

Chemical Concepts, Inc.  
Abrasives  
Industrial Stock Item Catalog 2015

### Welcome to sia Abrasives, Inc. USA

sia Abrasives develops, manufactures and sells complete sanding systems tailored to specific requirements and applications of all kinds, transforming sanding into surface technology.

sia USA is based in Charlotte NC, and serves the entire U.S. market from our 75,000 sq. ft. conversion and distribution facility. Over 70 associates are dedicated to offering 24 hour turnaround on our broad range of stocked items and 3-5 day turnaround on custom belts.

### Easy to do business with

Our Customer Service staff receive ongoing training on sia Abrasives' products and applications and are dedicated to solving problems for our customers.

Our mission: making sia USA "Easy to do business with."

### Strong local presence

Strategically located near the Port of Charleston, SC, sia USA converts the finest quality coated abrasives in the world from jumbo rolls produced in our world-class facility in Frauenfeld, Switzerland.

With our strong U.S. presence, we can guarantee local support, world-class quality jumbo rolls on hand, quick response time and effective delivery capacity.

### Customized offer

We are dedicated to the perfect surface – regardless of the materials, whatever the demands. We have the right product, tailored to every job.

We also offer a broad range of custom belts including wide and panel belts.

### Commitment to Training

Experienced, skilled training staff offer year-round product and application training for sia Associates and Distributor Sales Personnel.

We place a great deal of emphasis on adding value. Our Sales Professionals help to solve production problems and improve productivity by recommending **the right product for the right application.**

Our many years of experience ensure that you will find optimal solutions for all your abrasive needs.

# More than 130 years of sanding know-how.

## 4 Terms and Conditions

**PRICES** Although sia Abrasives attempts to give 30 days' notice on price and discount changes; both are subject to change without notice. All bids and quotes are firm for 30 days only. All prices exclude freight, sales, use, occupation, license, excise and other taxes in respect of manufacture, sale or delivery and export or import duties, all of which shall be paid by the Buyer, unless otherwise agreed and specified in writing. Deviation from standard pricing may result in change of term and conditions.

**MINIMUM QUANTITY** See specific items for minimum order. Total order amount must be \$100.00 to a single destination.

**PAYMENT** In consideration for any extension of credit, Buyer agrees to the terms hereof and to the conditions of sale set forth on each invoice. Invoices not paid within terms are considered delinquent and all other orders are subject to placement on hold. A 1 1/2% finance charge (18% annually or the maximum allowable rate under state statute) will be computed on the unpaid delinquent balance until the account is paid in full. The Buyer also agrees to pay reasonable collection and attorney fees on all accounts placed for collection. You may prepay an order by company check if you do not have an account established with us.

**FREIGHT** On orders of \$500.00 or more, sia Abrasives will ship your single order free of charge by any means of transportation or routing of our choice to one destination in the continental United States. If Buyer requires a more expensive means of transportation or routing, Buyer shall bear any additional expenses thus incurred. On orders under \$500.00 shipping UPS, RPS or courier, freight and handling charges will be added to our invoice.

**DELIVERY** sia Abrasives will at all times, use its best efforts to ship and deliver orders promptly; however, all orders accepted by sia Abrasives are subject to labor disputes, strikes or lockouts, accidents, fires, delays in manufacturing, transportation and/or delivery of materials, weather, other acts of God, embargos, government action, wars and any other causes beyond our control. sia Abrasives shall not be responsible to Buyer for any losses or damages due to delay resulting from such causes.

**SHIPPING** Unless otherwise specified stock items and custom items ordered on the same order will ship together with typical custom order lead times (3-5 days). If stock items are required to ship within 24 hours they should be placed on a separate order.

**DAMAGES AND RISK OF LOSS** Ownership and all costs and risks of loss of, damage to and destruction of the goods shall pass and be borne by Buyer according to the shipping terms F.O.B. Shipping point, even though sia Abrasives may have selected the carrier, notwithstanding arrangements for delivery and payment of freight.

**QUANTITY VARIATIONS** Due to the impossibility of predicting the quantity of goods that will be lost or gained in processing operations when sia Abrasives is delivering goods, Buyer agrees that payment will be made of quantities delivered and that sia Abrasives may deliver quantities that vary within plus or minus 10% of the quantity ordered.

**LIMITED WARRANTY** sia Abrasives warrants that all of its products will be free from defects in material and workmanship. The remedy for defective products shall be return and replacement of the defective product. All claims for defective products must be made within ninety (90) days of receipt of shipment. EXCEPT FOR THE LIMITED WARRANTY PROVIDED FOR IN THIS PARAGRAPH, sia Abrasives MAKES NO WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO ANY OF ITS PRODUCTS, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

**LIMITATION OF LIABILITY** sia Abrasives liability for any defects in its products shall not exceed the total charges which have been paid in connection with the order or orders involving such defects. sia Abrasives shall not in any event be liable for any lost profits, nor for claims demanded against its customers by third parties. sia Abrasives shall not be liable for incidental or consequential damages under any circumstances even if it has been advised of the possibility of such damages.

**RETURNED GOODS** Please request written consent (in the form of an RGA) in the rare case of a return. sia Abrasives will not accept returns without prior written consent, as many items are special order and non-returnable. Products are only returnable within 90 days of invoice date. All authorized returns are subject to a 20% restocking fee. Authorization to return product may be withheld based upon ability to resell, condition or obsolescence.

**TRADEMARKS** Buyer shall not use the product designation of sia Abrasives, especially trademarks belonging to or licensed by sia Abrasives, in connection with goods made with or from products of sia Abrasives, in the packages used for such goods, and in printed literature and advertising materials referring to such goods, without the express written permission of sia Abrasives.

## TopTec Abrasive Belts for Perfect Surfaces

- Controlled coating
- Best belt joints
- Dust-free process

## 16 Paper Discs I siafast Hook'n'Loop

### 1815 siatop siafast

#### Structure

Grain: Zirconia / Aluminum Oxide  
 Backing material: Grits 24-40: fibre backing  
 Grits 50-150: F-wt paper

#### Application

- Sanding of paint, filler, old varnish
- Light deburring of mild/stainless steel
- Grinding of welding seams and joints
- May also be used on composite materials

**Structure**

Grain: Mixed Grain (Grit 40-80)  
Semi-friable Aluminum Oxide  
(Grit 100-600)

**Application**

- Sanding of filler compound, polyester substrates, wood, metal, solid surfaces, composites and automotive finishes
- Shaping of primer filler
- Producing a matt finish on lacquers
- Smoothing of transitions, sanding out of rust spots and stone chips
- Keying of new parts and factory primer

**Advantages**

- High-performance sanding minerals ensures very high removal rate and long life
- New stearate concept reduces loading
- Consistent, uniform finish

finer grits

### Structure

Grain: Mixed grit types, semifriable aluminum oxide, aluminum oxide  
Backing: Film

### Application

- Scuffing of old and new paint for blending
- Sanding out of orange-peel effects and dust inclusions
- For dry or wet use

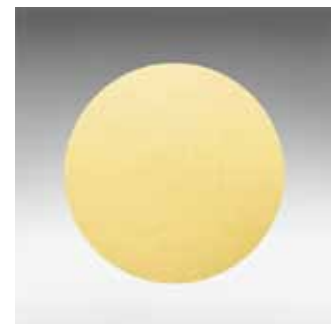

### Advantages

- Homogeneous scratch pattern
- Maximum performance
- New stearate concept
- No swirl marks
- Efficient and cost-saving clear coat rework

**Structure**

Grain: Semi-friable Aluminum Oxide  
Backing: B-wt paper

**Application**

- Filler sanding
- Suitable for composites, lacquers and wood applications

**Advantages**

- Good finish
- Can be used on a wide range of material

**Note**

Other dust extraction holes made to order with minimum order quantities and longer lead time.

1947 siarun Tab PSA Discs 5" x NH and 6" x NH are available on Rolls. Please see page 21 for further information.

## **7241 siacarbon** – The harder, the more efficient!

The harder the material being worked on, the more efficient this abrasive with state-of-the-art diamond technology becomes.

- Excellent performance on hard materials
- Significantly reduced material expenditure
- Sensational sanding finish

7240 siacarat siafast (Diamond)

**Application**

- Heavy duty grinding for steel and non-ferrous metals
- Long life zirconia disc with very high stock removal rate
- For grinding and deburring

**Note**

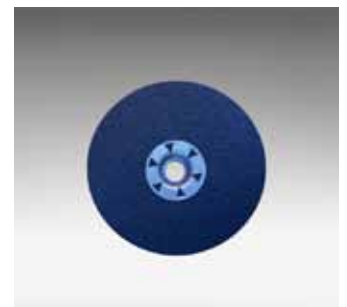

Finer grits available with longer lead time.

**Application**

- Aluminum Oxide fibre disc for general metalworking applications
- For use on all metals

**Fibre Locking Discs****Note**

Resin fibre locking discs made to order.

There is an upcharge for the button on the fibre locking disc.

Other sizes and grits made to order with minimum order quantities and longer lead time.

2824 siaflap Discs

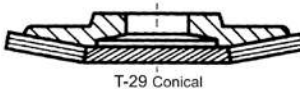

**Structure**

Grain: Zirconia Aluminum / semi-friable Aluminum Oxide

**Application**

- Designed for non-ferrous metals and steel
- Performance grinding for high stock removal
- Removal of welded seams and edge grinding
- Work on burrs and rough casts
- Ideal for surface grinding of small areas
- Rust removal and cleaning

## 5550 siaprime – Setting new standards

The premium high-performance 5550 siaprime film backed abrasive has been specially developed for composite industry applications, as well as for repair activities.

Thanks to the innovative abrasive structure, performance and lifetime are improved significantly – for a faster and more cost-efficient target-achievement.

9" x 11"	320	7588.8691.0320	50	\$1.59	100	\$1.51

**Structure**

Grain: Silicon Carbide

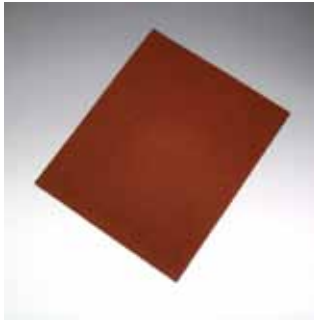

**Application**

- Wood, metal, composites and dry wall

## 34 Cloth Sheets | "J" Weight and Foam Backed

### 2915 siarol ("J" Weight Cloth Sheets)

#### Structure

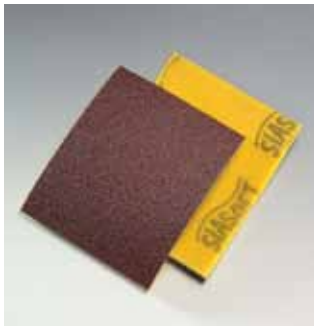

Grain: Aluminum Oxide  
Backing: J-wt cloth

#### Application

- Hand sanding and polishing on non-ferrous metals and steel

**Application**

- Wood, metals, composites and dry wall

## 36 Economy Rolls

### 2915 siarol Economy Rolls

#### Structure

Grain: Aluminum Oxide

Backing: j-wt cloth

#### Applications

- Hand sanding and polishing on non-ferrous metals and steel

#### Advantages

- Flexible cotton backing makes product perform well on shapes and profiles

#### Note

Other sizes available on request with minimum order quantities.

**Structure**

Grain: Aluminum Oxide

**Application**

- High flexibility
- High performance
- More conformable
- Reduces heat and loading
- Low-stretch backing
- Also used on non-ferrous metals

Flexible nonwoven hand pads with compressible nylon fibres, impregnated with abrasive grain. Will not rust and is washable.

**Structure**

Grain: Aluminum Oxide / Silicon Carbide  
 Bonding: Synthetic Resin  
 Form: Nylon fleece, open

**Application**

- Clean (rust removal, removal of oxidation)
- Blend deburr
- Denibb
- Defuzz wood without changing surface dimension

**Note:** Other widths and grades available on request with minimum order quantities.

# Innovative and competitive...

**Chemical Concepts offers a full range of Abrasives with the product knowledge to help you get your job done.**

## **Coated Abrasives**

Classic flexible abrasives and systems for conventional surface treatment on all types of material.

## **Nonwoven Abrasives**

Nonwoven products for preparation and cleaning tasks and for surface preparation, especially on metal.

## **Microabrasives**

Products on special polyester film to give defined surface structures in the areas of graphics, printing and the auto industry.

## **Foam Abrasives**

Foam sanding pads in the widest possible range of shapes and grades for precision sanding on wood, fillers, paintwork and varnish.
