June 26-27-28-29, 2021

## ***Maxwell E. Brail, 1910-1992***

Mr. Max Brail, a lifetime collector with a keen passion and enthusiasm for his collecting, often demonstrated through his openness in sharing his achievements and knowledge through his many presentations, exhibitions and writings at various exhibitions and local shows. He began his life in 1910 in a small Michigan town known as Greenville. As a young man he located to Jackson, Michigan and worked in the dry-cleaning business as a driver and salesman. In a few short years he would own his own dry-cleaning operation. In 1937 he married Lucille and she would accompany him on most of his numismatic journeys throughout their lifetime. With his success in business, he built and leased a McDonald's in Jackson.

In the late 1920s he began actively collecting United States coins purchasing items he desired from the Chapman Brothers, B. Max Mehl, Albert Grinnell and other well-known dealers, and auction houses as well as U.S. commemoratives directly from the issuing authorities. During this time his primary collecting interest was United States coinage and Michigan National Bank Notes.

During 1944, at the age of 34, Max became life member No. 92 in the American Numismatic Association; twenty-three years later he would be given the same life membership number in the Canadian Numismatic Association. Throughout the decades he would serve on the boards of numerous regional, state and local clubs and organizations.

His interests would shift throughout his collecting adventure. In the 1960's, with his income from McDonald's, he went about acquiring all of the Proof and Specimen notes in perfect condition from the chartered banks of Canada that he could locate. Max always sought out the best condition and rarity when acquiring items for his collection. By 1976 he had amassed a collection of more than 500 examples of Canadian currency, many with very low serial numbers. During 1977, the Canadian Imperial Bank of Commerce would acquire the collection intact for their museum.

Canada was among Max's primary interests in collecting. He loved Canada and all of the numismatic items relating to our northern neighbor. The sale of his currency collection would allow him to explore new avenues including medals – gold medals, life-saving medals, military decorations, and more. But acquisition was only part of the story. With each new acquisition he would do a deep dive into its history – a regular numismatic sleuth. He wasn't satisfied until he knew everything there was to know about the medal; from its designer to the individual, it was given to. (Today we have internet access for research – where Max utilized pen and paper in his correspondence consisting of hundreds upon hundreds of handwritten letters both nationally and internationally.) With this knowledge Max made the medal come alive in his personal encounters with other collectors.

His greatest joy in collecting was achieved when he could put all of the pieces together to share through presentations and the exhibits that he created. At nearly every convention he attended you could find Max, (with Lucille close by), in the exhibit area, sharing his knowledge and love of numismatics with both young and old alike. Max exhibited competitively through the early to mid-1960's and said to his family "I've won everything I ever wanted to win." He decided to give the younger exhibitors a chance. Later in life he exhibited on an invitational basis.

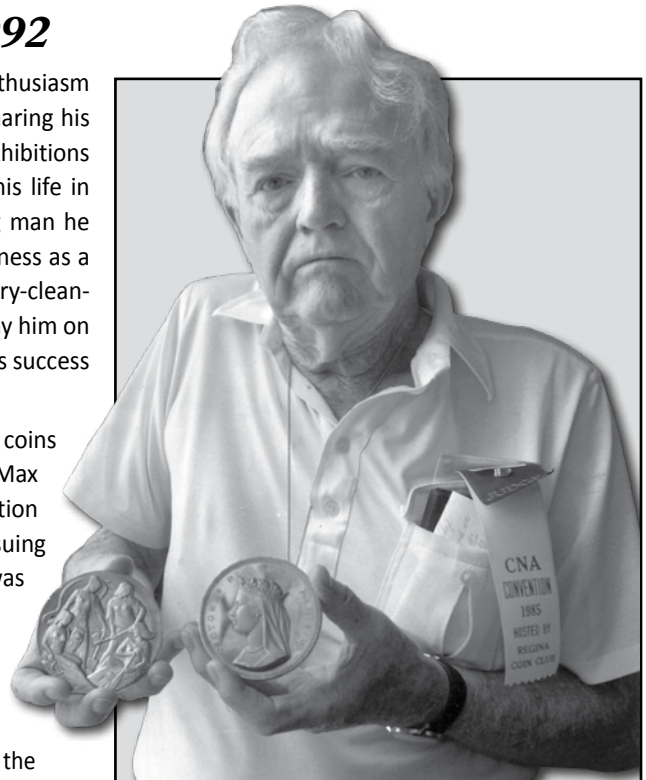

A man of honor and prestige, he loved life and his family; he enjoyed cars; motorcycles; flying (he owned several planes through the years); photography; owned a one-room schoolhouse; served as Jackson's historian; secured recognition for Michigan's Civil War governor Austin Blair; as well as the birthplace of the Republican party in Jackson.

In 1960 he was appointed to the U.S. Assay Commission under President Eisenhower. Max spent decades forming one of the finest collections of U.S. Assay Commission medals ever assembled outside the U.S. Mint. He loved history, writing, learning and acquired lasting friendships throughout his lifetime.

Max was laid to rest in 1992. It is the family's hope as well as mine, that through this offering of the remaining portion of his Canadian collection, that these medallic pieces of history will find new homes and that their story and his will live on.

A 1911 \$500 note in VF condition has transacted in a public auction in 2008 and sold for \$322,000 US dollars. There is no example of an issued \$500 note of the 1911 issue in the Bank of Canada's National Currency Collection, or in any other museum collection. The museum does have a 1911 Specimen and Proof examples of the \$500 note. The offered example grades Very Fine, and has bright colours and good body. The centering is decent. The auctioneer believes that it is extremely unlikely that the other known \$500 notes of the 1911 issue will be offered for sale, making this an unique opportunity to acquire an example of the "Empress" of Canadian banknotes. An amazing note which is one of the classic rarities in Canadian currency. Until the discovery of this note there were only three examples in private hands. Such an early Rarity, especially in issued format, is certainly a 'tasty' find for any serious collector and will most certainly serve as an absolute treasure in their collection. Excessively rare. A once in a lifetime offering and opportunity. Worth a premium bid.

## TERMS AND CONDITIONS • ENGLISH - FRANÇAIS

1. This is an Internet, Live Internet, email, phone and mail/fax auction sale conducted.

Information provided in this catalog or on our web site by The Canadian Numismatic Company is strictly AS IS and/or STRICTLY an opinion.

Bids are per lot. No lots will be broken. Auction sales are not approval sales. All lots shall be sold to the highest bidder as determined by the auctioneer. In the case of identical (tied) bids during our Live Auctions, the earliest received bid shall take priority. In the case of a tie bid during our Sales, between a mail/fax bid and an Internet bid, the Internet bid will take precedence and obtain the lot. PLEASE CONTACT US IF YOU REQUIRE FURTHER EXPLANATION.

4. Prices are in Canadian funds. Bidding in this auction will be in Canadian funds. Mail bids received from USA customers will be converted at the exchange rates of the sale's date rate.
5. The estimates listed are taken from the Canadian Coin News, Charlton catalogs, Canadian Dealers News letter and retail prices, e-bay sales, Cornwell report and/ or the actual market selling/ asking prices. Key dates and Highest grade material will generally command a premium and should sell close to and/ or above the estimates. Our estimates are fair and reasonable, please bid accordingly. No lot should sell less than 50% of the low estimates. Usually, with a bid of 70% of the highest estimate, you have a fair chance of succeeding, with a bid of 100% of the highest estimate, you will be likely to succeed. For special & rare lots, estimates can be largely exceeded.
6. The cataloguer has taken every reasonable measure to ensure that all of the lots in this sale are as described and genuine. All raw coins and banknotes have been graded by the cataloger or the auction house which represent our best professional opinion. To grade coins and banknotes, we use Canadian grading standards, 39 years of experience and good conscience. However, grading is a subjective description in the opinion of the cataloger or the auction house. Among experts there are often differences of opinion on the grading and the eye appeal of a coin. The strike and the state of preservation are often debated. The Canadian Numismatic Company acts as an agent between consignors and buyers. The Canadian Numismatic Company does not guarantee that any coin or banknote cataloged will meet the standards, or the grade, of any third party grading companies. No warranty, whether impressed or implied. Items are as is, no warranty given. We cannot accept responsibility and waive all liability resulting in financial losses, and or incidentals accruing from the sale of any items, nor can we guarantee that items graded by third party services will grade the same if submitted to a different grading service or re-submitted to the same company.
7. Title to all lots remains with the auction house until paid for in full by the purchaser. But they are held at the risk of the purchaser once the time of the sale.
8. Sales tax, if applicable will be added to the total amount of each invoice including the buyer's charge. To all lots delivered in Canada, appropriate GST/HST will be charged. To all lots delivered in Quebec PST of 9.975% will be charged. To all lots delivered in USA or overseas, no tax will be charged. The Canadian Numismatic Company is not responsible for the customs clearing, duties or transportation costs related to any package. All costs relating to these issues remain Customer's sole responsibility. The Canadian Numismatic Company does not provide any letters of guarantee or credit. The Customer, in agreeing to these Terms and Conditions, acknowledges that any taxes or duties, including VATs, will be the sole responsibility of the Customer and The Canadian Numismatic Company will not be held liable for any fees.
9. Shipping and insurance coverage will be charged to all successful bidders. Insurance coverage will be charged at 0.0049% (\$0.49 for \$100 purchase). If declined, parcel will be sent at buyer's risk. All overseas shipments are sent at buyer's risk.
10. Mail bidders may return incorrectly described lots for full refund within 5 days of receipt, (NO RETURNS on bulk lots or any lot that contains more than 5 items). NO RETURNS can be accepted for ANY REASON after July 20th, 2021 as consignors must be paid. Sorry, no exceptions.
11. The Canadian Numismatic Company acts ONLY as agent for the consignors and makes no independent warranty to title. The Canadian Numismatic Company hereby disclaims all liability for damages, incidental, consequential or otherwise, arising out of or in connection with the sale of any property by The Canadian Numismatic Company to the purchaser. The Canadian Numismatic Company reminds all bidders that grading, attribution, and method of manufacture are crucial to the determination of the value of any numismatic item. 2. **Tous les lots doivent être entièrement payés avant la livraison.** Les paiements doivent être effectués en dollar canadien par chèque, par transfert bancaire par câble à NOTRE compte ou en argent comptant (argent comptant accepté pour des montants de moins de 10 000\$). Virements Interac (afin de recevoir et de déposer votre paiement par virement Interac, un mot de passe peut vous être demandé. Si tel est le cas, veuillez utiliser le mot de passe suivant : **aucun**). Veuillez ensuite envoyer votre paiement à : **tcnc@bellnet.ca**. Malheureusement, nous n'acceptons PAS PAYPAL. Les paiements en dollar américain seront acceptés à environ 2% de plus que le taux de change en vigueur le jour de l'encan. Les factures sont converties comme il se doit sur demande. Si vous choisissez le paiement par carte de crédit, soyez avisé que les frais administratifs ne sont pas remboursables. Les enchérisseurs n'ayant pas de relation d'affaires établie avec la Compagnie canadienne de numismatique devront fournir des références de crédit avant la vente. Pour nos enchérisseurs déjà établis, vos lots sont envoyés lorsque votre chèque a été reçu. Pour les nouveaux clients, vos chèques doivent être encaissés avant l'envoi de vos items. Si vous désirez recevoir vos lots plus rapidement, considérez le paiement par virement Interac, par chèque certifié ou par transfert bancaire par câble. Toutes les factures doivent être reçues et payées en intégralité au plus tard 12 jours après la date de la vente aux enchères. Les factures non payées dans les 30 jours seront soumises à des taux d'intérêt de 2% facturés mensuellement. Ces frais débiteront en date de la facture initiale et se poursuivront jusqu'à ce que le montant de la facture ait été payé en totalité. Si l'encanteur requiert l'emploi d'un avocat pour la résolution de paiements, l'enchérisseur s'engage à payer tout frais juridique relié au cas.
3. L'encanteur ouvrira la mise approximativement à 10% au-dessus de la deuxième plus haute mise reçue ou de la réserve déterminée par le consignataire. Toutes les mises reçues seront réduites si possible. Ne craignez donc pas de miser votre maximum. Si aucune mise n'est reçue ou si le lot est sans réserve, l'encanteur ouvrira les enchères à la mise initiale indiquée par le prix en ROUGE mis entre parenthèses devant la valeur du lot dans le catalogue. Les Mises d'Ouverture; Les mises d'Ouverture ne représentent pas toujours les Réserves établies par les consignataires. Dans certains cas, les consignataires choisiront une réserve plus élevée que la mise d'ouverture que nous avons déterminée. Il s'agit du montant déterminé avant les prix estimés en rouge. C'est pourquoi, dans certains cas, l'encanteur appellera des lots vendus au livre même si la mise d'ouverture a été atteinte ou excédée. Dans ces cas, les lots sont considérés comme inventus et habituellement retournés au consignataire. L'encanteur se réserve le droit de retirer un lot à tout moment pour toute raison avant la vente. Dans le cas d'un événement imprévu d'importance significative, l'encanteur se réserve le droit d'annuler ou de remettre la vente.
4. Les prix sont affichés en dollar canadien. Les mises dans cet encan seront effectuées en dollar canadien. Les mises reçues par la poste provenant des États-Unis seront converties au taux de change en vigueur la journée de la vente.
5. Les estimations listées proviennent du Canadian Coin News, des catalogues Charlton, du Canadian Dealers Newsletter, des prix au détail, des ventes e-Bay, du Cornwell report et/ou des prix du marché de l'offre et la demande. Les dates clé et le matériel de grande valeur requerront généralement une prime et devraient se vendre près et/ou au-delà des estimations. Nos estimations sont justes et raisonnables, veuillez miser en conséquence. Aucun lot ne devrait se vendre à moins de 50% des estimations. Avec une offre de 70% de la plus haute estimation, vous avez de bonnes chances de remporter la mise. Avec une offre de 100% de la plus haute estimation, vous remporterez probablement la mise. Pour les items très rares, les estimées peuvent être largement dépassées.
6. Le catalogue a pris toutes les mesures possibles pour assurer que tous les lots de cette vente soient authentiques et tels que décrits dans le catalogue. Tous les billets de banque et les pièces de monnaie ont été gradés par le catalogue ou la maison d'encan, ce qui représente notre meilleure opinion professionnelle. Pour grader les billets et les pièces, nous utilisons les standards canadiens de gradation, nos 39 ans d'expérience et notre bonne conscience. Toutefois, la gradation reste une description subjective selon l'opinion du catalogue ou de la maison d'encan. Des différences d'opinion quant à la gradation et à l'attrait visuel de la monnaie surviennent souvent parmi les experts. La frappe et l'état de conservation de la monnaie sont souvent débattus. La Compagnie canadienne de numismatique agit en tant qu'agent entre les consignataires et les acheteurs. La Compagnie canadienne de numismatique ne garantit pas que les pièces ou les billets de banque catalogués rencontreront les standards ou les grades de tiers externes (compagnies de gradation). Aucune garantie, autant explicite qu'implicite. Les items sont tels que vus dans le catalogue, aucune garantie n'est offerte. Nous ne sommes pas responsables et nous renonçons à toute responsabilité reliée à des pertes financières et/ou des frais accumulés durant la vente d'items. Nous ne garantissons pas non plus que les items gradés par un tiers obtiendront les mêmes grades s'ils sont soumis à une évaluation de gradation différente ou s'ils sont réévalués par la même compagnie tierce. Le retour d'items certifiés n'est pas autorisé.
7. Tous les lots demeureront chez la maison d'encan jusqu'à ce que l'acheteur ait payé en totalité le montant des lots. Toutefois, après la vente, les lots sont détenus au risque de l'acheteur.
8. Les taxes de vente, si applicables, seront ajoutées au montant total de chaque facture de l'acheteur. Pour les lots envoyés au Canada, la TPS/TVH appropriée sera facturée. Pour tous les lots envoyés au Québec, la TVQ de 9,975% sera facturée. Pour tous les lots envoyés aux États-Unis ou outre-mer, aucune taxe ne sera facturée. La Compagnie canadienne de numismatique n'est pas responsable des dédouanements, des frais de douanes ou des coûts de transport reliés aux colis. Tous les coûts reliés à ces situations relèvent uniquement de la responsabilité du client. La Compagnie canadienne de numismatique ne fournit pas de lettre de garantie, ni de crédit. Si le client demande que l'envoi de ses gains ou si des colis doivent être retournés à un endroit à l'extérieur du Canada, des taxes et des frais de douanes, dont la taxe sur la valeur ajoutée (TVA), peuvent s'appliquer dépendamment du pays d'importation. Le client, en acceptant ces modalités, reconnaît que toute taxe et tout frais de douanes, incluant les TVAs, ne relèvent que de sa responsabilité et que la Compagnie canadienne de numismatique ne sera pas tenue responsable de ces frais.
9. Les frais d'expédition et de la couverture d'assurance seront facturés aux enchérisseurs fructueux. La couverture d'assurance sera facturée à 0.0049% (0.49\$ pour un achat de 100\$). Si refusée, le colis sera envoyé au risque de l'acheteur. Toutes les expéditions outre-mer sont envoyées au risque de l'acheteur.
10. Les enchérisseurs misant par la poste peuvent retourner des lots décrits incorrectement pour un remboursement complet dans les 5 jours suivant la réception des lots (AUCUN RETOUR des lots en vrac et des lots contenant plus de 5 items). AUCUN RETOUR ne sera accepté, et ce PEU IMPORTE LA RAISON, après le 20 juillet 2021 puisque les consignataires doivent être payés. AUCUNE EXCEPTION.
11. La compagnie canadienne de numismatique agit seulement à titre d'agent pour les consignataires et ne fait aucune garantie indépendante au titre. La Compagnie canadienne de numismatique renonce à toute responsabilité pour des dommages, des faux frais ou autres surgissant lors ou en lien avec la vente d'un bien de la Compagnie canadienne de numismatique à un acheteur. La Compagnie canadienne de numismatique rappelle à tous ses enchérisseurs que la gradation, l'attribution et la méthode de manufacture sont cruciales à la détermination de la valeur de tout item numismatique. DANS AUCUN CAS la Compagnie canadienne de numismatique sera responsable envers quiconque pour des dommages directs, indirects, spéciaux ou consécutifs pour quelque utilisation dans ce catalogue ou ce site Web, ou dans tout autre site Web en lien, incluant les pertes de profit, les interruptions des affaires, la perte de programmes ou d'autres données sur vos appareils électroniques ou autres.
