very good with light handling marks. The gun locks up slightly loose and the left hammer spur has broken. (178117-8) {C&R} (150/250)
1560. **CUSTOM REMINGTON DOUBLE HAMMER COMBINATION GUN** serial #9738, 12 ga x 30CF, 30" barrels with very good lightly pitted bores. The barrels have toned to a plum brown patina with light specks of surface oxidation. The top the of rib shows four tiny drilled holes from previously mounted sights. The locks and hammers have toned to a dull brown patina with pewter undertones. The checkered walnut pistolgrip buttstock rates good plus with two cracks emanating from both locks towards the wrist. The checkered walnut forend rates very good with chips missing from the high edges and dings. The gun functions well but the barrels lock up loose. (177249-252) {MODERN} (200/400)
1561. **E.C MEACHAM ARMS COMPANY DOUBLE HAMMER SHOTGUN** serial #80083, 10 ga, 30" barrels with very good pitted bores. The metal surfaces have toned to a brown patina with scattered surface oxidation and pitting. The checkered walnut pistolgrip buttstock rates good with a repaired crack through the wrist and a 1"x 1/2" wood repair behind the upper tang. The checkered walnut forend rates very good. The release has been cut and pinned with three screws and the ebony forend tip has been replaced with a piece of walnut. The gun is off face and the barrels lock up loose. (178117-21) {C&R} (50/150)
1562. **REMINGTON MODEL 1100 SEMI-AUTO RIFLE** serial #L050985V, 12 ga, 21" rifled barrel with a bright excellent bore. The metal surfaces retain 97% original blue finish with light handling marks. The checkered walnut Monte Carlo pistolgrip buttstock rates excellent with light handling marks and a flaking varnish on the edge of the buttstock and grip cap. The sights have been replaced with fiber optics and mounted to the receiver is a B-square scope mount which supports a Bushnell sport view 1.5x4.5 rifle scope. (178139-54D32102) {MODERN} (300/500)
1563. **PARKER DOUBLE HAMMER SHOTGUN** serial #12102, 12 ga, 30" damascus barrels choked improved cylinder and improved cylinder with moderately pitted bores. The metal surfaces show an added gray paint with scattered surface oxidation and pitting. The checkered walnut pistolgrip buttstock rates about good with several with-the-grain drying cracks, dings and scratches. The walnut forend rates very good with dings and scratches from the years. There is no buttplate present. The gun locks up very loose and the firing pins have been removed. (177902-2) {C&R} (50/100)
1564. **ALLEN & THURBER BAR HAMMER PEPPERBOX PISTOL** serial #35, 32 cal., six barrel cluster with dark bores. The metal surfaces on this Worcester pepperbox retain a brown and gray patina with scattered fine oxidation and traces of original blue on the nipple shroud. The frame, sideplate and nipple shroud are decorated with loose scroll engraving. The bag shape walnut grips rate very good with light handling marks and flaking varnish particularly along the top of left grip. The barrel does not advance and some of the small interior parts are fastened together with wire. (57981-3) {ANTIQUE} (175/275)
1565. **UNMARKED BELGIAN PERCUSSION SINGLE SHOT PISTOL** 44 cal., 3" octagon barrel with a dark oxidized bore. The metal surfaces retain an overall dark pewter patina with scattered fine oxidation becoming more moderate on and around the nipple area and trigger. The frame and triggerguard show light sunburst engraving. The checkered walnut grips rate good with a shallow scratch in the checkering on the right side and a small thin crack along the rear tang on the left side. The triggerguard has become loose and the left top plate screw is missing. (57762-51) {ANTIQUE} (100/200)

1566. **HARRINGTON & RICHARDSON HAMMERLESS SECOND MODEL SMALL FRAME REVOLVER** serial #37190, 32 S&W, 3 1/4" fluted round barrel with a good bore having spots of pitting and oxidation. The metal surfaces retain about 70% flaking original nickel with scattered surface oxidation, the majority of which is on the barrel and cylinder. The replacement mother-of-pearl grips rate good with a thin drying crack in the left panel. The action is in need of mechanical attention as it does not advance properly all the time. (57874-11) {MODERN} (50/100)
1567. **UNMARKED PERCUSSION COAT PISTOL** 36 cal., 6 1/2" octagon barrel with a dark oxidized bore. the metal surfaces retain a gray brown patina with scattered oxidation, pitting and impact marks, the rear edge of the left sideplate has large patches of lead where the plate was soldered in place but does not seat properly against the frame and the screw hole on the right side of frame has been inadequately plugged. The bag shaped hardwood grips rate good to very good with handling marks, flaking varnish, the upper right bushing is missing and the grip screws appear to be improper replacements. The lock no longer functions in half-cock, the original rear sight has been moved just in front of the breech and the original dovetail filled with a slot blank. (57949-50) {ANTIQUÉ} (50/100)

1568

1568. UNMARKED PERCUSSION DOUBLE SHOTGUN

about 10 bore, 26" barrels with about very good bores showing some light oxidation. The barrels have toned to a pale gray and brown patina with remnants of original damascus scene and some scattered oxidation and pinprick pitting with an area of more moderate pitting about 5" from the breech. The top of the barrel is marked only "P.S. Newton". The rear tang, lock and triggerguard have a pleasing brown patina and loose foliate scroll engraving. The checkered walnut stock stocks rates fair with handling marks, worn checkering and fading finish. The stock has been fitted with a period installed spring loaded wooden plunger buttplate and an added rather obscure bulbous pistolgrip. The leather covered buttplate shows moderate cracking and crazing and the pistolgrip has a couple nice chips. Included is a period wooden ramrod with brass tip on one end and a threaded ball puller on the other. The rod has a 3" chip about 7" from the brass end. A rather interesting and creative percussion double. (58165-2) {ANTIQUÉ} (200/400)

1569. **U.S. MODEL 1873 TRAPDOOR CARBINE CONVERTED TO SHOTGUN** serial #23200, 45 cal., 22" smoothbore barrel with a very good bore having scattered light oxidation. This is a customized shotgun constructed from an 1873 carbine with added or altered parts some of which may not fit properly. The metal surfaces have toned to an overall dull brown with scattered oxidation and tiny impact marks, the lockplate is a slightly brighter pale gray. The barrel is equipped with a plain brass bead front sight and the rear sight is completely removed. The top of the frame is marked "G.F.G. / 106" and the 1873 dated breechblock does not seat properly. The two rear lockplate screws are not flush with the surface of the plate and there are visible screw heads in the opposite side of the stock. The rear sling bar bolt is missing, the barrel band does not fit properly and the retention clip is missing. The stock rates fair with numerous handling marks, a small crack at the forend tip, no cartouche and dried faded finish. The buttplate tang screw doesn't fit and is a bit proud of the stock and the tumbler no longer functions preventing the hammer from functioning. (58195-5) {ANTIQUÉ} (200/400)
1570. **BROWNING AUTO-5 SEMI-AUTO SHOTGUN** serial #5M91538, 12 ga., 27 1/2" plain barrel with a bright excellent bore choked modified. The metal surfaces retain about 95% thinning original blue with scattered specks of light oxidation, loss due to muzzle and edge wear. The round knob checkered buttstock and forearm rate good to very good with light handling marks. The stock has been shortened and a White Line ventilated rubber recoil pad and spacer have been added bringing the length of pull to 14 1/8". (58303-47D32517) {MODERN} (300/500)
1571. **WINCHESTER MODEL 12 SLIDE ACTION SHOTGUN** serial #874198, 16 ga., 28" plain barrel with a bright excellent bore, marked modified now choked cylinder. The metal surfaces retain about 90% original blue thinning to brown with scattered areas of fine oxidation staining, the majority of loss from edge wear and contact wear on the magazine tube; the underside of the receiver and receiver extension showing slightly more moderate oxidation and pitting. The plain walnut pistolgrip stock and grooved forearm rate about very good with handling marks and patches of flaking finish, there is a hole in the belly of the stock from stud removal. (58303-61D32551) {C&R} (300/500)
1572. **U.S. MODEL 1879 TRAPDOOR RIFLE BY SPRINGFIELD ARMORY** serial #267232, 47-70 Govt., 32 5/8" barrel with an about very good oxidized bore. The metal surfaces have toned to an overall mottled brown patina with some scattered fine oxidation staining and pinprick pitting. The walnut stock shows an old light cleaning, removing the cartouche with traces of a few handling marks in an added light oil finish. The rifle is equipped with a proper front sight, Buckhorn rear and the three position tumbler and lock remain crisp. Included is what appears to be an original slotted button tip cleaning rod. (58295-6) {ANTIQUÉ} (250/450)
1573. **RUGER 10/22 SEMI-AUTO CARBINE** serial #118-11481, 22 LR, 18 1/2" barrel with a bright very good plus bore. The metal surfaces retain about 90% thinning original with overall fine oxidation on the barrel and scattered tiny impact marks along the frame. The pistol grip hardwood stock rates about very good with numerous dent and handling marks. The original sights have been removed /and HiVis three dot sights installed. Included is a single factory magazine. (58290-185) {MODERN} (75/150)
1574. **ITHACA MODEL 49 SADDLEGUN** 22 S,L,LR, 18" barrel with a bright excellent bore. The barrel and magazine retain 95-98% original blue with scattered fine oxidation staining and a small dent in the bottom of the magazine tube. The receiver and barrel bands retain about 90% original black enamel with scattered scratches and edge wear. The straight grip hardwood stock and forearm rate very good with light handling marks and the plastic buttplate having a small crack at the top screw hole and handling marks. (58290-184) {MODERN} (50/100)
1575. **NAVY ARMS ROSSI MODEL 1892 LEVER ACTION RIFLE** serial #NA602720, 45 Colt, 24" octagon barrel with full mag and a bright excellent bore. The metal surfaces of this stainless steel rifle rate excellent with a couple minute scratches; the color case-hardened hammer and trigger retain all their crisp brilliant colors. The plain straight grip walnut stock and forearm rate very good plus with some light scratches at the front of the forearm and other light handling marks. Rifle is equipped with a brass bead front sight and buckhorn sporting rear sight. (58290-119) {MODERN} (200/400)
1576. **NAVY ARMS ROSSI MODEL 1892 LEVER ACTION CARBINE** serial #NA300911, 45 Colt, 20" octagon barrel with full mag and a bright excellent bore. The barrel and magazine retain 99% original blue with equal brilliant color case-hardened finish on the receiver, forend noscap, hammer, trigger and crescent buttplate. The plain straight grip walnut stock and forend rate excellent with a small scuff on the right side of the forend and perhaps a couple other light blemishes. Carbine is equipped with a brass bead front sight and buckhorn sporting rear sight. (58290-97) {MODERN} (200/400)
1577. **HARRINGTON & RICHARDSON SQUIRE 159 SINGLE BARREL SHOTGUN** 12 ga., 18" shortened barrel with a bright excellent bore, marked full now choked cylinder. The barrel retains 99% high polished applied blue done at the time of shortening. The plain pistolgrip hardwood stock has been cleaned to a blonde and is a bit shy of the buttplate. The schnabel forend rates very good with light handling marks and spots of flaking varnish. Shotgun is equipped with a brass single bead front sight in addition to a clamp-on Hi-Vis front sight and swivel studs. (58290-71) {MODERN} (50/100)

1578. **CBC MODEL MT 151 SINGLE BARREL SHOTGUN** serial #1589629, 12 ga., 28" single bead plain barrel with a bright excellent bore choked improved modified. The metal surfaces on this Magtech imported shotgun retain 98% original blue with a few sparse spots of light oxidation. The black plastic triggerguard shows light handling marks. The plain walnut stained pistolgrip walnut stock rates near excellent with a few tiny dents and blemishes. (58290-75) {MODERN} (75/150)
1579. **NEW ENGLAND FIREARMS PARDNER SB1 SINGLE BARREL SHOTGUN** serial #NM223530, 12 ga., 22" single bead plain barrel with a bright excellent bore choked modified. The barrel retains 98% plus original blue with only a few light storage scratches. The case-hardened frame retains equally bright colors. The plain pistolgrip hardwood stock and schnabel forend rate very good plus to near excellent with light handling marks and are equipped with swivel studs. (58290-143) {MODERN} (50/100)
1580. **HARRINGTON & RICHARDSON TOPPER 88 SINGLE BARREL SHOTGUN** serial #AT243188, 12 ga., 28" single bead plain barrel with a bright excellent bore choked modified. The barrel retains about 98% original blue with some light vertical storage scratches. The case-hardened frame retains 98% bright original colors with scattered fine oxidation staining. The plain pistolgrip hardwood stock and forend rate very good plus with light handling marks, the buttstock having a much lighter finish. (58290-164) {MODERN} (50/100)
1581. **HARRINGTON & RICHARDSON TOPPER MODEL 158 YOUTH SINGLE BARREL SHOTGUN** serial #AL360447, 20 ga., 28" single bead plain barrel with a bright excellent bore choked modified. The barrel retains 98% plus original blue with equal crisp brilliant case colors on the frame. The plain pistolgrip hardwood stock and forend rate excellent, the stock is equipped with a ventilated rubber recoil pad. (58301-25) {MODERN} (50/100)
1582. **HARRINGTON & RICHARDSON TOPPER JUNIOR MODEL 490 SINGLE BARREL SHOTGUN** serial #AM248039, 20 ga., 26" plain bead barrel with a bright excellent bore choked modified. The barrel retains 99% original blue with equal crisp brilliant case colors on the frame. The plain pistolgrip hardwood stock and forend rate excellent, the stock is equipped with a ventilated rubber recoil pad. (58301-23) {MODERN} (50/100)
1583. **STEVENS MODEL 94C SINGLE BARREL SHOTGUN** .410 bore, 26" single bead plain barrel with a bright excellent bore choked modified. The barrel retains about 98% original blue with scattered light oxidation. The case-hardened frame retains 95-97% vivid colors with scattered light oxidation fading lightly along the edges. The plain pistolgrip hardwood stock and forend rate very good with light handling marks, the forend retention spring is bent enabling the forend to be removed without much effort. (58290-140) {MODERN} (25/75)
1584. **EASTERN ARMS MODEL 105.9 SINGLE BARREL SHOTGUN** serial #A8088, 12 ga., 27 1/2" open choked plain barrel with a very good bore having some patches of light pitting and oxidation. The metal surfaces have faded to a dull gray and brown patina under a covering of light surface oxidation, the frame more of a darker brown with writing only faintly visible. The plain pistolgrip walnut stock and forend rate very good with light handling marks, the stock has been period fitted with a crazed solid rubber recoil pad. (58290-74) {MODERN} (20/40)
1585. **NEW ENGLAND ARMS PARDNER SB1 SINGLE BARREL SHOTGUN** serial #NU225781, 12 ga., 18 1/4" shortened barrel with a very good bore. The barrel retains 95-98% what appears to be original blue with scattered fine oxidation. The frame retains 98% applied dark phosphate finish. The plain pistolgrip walnut stock and forend rate very good. The brass bead front sight was reinstalled and the included Carlson's choke tube measures improved cylinder. (58290-91) {MODERN} (25/75)
1586. **THOMPSON CENTER RENEGADE PERCUSSION MUZZLELOADING RIFLE** serial #3864, .54 cal., 31" octagon barrel with a very good bore having some scattered patches of oxidation. The metal surfaces retain 97-98% original blue with scattered fine oxidation staining and an occasional light scratch. The lock retains nice lightly muted case colors. The walnut stock rates very good with light handling marks. What appears to be an original wooden ramrod is present. (58303-79) {ANTIQUUE} (100/200)
1587. **THOMPSON CENTER HAWKEN PERCUSSION MUZZLELOADING RIFLE** serial #1084, .45 cal., 29" octagon barrel with a very good bore showing oxidation within the grooves. The barrel and tang retain 97-98% original blue with scattered fine oxidation and light wear along the edges. The case-hardened lock and triggerguard retain 98% bright brilliant colors and the brass furniture has a nicely mellowed golden patina with light tarnish on the buttplate. The walnut stock with raised cheekpiece rates excellent with a few light blemishes. What appears to be an original wooden ramrod is present. (58303-77) {ANTIQUUE} (150/250)
1588. **REMINGTON GENESIS INLINE MUZZLELOADING RIFLE** serial #14-13-072194-07, 50 cal., 209 primer ignition, 28" barrel with a very good plus bore having some light oxidation closest to the muzzle. The barrel retains 98% original blue with a few specks of light oxidation and a scattered light rub mark here or there. The alloy frame retains 98% plus black anodized finish. The Mossy Oak Break Up camo synthetic stock and forearm rate excellent. Equipped with Hi-Vis sights, the original aluminum folding-tip ramrod is present. (58303-82) {ANTIQUUE} (100/200)
1589. **ARMSPORT MODEL 5109 KENTUCKIAN PERCUSSION MUZZLELOADING RIFLE** serial #2811, .50 cal., 36" octagon barrel with a very good bore having scattered fine oxidation the entire length. The barrel retains 95-97% original blue with scattered fine oxidation staining. The lock retains lightly muted case colors mellowing lightly along the edges and on the hammer and the brass furniture has a pleasing ocher patina. The walnut stock rates very good plus to near excellent with a few light handling marks in a high gloss finish. Equipped with a simple brass blade front sight and fixed v-notch rear sight, a brown composite ramrod is included. (58300-4) {ANTIQUUE} (175/275)
1590. **THOMPSON CENTER HAWKEN FLINTLOCK MUZZLELOADING RIFLE** serial #K339465, .50 cal., 29" octagon barrel with a near excellent bore having some scattered fine oxidation staining. The barrel on this kit gun retains 98% original blue. The case-hardened retains about 90% mellowing case colors with light oxidation on the cock and pan which sits a little low in the stock. The walnut stock rates very good showing light sanding marks and the brass furniture has a nicely tarnished patina. What appears to be a proper wooden ramrod is included. (58300-5) {ANTIQUUE} (100/200)
1591. **RUGER MODEL 10/22 SEMI-AUTO CARBINE** serial #820-19582, 22 LR, 18 1/2" barrel with a bright excellent bore. The metal surfaces retain 99% original blue and the hardwood pistolgrip stock rates excellent with a couple of tiny handling marks. Factory sights are intact. This rifle is in excellent condition and appears to have seen little if any use. (128202-2) {MODERN} (100/300)
1592. **REMINGTON MODEL 12 SLIDE ACTION RIFLE** serial #247236, 22 S,L,LR, 22" barrel with a frosted lightly pitted bore. The metal surfaces are primarily a brown patina with some blue remaining on the receiver and in protected areas of the barrel and magazine tube, some scattered light oxidation and a few small dings. The walnut stock and forearm have likely been lightly cleaned and rate very good with multiple dings and scratches, a couple of chips and some areas of fading finish. The slide handle retention screws are missing and the hard rubber buttplate is worn at the heel and chipped and cracked at the toe. The buttstock fits a little loose to the frame and the factory sights are intact. (128139-7D32301) {C&R} (300/500)
1593. **WINCHESTER MODEL 62 SLIDE ACTION RIFLE** serial #192963, 22 S,L,LR, 23" barrel with a bright excellent bore. The metal surfaces retain 90% original blue with some toning towards brown, scattered light oxidation and freckling, and silvering on high edges. The walnut stock and forearm rate very good to near excellent with the forearm showing some minor handling marks and the buttstock having likely been lightly cleaned showing a few light handling marks and minor staining. A spacer has been added between the hard rubber buttplate and the stock and one of the forearm retention screws is missing. The sights appear original. A nice collectible and shootable 1947 model 62. (128203-2) {C&R} (300/500)

1594

1594. AMERICAN FUR CO. INDIAN TRADE GUN BY W. CHANCE & SON about .56 cal., 22 1/2" part round part octagon barrel with an oxidized bore. This is a neat gun, shortened at some time during the period of use. The barrel has uneven edges at the muzzle from being shortened and bears an overall dark brown patina with patches of gray, scattered fine oxidation staining, pinprick pitting and light wear along the edges. The barrel is equipped with a simple square bead front sight about 2 1/8" from the muzzle and a v-notch rear sight. The top barrel flat is marked "LONDON" next to fox above "IA" tombstone and the left side flat has two London proofs. The lock and triggerguard have a slightly brighter mottled gray and brown patina with fine pitting and oxidation. The lockplate is marked with matching American Fur Co. tombstone markings in front of the cock and vertical "W. CHANCE / & SON" at the rear. The stock rates about very good having been shortened as well with scattered dents, cracks and handling marks. The buttstock has been slightly rounded with a couple slightly longer cracks and remnants of two holes for mounting buttplate. The brass serpentine sideplate remains intact and has a nicely tarnished goldenrod patina. The lock remains strong but the half-cock does not function properly. Included is a replacement white composite ramrod. A great looking period altered London made Indian Fur gun. (57877-42) {ANTIQUE} (400/600)

- 1595. WINCHESTER MODEL 1904 SINGLE SHOT BOLT ACTION RIFLE** 22 S,L,XL, 21" barrel with a gray lightly pitted bore. The metal surfaces are a fading blue toning to brown with some oxidation and light pitting. The walnut stock rates good to very good with multiple light dings and scratches, a couple of chips in the forend and a few impact marks. Sights appear to be original. (128178-44) {C&R} (50/150)
- 1596. WINCHESTER MODEL 94 LEVER ACTION CARBINE** serial #4994454, 30-30, 20" barrel with a bright excellent bore. The metal surfaces retain 90% original blue with some spotty flaking, oxidation and light pitting on the receiver, multiple light scratches towards the muzzle on both sides of the barrel and magazine tube, and a few minor handling marks. The walnut stock and forearm rate very good to near excellent with several light handling marks. The gun is sighted with factory sights and is fitted with sling swivels on the toe line and magazine tube. (128139-26D32277) {MODERN} (150/350)
- 1597. WINCHESTER MODEL 94 LEVER ACTION CARBINE** serial #3770805, 30-30, 20" barrel with a bright excellent bore. The barrel retains 97% original blue with some scattered light oxidation, the receiver retains 90% reapplied blue with spotty oxidation and some light pitting under the new finish. The walnut stock and forearm rate very good with several light blemishes. A decent rifle that would likely make a good shooter. (128050-821) {MODERN} (150/250)
- 1598. WINCHESTER MODEL 62A SLIDE ACTION RIFLE** serial #145790, 22 S,L,LR, 23" barrel with a bright excellent bore. The barrel and magazine tube are gray-brown with polishing marks and some light oxidation staining. The receiver is 70% blue with areas of gray-brown and some polishing marks primarily on the flats. The walnut buttstock rates very good with a crack running through the hard rubber buttplate and forward for 3 1/2" and showing a few minor dings and scratches and an added finish. The grooved forearm rates excellent with a couple of minor blemishes and an added finish. (128050-808) {C&R} (100/200)
- 1599. REMINGTON MODEL 12 SLIDE ACTION RIFLE** serial #215090, 22 S,L,LR, 22" barrel with a very good lightly frosted bore. The metal surfaces are 80% reapplied blue with areas toning to gray-brown, polishing marks and a few light pits. The walnut stock and forearm rate very good to near excellent with a couple of tiny cracks running back from the receiver, a few minor handling marks and an added finish. The gun is fitted with a front bead sight, a screw adjustable rear leaf sight and a Remington UMC hard rubber buttpad. (128050-792) {C&R} (75/150)
- 1600. REMINGTON MODEL 12A SLIDE ACTION RIFLE** serial #495309, 22 S,L,LR, 22" barrel with a very good lightly frosted bore. The metal surfaces have been cleaned and are gray-brown with remnants of blue here and there showing cleaning marks and some light pitting. The walnut stock and forearm rate near excellent with several minor handling marks and the buttstock having been lightly cleaned. The gun is sighted with a front bead and a slide adjustable rear leaf. (128050-804) {C&R} (75/150)
- 1601. WINCHESTER MODEL 1906 SLIDE ACTION RIFLE** serial #495293, 22 S,L,LR, 20" barrel with a very good lightly frosted bore. The metal surfaces have been cleaned and are gray-brown with some added blue, a little light pitting and some cleaning marks. The walnut stock and forearm have been lightly cleaned and rate very good with multiple light handling marks. The gun is fitted with a front bead sight, a screw adjustable rear leaf and the hard rubber buttpad is in very good condition showing a little minor wear. (128050-800) {C&R} (150/250)
- 1602. WINCHESTER MODEL 290 SEMI-AUTO RIFLE** serial #B1968706, 22 S,L,LR, 20 1/2" barrel with a bright excellent bore. The metal surfaces retain 98-99% original blue with a few light scratches on the aluminum receiver and a couple of other minor handling marks. The checkered hardwood pistolgrip stock rates excellent with a faint handling mark or two. An excellent condition rifle that appears to have seen very little if any use. (128241-4) {MODERN} (100/200)
- 1603. BROWNING BDM SEMI-AUTO PISTOL** serial #945NX04242, 9mm, 4 3/4" barrel with a bright excellent bore. The metal surfaces retain 99% original matte blue with a few light handling marks. The checkered black plastic grips rate excellent. This pistol appears to have seen very little use, it features a 3-dot sight and an ambidextrous safety and comes with two magazines, a factory plastic box and a manual. (128251-5) {MODERN} (300/500)
- 1604. SMITH & WESSON MODEL 10-5 DOUBLE ACTION REVOLVER** serial #C856432, 38 Spl, 4" pinned barrel with a bright excellent bore. The metal surfaces retain 95% original blue with silvering at the muzzle and on some high edges, a little flaking that is toning to brown on the top of the frame, a light turn ring on the cylinder, a few minor handling marks and a little light freckling. The trigger and hammer exhibit excellent case colors with minor operational wear. The checkered goncalo alves target grips with S&W medallions rate very good with a few minor handling marks, a small spot of light flattening to the checkering and a modification to the top of the left side. (128257-3) {C&R} (250/450)
- 1605. HENRY LEVER ACTION 22 RIFLE** serial #644632H, 22 S,L,LR, 18 1/2" barrel with a bright excellent bore. The metal surfaces retain 99% original blue with a light handling mark or two and the American walnut stock and forearm rate excellent, also with a couple of minor handling marks. This rifle appears to have seen little use. (128251-20) {MODERN} (200/400)
- 1606. SIG ARMS TRAILSIDE SEMI-AUTO PISTOL** serial #E0017180, 22 LR, 4 1/2" barrel with a bright excellent bore. The two-tone silver and blue finish rates excellent as does the black polymer grips. The gun is sighted with fixed sights. A great little 22 that appears to have seen little use and would be a great plinker or entry level competition pistol. Comes with a box, manual and two magazines. (128262-4) {MODERN} (250/450)
- 1607. RUGER MODEL 22/45 MKIII TARGET SEMI-AUTO PISTOL** serial #270-75767, 22 LR, 5 1/2" bull barrel with a bright excellent bore. The metal surfaces retain 95-97% original blue with some wear to the left side of the barrel and receiver and a speck or two of oxidation. The black synthetic frame with integrated grip rates excellent. The gun is sighted with a front post and adjustable rear sights. Comes with a single magazine, scope base, manual and gray plastic case. (128270-2) {MODERN} (150/250)

1608. **HIGH STANDARD MODEL 101 DURAMATIC SEMI-AUTO PISTOL** serial #1379885, 22 LR, 6 1/2" barrel with a bright excellent bore. The metal surfaces retain 85% original blue with the muzzle end of the barrel toned to a gray-brown, some scattered light freckling and a few light handling marks. The checkered brown plastic grips rate very good to near excellent with a small chip by the triggerguard and several light handling marks. The gun comes with a single magazine and its original blue box that is correctly labeled and numbered to the gun. (128303-10D32336) {MODERN} (100/200)
1609. **SMITH & WESSON MODEL SD9VE SEMI-AUTO PISTOL** serial #FXH4559, 9mm, 4" barrel with a bright excellent bore. The slide is painted desert tan with some flaking by the sights. The green synthetic frame with integrated grip rates about excellent with a light handling mark or two. The gun is fitted with 3-dot night sights and comes with a single magazine, manual and its original box. (128300-11S20581) {MODERN} (200/300)
1610. **WINCHESTER MODEL 94 ANTIQUE CARBINE** serial #3147850, 30-30, 20" barrel with a bright excellent bore. The barrel, magazine tube and action retain 98% original blue with a few small spots of oxidation and a little light freckling. The receiver exhibits excellent bold case colors with some scattered specks of oxidation. The gold plating on the loading gate, saddle ring, barrel band, buttplate, trigger and hammer rate excellent with minor operational wear on the hammer. The walnut stock and forearm rate excellent with a few minor handling marks. The gun features loose scroll engraving on the flats of the receiver and appears to have seen little if any use. (128276-2) {MODERN} (250/450)
1611. **RUGER MODEL SR9C SEMI-AUTO PISTOL** serial #332-91569, 9mm, 3 1/2" barrel with an excellent bore. The slide retains 98% original black finish with a few specks of oxidation and a couple of minor handling marks. The synthetic frame with integrated grip rates excellent showing a couple of faint handling marks. The gun is fitted with an adjustable 3-dot sight and comes with a black plastic case. No magazine included. (128302-13D20578) {MODERN} (200/400)
1612. **HENRY GOLDEN BOY SILVER LEVER ACTION RIFLE** serial #THS1580, 22 S,L,LR, 20" octagon barrel with a bright excellent bore. The barrel, magazine tube and action retain 99% original blue while the bright nickel on the receiver, barrel band and buttplate rate excellent with a couple of tiny blemishes on the front edge of the barrel band. The American walnut stock and forearm rate near excellent with a few small dings and a couple of tiny chips in the finish. This rifle appears to have seen little use. (128303-73D31239) {MODERN} (300/500)
1613. **WINCHESTER MODEL 94AE LEVER ACTION RIFLE** serial #5462330, 30-30, 24" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a few light handling marks and some freckling and scattered specks of oxidation. The walnut stock and forearm rate about excellent, showing a few minor handling marks. This pre-crossbolt angle eject rifle appears to have seen little use. (128290-21) {MODERN} (200/400)
1614. **MARLIN MODEL 1895SS LEVER ACTION RIFLE** serial #08038326, 45-70 Govt., 22" barrel with a bright excellent bore and micro-groove rifling. The metal surfaces retain 98-99% original blue with a light handling mark or two and scope base mounting marks on the top of the receiver. The pistolgrip walnut stock and forearm rate very good to near excellent with a few minor dings and scratches and a 3" crack in the forearm. The gun is fitted with a white outline red rubber butt pad, swivel studs, hammer block safety and a gripcap that has some flaking in its finish. A great gun that appears to have seen little use. (128290-113) {MODERN} (250/450)
1615. **MARLIN MODEL 30AS LEVER ACTION RIFLE** serial #11026931, 30-30, 20" barrel with a bright excellent bore. The metal surfaces retain 99% original blue with a few minor handling marks. The birch pistolgrip stock and forearm rate excellent with a couple of minor handling marks. The gun features a hammer block safety, is fitted with its original factory iron sights, and appears to have seen little use. (128290-129) {MODERN} (150/350)
1616. **WINCHESTER MODEL 67A BOLT ACTION RIFLE** 22 S,L,LR, 27" barrel with a bright excellent bore. The metal surfaces retain 99% original blue with a couple of light handling marks. The walnut pistolgrip stock rates near excellent with a few light scratches and minor handling marks. The guns factory sights are intact. This rifle appears to have seen little use. (128211-4) {C&R} (200/300)
1617. **ROSSI MODEL 92 SRS LEVER ACTION CARBINE** serial #K104232, 38 Spl / 357 Magnum, 16" barrel with a bright excellent bore. The metal surfaces retain 99% original blue. The hardwood stock and forearm rate about excellent with a light handling mark or two. This rifle appears to have seen little use. (128290-20) {MODERN} (150/250)
1618. **SMITH & WESSON MODEL 64 MILITARY & POLICE DOUBLE ACTION REVOLVER** serial #D543200, 38 Spl, 4" pinned barrel with a bright excellent bore. The matte stainless steel surface rates near excellent showing several minor handling marks and a light turn ring on the cylinder. The checkered walnut Magna grips with S&W logos are numbered to a different gun and rate very good to near excellent with several minor dings and scratches. (126520-2586) {MODERN} [Richard "Stretch" Kennedy Collection] (200/400)
1619. **SMITH & WESSON MODEL 15-4 COMBAT MASTERPIECE DOUBLE ACTION REVOLVER** serial #ADU4923, 38 Spl, 2" heavy ribbed barrel with a bright excellent bore. The metal surfaces retain 97% original blue with some areas showing a slight toning towards brown, a few light specks of oxidation, impact marks on the sights and top corner of the barrel rib, and a turn ring on the cylinder. The smooth combat trigger and checkered hammer exhibit near excellent case colors with the trigger toning towards gray. The unnumbered checkered walnut Magna grips with S&W medallions rate very good with a chip on the edge of the checkering on the left panel and a few other minor handling marks. The gun is sighted with a ramp front and micro-adjustable black blade rear sights. (126520-1015) {MODERN} [Richard "Stretch" Kennedy Collection] (300/500)
1620. **SMITH & WESSON MODEL 36 CHIEFS SPECIAL DOUBLE ACTION REVOLVER** serial #504501, 38 Spl, 1 7/8" pinned ribbed barrel with an excellent bore. The metal surfaces retain 90% original blue with thinning on the backstrap and topstrap towards brown, silvering by the muzzle and on some high edges, a few minor handling marks and a couple of specks of oxidation. The case colors on the trigger and hammer rate near excellent with some toning towards gray on the trigger. The diamond checkered walnut Magna grips with S&W medallions are numbered to the gun and rate very good to near excellent with some minor wear and a few light handling marks. (126520-202) {MODERN} [Richard "Stretch" Kennedy Collection] (200/400)
1621. **HAMMERLI TRAILSIDE SEMI-AUTO PISTOL** serial #E0020332, 22 LR, 4 1/2" barrel with a bright excellent bore. The slide on this two-tone finish is in-the-white and unblemished and the frame retains 99% plus original blue. The blue and gray laminated grips rate excellent with a couple of faint handling marks. The gun is fitted with an adjustable rear sight and mounted to the grooved barrel is a Tasco ProPoint red-dot sight. The sight is functioning but does not include a battery. This pistol was imported by Sig Arms and appears to have seen little if any use. (126520-137) {MODERN} [Richard "Stretch" Kennedy Collection] (300/500)
1622. **WINCHESTER MODEL 69A BOLT ACTION RIFLE** 22 S,L,LR, 25" barrel with a bright excellent bore. The metal surfaces are a brown patina with remnants of blue on the receiver, multiple handling marks scattered about and a few scattered spots of oxidation. The triggerguard and magazine well have an added black enamel finish. The walnut pistolgrip stock rates very good with multiple dings and scratches and an added finish. The barrel has been threaded at the muzzle and has been drilled and tapped with two sets of holes, one with filler screws. The gun is sighted with factory front blade and rear aperture sights. Comes with a single magazine. (126520-576) {C&R} [Richard "Stretch" Kennedy Collection] (50/150)

1623. **COLT COLTEER BOLT ACTION SINGLE SHOT RIFLE** 22 Magnum, 24" barrel with an excellent bore. The metal surfaces retain 97% original blue with a little freckling, silvering on the front sight, several light handling marks and the triggerguard having toned to a brown patina. The Monte Carlo pistolgrip stock rates very good with several minor handling marks and a couple of spots of paint splatter. The gun includes its factory sights and a Sears 3-6x rifle scope with very good optics mounted to the grooved receiver. (126520-68) {C&R} [Richard "Stretch" Kennedy Collection] (150/350)
1624. **THOMPSON CENTER ENCORE BREAK ACTION RIFLE** serial #132800, 25-06, 24" barrel with a bright excellent bore. The metal surfaces retain 99% original blue with a couple of minor handling marks. The Monte Carlo pistolgrip walnut stock and forearm rate excellent with a minor handling mark or two. The gun is fitted with a black rubber ventilated recoil pad, front bead sight, folding adjustable rear sight and a scope base. (126520-2686) {MODERN} [Richard "Stretch" Kennedy Collection] (300/500)
1625. **COLT WOODSMAN TARGET SEMI-AUTO PISTOL** serial #140029, 22 LR, 6 5/8" barrel with a bright excellent bore. The metal surfaces on this 1940 1st series Woodsman retain 90-95% original blue with silvering on some edges and at the muzzle, areas toning to a gray patina on the gripstraps, a few specks of oxidation, multiple minor handling marks, and a tiny spot of pitting on the triggerguard. The checkered walnut grips rate very good with some minor handling wear. Both the front and rear factory sights are adjustable and the gun comes with the correct magazine. (126520-2459) {C&R} [Richard "Stretch" Kennedy Collection] (300/500)
1626. **REMINGTON MODEL 14 SLIDE ACTION RIFLE** serial #87736, 35 Rem, 22" barrel with a very good bright bore showing a light frosting. The metal surfaces retain 40% original blue fading to a gray patina with some oxidation staining and minor handling marks. The walnut pistolgrip stock and grooved forearm rate very good with several small cracks running back from the frame and lower tang, and multiple minor dings and scratches. There is a set of drilled and tapped holes added to the top of the receiver and another set added on the barrel. The front bead sight appears original and the rear sight is a replacement Marbles leaf. (126520-1504) {C&R} [Richard "Stretch" Kennedy Collection] (100/300)
1627. **COLT SINGLE ACTION BUNTLINE SCOUT REVOLVER** serial #98367F, 22 Magnum, 9 1/2" barrel with a bright excellent bore. The metal surfaces on this 1959 revolver retain 95% original blue with some areas worn to silver on the muzzle, cylinder, and the left side of barrel and frame. The checkered black plastic Colt grips rate excellent with a light handling mark or two. Though this revolver shows some holster and storage wear, it appears to have seen little use with only a faint turn ring on the cylinder. (126520-1345) {C&R} [Richard "Stretch" Kennedy Collection] (250/450)
1628. **HIGH STANDARD MODEL SK-100 SPORT-KING SEMI-AUTO PISTOL** serial #632634, 22 LR, 6 3/4" barrel with a bright excellent bore. The metal surfaces retain 97% original blue with silvering on the barrel towards the muzzle, on top of the slide, and on some high edges, and a little oxidation staining on the backstrap. The checkered brown plastic grips with left side thumbrest rate very good with a chip on the right side butt and several other light handling marks. (126520-3999) {C&R} [Richard "Stretch" Kennedy Collection] (200/400)
1629. **SMITH & WESSON MODEL 15-2 COMBAT MASTERPIECE DOUBLE ACTION REVOLVER** serial #K575095, 38 Spl, 4" pinned and ribbed barrel with an excellent bore. The metal surfaces retain 95% original blue with the upper backstrap toning to brown, silvering by the muzzle and on some high edges, some thinning towards gray on the cylinder, a little flaking to brown, and a few specks of oxidation. The smooth gonzalo alves target grips with S&W medallions rate very good with a couple of spots of flaking worn finish and several light handling marks. The trigger and hammer exhibit very good to near excellent case colors with some light oxidation. The gun is sighted with a Baughman front and a micro adjustable black blade rear sight. The rear sight blade has a couple of impact marks. A great shootable 1964 Combat Masterpiece. (126520-3848) {C&R} [Richard "Stretch" Kennedy Collection] (300/500)
1630. **RUGER MODEL 77 MARK II BOLT ACTION RIFLE** serial #785-53384, 223 Rem, 20" barrel with a bright excellent bore. The metal surfaces retain 99% original blue and the receiver retaining a rich plum color. The checkered walnut pistolgrip stock with black forend tip rates very good to near excellent with a deep scratch on the right side of the butt and a few other minor handling marks. The gun is fitted with a black rubber recoil pad, swivel studs and a grip cap. The receiver includes integral bases and there are no provisions for sights. Comes with a set of scope rings. (126520-889) {MODERN} [Richard "Stretch" Kennedy Collection] (300/500)
1631. **RARE REMINGTON NO 4-S "AMERICAN BOY SCOUT" ROLLING BLOCK RIFLE** 22 Short, 28" barrel with very good lightly frosted bore. The metal surfaces retain 98% reapplied blue with a few specks of oxidation and multiple small dings and pits under the new finish. The bayonet lug is missing with a filler screw trimmed to roughly fit the contour of the barrel. "AMERICAN BOY SCOUT" is stamped into the left side of the receiver. The walnut buttstock and long musket type forearm are refinished and rate good with the buttstock showing a couple of cracks running back from the upper tang, a couple of long cracks along the toe-line, two small and one large filed hole on the toe-line, and a small repair by the tang. The forearm shows a small crack by the frame and a few areas that are filled and repaired. The barrel band is no longer present. The metal buttplate hangs slightly proud of the wood. The original sights are intact. There is some play in the barrel to frame fit and the buttstock fits a bit loose also. (126520-919) {C&R} [Richard "Stretch" Kennedy Collection] (200/400)
1632. **CZ MODEL 27 SEMI-AUTO PISTOL** serial #383279, 3 3/4" barrel with bright excellent bore. The metal surfaces retain 95% reapplied military blue finish with some scattered light fine oxidation staining. The hammer, trigger, grip screw and extractor retain most of their straw colored finish. The barrel and vertical four groove "fnh" marked slide show German military test proofs and the frame has the eagle / WaA76 acceptance stamp on the right side over the black checkered wrap around grips. A single "P.Mod.27" marked magazine is included. (108050-637) {C&R} (150/250)
1633. **LOT OF FLINTLOCK PISTOLS** Included with this lot are two pistols for parts or possible restoration. First is an early European style pistol .69 cal., with 11 1/4" barrel with overall dark oxidized bore. The lock and working parts have been removed and are included, however, it is unclear if all parts are present. The stock has overall dings and handling marks and the brass triggerguard and dual strap buttcap have to toned a dark mustard color and remain in very good condition. Second is a Mediterranean style Miquelet lock pistol .50 cal., with 13" cannon style barrel that has a dark oxidized bore. The lock is held in place with bailing wire and the stock has geometric style inlaid designs. These pistols would make great parts guns. (107670-3, 4) {ANTIQUE} (20/70)
1634. **FN MODEL 1922 SEMI-AUTO PISTOL** serial #196346, .32 ACP, 4 1/2" barrel with bright excellent bore. The metal surfaces retain 90% original blue with spots of light fine oxidation staining, superficial scratches and silvering along the high edges. The pistol has German test proofs and eagle / WaA140 acceptance marks. The checkered walnut grips rate very good overall with slightly rounded points and this wartime pistol comes with a single FN marked magazine. (108050-563) {C&R} (200/400)
1635. **FN MODEL 1922 SEMI-AUTO PISTOL** serial #121986, .32 ACP, 4 1/2" barrel with bright excellent bore. The metal surfaces retain 85% blue flaking to brown with pewter undertones, fine oxidation staining near all over and silvering along the high edges. The barrel and slide is German military test proofed and the frame and slide have the German acceptance stamp "(eagle)/WaA140" in multiple locations. The checkered walnut grips rate about very good with overall lightly rounded points and a few light handling marks. A single FN marked magazine is included with this wartime pistol. (108050-564) {C&R} (200/400)
1636. **FN MODEL 1922 SEMI-AUTO PISTOL** serial #50129b, .32 ACP, 4 1/2" barrel with bright excellent bore. The metal surfaces retain 75% blue fading to brown finish with scattered spots of fine oxidation staining, silvering at the muzzle and along the high edges. The pistol has both German Military test proofs and acceptance stamps with "(eagle)/WaA140" markings. The checkered walnut grips rate very good with some light staining and mostly crisp points. No magazine is included with this wartime pistol. (108050-568) {C&R} (150/250)

1637. **DEUTSCHE WERKE ORTGIES POCKET SEMI-AUTO PISTOL** serial #212738, .32 ACP, 3 3/4" barrel with bright excellent bore. The metal surfaces are an overall brown color patina with silvering along the high edges. The smooth walnut logo grips rate very good overall with two with the grain drying cracks on the right side panel. This "(crown)/N" proofed commercial pistol remains in good overall condition and comes with a single nickel plated magazine. (108050-517) {C&R} (150/250)
1638. **DEUTSCHE WERKE ORTGIES POCKET SEMI-AUTO PISTOL** serial #69636, .32 ACP, 3 3/4" barrel with bright very good bore. The metal surfaces on this commercial proofed pistol retain 75% blue fading to brown finish with spots of silvering at the rear of the slide and around the muzzle with silvering along the high edges. The smooth walnut logo grips rate about excellent and included is a single maker marked magazine. (108050-512) {C&R} (200/400)
1639. **BERETTA MODEL 1935 SEMI-AUTO PISTOL** serial #523443, .32 ACP, 3 1/2" barrel with bright excellent bore. The metal surfaces retain 95% military blue finish that reveals a plum color in bright light with spots of fine oxidation staining and light silvering on a couple of the high edges. The pistol has control stamp marking "4/UT" and "(crown/lion)" proof and the Beretta logo black plastic grips rate excellent. The lanyard loop is missing and a single magazine is included with this pistol. (108050-497) {C&R} (150/250)
1640. **BERETTA MODEL 1935 SEMI-AUTO PISTOL** serial #554219, .32 ACP, 3 1/2" barrel with bright excellent bore. The metal surfaces retain 80% blue flaking to brown finish with overall light scratches, spots of fine oxidation staining and silvering along the high edges. The pistol is control marked "4/UT" and the black plastic grips rate excellent. A single magazine is included. (108050-500) {C&R} (200/400)
1641. **BERETTA MODEL 1935 SEMI-AUTO PISTOL** serial #525045, .32 ACP, 3 1/2" barrel with bright excellent bore. The metal surfaces retain 95% blue finish with scattered patches of fine oxidation staining and light silvering along some of the high edges. The black plastic logo grips rate excellent and the pistol is "4/UT" control marked with "(crown)/(lion)" proof. Included with this pistol is a single magazine. (108050-499) {C&R} (200/400)
1642. **BERETTA MODEL 1934 SEMI-AUTO PISTOL** serial #F59444, .380 ACP, 3 3/8" barrel with bright about very good bore with scattered light pitting its entire length. The metal surfaces retain 90% blue finish with spots of fine oxidation staining near all over and silvering on the high edges. The black plastic logo grips rate excellent and included with this pistol is a single magazine. (108050-498) {C&R} (150/250)
1643. **MAUSER MODEL HSC SEMI-AUTO PISTOL** serial #915731, .32 ACP, 3 1/4" barrel with about very good bore that has light frosting in the grooves. The metal surfaces retain 95% arsenal blue finish with some light operational wear and silvering on some of the high edges. The frame, barrel, and slide are numbered alike and there are "(eagle)/N" and "(eagle)/WaA135" proofs. The checkered walnut grips rate excellent and a single unmarked magazine is included with this fine condition wartime pistol. (108050-245) {C&R} (200/400)
1644. **MAUSER MODEL HSC SEMI-AUTO PISTOL** serial #854564, .32 ACP, 3 1/4" barrel with bright excellent bore. The metal surfaces retain 90% arsenal blue finish with scattered spots of fine oxidation staining, and silvering along the high edges and contact points. The barrel, frame and slide are numbered alike and there are "(eagle)/N" and "(eagle)/WaA135" proofs. The checkered walnut grips rate about excellent appearing to have had a light cleaning with a few light handling marks visible. A single Mauser Banner logo magazine is included. (108050-242) {C&R} (300/500)
1645. **MAUSER MODEL HSC SEMI-AUTO PISTOL** serial #947187, .32 ACP, 3 1/4" barrel with bright excellent bore. The metal surfaces retain 95% blue finish with a couple spots of light fine oxidation staining and operational wear at the rear of the slide. The barrel, frame and slide are numbered alike with "(eagle)/N" and "(eagle)/F" proofs. The grips rate excellent with worn points under an added layer of varnish and a single magazine is included with this wartime police marked pistol. (108050-253) {C&R} (300/500)
1646. **MAB MODEL D SEMI-AUTO PISTOL** serial #112473, .32 ACP, 3 7/8" barrel with bright about very good frosted bore. The metal surfaces retain 95% arsenal blue finish with a few light scratches and areas of light pinprick pitting on the slide, frame, and trigger. The black plastic checkered MAB logo grips rate about excellent with slightly rounded points and the triggerguard has a Kingdom of Morocco Military acceptance stamp. A single magazine is included with this steel frame pistol. (108050-538) {C&R} (200/400)
1647. **MAB MODEL D SEMI-AUTO PISTOL** serial #2894, .32 ACP, 3 7/8" barrel with bright near excellent bore that has a spot of light pitting near the muzzle. The metal surfaces retain 90% blue finish with loss due to holster wear at the muzzle, light scratches and silvering along the high edges. The pistol is marked "Surete Nationale" on the right side of the slide and "Pistolet Automatique Cal. 7.65/MAB Brevete MODEL D" on the left and the black plastic checkered MAB logo grips rate about good with mostly crisp points on the checkering and the left panel has warped slightly no longer fitting the steel frame tightly. A single magazine is included with this commercial manufactured pistol. (108050-539) {C&R} (150/250)

1648

1648. **GUSTLOFF WERKE / MAUSER MODEL 98 CUSTOM BOLT RIFLE**

serial #8554a, .30-06, 20" barrel with a bright excellent bore. The metal surfaces retain 90% blue flaking to brown with plum colored undertones. The bolt body and handle are bright with scattered spots of fine oxidation staining. The full length smooth Mannlicher pistol grip stock has a raised left side cheek piece and rates excellent with a few light handling marks. The rifle has a blade front sight and a Lyman 375 ME rear aperture sight. Included with the rifle is a set of quick detachable sling swivels. (108301-11) {MODERN} (400/600)

1649. **SMITH & WESSON MODEL 64-2 MILITARY & POLICE REVOLVER** serial #1D82889, .38 Special, 2" pinned barrel with a bright excellent bore. The stainless surfaces rate excellent having a few light scratches and scattered spots of light fine oxidation staining with a light turn ring on the cylinder. The hard chrome finish on the standard hammer and service trigger rates excellent and the backstrap has been heavily stippled. The revolver has a 1/8" serrated ramp front sight and square notch rear sight. The checkered walnut Magna grips with silver S&W medallions rate excellent. This should make a great carry or range gun. (108290-288) {MODERN} (250/450)
1650. **SMITH & WESSON MODEL 10-7 MILITARY & POLICE REVOLVER** serial #ABR9155, .38 Special, 2" barrel with a bright excellent bore. The metal surfaces retain 95% original blue finish with a few light scratches and light turn ring along the cylinder. The service hammer and smooth combat trigger show bold case-hardened colors that rate excellent. The revolver has standard sights and the checkered walnut Magna grips with silver S&W medallions rate excellent with spots of flaking varnish and a few rounded points in the checkering. (108290-195) {MODERN} (300/500)
1651. **SMITH & WESSON MODEL 65-2 MILITARY & POLICE REVOLVER** serial #1D79542, .38 Special, 4" pinned heavy barrel with a bright excellent bore. The stainless surfaces rate about excellent with numerous light scratches and turn ring on the recessed cylinder. The hard chrome finish rates excellent on the standard hammer and service trigger. The revolver has a red ramp front sight with square notch rear sight and a set of aftermarket faux black mother-of-pearl grips that rate excellent and fit the gun fairly well. (108290-234) {MODERN} (200/400)

1652. **REMINGTON MODEL 700 BDL BOLT ACTION RIFLE** serial #286628, .243 Win., 22" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish with some scattered light handling marks and spots of very fine light oxidation staining. The rifle has a hooded bead front sight and there are filler screws installed where the rear sight should be. The receiver has been drilled and tapped for a scope. The walnut Monte-Carlo stock rates excellent with left side raised cheekpiece, fleur-de-lis checkering and is fitted with an aluminum checkered buttplate. A very nice example likely to perform well once equipped with optics. (108301-8) {MODERN} (300/500)
1653. **RUGER SR40 SEMI-AUTO PISTOL** serial #342-42062, .40 S&W, 4" barrel with a bright excellent bore. The metal surfaces retain 99% black Nitridox finish and the polymer frame rates excellent. The pistol has standard adjustable rear three dot sights and checkered glass filled nylon grips that rate excellent. Included with this pistol are two ten round factory magazines (still sealed in plastic), loading tool, lock, manual and related papers and a factory hard case correctly numbered to the gun. This pistol appears to have seen little if any use and should make a great shooter or carry piece. (108270-6) {MODERN} (300/500)
1654. **MANURHIN/INTERARMS PP SEMI-AUTO PISTOL** serial #53273LR, 22 LR, 3 7/8" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish having a couple of light operational wear marks at the rear of the slide. The barrel is (Crown) proofed with "St. Etienne" marking and the frame also bears the French crown proof below the ejection port. The black checkered Walther banner logo grips rate excellent and this pistol comes with factory hard case numbered to the gun, three magazines, manual, test target, and certificate listing the date of manufacture as January 12, 1960. (108290-206) {C&R} (300/500)
1655. **CHARTER ARMS MODEL 74520 "PIT BULL" DOUBLE ACTION REVOLVER** serial #16-29720, .45 ACP, 2 1/2" barrel with a bright excellent bore. The matte stainless surfaces rate excellent having only a light turn ring along the cylinder. The revolver has a fixed ramp front sight with square notch rear and the smooth finger groove combat style Walnut grips by Eagle rate excellent. Include with this revolver are a set of checkered rubber grips with logo, 2 quick strips, and a factory hard case correctly labeled and numbered to the gun. (108278-27) {MODERN} (200/400)
1656. **RUGER 10/22 SEMI-AUTO CARBINE** serial #249-55704, 22 LR, 18 1/2" barrel with bright excellent bore. The metal surfaces retain 95% original blue and anodized finishes. The smooth hardwood stock rates excellent and has a few scattered minor handling marks. No magazine is included. (108303-41D32678) {MODERN} (150/250)
1657. **MAVERICK 88 SLIDE-ACTION SHOTGUN BY MOSSBERG** serial #MV54897Y, 12 ga., 28" Accu-Choke ventilated rib barrel with bright excellent bore. The metal surfaces retain 99% original blue finish with a couple of light handling marks visible. The black synthetic buttstock and ribbed forend rate excellent and the Maverick Sticker remain 100% intact on the left side of the buttstock. This shotgun appears to have seen very little if any use and includes a modified screw-in choke. (108300-16S20582) {MODERN} (150/250)
1658. **MAVERICK 88 SLIDE-ACTION SHOTGUN BY MOSSBERG** serial #MV13072T, 12 ga., 28" Accu-Choke ventilated rib barrel with bright excellent bore. The metal surfaces retain 95% original blue finish with overall light scratches in the surface and two spots of added green paint on the barrel at the breech and left side of the muzzle. The black synthetic stock and ribbed forend rate near excellent with a few light handling marks. The buttplate has been removed and a Pachmayr slip-on recoil pad has been added to take its place. Included is a single Red Head full choke screw-in insert. (1018S20475) {MODERN} (100/200)
1659. **RUGER SR40 SEMI-AUTO PISTOL** serial #342-42044, .40 S&W, 4" barrel with a bright excellent bore. The metal surfaces retain 99% black Nitridox finish and the polymer frame rates excellent. The pistol has standard adjustable rear three dot sights and the checkered glass filled nylon grips rate excellent. Included with this pistol are two factory magazines, Ruger lock with key, loading tool, manual and factory hard case numbered to the gun. This pistol seems to have seen little if any use. (108270-7) {MODERN} (300/500)
1660. **THOMPSON CENTER ARMS CONTENDER SINGLE SHOT PISTOL** serial #301398, 22 LR, 10" bull barrel with an excellent bore. The metal surfaces retain 95% original blue with scattered spots of light fine oxidation staining and a couple of small scratches along the barrel. The pistol has a fiber optic front sight with adjustable blade rear sight and the new style hammer mounted safety/selector. A set of checkered rubber Pachmayr "Gripper" grip and forend stock this pistol and they rate about excellent with some light soiling. (108290-782) {MODERN} (200/400)
1661. **SMITH & WESSON MODEL 10-8 38 MILITARY & POLICE REVOLVER** serial #AAY7578, .38 Special, 4" heavy barrel with a bright excellent bore. The metal surfaces retain 95% original blue with a few light handling marks, turn ring on the cylinder and moderate holster wear at the muzzle and triggerguard. The revolver has a standard ramp front sight with square notch rear sight and has what is likely a Brownells power rib replacement mainspring. The standard hammer and smooth combat style trigger show mottled case-hardened color. A set of aftermarket checkered walnut Magna style grips stock this revolver and they rate excellent overall. (108920-230) {MODERN} (300/500)
1662. **RUGER SR40 SEMI-AUTO PISTOL** serial #342-42037, .40 S&W, 4" barrel with an excellent bore. The metal surfaces retain 98% black Nitridox finish with a few light scratches visible and the polymer frame rates excellent. The pistol has standard three dot sights with the rear being adjustable and the glass filled checkered nylon grips rate excellent. Included with this pistol are two factory magazines, loading tool, Ruger lock with key, manual, fired casing, and factory hard case correctly numbered to the gun. (108270-4) {MODERN} (300/500)
1663. **RUGER LCR DOUBLE ACTION REVOLVER** serial #548-17162, 22 LR, 1 7/8" barrel with a bright excellent bore. The matte black finishes rate excellent on the polymer grip frame and aluminum body with the stainless steel cylinder showing a light turn ring. The revolver has a notched rear sight with pinned ramp front sight and is stocked with a set of Hogue Tamer textured Mono grips. This revolver has seen little if any use and comes with a correctly labeled factory box, manual, and zippered pistol rug. (108270-3) {MODERN} (300/500)
1664. **RUGER MARK II TARGET SEMI-AUTO PISTOL** serial #211-18037, 22 LR, 10" bull barrel with a bright excellent bore. The stainless surfaces rate excellent and have a few minor light scratches and a spot or two of light fine oxidation staining visible. The pistol has a Patridge front sight with adjustable black blade rear sight. The checkered black Delrin grips with single Ruger medallion rate excellent. A single ten round magazine is included. (108264-3) {MODERN} (300/500)
1665. **SPRINGFIELD ARMORY XD 4" SERVICE SEMI-AUTO PISTOL** serial #US248592, .40 S&W, 4" barrel with a bright excellent bore. The metal surfaces retain 80% matte black finish with loss due to handling marks, fading and operational wear. The pistol has standard three dot sights, integral accessory rail, and does not come with a magazine. Magazines are readily available and this should make a great carry gun. (108270-16) {MODERN} (300/500)
1666. **RUGER SPEED-SIX DOUBLE ACTION REVOLVER** serial #152-35406, .357 Magnum, 2 3/4" barrel with a bright excellent bore. The stainless surfaces rate excellent having a few light scratches and turn ring along the cylinder. The revolver has standard fixed sights with diamond checkered walnut grips with small silver phoenix medallions. The grips rate near excellent with overall light handling marks and flaking varnish. Included with the revolver is a Galco left hand holster marked WB 112 on the front face at the bottom. (108290-227) {MODERN} (250/450)
1667. **SMITH & WESSON MODEL 65-4 MILITARY & POLICE REVOLVER** serial #BNV3445, .357 Magnum, 4" heavy barrel with a bright excellent bore. The stainless surfaces rate near excellent with several scattered small scratches, spots of fine light oxidation staining and turn ring along the cylinder. The hard chrome finish on the service hammer and combat trigger rates excellent. The revolver has standard fixed sights and is stocked with a set of aftermarket checkered walnut Magna style grips that remain in excellent condition. (108290-219) {MODERN} (250/450)

1668. **BERETTA MODEL 84B SEMI-AUTO PISTOL** serial #B93690Y, .380 ACP, 3 3/4" barrel with a bright excellent bore. The metal surfaces retain 95% original blue and anodized finishes with a couple spots of light fine oxidation staining and light silvering along a couple of the high edges. The pistol has fixed sights and the checkered plastic with molded Berretta logo grips rate excellent. A single 13 round factory magazine is included. (108290-292) {MODERN} (200/300)
1669. **BERETTA MODEL 70S SEMI-AUTO PISTOL** serial #B32997U, 22 LR, 3 1/2" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish with a few scattered specks of light fine oxidation staining. The pistol has a fixed front sight with adjustable rear blade sight and the checkered plastic logo grips rate excellent. Included with this pistol is an original box correctly labeled and numbered to the gun with cleaning brush, finger rest magazine, and information card. (108290-289) {MODERN} (200/400)
1670. **RUGER MODEL P95DC SEMI-AUTO PISTOL** serial #312-64785, 9mm, 4" barrel with a bright excellent bore. The matte stainless surfaces rate near excellent with scattered light fine oxidation staining. The polymer frame rates excellent with a few light handling marks. The pistol has fixed three dot sights and comes with a correctly labeled and numbered to the gun hard case, two magazines, loading tool, manual and lock. (108264-1) {MODERN} (200/300)
1671. **TAURUS MODEL 990 TRACKER DOUBLE ACTION REVOLVER** serial #DR203321, 22 LR, 6 1/2" ventilated rib barrel with a bright excellent bore. The metal surfaces retain 97% original blue finish with loss due to spots of silvering at the muzzle and along some of the high edges with a turn ring on the nine shot cylinder. The lockable hammer and smooth trigger show mottled case-hardened color and the revolver has a pinned ramp front sight with white outline adjustable rear sight. The revolver has a rubber boot style grip with Taurus Logo medallions at the bottom. A correct factory box numbered to the gun, manual, two hammer lock keys and sight protector are included. (108251-8) {MODERN} (200/300)
1672. **TAURUS MODEL 85 ULTRA-LITE DOUBLE ACTION REVOLVER** serial #EU17803, .38 Special, 2" barrel with a bright excellent bore. The metal surfaces retain 95% blue and anodized finishes with spots of silvering near the crane, muzzle, along some of the high edges and a moderate turn ring on the cylinder. The pistol has standard fixed sights and the lockable hammer and smooth trigger show mottled case-hardened color. A Taurus rubber boot grip stocks this compact carry piece and a correct factory box numbered to the gun with two hammer keys, and manual are included. (108278-16) {MODERN} (200/300)
1673. **WALTHER P22 TARGET SEMI-AUTO PISTOL** serial #N005238, 22 LR, 5" barrel with a bright excellent bore. The metal surfaces retain 98% of their matte black finish with a small spot of oxidation staining at the breech end of the barrel. The black polymer frame with integral accessory rail rates excellent. The pistol has standard three dot sights with fixed front and adjustable rear and comes with a factory hard case numbered to the gun, two magazines, spare back strap, key, and related tools. (108050-205) {MODERN} (250/350)
1674. **WALTHER P22 SEMI-AUTO PISTOL** serial #L003732, 22 LR, 3 1/2" barrel with a bright excellent bore. The metal surfaces retain 99% of their matte black finish and the polymer frame with integral accessory rail rates excellent. The pistol has standard sights and comes with two magazines, factory hard case that is numbered to the gun, extra sight inserts, backstrap, key, manual and related papers. (108050-210) {MODERN} (200/300)
1675. **SMITH & WESSON MODEL 442-1 AIRWEIGHT REVOLVER** serial #CCM6998, .38 Special, 1 7/8" barrel with bright an excellent bore. The metal surfaces retain 97% original black finish with a few light handling marks, silvering on a few of the high edges and a visible turn ring along the cylinder. The revolver has standard notched rear sight with serrated ramp front and is stocked with a set of smooth Magna grips with silver S&W medallions that are in very good condition showing a few minor handling marks and areas of flaking varnish. The revolver comes with a factory hard case that is numbered to the gun and a manual. (108278-15) {MODERN} (200/400)
1676. **SMITH & WESSON MODEL 442-2 AIRWEIGHT REVOLVER** serial #CVE0733, .38 Special +P, 1 7/8" barrel with a bright excellent bore. The metal surfaces retain 99% original black finish with a few light handling marks and a visible turn ring along the cylinder. The revolver has standard notched rear sight with serrated ramp front sight and is stocked with a set of Uncle Mike's textured rubber boot grips. This hammerless revolver appears to have seen very little use and comes with a correctly labeled factory box integral lock with keys and a manual. (108251-4) {MODERN} (200/400)
1677. **RUGER MODEL 22/45 SEMI-AUTO PISTOL** serial #220-22566, 22 LR, 4 3/4" barrel with a bright excellent bore. The stainless surfaces rate excellent with a couple tiny spots of very light fine oxidation staining. The black Zytel frame rates excellent and the pistol has fixed sights and comes with an unnumbered original hard case, two magazines and a manual. (108272-1) {MODERN} (200/400)
1678. **HIGH STANDARD MODEL 103 SPOT KING SEMI-AUTO PISTOL** serial #2142328, 22 LR, 6 3/4" barrel with a bright excellent bore. The metal surfaces retain 90% blue flaking to brown finish with spots of light oxidation staining and silvering along some of the high edges. The pistol has standard features and the checkered plastic grips with gold colored logo medallions rate excellent with a few light handling marks. A single ten round magazine is included. (108303-22D32613) {MODERN} (200/400)
1679. **INTERARMS VIRGINIAN DRAGOON SINGLE ACTION REVOLVER** serial #S3082, 44 Magnum, 7 1/2" barrel with a bright excellent bore. The stainless surfaces rate excellent and have a very light turn ring on the cylinder and some spots of fine oxidation staining on the front sight. The revolver has a fixed front with adjustable blade rear sight and the smooth walnut grips rate about excellent missing two tiny chips from the lower front corner of the left side grip panel. Included with this revolver is a correctly labeled factory box numbered to the gun with manual. (108303-9D32489) {MODERN} (200/400)
1680. **AUTO ORDNANCE 1911A1 STANDARD MODEL SEMI-AUTO PISTOL** serial #AOCVN0051, .45 ACP, 5" barrel with a bright very good lightly frosted bore. The metal surfaces retain 85% matte blue finish spots of silvering along the working parts and high edges. The pistol has fixed sights and the checkered plastic grips with logo medallions rate excellent. Included with this pistol is a single unmarked blued body magazine. (108142-17) {MODERN} (200/400)
1681. **BERETTA MODEL 70S SEMI-AUTO PISTOL** serial #A58046Y, .380 ACP, 3 1/2" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish having a few light handling marks. The pistol has standard fixed sights and the checkered plastic logo grips rate excellent. Included is a single 9 round finger rest magazine. (108290-198) {MODERN} (200/300)
1682. **BERETTA MODEL 70S SEMI-AUTO PISTOL** serial #B51964U, 22 LR, 3 1/2" barrel with a bright excellent bore. The metal surfaces retain 95% original blue finish with some light silvering along the high edges and minor operational wear along the barrel. The pistol has a fixed front sight with adjustable rear right and the checkered plastic logo grips rate excellent. Included is a single 9 round magazine with finger rest. (108290-199) {MODERN} (200/300)
1683. **BERETTA MODEL 84F SEMI-AUTO PISTOL** serial #E04100Y, .380 ACP, 3 3/4" barrel with a bright about excellent bore. The metal surfaces retain 95% original matte black Bruniton finish with spots of flaking along the grip strap and frame, silvering along the high edges, and some light operational wear along the barrel and safety. The pistol has fixed sights and the plastic checkered logo grips rate excellent. Included is a single 13 round factory magazine. (108290-200) {MODERN} (250/350)
1684. **WALTHER P22 SEMI-AUTO PISTOL** serial #L350550, 22 LR, 3 1/2" barrel with a bright excellent bore. The metal surfaces retain 99% original matte black finish and the polymer frame rates excellent. The pistol features three dot adjustable sights, ambidextrous magazine release and safety, internal lock (key provided) and comes with a correctly labeled hard case that is numbered to the gun, with manual, warranty card and extra front sights, backstrap and wrench. The warning hang tag is still attached to this pistol and it appears to have seen little if any use. (108303-5D30642) {MODERN} (200/400)

1685. **WALTHER P22 SEMI-AUTO PISTOL** serial #L042219, 22 LR, 3 1/2" barrel with a bright excellent bore. The metal surfaces retain 98% original matte black finish and the polymer frame rates excellent. The pistol features a three dot adjustable sight system with added Walther laser sight, ambidextrous magazine release and safety with internal lock (no key provided). The pistol comes with three ten round magazines, factory hard case and manual. (108251-7) {MODERN} (200/400)
1686. **SIG SAUER MODEL P230 SL SEMI-AUTO PISTOL** serial #S032163, .380 ACP, 3 1/2" barrel with a bright excellent bore. The stainless surfaces on this German made pistol rate excellent having some spots of light oxidation staining in the slide serrations. The double action pistol has fixed sights and comes with a single finger rest magazine, extra trigger bar spring and Hogue wrap around textured rubber grip. (108234-1) {MODERN} (300/500)
1687. **TAURUS MODEL 85 DOUBLE ACTION REVOLVER** serial #NE24279, .38 Special, 2" barrel with a bright excellent bore. The stainless surfaces rate near excellent with overall light scratches and evident turn ring along the cylinder. The revolver has a bobbed hammer and standard sights. A set of Crimson Trace laser grips stock this revolver and likely need batteries as the laser does not currently function. (108300-31S20594) {MODERN} (150/250)
1688. **CIMARRON PLINKERTON SINGLE ACTION REVOLVER** serial #CF0905007, 22 LR, 4 3/4" barrel with a bright excellent bore. The metal surfaces retain 98% matte black finish with a few light scratches and very light turn ring along the cylinder. This pistol features an internal lock (key provided) and is designed after the Colt Single Action Army revolver blade front sight and square notch rear sight. The checkered black plastic grips with gold colored logo medallions rate excellent and included is a correct factory box numbered to the gun, manual and key. (108251-11) {MODERN} (75/150)
1689. **HARRINGTON & RICHARDSON AUTOMATIC EJECTING REVOLVER** serial #82009, 38 S&W, 3 1/4" barrel with a bright excellent bore. The metal surfaces retain 95% nickel-plated finish with overall scattered spots of light fine oxidation staining with several light scratches. The hammer, trigger, and triggerguard all show varying amounts of strong blue and/or case-hardened color. The checkered hard rubber target grips rate excellent, having faded to a brown and this second model fifth variant revolver seems to function well mechanically. (108303-29D32593) {C&R} (150/250)
1690. **HARRINGTON & RICHARDSON 32 HAMMERLESS TOP BREAK REVOLVER** serial #115480, .32 S&W, 3" barrel with a bright excellent bore. The metal surfaces retain 95% nickel-plated finish with overall light scratches, spots of fine oxidation staining and a light turn ring on the cylinder. The trigger shows mottled case-hardened color and the triggerguard shows strong blue. The target logo grips rate near excellent having faded to brown with some of the points being worn near flat. This is a solid second model, second variant revolver. (108303-38D32602) {C&R} (150/250)
1691. **TAURUS MODEL PT-22 SEMI-AUTO PISTOL** serial #Y116938, 22 LR, 2 3/4" barrel with a bright excellent bore. The metal surfaces retain 95% blue and gold finishes with some light handling marks and silvering along some of the high edges. The mother-of-pearl grips rate excellent and the pistol comes with a single 8 round magazine, factory hard case and two keys for the internal lock. (108303-6D32175) {MODERN} (150/250)
1692. **JENNINGS MODEL J-22 SEMI-AUTO PISTOL** serial #255934, 22 LR, 2 1/2" barrel with a bright excellent bore. The metal surfaces retain about 95% original black finish with light silvering along the high edges. The checkered black plastic grips rate excellent with mostly crisp points and included with the pistol are two six round magazines. (108088-4) {MODERN} (75/100)
1693. **DEUTSCHE WERKE POCKET AUTOMATIC SEMI-AUTO PISTOL** serial #83493, 32 ACP, 3 1/4" barrel with a bright excellent bore. The metal surfaces retain 75% original blue finish with overall light scratches and silvering along the high edges with spots of scattered light fine oxidation staining. The smooth walnut grips with brass logo medallions rate excellent and a single nickel finish magazine is included with this Ortgies patent pistol. (108050-514) {C&R} (150/250)
1694. **DEUTSCHE WERKE POCKET AUTOMATIC SEMI-AUTO PISTOL** serial #107484, 32 ACP, 3 1/4" barrel with a very good lightly frosted bore. The metal surfaces retain 70% blue flaking to brown finish with overall light handling wear and spots of light fine oxidation staining. The smooth walnut grips with brass logo medallions rate near excellent showing a light cleaning and some added finish. A single blued finish magazine is included with this Ortgies patent pistol. (108050-510) {C&R} (100/200)
1695. **WALTHER MODEL PP SEMI-AUTO PISTOL BY MANURHIN** serial #12837, .32 ACP, 3 7/8" barrel with a bright excellent bore. The metal surfaces retain 85% original blue finish with loss due to flaking and wear, heaviest near the muzzle. The pistol has French proofs on the frame and slide as well as "BYP" within an oval and has been struck out near the triggerguard on the left side. This mark denotes this pistol once was property of the Bavarian State Police. It has standard sights and the checkered banner logo grips rate near excellent with several light handling marks. A single finger rest magazine is included with this Interarms imported pistol. (108142-2) {MODERN} (200/400)
1696. **HIGH STANDARD MODEL B SEMI-AUTO PISTOL** serial #17635, 22 LR, 4 1/2" barrel with a bright excellent bore. The metal surfaces retain 95% re-applied blue with spots of light pitting showing under the finish and areas of silver along the contact points, working areas and muzzle. A few light impact marks are visible near and on the takedown lever and the takedown screw head slot shows heavy wear. The pistol has the Hartford style front sight with standard rear sight and the checkered hard rubber grips rate near excellent with slightly worn points and light handling marks. A single 10 round magazine is included. (108142-30) {C&R} (200/400)
1697. **RUGER SECURITY-SIX DOUBLE ACTION REVOLVER** serial #160-19192, .357 Magnum, 2 3/4" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish having a couple light handling marks with a light turn ring on the cylinder. The revolver has a red ramp front sight with black blade adjustable rear sight and the checkered rubber grips with silver phoenix medallions rate excellent. A great multi-purpose handgun that is suitable for target shooting, personal protection, and hunting. (108031-20) {MODERN} (300/500)
1698. **RUGER SR40 SEMI-AUTO PISTOL** serial #342-26401, .40 S&W, 4" barrel with a bright excellent bore. The stainless surfaces on the slide rate excellent and polymer frame with integral accessory rail rates excellent. The pistol features windage adjustable rear three dot sights, ambidextrous safety and magazine release. Included with this pistol are two magazines, loading tool, manual, fired casings, padlock with key, and correctly labeled hard case numbered to the gun. (108270-5) {MODERN} (300/500)
1699. **RUGER POLICE SERVICE-SIX DOUBLE ACTION REVOLVER** serial #156-47182, .357 Magnum, 4 " barrel with a bright excellent bore. The stainless surfaces rate near excellent having scattered light scratches and turn ring along the cylinder. The revolver has a pinned ramp front sight with square notch rear sight and the diamond checkered walnut grips with silver phoenix medallions rate excellent. Included with this revolver is a correct factory box that is labeled and hand-numbered to the gun. (108290-225) {MODERN} (300/500)
1700. **BROWNING BUCK MARK SEMI-AUTO PISTOL** serial #655NM12063, 22 LR, 5 1/2" barrel with bright and excellent bore. The metal surfaces retain 95% matte blue and anodized finishes with numerous scattered light scratches. The trigger retains 99% gold-plated finish and the pistol has adjustable target sights. The composite grips with skip-line checkering and Browning medallions rate excellent. A single ten round magazine is included with the gun. (108303-8D32115) {MODERN} (200/400)
1701. **AUTO-ORDNANCE 1911 A1 STANDARD MODEL SEMI-AUTO PISTOL** serial #AOC37031, 5" barrel with a bright excellent bore. The metal surfaces retain 85% evenly fading blue with loss due to operational wear and several light scratches with silvering along the high edges. The pistol has three dot sights and checkered rubber Pachmayr Gripper grips that rate excellent. A single bright bodied seven round Mec-Gar marked magazine is included. (108303-26D32467) {MODERN} (200/400)

1702. **DEUTSCHE WERKE VEST POCKET AUTOMATIC SEMI-AUTO PISTOL** serial #73059, 2 3/4" barrel with about very good bore with light frosting in the grooves. The metal surfaces retain 95% flaking re-applied nickel finish with spots of light pitting. This Ortgies patent pistol has fixed sights and the smooth walnut grips with brass logo medallions rate very good overall. The left medallion has been pushed in and there are scattered light handling marks. Included is a single 6 round bright bodied magazine. (108290-261) {C&R} (75/150)
1703. **BERSA MODEL 383-A SEMI-AUTO PISTOL** serial #194357, .380 ACP, 3 1/2" barrel with a bright excellent bore. The matte nickel surfaces on this K-Max Int., Inc., imported pistol rate excellent having a few light scratches. The pistol has three dot adjustable sights and the textured hardwood grips with banner logos rate about excellent with numerous light handling marks. This pistol does not come with a magazine but they are still readily available through companies like Brownells. (108303-23D32594) {MODERN} (75/150)
1704. **BAUER POCKET AUTOMATIC SEMI-PISTOL** serial #079198, .25 ACP, 2 1/2" barrel with a bright excellent bore. The stainless surfaces rate excellent with a few tiny handling marks along the left side of the slide and a couple of spots of light fine oxidation staining. The pistol has fixed sights and the checkered walnut grips rate near excellent with partially worn points on the checkering. Included is a single bright body 6 round magazine. (108290-260) {MODERN} (100/200)
1705. **BERETTA MODEL 950BS JETFIRE SEMI-AUTO PISTOL** serial #BER73055T, 22 Short, 2 3/8" barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish with a few tiny scratches in the surface. The pistol has fixed sights and the plastic checkered logo grips rate excellent. Included is a single 8 round magazine. (108290-288) {MODERN} (100/200)
1706. **BERETTA MODEL 950BS JETFIRE SEMI-AUTO PISTOL** serial #BR21187V, .25 ACP, 2 3/8" barrel with a bright excellent bore. The metal surfaces retain 90% original blue finish with areas of silvering along the high edges and near the muzzle. The pistol has fixed sights and the plastic checkered logo grips rate excellent with a few light handling marks. A single 6 round blued body magazine is included. (108290-287) {MODERN} (100/200)
1707. **RAVEN ARMS MODEL MP-25 SEMI-PISTOL** serial #921295, .25 ACP, 2 7/16" barrel with a bright excellent bore. The metal surfaces retain 98% nickel-plated finish with several light scratches in the surface. The pistol has fixed sights and the smooth walnut grips rate excellent. Included is a single 6 round magazine. (108290-258) {MODERN} (50/100)
1708. **RAVEN ARMS MODEL MP-25 SEMI-AUTO PISTOL** serial #982722, .25 ACP, 2 7/16" barrel with a bright excellent bore. The metal surfaces retain 98% nickel-plated finish with a few light scratches. The pistol has fixed sights and the smooth walnut grips rate excellent. Include is a single 6 round magazine. (108290-257) {MODERN} (50/100)
1709. **MOSSBERG MODEL 190 BOLT ACTION SHOTGUN** 16 ga., 26" plain poly choked barrel with a very good bore having some light oxidation present. The metal surfaces have been completely painted in a green and brown camouflage pattern and shows scattered scratches and oxidation throughout. The walnut pistolgrip buttstock has the same pattern as the metal and has just a few light handling marks. This gun appears to be in good working condition. (2X177340-34) {MODERN} (25/75)

1710

1710. **PARKER UNDERLIFTER DOUBLE HAMMER SHOTGUN** serial #7985, 10 ga, 30" damascus matted rib barrels having very good bores with scattered pitting their full lengths. The barrels display a faint damascus twist pattern with most of the metal toning to a mottled gray brown patina. The locks and frame have toned to a gray brown patina having scattered oxidation freckles, there are traces of original case-colors in the protected areas. The checkered walnut round knob pistolgrip buttstock rates very good displaying a few light dings along with a few light chips and drying cracks around the buttplate and locks. The checkered walnut forend rates very good displaying a few very light cracks and dings. The buttstock is fitted with an unengraved monogram plate and a steel buttplate which provides a length of pull of 13 1/2". The gun functions well mechanically but the extractors are not present. (177586-43) {ANTIQUE} (300/500)

1711. **SMITH & WESSON MODEL 1500 BOLT ACTION RIFLE** serial #PN85629, 223 Rem, 22" barrel with an excellent bore. The metal surfaces retain about 99% original blue with very little noticeable wear. Rifle is equipped with a custom Bell & Carlson fiberglass stock finished in the gray woodlands camo pattern. There are no provisions for sights but mounted to the receiver is a set of Weaver bases. A black nylon sling is included. A terrific small game or predator hunting rifle that will likely perform superbly with the right optics. (48116-97) {MODERN} (400/600)

1712. **SMITH & WESSON NO. 1 1/2 FOURTH MODEL REVOLVER** serial #115291, 32 S&W, 3 1/2" fluted round barrel with a good bore showing scattered pitting and oxidation. The metal surfaces retain about 75% flaking original nickel with majority of loss along the frame, cylinder and cartridge ejector spud. The rosewood birdshead grips rate good to very good with handling marks spots of flaking finish. Two of the cylinder stops have tiny holes in the center and the action is in need of mechanical attention as the hammer does not function. (57832-14) {ANTIQUE} (100/200)

1713. **ANTI GARROTTER PERCUSSION TYPE DEFENSIVE "PISTOL"** This modern reproduction of the famed English device designed to counteract rampant garrottings, in "Old London" is sure to enhance even the most complete collection. Referenced from 2006 Standard Catalog of Firearms, page 78 and 79. Could also serve as an "alarm gun" as mounting plate has four counter sunk holes in it. (58275-8) {WESTERN} (100/200)

1714. **WARDS WESTERN FIELD SINGLE BARREL SHOTGUN** serial #81819XF, 410 bore, 26" vent rib barrel with an excellent bore. The barrel shows an about even mix of original blue and plum patina. The frame has about 20% case colors remaining with scattered surface oxidation visible. The walnut buttstock and forend rate good as refinished with a repaired crack at the wrist. (58275-4) (75/150)

1715. **MARLIN MODEL 24 SLIDE ACTION SHOTGUN** serial #137251, 12 ga, 28" matted rib barrel choked full with a bright bore with lightly scattered pits. The metal surfaces have toned to a bright pewter patina with moderate oxidation stains and pitting. The walnut pistolgrip buttstock rates good with a thinning varnish showing moderate dings and a crack through the wrist that has been repaired with a cross bolt. The grooved walnut forend rates very good with light handling marks. The buttstock is fitted with a rubber recoil pad which provides a 13" length of pull. (1X177951-16) {C&R} [Tweed Herendeen Collection] (25/75)

1716. **REMINGTON MODEL 11-87 DGRS SEMI-AUTO SHOTGUN** serial #PC664186, 12 ga, 21" barrel with a bright excellent bore. The metal surfaces retain 95% original blue finish with light handling marks and specks of surface oxidation. The checkered walnut pistolgrip buttstock and forend rate excellent with light handling marks. Shotgun is sighted with added fiber optic sights and a rifled choke tube. (1X178116-47) {MODERN} (250/350)

1717. **SYRACUSE ARMS BOXLOCK SHOTGUN** serial #36576, 16 ga, 28" damascus barrels choked full and modified with bright excellent bores. The barrels display a gray damascus pattern having scattered spots of oxidation staining and oxidation. The boxlock frame has toned to a silvery gray patina which is mixing with some surface oxidation. The checkered walnut pistolgrip buttstock and forend rate very good displaying some scattered dings and scratches, perhaps being lightly refinished many years ago displaying flattened checkering. The gun is fitted with a hard rubber buttplate which provides a length of pull of 14". The gun features double triggers, automatic safety and extractors. (1X177951-97) {C&R} (75/150)
1718. **REMINGTON MODEL 4 SINGLE SHOT ROLLING BLOCK RIFLE** serial #335314, 32 RF, 22 1/2" barrel with a very good lightly frosted bore. The barrel on this later screw-type takedown rifle retains 97% refinished blue with some light oxidation, minor pitting and polishing marks. The refinished frame is a dark copper color with spots of blue and some light oxidation. The walnut stock and forearm have been lightly cleaned with an added finish and rate very good with multiple minor dings and scratches. (1X128116-94) {C&R} (200/400)
1719. **SAVAGE MODEL 23A SPORTER BOLT ACTION RIFLE** serial #136474, 22 LR, 23" barrel with an excellent bore. The metal surfaces retain about 90% original blue that has flaked to brown and mixing with areas of gray and light surface oxidation throughout. The smooth walnut stock rates excellent and few dings and other light handling marks present. The stock features a schnabel tip, a pistolgrip, sling swivels and the serrated steel buttplate. The original front sight is intact, the rear sight has been replaced with a slot blank. At one point an aperture sight had been installed at the rear of the receiver but has since been removed and a vintage J.C. Higgins 6X riflescope has been installed to a Weaver base atop the receiver. The scope features a crosshair reticle and has very good optics. A single detachable magazine is included. A lovely vintage 22 LR in near excellent overall condition. (1X48100-204) {C&R} {Walter "Walt" Rauch Collection} (100/200)
1720. **STEVENS OFFHAND NO. 35 CUSTOM PISTOL** serial #15658, .22 LR, 5 1/4" barrel adapted from a Stevens-Pope rifle with a fair bore. The barrel retains a mottled plum brown and gray patina and has been custom milled to fit this size frame. The frame retains only traces of original blue, the balance a smooth gunmetal gray. The smooth walnut grips rate about very good with a good deal of flaking and loss of the varnish. The pistol has been fitted with a Remington style front sight and custom u-notch rear sight. There is light play barrel-to-frame however the mechanism seems to function well. (37147-108) {MODERN} [Terry Buffum Collection] (100/200)

1721

1721. **BRITISH SINGLE SHOT FLOBERT-STYLE PISTOL FROM E.M. REILLY & CO** .22 RF, 8" octagon barrel with an excellent relined bore. The barrel is a deep gray-plum patina with pewter undertones showing minor dings and handling marks with some sparsely scattered oxidation. There is a very simple front blade sight and v-notch rear and the barrel shows some loose scroll to the rear of the rear sight; the Reilly name and New Oxford St. address atop the barrel. The frame is now a dull gunmetal gray patina with overall light oxidation and scattered pinprick pitting. There are light sprays of engraved scroll on the left and right frame flat and on the hinge portion of the frame with a simple spurred triggerguard. The one piece bag-shaped grip has a nearly flat-bottomed horn pistolgrip cap. The grip itself rates about very good with coarse checkering showing some minor dings and handling marks from the years. The gun seems to function appropriately mechanically, however the barrel-to-frame fit is somewhat loose. (37147-129) {ANTIQUE} [Terry Buffum Collection] (200/400)

1722. **BELGIAN DOUBLE HAMMERGUN BY NEUMANN BROS** serial #7492/2049, 12 ga., 30" laminated steel barrels, roughly choked about improved cylinder, with good to perhaps very good bores showing scattered pitting their full length. The barrels are an overall plum brown patina with minor dings, oxidation and perhaps the sparsely scattered light pit here or there. The frame and lockplates are primarily a deep mottled gray case-hardened patina with an overall smattering of light oxidation staining. The locks are rebounding and seem to work well mechanically but the barrels are slightly off-face. The checkered round knob pistolgrip European walnut buttstock and splinter forend rate good to very good with overall dings, handling marks and scattered light cracks here and there. (37755-3) {C&R} (75/175)
1723. **UNMARKED PERCUSSION HALFSTOCK SPORTING RIFLE** About 44 cal., now smooth bored, with an oxidized bore. The barrel is an overall deep plum brown patina with minor scattered oxidation and light pitting, more prominent near the muzzle. The lockplate is "W Spies/Warranted" marked and shows some light engraving, it and the hammer and percussion-convert nipple barrel show quite a bit of oxidation and pitting, with the nose of the hammer showing moderate damage. There is a faceted brass triggerguard with simple crescent butt and toeplates and a hinged geometric brass patchbox (the latch is no longer functional). The maple halfstock rates fair showing numerous long chips missing along the barrel channel and has been broken in half beneath the lock a number of years ago, it was glued but now is broken again. The lock is retained only by the hammer resting downward on the nipple. (37627-2) {ANTIQUE} (25/50)
1724. **BRITISH FLINTLOCK FOWLER BY RIMES** About 10 bore/77 cal., 41 1/2" barrel with a lightly swamped muzzle, oxidized bore and a simple brass front sight with lightly chiseled rib at rear. The barrel and early Queen Anne-era lock are an overall oxidized brown patina with light and moderate pitting. "London" and British proofs are on the top and left side of the barrel. There is a single ramrod thimble remaining and slightly fancy tailpipe with simple long tang triggerguard and wide flaring buttplate which was lightly engraved, now marginally damaged. There is a lightly engraved sideplate and a very Brown Bess-like monogram plate atop the wrist. The stock rates about good to fair showing numerous cracks through the wrist, numerous portions of the forearm missing along its top edge and about 4" missing near the nosecap and muzzle. The lock is mechanically functional and there is an old iron ramrod present. (37540-6) {ANTIQUE} (100/200)
1725. **NAVY ARMS ANTONIO ZOLI "ZOUAVE CADET" PERCUSSION MUZZLELOADING RIFLE** serial #11758, .58 cal, 26" round barrel with a bright excellent bore. The barrel retains about 95% original blue with some light oxidation. The Navy Arms and Eagle marked lockplate and hammer retain some very nice case colors. All of the brass hardware has tarnished to a dull ochre patina. The European hardwood stock rates about very good, is devoid of finish and has a small crack at the rear of the lockplate. The lock is crisp and mechanically functional and an original ramrod is included. This hunting rifle is styled very loosely after the Remington Zouave reproductions and likely would serve well in putting down Mr. Wiley Whitetail. (37567-7) {ANTIQUE} (100/200)
1726. **RUGER STANDARD MODEL SEMI-AUTO PISTOL** serial #11-41606, 22 LR, 4 3/4" barrel with an excellent bore. The metal surfaces retain about 85% factory blue with the grip frame worn to brown-purple mix, scattered oxidation blemishes and handling marks. The checkered Delrin black grips with single black Ruger Phoenix rate good to very good with scattered light handling marks and mixed wear to the diamond points. This fixed sighted pistol includes a single magazine. (88303-28D32370) {MODERN} (125/225)
1727. **V. BERARDELLI MODEL 80 SEMI-AUTO PISTOL** serial #016414, 380 ACP, 3 9/16" barrel with an excellent bore. The metal surfaces retain about 98% factory blue with a few stray oxidation blemishes. The checkered thumb rest factory synthetic grips rate excellent with a few minor scratches. This pistol features a dot front sight and single dot fully adjustable factory rear sight. Also included is a single factory magazine with finger rest floorplate. (88303-19D32545) {MODERN} (125/225)
1728. **M.A.B. MODEL A VEST POCKET SEMI-AUTO PISTOL** serial #22304, 25 ACP, 2 1/8" barrel with an excellent bore. The metal surfaces retain about 98% non-factory reapplied blue with light wear at the muzzle. The checkered black synthetic grips rate very good with the "M-A-B" monogram on each panel and exhibit light handling wear. The pistol includes a single MAB marked magazine. (88303-4D31987) {C&R} (100/200)

1729. **LLAMA MODEL IIIA SEMI-AUTO PISTOL** serial #570484, 380 ACP, 3 3/4" barrel with an excellent bore. The metal surfaces are brown with traces of blue in the protected areas along with a few handling marks. The checkered brown synthetic factory grips with Llama monograms rate very good with light scratches and dings. The pistol features a solid rib with windage adjustable rear sight and includes a single factory magazine. This pistol "ain't pretty" but should make a good shooter. (88303-25D32378) {C&R} (75/125)
1730. **ROSSI MODEL 68 REVOLVER** serial #126049, 38 Special, 3" barrel with an excellent bore. The metal surfaces retain about 97% factory nickel plate with a few oxidation blemishes, limited bubbling and the plating starting to cloud. The hammer exhibits some case-hardened colors but the trigger is mostly gray with freckling. The checkered walnut factory grips with Rossi medallions rate very good with light handling wear but the fit has left the wood proud of the frame in areas. (88303-24D32596) {MODERN} (75/150)
1731. **STEYR MODEL 1909 SEMI-AUTO PISTOL** serial #37731A, 25 ACP, 2 1/8" barrel with a light frosted bore. This pistol retains about 85% factory blue with moderate edge wear, grip frame starting to thin to purple-brown, a few minor oxidation stains and handling marks. The checkered hard rubber grips with Steyr monogram rate excellent. The N. Pieper designed pistol includes a single magazine. (88303-3D31979) {C&R} (100/200)
1732. **COLT FOURTH MODEL DERRINGER** serial #16808N, 22 Short, 2 3/8" barrel with an excellent bore. This "Bookcase" pistol retains about 99% factory nickel plate. The faux ivory grips rate excellent. This variation of the Colt Deringers were cased inside a unique hardcover "Colt Deringers" titled book with sleeve. The "book case" for this gun rates poor with the cover and body in need of repair with the basic parts separating and torn in areas. Also included is a bore brush. (88139-87D32349) {C&R} (250/350)
1733. **SHARPS MODEL 1C PEPPERBOX DERINGER** serial #10979, 22 RF, 2 1/2" four-barrel cluster with frosted bores. The metal surfaces are nearly devoid of all finish with a few traces of blue on the barrels and remnants of silver plate in the protected areas. The hammer has toned to dark gray but the rotating nose striker does not function. The unnumbered smooth rosewood grips rate about very good with light handling wear, flaking and worn finish and a small chip missing from the heel of the left panel. The barrel is not correctly numbered to the gun. (87949-20) {ANTIQUÉ} (200/400)
1734. **MERRIMACK ARMS COMPANY SOUTHERNER DERINGER** serial #4383, 41 RF, 2 1/2" barrel with scattered oxidation stains. The barrel retains about 40% factory blue with the sides toned to pewter, scattered freckling and strong blue finish on the top three flats. The frame is an even ochre, the trigger is gray and the hammer retains strong case-hardened colors toning to gray. The smooth rosewood grips are correctly numbered to the gun and rate about very good with light handling wear. The barrel and extractor have matching assembly numbers and the pistol remains functional. There is a small section of the standing breech chipped off on the right side and the frame has a hairline crack forming behind the hammer. (87949-60) {ANTIQUÉ} (100/300)
1735. **SMITH & WESSON 2ND MODEL DOUBLE ACTION TOP-BREAK REVOLVER** serial #7935, 38 S&W, 3 1/4" barrel with scattered oxidation stains. The metal surfaces retain about 50% factory blue with the barrel, grip frame and cylinder wearing to brown and there are scattered oxidation blemishes and handling marks. The smooth unmarked mother-of-pearl grips rate about very good with scattered scratches and light soiling. All the appropriate parts are correctly numbered to the gun which remains functional. (87949-33) {ANTIQUÉ} (150/250)
1736. **SPANISH PERCUSSION PISTOL** serial #4230, .41 cal., 4" smoothbore part octagon barrel with a lightly oxidized bore. The barrel has three flats on the top with a round bottom in addition to light scroll engraving. The metal surfaces retain about 95% blue finish with scattered light oxidation stains and freckling. The one-piece hardwood stock rates about very good as refinished with light checkering on the pistol grip along with scattered light dents, dings and other handling marks. The lock is fully functional and it should make a nice salute gun for the fourth of July. (88060-98) {ANTIQUÉ} (25/75)
1737. **SMITH & WESSON 2ND MODEL DOUBLE ACTION TOP-BREAK REVOLVER** serial #29999, 38 S&W, 5 1/4" barrel with a heavily oxidized bore. This revolver is non-functioning. The later non-factory applied nickel plating reveals the heavy pitting present before the refinish. The grips are a silver gray and constructed of a cast non-ferrous metal to a similar likeness to the original hard rubber grips. The grips rate about very good with scattered light handling marks. The revolver has the assembly number "400" on a number of parts. The original parts no longer have visible serial numbers, the cylinder is a later replacement, the firing pin is missing, the single action is non-functioning but the double action works intermittently, an ad-hoc lanyard loop is present and the topstrap is bent upwards, to name a few of the gun's maladies. (88002-151) {ANTIQUÉ} [Charles Hadley Collection] (5/15)
1738. **ITALIAN MODEL 1934 SEMI-AUTO PISTOL BY BERRETTA** serial #F55556, 380 ACP, 3 3/8" barrel with a lightly oxidized bore. This pistol has been non-factory nickel plated and retains about 95% of this new finish. There is flaking finish on the slide, scattered oxidation and pitting along with light handling and operational marks. The trigger and hammer have gold colored plating with light handling wear. The textured synthetic factory grips with Berretta monograms rate very good to excellent with light scratches. The pistol includes a single nickel plated factory magazine. (88002-140) {MODERN} [Charles Hadley Collection] (100/200)
1739. **COLT MODEL 1908 VEST POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #131178, 25 ACP, 2 1/8" barrel with a slightly frosted bore. The metal surfaces of this 1915 made pistol have non-factory reapplied blue finish with about 98% remaining. There are a few minor oxidation blemishes and a scratch on the right side of the slide. Previous marks and pitting are visible under the newly reapplied finish. The unmarked faux mother-of-pearl grips rate excellent. The pistol includes a single refinished factory magazine. (88002-81) {MODERN} [Charles Hadley Collection] (200/300)
1740. **COLT MODEL 1908 VEST POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #235629, 25 ACP, 2 1/8" barrel with a heavily frosted bore. The metal surfaces of this 1920 made pistol have non-factory reapplied blue finish with about 99% remaining and old pitting is visible under the new finish. The faux checkered ivory grips rate near excellent with light soiling. The pistol includes a single two-tone factory magazine. (88002-77) {MODERN} [Charles Hadley Collection] (200/300)
1741. **COLT MODEL 1903 POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #484410, 32 ACP, 3 3/4" barrel with a frosted bore. This 1928 made pistol retains about 99% non-factory reapplied blue finish with old pitting visible under the new finish. The checkered walnut factory grips with silver Colt medallions rate about good to very good as refinished with light to moderate diamond point wear. The pistol includes a single refinished factory magazine. (88002-56) {C&R} [Charles Hadley Collection] (300/500)
1742. **COLT MODEL 1903 POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #508629, 32 ACP, 3 3/4" barrel with an excellent bore exhibiting a bulge about 1/2" forward of the chamber. The metal surfaces of this 1931 made pistol are primarily brown with traces of blue in the protected areas along with oxidation stains, pitting, dings and scratches. The factory walnut grips with silver Colt medallions rate fair with moderate to heavy diamond point compression, dents, dings, a large chip missing on the right panel above the medallion and check extending down from the same medallion. The pistol includes a single factory two-tone magazine. (88002-52) {C&R} [Charles Hadley Collection] (100/300)
1743. **CUSTOM U.S. MODEL 1903 REVOLVER BY COLT** serial #203387, 38 Long Colt, 2 3/4" cut barrel with an excellent bore exhibiting a slight bulge were the replacement barrel was screwed onto the frame. The metal surfaces retain about 65% factory blue with the grip frame oxidized and worn to pewter-brown, scattered oxidation blemishes, pitting, scratches and dings. The hammer and trigger still have strong fire blue with moderate operational wear and oxidation blemishes. The homemade walnut finger groove grips rate excellent. The revolver has several military inspection marks (R.A.C., L.E.B. and J.T.T.), factory rework marks and the left side frame is stamped "1903". The cylinder, crane, frame and cylinder latch have correct matching assembly numbers, the cut down barrel has a different assembly number, factory rework marks appear on the cylinder latch and frame, and the cylinder has a factory rework number. The action works with occasional binding and is in need of professional attention and the lanyard loop is present. (88238-18) {MODERN} (100/200)

1744. **LLAMA MODEL XV SEMI-AUTO PISTOL** serial #557044, 22 LR, 3 5/8" barrel with an excellent bore. The metal surfaces retain about 97% factory blue with light high edge wear, scratches and other handling marks. The ad-hoc replacement hardwood grips rate very good and feature a relief carved Globe and Anchor U.S.M.C. emblem on the left panel and carved gothic script initials on the right. The pistol includes a single magazine. (88238-16) {MODERN} (125/225)
1745. **COLT CHALLENGER SEMI-AUTO PISTOL** serial #21966-C, 22 LR, 4 1/2" barrel with an excellent bore. The metal surfaces of this 3rd Series 1951 made pistol retain about 85% factory blue with the grip frame worn to brown in addition to moderate edge wear, scattered minor oxidation stains and handling marks. The grips are ad-hoc hand-made smooth hardwood with palm rest flare at the butt that rate about very good as constructed with the finish starting to craze in areas, minor scuffing and handling marks. The pistol includes a single factory magazine and this gun should make a good little trail gun. (88238-13) {MODERN} (200/300)
1746. **M.A.B. MODEL A VEST POCKET SEMI-AUTO PISTOL** serial #78434, 25 ACP, 2 1/8" barrel with an excellent bore. The metal surfaces retain about 97% non-factory reapplied nickel plate with light pitting, scratches and oxidation blemishes. The smooth hardwood homemade grips rate about very good plus as constructed with scattered light dents and dings. The pistol includes a single MAB marked magazine. (88238-17) {C&R} (100/200)
1747. **HARRINGTON & RICHARDSON YOUNG AMERICAN REVOLVER** serial #433200, 32 S&W (Short), 2" octagon barrel with light oxidation stains. The metal surfaces retain about 95% factory nickel plate with scattered light oxidation stains, scratches and a turn ring on the cylinder. The triggerguard retains about 90% factory blue with thinning finish. The hammer is pewter and gray. The checkered hard rubber grips are correctly numbered to the gun and rate excellent. The gun still times and locks up correctly. (88238-15) {C&R} (100/200)
1748. **COLT MODEL 1908 VEST POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #247361, 25 ACP, 2 1/8" barrel with a lightly frosted bore. The metal surfaces of this 1920 made pistol have professional non-factory reapplied blue finish with about 99% remaining. The grip safety was blued but the trigger and manual safety retain strong case-hardened colors. The checkered hard rubber factory grips rate about excellent. The pistol includes a single two-tone factory magazine in excellent condition. (88002-37) {C&R} [Charles Hadley Collection] (250/350)
1749. **COLT MODEL 1908 VEST POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #164740, 25 ACP, 2 1/8" barrel with a lightly frosted bore. The metal surfaces of this 1917 made pistol have non-factory reapplied nickel finish with about 95% remaining. The finish is starting to flake on the trigger, frame and slide along with a few handling marks. The smooth unmarked mother-of-pearl grips rate fair to good with chipping around the right panels escutcheon and several poor repairs on the left front panel. The pistol includes a single factory magazine with the body toned to gray and mostly nickel plate on the base. (88002-76) {MODERN} [Charles Hadley Collection] (200/300)
1750. **CESKA ZBROJOVKA VZ 38 DOUBLE ACTION SEMI-AUTO PISTOL** serial #280668, 380 ACP, 4 11/16" barrel with an excellent bore. An interesting pistol featuring a hinged barrel that tilted up with the slide to allow its removal and used a double action only mechanism. This 1939 dated pistol retains about 95% factory blue with light to moderate high edge wear, scattered scratches and minimal oxidation blemishes. The trigger and hammer retain fading straw colors with the face of the trigger and top of the round spur toned to pewter. The checkered reddish brown one-piece synthetic grips with CZ monograms rate about very good with light scratches, scuffs and dings. The lanyard loop is present and a single unmarked magazine is included. (87942-150) {C&R} (300/500)
1751. **REMINGTON MODEL 1858 NEW ARMY PERCUSSION REVOLVER BY EUROARMS** serial #033418, .44 cal., 8" octagon barrel with a few oxidation stains. The metal surfaces retain about 99% factory blue with a few light handling marks, minor edge wear, a turn ring on the cylinder and the frame toning to plum. The brass triggerguard rates excellent as toned to ochre. The hammer and trigger have bold case-hardened colors. The smooth walnut factory grips rate excellent. This "cap-n-ball" includes the factory Styrofoam box insert, percussion caps, "L" shaped nipple wrench-screwdriver combination tool and a powder flask with spout. (88123-12) {ANTIQUUE} (100/200)
1752. **COLT MODEL 1908 VEST POCKET HAMMERLESS SEMI-AUTO PISTOL** serial #230953, 25 ACP, 2 1/8" barrel with a frosted bore. The metal surfaces of this 1919 made pistol retain about 85% factory blue with grip safety worn to brown, light to moderate high edge wear, oxidation stains and handling marks. The trigger and manual safety have strong but fading case-hardened colors. The checkered hard rubber factory grips rate very good with light diamond compression on the top of the left panel. The pistol includes a factory two-tone magazine and a Bianchi inside the waistband holster. (88142-24) {C&R} (300/500)
1753. **U.S. MODEL 1901 NEW ARMY REVOLVER BY COLT** serial 141248, 38 Long Colt, 6" barrel with an oxidized and pitted bore. The metal surfaces of this 1900 made revolver retain about 25-30% factory blue with most areas worn to a mix of pewter and brown along with oxidation stains, pitting and handling marks. The strongest blue is found on the barrel, flutes and larger protected areas of the frame. The smooth walnut factory grips are correctly numbered to the gun and rate about good with various dents, dings, chips and scratches present. There is a factory rework mark on the cylinder latch and rework numbers on the cylinder and frame. Mr. Carr's inspection marks correctly appear on the frame, cylinder and barre plus the lanyard loop is missing. This "old warhorse" has seen some use over the years but still functions. (88107-1) {C&R} (200/300)
1754. **MANUFRENCE LE FRANCAIS MODEL E VEST POCKET SEMI-AUTO PISTOL** serial #202182, 25 ACP, 2 3/8" tip-up barrel with an excellent bore. The metal surfaces have worn to gray with minor freckling and oxidation stains. The triggerguard is missing from the pistol. The smooth homemade white synthetic grips rate about excellent as constructed with light handling marks. The pistol has several interesting features: double action only striker fired mechanism, tip-up barrel for loading and unloading the chamber, no slide serrations, barrel automatically unlocks when the magazine is removed or can be manually unlocked via a lever on the right side of the frame when the magazine is in place and no extractor. (87958-11) {MODERN} (75/150)
1755. **SMITH & WESSON 1ST MODEL MILITARY & POLICE HAND EJECTOR REVOLVER** serial #12054, 38 Special, 3 1/2" cut down barrel with a lightly frosted bore. This Model of 1899 retains about 70% non-factory applied blue finish with the non-factory shortened barrel toned to brown, thinning finish on the grip frame, high edge wear and handling marks. The hammer and trigger were blue finished during the refinishing. The diamond checkered hard rubber grips with S&W monogram rate very good to excellent with light handling marks and a scuff on the right panel. All appropriate parts, to include the grips and barrel, are correctly serial or assembly numbered to the gun. The extractor rod head is missing and the cylinder stop is in need of professional attention. (88257-11) {MODERN} (200/300)
1756. **SMITH & WESSON MILITARY & POLICE HAND EJECTOR REVOLVER** serial #S878329, 38 Special, 5" barrel with an excellent bore. This pre-model 10 revolver retains about 75-80% factory blue with the grip frame worn to pewter, light to moderate high edge wear, turn ring on the cylinder and handling marks. The finish is thinning on much of the surfaces with more gray than blue remaining. The standard hammer and trigger retains fading case-hardened colors with light freckling. The replacement factory checkered walnut Magna grips with silver S&W medallions are not numbered to the gun and rate near excellent with light wear. All appropriate parts are correctly numbered to the gun which still times and locks up correctly. (88278-33) {MODERN} (200/300)
1757. **STOEGER .22 CALIBER LUGER SEMI-AUTO PISTOL** serial #4858, 22 LR, 4 5/8" barrel with an excellent bore. The metal surfaces retain about 98% factory blue and anodized finishes with light muzzle wear and scattered scratches. The checkered walnut factory grips rate about excellent with minor handling marks. No magazine is included. (88202-5) {MODERN} (200/300)

1758. **REPLICA COLT 1851 NAVY PERCUSSION REVOLVER** serial #1976, .36 cal., 7 1/2" octagon barrel with an excellent bore. This revolver retains about 99% blue and case-hardened colors with few minor dings by the wedge. The brass grip frame rates excellent. The smooth one-piece walnut factory grips are numbered to the gun and rate excellent but the fit leaves the frame proud of the wood in several areas. (88202-6) {ANTIQUE} (100/200)
1759. **SMITH & WESSON NO. 1 2ND ISSUE TIP-UP REVOLVER** serial #87902, 22 Short, 3 3/16" barrel with an oxidized and pitted bore. The barrel and cylinder on this three-patent date revolver have been lightly cleaned to pewter and there is staining evident from oxidation and pitting. The brass frame is ochre with a few wisps of silver plate in the protected area and it has scattered light scratches, dings and scuffs. The smooth rosewood factory grips are correctly numbered to the gun and rate fair to good with scratches, scuffs, dents, dings and checks. The right panel has a repaired check on the lower half and the left has a small chip on the butt in line with the grip retention pin on the frame. The assembly numbers are no longer visible on the cylinder and barrel and the barrel-to-frame fit has slight play. (87656-26) {ANTIQUE} [E.P.W. Collection] (150/250)
1760. **SPANISH A.V. & G.S. DOUBLE BARREL PERCUSSION PISTOL** .36 cal., 2 5/8" double octagon barrels with oxidized and pitted bores. The metal surfaces are brown with scattered oxidation and pitting. The smooth walnut pistolgrip rates about good with scattered scratches, dings, a check on the left side where it meets the frame and the initials "WH" above the check cut into the wood. Both hammers remain functional and the bottom of the triggerguard is marked "A.V. & G.S." with no other markings found. Both barrels have been coned with the left barrel cut to almost a square. The plate below the hammers on the upper breech is slightly sprung but does not seem to interfere with the operation of hammers. (88209-1) {ANTIQUE} (50/150)
1761. **WINCHESTER MODEL 9422 LEVER ACTION CARBINE** serial #F610136, 22 S,L,LR, 20 1/2" barrel with a bright excellent bore. The metal surfaces retain 98% plus original blue with a few tiny nicks on the receiver. The straight grip checkered walnut stock and forearm rate very good plus with light handling marks and flattened points in the left side of the wrist. The front sight hood is present. (58251-21) {MODERN} (275/375)
1762. **RUGER MODEL 10/22 SEMI-AUTO CARBINE** serial #127-73454, 22 LR, 18 1/2" barrel with a bright excellent bore. The metal surfaces retain 98% plus original blue with some very light silvering along the edges. The plain pistolgrip hardwood stock rates excellent with a couple light handling marks. Mounted to the receiver is a Bushnell 4X32 scope with duplex reticle and clear optics. The two-piece rings and screw heads show light wear. A single factory magazine is included. (58251-24) {MODERN} (100/200)
1763. **FRANK WESSON FIRST TYPE TWO TRIGGER RIFLE** serial #7137, 38 RF, 26" octagon barrel with a pitted oxidized bore. The metal surfaces are an overall pewter with patches of brown and scattered fine oxidation and pinprick pitting. The plain walnut stock rates fair with dried fading finish, handling marks, a large missing chip at the toe and the brass crescent buttplate has a mellowed ochre patina with light tarnish and verdigris at the heel. The barrel is equipped with a square bead dovetail front sight and v-notch sporting rear sight, the elevator is no longer present. The right side slot link and the front sling swivel are missing, the ejector is cracked and does not function and the barrel hinge pin is a modern brass hardware replacement. (57877-13) {ANTIQUE} (100/200)
1764. **FRANK WESSON FIRST TYPE TWO TRIGGER RIFLE** serial #2883, 41 RF, 23" octagon barrel with a dark bore. The metal surfaces are an overall dark brown patina with scattered oxidation and pitting, the rear half of the frame is a brighter pale gray with patches of brown. The walnut stock rates about good showing an old cleaning leaving the wood a bit shy of the metal with a dried fading oil finish, handling marks and a common hardware bolt and brass disk repair to the center of the wrist. The bore "mics" at about 41 caliber even though most of these rifles were made in 32, 38 and 44 caliber. The barrel is frozen and will not open and there are two holes on the top of the rear tang as sight provision. Rifle is equipped with a brass blade front sight and single leaf folding rear sight. (57877-12) {ANTIQUE} (100/200)
1765. **UNMARKED BALLARD FALLINGBLOCK RIFLE** serial #34597, 25 CF, 21 3/4" part round part octagon barrel with a pitted oxidized bore. The metal surfaces are an overall dark brown patina with patches of gray on the frame, scattered fine oxidation, pinprick pitting, minor edge wear and impact marks. The plain straight grip walnut stock rates good with dried fading finish and handling marks. The forend is not present and the rear tang screw is missing as well. (57877-17) {ANTIQUE} (75/150)
1766. **UNMARKED BELGIAN PINFIRE REVOLVER** serial #50, 11 mm pinfire, 6" octagon barrel with a pitted oxidized bore. The metal surfaces have toned to a smoky gray patina with brown highlights and scattered fine oxidation staining. The smooth walnut grips rate very good with light handling marks. The action times and advances properly and the lanyard ring remains present. (57956-14) {ANTIQUE} (75/150)
1767. **WINCHESTER MODEL 94 LEVER ACTION CARBINE** serial #2701033, 32 Win. Spl., 20" barrel with a bright excellent bore. The barrel and magazine retain 98% original blue with some sparse oxidation. The receiver has flaked to an overall pale brown with gray wear along the edges and traces of original flaking blue; the bolt, lever and interior parts retain equal original blue matching that of the barrel. The straight grip walnut stock and forend rate very good with light handling marks and lightly flaking original finish at the checkered steel buttplate. The front sight hood protector is present. (58280-3) {C&R} (300/500)

1768

1768. **WINCHESTER MODEL 1894 LEVER ACTION CARBINE**

serial #514010, 25-35 WCF, 20" round barrel with half magazine and a fair bore showing modest oxidation and pinprick pitting. The metal surfaces have toned to pale gun metal with brown highlights, scattered fine oxidation and traces of original blue in protected areas. The plain straight grip walnut stock and forend rate good to very good with handling marks, a shallow dent behind the barrel band on the left side of the forend and initials in the right wrist between the receiver and lever. Although rifles stocks are not usually found on carbines the wood is a bright proud of the metal and the overall fit as if it's been together all along. Carbine is equipped with an ivory bead front sight and a three leaf express. A great looking unique 1910 manufactured carbine. (58165-1) {C&R} (450/650)

1769. **REMINGTON NYLON 66 SEMI-AUTO RIFLE** 22 LR, 19 1/2" barrel with a bright excellent bore. The metal surfaces retain 98-98% original blue. The checkered brown Zytel stock rate excellent with a few light storage marks. An excellent 1960 manufactured Nylon 66 rifle. (58251-27) {C&R} (200/400)
1770. **ITHACA MODEL 37 FEATHERLIGHT SLIDE ACTION SHOTGUN** serial #371163481, 12 ga., 30" ventilated rib barrel with a bright excellent bore choked full. The metal surfaces retain about 95% original blue, loss due to contact and edge wear along with scattered fine oxidation. The checkered pistolgrip walnut stock and forearm rate about very good with light handling marks and spots of flaking original varnish. The stock is equipped with a factory ventilated rubber recoil pad. (58303-40D32631) {MODERN} (150/250)
1771. **WINCHESTER MODEL 37 SINGLE BARREL SHOTGUN** 16 ga., 28" single bead plain barrel with a bright excellent bore choked improved modified. The metal surfaces retain about 95% original blue, loss primarily due to edge wear along the frame with some scattered scuffs and specks of oxidation. The plain pistolgrip walnut stock and forearm rate near excellent with light handling marks. (58303-60D32546) {C&R} (175/275)

1772. **BENELLI NOVA SLIDE ACTION SHOTGUN** serial #BA038261, 20 ga., 26" ventilated rib multi-choke barrel with a bright excellent bore. The metal surfaces retain 99% original matte blue and the grooved black synthetic pistolgrip and forearm rate excellent. Shotgun is equipped with a large Hi-Vis front bead and a small brass mid-bead, the included choke tubes are: modified, improved cylinder and full. An excellent condition Nova shotgun. (58251-15) {MODERN} (150/250)
1773. **REMINGTON MODEL 870 EXPRESS MAGNUM SLIDE ACTION SHOTGUN** serial #C019935M, 12 ga., 28" ventilated rib Rem-Choke barrel with a bright excellent bore. The metal surfaces retain 85% original matte finish with scattered fine oxidation becoming moderate on the right side of the receiver. The checkered pistolgrip birch stock rates about very good with light handling marks and edge wear. Included is a plastic case and modified choke tube. (58300-34S20574) {MODERN} (100/200)
1774. **TRADITIONS FRONTIER FLINTLOCK MUZZLELOADING RIFLE KIT** serial #14-13-010724-08, 50 cal., 28" octagon barrel with a bright excellent bore. This is a kit rifle and is totally unassembled except for the brass furniture on the stock. The barrel and ramrod rib are in-the-white with very fine oxidation staining starting to form, the lock has a vivid case-hardened finish. The stock is unfinished and the furniture remains bright. The kit comes in a black plastic case with ramrod, manual and bag of small parts, all of which may or may not be present. (58013-7) {ANTIQUÉ} (25/75)
1775. **MARLIN MODEL 60 SEMI-AUTO RIFLE** serial #13396427, 22 LR, 22" barrel with a bright excellent bore. The metal surfaces retain about 90% original blue, loss due to edge wear and a covering of light surface oxidation. The plain pistolgrip walnut stained hardwood stock rates very good plus with light staining on the left side of the buttstock. The rear sight elevator is missing. (58270-31) {MODERN} (25/75)
1776. **MOSSBERG MODEL 835 ULTI-MAG SLIDE ACTION SHOTGUN** serial #UM544638, 12 ga., 24" ventilated rib Accu-Mag choke barrel with a bright excellent bore. The metal surfaces retain 95-97% original factory camouflage finish with sparse scratches and light edge and contact wear. The synthetic stock with interchangeable cheekpiece and forearm retain about 95% matte finish with light chips and scratches particularly in the stock. The barrel is equipped with dual beads and an extended turkey choke tube. A matching Cantilever slug barrel can be found elsewhere in this auction. (58251-18) {MODERN} (150/250)
1777. **CVA FLINTLOCK HALFSTOCK SPORTING RIFLE** serial #015932, .45 Cal., 32" octagon barrel with a very good bore showing scattered oxidation. The iron surfaces retain 99% original brown finish with the pan a pale pewter. The hardwood stock with raised cheekpiece rates excellent and is equipped with a brass patchbox, buttplate, dual wedge pin escutcheons and a pewter colored aluminum nose cap. This rifle is equipped with a adjustable sporting sights and proper wooden ramrod. Contained in the patchbox compartment is a cleaning jag and extra flint and leather. (58303-78) {ANTIQUÉ} (175/275)
1778. **MOSSBERG MODEL 835 ULTI-MAG SLIDE ACTION SHOTGUN** serial #UM193103, 12 ga., 24" ventilated rib Accu-Mag choke barrel with a bright excellent bore. The metal surfaces retain about 90% factory Realtree camouflage, loss due to light scratches, contact and edge wear. The pistolgrip synthetic stock and grooved forearm rate excellent with matching camo finish. The barrel is equipped with dual brass beads and a full choke tube. (58270-29) {MODERN} (100/200)
1779. **REMINGTON MODEL 870 WINGMASTER SLIDE ACTION SHOTGUN** serial #S648702V, 12 ga., 28" ventilated rib barrel with a bright excellent bore are marked modified but measures improved cylinder. The metal surfaces retain about 95% original blue with scattered fine oxidation on the receiver and along the interior of the ribs, the majority of loss primarily even thinning on the barrel. The checkered pistolgrip walnut stock and forearm rate very good plus with patches of fading finish on the buttstock. (58252-8) {MODERN} (175/275)
1780. **MOSSBERG MODEL 835 ULTIMAG SLIDE ACTION SHOTGUN** serial #UM885455, 12 ga., 20" ventilated rib Accu-Mag choke barrel with a bright excellent bore. The metal surfaces retain 95-98% factory Realtree Hardwoods camouflage finish, loss due to light edge and contact wear along the magazine tube. The synthetic Advanced Technologies M4 style telescoping stock and forearm rate excellent with matching camo finish, the stock is equipped with a matching five shell side saddle and the forearm a black nylon hand strap. The shotgun is further equipped with an orange two-dot rib rear sight, the front bead is missing and a ported Ulti-Full choke tube. (58270-48) {MODERN} (175/275)
1781. **C.B.C. MODEL 151 SINGLE BARREL SHOTGUN** serial #718890, 12 ga., 28" single bead plain barrel with a bright excellent bore choked full. The metal surfaces retain 90-92% evenly thinning original blue with scattered light pitting and oxidation becoming moderate in areas. The plain pistolgrip walnut stock and forend rate very good with light handling marks. (58300-35S20363) {MODERN} (50/100)
1782. **INVESTARM CABELA'S PERCUSSION MUZZLELOADING RIFLE** serial #A564253, 50 cal., 29" octagon barrel with a bright very good plus bore. The iron surfaces retain 90-95% original blue, loss primarily on the breech along with light edge wear and a few light impact marks. The lock retains good vivid case colors with surface oxidation on the hammer shroud and nipple. The walnut stock with raised cheekpiece rates very good with light handling marks. The brass furniture is an overall bright goldenrod with spots of light tarnish. Rifle is equipped with standard adjustable sporting sights, proper wooden ramrod and a brass cleaning jag is present in the patchbox compartment. (58303-76) {ANTIQUÉ} (100/200)

1783. **BROWNING DOUBLE-AUTO TWELVETE SEMI-AUTO SHOTGUN**

serial #1A40527, 12 ga., 26 1/2" ventilated rib barrel with a bright excellent bore and installed Lyman Cutts compensator. The barrel retains about 95% thinning original blue with a few light nicks and edge wear, along with thinning at the muzzle and light denting to the front of the rib most likely occurring when the compensator was installed. The alloy receiver retains 95-98% original black anodized finish with light wear along the edges. The checkered round knob pistolgrip walnut stock and forearm rate very good with light handling marks. The stock has been fitted with a Pachmayr ventilated rubber recoil pad providing a length of pull measuring 13 5/8". (58303-69D32643) {MODERN} (300/500)

1784. **REMINGTON MODEL 31 SLIDE ACTION SHOTGUN** serial #52465, 12 ga, 26" solid rib barrel with dual bead sights and an excellent bore that is choked improved cylinder. The metal surfaces retain about 85% original blue with light wear along the edges and bearing surfaces and light handling and tool marks throughout. The left side of the receiver has been marked with the U.S. ordnance bomb proof under the initials "R.L.B.". The ordnance marking has been scratched nearly off, however, the remainder of the markings are crisp including small anchor proofs on the left side of the triggerguard and on the left side of the barrel near its base. The walnut stocks have assorted dings and scratches and bear no martial markings. The 30-groove forearm rates excellent while the pistolgrip buttstock sits a little loose to the receiver and has a later solid rubber Pachmayr recoil pad. The rear sling swivel stud has been removed. A very good condition example overall that appears to function correctly. (47498-5) {MODERN} (400/600)
1785. **SAVAGE MODEL 11F BOLT ACTION RIFLE** serial #G042157, 308 Win, 22" barrel with an excellent bore. The metal surfaces retain about 99% original blue with a few light handling marks. Rifle features the checkered black synthetic stock which rates excellent and has a few light scratches. There are no provisions for sights and mounted to the receiver is a Simmons 8-Point 3-9X40 rifle scope. The scope features a matte finish and has a duplex reticle and excellent optics. An excellent sporting rifle package in a great all-purpose caliber. (48303-50D32381) {MODERN} (300/500)

1786

1786. INDIAN TRADE FLINTLOCK MUSKET CARBINE about .64 Caliber, 22 1/2" part octagon, part round barrel with a wedding band transition and a dark oxidized bore. The metal surfaces are a rich mottled brown blending with areas of gray and have light pitting and surface oxidation throughout. The barrel appears to have three small British proofs over the chamber on the left side. The proofs are not legible but the top one appears to be a "(crown) / BP". There are no identifying marks visible. The full-length hardwood stock has been adorned with brass tacks which cover most of its surface. The wrist area is vacant and the butt has some symmetrical, traditional designs. Some of the tacks have a dull patina, some have compression damage and others are missing. The wood itself appears to be in good condition with some minor chipping along the edges and some small cracks. The ramrod is no longer present, the forend band is not secured and the buttplate appears to a later more crude replacement. The triggerguard has an odd "sack" shape to it, the trigger does not set and the lock is not functioning. An interesting example for conversation or as part of a primitive display. (48284-5) {ANTIQUE} (400/600)

1787

1787. PARKER GRADE 2 DOUBLE HAMMER SHOTGUN serial #48513, 12 ga, 30" damascus steel barrels with very good bores that have a few areas of light pitting. The metal surfaces are overall a mottled gray with areas of brown blending throughout and mixing with some light surface oxidation. The barrels retain lots of original damascus patterning, there is a small amount of case color still visible on the frame and other metal surfaces but only in the protected areas. The remainder of the metal parts have the factory pattern scroll engraving with aviary game scenes visible in the centers of the lockplates and belly of the frame. The checkered walnut stocks rate about very good with assorted dings and handling marks. The wood is heavily oil stained, and the checkering is heavily faded. The splinter style forend has a small chip at its tip, the pistolgrip buttstock has a larger chip at the toe that does not affect the original hard rubber dog's head buttplate. The wrist is cracked circumferentially and has been repaired using four fitted brass plates and a vertical screw, some of the screws have minor slot damage. The locks and action function correctly. An about very good condition vintage double that would be a good display piece or candidate for restoration. (48218-22) {ANTIQUE} [Ken Water's Collection] (500/700)

- 1788. STEVENS MODEL 24 V-A COMBINATION RIFLE** serial #22565, 222 Rem/20 ga, 24" barrels with the 222 barrel being near excellent, bight with a few tiny pits and the 20 gauge barrel being excellent and choked full. The metal surfaces retain about 98% original blue with a few light handling marks along the barrels and bearing surfaces. The checkered walnut stocks have some light dings and scratches, the tapered forearm rates excellent, the Monte Carlo style buttstock rates very good and has a single crack emanating from the base of the lower tang on the right side through the wrist. The original sights are intact and mounted to a Weaver base is a Weaver K2.5 6-C series riflescope. The scope features a duplex reticle and has excellent optics. Lens covers are included. A near excellent pre-1980's example overall that should make a terrific shooter. (48241-1) {MODERN} (300/500)
- 1789. WEATHERBY VANGUARD SYNTHETIC BOLT ACTION RIFLE** serial #VS121590, 7mm Rem Mag, 24" barrel with a right, excellent bore. The metal surfaces retain about 98-99% original blue with some areas of light wear and specks of light surface oxidation throughout. The checkered, black synthetic stock rates excellent and has some minor handling marks and light scratches. There are no provisions for sights but a set of Weaver scope bases are mounted to the receiver. A near excellent condition all-terrain large game hunting rifle only in need of the right optics. (48303-48D39166) {MODERN} (350/450)
- 1790. NEW ENGLAND FIREARMS MODEL SS1 SPORTSTER BREAK ACTION RIFLE** serial #NP282146, 22 LR, 20" tapered barrel with an excellent bore. The metal surfaces retain about 99% original blue with a few light handling marks along the bearing surfaces. The black composite stocks rate excellent and have a few light handling marks as well. The forearm has been fitted with a military style folding bipod with 9" legs. There are no provisions for sights, but a factory Weaver style scope base has been mounted to the rear of the barrel and includes a set of 1" Millett rings. An excellent condition example that would be a great plinker or varmint shooter with the right optics. (48290-100) {MODERN} (100/150)
- 1791. MARLIN MODEL 917VS BOLT ACTION RIFLE** serial #94635090, 17 HMR, 22" barrel with an excellent bore. The stainless steel metal surfaces rate very good and have some light tool marks and light oxidation staining throughout. Rifle features a gray/green hardwood laminate stock that rates very good as well and has minor to moderate "chew" marks along the comb. There are no provisions for sights but a BSA Sweet 17 6-18X40 adjustable objective riflescope has been mounted to the receiver. The scope features a duplex reticle and has excellent optics. An unmarked folding bipod with legs that extend from 7"-11" has been installed at the forend and included is a single detachable stainless magazine. A very good condition example of these terrific smallbore sporting rifles. (48270-46) {MODERN} (200/400)

1792

1792. REMINGTON MODEL 1900 BOXLOCK DOUBLE SHOTGUN serial #313706, 12ga, 30" barrels choked improved modified with excellent bores. The barrel retains about 90% original blue with light wear and areas of speckled light surface oxidation throughout. The remaining metal surfaces retain about 80% vibrant case color that is fading to gray along the edges, the triggerguard showing the most loss and is mostly pewter gray. The checkered walnut stocks rate excellent and have some light dings and small scratches. The pistolgrip buttstock has the original hard rubber buttplate, the portion below the lower screw is cracked and with the section missing. The top lever does not return to center on its own and appears to need mechanical attention from a qualified gunsmith. An overall near excellent example of these fine collectible sporting arms that may require only a small amount of TLC to return it to its original state. (48303-75D31981) (C&R) (400/600)

- 1793. CUSTOM MAUSER 98 BOLT ACTION RIFLE** serial #2646, 6mm Rem, 24" barrel marked "Federal Firearms Co." with an excellent bore. The metal surfaces retain about 95-97% of a commercially applied blue finish that has some light wear and areas of sparse surface oxidation scattered about. The SILE hardwood checkered Monte Carlo stock rates near excellent with added finish over a few light dings, a few small divots and other assorted handling marks. The stock features a capped pistolgrip and has the original hard rubber buttplate. There are no provisions for sights and mounted to the receiver is a Weaver V7 2.5-7X riflescope. The scope features a duplex reticle and has very good optics. The bottom metal is missing the floorplate, spring and follower but the parts should be simple to replace. The bolt and receiver are numbered alike and the safety has been modified for use with a scope and a trigger shoe has been installed on the trigger. A near excellent condition sporting Mauser rifle package in a great medium game cartridge. (48303-62D32455) {MODERN} (300/500)

1794. **ANTONIO BELLERI BOXLOCK DOUBLE SHOTGUN** serial #8479, 12 ga, 27 1/2" barrels choked full with near excellent bores, the right tube has a few small dents about midway down. The barrels feature a solid rib with dual bead sights and along with the triggerguard, top lever, safety and forend iron retain about 95% original blue that is blending with areas of scattered light surface oxidation. The right tube is marked with the Italian maker's name and address in Ponte Zanano, while the left tube is marked "Made For George 30-06 Derbes, Pottsville, PA.". This was likely the American retailer the shotgun was ordered by in the 1960's. The underside of the barrels are date coded "XX" for 1964. The scalloped frame features a coined silver finish and has nearly full coverage of foliate and border pattern engraving with a small woodcock depicted on the belly. The checkered hardwood stocks have light dings and handling marks. The beavertail forearm rates excellent, the pistolgrip buttstock rates very good and has some light chipping along the lower tang. The stock features a capped pistolgrip and has been fitted with a Red Head vented rubber recoil pad which is proud of the wood and leaves the stock with a 14 3/4" length of pull to the forward trigger. The sling swivels have been removed. Overall this is a very good condition double shotgun ideal for the field. (48270-53) {C&R} (300/500)
1795. **REMINGTON MODEL 11-87 SPECIAL PURPOSE SEMI-AUTO SHOTGUN** serial #PC070654, 12 ga, 21" cylinder choke barrel with front rifle sight and an excellent bore. The metal surfaces retain about 95% original parkerized finish with areas of light handling wear throughout. Shotgun has been fitted with a set of Choate black composite stocks including a tactical style pistolgrip buttstock. The stocks rate near excellent with light handling marks, the buttstock has had six holes drilled in the left side for a shell holder which is included. This tactically styled shotgun also comes equipped with a two-shot magazine extension and has had a custom peep sight installed atop the receiver. The original barrel mounted rear sight has been removed. Both the barrel and magazine tube have a custom shroud fitted to them. The original magazine cap with swivel base is also included. An excellent home defense or hunting shotgun, great for large game. (48278-1) {MODERN} (400/600)
1796. **THOMSON CENTER ARMS HAWKEN PERCUSSION RIFLE** serial #314559, .50 Caliber, 28" octagon barrel with a very good bore that has areas of speckled light oxidation. The barrel retains about 97-98% original blue with light wear along the sides and a few specks of light surface oxidation toward the breech area. The lock and hammer retain all of their original vibrant case colors, the brass thimbles and stock furniture have a light ochre patina and areas of light tarnish. The original sights remain intact, the front has some added paint to improve visibility. Included are a fiberglass ramrod and the original black and white box with manual. An excellent example of these popular traditional muzzle loading rifles. (48245-5) {ANTIQUÉ} (250/450)
1797. **REMINGTON MODEL 17 SLIDE ACTION SHOTGUN** serial #71749, 20 ga, 28" plain barrel with a single bead sight and choked full with a an excellent bore. The metal surfaces retain about 80% original blue that is toning to brown and blending with gray and a few specks of light surface oxidation. The checkered walnut stocks rate very good and have several light dings, a few tiny cracks and some moderate crazing to the original lacquer. The pistolgrip buttstock retains the original hard rubber buttplat. The shotgun appears to function correctly and is in very good to near excellent condition overall. (48207-1) {C&R} (200/300)
1798. **BROWNING BPS SLIDE ACTION SHOTGUN** serial #13745PZ152, 12 ga, 28" ventilated rib barrel choked modified and with an excellent bore. The metal surfaces retain about 70% original blue that is fading to gray and blending with areas of light surface oxidation throughout. The checkered walnut forearm rates very good with minor dings and scratches, the buttstock has been broken off and only the pistolgrip portion remains. The magazine tube is equipped with the magazine disconnect. The action has been disassembled and it is not known if all the parts are present. (48270-40) {MODERN} (50/100)
1799. **COLT NEW POLICE DOUBLE ACTION REVOLVER** serial #43699, 32 Colt, 4" barrel with a bright excellent bore. The metal surfaces retain 90% original blue with the front and backstraps fading to a gray patina, some scattered silvering, freckling and fading to brown. The Colt checkered plastic grips rate very good with a few dings, light scratches and handling marks. The grips are penciled numbered matching and the cylinder is matching but has a factory rework marking. The left side of the barrel is marked "COLT NEW POLICE 32", while the right side is marked "POLICE/POSTIVE" and the left rear of frame is marked with a "COLT'S NEW POLICE" roundel. The last patent date on top of the barrel is July 4th, 1905, the gun falls into the New Police serial number range, but some of the early Police Positive revolvers were marked with New Police markings. This gun may have a factory reworked barrel but there are no rework markings on the barrel or it may be an early transitional model. An interesting revolver that will fit well in your Colt collection. (208247-2) {C&R} (300/500)
1800. **UNMARKED ROLLING BLOCK SADDLE RING CARBINE** about .43 CF, 20 1/2" barrel with a good bore that shows oxidation throughout but visible rifling. The barrel and band surfaces are an overall dull gray patina with some light pitting on band, oxidation staining and freckling throughout. The receiver is a light gray patina with some overall oxidation staining and light pitting. The hardwood stock rates good as-cleaned with an added oil finish, the rear sling slot being filled in, a few cracks, chipping areas, dings, scratches and handling marks. The tang appears unmarked, there is no rear sight present, the left rear of barrel is marked "B", the rear tang markings are indiscernible due to oxidation and the gun may be a Spanish model. There is a saddle ring assembly present on the left side of receiver and as with any arm of unknown caliber it is imperative to have it checked out prior to firing. A neat Rolling Block carbine overall. (207877-16) {ANTIQUÉ} (200/400)
1801. **SMITH & WESSON SAFETY HAMMERLESS DOUBLE ACTION REVOLVER** serial #159516, 32 S&W, 3 1/2" barrel with a very good bore that shows scattered light pitting and frosting. The metal surfaces retain about 20% original blue with the balance having flaked off giving way to a brown patina, scattered freckling and some dings on the rear of the cylinder and frontstrap. The S&W marked grips rate very good showing a few dings and handling marks. The right grip panel is stamped matching, while the left panel is unnumbered, the cylinder and barrel are also matching to the frame. A good example of a second model Safety Hammerless revolver. (208218-47) {C&R} [Ken Waters Collection] (200/300)
1802. **RAST & GASSER MODEL 1898 DOUBLE ACTION REVOLVER** serial #158078, 8mm Gasser, 4 1/2" barrel with a very good bore that shows perhaps some frosting but strong rifling. The metal surfaces are an overall dull gray patina with a few light dings on the rear of frame, some silvering and light oxidation staining on the exposed edges. The checkered grips rate very good with a few dings, scratches and handling marks. The left side of frame is marked "5343", the right side of the frame is marked with the gun's serial number, the barrel, cylinder and ejector rod cap are all matching to the gun's serial number. The top of the frame is marked with an Austro-Hungarian "Wn(Eagle)" and this is a very good example of a forgotten World War One revolver. (208290-41) {C&R} (300/500)
1803. **BRITISH NO. 2 MK1* DOUBLE ACTION "TANKER" REVOLVER BY RSAF ENFIELD** serial #0470, 38 S&W, 5" barrel with a very good bore that shows light frosting in the grooves. The metal surfaces of this 1941 vintage revolver retain 85% of a black enamel suncorite finish with scattered areas of flaking and some yellow paint stain specks at right rear from highlighting of the maker markings. The grooved grips rate very good with some light dings and handling marks. The cylinder is mismatched but the barrel is matching to the frame and the barrel bears British commercial proof marks. A very good plus Tanker revolver. (208290-40) {C&R} (200/300)
1804. **YUGOSLAVIAN M48A BOLT ACTION RIFLE** serial #G55211, 8mm Mauser, 23" barrel with a good bore that shows scattered oxidation but strong rifling. The metal surfaces retain 97% arsenal blue with a spot of freckling on front band, silvering on floorplate, triggerguard and bands. The hardwood stock rates very good plus as arsenal refinished with a small armorer repair on toeline, a few light dings and handling marks. All serialized parts are matching and there is a Chery's import marking on the underside of barrel. A very good example of these Cold War Mauser rifles. (208290-66) {C&R} (150/300)

1805. **YUGOSLAVIAN M59/66A1 SKS SEMI AUTO RIFLE** serial #I-353885, 7.62x39mm, 21" barrel with an excellent bore that shows several spots of cosmoline. The metal surfaces retain 97% arsenal blue with a few scattered spots of silvering and several areas of cosmoline. The elm stock rates very good plus with a few dings and handling marks. The right side of stock has a penciled number that matches a number on the top of triggerguard which is correct for this model and all other parts are matching to the receiver and there is an Inter-Ordinance import marking on the right side of barrel. A nice Yugo M59/66A1 SKS overall. (208290-64) {C&R} (200/400)
1806. **CHINESE SKS SEMI AUTO RIFLE** serial #731335, 7.62x39mm, 20 1/2" barrel with a bright excellent bore. The metal surfaces of this 0141-coded rifle retain 90% original blue with scattered light freckling, some small spots of silvering on barrel and oxidation stain specks on bolt carrier. The aftermarket black synthetic stock rates excellent with some minor handling marks. The bolt carrier, triggerguard and magazine are matching to the receiver but we are unable to determine if the top cover matches due to a scope having been mounted. The scope is a Simmons model 762 4x power scope that retains 98% original blue. The optics are clear and the scope has a duplex crosshair reticle and there is no cleaning rod or bayonet present. A fine commercial SKS that may be a fun shooter. (208303-54D32481) {MODERN} (200/400)
1807. **CHINESE SKS SEMI AUTO RIFLE** serial #2433806, 7.62x39mm, 20 1/2" barrel with a bright excellent bore. The metal surfaces of this "(Triangle)26" factory rifle retain 95% original blue with some silvering and light fading to the high edges. The ATI Dragunov style stock rates excellent with a few scuff marks and handling marks. The top cover is unnumbered, the bolt and triggerguard are matching to the receiver. The rifle has an AK-74 style muzzle device, a Chinese made 20-round "Star" magazine, a reproduction SKS canvas sling and a Eurolux 4x25 scope. The tube of the scope retains 99% original blue, the scope has a duplex crosshair reticle and clear optics. The rear scope cap is present but there is no front scope cap, cleaning rod or bayonet assembly. There is an Interstate Arms import marking on the left side of the receiver. An interesting modernized SKS for the budget minded shooter. (208303-56) {MODERN} (200/400)
1808. **REMINGTON 870 WINGMASTER SLIDE ACTION SHOTGUN** serial #W207981K, 20 Ga, 25 1/2" vent rib barrel choked cylinder with a bright excellent bore. The metal surfaces retain 95-97% original blue with a couple tiny spots of light pitting at muzzle, light oxidation under triggerguard, some operational wear on magazine tube and a few specks of freckling. The walnut stock rates very good plus with some light to moderate flaking of the factory varnish, handling marks and light dings. The stock is fitted with a Remington recoil pad giving the gun a 12 1/2" length of pull. A fine 870 for the youth or small statured hunter. (208238-44) {MODERN} (200/300)
1809. **PERSIAN M30 BOLT ACTION CARBINE** serial #26595, 8mm Mauser, 18" barrel with a good bore that shows frosting and pitting but strong rifling. The metal surfaces retain 60% arsenal blue with some light dings on the triggerguard, an area of brown fading with some light pitting around muzzle, the front band being a gray patina with moderate pitting, scattered fading, freckling, light oxidation and the floorplate thinning to gray. The walnut stock rates very good as-refinished with an added oil finish, a 1" crack at rear of handguard, a 1" crack at upper tang, scattered light scratches, flaking and few dings and handling marks. The stock number is mostly indiscernible but the last number is matching to the last of the serial number and the bolt is matching. A black leather sling is included that shows scattered crazing and crackling. An about very good example of these early Persian Mausers. (208238-67) {C&R} (300/500)
1810. **HAMILTON NO. 27 BOYS RIFLE** 22 L&S, 15" barrel with a very good bore that shows some frosting but strong rifling. The metal surfaces are an overall dull gray oxidized patina with freckling throughout. The hardwood stock rates good as-cleaned with a few cracks, abrasions, dings, scratches and handling marks. The hammer and barrel release appear to function well and this is an interesting gun overall. This model is listed as exempt from the NFA as a C&R. (208238-21) {C&R} (75/150)
1811. **NORINCO SKS SEMI AUTO RIFLE** serial #70911719, 7.62x39mm, 20" barrel with an excellent bore. The metal surfaces of this M21-0296 coded rifle retain 97-98% original blue with scattered light silvering and some faint freckling on the gas tube. The aftermarket Dragunov style stock rates very good with some scattered flaking, dings and handling marks. The bolt and triggerguard are matching to the receiver, the rifle has a tri-rail with a Knight's Armament foregrip, an aftermarket muzzle brake and an unmarked Chinese 1x32 red dot scope mounted on the top cover that does not appear to work at this time. There is no cleaning rod, magazine or bayonet assembly present. There is a Norinco import marking on the left side of the receiver and the "M21" marking is one of the harder factory codes to find. An interesting Chinese SKS overall. (208270-38) {MODERN} (250/450)
1812. **NORINCO SKS SEMI AUTO RIFLE** serial #20002781, 7.62x39mm, 20" barrel with an excellent bore. The metal surfaces of this "(Triangle)26" factory rifle retain 95% original blue with a few light silvering spots on barrel, some light freckling on triggerguard and fading on top cover. The ATI folding stock rates very good plus with some light chipping around magazine well and the Asian hardwood handguard rates very good with an added black enamel that shows scattered light flaking and scratches. The triggerguard, topcover and bolt are matching to the receiver, the rifle has an aftermarket 30-round magazine and a spike bayonet. There is a Norinco import marking on the left side of the receiver and this is an interesting "Tactical" SKS overall. (208303-51D32160) {MODERN} (200/400)
1813. **JAPANESE TYPE 38 ARISAKA BOLT ACTION RIFLE BY TOKYO ARSENAL** serial #1754172, 6.5 Arisaka, 31" barrel with a fair bore that shows oxidation and pitting but visible rifling. The metal surfaces of this early no-series rifle are an overall dull gray patina with a few spots of oxidation, while the cleaning rod and front bandkeeper show an added black enamel finish with some light flaking. The buttplate, bands, upper tang, floorplate and triggerguard are a silver pewter having been cleaned with some light pitting and oxidation still evident. The hardwood stock rates very good as-sanded with a 2" crack at either side of lower tang, scattered dings, handling marks and scratches. The bolt, extractor and front band are all matching with the same assembly number, while the other parts appear to be numbered differently or unnumbered. The Chrysanthemum is ground, there is no rear sling hardware or rear tang screw present. A good project gun overall. (208303-70D32405) {C&R} (75/150)
1814. **BRITISH NO. 4 MK 1 BOLT ACTION RIFLE BY MALTBY** serial #A719157, 303 British, 25" barrel with a very good bore that shows frosting in the grooves but strong rifling. The metal surfaces retain 80% arsenal black enamel with the bands being a dull gray patina with scattered silvering, while the receiver and band show scattered flaking spots, the triggerguard shows silvering and bolt handle, light oxidation staining. The beech stock rates very good as-refinished with an added coat of varnish, an armorer repair at heel, an "FR" marking on right side of butt, an abrasion on left side of butt, scattered dings, scratches and handling marks. The left side of wrist appears to be dated "1943", the bolt and forestock are matching, while the magazine is unnumbered. The rifle has a MK3 adjustable rear sight, a modern sling and a Savage made No. 4 MKII spike bayonet with scabbard that shows scattered flaking and light oxidation. A very good World War Two Enfield that may be a good shooter. (208278-36) {C&R} (200/400)
1815. **FRENCH UNIQUE MODEL 17 SEMI AUTO PISTOL** serial #3652, 32 ACP, 3 1/4" barrel with an excellent bore. The metal surfaces retain 90% original blue with silvering on the front and backstraps and further scattered light silvering. The "7.65mm/9SCHUSS" marked grips rate very good with scattered light dings and handling marks. There do not appear to be any Nazi markings on this pistol, the slide has a two-line address and with the low serial number it is possibly a pre-war gun. A black leather holster is included that has three added SS style skull and crossbone decorations, a few added holes at top of flap, what appears to be a later added "(Eagle)/Swastika" marking and the holster shows scattered light flaking. A very fine example of these French military sidearms. (208265-2) {C&R} (200/400)

1816. **AUSTRALIAN MKIII BOLT ACTION RIFLE BY LITHGOW** serial #86757, 303 British, 25" barrel with a good bore that shows oxidation and pitting throughout the grooves but strong rifling. The metal surfaces of this 1917 vintage rifle retain 93% arsenal parkerized finish with light freckling on underside of noscap, operational wear on bolt body, a spot of oxidation staining on rear sight ladder and some silvering around rear sight and noscap. The hardwood stock rates very good as-refinished with an added coat of varnish, strong "III* 1943/HV" markings, a 2" repaired crack on right side in front of bolt handle, scattered dings, handling marks and scratches. The bolt is matching, while the noscap is mismatched, both the rear sight and magazine are of Australian manufacture but are unnumbered. The top of the receiver is marked "2MD" for the second Australian military district, the underside of the bayonet lug has the number "305" written in yellow, while the forestock has the numbers "226" also written in yellow. The receiver retains the cutout for the magazine cutoff, a canvas Enfield sling is included and there is a small IA Co. import marking at the rear of the receiver. A very good Australian Enfield that was refurbished for the Second World War. (208278-35) {C&R} (200/400)
1817. **REMINGTON ROLLING BLOCK SADDLE RING CARBINE** serial #10927, about 45 CF, 21" barrel with a very good bore that shows light pitting and frosting but strong rifling. The metal surfaces are an overall dull gray patina with a few light dings, scratches and scattered oxidation staining. The walnut stock rates about very good with an added oil finish, a few cracks on butt, a filed in rear sling slot on underside of butt, a partially faded rack number that reads "2/23" on right side of butt, a few abrasions, scattered dings, handling marks and scratches. The forend displays a loose fit to the frame, there is some writing at the top rear of the barrel that appears to read "ANN", the rear sight is a two-position type, and the left side of the receiver has two vacant holes, likely original for a saddle bar. As with any arm of unknown caliber it is imperative to have this rifle checked out prior to firing by a competent gunsmith. An interesting saddle ring carbine overall. (208195-4) {ANTIQUE} (200/400)
1818. **HARRINGTON & RICHARDSON 865 PLAINSMAN BOLT ACTION RIFLE** 22 S/L/LR, 24" barrel with an excellent bore. The metal surfaces retain 97% original blue with a few scattered specks of freckling and some light silvering spots. The walnut stock rates near excellent with a few handling marks and light scratches. The safety operates a bit stiffly but this is a nice condition vintage 22 rifle overall. (208013-5) {C&R} (100/150)
1819. **HARRINGTON & RICHARDSON MODEL 922 DOUBLE ACTION REVOLVER** serial #M39471, 22 LR, 6" barrel with an excellent bore. The metal surfaces of this 7th variation revolver retain 80% original blue with scattered flaking to brown, silvering and oxidation. The H&R marked brown grips rate very good with some light dings and handling marks. An aftermarket leather belt holster is included with this revolver. A very good "Working man's" revolver. (208250-5) {C&R} (75/150)
1820. **SMITH & WESSON SAFETY HAMMERLESS DOUBLE ACTION REVOLVER** serial #230240, 38 S&W, 3 1/4" barrel with a near very good bore that shows scattered oxidation and frosting but strong rifling. The metal surfaces of this fifth model revolver retain 95% factory nickel with some scattered oxidation, light scratches and some minor staining. The trigger shows generous traces of the factory case colors. The S&W hard rubber grips rate very good plus with some light dings and handling marks. There is a factory rework star marking on the bottom of grip frame; the barrel, cylinder and left grip panel are matching to the frame. A brown leather holster is included that shows scattered flaking, cracking and a few small tears. A fine example of these late model S&W Safety Hammerless revolvers. (208250-6) {C&R} (200/300)
1821. **COLT 1903 POCKET HAMMERLESS SEMI AUTO PISTOL** serial #63193, 32 ACP, 4" barrel with a very good bore that shows scattered frosting and light pitting. The metal surfaces of this Type I pistol retain perhaps 25% original blue with the balance being a dull gray patina with scattered freckling, light pitting and oxidation staining. The Colt grips rate good with the points appearing flat, a 1/3" crack protruding from the right screw panel, a few handling marks and dings. A single unmarked magazine is included with this pistol. A solid early Colt 1903 that may prove to be a good carry gun. (208226-1) {C&R} (200/400)
1822. **JAPANESE TYPE 38 ARISAKA BOLT ACTION RIFLE BY TOKYO ARSENAL** serial #969042, 6.5 Arisaka, 31" barrel with a fair bore that shows oxidation and pitting throughout. The metal surfaces of this early rifle are an overall dull gray patina with scattered oxidation and freckling. The hardwood stock rates good with an added oil finish, a couple small cracks on handguard, a 3" crack at left side of wrist, dings, handling marks, abrasions and scratches. There is an Asian marking on the underside of butt, there are two zeros in front of serial number; the Chrysanthemum is intact with a Tokyo arsenal overstamp indicating that this gun was later used as a training rifle for schools. The bolt is mismatched, while the front band and bolt stop match by assembly number and a cleaning rod is present that is missing its tip. A good wall-hanger or parts donor rifle. (208280-1) {C&R} (75/150)
1823. **MOSSBERG 500A SLIDE ACTION SHOTGUN** serial #K029340, 12 Ga, 20" ventilated rib barrel choked cylinder with a bright excellent bore. The metal surfaces retain 97% original blue with operational wear on magazine tube and a few scattered spots of light silvering. The hardwood stock rates excellent with a couple minor dings and handling marks. The gun is fitted with a rear sling swivel and an unmarked recoil pad giving it a 14" length of pull. An excellent 500 that will likely be a good home defense shotgun. (208280-4) {MODERN} (150/250)
1824. **SPRINGFIELD MODEL 1884 TRAPDOOR** serial #426192, 45-70, 32 5/8" barrel with a dark bore that shows oxidation and pitting with some areas of visible rifling. The metal surfaces are an overall dull oxidized patina with freckling throughout, heavy oxidation on buttplate and some light pitting at rear of barrel. The stock rates fair with an added oil finish, a repaired crack at wrist, a few other scattered cracks, a 2" chip missing at right of action, a spliced-in repair between bands, scattered dings, handling marks and scratches. The lockplate is an earlier one dated 1873, the breechblock is the Model 1884 and there is no rear sight present. A good restoration candidate or parts donor. (208279-7) {ANTIQUE} (200/400)
1825. **UNMARKED EUROPEAN SINGLE SHOT SHOTGUN** serial #355, 12 Ga, 42" plain barrel choked full with a good plus bore that shows some scattered oxidation and pitting. The metal surfaces are an overall dull gray oxidized patina with oxidation staining and freckling throughout. The checkered walnut stock rates very good with flattening points, flaking oil finish, a tight 1" crack on the underside of forend, scattered dings, handling marks and scratches. The grooved hard rubber buttplate has a 1" crack at top, dirt staining throughout and some flaking. The gun features a simple open rear sight, a bead front sight, a sling swivel on butt and on barrel. The shotgun is marked "K.F.C. 12" on the left side of the receiver and this is an interesting shotgun overall. (208238-74) {MODERN} (100/200)
1826. **TANFOGLIO TA-90 SEMI AUTO PISTOL** serial #G0226, 9mm, 4 1/2" barrel with a very good bore that shows one small spot of oxidation. The metal surfaces of this CZ-75 style pistol retain 90% original phosphate with some light silvering spots, overall scattered light freckling. The smooth walnut grips rate very good retaining much of their factory varnish with a few dings, handling marks and scratches. The slide is numbered matching to the frame, the pistol has a white outline rear sight and white ramp front sight. A single unmarked magazine is included with this pistol. A very good example of these Italian made CZ-75 clones. (208290-304) {MODERN} (200/400)
1827. **TAURUS PT-92 SEMI AUTO PISTOL** serial #B70521, 9mm, 5" barrel with an excellent bore. The metal surfaces of this Beretta 92 clone retain 98% original blue and black enamel with a few scattered spots of silvering. The Taurus marked grips rate very good plus with some light scratches and handling marks. This model features a traditional non-decocker safety and a magazine release that is mounted at the bottom left of the grip. A single Taurus 15-round magazine is included. An excellent condition Taurus PT-92. (208290-302) {MODERN} (200/400)

1828. **MARTINI HENRY SHOTGUN CONVERSION** about .50 Cal, 33" smoothbore barrel with a very good plus bore that shows some minor oxidation. The metal surfaces retain about 70% of a period reapplied blue finish with oxidation staining throughout the buttplate, overall scattered freckling, thinning and fading. The walnut stock rates very good with a period varnish finish, a plug reinforcement at right rear of forestock, a small repair on left side of forestock, a faint British cartouche on right side of butt, a 1/2" crack at heel, a few chips, scattered dings, scratches, abrasions and handling marks. This shotgun was converted from a British Martini Henry military rifle, it has a fixed rear sight and both the left side of barrel and lever are numbered "740". There is an original cleaning rod present that has a broken piece at the jagged end. An interesting piece of history that was possibly used as a guard gun in the British empire. (208152-1) {ANTIQUE}(300/500)
1829. **U.S. MODEL 1917 BOLT ACTION RIFLE BY EDDYSTONE (SPORTERIZED)** serial #1016171, 30-06, 24" shortened barrel with a very good bore that shows light pitting and frosting but strong rifling. The metal surfaces are an overall dull gray patina with some scattered oxidation staining and freckling. The Fajen Monte Carlo stock rates very good with some staining, a 1/2" crack behind the safety, a few dings and handling marks. The rifle has a globe front sight, an unmarked aftermarket peep sight and a hole on top of the rear of receiver. The rear sling swivel is missing but the front sling swivel is present. An interesting sporterized military rifle. (208303-63D32516) {MODERN} (125/250)
1830. **STEVENS MODEL 59A BOLT ACTION SHOTGUN** .410 Bore, 24" plain barrel choked full with a good bore that shows scattered oxidation. The metal surfaces retain 95% original blue with scattered light freckling and silvering. The hardwood stock rates very good with some flaking of the factory varnish, light dings and handling marks. A solid bolt action shotgun overall. (208301-14) {C&R} (75/150)
1831. **YUGOSLAVIAN M59/66A1 SEMI AUTO RIFLE** serial #R-642414, 7.62x39mm, 20" barrel with a dark bore that shows oxidation and pitting. The metal surfaces retain 85% arsenal blue with a couple light dings on top cover, some freckling on magazine, scattered silvering and thinning. The hardwood stock rates very good with some trench art on the right side of butt that appears to be a name, a 1/4" chip in front of charging handle, scattered dings, scratches and handling marks. The parts are mismatched, the gas tube is loose and there is a Century import marking on the right side of barrel. A good example of these Yugoslavian SKS rifles. (208290-63) {C&R} (150/300)
1832. **DUTCH BEAUMONT-VITALI 77/88 BOLT ACTION RIFLE** serial #31, 11mm Beaumont, 32" barrel with a dark oxidized pitted bore. The metal surfaces of this 1877 dated rifle are an overall dull brown oxidized patina with some scattered pitting, the buttplate showing heavier oxidation, the magazine and bands are a dull mustard yellow patina with oxidation throughout. The walnut stock rates fair with an added dark oil finish, large chip behind upper tang with a repaired crack running to the wrist, another repaired crack running from the right side of magazine to the bottom of barrel, a 2 1/2" crack on a faint Dutch cartouche, a few further scattered cracks, chips, dings handling marks, scratches and abrasions. The bolt is matching to the receiver, the front lower triggerguard screw and cleaning rod are missing. The bolt is not closing properly and it will require mechanical attention to fix. A good wall hanger or parts donor rifle. (208252-12) {ANTIQUE} (25/50)
1833. **U.S. M1 CARBINE BY WINCHESTER (SPORTERIZED)** serial #1313284, 30 Carbine, 18" Winchester barrel with a very good plus bore that shows some light frosting near muzzle. The metal surfaces show a reapplied blue finish that is drifting to a brown patina, operational wear on bolt and some freckling on triggerguard. The Fajen Monte Carlo stock rates very good plus with a tastefully added oil finish, a 1/4" hairline split at upper tang, a few light dings and handling marks. The carbine has a USGI milled adjustable rear sight and an aftermarket gold dot front sight. A USGI 15 round magazine marked "G-Q" for Quality Hardware and a rubber cover are included with the rubber cover showing dirt staining. A very good sporterized carbine that may be a good varmint gun. (208002-180) {MODERN} [Charles Hadley Collection] (300/500)
1834. **BROWNING AUTO-5 SEMI AUTO SHOTGUN BY FN** serial #159826, 12 Ga, 29 1/2" plain barrel choked full with an excellent bore. The metal surfaces of this 1930 vintage shotgun retain 98% of a reapplied blue finish with a couple spots of light oxidation and a couple spots of silvering. The walnut stock rates very good with an added oil finish, a small 1/4" crack at each side of lower tang, a 4" repair to the left side of upper tang, a couple abrasions on right side of butt, scattered dings, scratches and handling marks. The FN Browning marked buttplate has a 1" area of chipping missing at toe, a few further chips and scattered dirt staining. The bolt and receiver screws are numbered matching to the receiver this is a solid 1930's Auto-5 overall. (208303-44D32526) {C&R} (150/350)
1835. **MAB GZ SEMI AUTO PISTOL** serial #22269, 32 ACP, 3" barrel with an excellent bore. The metal surfaces of this Spanish made pistol retain 50-60% original blue and black enamel with the slide turning a dull gray patina with a few oxidation spots and scattered freckling, while the frame shows some light flaking and silvering to the exposed edges. The "MAB" marked checkered grips rate very good with some light dings, handling marks and small areas of flattening points. An interesting MAB made pistol overall. (208145-12) {MODERN}(75/150)
1836. **YUGOSLAVIAN M48 BOLT ACTION RIFLE** serial #A35537, 8mm Mauser, 23" barrel with a bright excellent bore. The metal surfaces retain 98% arsenal blue with some light silvering on barrel and minor freckling on triggerguard. The hardwood stock rates very good with a small circular repair on the comb, some light black staining on butt, a few light dings and handling marks. All serialized parts are matching and there is a Cherry's import marking on the barrel. The action and inside of bolt assembly still have cosmoline inside them. A very fine Yugoslavian Mauser rifle overall. (208290-56) {C&R} (200/400)
1837. **SMITH & WESSON M&P 15-22 SEMI AUTO RIFLE** serial #DWT9757, 22 LR, 16 1/2" barrel with an excellent bore. The metal surfaces retain 98% original phosphate with some silvering on the barrel, while the polymer upper and lower receivers show a few light scuff marks. The M4 style stock and pistol grip rate excellent with a few light handling marks. The rifle features a quadrail with a front sling mount, the rifle lacks iron sights but a Bushnell 3-9x power scope is present that has a duplex crosshair reticle with clear optics. The barrel lacks a muzzle device, the stock is fixed in the rearmost position and no magazine is present. An excellent M&P 15-22 rimfire rifle. (208270-35) {MODERN} (200/300)
1838. **WEBLEY MKVI DOUBLE ACTION REVOLVER** serial #359643, 45 ACP, 6" barrel with a very good plus bore that shows some spots of light oxidation. The metal surfaces of this 1918 vintage revolver retain 98% of a reapplied nickel finish with some nickered over pinprick pitting and oxidation staining on the cylinder. The replacement smooth walnut grips display a loose fit but rate very good with an added varnish, a 1/2" crack at the bottom of the right panel, a couple small chips, dings and handling marks. The barrel and cylinder are both matching to the frame, there are three lined-out unit markings on the backstrap and British commercial proofs on the right rear of barrel. An interesting World War One Webley. (208290-295) {MODERN} (200/400)
1839. **ITALIAN M41 CARCANO BOLT ACTION RIFLE BY TERNI** serial #N8043, 6.5 Carcano, 27" barrel with a fair bore that shows oxidation and pitting throughout. The barreled action metal surfaces of this FAT42 coded rifle are an overall dull gray patina with a few light pitting spots, freckling and oxidation staining throughout their length. The magazine assembly and bands retain 95% of a later applied black enamel with some painted over pitting on magazine assembly, freckling and thinning. The beech stock rates about very good as lightly-cleaned with a 3" repair at right rear of action, a faded Italian cartouche on the left side of butt, a 3/4" crack on left side of butt, a 1/2" crack behind upper tang, a 1/2" crack to the right of cleaning rod channel, a few dings and handling marks. The stock is numbered matching to the receiver, cocking knob. The mainspring, firing pin and safety are missing and this gun will require mechanical attention to fix. A good project gun or parts donor. (208270-28) {C&R} (50/100)

1840. **NEPALESE GAHENDRA SINGLE SHOT RIFLE** 577/450, 33 1/4" barrel with a very good bore that has some oxidation and pitting but strong rifling. The metal surfaces are an overall dull gray patina with the barrel and lever being covered in a preservative, scattered oxidation and some silvering. The hardwood stock rates good plus with overall dings, handling marks and a few chips. The upper tang and the underside of the lever have Nepalese script markings. The lever appears to be weak and will need mechanical attention to fix, the rear sight elevator is frozen and the cleaning rod is bent. A black leather sling is included that shows a few minor tears, flaking, cracking and crazing. A good project gun overall. (208270-54) {ANTIQUE} (75/150)
1841. **CZ-27 SEMI AUTO PISTOL** serial #229115, 32 ACP, 3 3/4" barrel with a very good bore that shows scattered frosting and some light pitting. The metal surfaces of this "BOHMISCHE" marked pistol retain 85% of a later applied blue with the slide fading to a brown patina, scattered areas of blued-over pitting, freckling and oxidation. The CZ marked grips rate good with a 1 1/4" chip at the leading edge of the right panel, scattered dings and handling marks. The right side of the frame is marked with an "(Eagle)/WaA76" Waffenamt and the frame appears unnumbered, but not the slide. A single magazine is included that is marked "P. Mod 27" on the baseplate and it shows a few spots of oxidation and some scattered silvering. A good example of these Czech made and Nazi used pistols. (207942-120) {C&R} (100/200)
1842. **REMINGTON NYLON 66 SEMI-AUTO RIFLE** serial #2532199, 22 LR, 19 1/2" barrel with a bright excellent bore. The metal surfaces retain 95% original blue with some scattered light oxidation and a couple of light handling marks. The Mohawk brown plastic checkered pistolgrip stock rates near excellent with several light handling marks. The gun is equipped with its original sights and mounted to the grooved receiver is a Bushnell Banner 22 4x rifle scope with a duplex reticle and clear optics. Comes with a set of lens covers. (128290-109) {MODERN} (200/300)
1843. **ROSSI MODEL 92 SRC LARGE LOOP LEVER ACTION CARBINE** serial #AM031429, 45 Colt, 16" barrel with a bright excellent bore. The metal surfaces retain 98-99% original blue with a few minor handling marks. The hardwood stock and forearm rate very good to near excellent with multiple light dings and scratches. This carbine was imported by Interarms and the factory sights are intact. (128290-178) {MODERN} (100/300)
1844. **THOMPSON CENTER CONTENDER CARBINE** serial #S40276, 30-30, 17" heavy Custom Shop barrel with factory muzzle brake and a bright excellent bore. The matte stainless steel finish rates near excellent with several light superficial handling marks. The frame is engraved with light scroll surrounding a wildcat head. The Rynite pistolgrip stock and forearm rate excellent showing a couple of faint handling marks. This rifle features fiber optic front and adjustable rear sights, a center fire/ rimfire/safety selectable hammer, and is fitted with swivel studs. (128290-24) {MODERN} (300/500)
1845. **MARLIN MODEL 881 BOLT ACTION RIFLE** serial #06431394, 22 LR, 22" barrel with a bright excellent bore. The metal surfaces retain 95-97% original blue with some loss by the muzzle, a few light handling marks, and some scattered light oxidation. The checkered walnut Monte Carlo stock rates very good to near excellent with some fading of the finish and a few minor dings and scratches. The front sight is not present and a Simmons Prohunter 4x rifle scope with duplex reticle and clear optics is mounted to the grooved receiver. (128300-21S20472) {MODERN} (75/150)
1846. **SAVAGE MARK II BOLT ACTION RIFLE** serial #409492, 22 LR, 21" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a few light scratches and a little minor handling marks. The checkered synthetic pistolgrip stock rates very good to near excellent with multiple light dings and scratches. The factory sights are intact and the receiver is grooved to accommodate mounting a scope. Included are two magazines, a Tasco 3-9x rifle scope with duplex reticle and clear optics, an unmarked multi-tool and a green canvas long gun case. (128300-14S20583){MODERN} (100/200)
1847. **WINCHESTER MODEL 67 BOLT ACTION RIFLE** 22 S,L,LR, 27" barrel with a bright excellent bore. The metal surfaces retain 95% original blue with several light scratches and some scattered light oxidation. The pistolgrip stock rates about very good with multiple minor to moderate dings and scratches. The factory sights are intact. A nice shootable single shot rifle. (128303-71D31968) {C&R} (100/300)
1848. **CHARTER ARMS AR-7 EXPLORER SEMI-AUTO RIFLE** serial #A288471, 22 LR, 16" barrel with a bright excellent bore. The metal surfaces retain 98% original black finish with a couple of small handling marks. The black synthetic stock rates very good to near excellent showing a few light scratches. The stock on this take-down rifle doubles as storage for the barrel, frame and magazine. (128303-65D32617) {MODERN} (50/100)
1849. **MARLIN MODEL 336 LEVER ACTION CARBINE** serial #24051855, 30-30, 20" barrel with a bright excellent bore. The frame and action retain 80-85% high quality refinished blue with thinning towards gray on the top of the receiver and some light speckled oxidation. The sight mount filler screws have been polished flush leaving one of the screws devoid of its slot. The barrel and magazine tube have an added black enamel finish. The pistolgrip stock and forearm rate very good with several minor dings and scratches and an added finish. This carbine is an excellent candidate for the foul weather hunter. (128270-50) {MODERN} (100/300)
1850. **HENRY LARGE LOOP LEVER ACTION CARBINE** serial #183640H, 22 LR, 16" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with several minor handling marks and a little light operational wear. The walnut stock and forearm rate near excellent with a few minor dings and scratches. The factory sights are intact though the front sight hood is not present. (128303-74D24369) {MODERN} (100/300)
1851. **WINCHESTER MODEL 94 LEVER ACTION CARBINE** serial #1898959, 30-30, 20" barrel with a near excellent bright bore showing a little light frosting. The metal surfaces retain 80-85% reapplied blue with oxidation throughout. The walnut stock and forearm rate good with many dings and scratches, and it has been cleaned with an added finish. The factory sights are intact. (128300-7S20532) {C&R}(100/300)
1852. **MOSSBERG MODEL 640KD CHUCKSTER BOLT ACTION RIFLE** serial #824656, 22 Magnum, 24 1/2" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a few minor handling marks and the bolt handle toning toward gray. The checkered pistolgrip Monte Carlo stock with left side cheekpiece rates excellent showing a few light handling marks. The gun is fitted with a folding leaf rear and bead front sights and appears to have seen little use. (128303-72D30972) {MODERN} (150/250)
1853. **MARLIN MODEL 925M BOLT ACTION RIFLE** serial #96613819, 22 Magnum, 22" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a little light oxidation scattered about. The checkered hardwood Monte Carlo stock rates very good with several light scratches and dings. The front sight is not present and there is a Tasco 3-9x scope with a duplex reticle and clear optics mounted to the grooved receiver. (128270-44) {MODERN} (100/200)
1854. **MARLIN MODEL 336 LEVER ACTION RIFLE** serial #21012361, 30-30, 20" barrel with a bright excellent bore. The metal surfaces retain 97% original blue with some scattered light oxidation and a couple of scratches. The walnut pistolgrip stock and forearm rate very good with multiple dings and scratches. The factory sights are intact and the gun is fitted with swivel studs, a hammer spur, and an unmarked wide view rifle scope with clear optics and a duplex reticle. (128270-39) {MODERN} (200/400)
1855. **STEVENS MODEL 66-B BUCKHORN BOLT ACTION RIFLE** 22 S,L,LR, 24" barrel with an excellent bore. The metal surfaces retain 85% original blue with the receiver and magazine tube primarily toned to brown, some scattered freckling and light oxidation, and a few light handling marks. The walnut pistolgrip stock with a black forend tip rates very good showing multiple dings and scratches. The gun is fitted with a front globe sight, a rear aperture sight with an adjustable aperture and the sporting rear sight has been replaced with a dovetail slot blank. (128245-1) {C&R} (50/150)

1856. **FABRIQUE NATIONALE MODEL 1912 SINGLE SHOT BOLT ACTION BOY'S RIFLE** serial #343669, 22 LR, 18" barrel with a good lightly frosted bore showing some pitting towards the breach. The metal surfaces retain 95% original blue with some scattered freckling and spotty oxidation. The hardwood stock rates very good to near excellent with several dings and scratches. This simple stock does not incorporate a buttplate, has a 13 3/4" length of pull, is numbered to the gun on the butt face, and has an FN logo on its left side. (128301-24) {C&R} (50/100)
1857. **WINCHESTER MODEL 94 SADDLE RING CARBINE** serial #994095, 30 WCF, 20" barrel with a frosted bore. The refinished metal surfaces retain 98% refinished blue with a few specks of oxidation and a couple minor handling marks as well as a few older blemishes showing under the new finish. The walnut stock and forearm rate near excellent as refinished leaving some of the metal proud of the wood and showing a few minor handling marks. This 1926 carbine's factory sights are intact. (128154-13) {C&R} (400/600)
1858. **STEVENS MODEL 1915 FAVORITE FALLING BLOCK RIFLE** serial #0572, 32 Long, 22" part octagon part round barrel with a bright excellent bore. The refinished metal surfaces retain 98% refinished blue with the frame toned to plum, a scuff on the barrel, a few scattered handling marks and a few older blemishes under the new finish. The refinished walnut stock and forearm rate very good to near excellent with several light handling marks. Some of the edges of the wood were rounded during refinishing, leaving a couple of spots where the metal is proud of the wood. (128195-3) {C&R} (100/200)
1859. **WINCHESTER MODEL 60A BOLT ACTION SINGLE SHOT RIFLE** 22 S,L,LR, 23" barrel with a bright excellent bore. The metal surfaces are a gray-brown patina with remnants of original blue in protected areas and some light handling marks. The pistolgrip walnut stock rates very good to near excellent with several light handling marks and two vacant swivel stud holes. The factory sights are intact. (128241-5) {C&R} (100/300)
1860. **MARLIN MODEL 37 SLIDE ACTION RIFLE** serial #2316, 22 S,L,LR, 24" barrel with a bright very good bore with a small bulge about 9" from the muzzle. The metal surfaces retain 85% original blue with the barrel and frame beginning to tone towards brown, some operational wear, an area on the magazine tube that has faded to gray, several scattered spots of oxidation, and a few small spots of light pitting. The walnut stock and grooved forearm rate very good to near excellent with an added finish, a small crack by the hammer, an impact mark between the toe and buttplate, and a few light handling marks. (127711-16) {C&R} (300/500)
1861. **AMT 25/22 LIGHTNING SEMI-AUTO RIFLE** serial #J03243, 22 LR, 17 1/2" barrel with an excellent bore. The stainless steel metal surface rates excellent with a couple of light handling marks. The synthetic pistolgrip stock rates about excellent, also showing a few minor handling marks. The gun is fitted with a folding stainless steel tube buttstock with a ventilated recoil pad and comes with a Kassnar 4x rifle scope with clear optics and a duplex reticle mounted to the grooved receiver and a single Ruger 10/22 10 round rotary magazine. (128270-34) {MODERN} (100/300)
1862. **REMINGTON MODEL 742 WOODSMAN SEMI-AUTO RIFLE** serial #7012929, 30-06, 22" barrel with a bright excellent bore. The metal surfaces retain 97% original blue with some thinning to gray on the bottom of the receiver, a little scattered light oxidation and a few minor handling marks. The checkered walnut pistolgrip stock and forearm rate very good to near excellent with several light scratches and minor handling marks. The gun is fitted with swivel studs and an Upland Game ventilated rubber recoil pad that is larger than the stock. There is a Tasco 3-9x rifle scope with a duplex reticle and clear optics mounted to high-rise see-through rings. The factory sights are intact; no magazine is included; and it comes with a quick detachable sling. (128270-25) {MODERN} (150/350)
1863. **REMINGTON MODEL 760 GAMEMASTER SLIDE ACTION RIFLE** serial #359018, 270 Win, 22" barrel with a bright excellent bore. The metal surfaces retain 97% original blue with a little thinning to gray on the high handled areas of the receiver, a few specks of oxidation, and several light handling marks. The walnut pistolgrip stock and grooved forearm rate very good with multiple dings and scratches and some small spots of worn/flaking finish. The checkered alloy buttplate hangs slightly proud of wood. The factory sights are intact and a Tasco 3-9x scope with clear optics and a duplex reticle is mounted to the receiver on high-rise see-through rings. No magazine included. (128270-47) {MODERN} (200/400)
1864. **REMINGTON MODEL 141 GAMEMASTER SLIDE ACTION RIFLE** serial #50788, 35 Rem, 24" barrel with a bright excellent bore. The metal surfaces retain 90% original blue with light and a few areas of moderate oxidation scattered throughout. The pistolgrip walnut stock and grooved forearm rate very good with multiple dings and scratches and a few spots of worn/flaking finish. The buttstock has been dished out on the left side for a cheek rest. The gun is sighted with a front bead, the rear sight has been replaced with a dovetail blank and a Redfield aperture sight is mounted on the side of the receiver. No aperture disc included. (128250-2) {C&R} (200/400)
1865. **WINCHESTER MODEL 1902 BOLT ACTION SINGLE SHOT RIFLE** 22 Short, Long, 18" barrel with a lightly pitted bore. The metal surfaces are primarily oxidized with 30-40% original blue still present. The walnut stock shows multiple minor and several moderate dings and scratches with areas of discoloration. The metallic buttplate has one retention screw missing. (128270-42) {C&R} (30/60)
1866. **SMITH & WESSON BODYGUARD 380 SEMI-AUTO PISTOL** serial #ECF0330, 380 ACP, 2 3/4" barrel with a bright excellent bore. The metal surfaces retain 99% original blue and the synthetic frame with integral grip rates excellent. The gun has an integrated Insight laser and fixed sights. Comes with one magazine. (128270-12) {MODERN} (250/300)
1867. **WALTHER MODEL PPK/S SEMI-AUTO PISTOL BY SMITH & WESSON** serial #3142BAH, 380 ACP, 3 1/4" barrel with an excellent bore. The stainless steel slide rates near excellent with several light handling marks and the frame retains 90% original blue with some fading towards gray on the gripstrap. The checkered black plastic grips with Walther banners rate about excellent with a light handling mark or two. The rear sight is broken with one ear partially missing. (128270-11) {MODERN} (200/400)
1868. **THOMPSON CENTER CONTENDER SINGLE SHOT PISTOL** serial #154369, 22 LR, 10" octagon barrel with a bright excellent bore. The metal surfaces retain 97% original blue with some minor operational wear, some light scattered freckling and specks of oxidation and a few light handling marks. The black checkered Pachmayr Presentation grip and walnut forearm rate near excellent with some handling marks on both. The barrel is fitted with an adjustable rear and front bead sights. (128264-4) {MODERN} (150/350)
1869. **HIGH STANDARD MODEL B SEMI-AUTO PISTOL** serial #34443, 22 LR, 6 3/4" barrel with an excellent bore. The nicely refinished metal surfaces retain 98% reapplied blue with some scattered freckling and specks of oxidation, and some light pitting and minor handling marks under the new finish. The "HS" marked checkered hard rubber grips rate near excellent with some light soiling and minor handling wear. This pistol has the I-B type takedown, the slide is numbered to the frame, and it comes with a single magazine. (128142-12) {C&R} (200/400)
1870. **HIGH STANDARD SPORT KING SEMI-AUTO PISTOL** serial #355824, 22 LR, 4 1/2" barrel with a bright excellent bore. The metal surfaces retain 80% original blue with thinning on the gripstraps toning towards gray, silvering on some high edges, a few specks of oxidation with some light pitting, and a few light handling marks. The checkered brown plastic grips with left side thumbrest rate very good with a couple of tiny chips on the edge of the butt and a few light scratches. The frame and slide are numbered alike. (128142-19) {C&R} (200/400)
1871. **WINCHESTER MODEL 12 SLIDE ACTION SHOTGUN** serial #909013, 12 gauge, 26" barrel with added Cutts Compensator and a bright excellent bore. The barrel is marked choke "Full". The metal surfaces retain 90% original blue with the magazine tube toning towards dark gray and several light handling marks. The walnut pistolgrip stock and grooved forearm rate near excellent with some light handling marks. The grip has nice floral engraving and checkering added. (128238-46) {MODERN} (200/400)

1872. **WINCHESTER MODEL 94 WINCHESTER CLASSIC LEVER ACTION CARBINE** serial #3003970, 30-30, 20" octagon barrel with a bright excellent bore. The metal surfaces retain 90% original blue with light to moderate oxidation scattered about and a few light scratches. The walnut stock and forearm rate very good with multiple light dings and scratches and some areas of fading finish. The left side of the buttstock is adorned with a cougar head image and the receiver shows light scroll engraving on the flats. (128245-2) {MODERN} (150/350)
1873. **ITHACA MODEL 37 SLIDE ACTION SHOTGUN** serial #M370019298, 12 ga, 18 1/2" plain barrel choked cylinder with a bright about excellent bore and brass bead sight. The metal surfaces retain about 98% original parkerized finish with only minor handling marks. The plain hardwood pistolgrip buttstock and grooved forend rate excellent with only minor handling marks and a chip in the finish at the rear above the toeline. This shotgun is fitted with sling swivel studs and a factory rubber recoil pad which provides a length of pull of 14". (218290-141) {MODERN} (200/400)
1874. **ITHACA MODEL 37 D.S. POLICE SPECIAL SLIDE ACTION SHOTGUN** serial #371706506, 12 ga, 20" plain barrel choked improved modified with a bright about excellent bore. The metal surfaces retain about 98% original finish. The checkered walnut pistolgrip buttstock and grooved forend rate about excellent with only minor handling marks. This shotgun is sighted with a red Raybar front sight and v-notch rear and the traditional game scene was rolled on both sides of the receiver. (218290-153){MODERN} (300/500)
1875. **MOSSBERG MODEL 500 ATP SLIDE ACTION SHOTGUN** serial #H939304, 12 ga, 18 1/2" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 95% original finish. The plain hardwood pistolgrip buttstock and grooved forend rate about excellent with only minor handling marks. This shotgun is equipped with a brass bead front sight, a parkerized heat shield, sling swivels and a rubber recoil pad that provides a length of pull of 14". (218290-152) {MODERN} (150/250)
1876. **ITHACA MODEL 37 SLIDE ACTION SHOTGUN** serial #M370016504, 12 ga, 18 1/2" plain barrel choked cylinder with a bright about excellent bore with minor scratches at the throat. The metal surfaces retain about 97% original Parkerized finish with only minor handling marks. The plain hardwood pistolgrip buttstock and grooved forend rate excellent with only minor handling marks. This shotgun is fitted with a brass bead front sight, sling swivel studs and a factory rubber recoil pad which provides a length of pull of 14". (218290-154) {MODERN} (200/400)
1877. **ITHACA MODEL 69 RXL SERIES E SLIDE ACTION SHOTGUN** serial #E248505, 12 ga, 18 1/4" plain barrel choked improved cylinder with an about very good bore showing minor scratches along its length. The metal surfaces retain about 98% original blue with only minor handling marks. The plain hardwood pistolgrip buttstock and grooved forend rate excellent with very minor handling marks. This shotgun is fitted with a bead front sight, sling swivel studs and a hard rubber recoil pad which provides a length of pull of 14". (218290-158) {MODERN} (200/400)
1878. **SMITH & WESSON MODEL 916A SLIDE ACTION SHOTGUN** serial #40B778, 12 ga, 20" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 92% original blue with operational wear on the magazine tube and light pitting and handling marks on the receiver. The plain walnut pistolgrip buttstock and forend rate about excellent with minor handling marks. This shotgun is fitted with rifle sights, a rear sling swivel stud and a GG&G sling swivel on the magazine tube. (218290-155) {MODERN} (200/400)
1879. **ITHACA MODEL 69 RXL SERIES E SLIDE ACTION SHOTGUN** serial #E217621, 12 ga, 18 1/4" plain barrel choked improved cylinder with a bright about excellent bore. The metal surfaces retain about 96% original blue with only minor operational wear and handling marks. The plain hardwood pistolgrip buttstock and grooved forend rate about very good with minor dings, dents and handling marks. This shotgun is fitted with a bead front sight, sling swivel studs and a hard rubber recoil pad which provides a length of pull of 14". (218290-133) {MODERN} (200/400)
1880. **NORINCO MODEL 97 SLIDE ACTION HAMMER SHOTGUN** serial #0308477, 12 ga, 18 1/4" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces of this Interstate Arms imported shotgun retain about 95% original blue with operational wear on the magazine tube. The smooth hardwood pistolgrip buttstock and grooved forend rate excellent and this shotgun is fitted with a brass bead front sight. (218290-81) {MODERN} (200/400)
1881. **NORINCO MODEL 97 SLIDE ACTION HAMMER SHOTGUN** serial #0202999, 12 ga, 20" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces of this Interstate Arms imported shotgun retain about 97% original blue with light handling marks. The smooth hardwood pistolgrip buttstock and grooved forend rate excellent and this shotgun is fitted with a brass bead front sight. (218290-132) {MODERN} (200/400)
1882. **HIGH STANDARD SLIDE ACTION RIOT SHOTGUN** serial #3220340, 12 ga, 18" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 97% original blue with minor operational wear on the magazine tube and fading on the triggerguard. The smooth hardwood pistolgrip buttstock and grooved forend rate about excellent with minor handling marks at the toeline. This shotgun is fitted with a brass bead front sight, a rear sling swivel stud and front rail mounted fixed loop sling mount by Blue Force Gear. (218290-136) {MODERN} (200/400)
1883. **NORINCO MODEL 1893/97 SLIDE ACTION HAMMER SHOTGUN** serial #CC-06 00046, 12 ga, 18 1/16" plain barrel choked cylinder with an about very good bore with minor frosting near the muzzle. The metal surfaces of this Interstate Arms imported shotgun retain about 95% original blue with operational wear on the magazine tube and minor handling marks. The plain hardwood pistolgrip buttstock and grooved forend rate excellent with only minor handling marks. The stock is fitted with a hard rubber recoil pad which provides a length of pull of 13". (218290-160) {MODERN} (200/400)
1884. **MOSSBERG MODEL 500 ATP SLIDE ACTION SHOTGUN** serial #J105858, 12 ga, 18 1/2" plain barrel choked cylinder with an about very good bore showing minor frosting along its length. The metal surfaces retain about 95% original finish with minor operational wear and light handling marks on the receiver. The smooth walnut pistolgrip buttstock and grooved forend rate excellent with only minor handling marks. This shotgun is fitted with a brass bead front sight, sling swivel studs, heat shield and hard rubber recoil pad which provides a length of pull of 14". (218290-145) {MODERN} (150/250)
1885. **HIGH STANDARD SLIDE ACTION RIOT SHOTGUN** serial #3158266, 12 ga, 18" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 97% original blue with minor operational wear and light handling marks on the receiver. The smooth hardwood pistolgrip buttstock and grooved forend rate about excellent with minor handling marks. This shotgun is fitted with rifle sights, a rear sling swivel stud and a GG&G sling swivel on the magazine tube. (218290-163) {MODERN} (200/400)
1886. **MOSSBERG MODEL 500 ATP SLIDE ACTION SHOTGUN** serial #J100504, 12 ga, 18 1/2" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 95% original finish with minor operational wear and light handling marks on the receiver. The smooth walnut pistolgrip buttstock and grooved forend rate very good with only minor handling marks. This shotgun is fitted with a brass bead front sight, sling swivels, heat shield, a reproduction military sling and hard rubber recoil pad which provides a length of pull of 14". (218290-134) {MODERN} (150/250)
1887. **MOSSBERG MODEL 500E SLIDE ACTION SHOTGUN** serial #P800240, .410 bore, 18 1/2" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 97% original finish with minor operational wear and handling marks. The checkered hardwood pistolgrip buttstock and black painted grooved forend rate about very good with minor handling marks. This shotgun is fitted with a brass bead front sight and a hard rubber recoil pad which provides a length of pull of 14". (218290-151) {MODERN} (150/250)

1888. **WINCHESTER MODEL 1300 DEFENDER WITH SPEED PUMP SLIDE ACTION SHOTGUN** serial #L3551619, 12 ga, 18" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 98% original finish with minor handling marks. The Hogue textured black synthetic pistolgrip buttstock and grooved forend rate excellent with only minor handling marks. This shotgun is fitted with a brass bead front sight, a rear sling swivel stud and a GG&G sling swivel on the magazine tube. The stock is also fitted with a Hogue hard rubber recoil pad which provides a length of pull of 13 3/4". (218290-92) {MODERN} (200/400)
1889. **MOSSBERG MODEL 590 SLIDE ACTION SHOTGUN** serial #U215042, 12 ga, 20 1/2" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 97% original finish with minor operational wear and handling marks. The Hogue textured black synthetic pistolgrip buttstock and Magpul MOE M-Lock forend rate excellent with only minor handling marks. This shotgun is fitted with a red ramp front and ghost ring rear sight, sling swivel studs and a Hogue hard rubber recoil pad that provides a length of pull of 11 3/4". (218290-139) {MODERN} (200/400)
1890. **U.S. MARKED SAVAGE MODEL 720 SEMI-AUTO SHOTGUN** serial #76785, 12 Ga, 29" overall length plain barrel with a Champion Shooting Master adjustable choke and a bright near excellent bore. The metal surfaces retain about 95% original blue with minor fading and light handling marks. The smooth walnut pistolgrip buttstock and finger groove forend rate about very good showing minor handling marks, scratches and dings throughout. The receiver is marked with a "P/(Flaming Bomb) U.S." on the left side and these shotguns were used to train aerial gunners during World War Two. A very good condition and interesting shotgun overall. (218290-118) {C&R} (300/500)
1891. **WINCHESTER MODEL 1300 DEFENDER SLIDE ACTION SHOTGUN** serial #L2821489, 12 ga, 18" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 95% original finish with minor handling marks and scratches on the receiver. The Hogue textured black synthetic pistolgrip buttstock and grooved forend rate excellent with only minor handling marks. This shotgun is fitted with a brass bead front sight, sling swivel studs and an added GG&G sling swivel on the magazine tube. The stock is also fitted with a Hogue hard rubber recoil pad which provides a length of pull of 11 3/4". (218290-135) {MODERN} (200/400)
1892. **NORINCO MODEL 87 LEVER ACTION SHOTGUN** serial #0000610, 12 ga, 18" professionally shortened plain barrel choked cylinder with a bright about excellent bore. The metal surfaces of this Interstate Arms imported shotgun retain about 98% original blue with minor scratches and handling marks. The smooth walnut round knob buttstock and forend rate about excellent with only minor handling marks. (218290-161) {MODERN} (200/400)
1893. **MOSSBERG MODEL 500A SLIDE ACTION SHOTGUN** serial #L009251, 12 ga, 20 1/2" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 95% original finish with minor operational wear and light handling marks. The Magpul SGA black synthetic buttstock rates excellent and provides a length of pull of 13 1/2". The Magpul MOE M-Lock black synthetic forend rates excellent with an attached Picatinny rail section. This shotgun is fitted with a brass bead front sight, a front sling swivel stud and a Magpul Forward Sling Mount. (218290-86) {MODERN} (150/250)
1894. **MOSSBERG MODEL 590A1 SLIDE ACTION SHOTGUN** serial #U107249, 12 ga, 18 1/2" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 95% original parkerized finish with minor operational wear and light handling marks. The Magpul SGA black synthetic buttstock rates excellent and provides a length of pull of 12 1/2". The Magpul MOE M-Lock black synthetic forend rates excellent with an attached Picatinny rail section. This shotgun is fitted with a bead front sight, a front sling swivel stud, a Magpul SGA Receiver sling mount and a GG&G looped front sling attachment. Included with this shotgun is a Magpul MS1/MS4 QD sling adaptor and a Magpul MS1 sling. (218290-150) {MODERN} (300/500)
1895. **REMINGTON MODEL 870 POLICE MAGNUM SLIDE ACTION SHOTGUN** serial #A574489M, 12 ga, 18 1/2" plain Mossberg replacement barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 95% of the replacement blued barrel and original gray phosphate parkerized finish with the triggerguard a darker matte black. The Hogue textured black synthetic pistolgrip buttstock rates excellent. The Magpul MOE M-Lock black synthetic forend rates excellent with an attached Picatinny rail section. This shotgun is fitted with an extended magazine tube, a brass bead front sight, front and rear sling swivel studs and a Hogue hard rubber recoil pad which provides a length of pull of 12". (218290-84) {MODERN} (200/400)

1896. **GERMAN SAUER BÄR FOUR SHOT POCKET PISTOL** serial #3089, 7mm, two 2 7/16" barrels, the top with a bright about excellent bore showing minor frosting along its length and the bottom barrel with a near very good bore with pitting along its length and a ding at the muzzle that has impinged on the rifling. The metal surfaces of this pistol retain about 92% original blue, the loss due to fading on the left side of the "Bär Pistol" marked barrels and the bottom of the frame with minor pinprick pitting and oxidation staining throughout. The four shot vertical chamber block is stamped "England 11998/Russland/Nord Amerika" on one side and "Deutschland 98382/PATENT/Belgien 134215" on the other. The chamber block and frame are marked with a "(crown)/(crown)/U" Suhl proofmark. The checkered black Bakelite grips rate excellent with just a few chipped points. A very interesting pistol both mechanically and historically in very good condition. (218247-1) {C&R} (400/600)

1897. **REMINGTON MODEL 870 WINGMASTER SLIDE ACTION SHOTGUN** serial #T174733V, 12 ga, 18" plain barrel choked cylinder with a bright about excellent bore. The metal surfaces retain about 92% original blue, the loss due to operational wear, fading to plum and light handling marks. The Magpul SGA black synthetic buttstock rates excellent and provides a length of pull of 12 1/2". The Magpul MOE M-Lock black synthetic forend rates excellent with an attached Picatinny rail section. This shotgun is fitted with a bead front sight, a magazine tube extension and front and rear Magpul sling attachments. Included with this shotgun is a Streamlight TLR-1 rail mounted tactical light attached to the forend. (218290-85) {MODERN} (200/400)

1898. **REMINGTON MODEL 14 SLIDE ACTION RIFLE** serial #2356, 30 Rem., 22" barrel with a good plus bore showing evident rifling and moderate pitting along its length. The metal surfaces have toned to a mottled gray. The smooth walnut pistolgrip buttstock has several cracks coming back from the lower tang and is being held on by tape, the letter "J" is inscribed on the bottom of the pistolgrip and there are screws, but no buttplate present and the initials "W.J." are inscribed on the butt. The grooved forend has a 4" crack at the receiver end and is missing a screw. (218279-6) {C&R} (75/125)

1899. **WINCHESTER MODEL 1911 SL SEMI-AUTO SHOTGUN** serial #18154, 12 ga, 22" barrel choked improved cylinder with an about very good bore showing minor pitting near the muzzle. The metal surfaces of this "Widowmaker" have toned to a dull gray and pewter patina. The walnut stock has several cracks at the tang with one running the full length, the buttplate has two pieces missing from the screws outward and has a later added coat of varnish. The finger grooved forend has a few cracks at the receiver end and a later added coat of varnish. (218279-5) {C&R} (100/200)

1900. **STEVENS MODEL 620 SLIDE ACTION SHOTGUN** serial #U86583, 16 ga, 28" plain barrel poly choked with a bright about excellent bore. The barrel and magazine tube are showing operational wear and minor pitting and oxidation staining and the receiver has toned nicely to plum. The checkered walnut pistolgrip buttstock has the usual dings, dents, handling marks and flakes in the finish for its age and it wears an Ithaca hard rubber recoil pad that provides a length of pull of 13 1/2". The checkered walnut forend rates very good overall with minor handling marks and flaking, thinning varnish. (218241-6) {C&R} (100/200)

1901. **BROWNING BPS FIELD MODEL SLIDE ACTION SHOTGUN** serial #14112PT152, 12 ga, 28" ventilated rib barrel choked modified with a bright about excellent bore. The metal surfaces retain about 98% of a reblued finish. The heavily varnished checkered pistolgrip buttstock and forend rate about very good with moderate scratches and handling marks. This shotgun is fitted with a bead front sight and a factory hard rubber recoil pad that provides a length of pull of 14 1/4". (218252-5) {MODERN} (100/200)
1902. **H & R PARDNER SINGLE BARREL SHOTGUN** serial #CAC 418097, 12 ga, 27 1/2" plain barrel choked modified with an about very good bore showing oxidation staining near the throat and minor scratches along its length. The metal surfaces retain about 95% original finish with minor oxidation staining. The smooth walnut pistolgrip buttstock and forend rate excellent overall. This shotgun is fitted with a brass bead front sight and has a length of pull of 14 1/4". (218290-87) {MODERN} (100/200)
1903. **REMINGTON MODEL 760 GAMEDMASTER SLIDE ACTION RIFLE** serial #109374, .270 Win., 22" barrel with a bright excellent bore. The metal surfaces retain 90% original blue with loss due to silvering along the working parts, contact points and some of the high edges. The rifle has a silver bead front sight with sporting rear sight and the receiver is drilled and tapped for scope mounts. The checkered pistolgrip buttstock and forend rate very good with a repaired chip at the toe, some scattered light handling marks, and spots of flaking varnish. A White Line ventilated recoil pad is fitted to the stock and sits proud of the wood. The rifle remains in overall very good condition. (108303-42D32642) {C&R} (200/400)
1904. **H&R MODEL 999 SPORTSMAN DOUBLE ACTION REVOLVER** serial #32864, 22 LR, 6" barrel with a bright excellent bore. The metal surfaces retain 95% original blue with spots of silvering at the muzzle, turn ring along the nine shot cylinder, and scattered spots of light fine oxidation staining. The revolver has fixed sights and the checkered walnut grip rates excellent with a few light handling marks. (108290-38) {C&R} (200/400)
1905. **RUGER MARK II TARGET SEMI-AUTO PISTOL** serial #211-69238, 22 LR, 5 1/2" bull barrel with a bright excellent bore. The stainless surfaces rate excellent and have a few light scratches and scattered specks of fine oxidation staining. The pistol has a fixed front sight with adjustable blade rear sight. The checkered rubber wraparound Pachmayr Signature Model grip rates excellent. A single ten round factory magazine is included. (108290-276) {MODERN} (200/400)
1906. **RUGER STANDARD MODEL SEMI-AUTO PISTOL** serial #16-12501, 22 LR, 6" tapered barrel with a bright excellent bore. The metal surfaces retain 90% original blue finish with areas of silver at the muzzle, breech, along the high edges and grip frame with several light scratches. The pistol has standard fixed sights and the checkered hard rubber grips rate excellent. Included with this '80s era pistol is a single 10 round magazine. (108290-277) {MODERN} (250/350)
1907. **REMINGTON 870 EXPRESS MAGNUM SLIDE ACTION SHOTGUN** serial #B812969U, 20 ga., 25" ventilated rib, Rem Choke barrel with a bright excellent bore. The metal surfaces retain 98% original Parkerized finish with a few light scattered scratches. The shotgun has a single silver bead front sight and the checkered hardwood stock rates very good plus with overall light handling marks and spots of flaking varnish. The shotgun comes with four chokes to include: (1) Rem Choke Modified, (1) Carlson's Choke Rifled, (1) Blackout Turkey, and (1) Red Head/Carlson's Full and they come in a MCM Case-Gard choke tube case with three assorted T-handle wrenches. (108245-3) {MODERN} (250/350)
1908. **STOEGER/LLAMA MODEL IX-A SEMI-AUTO PISTOL** serial #752840, .45 ACP 5 1/8" ventilated rib barrel with a bright excellent bore. The metal surfaces retain 95% original blue finish with a few scattered light handling marks and spots of silvering along some of the high edges. The front section of the barrel rib has been bent slightly and there are some light tooling marks there as well. The pistol has a fixed front sight with adjustable rear sight and the smooth walnut logo grips rate excellent. Included with the pistol is a single seven round factory magazine. (108270-17) {MODERN} (250/350)
1909. **CZ 452 ZKM SCOUT BOLT ACTION RIFLE** serial #B141074, 22 LR, 16" barrel with a bright excellent bore. The metal surfaces retain 98% original blue with a couple of light scratches. The rifle has a hooded front blade sight with adjustable sporting rear sight and the smooth walnut pistolgrip stock rates excellent having a few light handling marks. A single 5 round magazine, original factory box and manual are included. (108270-56) {MODERN} (150/250)
1910. **RUGER NEW MODEL SINGLE-SIX REVOLVER** serial #64-03134, .22 Cal, 5 1/2" barrel with bright near very good bore that has light pitting halfway down its length. The metal surfaces retain 50% poorly applied blue finish with moderate flaking on the anodized surfaces. The front sight has been altered and the rear adjustable blade sight remains correct. The smooth walnut stocks with Ruger medallions rate very good under an added layer of clear finish and the revolver seems to time correctly and lockup remains tight. A great tackle box gun or restoration project. (108264-2) {MODERN} (150/250)
1911. **WINCHESTER MODEL 62 SLIDE ACTION RIFLE** serial #20475, 22 S, L, LR, 23" tapered round barrel with a fair bore that has thin evident rifling showing light pitting and a minor ring halfway down its length. The metal surfaces are a mix of gray and brown patinas with overall light handling marks and spots of oxidation staining. The rifle has standard sights and the rear sight is missing the elevator. The smooth walnut stock and grooved forend rate near excellent with minor light handling marks and flaking varnish. (108303-66D32666) {C&R} (150/250)
1912. **MOSSBERG MODEL 500AG SLIDE ACTION SHOTGUN** serial #J271541, 12 ga., 18 1/2" barrel choked improved cylinder with bright excellent bore. The metal surfaces retain 85% fading blue finish with overall light scratches, spots of silvering along the high edges and from operational wear with light fine oxidation staining. The shotgun has a single brass bead front sight and is stocked with a Pachmayr Presentation pistolgrip and Magpul tactical synthetic forend in overall excellent condition. (108290-79) {MODERN} (100/200)
1913. **MAVERICK MODEL 88 FIELD SLIDE ACTION SECURITY SHOTGUN BY MOSSBERG** serial #MV36006D, 12 ga., 18 1/2" barrel choked cylinder with heat shield and bright excellent bore. The metal surfaces retain 90% original blue with scattered spots of oxidation staining, scratches, and silvering. The shotgun has a single brass bead front sight and the synthetic checkered pistolgrip stock and grooved forend rate excellent. (108290-78) {MODERN} (100/200)
1914. **NEW ENGLAND FIREARMS PARDNER MODEL SB1 SINGLE BARREL SHOTGUN** serial #ND262156, 12 ga., 18 1/2" shortened barrel with a bright excellent bore. The metal surfaces retain 85% applied blue and matte blue finishes likely done at time of barrel shortening. The break action shotgun has a single brass bead front sight and will accept 3" shotshells. The synthetic black stock rates excellent. (108290-90) {MODERN} (50/75)
1915. **HARRINGTON & RICHARDSON TOPPER MODEL 88 SINGLE BARREL SHOTGUN** serial #AT312220, 12 ga., 18 1/4" shortened barrel with screw-in choke (improved cylinder) and has a bright excellent bore. The barrel retains 85% faded blue with overall light fine oxidation staining and has a single brass bead sight. The frame shows vibrant case-hardened colors and the smooth semi-pistolgrip buttstock and semi-beavertail style forend rate excellent with a few light handling marks. (108290-157) {MODERN} (50/100)
1916. **HARRINGTON & RICHARDSON HANDI-RIFLE** serial #CBA411566, 45-70 Govt., 22" barrel with bright excellent bore. The metal surfaces retain 95% original blue finish with spots of oxidation staining on the hammer and trigger. The rifle has a fixed blade front sight with adjustable sporting style rear sight and is factory drilled for a scope mount. The smooth semi-pistolgrip walnut stock and forend rates excellent and this would make a great little rifle that will provide a lot of bang for your buck. (108290-3) {MODERN} (100/200)

1917. **THOMPSON CENTER ARMS NEW ENGLANDER HALF STOCK PERCUSSION RIFLE** serial #126516, 54 Cal., 26" round barrel with about very good lightly oxidized bore. The metal surfaces retain 90% original blue finish with scattered light scratches and spots of oxidation staining with bold case-hardened colors showing on the lock and hammer. The left handed rifle is missing the rear sight and a tang mounted aperture sight has been installed. The walnut stock rates very good with several light handling marks scattered along its length. A wooden ramrod is included. (108278-8) {ANTIQUÉ} (150/250)
1918. **CABELA'S MODEL 1858 NEW ARMY PERCUSSION REVOLVER BY PIETTA** serial #127604, .44 Cal, 8" barrel with a bright excellent bore. The stainless surfaces rate excellent with a few light scratches and turn ring along the cylinder. The brass triggerguard has toned to a dark ochre color. The smooth walnut grips rate about very good with a few light handling marks and there is a chip at the top of the right panel. (108251-14) {ANTIQUÉ} (150/250)
1919. **EUROARMS MODEL 1858 NEW ARMY PERCUSSION REVOLVER** serial #05033, 44 Cal., 8" barrel with a bright excellent bore. The barrel, frame, and cylinder retain 95% original blue with several tiny scratches, spots of fine oxidation staining and evident turn ring along the cylinder. The hammer and trigger show vibrant case-hardened colors and the brass triggerguard has a dark ochre patina. The walnuts grips rate very good plus with several scattered light dings. (108290-30) {ANTIQUÉ} (150/250)
1920. **ARMY SAN MARCO 1860 ARMY PERCUSSION REVOLVER** serial #D12963, 44 Cal., 7 1/2" barrel with a bright excellent bore. The barrel and cylinder retain 98% original blue with a few specks of light fine oxidation staining and there is faint turn ring along the cylinder. The hammer/trigger and loading lever show mottled case-hardened color and rate excellent. The brass frame and triggerguard have a goldenrod patina with spots of light verdigris and fine oxidation staining. The hardwood grips rate excellent and this replica will need mechanical attention as the timing is slightly off. (108290-172) {ANTIQUÉ} (100/200)
1921. **IVER JOHNSON ARMS & CYCLE WORK 22 SUPERSHOT SEALED EIGHT DOUBLE ACTION REVOLVER** serial #L4900, 22 LR, 6" barrel with a bright very good bore with light frosting in the grooves. The metal surfaces retain 85% original blue with loss due to flaking, silvering at the muzzle and along the barrel with scattered spots of light fine oxidation staining and moderate turn ring along the cylinder. The hammer and trigger show strong case-hardened colors. The one-piece checkered walnut grip rates excellent with a couple of light handling marks and a spot of flaking varnish near the base. This second model revolver times well and lockup remains tight. (108207-5) {C&R} (100/200)
1922. **TRADITIONS TRAPPER PERCUSSION PISTOL** serial #14-13-053628-01, 50 Cal., 9 3/4" barrel with a bright about excellent bore. The barrel retains 98% blue and the brass hardware has a lovely goldenrod patina. The percussion pistol has double set triggers an adjustable rear sight and includes a ramrod. The walnut stock is in overall excellent condition. (108290-90) {ANTIQUÉ} (75/150)
1923. **LYMAN PLAINS PERCUSSION PISTOL** serial #A483849, 54 Cal., 8" barrel with bright about excellent bore. The barrel retains 98% original blue and the lock and hammer show vibrant case-hardened colors. The brass hardware has a pleasing ochre patina and the smooth walnut stock rates excellent. (108290-89) {ANTIQUÉ} (75/150)
1924. **THOMPSON CENTER ARMS BLACK DIAMOND INLINE MUZZLE LOADING RIFLE** serial #2655, 50 Cal., 22 1/2" barrel with a very good dark bore. The metal surfaces retain 95% blue with overall light scratches and spots of fine oxidation staining. The inline rifle has a Weaver K4 scope with post and crosshair reticle that has slightly cloudy optics and the front fiber optic sight has been removed. The checkered black Rynite stock rates excellent. A black nylon sling is included. (108178-46) {ANTIQUÉ} (150/250)
1925. **IVER JOHNSON ARMS & CYCLE WORKS THIRD MODEL SAFETY AUTOMATIC HAMMER DOUBLE ACTION REVOLVER** serial #G20626, .32 S&W, 3" barrel with a bright excellent bore. The barrel, frame and gripstrap retain 95% original nickel-plate with some small spots of flaking and oxidation staining with a light turn ring along the cylinder. The hammer and trigger show mottled case-hardened color and the triggerguard is mostly blue flaking to brown. The hard rubber owl's head grips rate excellent and the revolver locks up tight and times correctly. (108301-21) {C&R} (100/200)
1926. **THOMPSON CENTER ARMS OMEGA MUZZLE LOADING RIFLE** serial #Z44141, 50 Cal., 28" round barrel with a bright excellent bore. The metal surfaces retain 98% original blue finish with a few light scattered scratches and some contaminate staining at the rear of the barrel around the factory drilled and tapped holes for a scope base. The rifle has Tru-Glo fiber optic sights and is set up for #209 primer ignition. The black composite checkered Z5 weather shield stock rates excellent and a black 1 1/8" web adjustable sling is included. (108303-83) {ANTIQUÉ} (100/200)
1927. **BERETTA MODEL 21A BOBCAT SEMI-AUTO PISTOL** serial #BES95009U, 22 LR, 2 1/2" barrel with a bright excellent bore. The metal surfaces retain 90% of their original matte blue finish with loss to silvering from scratches, high edge and operational wear. The black checkered logo grips rate very good plus with overall light handling marks and mostly crisp points. A couple of the grip screws show minor slot wear and a single 7 round magazine is included. (108142-4) {MODERN} (100/200)
1928. **NEW ENGLAND FIREARMS PARDNER TRACKER SB1 SINGLE BARREL SHOTGUN** serial #NC228865, 12 ga., 24" barrel choked cylinder with a bright near excellent bore with some light pitting at the breech end. The metal surfaces retain 90% evenly thinning blue finish with a few light scratches and specks of light fine oxidation staining. The break action shotgun has sporting style sights and the composite pistolgrip stock and forend rate excellent. (108290-77) {MODERN} (50/100)
1929. **SMITH & WESSON SECOND MODEL 32 SAFETY HAMMERLESS REVOLVER** serial #100287, .32 S&W, 2" shortened barrel with bright very good bore that has spots of light pitting in some of the grooves. The metal surfaces retain 95% original nickel-plated finish with spots of light flaking, numerous light scratches, turn ring along the cylinder and spots of oxidation staining. There are no sights on this revolver and the checkered hard rubber logo grips rate very good with a repair to the top of right side panel. (108241-8) {MODERN} (75/150)
1930. **TRADITIONS MODEL 1858 NEW ARMY REVOLVER BY PIETTA** serial #R309999, .44 Cal., 8" barrel with a bright excellent bore. The metal surfaces retain 99% original blue finish. The hammer and trigger show mellow case-hardened colors and the brass plated triggerguard rate excellent. The smooth walnut grips are in excellent condition and included with this black powder revolver is the original factory box correctly end labeled and numbered to the gun with manual and related paperwork. (108290-33) {ANTIQUÉ} (150/250)
1931. **C.V.A. BRASS FRAME MODEL 1851 NAVY REVOLVER** serial #D53694, .44 Cal., 7 1/2" barrel with bright excellent bore. The barrel, trigger, and cylinder retain 98% original blue with no visible turn ring along the cylinder. The loading arm and hammer show vibrant case-hardened colors and the brass frame has a bright golden rod patina. It appears as if this black powder replica has spent its life in the box and seen little if any use. Included is a correct factory box not numbered to the gun with warranty booklet. (108290-32) {ANTIQUÉ} (150/250)
1932. **TRADITIONS MODEL 1860 COLT ARMY REVOLVER BY PIETTA** serial #P72401, .44 Cal., 8" barrel with a bright excellent bore. The barrel, backstrap, and cylinder retain 99% original blue and the frame, loading lever, trigger, and hammer show vibrant case-hardened colors. The smooth walnut grips rate excellent and included with this black powder revolver is the original factory box numbered to the gun with manual and related papers. (108290-31) {ANTIQUÉ} (150/250)
1933. **WINCHESTER MODEL 1200 STAINLESS POLICE SLIDE ACTION SHOTGUN** serial #L2056662, 12 ga., 18" barrel with bright excellent bore. The metal surfaces retain 90% original matte stainless finish with several light scratches and spots of flaking along the left side of the receiver. The shotgun has a silver bead front sight with fold down rear blade sight and the smooth pistolgrip buttstock and grooved forend rate excellent. (108303-57D32321) {MODERN} (100/200)

1934. **WINCHESTER MODEL 1300 TURKEY SLIDE ACTION SHOTGUN** serial #L2836218, 12 ga., 22" ventilated ribbed barrel with screw in Imp/Mod choke with bright excellent bore. The metal surfaces retain 95% original black matte finish with some light silvering along the high edges. The receiver has been factory drilled and tapped for a scope however one filler screw is missing. The black checkered composite stock and forend rate excellent. (108300-19S20474) {MODERN} (150/250)
1935. **WINCHESTER MODEL 67 BOLT ACTION RIFLE** 22 S, L, LR, 27" barrel with a bright excellent bore. The metal surfaces retain 90% blue flaking to brown finish with several light scattered scratches and a few specks of light fine oxidation staining. The bolt body retains 85% bright chrome finish with spots of light fine oxidation and minor flaking on the ball. The smooth pistolgrip walnut stock rates excellent with scattered light handling marks and the checkered hard rubber Winchester buttplate rates very good having a small crack emanating from the lower screw. A nice example that likely still is a tack driver. (108303-63D32558) {C&R} (150/250)
1936. **ITHACA MODEL 300 SEMI-AUTO SHOTGUN BY SKB** serial #S46972, 12 ga., 28" plain barrel choked modified with a bright excellent bore. The metal surfaces retain 95% original blue and black finishes with a few light handling marks. The shotgun has a single silver bead sight and the checkered pistolgrip and finger groove forend rate excellent with a few minor scattered handling marks. (108303-58D32549) {MODERN} (100/200)
1937. **WINCHESTER MODEL 1500 XTR SEMI-AUTO SHOTGUN** serial #NX010939, 12 ga., 28" ventilated rib barrel choked modified with a bright excellent bore. The metal surfaces retain 98% original blue finish with a few light scratches. There is a single silver bead sight and the checkered pistolgrip buttstock and forend rate very good with a few light scattered handling marks and an area where the varnish is heavily flaked on the right side of the buttstock likely from exposure to a contaminant. (108303-43D32480) {MODERN} (150/250)
1938. **C.V.A. BUCKHORN MAGNUM MUZZLE LOADING RIFLE** serial #61-13-076587-07, 50 Cal., 24" round barrel with about good partially oxidized bore. The metal surfaces retain 90% blue finish with scattered oxidation. The front fiber-optic sight is missing and a Red Head 3-9X muzzle loading scope with duplex reticle and crisp clear optics. The Monte-Carlo black textured composite stock rates excellent overall. The rifle comes with a padded nylon sling, ramrod, and the bolt handle is not seated but present. The gun has added leopard pattern duct tape wrapped around most of the barrel, scope and along the stock and is sure to help speed up your shouldering time. (108300-17S20475A) {ANTIQUE} (50/75)
1939. **HARRINGTON & RICHARDSON MODEL 2 1/2 SINGLE ACTION SPUR TRIGGER REVOLVER** serial #178, .32 RF, 3" octagon barrel with a fair lightly pitted and oxidized bore. The metal surfaces retain 75% original flaking nickel-plated finish with spots of oxidation staining heaviest on the right side of the frame. The hard rubber shield emblem checkered grips rate very good plus with lightly worn points. The revolver times correctly and lockup remains tight. (108218-53) {ANTIQUE} [Ken Waters Collection] (100/200)
1940. **HOOD FIREARMS COMPANY ROBIN HOOD NO.3 1/2 SPUR TRIGGER REVOLVER** serial #7969, 2 1/2" octagon barrel with a good lightly pitted bore. The metal surfaces retain 95% nickel plated finish and are engraved with loose scroll and geometric patterns. There is light, fine oxidation staining scattered about and a light turn ring along the cylinder. The hammer and trigger show mottled case-hardened colors and the smooth walnut birdshead grips rate excellent. The action is strong and lockup remains tight. (108247-3) {ANTIQUE}(100/200)
1941. **LEE ARMS COMPANY RED JACKET NO.3 SPUR TRIGGER REVOLVER** serial #8403, .32 RF, 2 3/4" octagon barrel with a dark pitted bore. The metal surfaces retain 50% original flaking nickel-plated finish with areas that have turned predominantly brown. The hammer and trigger have dulled to dark pewter and the smooth walnut birdshead grips rate very good overall with light handling marks. (108218-52) {ANTIQUE} [Ken Waters Collection] (50/75)
1942. **THOMPSON CENTER ARMS OMEGA MUZZLE LOADING RIFLE** serial #Z63281, .50 Cal., 28" barrel with a good oxidized bore. The metal surfaces retain 95% original blue with scattered light scratches and overall light, fine oxidation staining. The rear fiber-optic has been removed and an unmarked holographic sight has been installed. The checkered black composite Z5 weather shield stock rates near excellent with a few light scuffs and handling marks. (108303-80) {ANTIQUE} (75/100)
1943. **THOMPSON CENTER ARMS BLACK DIAMOND MUZZLE LOADING RIFLE** serial #70210, .50 Cal., 22 1/2" barrel with a bright excellent bore. The metal surfaces retain 80% blue, flaking to brown, finish with overall light scratches and spots of fine oxidation staining. The rear sight has been removed and a Traditions 3-9X scope with circled duplex reticle and clear crisp optics has been installed. The checkered black Rynite stock rates excellent and included is a light duty black plastic travel case and sling. (108140-23S20175) {ANTIQUE}(150/250)
1944. **THOMPSON CENTER ARMS OMEGA MUZZLE LOADING RIFLE** serial #15819, .50 Cal., 28" barrel with a dark oxidized bore. The metal surfaces retain 85% blue, flaking to brown, finish with overall light scratches and fine oxidation staining. The rifle has a one piece Weaver base with adjustable rear sporting style sight and an orange fiber-optic front sight. The checkered black composite Z5 weather shield stock rates excellent with a few light handling marks. Included is a padded Avery sling with a Mossy-Oak style pattern. (108270-26) {ANTIQUE} (50/75)
1945. **MERIDEN FIREARMS COMPANY TOP BREAK REVOLVER** serial #195828, .38 S&W, 3 1/4" barrel with fair, lightly pitted bore. The metal surfaces retain 85% nickel-plated finish with loss due to flaking, oxidation staining and pin-prick pitting. The loss is concentrated mostly on the cylinder front, barrel and barrel latch. The hammer and trigger show remnants of case-hardened colors and the checkered hard rubber grips rate good with mostly rounded points a few ling dings and a small section of the heel missing from the right side panel. (108270-18) {C&R} (75/100)
1946. **H. KOON SNAKE CHARMER SINGLE BARREL SHOTGUN** serial #13821, .410 bore, 18 1/8" barrel with a bright excellent bore. The stainless steel surfaces rate very good with light staining and brown undertones throughout. The black molded pistolgrip buttstock and forend rate near excellent with several scattered light scratches and handling marks. (108290-159) {MODERN} (75/100)
1947. **IVER JOHNSON ARMS & CYCLE WORKS SAFETY HAMMERLESS REVOLVER** serial #L30266, 32 S&W, 3 1/4" barrel with a dark oxidized bore. The metal surfaces retain 70% nickel-plated finish with overall flaking, spots of light pitting with oxidation staining. The cylinder is mostly rusted and the revolver does seem to cycle correctly. The owl's head hard rubber grips rate good overall with mostly rounded points and has a chip missing from the right side panel. This would make a great parts gun. (108270-19) {C&R} (50/75)
1948. **IVER JOHNSON & CO. FIRST MODEL SAFETY AUTOMATIC HAMMER REVOLVER** serial #17408, .32 S&W, 3 1/2" barrel with a fair dark pitted bore. The metal surfaces are mostly a dull gray patina with traces of blue in protected areas and have overall fine oxidation staining. The checkered owl's head grips have faded to brown with mostly rounded points and remain in about very good condition. The timing is slightly off and it does not lock up tightly. This early production revolver would make a great parts gun or restoration project. (108107-10) {ANTIQUE} (25/50)
1949. **IVER JOHNSON AMERICAN BULL DOG DOUBLE ACTION REVOLVER** serial #3045, 32 RF, 2 7/16" octagon barrel with a dark oxidized and pitted bore. The nickel-plated surfaces retain 80% original flaking finish with areas of loss that have toned to brown. There is active oxidation and spots of light pitting on the frame, in front of the cylinder and at the muzzle. The cylinder pin is seized in place, however the cylinder still rotates. The hard rubber eagle motif grips rate excellent and this revolver will need mechanical attention as it does not function properly. (108203-7) {C&R} (50/75)

1950. **HOOD FIREARMS COMPANY MARQUIS OF LORNE SPUR TRIGGER REVOLVER** serial #2793, .32 RF, 2 1/2" round barrel with a fair, dark pitted bore. The metal surfaces retain 85% flaking nickel-plated finish with spots of active oxidation and pitting. The cylinder pin is seized however the cylinder still rotates. The smooth walnut birdshead grips rate very good with a few light handling marks and a small sliver missing from the right panel. This revolver will need mechanical attention as it does not function correctly. (108145-13) {ANTIQUE} (25/50)
1951. **HOPKINS & ALLEN FOLDING HAMMER REVOLVER** serial #2481, .32 S&W, 2 3/4" octagon barrel with a fair bore that is bright with scattered pitting its entire length. The metal surfaces retain 90% original flaking nickel plated finish with loss due to flaking and oxidation staining. The revolver will need mechanical attention as it does not function properly. The black checkered hard rubber grips rate excellent, having slightly rounded points. (108145-14) {C&R} (25/50)
1952. **HARRINGTON & RICHARDSON YOUNG AMERICA DOUBLE ACTION REVOLVER** serial #9886, 22 Short, 2" octagon barrel with a dark oxidized bore. The metal surfaces retain about 20% flaking nickel plated finish blending with a mostly dark brown patina. The cylinder pin has been soldered in place, the front sight is missing, and the revolver will need mechanical as it does not function properly. The checkered hard rubber grips rate very good overall with light handling marks and slightly worn points. (108145-15) {C&R} (25/50)
1953. **HOPKINS & ALLEN FOREHAND MODEL 1801 TOP BREAK REVOLVER** serial #B8904, 32 S&W, 3 1/4" round barrel with dark pitted bore. The metal surfaces retain 80% flaking nickel-plated finish with heaviest flaking at the hinge pin and along the barrel. The cylinder is no longer present and the hard rubber shield grips rate very good with a tiny sliver missing from the right side panel. (108270-20) {C&R} (25/50)

Edged Weapons

1954. **GRAS BAYONET LOT** This lot consists of a French Model 1874 Gras bayonet with scabbard. The bayonet measures 25 1/2" with a 20 1/2" blade marked for the St. Etienne arsenal and dated "1877" along the spine. The blade remains mostly bright while the hooked quillion guard and grip are a rich brown with areas of light surface oxidation. The wood grip panels rate excellent and have a few light dings, the brass pommel has a mild ochre patina. The blued steel scabbard retains most of its original blue with some scattered light handling marks and specks of light oxidation as well. Both the guard and the scabbard are numbered alike. A near excellent example overall. (46016-21)
1955. **FRATERNAL SWORD LOT** This lot consists of a German made fraternal sword for the Knights of the Golden Eagle with scabbard, belt and hanger. The sword measures 34" long with a 24" blade simply stamped "GERMANY" on its ricasso. The blade retains much of its original chrome plating, the flaked areas revealing areas of brown oxidation. The handle features an eagle pommel with coat of arms "K.G.E." logo on the winged guard and has a bone grip. The scabbard features ornate hanger points with the upper depicting the biblical Samson destroying the Philistine temple, the lower has the initials "PK". A silver linked chain hanger attaches the sword to the accompanying black leather belt. A very good condition example overall. (46016-22A)
1956. **SWORD LOT** This lot consists of a non-regulation eagle head U.S. Officers sword with scabbard. The sword measures about 36 1/2" long with a 31 1/2" etched blade. The blade features foliate and military etched scenes and has a mottled gray patina and areas of light surface oxidation throughout. There are several small nicks along the edge. The grip is brass featuring an eagle head pommel, the knuckle guard portion has been removed. There are remnants of the original mother-of-pearl grip panels which sadly have been removed. The brass has a mild ochre patina. The included scabbard is shorter than the blade, but otherwise oversized and a poorly fitting overall, a later replacement. The included brown leather belt is attached via silver linked chain. An about good example overall. (46016-22B)
1957. **PRUSSIAN BAYONET LOT** This lot consists of a Prussian Model 1865/71 "Faschinenmesser" sawback bayonet with scabbard. This brass handled bayonet measures 23 3/4" long with a 18 1/2" sharpened blade that is marked "A & E Holler / Solingen" on the ricasso. The ricasso is also marked with "g" and there is a "(crown) / FW / 59 / (crown)" at the base of the spine. The guard is marked "8.P.E.2.167". The steel has areas of light pitting and a mild gray patina throughout. The brass has several light handling marks and a light ochre patina, screws have minor slot damage. The included leather bodied scabbard has a brass throat and chape, the throat is marked the same as the guard. The leather has some light crazing and cracking, the seam along the back is becoming separated. A very good example overall of these early blade style bayonets. (47884-17A) [Craig Brown Collection]
1958. **GERMAN BAYONET LOT** This lot consists of a German Model 1871 sword bayonet with scabbard. The bayonet measures 23" long with a 18" wide, double edged fullered blade. The blade measures about 1 1/2" wide and is marked "GEBR. WEYERSBERG / Solingen" on the ricasso. No other markings are present on the blade, but the guard is marked "13.P.E.2.414" and is stamped over the crown proof. This marking suggests the bayonet was issued to Württembergisches Pionier-Bataillon Nr.13 located in Ulm. The tip of the blade is slightly malformed. The steel surfaces have areas of light to minor pitting and light gray patina, the brass grip has a few light handling marks and a mild ochre patina. The leather bodied scabbard has a brass throat and chape, the markings on the throat match the guard and the brass is in similar condition as the grip. The leather has some light crazing and flaking but remains intact. A very good to near excellent example of these very rare bayonets. (47884-17B) [Craig Brown Collection]
1959. **GERMAN BAYONET LOT** This lot consists of a German Model 1871 sword bayonet with scabbard. The bayonet measures 23" long with a 18" wide, double edged fullered blade. The blade measures about 1 1/2" wide and is marked only with what appears to be a "G" on the ricasso. No other markings are present on the blade, the guard is marked "T.A.XIII.59". The steel metal surfaces remain mostly bright and have areas of light pitting and gray patina, the brass grip has a few light handling marks and a mild ochre patina. The leather bodied scabbard has a brass throat and chape, the markings on the throat match the guard and the brass is in similar condition to the grip. The leather has some light crazing but remains intact. A near excellent example of these very rare examples. (47884-17C) [Craig Brown Collection]
1960. **GERMAN BAYONET LOT** This lot consists of a German Model 1871 sawback bayonet with scabbard. The bayonet measures 23 1/2" long with an 18 1/2" sawback blade marked "W.R.KIRSCHBAUM / Solingen" on the ricasso, and "(crown) / W / 74 / (crown) / D" along the spine. The guard is marked "108.R.7.129", though part of the stamping is light. The steel has a gray patina and there are a few areas of light pitting. The brass grip has a moderate reddish-ochre patina and is heavily faded, the ribbed portion is almost worn smooth. The included leather bodied scabbard has a brass throat and chape, the throat is numbered to the guard. The leather has moderate crazing and flaking but is overall intact. An about very good condition example overall. (47884-17D) [Craig Brown Collection]
1961. **PRUSSIAN THEATER KNIFE LOT** This lot consists of an early 19th century Prussian "Hirschfanger" saber bayonet that has been modified to a fighting or hunting knife configuration. The knife measures 15 1/2" long with a 10" blade. The blade has been heavily sharpened and reshaped, and has areas of minor oxidation and pitting, there are no visible markings remaining. The brass bird's head style grip features a simple cross guard, one side has been broken off. The side has a brazed pin style retention system, the hardware has been removed. The brass has a moderate ochre patina and several light handling marks, the grip is numbered "479". An interesting early piece similar to Prussian bayonets from the 1810-1840's era. (47884-17E) [Craig Brown Collection]

1962. **FRENCH BAYONET LOT** This lot consists of a French 1892 style Mannlicher Berthier bayonet with scabbard and frog. The bayonet measures 20 1/4" long with a 15 3/4" blade that is simply marked with a "(diamond)B" logo on the ricasso. The metal surfaces have some areas of light pitting and mottled gray patina, the tip is slightly malformed. The quillion has been removed and the button is missing for the lug release. The wood grip panels rate very good and have a few light dings and other handling marks. The included steel bodied scabbard is a rich mottled brown and has some areas of light oxidation as well. The black leather frog has some light crazing but remains mostly supple. A very good example overall. (47884-17F) [Craig Brown Collection]
1963. **AUSTRIAN BAYONET LOT** This lot consists of an Austrian Model 1891 Mosin-Nagant bayonet with scabbard and frog. The bayonet measures 19 3/4" long with a 17" cruciform blade that is marked with an Austrian eagle at the base. The metal surfaces are a mottled brown with areas of blue and light surface oxidation mingling about. The round steel bodied scabbard has remnants of a military green finish that is moderately flaking. The brown leather frog remains supple. A very good example overall. (47884-17G) [Craig Brown Collection]
1964. **BAYONET LOT** This lot consists of two Mosin-Nagant socket style bayonets. First is an Austrian style 1891 model with scabbard that measures 20" long with a 17" cruciform blade. The bayonet retains nearly all of its original blue with sparse areas of light surface oxidation. The round metal scabbard it a mottled gray with areas of brown blending throughout. The second is a Russian 91/30 bayonet that measures 19 1/2" with a 16 3/4" cruciform blade, and is in similar condition to the first but without a scabbard. Both are in very good condition. (47884-17H) [Craig Brown Collection]
1965. **GERMAN BAYONET LOT** This lot consists of a German Model 1917 Ersatz bayonet with scabbard and frog. This all steel bayonet measures 22 1/2" with a 17 1/2" triangular blade that is marked only with what appears to be a "(crown) / G" stamped on the ricasso. The blade is mostly a mottled gray, the grip has a flaking green painted finish. The included round, steel bodied scabbard is mostly gray as well, the black leather frog has some light crazing but is still mostly supple. A very good example overall. (47884-17I) [Craig Brown Collection]
1966. **GERMAN BAYONET LOT** This lot consists of a German 1917 style Ersatz bayonet that measures 21 1/2" long with a 16 3/4" triangular blade. The blade is mostly a mottled brown with areas of light pitting and surface oxidation throughout. The steel grip is fashioned more like the traditional K98 design with grooves and the outline similar to that style grip. No scabbard is included. An about very good example overall. (47884-17J) [Craig Brown Collection]
1967. **GERMAN BAYONET LOT** This lot consists of a German Model 1915 Ersatz bayonet with scabbard. The bayonet measures 17 1/4" long with a 12" unmarked blade. The steel has light to more moderate pitting throughout. The tip is slightly malformed. The grip is made of brass which is lightly tarnished and has light handling marks throughout. The steel bodied scabbard has some of its green painted finish, the majority being a brown metal. These brass handled examples are believed to have been used primarily by German Police forces and are considered rare. A very good example overall. (47884-17K) [Craig Brown Collection]
1968. **GERMAN BAYONET LOT** This lot consists of a German Model 1916 Ersatz bayonet with scabbard and frog. The bayonet measures 17" long with a 12" bright steel blade that is unmarked with the exception of a tiny proof stamp along the spine. The cast steel grip retains a small amount of the original green paint and has mostly flaked to brown. The included steel bodied scabbard has much of its green painted finish the balance being a mottled brown. The reverse side has a single dent. The brown leather frog has some minor crazing but remains mostly supple. A near excellent example overall. (47884-17L) [Craig Brown Collection]
1969. **GERMAN BAYONET LOT** This lot consists of a German Model 1916 Ersatz bayonet with scabbard and frog. The bayonet measures 17" long with a 12" blade that is unmarked and has soft edges and mottled gray throughout. The cast steel grip has faded to as mottled brown and has several light handling and tool marks. The included steel bodied scabbard is a mottled brown as well. The brown leather frog has some moderate crazing along with light cracking and small tears. An about very good example overall. (47884-17M) [Craig Brown Collection]
1970. **BELGIAN BAYONET LOT** This lot consists of a German made Ersatz Model 1915 bayonet with scabbard for the Belgian Model 1889 rifle. The bayonet measures 17" long with an about 12 1/4" sawback blade that is unmarked. The metal surfaces have mottled gray and brown blending with areas of light pitting. The grip is more brown and features a hooked quillion guard and closed muzzle ring. The included steel scabbard is in similar condition and has some light dents and surface oxidation along with remnants of green paint. A very good example made for Belgian NCO's. (47884-17N) [Craig Brown Collection]
1971. **FRENCH BAYONET LOT** This lot consists of a French Model 1886/35 Lebel bayonet with scabbard. It measures 18" long and has a 13 1/4" bright steel cruciform blade that has some light gray patina and fine pitting along with a few small dings and nicks along the edges. The silver alloy grip has some light handling marks and the hooked quillion guard is blue that is flaking heavily to brown. The round steel scabbard is in similar condition as the guard but the two are not numbered alike. Overall a near excellent example. (47884-17O) [Craig Brown Collection]
1972. **FRENCH BAYONET LOT** This lot consists of a French Model 1886/91/16/35 Lebel bayonet with scabbard and frog. It measures 16" long and has a 11 3/4" cruciform blade. The steel surfaces have a mottled gray patina with areas of fine pitting. The silver alloy grip has some light handling marks. The round body steel scabbard is in similar condition, the brown leather frog has some minor cracking and small tears. Overall a very good example. (47884-17P) [Craig Brown Collection]
1973. **FRENCH BAYONET LOT** This lot consists of a French Model 1874 Gras bayonet with scabbard and frog. The bayonet measures 25 1/2" long with a 20 1/2" blade that has a slight downward bend. The spine is dated "1879". The metal surfaces have a light gray patina, the brass pommel has a light tarnish. The wood grip panels have a few light handling marks. The included steel scabbard rates excellent and includes most of its original black finish. The scabbard and hooked quillion guard are numbered alike. The brown leather frog remains supple but has some light crazing and small cracks. A very good condition example overall. (47884-17Q) [Craig Brown Collection]
1974. **FRENCH BAYONET LOT** This lot consists of a French Model 1874 Gras bayonet with scabbard. The bayonet measures 25 1/2" long with a 20 1/2" bright steel blade, the spine is dated "1876". The remaining metal surfaces have a light gray patina, the brass pommel has a light tarnish. The wood grip panels have a few light dings and handling marks. The included steel scabbard has a few small dents and areas of light surface oxidation, both it and the hooked quillion guard are numbered alike. A very good condition example overall. (47884-17R) [Craig Brown Collection]
1975. **DUTCH BAYONET LOT** This lot consists of a Dutch Model 1895 Artillery bayonet with scabbard and frog. The bayonet measures just under 16" long with an 11" t-backed blade marked "HEMBRUG" on the ricasso. The metal surfaces retain most of the original blue with some areas of light speckled surface oxidation and light wear along the edges. The wood grips rate excellent and have a few light handling marks. The included leather scabbard has an integral frog and has light scuffs and some light flaking and crazing throughout. An excellent example overall. (47884-17S) [Craig Brown Collection]
1976. **DUTCH BAYONET LOT** This lot consists of a Dutch Model 1895 Artillery bayonet that measures 15 3/4" long with an 11" blade that has a re-shaped tip. The blade is t-backed and marked "HEMBRUG" on the ricasso. The metal surfaces retain much of the original blue with areas of light surface oxidation scattered about. The wood grip panels rate excellent. A very good condition example overall. (47884-17T) [Craig Brown Collection]
1977. **POLISH BAYONET LOT** This lot consists of a Polish Model 1922 Mauser bayonet with scabbard and frog. The bayonet measures 15" long with an about 10" blade that is marked "F.B. / RADOM" on the ricasso and dated "1939" with the Polish eagle on the reverse. The metal surfaces are gray with speckled patina, there are some light nicks and handling marks along the edge of the blade. The wood grip panels rate very good and have small dings and handling marks as well. The included steel bodied scabbard is in similar condition and the black leather frog has some light crazing but is still quite supple. An excellent example overall. (47884-17U) [Craig Brown Collection]

1978. **CZECH BAYONET LOT** This lot consists of two Czech VZ-24 bayonets with scabbards and frogs. Each measures about 17" long with a 11 3/4" blued steel blade and have wood grip panels. The steel bodied scabbards are flaking to gray and have light surface oxidation blending through. One appears to be marked "ART" under a small Waffenamts type eagle proof, its black leather frog has some minor crazing and light cracking. The other is marked "dot" and has a small amount of oxidation with pitting on the guard, its frog's retention strap is broken with a portion missing. Two very good to near excellent examples overall. (47884-17V) [Craig Brown Collection]
1979. **RUSSIAN BAYONET LOT** This lot consists of a Russian SVT 40 bayonet with scabbard. The bayonet measures 14 1/4" long with a 9 1/2" blade, the edge has been sharpened. The guard has been modified with the muzzle ring removed, the latch hardware is missing from the pommel. The metal is a mottled gray, the wood grip panels have a few small dings and handling marks. The steel bodied scabbard has some light dings and dents and includes the original canvas frog. An about very good example overall that may have been modified for use by the German military. (47884-17W) [Craig Brown Collection]
1980. **BAYONET LOT** This lot consists of two bayonets one Austrian, the other Czech. The first is an Austrian Mannlicher Model 1895 bayonet with scabbard marked "ERNST BUSCH / SOLINGEN" on the ricasso and is numbered "612" on the guard. The bayonet measures 14" long with a 9 1/2" blade. The metal is a light gray overall and the wood grip panels rate very good with light dings and handling wear. The blued steel scabbard and brown leather frog rates excellent. The second is a Czech VZ-24 bayonet the measures 17" long with an about 11 1/2" blade which has remnants of blue and is a mottled gray throughout with some areas of light pitting. The ricasso is marked "1942 / 3/KEB55 / 132" with the "csz" logo on the reverse. The wood grips rate very good with a few light handling marks, there is no scabbard included. (47884-17X) [Craig Brown Collection]
1981. **U.S. BAYONET LOT** This lot consists of a U.S. M7 bayonet by Imperial with scabbard. The bayonet measures 11 3/4" with a 6 3/4" blade. The included M8A1 scabbard has a green composite body and canvas frog assembly. An excellent example overall. (48244-11A)

1982. **PATRIARCHS MILITANT FRATERNAL SWORD BY LILLEY** This is an Independent Order of Odd Fellows (IOOF), 28" blade, 34 1/4" overall length. The blade remains bright overall with some scattered light scuffs and specks of oxidation along the foible and tip still retaining much original gold wash. The blade is etched "J.J. Cronin" in riband between a lamb and lion and flowing tendrils on the obverse side while the reverse side is etched with crossed shepherds crook and sword with chained links, shields and matching tendrils and the ricassos are etched with Lilley Co. maker mark and intertwined "PM". The cast brass hilt retains nearly all its bright gold wash and features an alternating double quillon guard, pierced crossguard with crossed sword and crook emblem and a crown-topped globe pommel. The leather covered handle with brass wire wrapping rates near excellent with light scuffs. The nickel plated tubular steel scabbard remains bright with an area of flaking and oxidation toward the tip chape. The decorative brass mounts remain bright and are numbered "7" on the rear of the chape. A great looking IOOF fraternal sword. (58165-4) (350/550)
1983. **U.S. SOCKET BAYONET LOT** This lot consists of a U.S. Model 1835 socket bayonet. The bayonet is marked "U.S." on the face flute and it is an overall dull brown patina with oxidation throughout much of its length. The locking ring is present, the socket measures 2 5/8", the blade 18" and the face flute 16 11/16". No scabbard is included with this bayonet. (208009-3A)
1984. **JAPANESE BAYONET LOT** This lot consists of a late-war Japanese Type 30 bayonet made by Toyoda Automatic Loom works. The metal surfaces are an overall dull brown patina with a few spots of freckling. The Asian hardwood handles rate very good overall showing the expected dings and handling marks. This bayonet has the rectangular pommel, wraparound grips, straight crossguard and unfulfilled blade. There is no scabbard included with this bayonet. (208238-61A)
1985. **JAPANESE BAYONET LOT** This lot consists of a Japanese Type 30 bayonet made by Toyko Arsenal and a scabbard. The blade is finished brightly and it shows dried cosmoline and some scattered oxidation staining spots. The hooked crossguard and pommel are a dull brown patina with oxidation staining and freckling throughout. The Asian hardwood handles rate very good with some staining, scattered dings and scratches. The scabbard shows a moderate dent on the left side and scattered freckling and oxidation staining. (208238-60A)
1986. **BELGIAN BAYONET LOT** This lot consists of Belgian double edged bayonet and scabbard for the FN-49 semi auto rifle. The blade appears unmarked and it retains about 90% of an arsenal parkerized finish with scattered silvering and light freckling. The crossguard and pommel retain 95% of an arsenal enamel finish with scattered flaking and the wooden grip panels rate very good plus with a few dings and handling marks. The scabbard retains 90% of an arsenal enamel finish with a large grind mark area on top and some scattered light flaking. (208127-9A)
1987. **GERMAN BAYONET LOT** This Lot consists of a German K98k bayonet, scabbard and leather frog. The bayonet is coded "43 fze" and the blade retains 90% arsenal blue with scattered silvering and thinning. The pommel and guard show a thinning blue finish with scattered silvering and freckling throughout and the tang shows a few dings. The brown bakelite grips rate very good with a ding on the right panel, some light handling marks and further light dings. The leather frog shows some light flaking particularly around the strap. The steel scabbard is numbered differently than the bayonet and it shows scattered freckling and light oxidation. (208244-3A)
1988. **GERMAN BAYONET LOT** This lot consists of a German K98k bayonet, scabbard and leather frog. The bayonet is maker marked "E.u.F.Horster" and the blade retains 85-90% arsenal blue with scattered silvering, oxidation specks and several dings on the spine. The crossguard and pommel show a fading blue finish with silvering and oxidation staining. The brown bakelite grips rate very good with scattered handling marks and light scratches. The brown leather frog is coming apart with loose stitching, scattered flaking and dirt staining. The steel scabbard appears unnumbered and it has turned to a dull brown patina with traces of a black enamel finish, a couple minor dents, silvering and oxidation freckling throughout. (208281-25A)

1989. **GERMAN BAYONET LOT** This lot consists of a German K98k bayonet, scabbard and leather frog. The bayonet appears to be coded "3asw" and the blade retains about 85% original blue with scattered silvering and a few tiny dings on the spine. The crossguard and pommel are turning to a dull gray patina with generous traces of original blue, scattered silvering, light oxidation staining and freckling. The wooden grips rate very good with some light dings, minor staining, light scratches and handling marks. The steel scabbard is numbered matching to the blade and it shows a thinning original blue with, silvering, light oxidation and oxidation staining. The leather frog shows scattered dirt staining, flaking and the beginnings of separations in the stiches. An honest matching K98k bayonet that will go well in your K98k collection. (208268-2A)
1990. **UNMARKED FANTASY MACHETE** This one-piece stainless steel machete measures 24 3/8" overall with a 16" blade equipped with a 3 3/8" unsharpened bowie style false edge with a single notch possibly for wire cutting, and a serrated sawtooth center along the top edge. The metal remains overall bright and is marked "CHINA" on the rear obverse blade flat. The handle is wrapped in woven black nylon and is equipped with a large washer-shaped pommel. Included is a black nylon reinforced vinyl shoulder sheath with adjustable carry strap. (56417-12)
1991. **PHILIPINO BARONG** This barong measures 24" overall with a 17 1/4" blade that measures 2 1/2" at its widest point. The blade has scattered spots of dried grease, fine oxidation and pitting. There is a 1 5/8" chip along the main edge on the reverse side and two modest cracks in the obverse side where the layered steel has started to lift. The curved hardwood handle is accented with a silver alloy collar separated by a thin horn ring and a curved double quillon water buffalo horn pommel. The collar shows numerous dents and dings and there is a small chip missing in the horn ring, the hardwood handle has a couple long thin cracks at the shoulder and the pommel shows a small chip at the toe and moderate chipping at the heel which has worn square. There is no scabbard present. (56019-24Z)
1992. **LOT OF KUKRIS** Two total: (1) heavy-duty kukri measuring 16" overall with a 11 3/4" full tang heavily curved, single fuller dual notch blade. The blade remains overall bright with some scattered fine staining and is marked "TEMPERED STEEL / MADE IN INDIA" along the top edge of the obverse side. The rosewood grips have a raised medial center, are fastened by two large brass pins, rate very good with a few light dents and chips in the ring and are equipped with an oval brass pommel. Included is a black leather scabbard with a matching laced leather frog equipped with dual adjustable belt loops. The leather shows numerous light scuffs and stains, the seams tight and intact, the Karda and Chakamak knives are not present; (1) tourist trade kukri measuring 15" overall with a 11 1/4" heavily curved, single fuller dual notch blade. The blade is fading to dull pewter with scattered oxidation and pitting. The main edge shows moderate grinding and sharpening and the reverse side is decorated with loose punch-dot décor and is marked "INDIA". The turned black synthetic handle rates very good with light handling marks, is decorated with large and small bright pins and is centered between a cast aluminum collar and lions head pommel. The collar and pommel are slightly loose and oversized, the lions head is partially obscured by an iron nail securing the pommel to the handle. Included is a leather covered wood scabbard with Chakmak and Karda. The leather shows modest scuffs and tears, the pins securing the belt loops are no longer present and the utility knives show moderate worn wood handles and oxidized blades. (56019-24Y)

1993. **BILL MORAN KENSHAR HANWEI FORGED KNIFE**

This is a lovely copy of the famous Bill Moran Kenshar knife by Paul Chen of Henwei Swords. The knife measures 12 1/4" overall with a 7 7/8" Swedish Steel powder core blade. The Hanwei blade has an attractive layered herringbone damascus pattern surrounded by a dark charcoal gray border. The obverse ricasso is marked "BILL MORAN DESIGN" and the reverse ricasso bears the Henwei maker mark. The rosewood handle is slightly curved terminating with a knob style butt. The handle is decorated with silver wire inlay which is missing in a couple spots and is separated from the blade with a bright oval stainless steel collar. Accompanying the knife is a matching rosewood scabbard with a polished nickel collar and spiral tip finial. The front of the scabbard is decorated with a bright pin border and silver wire inlay which shows a couple small dents and missing sections. The rear of scabbard has a bright pin border closely matching the front and is equipped with a polished nickel spiral frog stud on a tear drop plate. Included is a solid oak presentation case with a dark blue baize interior. An excellent seldom encountered rendition of a great Bill Moran knife. (56020-K97)

1994. **JERNBOLAGET ESKILSTUNA CARVING KNIFE AND STEEL WITH NUGURUK SCRIMSHAWED IVORY HANDLES**

The knife measures 13" overall with a 8 5/8" stainless steel blade. The blade remains overall bright with modest scratches and grind marks along the edge from being improperly sharpened. The obverse side of the blade has crown and anchor Jernbolaget made in Sweden maker mark. The ivory handle has toned to a cream color with a few tiny chips, age checks and is scrimshawed with eskimo dog sled scene and is signed Nuguruk. The steel sharpener measures 12 5/8" with a 8 1/8" tightly grooved surface. The steel shows light wear having a dark pewter patina and is crown and anchor maker marked on the smooth rear ricasso section of the steel. The ivory handle has a matching cream colored finish with scrimshawed polar bear reaching for seal on ice drift and is also Nuguruk marked. (56020-K212)

1995. **RIZZUTO AUTOMATIC SWITCHBLADE KNIFE**

This is a mid 60's to early 70's Japanese made copy of the original Italian design measuring 4 5/8" when closed with a 3 5/8" spear point stainless steel blade equipped with a 1 1/4" false edge. The blade remains overall bright with light contact scuffing along the mid-line. The obverse side of the blade is marked "RIZZUTO ESTILETO / MILANO" along the center blade flat and vertical "STAINLESS / STEEL" on the ricasso. The stainless steel sliding double guard remains bright as does the double bolsters. The black synthetic scales are fastened by seven tiny brass pins and are lifting slightly at the front bolster. The brass opening button, locking knob and hardware have a nice bright ochre patina and the rear lanyard ring remains intact. Please note: switchblades and automatic knives can be sold to New Hampshire residents or F.F.L.'s only. (57842-3)

1996. **ANTIQUE IVORY HANDLE DAGGER**

This neat little dagger measures 8 3/4" overall with a 5 1/4" double edge carbon steel blade. The blade has toned to pewter with scattered fine oxidation staining, pinprick pitting and vertical scratches from sheath removal. The hilt is composed of a double quillon guard and ribbed ivory handle with decorative rosette pommel a German silver collar. The surfaces of the guard are nearly identical to the blade and the leather buffer washer is missing leaving the guard loose fitting and a thin ring of light oxidation around the periphery of the blade. The ivory has acquired a dark cream color with age and long drying cracks along the edges, the collar has a pale patina with fine oxidation along the edges. Included is a moderately crazed leather scabbard with separated seam, missing tip and remnants of a thin metal collar. An overall very good little dagger having a nice antique appearance. (57991-2)(400/600)

1997. **UNMARKED EUROPEAN LIGHT ARTILLERY SABER** 31 5/8" curved blade with single narrow unstopped fullers, 37 3/4" overall length. This saber somewhat resembles a French model 1829 saber except for the narrowness of the blade and fuller. The blade remains overall bright with an occasional tiny nick along the main edge and scattered patches of fine oxidation more prevalent at the guard. The hilt has a brass D-shaped guard that ends with a floral engraved downward quillon and a Phrygian pommel with a floral engraved cap and floral vine on a punch-dot background along the spine, the knucklebow is decorated with triangles and a floral center on either side. The brass has toned to a nice ochre patina and the shagreen covered handle is wrapped in braided brass wire. The shagreen shows some light scuffing with age but remains intact as does the wire and the leather buffer washer is present. There is a slight gap between the handle and guard allowing the guard to flex slightly. The frosted finish on the steel scabbard is toning to brown with a thin film of protectant and patches of oxidation, the hangers still retain generous amounts of original gold wash in protected areas. A good unmarked European saber quite possibly for U.S. import. (58180-19) [R.J. & John Waltz Collection] (175/275)

1998. **JAPANESE KATANA** This specimen measures 38" overall, 27" to the grooved brass sleeve. The blade remains bright overall with a distinct wavy temper line. The surfaces show scattered light scratches, patches of oxidation staining and nicks in the main edge, the first third of the blade, attributed to a "fought" sword. The tang is signed and the angular grooved sleeve remains bright. The brass Tsuba has a nicely tarnished ochre patina, is decorated by Japanese flowers in the corners on a punch-dot background and is separated by spacers on either side. The white ray skin wrapped wood handle remains intact, is wrapped with olive linen which has darkened with age and is centered between a floral decorated brass collar and endcap with lanyard ring. The brass ornaments and wood peg remain present and intact. The wood scabbard rates fair with a large crack towards the tip, moderately chipping and flaking black enamel and a loose iron hanger. The aluminum endcap is missing parts of its bands and the tip is no longer present. An overall very good carried katana used by its former owner. (58180-16)(400/600)
1999. **JAPANESE TYPE 30 ARISAKA BAYONET** This lot consists of a Type 30 bayonet with scabbard made by National Denki under Kokura supervision. The bayonet measures 20" overall with a 15 3/4" fuller equipped blade arsenal marked on the ricasso. The bayonet features a straight guard, angled birds head pommel and retains about 90% blue with the majority of the loss along the edges and scabbard contact wear. The wraparound hardwood grips show light dents, wear and staining along the edges of the pommel and guard. The steel scabbard shows shattered spots of flaking enamels and fine oxidation staining. (58180-20)
2000. **JAPANESE TYPE 30 ARISAKA BAYONET** This lot consists of a Type 30 bayonet with scabbard made by Toyada Automatic Loom Works under Nagoya supervision. The bayonet measures 20" overall with a 15 3/4" solid non-fullered blade, arsenal marked on the ricasso. The bayonet features a straight guard, flat rectangular pommel and retains about 85% original blue evenly thinning to brown. There is some fine oxidation at the tip and the blade has been sharpened about mid-length, additionally there is some Japanese writing along the spine of the hilt between the grip panels. The wraparound grips rate very good with a couple dents and handling marks. The steel scabbard retains about 95% original blue with scattered fine oxidation and pinprick pitting particularly along the edges. (58180-20A)
2001. **UNMARKED SOCKET BAYONET FOR A REMINGTON KEENE NAVY MODEL RIFLE** This is an unmarked socket bayonet with scabbard for a Remington Keene rifle which also fits the U.S. Model 1870 & 1871 Rolling Block rifles. The bayonet measures 20 3/4" overall with an 18 1/2" blade that is 3/4" wide and has a 2 5/8" socket and a 1 1/4" shank. The bayonet retains about 90% original blue with scattered patches of oxidation, the majority of loss along the socket and edges. There are no U.S. markings on the face flat, the clasp rotates freely. Included is a steel body scabbard without frog or hanger. The scabbard has toned to an overall brown patina with thin patches of gray and some fine oxidation staining. The metal shows a couple light dings and dents and the tip is equipped with a drain hole. An overall very good plus unmarked Remington Keene socket bayonet. (57597-19)
2002. **U.S. MODEL 1873 BAYONET** This is a U.S. Model 1873 socket bayonet with scabbard. The bayonet measures 21" overall with an 18" blade that is 3/4" wide and has a 3" socket and a 1 3/16" shank. The bayonet retains 95-98% original blue with some very light handling marks from the years and minor light silvering and spots of light oxidation along the edges. The face is U.S. marked and the clasp rotates properly. Included is a type III scabbard equipped with a drain hole in the tip and a leather frog with brass U.S. escutcheon belt hook. The body retains about 75% original blue evenly thinning to brown with scattered light oxidation staining. The leather shows light scuffing and crazing but the stitching is tight and the brass has a nice ochre patina with a few spots of light tarnish. Close in appearance to the Model 1882 Lee bayonet, the blade on the 1873 is somewhat shorter and even though the Remington Lee can utilize the trapdoor bayonet, the 1873 will not fit a Lee rifle. (57597-27)
2003. **REPRODUCTION GERMAN SA 1933 PATTERN DAGGER BY PUMA** The straight double edge blade measures 8 3/4" with an overall length from the tip to the capstan nut of 13 3/4". The blade remains bright with light horizontal runner marks and scratches from scabbard removal and a few specks of light freckling more-so at the guard. The obverse side of the blade is etched with bold centered "Alles fur Deutschland" while the reverse side is etched with fine RZM logo above "M 7/27", Puma code along with triangle Puma over Solingen marks. The nickel crossguard and pommel show spots of flaking being more modest at the edges of the grip and are loose-fitting with gaps at the sides of the grip. The fruitwood grip rates very good overall with a few light handling marks, the party eagle shows light tarnish and verdigris and the "SA" rune shows light runs along the bottom edge, both of which appear to be deeply inlaid with thin gaps along some of the edges. The steel scabbard is non-original with a crazed lightly flaking brown painted finish and flaking nickel plated iron fittings showing modest oxidation. The scabbard is equipped with "2/5/39" dated leather strap with iron hardware, the finish matching that of the fittings. An about very good post-war "mixed parts" SA dagger. (57758-25)

2004. **REPRODUCTION GERMAN SA 1933 PATTERN DAGGER BY WINGEN** The straight double edge blade measures 8 3/4" with an overall length from the tip to the capstan nut of 13 3/4". The blade remains overall bright with light horizontal runner marks and scratches from scabbard removal and a few specks of very light staining at the guard. The obverse side of the blade is etched with light but centered "Alles fur Deutschland" while the reverse side is etched with fine RZM logo above "M 7/51" Anton Wingen JR. code, above 1939, over standing knight Wingen proof mark. The nickel crossguard and pommel show scattered light flaking, staining and are loose with light gaps at the sides of the grip and rear edge of the blade. The fruitwood grip rates very good plus with light handling marks, the SA rune appears correct, the party eagle appears to be set too deep and the head partially obscured. The steel scabbard has a flaking reddish-brown painted body and the iron core fittings retain 98% bright nickel with light scratches and handling marks. A very good plus post-war "mixed-parts" SA dagger. (58050-855)
2005. **REPRODUCTION GERMAN SA 1933 PATTERN DAGGER BY VOOS** The straight double edge blade measures 8 3/4" with an overall length from the tip to the capstan nut of 13 5/8". The blade remains bright with thin horizontal scratches from scabbard removal and has a sharp central ridge. The obverse side of the blade is etched with a slightly off-center "Alles fur Deutschland" while the reverse side of the blade is etched with a shadowed RZM logo above "M 7/2" Emil Voos code. The nickel crossguard and pommel have a frosted finish with scattered pinprick flaking with a couple more modest spots of flaking on the obverse side of the pommel. The hardwood grip rates very good plus with a few light handling marks in a nice light reddish brown finish. The SA rune does not appear to be enamel and there are light gaps along the party eagle. The steel scabbard has a thick light brown enamel finish with a few light stains and the iron core fittings retain 98% bright nickel plate with a few tiny scratches and impact marks. The dagger is equipped with a flat tang and the interior of the pommel is marked "P1" with a similar partial marking on the interior of the crossguard. A very good plus to near excellent Spanish copy SA 1933 pattern dagger. (58050-856)
2006. **REPRODUCTION GERMAN SA 1933 PATTERN DAGGER BY EICKHORN** The straight double edges blade measure 8 3/4" overall with an overall length from the tip to the capstan nut of 13 3/4". The blade is starting to mellow with scattered light staining, scabbard scratches, patches of fine oxidation and has a sharp center ridge. The obverse side of the blade is etched "Alles fur Deutschland" with wavy undefined thin lines in the "A" and "D" while the reverse side of the blade is etched with a fine small RZM logo above "M 7/66" Carl Eickhorn code and 1941 date. The aluminum crossguard and pommel retain about 98% bright nickel plate with some light scratches and pinprick flaking on the pommel. The hardwood grip rates very good plus with a few light handling marks and is fitted with a flat SA rune and aluminum party eagle which does not fit properly. The steel scabbard has a dark brown painted finish which is flaking along the edges and the iron core fittings retain 90-95% bright nickel with patches of oxidation on the collar. There is no lead tip former present and one of the collar screws is missing. A very good Spanish copy of a SA 1933 pattern dagger by a renowned German blade maker. (58050-854)
2007. **REPRODUCTION GERMAN 1933 PATTERN DAGGER SCABBARD** This steel scabbard measures 9 3/4" from the edge of the throat to the tip of the final. The body retains about 90% black painted enamel with light scratches and flaking and a modest dent in one side causing a vertical 1/4" band of flaking, the opposite side is numbered "967" at the throat. The iron core fittings retain nearly all their bright nickel plate, the tip is slightly bent and dented and both screws are missing from the collar. (57671-3A)
2008. **REPRODUCTION HITLER YOUTH BY PUMA** This knife measures 9 1/2" overall with a 5 1/2" blade. The blade is mellowing to a cloudy gray with horizontal light scratches and patches of light oxidation. The obverse side of the blade is etched with an off-center diamond shaped Puma/Solingen proof on the rear third of the blade and a crooked "RZM logo M 7/27 Puma code / 1939" on the ricasso. The aluminum hilt retains about 95% bright nickel with light impact marks and scattered light staining and flaking. The checkered black plastic grips rate near excellent with a deeply recessed diamond swastika emblem in the obverse panel. Included is a steel scabbard with flaking black enamel and a lightly stained brown leather hanger. (57758-24)
2009. **REPRODUCTION GERMAN RED CROSS DRK SUBORDINATES HEWER** This heaver measures 15 5/8" overall with a 10 3/8" single edge blade equipped with stopped fullers, sawtooth top edge and flat chisel point tip. The blade is starting to mellow with scattered fine oxidation staining and is "GES. / GESCHUTZT" maker marked on the obverse ricasso behind the crossguard but is "P.D.L." (P D Lun-eschloss) maker marked on the reverse side of the flat tang. The pot metal hilt appears to be original retaining about 95% of a bubbling dull nickel finish. The pommel is bowl-shaped and the oval counterguards are plain on the reverse side, and decorated with a party eagle clutching a cross with a swastika on its breast. The black plastic grips rate very good and are checkered on the obverse side and smooth on the reverse side. The sheet steel scabbard appears to be original with a black painted body and nickel plated fittings. The paint and plating show scattered spots of flaking and oxidation. An overall very good plus "mixed parts" DRK Subordinate heaver. (58050-857)
2010. **MACHETE LOT** This lot consists of a Corneta No. 127 machete with scabbard that was manufactured in El Salvador. The machete measures 25 1/2" long and has a 20" lightly sharpened blade. The metal surfaces have overall scattered light surface oxidation but most of the original label remains on the right side of the blade. The faux bone celluloid grip scales rate very good overall with stains and a couple thin handling cracks in the obverse scale. The included tooled leather scabbard rates excellent and has fringe adornments at each end. A very good to near excellent example overall. (2X46286-8)
2011. **AUTO KNIFE LOT** This lot consists of a Boker Automat Kalashnikov 74 (01KALS74B) auto knife. The knife measures 4 1/4" closed and has a 3 1/4" partially serrated spear point blade. The grip is a gray aluminum alloy and features a side clip and push button release. Knife comes in its original two-piece AK magazine style box and is in like-new condition overall. Please note: switchblades and automatic knives can be sold to New Hampshire residents or F.F.L.s only. (47428-111B)
2012. **UNMARKED 1873 RIFLE BAYONET** This is a socket bayonet for the 45-70 trapdoor rifle. The bayonet measures 21" overall with an 18" full flute blade, 1 3/16" shank and 3" socket. The surfaces were cleaned bright now blending to brown with a thin covering of fine oxidation and "U.S." no longer visible, the clasp does rotate freely. There is no scabbard. (1X57665-10B)
2013. **LOT OF FENCING FOILS** This lot consists of a set of two fencing foils that were made in France by Alex Taylor. One measures about 36" with a 29" blade, the other 34" with a 26" blade that appears to have been shortened and reshaped at the tip. The blades are both marked with a (5) on the ricasso, have flaking nickel plated pommels and cord wrapped grips. A good set of foils overall. (1X45677-16D)
2014. **LOT OF FENCING FOILS** This lot contains a pair of fencing foils measuring 41" overall with 34 1/4" rectangular cross-section blades. The metal surfaces have a faded gun metal finish with scattered light staining, the blades show scattered light oxidation, tiny nicks and bends from use, the flat button tips remain intact. The fortes and dome shaped steel guards are lightly scroll engraved and the thin wood handles are wrapped in braided steel wire and rate very good with light cracks at the pommel. One of the foils has a loose handle which no longer lines up properly with the pommel. (1X57536-71)
2015. **FANTASY KNIFE LOT** This lot consists of three Pakistani made fantasy short swords and knives with scabbards. First is a 25" long double edged sword with a 17" blade and bone grip. The grip features a brass hilt and pommel that has mild tarnish, the bone portion has several small cracks. Second is a Japanese wakizashi style short sword that measures 17 1/2" long and has an 11 1/2" blade. Sword features a brass maltese cross-shaped tsuba and has a black and blue wrapped grip and wood scabbard. Lastly is a Chipaway Cutlery bowie style knife that measures 17 1/2" long with an 11" blade. This knife has laminate wood grip panels, the snap on the black leather sheath has become separated. All are in very good overall condition. (1X47587-20S19875A)

2016. **CARVING SET LOT** This lot consists of a bone handled carving set that includes the carving knife and fork. The knife measures 12 3/4" long with a 7 3/4" blade that is etched "Remington / KleanBlade" on the ricasso. The knife shows evidence of light sharpening. The fork is not marked and measures 9 3/4" long with a 5" fork section. Both are in very good useable condition. (1X45677-13B)
2017. **MULTI TOOL LOT** This lot consists of a SOG multi-tool with a brown leather sheath. This versatile tool features a set of needle nose pliers with six additional folding tools including a knife blade, file, Phillips screwdriver, flathead screw driver, small flathead screwdriver, and can opener. It is in excellent to as-new condition overall. (1X47428-111D)
2018. **FILIPINO MORO KNIFE** This large knife with scabbard appears to be a cross between a Filipino Minasbad and a Barong. The knife measures 19" overall with a 14 1/2" steel blade that is 1 3/4" at its widest point. The blade is crafted from 1/4" flat stock and has a slight drop point and a curved main edge that raise sharply at the ricasso. The metal shows scattered scratches, pitting and staining. The exotic hardwood saw handle grip rates excellent and a decorative scroll carved pommel. Included is a decorative carved two piece scabbard held together by three braided rattan bands. The scabbard shows some light handling marks and dirt staining but is in otherwise excellent condition. (58260-6)
2019. **KA-BAR U.S.M.C. FIRST MARINE DIVISION COMMEMORATIVE KNIFE** This attractive KA-BAR measures 11 7/8" overall with a 7" clip point blade. The blade retains 95-98% original high luster blue with an area of light oxidation and pinprick pitting towards the tip on the reverse side. The obverse side of the blade is decorated with a gilt etched Marine emblem centered between "FIRST MARINE DIVISION" and "WORLD WAR II KOREA VIETNAM" ribands and smaller campaign ribands on either side, the ricasso is marked "USMC". The reverse ricasso has a KA-BAR maker mark, is numbered "1363" and the center of the blade has been engraved "SERGEANT GERALD F. DALY. 6311 / "C" COMPANY, 1st BN, 5th MARINES. The stacked leather washer handle rates excellent, is decorated with inlaid 1st Division lapel in the center of the obverse side and is centered between a high polished gold gilted crossguard and grooved pommel. Knife is housed in a Plexiglas covered red baize lined stained wood presentation case suitable for hanging. (58278-38)
- 
2020. **BRITISH 1796 PATTERN INFANTRY OFFICERS SWORD** 32" single wide, stopped fuller blade, 38 1/8" overall length. The blade has toned to an overall smoky pewter with scattered fine oxidation and pitting with a couple patches of more moderate oxidation. There are remnants of original blue and etching still present along the forte, most of which was lost to years of polishing. The brass hilt consists of a knucklebow with investigial quillon, twin static shell guards and an urn shaped pommel. The brass retains about 75% gilt mellowing to goldenrod with ocher and gray highlights. Additionally there are some remnants of solder along the edge of the blade to possibly brace the guard which has loosened once again. The silver wrapped wire grip rates very good remaining tight and darkening slightly with age. Included is a fair condition leather scabbard with a brass throat. The leather shows moderate crazing, scuffs and tears, the last 12" of the tip has been repaired with black vinyl tape. the brass throat has an ocher patina and is loose but present. (58235-1)
2021. **PRUSSIAN M1852 CAVALRY OFFICERS SWORD** 33 1/4" single stopped fuller blade, 38 1/2" overall length. The blade is mellowing to a bright silver patina with scattered fine oxidation and scratches. The forte is decorated with etched flowing tendrils and eagle under crown, the obverse ricasso has a fading undecipherable maker mark. The hilt has a vented semi-basket guard with downward quillon, dove head pommel with wraparound ears and a brown leather grip wrapped with brass bordered silver wire and leather finger loop. The iron surfaces are toning to gun metal and pale brown with scattered fine oxidation and generous traces of original nickel plate mainly along the interior of the guard. The leather grip shows some light scuffs and staining, the braided wire remains intact as does the leather finger loop. The steel scabbard is equipped with dual suspension rings, drag and has toned to an overall pewter with scattered oxidation, scratches and impact marks. (58252-14)
2022. **U.S. MODEL 1840 LIGHT ARTILLERY SABER** 32" curved single stopped fuller blade. The blade has toned to a dark smoky gray patina with overall modest oxidation and pitting, the tip is slightly bent. The obverse ricasso is marked "CONN. / 1862", there is no visible maker mark on the reverse ricasso. The leather buffer washer is no longer present. The hilt has a brass guard that ends with a round quillon, a domed pommel and leather covered grip. The brass has a pleasing ocher patina with a few light impact marks, a "41" is deeply struck in the obverse center of the guard and the reverse side of the quillon is marked with what appears to be "86" in script or similar looking initials. The leather shows moderate crazing and flaking, there is no wire wrapping or scabbard present. (58121-5)
2023. **UNMARKED U.S. MODEL 1840 HEAVY CAVALRY SABER** 36" slightly curved blade with wide and narrow fullers. The blade is mellowing to bright silver showing marks from an old cleaning with scattered patches of light and moderate oxidation and pitting. The sword has no markings and may quite possibly be an import. The hilt has a three branch guard with Phrygian pommel and leather wrapped wood grip. The brass has tarnished to a dark antique patina with light dirt staining and verdigris starting to form where the buffer washer was once present. The leather grip wrapping shows moderate scuffing with a large section missing towards the guard and only traces of retaining wire under the pommel. The steel scabbard has faded to gray with moderate oxidation staining and shallow dents, one of the collar screws is missing. (58201-1)
2024. **REPRODUCTION GERMAN LUFTWAFFE OFFICERS SWORD BY F&A HELBIG** 30 5/8" dual edge blade lightly etched "F&A HELBIG / Gaefler / STEINBACH" in script on the obverse side of the blade. The blade has lightly mellowed to a bright silver patina with scattered fine oxidation staining and tiny surface marks; the maker mark is very light, almost becoming illegible. The aluminum guard and pommel with Sonnenrad swastikas remain overall bright with light tarnish and tiny scratches. The braided wire grip wrap remains intact and the brown leather covering shows light scuffing. There is no scabbard present. (58051-30)
2025. **GERMAN SECOND WORLD WAR LIONS HEAD OFFICERS SWORD** 33" slightly curved blade with unstopped fullers. The blade remains bright retaining most of its mirror polish with scattered light scabbard scuffs mainly along the foible. There is a mark behind the reverse ricasso but the langet prohibits proper identification. The hilt has an aluminum lion's head guard with ruby glass eyes, a reverse "P" single guard ending with a downward quillon and dual langets, the black Bakelite grip is wrapped in boarded braided brass wire. The guard is decorated with oak leaves, the obverse langet has National Party eagle clutching wreath with swastika while the reverse langet has a shield shaped monogram plate. The metal surfaces retain 95-97% mellowing gold plate with exposed aluminum surfaces along the edges, the grip and wrappings tight and intact. The steel scabbard retains 955 original black enamel with spots of flaking and oxidation staining (58050-853)

2026. **BRITISH BAYONET LOT** This lot consists of a British P1907 bayonet and scabbard. The blade appears to have been repainted with a light gray paint showing scattered oxidation staining and the markings being indiscernible. The crossguard has the same light gray appearance with oxidation staining and the pommel shows a flaking brown paint. The wooden handles rate very good as-cleaned with the letters "A" carved into one panel, "R" into the other, a few chips, dings and scratches. The metal parts of the scabbard show areas of added light gray paint with flaking and scattered oxidation, while the leather has the letter "A" carved on the backside and shows flaking throughout. (208278-35A)
2027. **U.S. BAYONET LOT** This lot consists of a U.S. M1895 Lee Navy socket bayonet and scabbard. The blade is marked with a "T" in a triangle, the blade is beginning to turn a dull gray patina with scattered dried cosmoline and scattered oxidation staining. The crossguard and pommel are a dull brown patina with oxidation throughout. The walnut handles rate very good with a dark oil finish, overall dings and handling marks from the years. The leather frog of the scabbard shows dirt staining, crackling and some flaking, while the leather scabbard shows crackling and light flaking. The metal parts of the scabbard show light freckling, fading and a couple spots of oxidation. (208238-70A)
2028. **U.S. BAYONET LOT** This lot consists of a U.S. M1892 Krag bayonet and scabbard. The blade is dated 1897 and it shows scattered oxidation staining, light pitting and dried cosmoline. The pommel and crossguard show dried grease with oxidation staining, while the walnut grips rate very good with a dark oil finish, a few light dings and handling marks. The steel scabbard shows scattered freckling and oxidation. (208238-32A)
2029. **U.S. BAYONET LOT** This lot consists of a U.S. M1917 Bayonet. The blade is maker marked by Remington, it is turning a dull gray patina with some silvering at tip and scattered oxidation staining. The crossguard and pommel are also a dull gray patina with scattered oxidation staining, while the grooved handles rate very good with an abrasion, scattered dings and handling marks. There is no scabbard present. (208238-48A)
2030. **U.S. BAYONET LOT** This lot consists of a U.S. M1905 bayonet, scabbard and tan scabbard cover. The blade is maker marked Springfield Armory, it is dated 1908 and it is also marked "324866". The blade is finished brightly and it shows some sparsely scattered light oxidation staining. The crossguard and pommel are a dull brown patina with oxidation staining throughout. The scabbard shows some oxidation staining at the top, a dent near top but due to the canvas cover we are unable to determine the condition of the rest of the scabbard. The tan canvas scabbard shows scattered staining and some flaking at the leather end. (208238-55A)
2031. **U.S. BAYONET LOT** This lot consists of a cutdown U.S. M1905 bayonet. The blade is marked "U.F.H." for Union Fork & Hoe and "OL/U. (Flaming Bomb)S./1942", the blade shows a Parkerized finish that is fading with scattered light oxidation and some silvering to the exposed edges. The crossguard and pommel show a faded parkerized finish, scattered oxidation staining, silvering and some dings on the pommel. The grooved grips rate about very good with scattered dings, flaking and dirt staining. There is no scabbard present. (208238-57A)
2032. **U.S. BAYONET LOT** This lot consists of a U.S. M1942 bayonet and scabbard. The blade is marked "U.C/U.(Flaming Bomb)/S.", the blade is an overall dull brown patina with areas of dried grease and some oxidation staining. The crossguard and pommel area, the same dull brown patina with silvering and oxidation staining. The grooved handles rate very good with some flaking and dings. The metal parts of the M3 scabbard show freckling and oxidation staining, while the scabbard itself shows scattered scratches, flaking and dings. (208238-43A)
2033. **U.S. BAYONET LOT** This lot consists of a U.S M1917 bayonet, frog and scabbard. The blade is maker marked by Remington and the blade has a two-tone appearance with the balance having a light gray patina with oxidation scattered staining, while the pommel and crossguard have a dark brown patina with scattered freckling. The grooved handles rate very good with scattered dings and handling marks. The leather frog shows crackling and crazing, while the metal parts of the scabbard are a dull brown patina with freckling throughout and the leather scabbard shows crackling, crazing and flaking throughout. (208238-49A)
2034. **U.S. BAYONET LOT** This lot consists of an M1873 style socket bayonet that fits the M1885 Remington Lee rifle and a scabbard. The right side of socket is marked simply with an "H", while the bayonet blade is unmarked, it measures 18 1/2" and it is a dull green patina with oxidation staining. The steel scabbard is unmarked, it is the same dull brown patina as the blade with scattered oxidation staining and flaking. (208238-53A)
2035. **POLISH BAYONET LOT** This lot consists of a Polish M1930 bayonet, scabbard and leather frog. The bayonet is marked "(Polish Eagle)/WP" and "FB/RADOM", the blade remains mostly bright showing scattered spots of oxidation staining. The crossguard is numbered "214", it and the pommel remains mostly bright with scattered oxidation staining and freckling. The smooth wood handles rates very good with some scattered dings and light scratches. The leather frog shows crackling, flaking and crazing throughout. The steel scabbard retains much of its arsenal blue finish with some scattered light freckling and silvering. (208043-1A)

Ammunition

2036. **AMMUNITION LOT** This lot consists of 53 rounds of boxed and loose 410 shotshell ammunition. Included are 25 rounds of Winchester 2 1/2" #9 (AA419), 25 rounds of loose Remington 3" #7 1/2 and three rounds of Remington 2 1/2" slugs (SP410RS). All are in excellent overall condition. (46016-27A)
2037. **MILITARY AMMUNITION LOT** This lot consists of two full boxes of 50, .45 Caliber 1911 ball ammunition by Federal Cartridge Co.. The headstamps are dated 1965 and all are in excellent condition. (46016-27B)

These items are in overall very good to excellent condition. (1X106229-A23FG)
2189. **SHOTSHELL AMMUNITION LOT** This lot consists of three assorted boxes of 20 gauge ammunition. Included is a partial box of Remington 2 3/4" containing 14 rounds of Express #7 1/2, one partial box of Remington 2 3/4" #6 Express Long Range with 20 rounds, and a full box of five Remington 2 3/4" slugs. All are in very good to excellent condition, some have light oxidation around the brass bases of the hulls. (1X47857-21S19875B1)
2190. **DUMMY ORDNANCE LOT** This lot consists of 295 linked rds. of dummy 7.62mm (308) ammunition. The rounds each have varying amounts of tarnish and surface oxidation with the links having areas of light surface oxidation as well. Two spare links are also included. (3X44132-1C)
2191. **PISTOL AMMUNITION LOT** This lot consists of a single box of pistol ammunition and three full boxes of brass. First is a full 50 rd. box of reloaded 10mm pistol ammunition by Continental Arms Co. in Cranston, RI. The rounds rate very good to near excellent. The three boxes of brass are all 38 Special casings, some with fired primers, some without, in varying conditions of fair to very good. (3X156924-19,20)
2192. **LOT OF AMMUNITION** This lot contains a partial 20 round box of Superior Ammunition (currently manufacturing ammunition in Summerville, S.C.) containing 15 assorted remanufactured cartridges. The cartridges are color coded along the head with green, black, red and blue stripes and the box is labeled "375 H&H, 260 gr., Nos Accubond sample pack". The cartridges have bright clean brass and remain in excellent condition. (3X107422-19B)
2193. **COLLECTOR AMMUNITION LOT** This lot includes six loose .32 cal teat-fire cartridges that show varying levels of tarnish and the cartridges are for use in the Moore's Patent Revolver. The Moore Caliber .32 teat-fire, which used a unique cartridge to get around the Rollin White patent owned by Horace Smith and Daniel Wesson, proved very popular during the Civil War, with both soldiers and civilians. (1X218037-3)
2194. **LOT OF AMMUNITION** This lot consists of three full 50 rd. boxes of 22 lr: (1) of Peters Target standard velocity rating bright excellent and with box virtually free of blemishes as it was wrapped until the time of this inspection; (1) of Remington Yellow Jacket hyper velocity; (1) of Western Super X extra power. Also included are eight mixed loose rds. of 22 LR. The overall condition is excellent. (3X77844-7)
2195. **LOT OF 22 LR AMMUNITION** This lot consists of six full or partially full boxes of mixed manufacturer 22 LR. First is one full and one partial (18 rounds) blue and yellow box of Winchester Leader Staynless LRN cartridges showing some light tarnish with missing end-flaps and some wear and tear to the box corners and edges. Second is a full blue, yellow and red box of Winchester LRN cartridges with copper colored cases and both the box and cartridges are in excellent condition. Third is a full yellow box of Winchester Yellow Jacket hyper velocity; with both the box and cartridges in excellent condition. Next is a full yellow box of Winchester Super-Speed 40 gr. copper jacketed RN cartridges that are in excellent condition and the box shows some light wear. And last is a partially full (47 rounds) red box of Monark LRN cartridges showing some mild tarnish and the box in near excellent condition showing some light wear. (1X127644-101C)

2196. **LOT OF RIMFIRE CARTRIDGES** This lot includes a full 500 round brick of Remington 22 LR High Velocity rimfire cartridges. There are ten full 50 round boxes in the green and yellow sleeve that has a few light scuffs and rounded corners. The cartridges vary in condition from very good to excellent with some having light amounts of tarnish. (1X106627-2R)
2197. **LOT OF 9MM AMMUNITION** Four boxes total. First is an unopened buff colored box containing 35 cartridges. The box is marked "9mm / Ball / Mk 2z" and stamped "RG 19-11-57A". Next is an unopened blue box marked "9mm kptr m/39" that appears to hold 36 cartridges. Third is a full 50 round buff colored box of Western 9mm (9x19) ball ammunition with lot "WCC02D035-020P" marked on the box. Fourth is a full 16 round buff colored box of 9mm (9x19) ball ammunition with steel cases with "44 dnh" head stamps. The box has a blue label marked "1944 dnh 57". The visible ammunition is in about excellent condition as are the boxes with some minor handling blemishes. (1X127644-101H)
2198. **LOT OF 9MM AMMUNITION** Four boxes total. First are two 25 round boxes (one is unopened) of 9x19 copper plated ball ammunition with a "11 / 52" head stamp. The buff colored boxes are marked in Russian. Next are two opened boxes of 9x19 copper plated ball ammunition with a "POF / 87" head stamp. The boxes are dated 1987. All the cartridges are in excellent condition and the box condition ranges from very good to about excellent. (127644-101)
2199. **LOT OF 45 MILITARY AMMUNITION** Four 20 round boxes, three full and one partially full. First is one full "1925 National Match" marked box of Frankford Arsenal 45 ACP ball cartridges with a partially opened box and the visible cartridges showing a light tarnish. Next is sealed box of Western Cartridge Co. 45 ACP Ball ammunition Lot 6130 with light wear to the box. Third is a partial box (18 rounds) of Peters Cartridge Co. 45 ACP ball cartridges in near excellent condition and the box is in very good condition with an open top. And last is a full "Cartridge Shot Caliber 45 M12" marked box from Evansville Ordnance Plant. The bullets are paper filled with shot for hunting small game. The box is missing both end-flaps and is in otherwise near excellent condition with light wear. (1X127644-101M)
2200. **LOT OF 45 MILITARY AMMUNITION** Four 20 round boxes, two full, one partially full (18 rounds) and one empty. First is a full unopened box of 45 ACP ball cartridges from Frankford Arsenal. The box is in near excellent condition with some light wear. Next is a partially full box with 18 rounds of 45 ACP ball ammunition from Frankford Arsenal. The box is missing one end and is encased in clear tape. Third is a full "Cartridge Shot Caliber 45 M12" marked box from Evansville Ordnance Plant. The bullets are paper filled with shot for hunting small game. The box is missing one end-flap and is in otherwise near excellent condition with light wear. Last is an empty Evansville Ordnance "Cartridge Shot Caliber 45 M12" marked box that is missing one end-flap and is otherwise in near excellent condition. (127644-101A)
2201. **LOT OF AMMUNITION** This lot includes a range bag with surplus 223 ammunition. The black nylon bag measures 12"x6"x8" with carry strap, handles, (6) external pockets and heavy plastic zipper. The bag is in overall very good condition and included with this lot is 444 rounds of assorted surplus .223 Rem. There are 382 brass cased cartridges and 62 steel case all in excellent condition. (107773-4)
2202. **LOT OF BLANKS** This lot consists of 7.62mm NATO blanks, all appear to be Lake City headstamped 60s-70s. Overall mostly bright with some light oxidation and tarnishing here and there. Total of 264 rounds loose, not linked. (37474-13)
2203. **LOT OF AMMUNITION** This lot consists of a partial box of the Remington UMC 32 Long Colt smokeless. The two-piece box rates about very good with a partial side label, the portion on the lower part of the box mostly missing. The face of the box shows some ingrained soiling and darkening from the years; there are roughly 20 rounds within. The balance of the lot consists of roughly 50 +/- loose rounds of 32 S&W Short and Long as well as "32 Cal. Long H&R" cartridges. There is included a burgundy hued and black-printed label from a two-piece box of 50 count, Union Metallic Cartridge Co. box. A good lot for filling out or repairing those 32 caliber boxes in your collection. (37183-9)
2204. **LOT OF MIXED SHOTSHELLS** This includes nine full and/or partial boxes of 12 ga. shotshells. First are three full 5 round boxes of Rottweil-Brenneke 12 ga., 2 3/4", 1 1/8 Oz, rifled slugs in excellent condition. Second are two full 5 round boxes of Federal Hi-Shok 12 ga., 2 3/4", 1 Oz, HP slug in excellent condition. Third is a full 5 round box of Federal Magnum Buckshot 12 ga., 2 3/4", 00 Buck in excellent condition. Fourth is a partial, mixed box (21 shotshells) of Activ 12 ga., 2 3/4" Game loads in varying shot sizes in overall very good condition. Fifth is a full 25 round box Western Super-X 12 ga., 2 3/4", 1 Oz, Rifled Slugs in overall very good condition. Last is a full 25 round box of Alcan 12 ga., 2 3/4", 1 Oz, No.6 shot in excellent condition. (107917-10D)
2205. **LOT OF MIXED SHOTSHELLS** This lot includes seven boxes. First are two full 5 round boxes of Brenneke 12 ga., 2 3/4" 1 1/8 Oz, Super Sabot Slugs in excellent condition. Second is a full 5 round box of Brenneke 12 ga., 2 3/4" 1 Oz, K.O. Sabot slugs in excellent condition. Third are two full 25 round boxes of Federal Game Loads 12 ga., 2 3/4", 1 Oz, No. 6 shot in overall excellent condition. Fourth are two boxes of Federal Duck & Pheasant 12 ga., 2 3/4", 1 1/4 Oz, No. 6 shot in very good condition. One box is full the other is a partial containing 23 shotshells. (107917-10E)

Magazines

2206. **LOT OF MAGAZINES** This lot consists of five Smith & Wesson model 52 magazines marked "38 Special Wadcutter". The five capacity steel magazines retain about 99% factory blue and exhibit little indication of use and remain in excellent condition. (76725-7)
2207. **LOT OF MOON CLIPS** This lot consists of 24 excellent condition .45 ACP full moon clips. (76725-4)
2208. **MAGAZINE LOT** This is a Finnish Suomi 71 rd., 9mm, steel drum magazine by Tikka that retains about 98% original blue finish and remains in excellent condition. (76724-345B1)
2209. **MAGAZINE LOT** This is a Finnish Suomi 71 rd., 9mm, steel drum magazine by Tikka that retains about 98% original blue finish with a couple of minor contact marks and remains in excellent condition. (76724-345B2)
2210. **MAGAZINE LOT** This is a Finnish Suomi 71 rd., 9mm, steel drum magazine by Tikka that retains about 97% original blue finish with scattered wear marks, a small spot of oxidation and remains in near excellent condition. (76724-345B3)
2211. **MAGAZINE LOT** This is an original Thompson 50 rd. magazine retaining 99% original blue finish and is virtually free of contact marks and rates excellent. Included is an excellent third-hand device also known as a bolt hold-open device for the magazine. (76724-204B)
2212. **LOT OF MAGAZINES** This lot consists of six Thompson 45 ACP, 30 rd. stick magazines with steel bodies beginning with three by Seymour Products Co. including two with mild scattered oxidation and handling marks and pitting, one with a 1" dent near the base; the third one shows a rough reparkerized finish with minor scratches. The remaining three are by Crosby and rate about very good overall with the original blued bodies showing incidents of minor surface oxidation and wear marks. (76724-204C)
2213. **LOT OF MAGAZINES** This is a lot of three excellent condition, unmarked 20 rd. M1A/M14 magazines consisting of two parkerized and one blued. (76724-345A)
2214. **LOT OF MAGAZINES** This is a lot of five unmarked Cetme 20 rd. magazines with blued steel bodies showing silvering along the high edges and rating near excellent overall. (76724-345C)

2215. **LOT OF MAGAZINES** This lot consists of four double stack, single feed, blued steel magazines suitable for the MasterPiece Arms 9mm and rating very good to excellent with scattered contact wear and one with a small area of oxidation staining and pitting. (76724-282A)
2216. **LOT OF MAGAZINES** This is a lot of five blued steel, 36 rd. Finnish Suomi 9mm magazines rating very good plus with mild wear and some oil residue on some. (76724-345E)
2217. **MAGPUL LOT** This lot consists of three Magpul MOE black polymer magazines for the AR-15/M4 series rifles. Included are one Gen 2 30 round PMAG 30 magazine, and two ten round Gen M3 PMAG 10 magazines. All three are in excellent condition. (48245-4A)
2218. **MAGAZINE LOT** This lot consists of two magazines for the early Ruger Standard Model and Ruger Mk I series pistols. One has a single follower slot with the smaller .250" diameter button on the right side; the other has the later, larger button with slots on either side. Each magazine is equipped with the chromed base and rates excellent. (47428-110C)
2219. **SPRINGFIELD ARMORY LOT** This lot consists of two 20 round factory M1A/M14 magazines. Both are in excellent condition. Also included is a Springfield factory side scope mount for the same rifle. (48278-6A)
2220. **NORINCO DRUM MAGAZINE** This lot includes a 75 round "(triangle) 36" marked steel drum magazine for an AK-47 semi-automatic rifle. The magazine is sealed in its original plastic wrap and remains in excellent condition. (108059-1K)
2221. **9MM MAGAZINES** This lot includes two unmarked steel body blued double stack magazines likely for a Hi-Power pistol. The magazines are in excellent condition and one has a plastic floor plate, the other is all steel. (107956-19)
2222. **RUGER MAGAZINES** This lot includes three blued body 9mm P85 factory magazines. The magazines have overall light usage marks and they remain in excellent condition. (107956-19A)
2223. **LOT OF MAGAZINES** This lot includes three magazines likely for the Ruger P85 pistol. First is "P85" marked blued body magazine in overall excellent condition. Second are two unmarked steel body magazines, one is a high capacity, the other standard capacity, both in overall excellent condition. (107956-19B)
2224. **LOT OF MAGAZINES** This lot includes six aftermarket high capacity steel bodied magazines likely for a Beretta 92FS or similar style pistol. The magazines have a blued finish, all with plastic floor plates in overall excellent condition. (107956-19C)
2225. **MAGAZINE LOT** This lot includes a single high capacity, likely 20 round magazine for the Taurus PT92 pistol. The magazine has a blued steel body and is in overall excellent condition. (107956-19D)
2226. **LOT OF MAGAZINES** This lot includes four unmarked steel body magazines possibly for a S&W 5906 or similar style pistol. The magazines are in excellent condition and appear to have seen little if any use. (107956-19E)
2227. **LOT OF MAGAZINES** This lot includes five unmarked steel body magazines in 9mm likely for a CZ or Smith & Wesson style pistol with the double cutout in the front. The magazines are in excellent condition. (107956-19F)
2228. **LOT OF HK 91 MAGAZINES** This lot includes four 20 round and one 30 round magazines. There are three "G3" marked magazines and one "76" dated with an unmarked 30 round aftermarket magazine. The magazines remain in excellent condition. (1X106247-49BB)
2229. **LOT OF HK 91 MAGAZINES** This lot includes seven magazines. There is one polymer 10 round, one unmarked aluminum 30 round, and five 20 round aluminum magazines, of which four are in original paper wrap and all remain in excellent condition. (1X106247-49BD)
2230. **LOT OF HK 91 MAGAZINES** This lot includes five unmarked 20 round steel magazines with blued and/or phosphate finishes, in overall excellent condition. (1X106247-49BH)
2231. **LOT OF HK 91 MAGAZINES** This lot includes five steel body 20 round magazines. There are three G3 marked magazines and two have no maker's marks. They have both blued and parkerized finishes and remain in excellent condition. (1X106247-49BE)
2232. **LOT OF HK 91 MAGAZINES** This lot includes five items. First is an unmarked loading tool for use on the G3 style magazines. The metal surfaces have a green parkerized finish showing several light scratches and it remains in excellent condition. Second are two "G3/5/62" date marked steel magazines with black phosphate finish that shows light scratches and silvering along the bases and contact points. Third is an aluminum "G3/8/65" date marked magazine with black finish that shows silvering along the base and around the high edges. Fourth is a gray parkerized finish G3 style magazine marked only "7.62X51/1B" with numerous light scratches. All magazines are in very good to excellent condition. (2X107885-21)
2233. **DPMS MAGAZINES** This lot includes two 10 round polymer magazines for an AR-15 rifle with DPMS operations manual in its original sealed packaging. The items are in like-new condition. (2X106247-49AG)
2234. **LOT OF MODIFIED UZI MAGAZINES** This lot contains two 36 round steel body magazines that have had alterations to the catch. There is a plate with a Suomi style catch that has been spot welded to the back of each magazine and both appear to remain in very good condition. (1X106247-49BK)
2235. **MAGAZINE LOT** This lot consists of two sporting rifle magazines. First is a sealed 20 round magazine for a DPMS 308 (MA-3082) rifle. Second is an aftermarket magazine for a Remington 7600 or 760 rifle which appears to be a ten round capacity. Both are in excellent condition. (1X47428-110F)
2236. **MAGAZINE LOT** This lot consists of two magazines for AR-15 style sporting rifles. First is a 20 round aluminum magazine made by ASC LLC. Second is a 30 round black composite Thermold or PMAG style magazine in its original packaging. Both are in excellent condition. (1X47428-110H)
2237. **1911 MAGAZINE LOT** This lot consists of three unmarked 1911 magazines and two tan canvas double magazine pouches. The first two magazines are two-tone with one having some light brown patina in the "white" areas. Both have lanyard bases. The third magazine is Parkerized with light wear along the bearing surfaces. The first canvas magazine pouch is made by Mills and marked with their logo and a date of "APR 1917". The second is by P.B & Co. and dated "Jan 1918". All are in very good to excellent condition. (48184-12)
2238. **1911 MAGAZINE LOT** Total of Two. The first is a blued World War Two era 7-round magazine that is marked "R" on the lip for Risdon Manufacturing, this magazine shows scattered freckling and silvering. The second is an unmarked blued 7-round magazine that is likely of World War Two era Colt manufacture and it shows scattered silvering. (208149-1A)
2239. **M1 CARBINE MAGAZINE AND POUCH LOT** This lot consists of two USGI 15 round magazines and an original dual magazine pouch. The first magazine is marked "KI" for Inland, the second is marked "IA" also for Inland and both magazines show silvering and several spots of oxidation. The magazine pouch is marked "S.FROEHLICH/1943", the pouch shows scattered staining and wear of the brass button. (208238-42A)
2240. **MINI 14 MAGAZINE LOT** This lot consists of two 30-round magazines for the Ruger Mini 14. The magazines are unmarked and one shows the remnants of a sticker, both show scattered silvering and some sparsely scattered light oxidation. (208171-36A)
2241. **LOT OF 1911 MAGAZINES** Four magazines for a Colt 1911 45 ACP pistol. Three with "Colt 45 Auto" marked base plate and one with military manufacture code marked base. (128251-30)

2242. **LOT OF BROWNING BDM MAGAZINES** Two 10 round Browning BDM 9mm magazines in near excellent condition showing some light usage and handling wear. (128251-30A)
2243. **LOT OF RUGER AND WALTHER MAGAZINES** Three total. First are two Ruger 10/22 10 round 22 LR rotary magazines that appear used in very good condition showing some minor exterior wear and soiling. Second is a Mec-Gar 8 round 380 ACP magazine with a finger rest floor plate for a Walther PP or PPK/S pistol and appears like new. (128251-30B)
2244. **LOT OF WALTHER P1/P38 MAGAZINES** Five total. First one is "Walther P1 9mm" marked. The remaining four are unmarked, two with removable floorplates and two with fixed floorplates. All are in near excellent to excellent condition and appear to have seen little use. (128251-30C)
2245. **LOT OF MAGAZINES** This is a lot of (3) nine rd., 10 mm magazines in excellent condition: (2) stainless steel marked "U.S.A."; (1) blued steel marked "MecGar". (76724-85A)
2246. **LOT OF MAGAZINES** This lot consists of four excellent condition blued steel, factory 9mm magazines for the Walther P5 pistol. (76724-96A)
2247. **LOT OF MAGAZINES** This lot consists of six excellent condition blued steel, factory magazines for S&W models 2213/2214: (3) ten rd.; (3) eight rd. Also included is an excellent and correct HKS mag. loader (Mod. 228). (76724-330A)

Optics

2248. **ZEISS SCOPE LOT** This lot consists of a Zeiss Diavari-Z 1.5-6X42 riflescope. Scope features a duplex reticle with bright excellent optics. Scope has a 30mm tube with light ring marks from having been mounted but is in excellent condition otherwise. A set of Butler Creek flip-up lens covers are included. (48076-3)
2249. **WEAVER SCOPE LOT** This lot consists of a Weaver CV9 3-9X38 riflescope. The matte black scope features a duplex reticle and has excellent optics. The tube has some light ring marks from having been mounted but overall the scope remains in excellent condition. (48100-216A)
2250. **SCOPE LOT** This lot consists of two .22 rimfire riflescopes. First is a Tasco A-71 4X15 that features a crosshair reticle and very good optics, the second is a K-Mart brand All-Pro 4X15 in the same configuration. Both feature integral grooved receiver bases and have light handling wear and some light abrasions. The Tasco includes a set of factory lens covers. Both are in very good condition. (46016-16B)
2251. **SPOTTING SCOPE LOT** This lot consists of a Tasco Model 22T 15-14X40mm spotting scope with adjustable objective focus. The scope has very good optics and includes the original collapsible tripod. Also included is a second tripod that is sturdier but is missing one of the beveled feet. A very good condition example overall. (46016-16A)
2252. **WEAVER SCOPE LOT** This lot consists of a Weaver V8 2.5-8X40 riflescope. The scope features a multi-range crosshair and has excellent optics. The scope is equipped with a set of rings and the factory lens covers and is in excellent overall condition. (46016-16C)
2253. **MARLIN SCOPE LOT** This lot consists of a vintage Marlin 4X Telescope Sight. This vintage scope is housed in its original box and includes the rings to mount to target blocks and a rubber eye piece. The body of the scope has some minor scratches and loss to the black finish exposing the brass underneath. The scope features a crosshair reticle and has very good optics that are becoming cloudy. The box has some minor foxing and staining to the original gold labels, and light fraying along the edges and corners. A very good example of these vintage optics. (47493-58)
2254. **BLAZER SCOPE LOT** This lot consists of a Blazer 8-32X44 adjustable objective riflescope. The scope features a duplex reticle and has excellent optics. This matte finish scope also features extended knobs and includes factory lens covers and a set of Millett Weaver style rings. An excellent example overall. (48244-10A)
2255. **SIMMONS SCOPE LOT** This lot consists of a Simmons 3-9X32 Hunting riflescope. This matte finished scope features a duplex reticle and has excellent optics. An excellent example overall that includes a set of See-Thru Weaver rings and the factory lens covers. (48244-7A)
2256. **LEAPERS SCOPE LOT** This lot consists of a Leapers 3-9X28 AR riflescope. Scope features a duplex reticle with excellent optics and has a bullet drop compensator. Scope is equipped with an integral carry handle mount and includes factory lens covers. An excellent example overall. (48244-11B)
2257. **WHITETAIL SCOPE LOT** This lot consists of a Whitetail 8-32X44 adjustable objective riflescope. This matte finish long range scope features extended target knobs, a duplex reticle and has excellent optics. Included are a set of Weaver rings and Butler Creek lens covers. (48244-6A)
2258. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-XIII 2.5-8 gloss blue riflescope. The scope features a duplex reticle and has excellent optics. The tube has some light ring marks from having been mounted, but overall it's in excellent condition. (48243-6A)
2259. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-XII 3-9X40 gloss finish riflescope. The scope features a duplex reticle and has bright, excellent optics. The tube has some light ring marks from having been mounted but remains in excellent condition overall. (48243-8A)
2260. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-X 2-7x Compact gloss finish riflescope. The scope features a duplex reticle with excellent optics. The tube has some light ring marks from having been mounted, but overall the scope is in excellent condition. Included is a bikini style Uncle Mike's lens cover. (48229-2)
2261. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-XII 3-9X40 gloss finish riflescope. The scope features a duplex reticle and has bright, excellent optics. There are light ring marks from having been mounted but the scope remains in excellent condition otherwise. (46520-1073A)
2262. **TRIJICON ACOG TACTICAL SIGHT COPY** This lot consists of a Airsoft copy of the Trijicon ACOG part #TA31RCO-A4 tactical sight system with the RMR (Ruggedized Miniature Reflex) combination. This 4X32 telescopic sight is a near exact copy of the original right down to the markings, and is in excellent condition. It features the LED lighted reticle and has no fiber optics. The RMR is mounted to the top of the eye piece and includes its cover. Designed to be mounted to any picatinny sight rail this is an excellent copy of the highly sought after sight system that has been battle tested and has a proven service record. The battery is not operational and will need to be changed but the unit is in excellent condition otherwise. (48140-15S20282A)
2263. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-XII 3-9X40 riflescope. The matte finish scope features a duplex reticle and has excellent optics. There are some minor ring marks from the scope having been mounted but it remains in excellent condition otherwise. A set of Ram-Line see-thru Polar Caps are included. (48279-4A)
2264. **WEAVER SCOPE LOT** This lot consists of a Weaver Marksman 4X riflescope. The scope has a crosshair reticle and very good optics. Included are a set of Weaver rings. An excellent example of these vintage scopes. (48276-5A)
2265. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-XIII 1.5-5 matte finish riflescope. The scope features a duplex reticle and has bright, excellent optics. The tube has some light ring marks from having been mounted and is in excellent condition overall. (48301-1A)

2266. **LEUPOLD SCOPE LOT** This lot consists of a Leupold Vari-XIII 1.5-5 gloss finish riflescope. The scope features a duplex reticle and has bright, excellent optics. The tub has some minor ring marks from having been mounted and is in excellent condition overall. (48301-7A)
2267. **BAUSCH & LOMB SCOPE LOT** This lot consists of a Bausch & Lomb Balvar 5 2.5-5x Power scope. The scope tube retains 98% original blue with some light spots of wear, the scope features a fine crosshair reticle and the optics are clear. (208060-44A)
2268. **WEATHERBY SCOPE LOT** This lot consists of a German made Weatherby Variable 2-7x Power Scope and a set of Weatherby Imperial rubber scope covers. The scope tube retains 98% original blue, the scope features a fine crosshair reticle and the optics are clear. The rubber scope cover shows some light wear and minor flaking. (208047-31D30947A)
2269. **BUSHNELL SCOPE LOT** This lot consists of a Bushnell 2.5x power Banner scope and a set of Japanese made rings. The scope tube retains 99% original blue and the scope has a fine crosshair reticle with clear optics. The rings are missing their fasteners and the fastener screws. (207927-19A)
2270. **FRENCH SCOPE LOT** This Lot consists of an original French APX L.806 scope, mount and eye piece. The mount fits the MAS-49 family of rifles, the mount retains 97% of an armory dark phosphate with scattered silvering and the rubber eyepiece remains intact with some light dirt staining. The scope tube retains 99% of an armory phosphate finish, the optics are clear and the scope features a post reticle. (206520-1669A)
2271. **LEUPOLD HANDGUN SCOPE LOT** This lot contains (1) Leupold handgun scope. The scope is a model M8-2X long eye relief black finished scope with duplex reticle and clear optics. There are a few small dings and dents around the ocular lens ring. A great scope for the handgun hunter. (86520-2176A)
2272. **LITSCHERT SCOPE LOT** This lot consists of a Litschert Spot-Shot 12 power rifle scope with a crosshair reticle and clear optics that is 26" overall length with a 3/4" tube showing operational wear, multiple light handling marks and a few spots of pitting. Includes adjustable mounts, recoil dampening spring and threaded lens covers. (128090-3)
2273. **STEVENS SCOPE LOT** This lot consists of a Stevens No. 53 rifle scope with a set of No. 1 mounts that has crosshair reticle and lightly cloudy optics. It measures 10 3/4" overall with a 3/4" tube that shows mount wear and a few other minor handling marks.
2274. **ZEISS SCOPE LOT** This lot consists of a Zeiss Diavari C, 3-9x36 rifle scope, 11 1/4" overall length with bright excellent optics and a duplex reticle. The matte black finish remains near excellent with a couple of light ring marks. (128261-4)
2275. **WEAVER SCOPE LOT** Weaver V22 rifle scope with crosshair reticle and clear optics, 7/8" tube, 12 1/2" overall length showing a few minor handling marks and comes with a set of rings. (128211-8A)
2276. **WEAVER SCOPE LOT** Weaver classic 600 rifle scope with crosshair reticle and clear optics, 13 1/2" overall length showing some ring marks and a few other minor exterior blemishes. (128218-16A)
2277. **SCOPE LOT** Alaskan Guide 4.5-14x50 rifle scope with duplex reticle and clear optics, adjustable objective, 14 1/2" overall length, matte black with a couple of minor exterior blemishes. (126520-889A)
2278. **LEUPOLD SCOPE LOT** Leupold Vari-X IIc 3-9x50 rifle scope with duplex reticle and clear optics, 12" overall length, gloss black showing several tiny handling marks. Comes with lens covers. (126520-2863A)
2279. **REDFIELD SCOPE LOT** Redfield Bear Cub 2 3/4x rifle scope with a post and crosshair reticle and clear optics, 10" overall length, gloss black showing light ring marks and a couple of minor handling marks. (128218-27A)
2280. **LEUPOLD SCOPE LOT** Leupold M8 Compact 4x rifle scope with duplex reticle and clear optics, 10 1/2" overall length, gloss black with light ring marks and a few minor scratches. (128218-59A)
2281. **BUSHNELL SCOPE LOT** Bushnell Banner Lite-Site 3-9x40 with duplex reticle and clear optics, 13" overall length, gloss black with light ring marks and minor handling marks. The scope has an illuminated red dot that is faint as the batteries are fading. (126520-587A)
2282. **REDFIELD SCOPE LOT** Redfield 6-18x40 rifle scope with fine crosshair center dot reticle and clear optics, adjustable objective, 14" overall length, gloss black with multiple tiny dings and scratches. (126520-93A)
2283. **LYMAN ALASKAN SCOPE LOT** 2 1/2x rifle scope with fine crosshair reticle and good optics, 7/8" tube, 10 3/4" overall length showing 90% blue with areas thinning to brown, multiple minor scratches and some light oxidation. Comes with a set of Weaver rings. (128218-28A)
2284. **BUSHNELL SCOPE LOT** Bushnell Sportsman 4-12x40 rifle scope with duplex reticle and clear optics, adjustable objective, 14" overall length, gloss black with ring marks and scratches from mounting and a few other minor handling marks. (126520-1089A)
2285. **BAUSCH & LOMB SCOPE LOT** Bausch & Lomb 4x40 rifle scope with duplex reticle and clear optics, 13" overall length, gloss black with several very light handling marks. (128218-25A)
2286. **SWIFT SCOPE** This lot includes a wide angle 3-9X40mm rifle scope with duplex reticle and crisp clear optics. The scope measures 12 1/4" overall with gloss black finish. There are faint ring marks on the 1" diameter tube and the scope remains in excellent condition. (108096-8A)
2287. **LYMAN SCOPE** This lot includes a Wolverine fixed 10X rifle scope with crosshair reticle and slightly cloudy optics. The scope measures 14" overall with gloss black finish. There are several light nicks in the finish along the 1" diameter tube with visible ring marks. The scope remains in overall good condition. (108180-5A)
2288. **M.H.R. COMPANY SCOPE** This lot includes a telescopic M45 rifle scope with Miller Kodiak mount. The scope has a crosshair reticle with slightly cloudy optics that would likely benefit from a professional cleaning and remains in very good overall condition. (107936-16)
2289. **CARL ZEISS SCOPE** This lot includes an older Zeiss fixed power scope with Continental Arms mount with 3/4" dovetail bases. The fixed power scope measures 9 3/4" overall with a brown and pewter blended patina. There are spots of light fine oxidation staining and some very tiny spots of pitting along the bell and 3/4" diameter tube. This scope has a crosshair reticle with crisp clear optics and remains in about very good condition overall. (018003-11)
2290. **BAUSCH & LOMB SCOPE** This lot includes a Balvar 8A 2.5-8X rifle scope with crosshair reticle and crisp clear optics. The scope measures 12 3/4" overall with a deep matte black finish and comes with a set of rings and bases marked Remington 721 on the bottom of the base. Items are in excellent condition. (108301-8A)
2291. **PENTAX BINOCULARS** This lot includes a set of 10X42 DCF binoculars crisp clear optics. The binoculars measure 6 3/4" long and 5" at their widest point and come with a carry strap, leather case, lens caps, manual and box. They remain in excellent condition and would be great for bird watching or any sporting event. (108013-13)
2292. **SIMMONS SCOPE** This lot includes a Pro Hunter 6-18X rifle scope with duplex reticle and crisp clear optics. The matte black scope measures 14" overall with scattered light scratches in the finish and faint ring marks along the 1" diameter tube. (108013-12A)
2293. **B. NICKEL SCOPE** This lot includes a Supra 2.5-6X rifle scope with No. 4 German reticle and crisp clear optics. The scope measures 11 1/2" with a glossy black finish that shows multiple scratches and ring marks along the 1" diameter tube but remains in near excellent condition. (108013-12B)

2294. **BUSHNELL SCOPE** This lot includes a Sportsman 3-9X rifle scope with duplex reticle and clear crisp optics. The scope measures 12 3/4" overall with a glossy black finish that shows light ring marks along the 1" diameter tube. Scope remains in excellent condition. (108013-12F)
2295. **REDFIELD SCOPE** This lot includes a 6-18X AO rifle scope with target dot reticle and lightly clouded optics. The scope measures 14" overall with a glossy black finish that shows scattered light oxidation staining and ring marks on the 1" diameter tube. The scope remains in very good condition and would benefit from a professional cleaning. (108013-12G)
2296. **LOT OF SCOPES** This lot includes two, first is a Bushnell Sportview 4x rifle scope with duplex reticle and clouded optics. The scope measures 11 3/4" overall with a gloss black finish in good condition. Second is a Weaver K3 rifle scope with post and crosshair reticle and clear crisp optics. The scope measures 10 1/2" overall with scattered light oxidation staining and light ring marks along the 1" diameter tube and remains in very good condition. (108013-12D, 12C)
2297. **THOMPSON CENTER SCOPE** This lot includes 3-9X illuminated reticle scope with duplex reticle and crisp clear optics. The scope measures 11" overall with a glossy black finish and has multiple ring marks and a couple of compressions along the 1" diameter tube. The scope remains in good overall condition. (108013-12E)
2298. **LOT OF SCOPES** This lot includes three rifle scopes. First is a Bushnell Banner 2.5X with duplex reticle and clear optics. The scope measures 11" overall with a glossy black finish that has an impact mark on the eye piece and light ring marks along the 1" diameter tube. Second is a Tasco 4X15 air rifle scope with crosshair reticle and cloudy optics. The scope includes a set of 1/2" rings for a dove tail base and is missing the adjustment caps. Third is a partial Weaver C4 rifle scope with "Tip-Off" base. The scope is missing the objective lens and bell and still has a few usable parts left to it. (107917-20)
2299. **BURRIS SCOPE LOT** 4X-12X MINNI measures 11 1/4" overall and retains 98% plus original blue. The optics remain crisp and is equipped with a fine duplex reticle. (58277-1A)
2300. **LEUPOLD SCOPE LOT** This lot consists of Leupold Vari-XII 3-9X40 gloss riflescope. The scope features a duplex reticle and has bright excellent optics. The tube has a few light rings, marks from having been mounted but remains in excellent condition. (48290-100A)
2301. **EOTECH HOLOSIGHT LOT** This lot consists of an Eotech Transverse EXPS3 Holosight with 65 MOA Ring and 1-Dot Reticle. The sight has a few light handling marks and integral base which fits a picatinny style mount. These rugged holosights have been redesigned to be smaller and more efficient, now using a single battery. An excellent condition example, perfect for any tactical or sporting arm. (48290-193A)
2302. **BUSHNELL SCOPE LOT** This lot consists of a Bushnell Elite 3200 Firefly series 3-9X40 matte finish riflescope. The scope features the firefly duplex reticle and has bright excellent optics. A set of Weaver rings are included. An excellent example overall. (48303-48D31966A)
2303. **SKS OPTIC LOT** This lot consists of a BEC Gold Label 2-9X32 compact riflescope mounted to an SKS optic top cover. The scope features a duplex reticle and has excellent optics. A set of lens covers are included. An excellent condition accessory for your prized SKS rifle. (48244-12A)
2304. **HAWKE AIR RIFLE SCOPE** Hawke Airmax 30SF 6-24x50 air rifle scope, new in the box, with bright excellent optics and an "AMX IR" illuminated glass etched mil-dot reticle, 30mm tube, 16" overall length, side focus with 4" adjustment wheel, 4" sunshade and comes with flip-up lens covers, manual, cleaning cloth. A serious air rifle scope for the serious air rifle shooter. (128257-16B)
2305. **HAWKE AIR RIFLE SCOPE** Hawke Airmax 30SF 6-24x50 air rifle scope, new in the box, with bright excellent optics and an "AMX IR" illuminated glass etched mil-dot reticle, 30mm tube, 16" overall length, side focus with 4" adjustment wheel, 4" sunshade and comes with flip-up lens covers, manual, cleaning cloth. A serious air rifle scope for the serious air rifle shooter. (128257-16A)
2306. **RIFLE SCOPE LOT** Simmons 8-Point 3-9x40 rifle scope with duplex reticle and clear optics, 12" overall length, matte black with a few light handling marks. Comes with a set of rings. (128303-86G)
2307. **RIFLE SCOPE LOT** Cabela's Pine Ridge 3-9x40 rifle scope with duplex reticle and clear optics, 12 1/2" overall length, matte black with a couple of light handling marks. Comes with a set of rings and lens covers. (128303-86K)
2308. **PISTOL SCOPE LOT** BSA 2x20 pistol scope with duplex reticle and clear optics, 8" overall length, matte black finish in excellent condition. Comes with a shroud style mount and a set of rings. (128303-86C)
2309. **BUSHNELL SCOPE LOT** Bushnell Banner 1.5-4x rifle scope with duplex reticle and clear optics, 10 1/2" overall length, gloss black with a few light handling marks. The elevation turret knob is missing. Comes with a set of lens covers. (128303-86B)
2310. **TASCO SCOPE LOT** Tasco Bantam 1.5-4.5x20 rifle scope with a circle duplex reticle with clear optics, 10" overall length, matte black with a little light oxidation. Comes with a set of rings. (128303-86H)
2311. **TASCO SCOPE LOT** Tasco 2-7x32 rifle scope with duplex reticle and clear optics, 11 1/2" overall length, gloss black with light ring marks and a few minor handling marks. (128303-86E)
2312. **ILLUMINATED RIFLE SCOPE** BEC Inc. 3-9x42 IR BDC rifle scope with illuminated duplex reticle and clear optics, 9 1/2" overall length, matte black with a couple of faint handling marks. Comes with a set of rings. The illumination has been checked and works though the included battery is dead. (128303-86A)
2313. **BUSHNELL SCOPE LOT** Bushnell 4x32 rifle scope with duplex reticle and clear optics, 11 1/2" overall length, gloss black with faint ring marks and a couple of light handling marks. (128303-86F)
2314. **BUSHNELL SCOPE LOT** Bushnell Sportview 3-9x40 rifle scope with duplex reticle and clear optics, 12" overall length, matte black with a couple of light blemishes. (128303-86I)
2315. **RIFLE SCOPE LOT** Simmons 4x32 rifle scope with a duplex reticle and clear optics, 11 1/2" overall length, matte black with a couple of minor handling marks. Comes with a set of rings. (128303-86D)
2316. **BUSHNELL SCOPE LOT** Bushnell Sportview 3-9x38 rifle scope with a duplex reticle and clear optics, 12 1/2" overall length, gloss black with faint ring marks and a couple of minor handling marks. (128303-86L)
2317. **NIKON SCOPE** This lot includes an Omega 3-9x rifle scope with BDC Long Range Hunting Reticle with clear crisp optics. The scope measures 11 1/4" overall with a Real Tree camo pattern finish and comes with a set of Weaver quick detachable rings. (108270-26A)
2318. **BUSHNELL SCOPE** This lot includes a Banner 3-9x scope with range finding reticle with crisp clear optics. The scope measures 12 1/4" overall with a glossy black finish and 1" diameter tube. There are light ring marks with a small impression and gouge along the tube and one of the adjuster covers is missing. The scope remains in overall very good condition. (108303-86J)

Sights

2319. **TASCO SIGHT LOT** This lot consists of a Tasco Optima 2000 red dot sight. This compact sight is designed to mount to a Weaver or picatinny style base and includes the cover, microdial and adjustment tool. The sight takes a cr2032 battery that is not present so it is unknown if the sight is operational. (1X46731-4)

Miscellaneous

2320. **FORT KNOX DEFENDER 6031 GUN SAFE** serial #76351. This lot consists of a 2001 series Fort Knox Defender 6031 series gun safe. The safe measures 60" tall x 31" wide and is about 26" deep including the front handle. The safe's features include the Sargent & Greenleaf electronic lock (which is reprogrammable via the current master code), a 14 long gun silver carpeted interior, black carpeted door lining and the reinforced fire door which brings the fire rating to 1680 degrees for 90 minutes. Other features include a 10 gauge uni-body steel construction and a 5/16" door with additional steel liner. The safe's finish is Fort Knox's dark textured granite with silver trim, lock and handle. The finish has some mild scratches and handling marks from shipping and previous installation. Included is a factory optional electronic "goldenrod" dehumidifier. The safe weighs about 800 lbs as it sits and due to this, shipping is cost prohibitive. This is a terrific safe, built by the premier American safe company that offers a lifetime warranty and has exceptional customer service. (48244-1) (1000/1500)

2321. **FORT KNOX DEFENDER 6031 GUN SAFE** serial #66164. This lot consists of a 2000 series Fort Knox Defender 6031 series gun safe. The safe measures 60" tall x 31" wide and is about 26" deep including the front handle. The safe's features include the Sargent & Greenleaf electronic lock (which is reprogrammable via the current master code), a 14 long gun silver carpeted interior with carpeted door rack and the reinforced fire door which brings the fire rating to 1680 degrees for 90 minutes. Other features include a 10 gauge uni-body steel construction and a 5/16" door with additional steel liner. The safe's finish is Fort Knox's textured light granite with black trim and silver lock and handle. The finish has some mild scratches and handling marks from shipping and previous installation. Included is a factory optional electronic "goldenrod" dehumidifier. The safe weighs about 800 lbs as it sits and due to this, shipping is cost prohibitive. This is a terrific safe, built by the premier American safe company that offers a lifetime warranty and has exceptional customer service. (48244-2) (1000/1500)

2322. **MAXIM LOADER LOT** This lot consists of a German Maxim MG08 and MG08/15 belt loader and winder by Brann & Wolff. This very rare WWI accessory appears to operational but is sold for collector purposes only. The numbered parts appear to be all matching.

the wood handles are painted red and have a few small cracks. Overall an excellent condition example of these very rare and collectible accessories. (46016-30)

2323. **LOT OF RELOADING ACCESSORIES** This

lot consists of one antique shotshell reloading tool and several small parts and accessories. Included is an antique B.G.I. Co 12 gauge shotshell reloader that has a heavily flaking red painted finish, a handle section of a GI cleaning rod, a triggerguard, a S&W trigger, and a few other small tools and reloading parts. All are in very good overall condition. (46016-18A)

2324. **GI HELMET LOT** This lot consists of a U.S. GI M1 helmet liner. The composite liner has been painted green on the exterior and has a single star on the front along with a partial decal which possibly reads "FULLER". The edges have a few small cracks and the internal suspension is intact but fading, the leather parts have minor crazing. A very good example overall. (46016-18B)
2325. **CLEANING LOT** This lot consists of an assortment of ten various sectional cleaning rods. Included are three 32" aluminum shotgun rods, two 31" aluminum rifle rods, one 32" steel rifle rod two 29" and one 31" military steel rods and a 32" brass military rod. Many have tips installed, the brass rod is housed in its original tan canvas case marked "OMO 1917" and includes patch pusher, a .30 cal bore brush and a .22 cal bore brush. All are in very good condition. (46016-18C)
2326. **SHOOTER'S LOT** This lot consists of four items. Included are a single, aftermarket extended P38 magazine, a set of Pachmayr Gripper grips for a S&W J-frame round butt, a set of FM 10-Point black composite grips for a K-frame style revolver and a set of checkered wood S&W grips for a K-frame revolver. The magazine has some areas of light surface oxidation, the wood grips have been lightly sanded along the edges but the silver medallions remain. All are in very good condition overall. (46016-17A)
2327. **HUNTERS LOT** This lot consists of three vintage duck calls. First is an unmarked wood call similar to the Pete Rickards Protektor model call. Second is a black composite call that is adjustable and is marked "THE OK / PS OLT / PEKIN ILL" and has a small triangle logo near the base. Lastly is a Lohman No. 103 duck call in its original box. All are in very good condition. (46016-17B)
2328. **POWDER HORN LOT** This lot consists of a small antique powder horn, likely used for pistol loading or pan priming. The plain horn measures about 7" long had has a simple carved wood base. A small carved bung is included but needs to be fitted for proper installation. A very good primitive powder horn. (46016-20)
2329. **POWDER FLASK LOT** This lot consists of single bass powder flask. The flask measures about 8" long and has a simple shell type design at its base. It features an adjustable spout marked "Dixon & Son", the body has a few small dings and there is mild tarnish overall. A very good example. (46016-25B)
2330. **DECORATIVE CANNON LOT** This lot consists of a small decorative brass cannon that measures about 7 1/2" long. The cannon is mounted on a period wood garrison carriage which is secured to a wood base. The carriage features brass wheels and accoutrements, all the brass parts have light tarnish and some light ochre patina. An excellent condition example, perfect for the desk or study. (46016-25A)
2331. **MILITARY BUGLE LOT** This lot consists of a U.S. Military brass bugle Marked "U.S. Regulation / Made In U.S.A.". The bugle measures about 17" to the end of the nickel silver mouthpiece and has a moderate patina throughout. There are some light dings and areas of light oxidation present, the trumpet portion is slightly malformed. The solder along the lower portion is becoming loose and there is a leather rawhide wrap in place. A very good vintage example overall. (46016-29)
2332. **WORLD WAR II RADIO LOT** This lot consists of two items. First is a Japanese power supply for the Type 94-6 transmitter radio. This is a hand crank generator that enabled the radio to send messages and supplied power to the transmitter with both 3v and 135v simultaneously. The radio's batteries were not powerful enough to send messages, thus this generator was critical to the operation of the type 94-6 radio. The base of the generator has two metal hooks which slide out of the base allowing the user to mount it to a belt. Additionally there is a leather carry strap in place. The metal surfaces have a brown painted finish with minor to moderate flaking, the leather has minor crazing and light cracking but remains intact. The second item is a U.S. Military T-26 Radio microphone with plug. The chest harness is included. Both are in very good overall condition. (46016-30B)
2333. **LOT OF LONG GUN CASES** This lot consists of two double gun hard cases, both measuring about 51" long by about 13" wide. The first is by Gun Guard, the second is a Contico case and both are in excellent condition. (46016-32A)
2334. **LOT OF PISTOL CASES** This lot consists of four hard pistol cases. Included are one gray plastic single pistol case, one aluminum multiple pistol case by Work Gear, one aluminum edged multiple gun case by Viking Products and a black polymer multiple pistol case that is unmarked but has a hasp for a padlock. All are in very good to excellent condition. (46016-32B)
2335. **LOT OF LONG GUN CASES** This lot consists of six soft zippered and sock or sleeve type long gun cases. Each measures about 48" long and all are in very good condition, one has a broken carry strap. (46016-32C)
2336. **GUN RACK LOT** This lot consists of a hanging hardwood gun rack. The rack features four long gun holders and is designed to be hung on a wall by two hangers. There is space at the bottom for a locking drawer, but it is no longer present. A very good condition item that only needs a light cleaning to be ready for use. (46016-24)
2337. **CROSMAN MODEL 1600 POWERMATIC AIR PISTOL** serial #C84256669, .177 BB, 5 1/2" barrel with an excellent bore. The metal surfaces retain about 97-98% original enamel type finish with a few light handling marks scattered about. The brown plastic grips rate excellent. Pistol features an adjustable rear sight and is powered via CO2 powerlet cartridges (not included). An excellent example overall. (46016-11) {NON-GUN}
2338. **DAISY NO. 177 BB TARGET PISTOL** .177 BB. This is a vintage Daisy Target Pistol in good overall condition. The metal surfaces retain much of the original enameled finish with light scratches and other handling marks throughout. The top of the slide bears the Plymouth, MI address. The honey colored composite grips are heavily warped at the bottom but are still intact. The barrel/loading tube is missing and in its place is a gray plastic insert. The edges of the muzzle have some minor abrasions and dings. (46016-12) {NON-GUN}
2339. **HEALTHWAYS PLAINSMAN AIR PISTOL** serial #0038280, .177 BB, about 5" barrel with an excellent bore. The metal surfaces retain about 95% original enamel finish with some light flaking and other abrasions toward the muzzle. The black checkered composite grips rate excellent. Pistol appears to function correctly and is powered via CO2, no cartridges are included. A very good to near excellent example overall. (46016-13) {NON-GUN}
2340. **CROSMAN ARMS MODEL 600 AIR PISTOL** serial #663791, .177 BB, 5" barrel with an excellent bore. The metal surfaces retain about 85-90% of the original baked enamel finish with areas of light scratches and abrasions throughout. The woodgrain composite grips rate very good, the left panel features a thumbrest, the right has a minor chip missing from the base. Pistol appears to function correctly and is powered via CO2, however the cartridges are not included. A very good example overall. (46016-10) {NON-GUN}
2341. **BENJAMIN FRANKLIN MODEL 117 PNEUMATIC AIR PISTOL** .177 Caliber, 7 1/2" barrel with an excellent bore. The metal surfaces retain a small amount of the original black nickel finish and have mostly faded to pewter. The ribbed hardwood cocking knob and smooth grip panels rate excellent. The bottom of the left panel is stamped "B213". Many of the screws have minor slot damage. The action functions but does not build compression and the trigger is heavily cracked and may come apart if manipulated. A good candidate for parts or restoration. (46020-236) {NON-GUN}
2342. **AMMO CAN LOT** This lot consists of two large gray ammunition storage cans. Each measures 14" high by 15" long and about 12" deep and are stamped "Ammunition Component Box Mk 2 Mod 0". One is in excellent condition with most of its military gray paint intact, the other has some minor to moderate oxidation in its interior. (45016-28A)
2343. **AMMO CAN LOT** This lot consists of four metal ammo cans, three .30 caliber and one .50 cal. M2 can. Of the .30 caliber cans, one is painted gray and stamped "CAL. .30 M1 / Ammunition Box", the remaining two are green and labeled for the M2 ammunition in bandoliers. The .50 cal. can is green also, the base is stamped "AMM. BOX CAL. .50 M2". All are in excellent condition. (46016-28B)

2344. **MEC RELOADING LOT** This lot consists of three MEC 600 Jr shotgun reloaders. Two are set up to reload 12 gauge shells, the third is 16 gauge and all three are equipped with #118 charge bars and have shot and powder bottles. Also included are a small tray with assorted parts and screws, some MEC factory paperwork and an MTM Case Gard 100 ammo storage box. All appear to be in excellent condition and in good working order. (46016-26)
2345. **SLING LOT** This lot consists of a Turner Saddlery police tactical black leather sling. The sling is in new condition and in its original factory packaging. The packaging lists the finish as "black oiled" with a 52" length and brass parts. An excellent military style accessory. (48127-13A)
2346. **LEATHER LOT** This lot consists of a varied assortment of leather slings and accessories. Included are 14 tan and brown leather military, commercial, sporting and padded slings that are in very good to excellent condition. (46016-19A)
2347. **MILITARY HOLSTER LOT** This lot consists of three U.S. Model 1916 leather flap holsters. All three are tan or brown leather. Included are a Boyt 42 and two unmarked holsters with lanyards. One is missing its flap securing pin and has several initials carved into the back, the other two are in very good to excellent condition. (46016-19B)
2348. **HOLSTER LOT** This lot consists of six assorted commercial brown leather flap holsters. Included are examples from Red Head, Iver Johnson, and Hester. Most are for revolvers, there is a small unmarked holster to fit small 22/25 caliber autos. The Red Head holster will fit a small to medium frame 32 Auto pistol. All are in very good condition and may show light flaking and minor cracking. (46016-19C)
2349. **HOLSTER LOT** This lot consists of 19 various assorted sporting holsters. Included are a brown Bucheimer Peacemaker, a brown Bucheimer #36 Perfect Fit, a black left hand Safariland 10A to fit S&W K&L frame revolvers, two suede Bianchi inside the waist holsters for small frame revolvers, two Hunter open top belt holsters (one has been modified), one brown Strong left hand belt holster for a S&W 59 series pistol, one black Strong right hand belt holster for a PPK style pistol, one black Old West left hand belt holster for a small snub-nose revolver, one brown Lawrence open top belt holster for a medium frame revolver, a black leather Folsom's Audley revolver holster that has minor crazing and moderate flaking, one Ed DeMayo & Sons sure-lock police holster, a left hand Bucheimer shoulder holster for a small frame snub-nose revolver, a left hand Heiser shoulder holster, for a small frame snub-nose revolver, a spare shoulder rig strap and three small unmarked belt holsters. All are in very good to near excellent condition unless otherwise noted. (46016-19C)
2350. **ASSORTED ACCESSORY LOT** This lot consists of 20 assorted leather and canvas military and commercial firearms accessories. Included are four leather rifle cartridge holders, one rimfire leather cartridge holder, one leather Sharp folding knife case, one unmarked leather fixed blade knife sheath, one Swiss leather cartridge box, one leather Bucheimer cartridge box, one leather dual single stack magazine pouch marked "US J.Q.M.D. / 1949 / E.N.S.", one leather cartridge box marked "US J.Q.M.D. / 1948 / E.N.S.", one leather Red Head cartridge belt, one leather pocket heater pouch, one right hand leather gauntlet mitten, one leather right hand shooting mitten, and four small canvas magazine and utility pouches. All are in very good to near excellent condition. (46016-19D)
2351. **MILITARY LOT** This lot consists of an assortment of military items containing nine pieces in total. Included are: one unmarked black leather flap holster for German military pistols, one unmarked brown leather two pocket cartridge box, one unmarked tan leather three pocket cartridge box, two German style steel bayonet scabbards with Israeli markings, one blued steel Czech bayonet scabbard, one black leather sling, one black leather Portuguese Luger magazine pouch, and two metal tin military cleaning kits. All are in very good to excellent condition. (47023-1)
2352. **MILITARY LOT** This lot consists of nine assorted military items. Included are a stamped AK magazine loading tool, a Russian cleaning kit, six rounds of blue and green tip 30-06 ball ammo in links, and a World War I German dog tag. The dog tag reads "960 / BAHNSCH. WA.KP / 25/VI" and has some areas of light oxidation and tarnish. The ammo has some light tarnish as well but the remaining items are all in excellent condition. (43765-23,12,9)
2353. **MISCELLANEOUS SHOOTERS LOT** This lot consists of an unmarked Pope style hand held capper/decapper. This squeeze style tool features vibrant case colors and is equipped with a #8 shell holder. An excellent example overall. Also included is a sealed tin of 500 RWS Diabolo .177 airgun pellets. The tin is in excellent condition with a green label on the top and still has a retail label from L.L. Bean on its base. (45829-6)
2354. **GERMAN MILITARY LOT** This lot consists of 13 assorted German Military uniform buttons. Eight are dull silver with a pebbled back ground and are numbered: (1)"3", (1)"11", (2)"13", (2)"40", (1)"58" & (1)"60". The remaining five are brass, one is plain brass, while another bears the swastika logo. The remaining three are brass naval (Kriegsmarine) buttons with anchor logos. All are in excellent condition. (43634-B2AMB1B)
2355. **U.S. MILITARY LOT** This lot consists of about 130 assorted brass, silver and composite U.S. Military uniform buttons. Included are example from various branches of service; as well as state militias, Spanish American War memorial, Confederate States, World War I, World War II and others. Also included are two Canadian and one British examples. All are in very good to excellent condition. (43634-B2AMB1A)
2356. **JAPANESE MILITARY LOT** This lot consists of eight Japanese Military uniform buttons. Included are five white mother-of-pearl summer uniform buttons, and three brass Naval buttons of different size. All are in excellent condition. (43634-B2AMB1C)
2357. **SHOOTER'S LOT** This lot consists of five sporting rifle accessories. Included are two Versa-Pod folding bipods, one black nylon sling and two slip-on rubber recoil pads – one black, one brown. The bipods extend from 13" to 23" in length. All are in excellent condition. (48244-20C)
2358. **BENCHTOP SHOOTERS LOT** This lot consists of a very nice aluminum bench rest, from Hoppe's. The rest is elevation adjustable with a locking nut as are all 3 of its feet. It features a sturdy saddle in-which you would place your bench rest bag, the saddle measuring 5" by 3 1/2", the nominal height about 8". It rates very good plus to near excellent with just some minor flaking of the paint and a small chip missing from one of the knobs. The next item is a very nice Bushnell spotting scope shooters stand (stock #78-3010). It is a gray wrinkle painted tripod for benchtop use for your spotting scope or other optical device. It rates very good plus with a couple minor flakes and comes in its original box. Really a very nice lot for the benchtop rifle shooter. (37917-15,14)
2359. **MISCELLANEOUS GUN-CRANKS LOT** This lot consists of three pairs of Weaver 1" scope rings, all three sets are "low" and rate very good plus to excellent. One set of Millet 1" scope rings in medium, rating excellent. One set each of Weaver and Kwik-Site see-through rings, the Weaver are flat-top and are likely for a marlin 336 or similar rifle, the Kwik-site are numbers 25 & 26 and are for a Remington 7400 or similar rifle, all rate excellent. Next is a Remington recoil pad. This is a new-in-package SIMS limb saver recoil pad for Remington factory molded synthetic stocks. The next item is a set of uncle Mike's QD 115 UMC sling swivels which will fit most pump an automatic shotguns, it is new-in-package. The next items are three, 3-piece aluminum cleaning rods and one pistol rod. They rate very good plus. A handy lot overall for the firearms aficionado or home gunsmith. (37917-16,18)
2360. **RELOADERS LOT** This lot consists of seven boxes of Remington 6 mm centerfire rifle cases. These are the red white and green boxes marked "Remington Components" "Empty Centerfire Cases". Six are full and primed, the last has been fired and has a 17 cases, all rate excellent. (37917-12)
2361. **RELOADERS LOT** This lot consists of seven boxes of once fired 30-06 Springfield brass. All are de-primed, necks de-burred, polished and full-length sized. Features two boxes of Federal (one partial with nickel cases) three boxes of Remington high-vel, and two Remington Kleanbore. (37917-12A)

2362. **RELOADERS LOT** This lot consists of jacketed .243 diameter projectiles. All have been opened but appear to be full or very nearly so. They are "Rem .243 HPCL 80 grain", boxes appear to be 50 count, they are re-package in Nosler boxes and projectiles are all bright. (37917-11)
2363. **RELOADERS LOT** This lot consists of jacketed .270 diameter projectiles. There are four boxes of 100 each "Rem .270 bronze .130 grain" and another partial box with 40 projectiles. All are bright and are repackaged in convenient Nosler two-piece boxes. An excellent lot of Remington bronze point expanding (BPE) 130 grainers. (37917-11A)
2364. **RELOADERS LOT** This is a large lot of large diameter projectiles. There are 240 pieces of cast lead .458 diameter 500 grain round nose bullets with three grease rings, 70 pieces of .458 diameter .405 grain flat nose lead, size and lubed. An unmarked bag with roughly 70 projectiles, .458 diameter, both flat and hollowpoint, sized and lubed with three grease rings. Also included are 8 pounds of assorted jacketed bullets in small quantities, in .458 diameter: 300 grain flat nose, 300 grain hollowpoint, 350 grain hollowpoint, 350 grain round nose, 405 grain round nose, 350 grain hollowpoint etc. Most are bright, some show a tiny bit of tarnish. An excellent lot for the big bore reloader. (37917-11B)
2365. **RELOADERS LOT** This lot consists of mixed projectiles. There is a 62 count of Remington 405 grain flat point .458 diameter jacketed; two 50 count Speer 400 grain .458 diameter flat nose soft point jacketed; 46 count 500 grain solid and soft nose .458 diameter, showing some minor tarnish. There are 45 .375 diameter assorted jacketed bullets in numerous grain weights. There is a 100 round box of .243 diameter Sierra 85 grain boat tail hollowpoints. 50 mixed .243 diameter bullets both Sierra and Nosler. Lastly about 120 .243 diameter mixed 85 grain projectiles. An excellent lot for the reloading enthusiast. (37917-11C)
2366. **RELOADERS LOT** This lot consists of roughly 120 projectiles. They are .45 Caliber, 535 Grain Postell cast bullets, lubed, cast using Lyman mould number 457132. The grease has dried a bit and has started to come free from the grooves. (37917-11D)
2367. **RELOADERS LOT** This lot consists of 240 +/- pieces of 270 Winchester brass, once fired. 20 pieces full-length sized, trimmed and deburred. There are roughly 18 rounds of primed brass, two unprimed. The balance a mix of once fired and de-primed which has been tumbled and is loose. A must-have lot for the 270 reloader. (37917-12B)
2368. **VINTAGE RELOADERS LOT** This lot consists of about 86 formed .219 Donaldson Wasp cases, nearly all are primed, most show tarnish around their necks but otherwise are likely excellent; a few appear to be raw formed and have never been fire-formed in a chamber. A very good lot of brass which is very hard to come by these days for an often-encountered chambering when one collects older target or varmint rifles. (37917-12C)
2369. **RELOADERS LOT** This lot consists of a batch of once-fired 30-06, roughly 300 pieces. Some is full-length sized, deburred and polished; a batch of military has also had the primer pockets swaged; there is a batch of primed and a small batch marked "neck size only"; there is another batch which is raw once fired still primed. An excellent lot of 30-06 brass for the enthusiastic reloader. (37917-12D)
2370. **RELOADERS LOT** This lot consists of projectiles and fired brass. First is 145 pieces of .308 cal. 180 grain cast lead with gas checks, the checks are included but not attached. Next are 25 once fired .308 Win cases. Following are 65 pieces of 243 once fired brass. Next are 60 pieces of 300 Savage once fired brass. Lastly are 140 pieces of 45-70 once fired brass. All the brass is mostly excellent with only light tarnishing, primarily around the necks, most are Winchester but some are mixed headstamps. (37917-12E)
2371. **BLACKPOWDER SHOOTERS LOT** This consists of 200 +/- count of .490" cast round balls, some are swaged and some have a sprue. Additionally included are roughly 450 pre-cut unlubed round patches for use with 45-50 caliber firearms. A very good lot for the blackpowder shooter. (37917-11E)
2372. **MISCELLANEOUS FISHERMAN'S LOT** This lot consists of reels, lures and bait caddies. First off are a selection of Luhr Jensen Doc Shelton hammered nickel and copper trolling lures for salmon or lake trout, generally used with downriggers but for trolling overall. There are six packages total : stock numbers 3300-000-004 (two packages), 3300-000-006 (two packages), 3300-000-005 (one package) the last is a Dave Davis #8, no stock number, (one package). Included is a cannon boat-mounted clamp for a downrigger. This clamps to the gunwale of your boat and has a grooved lower edge with a top aluminum clamp tightened by a single thumb nut, for mounting your downrigger. Next are four aluminum and mesh belt-worn live bait containers. Two are aluminum kidney shaped, one is rolling cylindrical style and the last is a wire mesh, all about very good. Last in the lot are two automatic fly reels and one bait casting reel. The bait casting reel is a JC Higgins Model 47B rating very good. Next is a Martin "27 0", rating very good. The last is unmarked and is a "Model HN" and is also marked "No. 1837" it too rates about very good. An excellent lot for the current fishing season. (37917-17)
2373. **MISCELLANEOUS FISHERMAN'S LOT** This lot consists of two spare Orvis spools for a fly reel, they are unmarked and rate very good to excellent with only light wear. The next item is a Garcia Mitchell model No. 710 Automatic Fly Reel which rates very good plus to excellent. a nice accessory lot for the dedicated fly fisherman. (37917-17A)
2374. **MISCELLANEOUS OUTDOORSMAN'S LOT** This lot has something for everyone from camp stoves to optical sights. First is a Sig-Sauer P229 molded plastic quick-release holster, part No. 8500058. It rates very good plus to near excellent with only minor scuffs, and some scratches. Next is a Browning pocket stove in original packaging with the remnants of an Optimus LP gas fuel (702) cylinder. These items are packaged in a goldenrod-color nylon zippered pouch. The "Browning Pocket Stove" appears to be in very good plus to excellent condition and was used very little and nicely cleaned. The stove was "Especially Designed to Meet the Needs of the Serious Outdoor Sportsman" (please do not bid on this lot unless you are a serious outdoor sportsman). The outer packaging is somewhat tender showing compressions and a few rips and folds but it comes with the pocket stove instructions and warranty card within and if one was not going to use this stove, is an excellent collectible for the Browning aficionado; you do not see these offered very much anymore. The next item is an Adco Hotshot optical sight, it is of lightweight plastic construction and rates about very good, it takes a CR2032 battery, however none is present so the function cannot be ascertained. Lastly for the serious outdoor sportsman...is a Colonial Bowie-style knife with 4 3/4" clip point blade with fish scaling back measuring about 8 3/4" overall. The blade is either stainless or polished chrome and there are faux jugged bone black plastic handles riveted to the tang. It also features and "cap lifter" and "can opener" on the guard for popping the top on your Miller High Life or opening your Welch's grape juice can; the blade rating about very good with some light staining overall. A neat 70s-era "all-purpose" camp knife, there is no scabbard. Overall a very good and very useful lot for the "Serious Outdoor Sportsman". (If you're having this lot shipped you won't be getting the gas cylinder) (37917-21,20,16)
2375. **COLLECTIBLE VINTAGE MILITARY LOT** This lot consists of two War Department publications: TM9-270, War Department Technical Manual, U.S. Rifle, Cal. .30, M1903A4 (Sniper's), dated 28 September 1943. The manual rates excellent overall and has an old price "\$4.50" on the inside cover and is stamped on the back "Federal Firearms Parts/Spivak Colorado". The next manual is identical although in a smaller format, and coded "TM 9-270" it however features a surcharge stamped on the front which reads (loosely): "Regraded Restricted Order/Secretary Army/1950", and is clearly a later reprint of the wartime manual just listed. Next is a "Victory Manufacturing Company" 1944-dated canvas muzzle cover with dual snaps which shows some light oxidation staining but rates about very good overall. Lastly is Duraluminum pistol rod in its original spiral cardboard shipping tube with metal ends "Stock No. 600-3 .32 cal", from Outer's Laboratories Onalaska Wisconsin. Inside are precision machined pistol cleaning rod, loop end and jag which are as-new un-used (is likely post-war but is of quality construction). All of these items are housed in a green olive drab painted box with a rope handles and locking hasp which reads "1640 rounds/5.56 MM ball/M1 93 carton packed" the box is in excellent condition and would make for a top-notch storage box or toolbox. (37917-13,18)

2376. **GERMAN M35 STAHLHELM** This is a German M35 Stahlhelm helmet with a dark gray feldgrau paint. The paint shows overall bubbling, freckling, light oxidation, light flaking, perhaps some added paint and a hole at rear of right that may be a bullet hole but looks very much like a large Phillips-head screwdriver punch-hole. The inside shows the same dark gray feldgrau with an overall oxidized appearance with freckling throughout and some light flaking. The rear of the interior shows an older painted name added that reads in part "Ar", the rear is stamped marked "825" and the right skirt is marked "060". The M31 liner appears original and rates good plus with scattered flaking, some minor tears. There are the ends of a chinstrap present but most of the chinstrap is not present having broken off and there are no decals present on this helmet. (207536-34)
2377. **GERMAN M40 STAHLHELM** This is a German M40 Stahlhelm helmet with an apfelgrun paint. The paint is turning a green patina and it shows scattered staining, freckling, flaking and some silvering. The inside has the same apfelgrun paint with an overall oxidized patina, some pitting and there do not appear to be any visible size or maker's markings. The liner is a later replacement and it rates good showing a large area missing at front visor, scattered flaking, crazing and tears. The chinstrap is likely a reproduction and it shows scattered light flaking. A good entry-level helmet for the budding military collector. (207536-35)
2378. **P.08 HOLSTER LOT** This lot includes a black hardshell holster marked "G.J. Ensink & Co. OHRDRUF" dated 1939 and has a "Waffenamt WaA163" on the back. This holster rates about very good overall with minor scuffs, scrapes and handling marks. The seam stitching remains intact with the exception of a 4 1/2" section near the bottom where the two halves have separated. The pull strap and closure strap are both intact but the closure strap stitching is only holding on one side. The tool holder is present inside the flap as is the spare magazine pouch which has a 1" slice in the leather. (218203-4A)
2379. **MODERN POWDERHORN LOT** This lot consists of an approximately 14" body horn with a wooden plug that sits slightly recessed and has a full length crack across its diameter. The horn is about 1/3 color black, fading to white and then to a cream color. The body of the horn is engraved with several markings including a figure with a snake over its head, a serpent's head, a half-moon with a face on it, a floral pattern and a spiked club. Both ends of the horn also have patterns engraved around their circumference. There is a gold colored rope that is looped over one end of the horn and attached to the other end by a piece of metal through two holes above the plug. There is also a 2 1/4" diameter pewter medallion attached to the gold rope. There is no stopper present with this horn. (218180-15) [R.J. & John Waltz Collection]
2380. **LOT OF MILITARY GEAR** This is a lot of several vintage items of canvas construction beginning with a Spanish American War era U.S. backpack measuring 16"x13"x2" with the back stamped in very large font "E/9" along the center and with "54" stamped at the lower left. The interior is stamped in red "Inspector General's Dept." above what appears to be an 1888 date. The khaki colored canvas exhibits moderate wear and dirt staining throughout. All of the leather straps are present and are quite brittle with crazing, cracking and scuffing evident. All rivets and buckles also appear to be present with moderate oxidation occurring. An uncommon and about good plus condition backpack overall. The next item is a U.S. Model 1878 haversack with the 12"x12" front flap marked "5/E/U.S./75" over what appears to be a re-stamped "G4" above what appears to be "16". The light colored, mildly worn canvas shows dirt and grease stains and the 40" leather strap shows extensive wear and remains soft with brass hardware intact. Next is a U.S. issued cavalry horse feed bag with the light colored canvas body showing only very minor wear and a bold black stamp. The dark leather strap is rigid with mildew staining occurring and the leather base retains a pleasing shade of a lighter brown and shows the onset of crazing. Also included are two antique picket pins for securing horses in place. Each is about 14" in length, of iron construction with rings still attached and moderate surface oxidation throughout. Rounding out the lot are a matching pair of what appears to be wood braces for a vintage backpack. They measure 26" in length and remain in very good condition. (78079-1, 2, 3, 4)
2381. **HELMET LOT** This is a U.S M-1 helmet with shell retaining about 97% OD green finish with a few scattered contact marks and some isolated white spots; the seams are tight and silvering is observed along the rim edges. The size 16 liner rates excellent with crisp ID stamps, the sweat band is very clean with a small tear and scuff evident, its adjustment strap is boldly marked "Steinberg Bros.". The chin strap shows light wear and dirt and the leather strap is not present. (73615-3B)
2382. **LOT OF GUN CASES** This lot consists of nine cases for single hand guns beginning with three that are of hard black plastic outer construction with foam lined interiors and rate excellent. There are two by Doskocil, one with sliding hinges and measuring 11"x8"x3", the other, a Doskosport, is slightly larger with snap latches. The third one is a Plano Protector Series model 1403 with snap latches and name written in marker on the molded carry handle. The six remaining are zippered soft cases beginning with two excellent condition rectangular shaped, two with rounded slopes, one excellent and rating good plus. Next is a shooter's bag measuring 18"x10" by Morton's Ent. and with an outer accessory pocket. The last item is the only one that is not padded, an 18"x14" shooter's bag with two exterior zippered pockets and dual carry handles. The nylon outer shells shows scattered light dirt and the interior reveals a yellowish residue through most of its surface. (76725-5)
2383. **LOT OF CASES** This lot consists of two cases beginning with an extremely heavy duty example by Yukon Advanced Optics with a black plastic outer shell that measures 20"x16"x8" with vertically closing plastic latches and fold-down carry handle. The interior features thick, high density foam inserts including an egg crate style bottom and two additional foam inserts are included. This is an excellent condition case with just very slight contact marks here and there. The other case in this lot is suitable for a short or takedown long arm as it measures 34"x11"x4" and features a thin foam lined black nylon outer shell with zippered closure, nylon carry handles with reinforced grip and a velcro secured outer pocket. The interior reveals a padded faux fur upper and the bottom is missing its foam lining, exposing a clean cardboard surface. A useful and handsome case showing little indication of use. Included is a padded nylon long gun sleeve measuring 60" in length. (76725-6)
2384. **LOT OF SLINGS AND GUN SOCKS** This lot consists of 13 slings: (4) padded nylon of various widths; (1) two point for a tactical rifle; (3) 1 1/4" black nylon; (1) camo 1 1/4" nylon (3) leather military style rating near very good; (2) nylon military style. Unless otherwise specified the condition rating is excellent. There are four excellent, green Remington long socks with a length of 52" each and five chamber flags for long guns are also included in this lot. (76725-3)
2385. **LOT OF 50 CAL BRASS** This lot consists of approximately 325 rds. of .50 BMG fired casings including some with Lake City head stamps dated 2008 and in very good condition, only light tarnish. (76725-1A)
2386. **LOT OF 50 CAL BRASS** This lot consists of approximately 325 rds. of .50 BMG fired casings with mixed head stamps and rating very good only light tarnish. (76725-1B)
2387. **LOT OF 50 CAL BRASS** This lot consists of approximately 325 rds. of .50 BMG fired casings including some with 1992 dated head stamps by Fabrique Nationale in Herstal, Belgium. The condition rating is very good, only light tarnish. (76725-1C)
2388. **LOT OF 50 CAL BRASS** This is a lot of about 325 rds. of .50 BMG fired casings including some with 1992 dated head stamps by Fabrique Nationale in Herstal, Belgium. The lot is in very good condition, only light tarnish. (76725-1D)
2389. **LOT OF 50 CAL BRASS** This lot consists of approximately 210 rds. of .50 BMG fired casings with mixed head stamps and in very good overall condition, only light tarnish. (76725-1E)
2390. **LOT OF 50 CAL BRASS** This is a lot of approximately 200 rds. of .50 BMG fired casings with mixed head stamps and in very good condition overall, only light tarnish. (76725-1F)
2391. **LOT OF 50 CAL BRASS** This lot consists of about 255 rds. .50 BMG fired casings with mixed head stamps and in very good overall condition, only light tarnish. (76725-1G)

2392. **LOT OF 50 CAL BULLETS** This lot consists of approximately 310 rds. of .50 BMG M8 armor piercing incendiary, silver tip, 649 gr., pulled bullets in very good condition. (76725-2)
2393. **LOT OF OILERS** This is a lot of nine all-purpose nickel plated oilers including eight that are identified as "Perfect Pocket Oiler" and measure just over 4" in length and feature a shotgun shell style body with a fluted cap. Six have no manufacturer markings, one has a cap that reads "Monarch" and the cap on the other is marked "L. C. S. & Bros. Typewriter Oil/Will Not Gum". The last oiler is 3" long, shaped like a rifle cartridge and has a base marked "Shakespeare/USA/Kalamazoo". The conditions range from very good to excellent with a few having slightly bent applicators and a little oil residue. (77625-9)
2394. **LOT OF COLLECTIBLES** This is a lot of several Savage Arms related items beginning with a pewter belt buckle featuring a front with the Indian chief profile logo and company name above it. The back of this handsome 2 1/2" diameter buckle exhibits a smaller version of the Indian head to the right of the fully intact swivel hook, and below that the identification reads: "Savage Arms Division./Emmart Corporation". The next item is a 3"x3" pewter medal with another version of the Indian chief profile, this one of the left side. Rounding out the lot are six gold plated buttons featuring the right profile with the following diameters: (2) 3/4"; (4) 1/2". The items in this lot rate excellent. (76725-8)
2395. **REPLICA GUN LOT** This lot consist of a single BKA98 replica single action revolver that rates fair overall. The metal surfaces retain about 96% black finish with high edge wear, scratches and a turn ring on the cylinder. The finish is fading unevenly giving it a blotchy look. The smooth wood grips rate very good with light handling marks. The hammer spur tip is broken off, the lock work is functional but the cylinder does not rotate. (88300-2S20531A) {NON-GUN}
2396. **MAHOGANY PRESENTATION CASE FOR REVOLVER** This lot consist of a single mahogany presentation case for revolvers. The case measures 13 7/8" x 7 3/4" x 2 15/16" with a pinkish-red crushed velvet interior. It has cuts for cleaning rod, screwdriver and bore brush. The revolver cut out should accommodate a 6" S&W standard or heavy barrel K or N frame revolver or similar. Overall, the box is in very good to excellent condition with light handling wear. (88262-1A)
2397. **PERIOD PERCUSSION REVOLVER PRESENTATION CASE** This lot consist of a period hardwood case for a percussion revolver and includes a powder flask. The case is unmarked and appears to be constructed of walnut with outside dimensions of 10 5/16" x 7" x 2 1/4". The cover of the case has an unmarked brass name plate. Overall, the case rates good to very good with scattered light dents and dings with tight joints. The interior is divided into six compartments with one equipped with a cover. All are lined with red velvet that rates very good. The case is equipped with a lock but no key is provided. Also included is a small unmarked brass flask with a federal eagle and missing spout. The case appears to be fitted for a Colt 1848 Baby Dragoon or similar with a 4" barrel. (6520-2488A)
2398. **GERMAN PIN FIRE CUFFLINKS LOT** This lot contains two German blank pin fire pistol cufflinks. The heavy nickel plate or monel metal surfaces remain bright showing some light tarnishing on the hammers. The grips show a nice scroll engraving and are marked "MAUS GERMANY". The pistol, have been attached to the cufflinks with epoxy. Included are 15 pin fire blanks. (178054-7) {NON-GUN}

2399. **HOLSTER AND TOOL LOT** Two items total: (1) refurbished P.38 leather holster marked "P.38" on the back. The leather has been stained black and polished, with light handling marks, the belt loops have been replaced and most of the seams have been re-stitched. The pull strap has been reattached in the front with a metal stud and the strap retention plates have been reattached with modern pins, one of which is missing; (1) unmarked Luger takedown tool retaining a grayish blue patina with patches of fine pitting and oxidation. (8088-5)

2400. **ANTIQUE BRASS SCARIFICATOR BLOODLETTING KIT** Unmarked brass spring loaded automatic fleam equipped with a 12-slotted depth-adjustable base, blued steel hammer and screws. The unit measures 1 1/2" x 1 5/8" at the top with a slightly larger base that covers the 12 steel blades until they are loaded. The top of the unit is also equipped with a knurled brass knob for adjusting the height of the base and a smaller spring loaded trigger button for releasing tension on the blades. The brass has acquired a pale red tarnished patina with areas of mellowed goldenrod on the top and bottom of the base. The hammer and screws retain nearly all their original bright fire temper blue with very light silvering along the edges, one of the top screws has been replaced with a grounded bright pin. The mechanism seems to function mechanically. Included is an original two piece sliding octagonal black leatherette cardboard box with red interior and three free blown glass cups with rubber suction balls. The cups rate excellent, the glasses remaining clear and the rubber soft and flexible. The box shows minor light scuffing along the edges. The interior appears to read in old ink script "Brought of / Frank S Big / Hammond Ind / Sat August 4 th / 1909" on one face and "Dr D.W. / Shearling / Chadron / Nebr" on the other face. Bloodletting was probably one of the most popular procedures for at least 2000 years and only stopped in the 20th Century. It was considered a cure to all sorts of ailments. Bloodletting was often carried out by barbers and the traditional red and white striped sign outside their premises is a legacy of that time. Care should be used during handling keeping bodily surfaces clear of the slotted base. (56020-R301)

2401. **VERY RARE LINDSAY'S YOUNG AMERICA POWDER FLASK AND ACCESSORIES** Three items total: (1) 3" brass bodied flask equipped with a common top and fixed spout with dual sided Federal eagle motif. The body rates near excellent retaining much original lacquer and a shallow impression in one of the faces; the view shows an eagle centered between stars and crossed guns above "E PLURIBUS UNUM" in riband. The brass top and spout remain bright and body is marked "LINDSAY'S / YOUNG / AMERICA" on one side. The screws are intact and the exposed spring remains strong; (1) steel bullet plunger measuring 3 3/4" overall. The surfaces have a pleasing pewter patina with a few small patches of fine pitting; (1) unmarked brass single grooved oval bullet mould. The brass remains overall bright with scattered tiny nicks, scratches and stains. The edges of the single cavity mould crisp and clean. A nice trio of accessories for a Lyndsay pistol casing. (56229-491) [Elliott Riggs Collection] (500/700)

2402

2402. **MILITARY STYLE SADDLE** This lot includes what is likely a Civil War era McClellan saddle. The 11 1/2" seat marked saddle is in fair condition and is partially missing the main buckle and breast strap. The leather covering is moderately stained with a few tears and the stitching is popping in a lot of areas. The stirrups are attached and remain in good overall condition and this would be a great restoration project or addition to any western theme décor. (106312-11H) [Please note: extra shipping will apply]

2403. **LOT OF MILITARY CLOTHING** This lot includes three jackets and a set of pants. First is a leather bomber jacket that has several tears, dried and crazed leather with multiple scuff marks that is a size 42 R with dirt stained sheep skin lining. Second is a green canvas fleece lined jacket with wool pants. Likely a size small, both in good overall condition. Third is a faded green canvas light weight jacket with sergeant stripes on the sleeves and is likely a size 42 R as well. (106312-10)

2404. **MODEL 1928 MCCLELLAN SADDLE** This lot includes a near complete saddle with stand. The 11 1/2" size saddle is missing the breast strap and some of the tethers. The leather covering is a lovely red russet color with some light usage marks and the stitching remains tight. The brass hardware has toned to a dark mustard color patina. It has steel stirrups and remains in excellent condition.

Included is a custom pine stand that has a blue enamel going with finish on the legs and body with a walnut color stained top. (107880-2) [Please note: extra shipping will apply]

2404

2405. **SHOOTERS LOT** This lot includes a variety of items. First is a SD Myers suede cartridge belt likely for a 40-44" waist that appears unused in excellent condition. Second is an assortment of 5 gun locks to include one trigger lock with key and 4 cable locks with keys, (2) HKS No. 29 speed loaders, and a set of 1" tip-off rings in a mis-matched blister pack. All items remain in excellent condition. (107497-6, 4)
2406. **SHOOTERS LOT** This lot includes a range bag, magazine, and surplus 5.45x39mm ammunition. First are 380 +/- steel case ball cartridges in excellent condition. Second is a Tapco 30 round polymer magazine likely for an AK-74 style rifle. There are a few light scratches near the throat and the magazine remains in very good condition. Third is a faded green canvas bag measuring 12"x8"x8" with reinforced carry handles and ten external open top pockets that has a heavy duty zipper on the main compartment in overall very good condition. (107773-3)
2407. **PISTOL RUGS** This lot includes 30 assorted size, zippered pistol rugs. They are a mixture of vinyl and leather and remain in overall very good condition. (108101-40)
2408. **PISTOL RUGS** This lot includes 20 assorted size, zippered pistol rugs and three plastic pistol cases. The pistol cases measure 12"x 8"x 2 1/2" with plastic clasp and or slide closures. The rugs are a mix of vinyl, fabric and leather and all are in overall very good condition. (108101-40A)
2409. **GUN SLEEVES** This lot includes 8 various size padded, zippered, canvas long gun sleeves in various states of condition from about very good to excellent. (108218-71)
2410. **SHOOTERS LOT** This lot includes a large green plastic ammo can with an assortment of 11 aftermarket 9mm magazines for various style pistols in a variety of capacities from 10 rounds to 50 rounds. These magazines are unmarked and in various states of condition from good to excellent and three magazine springs are included. (107956-19G)

2411

2411. WINCHESTER FACTORY SHIPPING CRATE FROM KEN WATERS

This lot includes an original wooden shipping crate measuring 51 1/4"x8 1/2"x5" for a Model 70 bolt action rifle. The crate is complete with paper end label still intact and has a complete lid. The label reads "Winchester / Model 70 Target / Bolt Action Rifle / .30 Govt. Model '06 / Lyman 77 Front Sight & 4 SW. H. Rec. Sight / Winchester Repeating Arms Co., New Haven Conn., U.S.A." It has overall ingrained dirt staining but remains legible. The lid is marked in red ink and was shipped from Ken Waters to G.H. LaFleur with remnants of a Railway Express shipping label and postmaster sticker. The flip side is pencil-marked "To Mr. Kenneth L. Waters" with his address and has antique postage stamps affixed. At the time it cost a whopping \$2.58 to send it from Nebraska to Connecticut. This neat piece of Winchester memorabilia remains in excellent condition and would make a fine addition to any collection. (108218-69A)

2412. WINCHESTER SHIPPING CRATE FROM KEN WATERS This lot includes an original wooden shipping crate measuring 51 1/4"x8 1/2"x5" for a Model 52C bolt action rifle. The crate has one section of the lid with a complete end label that reads "Winchester / Model 52C / Bolt Action Target Rifle / Cal. 22 Long Rifle, with Speed Lock / Without Sights / Winchester Repeating Arms Company". The bottom of the crate is marked with grease pencil to "K.L. Waters" and was shipped from "Cook, Newton and Smith Inc.". The end label and crate have overall light ingrained dirt staining and some of the boards are split but remains in very good overall condition. (No lid) (108218-69B)

2413. COLLECTIBLE WINCHESTER BOXES This lot includes two nice rifle boxes. First is a natural colored rare Model 88 two piece box that is complete having some light scuffing along the edges and spots of water staining in overall excellent condition. The end label lists the caliber as "284 Winchester" and has a surcharge that reads "special" and is for a pre-64 gun. Second is a two piece red and black checkered box for a Winchester Model 70 rifle in caliber .270 with cheekpiece and Monte Carlo, it is from 1964. There are overall light scuffs along the bottom edges and the box remains in excellent condition. (108218-69)

2413

2414. MOUNTAIN LION This lot includes a full standing mount of a mature lion pausing mid-stride to check the surroundings. The cat is mounted to a base that resembles a rocky terrain and measures 70"x31"x45". The overall condition is good as the cat has spots where the hide has dried and cracked and it is uncertain if they could be repaired. These spots are located at the top of the tail, the right rear quarter and there is a small section under the tail as well. The front side of the mount is well kept and if placed strategically still makes an attractive looking mount. (108305-1) [This item must be picked up shipping is not available]

2415. WINCHESTER BULLET MOULD This lot includes a single cavity mould in 38 W.C.F. The metal surfaces retain 75% blue flaking to brown finish with overall light oxidation staining and light handling marks. The sprue cutter screw shows minor wear and the two groove flat nose conical shaped cavity remains clean and is in overall excellent condition. (107956-17)

2414

2416. **UNMARKED BULLET MOULD** This lot includes a Winchester style single cavity mould marked "44 W" along the left leg. The metal surfaces are mostly a dull gray patina with overall light oxidation staining with traces of blue and brown tones in the protected areas. The right side of the body is marked with the initials "D.S.L." and the two groove conical shaped flat nose cavity remains clean and the mould is in overall excellent condition. (107956-17A)
2417. **LOT OF IDEAL BULLET MOULDS** This lot includes two wooden handled moulds. First is a single cavity round nose mould measuring .298" in diameter. The cavity has a couple spots of light oxidation staining but remains in excellent condition and the body is numbered 308291 on the right side. The second mould is a number 579 conical shaped two groove .29" in diameter with a clean cavity. The body is mostly dull grey with scattered light oxidation staining and there is active oxidation on the top of the legs and pivot area and the mould remains in very good plus condition (107956-17B)
2418. **MODERN-BOND BULLET MOULD** This lot includes a three cavity mould with two .358" two groove round nose and one .317" two groove round nose cavities. This is a double sided mould with the larger cavities on one side and the smaller on the opposite side. The cavities remain clean and the single side sprue cutter is no longer present. The handles have been whittled down and the mould remains in overall very good to excellent condition. (107956-17C)
2419. **LOT OF BULLET MOULDS** This lot includes three brass bodied moulds. First is an unmarked mould with .742" diameter wad cutter style cavity. The body shows overall light tarnish and handling marks and the cavity is in need of a cleaning but remains in overall very good condition. Second is a single cavity .40" diameter conical shaped cavity mould without sprue cutter in overall excellent condition. Third is a .459" diameter conical shaped mould with offset handle that has overall light tarnish and the cavity remains clean in overall excellent condition. (107956-17D)
2420. **LEATHER TAKE DOWN CASE** This lot includes a wooden take down case with leather covering measuring 33"X9"X3 1/2". The leather covering is dried and crazed near overall with both sides of the cover missing. The belt closures are no longer present and the inside of the case is lined in green felt with a near complete paper label from Williams & Powell. This case will accommodate a side by side with barrels up to 30" in length and would make a great restoration project. (107956-18)
2421. **1903 SPRINGFIELD DUMMY TRAINING RIFLE** This lot consists of an unmarked 1903 Springfield style bolt action dummy training rifle. The metal shows oxidation throughout and the beech stock shows handling marks, chips and dings throughout. There are several scattered cracks in the stock including a few at butt, two on handguard and one at upper tang and there are a couple small holes in the underside of stock. The rear band, sights and buttplate are absent but the bolt opens and closes cocking the trigger. An interesting piece overall. (2X207789-8) {NON-GUN}
2422. **BENJAMIN FRANKLIN MODEL 122 .22 CALIBER AIR PISTOL** The brass barrel and air chamber retain a pleasing lightly tarnished goldenrod patina with generous traces of original black finish in protected areas and the aluminum frame has an overall smoky gray patina. The plain walnut grips rate about very good with light handling marks and flaking original varnish. (58275-7)
2423. **DOC HOLIDAY BRONZE SCULPTURE BY SHOOP** This "Lost Wax" casting of the original 1986 bronze creation by Wally Shoop depicts the legendary gunfighter in ready-to-draw posture, coat open and his hands at-the-ready standing on a gravel like base with facsimile Shopp signature. The bronze has a lovely antiqued patina and measures 20" x 8 3/8" x 9 3/8" including the wood plinth and weighs just under 25 lbs. A great-looking reproduction bronze of one of Americas most notorious gunfighters. [Due to size and fragility extra shipping will apply] (1X57536-114) (100/200)
2424. **W.A.C.A. THE 1860 MARTIAL HENRY BRONZE SCULPTURE BY HOUSTON** This casting for WACA of the original Cody Houston bronze creation was created by Art Cast of Montana in 2003 and was limited to 55 signed and numbered pieces with the mold destroyed after completion, this sculpture is numbered 2/55. The depicts the bust of an Union Sargent clutching his Henry rifle and has dated Cody Houston signature on the left foot flat and is numbered "2/55" above "WACA" on the back. The bronze has a nice chocolate patina and measures 12 7/8" x 4 1/8" x 5 3/8" including the wood pedestal plinth weighing approximately four lbs. Included with the bronze is a Certificate of Authenticity dated 2003 signed by Mr. Cody listing the consignor as the principle owner. A nice desktop bronze for the martial arms or Winchester collector. (1X58087-229) [Kenneth Fry Collection] (200/400)

2425. **U.S. CALVARY SCOUT BRONZE SCULPTURE BY HOUSTON** This "Lost Wax" casting of the original Cody Houston bronze creation was created by Art Cast of Montana in 2006 was limited to 55 signed and numbered pieces with the mold destroyed upon completion, this sculpture is numbered 43/55. The sculpture depicts a buckskin clad cavalry scout kneeling, glancing the horizon with one hand on his knee and the other clutching his trusty Winchester lever rifle on a prairie style base having dated Cody Houston signature and number. The bronze has a nice chocolate patina and measures 11" x 6 1/2" x 11 1/4" including the kidney shaped wood plinth and weighs approximately eight lbs. Included with the bronze is a Certificate of Authenticity dated 2007 and signed by Mr. Cody listing W.A.C.A. as the original owner. A great looking limited edition sculpture for the budding Winchester collector. (1X58087-228) [Kenneth Fry Collection] (200/400)
2426. **CROSSBOW LOT** Two total: (1) Barnett Demon compound crossbow. This camo finish crossbow has a 150 lb. draw and can deliver a bolt at about 268 feet per second. The trackless design, straight limbs and glass filled nylon wheels add to this performance and a safety is included as well which all add to its superb accuracy. Crossbow also features a lightweight magnesium stock and has an adjustable front pin sight and rear peep sight. Other features include a bolt retainer, a braided Fast-Flite serving on the string and a weight of about 6.5 pounds; (1) WHAM-O Powermaster hunting crossbow. This vintage crossbow features a hardwood stock and aluminum alloy bow with about an 80 lb. draw. The string is present but frayed and should be replaced and the wood has some mild handling marks. Four original wood bolts are included, three have fishing tips, the fourth has a broadhead. A fifth incomplete pistol bolt is also included. The natural fletchings have mostly deteriorated from age. The original box is also included but is in poor condition overall with many tears and sections of the lid missing. (1X45694-11,12)

2427. **PISTOL BOX LOT** This lot consists of a custom wood pistol box with cleaning vise affixed to the top. The box measures 18" long by 7" wide and is about 4" high (9" high overall). A very good condition example that would make a great accessory for the blackpowder or modern pistol shooter. (1X47559-2)
2428. **GENERAL OFFICERS RIG** This lot includes a leather belt, holster and magazine pouch. First is a Bianchi leather belt likely a size 34/36 with silver plated 1902 style buckle. Second is a Bianchi #G100 ambidextrous holster that has moderately scuffed and flaked leather around the edges. Third is a Bianchi #G115 magazine pouch in similar condition to the holster. The lot is in overall very good condition. (1X107644-103D)
2429. **HELMET LOT** This lot consists of an unmarked dark gray Brodie style helmet. The helmet shows scattered flaking paint, staining and oxidation. The inside of the helmet appears to be painted white and shows scattered oxidation staining and flaking. The liner is intact and shows scattered soiling and some crazing. (1X206856-11A)
2430. **SHOOTERS LOT** This lot consists of three items. Included are: A Bianchi black nylon pistol rug that measures 15" long and has two outer side pockets, a green plastic Competitive Edge Dynamics shotshell dispenser and a six pouch red nylon magazine holder by iShot that has been embroidered on the front for "Rochester Brooks / USPSA / 2006 Arca 7 / Practical Shooters". All are in excellent condition. (1X46731-6)
2431. **LOT OF ASSORTED SHOOTING RELATED ITEMS** Includes an assortment of patch cutters, pieces from two bullet starters and two powder scoops. Both scoops appear to be home-made; one is marked "70" and looks like it was fabricated out of ink pen parts the other is marked simply "8" and is a 32 ACP casing tacked to a 10 penny nail. Items are in good to very good overall condition. (2X102789-245)
2432. **LOT OF COLLECTIBLE SHOTSHELL WADS** This lot consists of (9) boxes and (1) bag of various Remington UMC 12 gauge wads. The boxes rate from fair to good with some of the contents missing from the amounts cited on the boxes with broken seals. Included are (2) green checkerboard colored boxes of approximately 250 count each 12 gauge "Black Edge" 1/4" thick wads, (1) tan box of approximately 250 count 12 gauge "Regular" "Black Edge" wads, (3) tan boxes of approximately 250 count each 12 gauge "A" thickness, 72/1000" cardboard wads, (2) tan boxes of approximately 250 count each 12 gauge "B" thickness, 40/1000" cardboard wads, (1) mixed bag of wads that include various sizes of card wads and (2) tan boxes of approximately 250 count each 12 gauge 120/1000" cardboard wads. The last box has sizes on the label crossed out and the 120/1000 hand written but the boxes appear factory sealed. (1X87240-81)
2433. **LOT OF NEW AND COLLECTIBLE PRIMERS** This lot consists of (5) bricks and (8) sleeves of various make and sizes of primers. Included are: (1) brick of recently made (approximately 1000 count) CCI #250, large rifle magnum primers, (4) bricks (approximately 1000 primers each) Remington #9 1/2 Large Rifle Primers, (6) sleeves (approximately 100 count each) Remington #9 1/2 Large Rifle Primers and (2) sleeves (approximately 100 count each) Winchester #116 Small Rifle Primers. The packaging rates excellent on the CCI primers but the others vary from fair to very good. (1X87240-79)
2434. **LOT OF RIFLE BULLETS** This lot consists of (4) boxes of various diameter, style and weight rifle bullets. Included are (1) box of approximately 75 Speer .3085" 150 gr soft point bullets in an original yellow Speer box that is labeled for 180 gr. soft points, (1) box of 13 unknown make .309" 180 gr. pointed soft points, (1) unopened box of approximately 100 Herter's .338" 200 gr. round nose soft point bullets and (1) box of approximately 40 .358" 250 gr. round nose soft points in excellent condition. (1X87240-80A)
2435. **FRAMED WATERFOWL PRINT** This lot consists of a waterfowl print entitled "MALLARDS". The print was done by Douglas Van Howd and it shows four Mallards flying over a body of water. The print takes up the whole of the frame and the frame measures 21" in length and 17" in width and the frame body shows scattered dust staining and some light flaking paint. (1X207240-65E)
2436. **FRAMED WATERFOWL PRINT** This lot consists of a framed waterfowl print entitled "CANADA GEESE". The print was done by Douglas Van Howd and it shows two flying Canada geese and two on the ground. The print takes up the whole viewing area of the frame and the frame measures 21" in length and 17" in width and the frame shows scattered light dust staining and minor flaking. (1X207240-65G)
2437. **LOT OF CIVIL WAR PRINTS** This lot contains three matted prints with brief overview of specific engagements during the Civil War with the outer edge of the mat measuring 16"x20". The first print is titled "Battle of Dranesville, VA., December 20, 1861" with illustration by Henry Lovie. There is light staining on the matting around the black and white sketch but it remains in very good condition. The second print is titled "Battle of Antietam Creek, MD., September 17, 1862" with illustration by Edwin Forbes. The third print is titled "Siege of Vicksburg" with illustration by F.B. Schell. These last two prints have a plastic film over them and remain in near excellent condition with minor damage to the outer edges of the mat. (1X126312-8)

2438. **SPORTING ART LOT** This lot contains one 22" x 18" framed Whitetail print. The print has a view of 13" x 11 1/2" of a buck and a doe and an oval view of another large whitetail buck. The print has been expertly double-matted with suede using acid free materials. (1X178113-7D)

2439. **PACK POMMEL BAG LOT** This lot consists of a set of tan leather 1917 style pommel bags for use with a military pack saddle. The bags are unmarked but are in excellent condition with minor scuffs but no rips or tears. One side has a single large pocket while the other has two smaller pockets and loops for securing pencils. Similar to known Quartermaster's bag examples made by K.C. Saddlery. (1X43559-42A)

2440. **LEATHER RIFLE CASE LOT** This lot consists of a tooled, brown leather rifle case that measures 48" long. Designed for scoped rifles, the case has a shearling lining and has moderate to heavy flaking and crazing to the exterior. Case features a flap closure with buckle latch and a single carry handle. Loops for additional straps are present, the straps are not. An about very good example overall. (1X46286-5A)

2441. **U.S. MODEL 1873 BAYONET SCABBARD** This is a type II scabbard with sheet metal body and leather throat and belt loop clamped with a brass escutcheon marked "N.G.P.". The metal surfaces retain an overall brown patina with perhaps 10% flaking black lacquer. The leather rates very good plus with light scuffs and handling marks but remains intact and the brass escutcheon has a pleasing tarnished ochre patina. (1X57278-8)

2442. **LOT OF CLAY BIRDS** This lot consists of a box of about 110 White Flyer clay pigeon targets. The clays are of different vintage but are all intact. [Due to fragility this item cannot be shipped]. (2X43746-2J1)

2443. **BLACK DUCK WORKING DECOY** This gunning black duck decoy appears carved along the lines of an early Mason or Hayes glass eye decoy (c. 1920s) except that it has an atypical section of wood inlaid into the body at the area of the neck. The body finish is a repaint and it still has the hanging metal weight rigging attached to the bottom. The head has separated from the neck area and there is a line present, but the head is not loose. The body has a split line running through the middle of the body (back-to-bottom and not side-to-side) suggesting that this might be 2-piece manufacture. The length of this decoy is 16 1/2". The lower section of the bill has split off and is missing. (1X58088-3B)

2444. **CHRONOGRAPH LOT** This lot consists of a Pact Precision Chronograph that appears in very good condition and features "start / stop" inputs and an "on/off" switch on the back and two function buttons on the front with a readout screen. The unit comes with four light sensors on 15' cords and a single information sheet. No base for the light sensors or any light diffusers are included. The functionality of this Chronograph is not known. (1X128062-4)

2445. **GERMAN SHOOTING MEDAL LOT** This lot consists of a 1927 dated German shooting medal. The silver medal shows scattered flaking and light oxidation staining. The obverse shows a man in a hat shooting a Schuetzen rifle and underneath him is a target with a wreath around it. The back of the coin shows a wreath around the words "Standeinweihung des Burger Schutzen-Verein e.V. Schewrte 3/.727" A neat coin for the collector. (2X207391-5K)

2446. **SWISS SHOOTING MEDAL LOT** This lot consists of a silver Swiss shooting medal. The medal shows some light wear and light oxidation stains. The obverse shows a Swiss guard in front of a cannon and village under the words "TOUT POUR LA PATRIE" and underneath him are the dates "1519-1526" and "1584-1814". The back shows an eagle underneath a key and Swiss cross underneath the words "Un POUR TOUS", "TIR FEDERAL A GENEVE 1887" and "TOUS POUR UN". A neat lot for the Swiss collector. (1X207391-5M)

2447. **FRENCH MEDALLION LOT** This lot consists of a bronze French medal from 1804. The bronze medal has turned a brown patina and shows scattered oxidation staining. The obverse of the medal features the likeness of Napoleon Bonaparte with the words: "EMP. ET ROI", meaning emperor and king. The back of the medal shows a man bearing a whip confronting a demonic beast and the script reads "En LAN XII 2000 BARQUES SONT CONSTRUITES", meaning in the 12th year of Napoleon's reign 2000 ships were to be built. This medal was meant to commemorate a 2000 ship fleet that was intended to be used to invade England but this fleet was never fully completed nor was the invasion. A very neat piece of history. (2X207391-5A)

2448. **GERMAN COIN LOT** This lot consists of a bronze German states memorial coin to the Grand Duke of Baden. The coin is turning a brown patina and it shows scattered light oxidation staining. The obverse of the coin features the likeness of the Duke with this full title near the rim. The back of the coin reads "DANKT SEINEM VERKLAERTEN BESCHUTZER 24 APRIL 1852" and the edges of the coin depicts the Duke's title. A neat coin overall. (2X207391-5C)

2449. GERMAN SHOOTING MEDAL LOT This lot consists of a German shooting medal. The medal shows scattered oxidation stains and scratches. The obverse shows a man in a hat shooting a Schuetzen rifle and a wreath over a target on the right side. The back of the medal shows a wreath over the words "VERBAND DER SCHIESKLUBS/VON LUDENSCHIED UND UMGEGEND 5 SIEGER". A neat shooting collectible. (1X207391-5N)

2450. FRENCH MEDAL LOT This lot consists of a bronze Napoleonic era French medal. The metal is turning a brown patina and shows scattered light oxidation stains and the bottom of rim on obverse shows a very small bend. The obverse of the coin features the likeness of Napoleon Bonaparte over the engraver's name "Andrieu F.". The back of coin shows the French Legion of Honor medal and above it, the words "AUSPIECE NEAPOLÉONE GALLIA RENOVATA". A neat piece from a pivotal time in Europe's history. (2X207391-5B)

2451. BRITISH COMMEMORATIVE COIN LOT This lot consists of a memorial coin for the Duke of Wellington. The coin exhibits some scattered light oxidation staining. The obverse shows the likeness of the Duke, his title and the engraver's name "ALLEN & MOORE BIRM". The back of the coin reads "BRITANNA MOURNS HER HERO NOW AT REST" and in the center is a tomb with Wellington's birth and death dates and an angel. The bottom also reads "WATERLOO/ JUNE 18 1815" in commemoration of Wellington's famous victory over Napoleon. (2X207391-5E)

2452. SWISS COMMEMORATIVE COIN MEDAL This lot consists of a Swiss medal commemorating the Battle of St. Jakob an dir bers. The medal shows scattered oxidation stains and the rim has a couple chips and one minor bend. The obverse shows a falling warrior with a sword in one hand and a flag in the other under the words "EIDGENÖSSISCHES FREISCHHESSEN 1844 ZU BASEL". The back of the medal shows several Swiss symbols over the words "DER SCHILD ZERBROCHEN LAS SCHWERT ENTZEL DAS BANNER IN STERBENDER HAND TRIUMPH DAS VATERLAND BLEIBT FREI. GOTT SEGNE DAS VATERLAND". This battle was fought between 1500 Swiss fighters and 40,000 French mercenaries and it was a French tactical victory but a strategic failure and today the battle is considered very important in Swiss history. (2X207391-5Q)

2453. GERMAN SHOOTING MEDAL LOT This lot consists of a German silver shooting medal dated 1893. The medal's markings are fading and show scattered scratches and oxidation staining. The obverse of the medal shows the likeness of the Prince of Bavaria Von Bayern under the words "LUITPOLD PRINZREGENET VON BAYERN PROTEKTOR". The back of the medal shows the shooting gallery under the words "DIE NEUE SCHIESSTATTE DER KGL PRIVIL HAUPTSCHUTZEN GESELLSCHAFT MUNCHEN" commemorating the opening of a shooting gallery in Munich. A neat medal for the shooting enthusiast or historian. (2X207391-5R)

2454. SWISS COMMEMORATIVE COIN LOT This lot consists of an 1822 Swiss coin commemorating the Gathering of the Officers. The brass coin is turning a brown patina and shows scattered light oxidation stains. The obverse of the coin features three officers coming together and holding their hands toward the sky over the words "GRUTLI DEN XVII NOV MCCCXVII". The back of the coin shows several flags underneath and the Swiss cross and it reads on the edges "DER GEIST UNSRER VATER SEY MIT UNS". On the bottom of the back side the coin reads "LANGENETHAL DEN 18 JULI 1822". Really a neat coin. (2X207391-5H)

2455. GUN CASE LOT This lot consists of two items. First is a Kolpin hard gun scabbard that measures about 54" long and is adaptable to an ATV or similar mount. Case has a fleece style lining and is in excellent condition. Second is a simple vinyl soft case with zippered end that measures about 46" and has a few small tears and general soiling but is in very good condition overall. (3X45953-56)

2456. LOT OF GUN CASES This lot consists of three hard plastic long gun cases beginning with two Kolpin Gunboots that are molded in the configuration of a rifle, measuring 51" x 9" (at its widest point) x 3" and with a higher molded area to allow for a bolt rifle. These two piece "boots" with black outer shells are secured by way of a clip-on heavy duty chain with plastic cover and doubles as a carry handle. It is here that the sections disengage to reveal a red faux fur lined interior. These two cases rate excellent with a few minor stains and scuffs. The third case is also black, a DoskoSport measuring 48" x 10" x 2 1/2" with four hinged plastic latches, egg crate style foam inserts showing a few small stains and tears and an outer shell showing a 6" lower section missing and a 3" split at the top on one end and some areas of tape residue. (3X75242-44)

2457. CONTICO TRAVEL CASE This lot includes a black hard plastic travel case measuring 52"x12"x4 1/2" with gray egg crate style foam lining. This case has four clasp style closures with two spots for pad locks (not provided). The case is in very good overall condition. (3X105268-3)

2458. GUN CASE LOT This lot consists of a sling and a Stack-On black plastic, large pistol sized, hard gun case that measures 19" x 10 1/2" x 4 3/4". The interior is set up for two layers of handguns or accessories with two smaller un-foamed compartments in the front for smaller accessories. You should be able to get pistols that do not exceed 18 1/2" overall length into this case. The case also includes a 1" x 62" long nylon sling with quick detachable sling swivel studs. (2X87874-12C)

2459. LOT OF SHOTSHELL WADS This lot consists of (13) bags of wads. This lot consists of (10) bags of approximately 250 each Winchester Handicap WAA12XW 12 gauge one piece plastic wads. Also included are (3) bags of approximately 250 each Federal 20S1 20 gauge one piece plastic wads for 7/8 ounce loads. (1X87240-82)

2460. LOT OF RELOADING WADS This lot consists of an assortment of 12 and 20 gauge wads for shotshell reloading including eight containers in total. Included are five boxes of Alcan wads, three 20 gauge and two 12 gauge, two bags of Remington 20 gauge power piston wads and one bag of 12 gauge AA wads. All are in excellent condition. (3X45953-2,3)

2461. **HARRIS BIPOD** This lot includes a universal quick mount 12" adjustable bipod. The bipod is complete in overall near excellent condition with a few light spots of oxidation staining visible. (108140-30S20295B)
2462. **LOT OF AR ACCESSORIES** This lot includes five items First is a Center Point quick acquisition laser and flashlight combo. The flashlight has a red filter and works well the laser needs a new battery with Picatinny mount. Second is a Center Point Tactical red / green dot scope with flip up lens cover and Picatinny mount in excellent working condition. Third is a Magpul angled forend in excellent condition. Fourth is an unmarked barrel mount short 3 rail Picatinny mount and unmarked speed trigger assembly both in overall excellent condition. (108153-3A)
2463. **COLT 1911 CONVERSION KIT** This lot consists of a 5" Colt 1911 22 LR barrel, a slide, magazine, slide stop, recoil spring, ejector, floating chamber, a bottle of Sears gun oil and the original box. The barrel has an excellent bore and the slide retains 98% original blue with some scattered light silvering. This kit is of 1947-1955 vintage and the box rates good with the top end being taped on and there being some scattered flaking and crazing. This conversion kit will make a great addition to any Colt collection. (208157-6) (500/700)

2464. **BRITISH LEATHER COVERED SHOTGUN LUGGAGE CASE FROM EJ CHURCHILL** This is a leather-covered wooden luggage

case with heavy brass reinforced corners and "secure lever" lock. Externally the case is about 30 1/2 x 8 1/4 x 3". The external leather straps and their billets are missing. The body of the case rates about very good with overall light scuffs and handling marks from the years along with some drying and light flaking. The interior shows the original red baize lining and makers label in the lid. The makers label rates very good over all with the 8 Agar St., Strand London address and with a telephone number and telegraphic address listed. The interior shows a good deal of mildew which certainly could be abated if one did the job properly. The lower separator in the barrel compartment was relieved, no doubt for a larger bore set of barrels, it would appear

as though 20 bore was the original intent, this certainly could be repaired by a good case man. There is a small spacer missing in the "action" section as well but again, it is not beyond salvation. The key to the case is included. An about very good case overall that certainly could be improved upon if someone wished. (38218-678A) [Ken Waters Collection]

2465. **LOT OF 17 REMINGTON DIES** This lot consists of (3) dies for the 17 Remington cartridge. All dies are made by RCBS and include (1) full length sizing die with decapping pin and neck expander, (1) neck sizing die with decapping pin and neck expander and (1) seating die with seating stem. All dies rate about excellent and include the lock rings. (88306-1)
2466. **REPLICA NON-FIRING MODEL OF THE P.08 LUGER** This lot consist of a single unmarked non-firing model of the famed Luger P.08 pistol. The model is well made of die cast metals and steel and closely imitates the Mauser code 41-42 P.08. The metal surfaces retain about 90% factory blue colored finish with light to moderate high edge wear. The checkered walnut factory grips rate excellent. The pistol includes a detachable magazine and the gun functions and disassembles much like the original. The model maker even numbered the parts and the magazine to the frame like the originals. From a short distance, it is very difficult to tell that this is not the real deal. (88002-63) {NON-GUN}
2467. **S&W BOX LOT** This lot consists of a very nice collectible red hinged top box for Smith and Wesson revolvers. The end label reads "SMITH & WESSON / NEW 38 DEPARTURE / NICKEL, 3 1/4 INCH.". The pebbled exterior rates very good with some light scuffing and fading. The interior has the factory instructions printed on the underside of the lid and the box is not numbered. A very good to excellent vintage example overall. (48211-27A)
2468. **BROWNING SAFE LOT** This lot consists of Browning ProSteel gun safe that measures 60.5" x 30" x 25" (27" overall) and has a 3/16" body construction. The safe has a dark gray finish with light handling marks, chips and flakes from previous installation and transportation. The door is 3/8" thick and has the Sargent & Greenleaf mechanical combination lock. The interior has the burgundy carpeting with the 14 long gun configuration and the shelves on the left side. A very good condition sturdy gun safe that does not have any additional fire protection but will certainly offer adequate protection against theft. The weight is estimated at about 800 lbs and due to this, shipping is not available. (47757-1)
2469. **TREADLOCK SAFE LOT** This lot consists of a Treadlock Security gun safe that measures 63" x 28" x 21" (23" overall). The safe has a tan/gray finish and has some light handling marks and scratches from being moved and previously installed. The safe features the gold carpeted interior with a 20 gun long gun rack and top shelf. There is no additional fire protection but the safe will provide adequate resistance to theft. The safe features a mechanical combination lock and is in very good condition overall. The weight is estimated at about 400 lbs. and shipping is not available. (47943-2)

2470. BROWNING SAFE LOT This lot consists of a Browning ProSteel gun safe that measures 60.5" x 24.5" x 20" (22" overall). The safe has the traditional brown Browning painted finish which has some minor scratches and handling marks from previous installation and a few law enforcement and firearms related decals. The safe features the Sargent & Greenleaf Gold series mechanical combination lock and has the burgundy carpeted interior with the 11 long gun set up and additional peg board on the back of the door. A very good condition example of these earlier security safes, there is no additional fire protection but the safe will provide adequate resistance to theft. The safe's weight is estimated at about 400 lbs. and shipping is not available. (48113-1)

2471. TREADLOCK CABINET LOT This lot consists of a Treadlock trunk style security cabinet that measures 64" x 17" x 24" (28" overall). The cabinet has a tan painted finish that has some minor scratches and other handling marks from previous transport and installation and features two keyed tumbler locks. Included are a custom hardwood long gun rack constructed for the inside which will hold eight rifles or shotguns and has a padded cushion cover. The cabinet weighs about 200 lbs. and shipping is not available. (48302-1)

2472. TACTICAL LOT This lot consists of a Streamlight TLR-2 HL flashlight/laser combination. The light is designed to be mounted to any picatinny rail style mount and functions correctly. An excellent example overall. (48290-193B)

2473. ANTI-AIRCRAFT SIGHT This lot consists of an optical sight for an anti-aircraft gun. The sight has a desert tan enamel finish with scattered flaking, oxidation spots and some staining. The gun has a metal tag attached by string that is marked "TYPE 74SD/No. W30398", the type 74SD is a Chinese 37mm antiaircraft gun but all of the markings on the sight appear to be in English. The sight has both an elevation and windage knob that adjusts from 0 to 50 and this piece will make an interesting display item for the military collector. (206857-38)

2474. M1911 CAVALRY HOLSTER This lot consists of an original 1915 dated Rock Island arsenal M1911 cavalry holster. The holster remains in very good plus to near excellent condition with some scattered light flaking and a couple spots of light staining. The Rock Island markings remain crisp and this holster will make a great addition to any military collection. (208211-37A)

2475. MACHINE GUN SIGHT KIT This lot consists of a Soviet style optical sight for the 14.5mm KPV wheeled machine gun, a wooden crate, two 3.5x PU style scopes, an optical device, several sheets of instruction, cleaning equipment and a power cord. The crate is marked "MGS4-T1UD/(Circle)68/1300723", the small inner boxes of the crate are coming undone from the inside with one of the tabs having broken off and the outside of the box has a green enamel with scattered flaking, dings and scratches. The anti-aircraft sight is marked "MGS4/(Circle)68/1300723", it has a green enamel finish with some light flaking and moderate staining, the optics are tinted, the scope has a military crosshair reticle and the scope has a side mount for a PU 3.5x scope. Both of the PU scopes have a satin silver finish, with light oxidation staining, they are marked "T1U/(Circle)833" and they have clear optics. The optical device is a telescope that looks upward with a crosshair reticle, the optics are slightly tinted, the telescope is marked "BS14.5/3002161/(Circle)833" and there is a red and white flag that moves upward. There are several sheets of paperwork included with this kit, one of which is marked with a "(Triangle)11" possibly for Radom factory in Poland and all of the instructions appear to be in English. A sight adjustment tool is present, there appear to be a few small cleaning accessories brush-like and the power cord is likely for a light of some sort. A neat Cold War era military item. (206857-37)

2476. NAVAL LOT This lot consists of several ship diaries and photographs. The ship logs are from the U.S.S. William War Burrows, Pacific Theater a transport ship: The logs span from December 1941 until June 1942 and some of the pages show some creasing and light tearing. The photos measure 15" x 19" and show a variety of different U.S. Navy World War Two era ships. Also present is an 11" x 17" photo of a Civil War militiaman from the First Rhode Island Detached Militia and a few of the photos exhibit light staining. A neat lot for the history buff. (206857-23)

2477. GERMAN MODEL 1894 HEBEL FLARE PISTOL serial #66278, 26.5mm, 9 1/4" barrel with an oxidized bore. The metal surfaces are an overall dull gray patina with a dent at top of muzzle, a small ding at top of backstrap, oxidation staining and freckling. The smooth walnut grips rate very good with scattered dings, scratches and handling marks. The pistol bears a variety of proofs including "(Crown)/B" and "(Crown)/A" and the hammer is not functioning properly. An interesting Great War era flare pistol. (208013-4) (NON-GUN)

2478. **AIRSOFT GUN LOT** This lot consists of a DPMS branded M16 style automatic electric airsoft gun. The gun shows a few spots of oxidation on barrel, a few areas of flaking paint, scattered dirt and dust staining. The orange flash hider has been painted black showing traces of the original orange coming through the paint. The gun is a full length M16 style rifle with A1 handguards, an A2 flash hider, A2 upper, A2 lower and a 4 position collapsible stock. The right side of the receiver features the DPMS Panther logo, there is no rear receiver pin present and the battery connector is protruding from the back of the receiver. There is no battery or magazine present so we are unable to determine if this airsoft rifle is functioning properly. There is a desert colored ACU pouch mounted on the buttstock. A good project or parts donor airsoft rifle. (208300-15S20581A) {NON-GUN}
2479. **LOT OF SLINGS** This lot consists of 38 black nylon webbing style slings of various lengths and ranging from 3/4" to 1 1/4" wide to include 20 with two quick connect swivels, five with a single quick connect swivel, and 13 without swivels. The quick connect swivels appear to be from Uncle Mikes. (128290-309)
2480. **SHOOTERS LOT** This lot consists of four cleaning kits, a small camera tripod, two spools of fishing line, a box of 8mm Mauser brass, a wood handled Remington hand trap, a threaded brass drop tube funnel, three oilers, 10 stripper clips, a CSA belt buckle, three scope bases, three small tools, a black plastic buttstock and pistolgrip for unknown gun(s), a stainless steel percussion cylinder 44 cal with the only marking being "8372", and two rifle scopes, one Ruger 4x32 with crosshair reticle and clear optics, and one Weaver D6 with a duplex reticle that has a broken crosshair and lightly cloudy optics. All range from good to excellent condition. (128251-31A)
2481. **CROSSMAN MODEL 338 AUTO BB PISTOL** in very good condition with a few minor handling marks and is missing the loading port cover. Comes with its manual and a CO2 cartridge. (128251-31B)
2482. **CROSSMAN MODEL 1377 AMERICAN CLASSIC AIR PISTOL** .177 cal pellet, 10 1/4" barrel with a very good bore. The metal surfaces retain 90% original blue with several light handling marks and light oxidation throughout. The aluminum frame rates very good with several small spots of flaking finish. The woodgrain plastic grip and forearm rate about excellent. This airgun features an adjustable rear sight. (127779-9)
2483. **WINCHESTER MODEL 450 UNDERLEVER COCKING AIR RIFLE** .177 cal, 18" barrel. The metal surfaces retain 98% original blue with a few specks of oxidation and a couple of minor handling marks. The checkered walnut pistolgrip Monte Carlo stock with left side cheekpiece rates very good with multiple light scratches and handling blemishes. This German made air rifle is fitted with a red rubber buttpad and is sighted with a globe front and adjustable rear sights. It features a rib for scope mounting and has an adjustable trigger. (128203-1)
2484. **LOT OF HOLSTERS AND LEATHER** This lot consists of nine holsters, two shoulder holster/mag pouch rigs, a belt cartridge pouch and a bayonet frog. Included are three hard canvas Uncle Mike's Sidekick holsters, one Uncle Mike's soft belt clip holster, one Gun Gear hard holster marked BDM, one reproduction P38 holster, one reproduction U.S. marked flap holster for a large single action or similar revolver, one heavy leather Safariland No 25 holster for a large S&W revolver, a lightweight brown leather flap holster for a medium frame 32 or 380 cal pistol, one shoulder holster with mag. pouch by Triple K, one shoulder holster with mag. pouch by Strong, a heavy brown leather duel cartridge pouch for 8mm Mauser or similar, and an unmarked bayonet frog. All are in good to near excellent condition and come with a light weight green canvas NRA range bag. (128251-31)
2485. **LOT OF GUN CASES** Eight total. First is a black plastic Plano Protector Series measuring 51"x12"x4" with foam interior. Second is a black plastic Flambeau Outdoors tapered case that measures 53"x10"x4" with foam interior. Next are five zippered long gun soft cases ranging from 41" to 53" long. All of the above are in very good condition with some minor blemishes from use. And last is an aluminum pistol case, foam interior, 12"x9"x4" with a separating exterior panel, several minor exterior blemishes and a broken lock. (128251-32)
2486. **LOT OF LONG GUN SLEEVES** 12 Bore Stores soft long gun sleeves approximately 44" long with 11 having Velcro closure flap and one that has been cut short. Very good condition overall. (128127-21)
2487. **FACTORY BOX LOT** This is an original factory box for the Savage Model 1907 pistol. The cardboard box features a solid black exterior with wear limited almost exclusively to the top edges, the top also exhibiting a fully intact "Caution" label with serial number written in pencil at upper right. The hinged lid has a split at the front left corner but otherwise the box is fully intact as is the orange side label affixed to the bottom right panel. The interior shows some areas of minor grime, the lid exhibiting a full identification label and included is an original and fully intact twelve page owner's manual also showing some dark spots and an ink marking but otherwise excellent. (76724-349A)
2488. **FACTORY BOX LOT** This Savage Model 1907 original factory box exhibits a black exterior showing some scuffing at the corners and bottom edge wear. The correct "Caution" label has a couple of small sections missing and a few small handwritten notes applied in both ink and pencil. The orange side label is present minus a few small sections and the interior is clean, exhibiting a lid with a strong black identification stamp and a lower right panel that is separated but present. Housed in this collectible box are two original manuals for the pistol, a twelve page staple-bound and a folding style. Also included is the original onion paper. (76724-349B)
2489. **FACTORY BOX LOT** This is an original factory box for the Savage Model 1907 pistol with a nice crisp black cardboard exterior showing bottom edge wear, an excellent "Caution" label on the hinged lid and an impressive orange side label and the bottom features a fully legible serial number written in pencil. The interior is in similar condition with a fully intact lid label and some minor dark spots. Included is onion paper and a reproduction owner's manual. (76724-349C)
2490. **FACTORY BOX LOT** This is an original Savage Model 1907 factory box with a black cardboard exterior showing a crazed pattern of wear throughout most of its surface. The interior shows extensive masking tape reinforcement. All three interior labels are intact with the interior of the hinged lid exhibiting blue print. Included is onion paper and a reproduction owner's manual. (76724-349D)

2487

2488

2489

2490

2491. **LOT OF MILITARY ITEMS** This is a lot of several items pertaining to the AK 47 semi-auto rifle beginning with an unmarked bayonet with a bright and sharpened blade with light contact wear. The black smooth plastic handle and blued steel guard also show minor handling marks as does the correct black plastic scabbard. Next are two unmarked steel bodied 30 rd. magazines. The 7.62x39mm magazines retain about 92% original blue with loss due to contact wear and exhibit strong springs. They are accompanied by two excellent plastic magazine clamps marked "CAA" and "AK47MC". The magazines are housed in an unmarked green canvas carry case with two mag. capacity and two smaller exterior pockets, one of which currently holds an excellent four piece butt trap cleaning kit in original steel tube. The canvas case also rates excellent with some light corner wear and retains all loops, straps and hardware. (76724-345D)
2492. **LOT OF ACCESSORIES** This is a lot of items pertaining to the Cobray M11 pistol beginning with a Cobray marked threaded barrel extension showing minor handling marks to the Parkerized finish and attached is a front grip. There is also an unmarked parkerized threaded muzzle brake and a correct blued steel Cobray 9mm magazine loader. The items remain in excellent condition. (76724-283A)
2493. **FACTORY BOX LOT** This is an original Savage Model 1917 pistol factory box with the black cardboard exterior showing wear mainly at the corners. The lid has separated; its front panel is missing as are portions of the sides. The top of the lid retains nearly its entire white "Caution" label, the orange side label is faded but retains strong black text. The interior shows splits at each corner and retains original wax paper. An about good to very good example overall. (76724-349E)
2494. **FACTORY BOX LOT** This lot consists of three original factory boxes for Savage semi-auto pistols. Two are for Model 1907 and one is labeled for Model 1915. The overall condition is about good plus with extensive separation and tape repairs evident to panels and labels, grime marks and wear, particularly at the edges. The black exteriors and orange and white labels retain most of their original color. (76724-349F)
2495. **LOT OF PISTOL BOXES** This lot consists of four reproduction boxes for Savage pistols. The two piece cardboard boxes measure 8"x5 1/2"x1 1/2" with three having gloss black exteriors and green side labels. Two rate excellent and the third has a creased top with a split corner and a side label that is beginning to separate. All three include a fully intact "Perfect Pocket Oiler", a 4" long spring activated, chrome plated oiler with a shot shell style design. The fourth box is gray with a red side label that is separating and like the other three provides identification that includes "Savage Pistol 32 Cal. Automatic Smokeless Rimless" and the Savage logo. Each lid has exterior "Caution" labels and interior company identification labels. This is an excellent condition lot overall. (76724-349G)
2496. **LOT OF GUN CASES** This lot consists of seven cases for long arms: (6) padded and zippered soft cases; (1) leather scabbard. Included are three by Allen with rugged nylon shells and configured to house scoped rifles. One displays a large Ruger logo, another is camo pattern and the last is a solid green. The other two are vinyl shelled with faux fur interiors and by Kolpin and Straight Shot. The lengths range between 42" and 53" with each featuring fully intact carry handles and the overall condition of these five is excellent with the first three in particular showing little indication of use. The two piece scabbard measures 44" in length and is contoured to allow for a scoped gun as it is 8" at its widest point and the brown leather remains strong and shows areas of grime and grease stains and scattered handling marks. The stitching remains intact along the entire periphery of each section; the lower section exhibits an impressive raised company logo featuring the image of the profile of an elephant between "The Schoelkoff Co." and "Famous Jumbo Brand". The two sections connect by way of fully intact straps and buckles on each side with the metal parts showing verdigris and the interior shows minimal wear. (76019-29A)
2497. **LOT OF GUN CASES** This is a lot of twelve zippered and padded soft cases for long arms and with the following outer shells: (7) vinyl; (4) nylon/canvas; (1) suede leather. The lengths range from 44" to 62" and there are five that are designed to allow for scoped guns, including one that has a depth of 3" and features an interior with an egg crate style foam lining. Manufacturers include Allen, Weather Shield, Straight Shooter and Bucheimer, each features fully intact carry handles and the overall condition is very good plus. (76019-29B)
2498. **LOT OF GUN CASES** This lot consists of 13 zippered and padded soft cases for long arms and with outer shells constructed of the following materials: (3) vinyl; (8) nylon/canvas; (2) suede leather. One of the nylon cases features an illustration issued by the U.S. Dept. of the Interior to promote the purchase of Duck Stamps for the purpose of supporting The Migratory Bird Hunting and Conservation Stamp program and is dated 1990. The lengths of the cases in this lot range from 42" to 54" including ten that are contoured to fit scoped guns and manufacturers include Straight Shooter, Kolpin, Bucheimer and Uncle Mike's. Each case features functional carry handles and the overall condition is very good plus. (76019-29C)
2499. **FRAMED DOG PRINT** This lot includes a custom framed print of a man and his bird dog in front of a roaring fire cleaning his shotgun after the day's hunt. The frame measures 23 3/4" X19 1/2" and is made likely from weathered barn boards with gray paint touchups along the cut edges. A very handsome vintage looking piece that will fit nicely in any décor. (107917-9)
2500. **LOT OF NORMA BRASS** This lot includes 60 rounds of 7x64mm brass casings in overall excellent condition. (108218-10A)
2501. **RUGER AIR MAGNUM BREAK ACTION AIR RIFLE** serial #000001721, .177 Cal, 20" barrel with bright excellent bore. The metal surfaces retain 98% blue finish with a few light handling marks. The air rifle has fiber-optic sporting sights and a Ruger 4X32 scope with duplex reticle and crisp clear optics. The checkered black composite stock rates excellent and this single shot break action air rifle should be a convincing deterrent to keep the squirrels out of your bird feeders. (108303-84) {NON-GUN}
2502. **LOT OF TRIGGER LOCKS** This lot includes 65 assorted combination trigger locks from Master and Franzen. There are four cable locks with combination and 61 trigger locks. They all are set to the factory code 000 and instructions are available online to change to one of your preference. The locks are in overall excellent condition. (108290-310)

Books

2505

2503. **LOT OF BOOKS** Total of three consisting of Volumes One through Three of the four volume hardcover set Battles and Leaders of the Civil War; c. 1884-1887 The Century Co. Expansion of the coverage of the war by Century magazine. The books rate about good plus overall with the pebble grained leather exteriors showing extensive wear particularly at the corners, the spines are missing nearly the entirety of their leather surfaces and have been covered with nylon tape which has begun to peel in areas. The gilt embossed edges have faded slightly and featured are marbled inside covers and illustrated frontis pieces. Page totals range from 750 to 760 with partial separation occurring in several locations; Volume Two shows moderate staining at the back pages due to contact with liquid. An interesting and informative first edition example of U.S. literature. (78079-5)
2504. **LOT OF BOOKS** Three total. Savage Automatic Pistols, by James R. Carr; (no c. info. provided). 131 pages hardcover rating near excellent with minor corner wear and with jacket showing edge wear and small tears; a two inch strip of the top front interior jacket is adhered to the cover. 10 Shots Quick: The Fascinating Story of the Savage Pocket Automatics, by Daniel K. Stern; c. 1967 Daniel K. Stern. 153 pages hardcover with jacket showing three tape repairs applied to small tears and with sun fading at the spine. The front end paper is graced with a 1967 dedication by the author and the book remains in excellent condition with just a couple of handling marks. Savage Pistols, by Bailey Brower Jr.; c. 2008 Bailey Brower Jr. 268 pages excellent condition hardcover with jacket showing little indication of use. (76724-39)
2505. **COLT CENTENNIAL BOOK LOT** This lot consists of a single centennial commemorative soft cover book titled A Century Of Achievement: 1836-1938 and has the Colt logo. This factory publication features the first 100 years of the Colt company's business and products. Cover and some of the pages have some minor staining and light foxing and the publication is in very good condition overall. (1X45078-6B)

Gun Parts

2506. **WINCHESTER BARREL LOT** This lot consists of a Winchester 1885 barrel chambered in 32-40 with a good bore that is oxidized and lightly pitted. The #3 weight barrel measures 24" long and appears to have been shortened with a new dovetail cut for the front sight. The rear sight appears to be the original semi-buckhorn. The metal surfaces retain some of the original blue, the majority being a mottled brown and gray and blending with some minor tool marks and light surface oxidation and fine pitting. An about good example overall. (47661-6)
2507. **LC SMITH STOCK LOT** This lot consists of a buttstock from an LC Smith Featherweight 12 gauge double shotgun. The stock measures about 15 1/2" overall to the original hard rubber buttplate and rates in about very good condition overall with a few minor cracks on either side of the wrist from the lockplate cutouts. There is some minor crazing and light cracking to the lacquer finish. The grip cap is intact. (47015-16A)
2508. **COLT 22 / 45 CONVERSION UNIT LOT** This lot consist of a partial Colt Conversion unit for a Government Model pistol including (3) parts. Included are a complete Colt 22 LR Conversion Unit slide that includes the extractor and firing pin assemblies, front sight and Coltmaster rear sight. The slide has about 98% professional later added nickel plate with a few oxidation blemishes and scattered light scratches. All parts on the slide, to include the sights, were nickel plated. The 5" nickel plated barrel with floating chamber has an excellent bore. Also included is a recoil spring. The addition of a barrel bushing should get this unit "up and running". (86519-656)
2509. **STOCK LOT** This lot includes a three piece set likely for an AK-47 style rifle. The smooth buttstock, forend, and handguard rate excellent with several light handling marks under an added layer of finish with no makers marks. The steel buttplate and sling swivel retain most of their black enamel finish with areas of fine oxidation staining. (107497-5)
2510. **LOT OF S&W GRIPS** This lot includes five rubber J frame grips to include (2) Pachmayr checkered combat grips, (2) Hogue textured Mono grips, one with S&W medallions, and (1) Uncle Mike's combat grip all in very good to excellent condition. (107497-3)
2511. **BARREL LOT** This lot includes a 21 3/4" heavy target stainless steel barrel with random circumferential disruptive pattern similar to matting, only more visually pleasing, in 22 Benchrest. The barrel is unmarked and is for a Kelbly's Inc., Benchrest rifle with Stolle Panda Action previously sold as lot 299 in sale 111. The barrel has a bright excellent bore with no provision for sights and is in overall excellent condition. (107760-3E)
2512. **BARREL LOT** This lot includes a 21 3/4" heavy target barrel with matte stainless steel finish in 22 Benchrest. There are a few light superficial scratches in the finish and the barrel has no sight provisions and remains in excellent condition. The barrel is unmarked and is for a Kelbly's Inc., Benchrest rifle with Stolle Panda Action previously sold as lot 299 in sale 111. (107760-3A)
2513. **BARREL LOT** This lot includes an unmarked 21 3/4" heavy target barrel with stainless steel finish in 25 Benchrest. There are no sight provisions and the bore rates excellent. The barrel is for a Kelbly's Inc., Benchrest rifle with Stolle Panda Action previously sold as lot 299 in sale 111. (107760-3F)
2514. **R. A. SIMARD BARREL** This lot includes a 21 3/4" fluted heavy target barrel with stainless finish in .222 Rem., for a Model 700 bolt action rifle, previously sold as lot 714 in sale 111. There are a few light superficial scratches and the bore remains excellent. (107760-3B)
2515. **SHILEN BARREL** This lot includes a 21 3/4" heavy target barrel with stainless steel finish in 6mm Benchrest for a Model 700 bolt action rifle previously sold as lot 714 in sale 111. The bore is bright and excellent and there are no sight provisions. (107760-3C)
2516. **BARREL LOT** This lot includes an unmarked 21 3/4" heavy target barrel with stainless steel finish in 6mm PPC. There are no sight provisions and the bore rates excellent. The barrel is for a Kelbly's Inc., Benchrest rifle with Stolle Panda Action previously sold as lot 299 in sale 111. (107760-3D)
2517. **REMINGTON 1100 BARREL** This lot includes a 26" blued 12 ga., ventilated rib barrel for 2 3/4" shotshell with Herter's adjustable choke with overall bright excellent bore. The metal surfaces retain 90% blue flaking to brown finish with overall light scratches, spots of fine oxidation staining and random spots silvering. (107936-14B)

2518. **REMINGTON 1100 BARREL** This lot includes a 28" ventilated rib 12 ga., barrel chambered for 2 3/4" shells choked full with bright excellent bore. The metal surfaces retain 90% blue flaking to brown finish with overall specks of light oxidation and staining. There is a single silver bead sight and the barrel remains in very good condition. (107936-14A)
2519. **REMINGTON 1100 BARREL** This lot includes a 28" light contour ventilated rib 12 ga., barrel with screw in improved skeet Rem-choke with bright excellent bore. The barrel retains 95% matte blue finish with a few light scratches and spots of fine oxidation staining and has a silver bead rear and white bead front sight in overall very good condition. (107936-140)
2520. **REMINGTON 1100 BARREL** This lot includes a 28" plain 20 ga., barrel with bright excellent bore choked improved cylinder with single silver bead front sight. The barrel retains 85% blue fading to brown finish with a few light scratches and scattered spots of fine oxidation staining in overall very good condition. (017936-14C)
2521. **WINCHESTER BARREL LOT** This lot includes a 26" part round, part octagon barrel in 30 W.C.F. with bright excellent bore for a Model 94. The nickel steel barrel retains 85% evenly thinning blue with scattered spots of fine oxidation staining throughout. There is light silvering on some of the high edges and no sights are included. (107936-14F)
2522. **REMINGTON MODEL 1100 BARREL** This lot includes a 30" ventilated rib 12 ga., barrel chambered for 3" Magnum shotshells with bright excellent bore choked modified. The metal surfaces retain 90% blue finish with overall specks of fine oxidation staining, scattered light scratches with single silver bead front sight and remains in very good condition. (108104-1A)
2523. **THOMPSON CENTER BARREL** This lot includes a 28" octagon 50 cal. barrel for a percussion rifle. The barrel is numbered 59288 and retains 85% blue fading to brown finish with spots of light silvering, oxidation, an area of fine pinprick pitting and oxidation staining with a near excellent bore. The barrel has standard sporting sights and remains in very good condition. (107936-14E)
2524. **RUGER BARREL LOT** This lot includes a 23 3/4" blued barrel in .458 Win. Mag., likely for a No.3 rifle. The barrel retains 85% blue finish with scattered spots of light fine oxidation staining, scratches, and two silver rings around the barrel on the breech end (likely from removal). The bore is bright and rates excellent and the barrel has been drilled and tapped for scope mounts. (107966-44)
2525. **REMINGTON 1100 BARREL** This lot includes a 28" matted ventilated rib barrel with single silver bead sight for 2 3/4", 12 ga., shotshells choked modified with bright excellent bore. The metal surfaces retain 95% blue finish with a few light scratches in overall excellent condition. (108134-7)
2526. **BROWNING A-500 BARREL** This lot includes a 28" matted ventilated rib barrel with single silver bead front sight for 3", 12 ga., shotshells with Invector choke (full) that has a bright excellent bore. The metal surfaces retain 95% original blue with a few light scratches in excellent condition. (108115-163)
2527. **MOSSBERG 500 BARREL** This lot includes a 28" plain barrel with single brass bead front sight for 2 3/4", 12 ga., shotshells with an overall bright excellent bore choked modified. The barrel retains 75% blue flaking to brown finish with overall light scratches and fine oxidation staining and remains in about very good condition. (018115-16A)
2528. **MOSSBERG 500 BARREL** This lot includes a 24" plain barrel with single brass bead front sight in .410 bore choked full with a bright excellent bore. The metal surfaces retain about 80% blue fading to brown finish with spots of light oxidation with tooling marks at the takedown screw but remains in overall very good condition. (107951-218)
2529. **H.M. POPE BARREL** This lot includes a heavy target barrel in 22 Short, measuring 30 3/5" overall with a bright excellent bore. The shank measures 7/8" long with a 10 TPI pattern and is .928" in diameter. The barrel is an overall brown and pewter patina with four drilled and tapped holes on the underside with notches for rings along the top in overall very good condition. (107966-29)
2530. **UNMARKED BARREL BLANK** This lot includes an unmarked .40 cal. rifled barrel blank that measures 33" overall with light oxidation staining on the untreated surfaces. This is a true big bore blank ready to be turned down to fit ones needs in overall excellent condition. (107966-39)
2531. **BADGER BARREL BLANK** The lot includes a steel barrel blank marked 400 / N / 16 on one end with a bright excellent bore. The blank measures 35 1/2" overall and is in excellent condition. (107966-46)
2532. **MARLIN BALLARD PARTS** This lot includes a barrel in 40-63, extractor, and a walnut forend. The barrel measures 30" with a bright near excellent bore. The metal surfaces are an overall brown patina with scattered light oxidation staining near all over. The extractor is taped to the barrel and the walnut forend with ebony tip rates very good overall with scattered light handling marks and spots of flaking varnish. (107966-45)
2533. **H.M. POPE REVOLVER BARREL** This lot includes an 8 1/4", .38 caliber barrel with bright excellent bore. The shank measures 3/4" long with .543 diameter shaft and 36 TPI pattern. The barrel is an overall brown patina with numerous light tooling marks, scratches, spots of fine oxidation staining and the front sight is no longer present. This could be a fun project piece. (107966-43)
2534. **GATLING GUN EXTRACTOR** This lot consists of a Model 1883 Gatling Gun extractor in 45-70 Govt. The metal is an overall dull pewter patina with some sparse light pin prick pitting and hardened oil. The extractor appears to be in very good overall condition. (101347-3)
2535. **K MART CBC BARREL LOT** This lot contains one 28" plain barrel choked modified having a bright excellent bore. The metal surfaces retain 97% original blue finish having slight loss due to handling and scratches. The top of the barrel is marked "K MART CORORATION" and the side of the barrel is marked "COMPANIA BRASILEIRA DE CARTUCHOS". (177471-7)
2536. **BROWNING BARREL LOT** This lot contains one Browning A 500R deer rifle barrel. The barrel is a 12 ga., 24" smooth barrel with rifle sights, Invector choked and having a bright excellent bore. The metal surfaces retain 97% original blue having loss on the belly along with having some scattered handling marks. (7723-9A)
2537. **WALTHER SPORTMODELL V BOLT ACTION RECEIVER** serial # 15285, Receiver only. The metal surfaces on this vintage action are currently in the white and rate excellent with some light handling wear and gray patina. The metal appears to have been lightly polished and some of the lettering is faint but still visible, including the "(crown)B" & "U" proofs. The bolt assembly is included as are the sights. The rear base radius has been opened up, the front sight has an extra tall insert. The trigger mechanism has been cut and modified as well and the lower portion is no longer present. A very good example that would make a terrific smallbore project for the right craftsman. (Transfers as a "firearm") (44458-18) {MODERN} (50/100)
2538. **RUGER BARREL** This lot includes a 26" blued tapered barrel in 270 Win with a bright excellent bore. The barrel retains about 95% blue finish and has been drilled and tapped for a quarter rib that is not installed. One pin is in place, the other is missing and the barrel remains in about excellent condition. (3X107494-13C)

2534

2539. **MAUSER STOCK LOT** This lot includes a custom Monte Carlo English walnut pistol grip stock with left side raised cheekpiece for an M93 or M95 action. The stock has a small section of finish applied to the right side of the buttstock and is semi-inletted and ready for final fitting and finish. (1X107569-8A)
2540. **STOCK LOT** This lot consists of three stocks for the 1903 series rifles. First is a military walnut stock that has been modified for sporting use. It rates very good overall with a few light dings and handling marks and a small crack near the toe. The stock measures 31" overall and included are sling swivels and the crossbolts, no other hardware is included. Next are two brown composite full-length military style training or drill stocks. Neither include any hardware or furniture. One is in excellent condition, the other rates about good and has several chips, cracks and other blemishes. (2X44395-2S1)
2541. **GUN PART LOT** This lot consists of five items: (1) set of black rubber lens covers; (1) 30mm Scope ring along with an aluminum adapter base to fit a dovetail, likely for a 1911 pistol; (1) B-square mount to fit a ribbed barrel revolver; (1) Jager Products hardened steel recoil guide rod, for the Glock Gen 4 model 19 & 23 pistols. This guide rod allows the use of stock or precision spring assemblies to adjust the use of your Gen 4 Glock pistol for use with specific loads. A terrific accessory for the competition Glock shooter. All in excellent condition. (1X46731-2E)
2542. **DUTCH M1 CARBINE BLANK FIRING ADAPTER** This lot consists of a single Dutch M1 Carbine blank firing adapter. The adapter shows some light oxidation staining, silvering and red paint at bottom. It is marked with "Eagle/BMVIDg/186". A unique lot for the M1 Carbine collector. (2X207647-42)
2543. **LOT OF ACCESSORIES** This lot includes two aftermarket accessories: First is a MSAR P/N 218 sight rail with screws and wrench, second is an unmarked swivel stud with screws for use on a Picatinny rail system. Both items are in excellent condition. (2X104427-104A)
2544. **MISCELLANEOUS LOT OF SPRINGS** Includes bulk coil springs, flat springs and other parts This consists of 10 packages of parts. All counts and measurements approximate. Included are: (97) coil springs .028" x .143" x .404", (75) coil springs .022" x .096" x .380", (63) coil springs .022" x .167" x 1.404", (69) coil springs .022" x .169" x .773", (51) mixed size coil springs, (58) coil springs .046" x .2355" x .658", (90) assorted coil springs, flat springs, wire springs, screws and other small parts, (75) unidentified parts assembly .037" thick x.893" long x .197" wide with hole x .113" wide at the opposite end with .258" two diameter stud at the narrow end, (15) assorted curved and "V" shaped flat springs and (13) packaged flat springs of various sizes. (1X85694-16D34)
2545. **LOT OF ASSORTED CHOKE TUBES** This lot consists of (5) assorted screw-in chokes. All chokes remain in about excellent condition but are unidentified except for one modified choke for an Ithaca Shotgun. (88306-2)
2546. **MOSSBERG BARREL LOT** This lot consists of a Mossberg Model 835 Ulti-Mag 12 ga., 24" ported slugger barrel with a bright excellent rifled bore equipped with an integral cantilever scope mount. The barrel is in excellent condition retaining 98% original factory camo finish. (58251-18A)
2547. **REMINGTON BARREL LOT** This lot consists of a 12 ga., 20" deer barrel for a Model 870 Wingmaster shotgun. The barrel retains 95-98% lightly thinning original blue and has a bright excellent bore and is equipped with adjustable rifle sights. (58252-8A)
2548. **MOSSBERG BARREL LOT** This lot consists of a Mossberg Model 500 12 ga., 28" plain shotgun barrel with a bright excellent bore. The barrel is equipped with a single brass bead front sight and retains about 98% original blue with a few light scratches and rub marks. (58251-23A)
2549. **WINCHESTER STOCK LOT** This lot consists of a Winchester Model 1895 buttstock with crescent steel buttplate. The walnut stock is in very good condition and has some minor dings and light handling marks and some light chipping along the tang channels. The steel buttplate has some light surface oxidation and staining. A very good example that would make a good replacement for a tired 1895 buttstock. (48184-3A)
2550. **BROWNING BARREL LOT** This lot consists of a Browning Auto-5 16 gauge ventilated rib, Invector choke barrel with an excellent bore. The barrel measures 26" long and has a single silver bead front sight. The metal surfaces retain about 97-98% original blue and there is some light staining on the "white" portions. A single modified choke is included. An excellent example overall. (48301-2A)
2551. **BROWNING BARREL LOT** This lot consists of a Browning Auto-5 12 gauge ventilated rib, fixed skeet choke barrel with an excellent bore. The barrel measures 26" long and has a single brass bead front sight. The metal surfaces retain about 99% original blue. An excellent example overall. (48112-97A)
2552. **COLT HAMMER LOT** This lot consists of a single hammer for a Colt Single Action Army first generation revolver. The metal has a mottled brown patina which is heavier on the outer edges. The trigger notches are lightly worn or possibly slightly bent out but are not beyond repair. A very good example that would make an adequate replacement part. (474962-8A)
2553. **CUSTOM GRIP LOT** This lot consists of a set of carved bone grips for a 1911 series pistol. The grips each feature a hand carved Chinese dragon motif and are yellowed with a definitive grain and have slight cracks at the rear edges. Both panels are in excellent condition. (48294-9A)
2554. **AR UPPER LOT** This lot consists of an unmarked AR style complete upper assembly. The upper features a 16" barrel presumably in 223 Rem. with flash hider, bayonet lug and an excellent bore. The metal surfaces retain about 99% original Parkerized finish with some light handling marks scattered about. The upper is equipped with the round A2 style black Zytel carbine handguard which rates excellent and has the carry handle and A2 sights. Other features include the brass deflector and forward assist and included are a bolt and charging handle. An excellent example overall that should be checked by a competent gunsmith prior to use. (48290-192)
2555. **AR UPPER LOT** This lot consists of a BCM complete 5.56 NATO AR upper receiver assembly with a 16" barrel with a flash hider, bayonet lug, 1:7" rate of twist and an excellent bore. The metal surfaces retain about 98-99% original Parkerized and anodized finishes. The upper is equipped with a Midwest Industries aluminum vented handguard with picatinny top rail, and rail adapters on the underside which hold an angled foregrip. Other features include an A2 front sight, brass deflector, forward assist and a picatinny flat top receiver which holds a G,G&S flip-up rear sight. A Midwest Industries bolt and a charging handle are included. An excellent example overall. (48290-193)
2556. **AR UPPER LOT** This lot consists of a Colt A2 223 Rem complete upper assembly. It features a 20" 1:9" rate of twist HBAR barrel with no flash hider or bayonet lug and has a bright excellent bore. The metal surfaces retain about 99% original phosphate finish with a few light handling marks visible. The upper is equipped with a round Zytel handguard that rates excellent. Features include A2 sights, a brass deflector and forward assist. An excellent example overall. (48278-32)
2557. **REMINGTON BARREL LOT** This lot consists of a Remington 11-87 Special Purpose cantilever 12 gauge slug barrel with a fully rifled excellent bore. The metal surfaces retain about 99% original Parkerized finish. Mounted to the factory cantilever base is a Bushnell Sportview 4X32 riflescope. The scope features a duplex reticle and has excellent optics. A terrific accessory for your trusty Remington 11-97 shotgun. (48278-1A)
2558. **REMINGTON BARREL LOT** This lot consists of a 20" Remington Model 870 blued 20 gauge barrel with rifle sights and an excellent cylinder bore. An excellent example, perfect for your Winmaster series 20 gauge 870. (48194-5)

2559. **LOT OF STOCKS** This is a lot of eight walnut stocks for a variety of sporting long arms: (5) buttstocks; (3) forends. Included are a buttstock with original recoil pad and a forend for a Winchester model 1200 slide action shotgun and exhibiting mild handling and a small burn mark. There is also an excellent condition folding stock compatible forend for a Ruger Mini-14 and a buttstock with original J. C. Higgins grooved plastic buttplate and showing a burn mark on right side. The overall condition of the lot is about near very good with dings and scratches evident in varying levels. (77625-3A)
2560. **THOMPSON CENTER ARMS BARREL** This lot includes a matte stainless steel barrel for a Contender Carbine measuring 21" with a bright excellent bore. The barrel has a fixed front blade with adjustable sporting rear sight and is chambered in 30-30 Win. There are several scattered light scratches and light wear marks from changing in and out but the barrel remains in excellent overall condition. (108290-308)
2561. **THOMPSON CENTER ARMS BARREL** This lot includes a blue finished barrel for a Contender Carbine measuring 21" with a bright excellent bore. The barrel has a fixed front blade with adjustable sporting rear sight. There are a few light handling marks and a couple of specks of light, fine oxidation staining and the barrel remains in excellent condition. (108290-308A)

TERMS AND CONDITIONS OF SALE

ABSENTEE BIDDING

- Bidders without prior credit approval are required to submit a 20% deposit prior to bids being accepted (credit cards may be used for absentee deposits). Absentee bids will be bid in a competitive manner and an absentee bidder needs only to outbid another buyer i.e. bidding will not be opened at the maximum bid unless that is the next competitive bid. Buyer is responsible for any and all shipping charges.
- Amoskeag Auction Co., Inc. will not be held responsible for errors or omissions of any type that may occur during this service.
- All Silent Auction bids are due by 3:00pm on Saturday. If you are planning on bidding on an excessive amount of items we request that your bid sheets be turned in on the Friday before the sale. Please do not call the gallery once the auction has started (after 9:00am) as we will not be able to make changes to bids. Faxed bid sheets will be accepted for the **silent auction** until 3:00pm on Saturday
- All absentee/telephone bidder invoices are mailed within a few days of the sale, are due upon receipt, and are to be paid either by cash, check or credit card. All items not paid for within 20 business days from sale date shall be considered abandoned as well as any deposit that was made on those items and Amoskeag Auction Company, Inc. shall have sole discretion as to their disposal. **NOTE:** If paying by cash or check, the buyer's premium will be a discounted 15% versus 17.5% for those paying by credit card.

**IF YOU FAX YOUR BID SHEET INTO OUR OFFICE,
PLEASE CALL TO CONFIRM THAT WE DID RECEIVE IT. THANK YOU. 603/627-7383**
