**WARNING: PLEASE CAREFULLY READ THE PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME DISC OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT SAFETY INFORMATION.**

**IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES**

### **⚠ WARNING - Seizures**

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

<b>Convulsions</b>	<b>Eye or muscle twitching</b>	<b>Loss of awareness</b>
<b>Altered vision</b>	<b>Involuntary movements</b>	<b>Disorientation</b>

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

### **⚠ WARNING - Repetitive Motion Injuries**

Playing video games can make your muscles, joints or skin hurt after a few hours. Follow these instructions to avoid problems such as Tendinitis, Carpal Tunnel Syndrome or skin irritation:

- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms during or after play, stop playing and see a doctor.

### **⚠ WARNING - Electric Shock**

To avoid electric shock when you use this system:

- Use only the AC adapter that comes with your system.
- Do not use the AC adapter if it has damaged, split or broken cords or wires.
- Make sure that the AC adapter cord is fully inserted into the wall outlet or extension cord.
- Always carefully disconnect all plugs by pulling on the plug and not on the cord. Make sure the Nintendo GameCube power switch is turned OFF before removing the AC adapter cord from an outlet.

### **⚠ CAUTION - Motion Sickness**

Playing video games can cause motion sickness. If you or your child feel dizzy or nauseous when playing video games with this system, stop playing and rest. Do not drive or engage in other demanding activity until you feel better.

### **⚠ CAUTION - Laser Device**

The Nintendo GameCube is a Class I laser product. Do not attempt to disassemble the Nintendo GameCube. Refer servicing to qualified personnel only. Caution - Use of controls or adjustments or procedures other than those specified herein may result in hazardous radiation exposure.

### **CONTROLLER NEUTRAL POSITION RESET**

If the L or R Buttons are pressed or the Control Stick or C Stick are moved out of neutral position when the power is turned ON, those positions will be set as the neutral position, causing incorrect game control during game play.

To reset the controller, release all buttons and sticks to allow them to return to the correct neutral position, then hold down the X, Y and START/PAUSE Buttons simultaneously for 3 seconds.

## WELCOME TO BACKYARD FOOTBALL™!

The roar of the crowd. The grass stains on your pants. Running home late for dinner. The *Backyard Football™* game brings you all of the action and excitement of the gridiron, with all of the charm and nostalgia of neighborhood sports.

Create the football team of your dreams! It's great football action with the Backyard Kids and real pro players as kids. Pick your team, logos and playing fields. Play single games or an entire season. It's the chance of a lifetime to play with the pros right in your own backyard!

As the coach, draft your team, set your starting line-up and strategize your plays. Make a custom playbook with plays you create! Then play a 14-game season against the toughest teams in the Backyard Football League (BFL). You can become a football dynasty, filling your team's trophy case with honors and awards!

## GETTING STARTED

### NINTENDO GAMECUBE™

1. Turn OFF the POWER Button on your Nintendo GameCube™.

**WARNING: Never try to insert or remove a Nintendo GameCube™ Game Disc while the power is ON.**

2. Make sure a Nintendo GameCube™ Controller is plugged into Nintendo GameCube™ Controller Socket 1 on the Nintendo GameCube™.

3. If you're playing against a friend, plug another Controller into Controller Socket 2. If you're going to play in Season Game mode, insert a Nintendo GameCube™ Memory Card into either slot. If you're going to be playing Coaches' Challenge, insert Memory Cards containing the information on both coaches.

4. Insert the Game Disc into the Nintendo GameCube™ Optical Disc Drive.

5. Turn ON the POWER Button and proceed to the title screen. If you can't proceed to the title screen, begin again at step 1.

6. At the title screen, press **START/PAUSE** to advance to the Main Menu (see page 10).

## PROGRESSIVE SCAN MODE

This game can be set to display a higher resolution image on TVs that support progressive scan mode (EDTV, HDTV).

In order to use the progressive scan mode, you need a TV that can accept this type of input (see your TV operation manual), and a Nintendo GameCube Component Video Cable (available only through Nintendo, visit [www.nintendo.com](http://www.nintendo.com) or call 1-800-255-3700).

To activate the progressive scan mode, press and hold the **B** Button while the Nintendo GameCube logo is being displayed until the message "Do you want to display the game in progressive mode?" appears. Select YES to activate the mode.

Please note that on some TVs, activating the progressive scan mode will set the format of the image to a wide screen (16:9) format.

## SAVING AND LOADING

*Backyard Football* keeps Season Game mode information about the teams and players' progress in the season. Your coach name identifies which saved game is which (each coach has only one saved game).

Before you begin a season, you'll be asked to enter a coach name. This will create a saved game file on a Memory Card. Each saved game takes up six blocks on the Memory Card. There is no limit to the number of coaches you have, other than how many will fit on a Memory Card. The game will recognize Memory Cards in both Slot A and Slot B.

You can delete coaches in-game, too.

Please refer to the Nintendo GameCube™ instruction booklet for directions on how to erase non-coach saved data and how to initialize a Memory Card.

**Note:** Do not remove the Memory Card from the Nintendo GameCube™ while the power is ON, especially when the game is being saved. Do not press the POWER Button during this time, either. The Memory Card could be damaged by either of these actions.

## MAIN MENU

This is the starting point to all the Backyard Football League (BFL) action. From here, you can start a quick pick-up game, create load a coach for a single-player season game, learn new moves, maybe do a little two-player coach vs. coach exhibition gaming, look through the player cards, or personalize your game options.

From the Main Menu, you can select from the following:

- **PICK-UP GAME** – See pages 10 to 12 for details.
- **PLAY SEASON** – See pages 13 to 16 for details.
- **TEAM PRACTICE** – See page 17 for details.
- **COACHES' CHALLENGE** – See page 17 for details.
- **MEET THE PLAYERS** – See page 17 for details.
- **CREDITS** – See a list of the people who created this game.
- **GAME OPTIONS** – See page 18 for details.

## PICK-UP GAME

A pick-up game is a quick, 4-quarter game between two teams. It can be single-player or two-player. The results of the game are not saved.

You can select from seven fields, four field conditions, three difficulty levels, and three time lengths for a quarter.

To advance, select Kick Off! if you want the game to pick the teams and players for you, or select Pick Teams if you want to create your perfect team.

If you choose Pick Teams, you will then go to the Pick Teams screen.

## PICK TEAMS SCREEN

You're free to choose from all 32 NFL teams and 8 BFL teams in either the Backyard Conference or Frontyard Conference. You can switch between conferences from the scrollbar at the top of the screen. Move the selection highlight with the +Control Pad or Control Stick and press the A Button to accept the selection.

Once both Home and Away teams have been chosen, the game moves to the Controller Select screen.

## CONTROLLER SELECT SCREEN

You can use any of the four Controller Sockets. The game supports up to two players, but will show all attached Controllers. For each player, use the Control Stick to move the Controller image from the center to either the Away or Home team column. When all Controllers are assigned, press the A Button. If you press the A Button without assigning a Controller to any team, a CPU vs. CPU game starts.

If you've reloaded an existing season coach, you jump to the Matchup screen. Otherwise, you go to the Pick Players screen to fill out your team.

## PICK PLAYERS SCREEN

After each player is assigned a Controller, it's time to pick the kids for each team. Just like in a real neighborhood game, coaches play the traditional Leather or Laces guessing game to pick who goes first.

Each coach needs seven players. The current team players are shown on the right side of the screen. As kids are selected, they also appear with a helmet as you scroll through them. To scroll between players, move the **Control Stick** left or right. Notice that the stats for each kid are displayed as they are highlighted. To change the order the kids are displayed in, move the **Control Stick** up or down. To rotate a kid, move the **C Stick**. To check out a kid, press the **A Button** and the player card will appear.

If you pick the player, the head shows up on the right side of the screen in one of the seven slots, and the full body image now sports a helmet and team shirt, indicating that player has been picked and is suited up. When all team members are selected, press the **A Button** to continue to the Matchup screen.

If you have the players you really want, but there are more to pick, press **START/PAUSE** and the game will automatically select the rest of your team (both teams, in two-player mode).

### Player Card

Here you can examine the selected kid in more detail, and decide whether to pick him or her for your team or not. Either way, you go back to the Pick Players screen. **Note:** You can also examine the player cards from the Main Menu, by selecting Meet The Players.

### Creating Custom Players

Maybe you just don't see that perfect player you're looking for. If so, select a Custom kid (the one with the question mark) to create your special player. You're given a pool of skill points that you can distribute any way you want. Make that star Quarterback or "Hall of Fame" kicker — it's your choice. Custom kids will stay with a coach, or exist for a single pick-up game.

### Change Line-up

Sometimes, you have to go with a player's strengths — even if that player is tuckered out. In the line-up, you can change the position each kid on your team plays. This screen is also accessible from the Game Sidelines, where you can change positions or swap in a substitute player.

### Matchup Screen

If you want to, change your team's handicap to get a more balanced game. Use the **Control Stick** to add footballs, making your team play better. Now you're ready to play! After the Matchup screen, you'll see an introductory "flyby" animation of the field, and then commentators Sunny Day and Chuck Downfield will fill you in on the game. Press the **A Button** to skip either animation.

## SEASON GAME

Unlike a pick-up game, you coach a team for multiple games in Season Game mode.

### COACH SIGN-IN

Create a new coach to start a new season, load an existing coach to continue a season of play, or delete a coach.

**Note:** The game displays four coaches at a time, but the number of coaches is limited only by available space on the Memory Card. Switch between Memory Cards in Memory Card Slot A and Memory Card Slot B with the **Control Stick**. Each coach takes up six blocks on a Memory Card.

If you create a new coach, you'll be building a new team from scratch and starting as a new team in the Backyard Football League.

### CREATE COACH NAME

Your coach name can be made up of letters, numbers and a few punctuation types, up to 15 characters (including spaces). A name made up of all spaces, or no name, is not allowed. The first letter will start as a capital, then the letters will switch to lower case. You can switch back and forth between lower and upper case letters by using the **L Button** and **R Button**.

If you create a new coach, you'll then go pick your team and players. After that, or if you decide to load an existing coach, you then go to the Play Season screen.

### PLAY SEASON

So what do you want to do now, in the season?

#### Play Next

Start your next season game.

## Exhibition

Match your team against any team in your regular season schedule, in a friendly exhibition game that doesn't count in the season. A second player can control your opponent, or you can play against the CPU.

## Sidelines

See the Season Sidelines section below for details.

On the Play Season screen, you can also adjust Game Options, select a field, choose weather conditions, and pick a difficulty level.

## SEASON SIDELINES

From here, you can choose from the following:

- **VIEW TEAM** – View your teams roster.
- **SEASON STANDINGS** – See below for details.
- **TEAM SCHEDULE** – See page 15 for details.
- **WEEKLY SCHEDULE** – See page 15 for details.
- **SEASON STATISTICS** – See page 15 for details.
- **CHANGE PLAYBOOK** – See page 16 for details.
- **CHANGE LINE-UP** – See page 16 for details.
- **VIEW TROPHIES** – See page 16 for details.
- **HALL OF FAME** – View the best of the best.

## SEASON STANDINGS

Check how well you've done so far, or how well your opponent has done.

## TEAM SCHEDULE

See what teams you're going up against, and where. You can check out the schedule for every team in the league here, from week 1 to 14.

## WEEKLY SCHEDULE

This screen lists what teams are slated to play each other during any week. Use it to check out your likely competition.

## SEASON STATISTICS

From here, you can choose from the following:

### Team Statistics

See what kind of impression your team — or the opposition — is making this season.

### Player Statistics

See how well every player in every team in the league has done in Passing, Receiving, Rushing, Defense, Kicking and Returns.

### League Leaders

See who's the best in the league and who's not.

## CHANGE PLAYBOOK

Your playbook holds only a small number of plays, but the BFL offers many more — and you can create custom plays, too! Use Change Playbook to swap out the plays you don't use for ones you want to use. Or you can Edit/Create plays to put into the playbook. Use the **Control Stick** to move up and down through the top menus, and use the **C Stick** to move through the playbook at the bottom of the screen.

## CHANGE LINE-UP

You can assign player roles in this screen, as well as bench any fatigued players. Plus, the changes can be assigned to only certain plays, for when you want to use your excellent runner as Quarterback in some plays, but your terrific passer in other plays.

You can check each player's stats with the **Y Button**, and toggle between player faces and their positions with the **X Button**. To change a position, select the player to replace by highlighting them, and then press the **A Button**. The name will turn orange. Then move to the person you want in that position and press the **A Button** again to swap.

To the right of each player's name is a vertical bar indicating fatigue level (normally it's green). As a kid plays, the bar gradually turns yellow, and then to red to show that the kid is really exhausted. If a substitute player is put in from the Reserves bench, the bar on the swapped-out kid gradually returns to green, and he or she is ready to go again!

## VIEW TROPHIES

Examine all of the awards, certificates and trophies your team has won during and after a Season Game.

## TEAM PRACTICE

This mode helps you to learn the game controls, and to learn more about football itself.

The **Tutorial** teaches some of the basics of the game by the master himself, Chuck Downfield. **Special Teams**, **Passing**, **Running** and **Defense** teach some of the essentials of these vital aspects of the game. In **Play Offense** and **Play Defense**, you will be able to practice all of the plays in the Playbook and in the BFL's vast library.

## COACHES' CHALLENGE

This is a one-game contest between two coached teams. Select your coach name (where your team stats are stored). Your opponent does the same. Then each coach selects a Controller, and the game starts. **Note:** You must have a Memory Card with at least one coach on it to play Coaches' Challenge.

## MEET THE PLAYERS

Look through all of the player cards. Select any Backyard or Pro kid and bring up his or her Player Card by pressing the **A Button**.

## GAME OPTIONS

Choose to turn the following options ON or OFF:

**Special Plays** – Turn this ON if you want the ability to earn power-ups.

**Fatigue** – Tired players eventually stop performing. Good coaches put in substitutes before that happens. Turn this OFF, and players will not become fatigued.

**Wind** – Wind can make any kick more challenging, but more realistic.

**Turn-Overs** – If turn-overs are not allowed, then a ball carrier will never fumble, and Defense players can only deflect a pass, not catch it.

**TD Close-up** – Set this to OFF if you want to turn off all of the player touchdown dance close-ups.

**Rumble Feature** – Turn this ON for a rumblin' good time (supported Controllers only).

**Play Clock** – Turn this OFF to stop the clock countdown on the Pick Plays screen.

**Reset to Default** – Return options to their original settings.

**Set Sound** – Go to the Set Sound menu (see below for details).

### SET SOUND MENU

Adjust volume levels for the following:

**Music** – Set the volume for the menu and touchdown music.

**Commentary** – Set the volume for Sunny Day and Chuck Downfield.

**Ambient Effects** – Set the volume for trains, frogs and other environmental sounds.

**Sound Effects** – Set the volume for sound effects (such as when menu items are selected or when players are tackled).

**Sound Output** – Set the game to Stereo, Mono or Surround Sound.

**Reset to Default** – Return sound volumes to their original settings.

## LET'S PLAY SOME FOOTBALL!

Football is an easy game to play and a tricky game to master. When playing *Backyard Football*, you'll control a single player on the team (the one highlighted by the brightly colored circle).

### OFFENSE

#### Plays

Whether playing Offense or Defense, the play's the thing. Before each play, a Pick Plays menu comes up. Defensive plays are along the top, Offensive Plays along the bottom. Pick a play before the countdown timer hits zero, or else a play will be chosen for you. Any earned power-up plays will also be shown here, under the "S" tab.

If you pick a play and see that the Defense is lining up against you with a strong chance to beat that play, you can call an "audible" before the ball is snapped. An audible is a last-minute change in plays announced to your team. To select one of the two audibles, press the **L** Button or **R** Button. Press the **A** Button to trigger the audible. Access audibles from the Change Playbook screen.

Your playbook only has a limited number of plays. You can double that number by flipping (reversing) a play with the **Y** Button. But the BFL has many more plays to choose from, and you also have the ability to create more. To replace unused plays, or make new ones, access the Change Playbook screen from the Pause menu.

#### Hiking the Ball

Once you're all set for the Quarterback to start the play, press the **A** Button and the Center will hike the ball back to the Quarterback.

To move the ball holder, use the **Control Stick**.

When you've got the ball, everyone wants to get close and personal with you. You have two choices — pass the ball, or run for it!

#### Passing the Ball

When you pick a passing play, all eligible ball receivers will have a button icon over their head. Press the corresponding button to throw the ball to them. If the ball is received, get that ball carrier running!

Of course, the Defense won't wait for the Quarterback to decide — they might just come running right toward your Quarterback.

If you start a "pass" play, but running seems a better option, go for it. Just pass the line of scrimmage or press the **Z** Button, and the Quarterback will automatically start running (so passing is no longer an option).

## Running the Ball

Whether you're the Quarterback on a "run" play or a receiver carrying the ball after a pass, you've got to move the ball down the field past the Defense. To move the ball holder, use the **Control Stick**.

Press the **L** or **R** Button to "juke" or dodge tacklers coming directly at you. Or try to block the tackler coming from the side with a stiff-arm tactic (press the **X** Button or **B** Button). To avoid tacklers behind you, press the **Y** Button to hurdle.

## Kicking

When you first start the game, or when you score a goal or choose to punt, you'll get to use the Kick-O-Meter (except in Easy mode).

The little Kick-O-Meter icon offers you two settings. At first, the arrow moves back and forth pointing in the direction the kick will go. Press the **A** Button to freeze its position. Now the arrow stretches and shrinks — the longer the arrow, the more powerful the kick. Press the **A** Button again and it will freeze again, and the Quarterback will kick the ball. If wind is turned ON from the Game Options menu, an orange arrow on the Kick-O-Meter indicates the direction of the wind.

Once the ball is kicked, the receiving team takes ownership of the ball and becomes the Offense (unless the Defense can take the ball away).

If you catch a kick in your own end zone, and you don't think you'll make it to at least the 20-yard line, just do a touchback. Stay still instead of running, and in two seconds, the play will end. The next play starts on the 20-yard line.

## DEFENSE

When you're on Defense, you're defending your half of the playing field. You have two objectives: keep the ball from advancing, and try to take control of the ball (away from the Offense).

Just like when you play Offense, you control one player on the team at a time. Remember, the selected player has a brightly colored circle under them. You can change the selected player by pressing the **B** Button.

Use the **Control Stick** to move the selected player. If you want to throw in a burst of running speed to catch up to the ball carrier, press the **A** Button. To tackle the ball carrier when you get close enough, press the **A** Button again.

## GAME PAUSED

When things get hectic, or you want to change strategies, don't forget you can pause the game by pressing **START/PAUSE**. From the Pause menu, you can select from the following:

- **RETURN TO GAME** – Go back to the game you just paused.
- **REPLAY** – See the Replay section below for details.
- **CHOOSE CAMERA** – See the Choose Camera section on page 22 for details.
- **GAME SIDELINES** – See the Game Sidelines section on page 22 for details.
- **GAME OPTIONS** – See the Game Options section on page 18 for details.
- **VIEW CONTROLLER** – See the View Controller section on page 22 for details.
- **QUIT GAME** – Exit the game (without saving, in Season Game mode).

## REPLAY

Replay allows you to examine the last play of the game. Think of it like a VCR. The controls are shown on the bottom of the screen (from left to right):

ACTION	CONTROL
Rewind (for as long as button is pressed)	<b>L</b> Button
Move the red cursor around the field	<b>Control Stick</b>
Pan the camera up, down or around red cursor	<b>C</b> Stick
Exit back to the Pause menu	<b>B</b> Button
Advance the play	<b>A</b> Button
Zoom In	<b>Y</b> Button
Zoom Out	<b>X</b> Button
Hide the controls	<b>Z</b> Button
Fast Forward (for as long as button is pressed)	<b>R</b> Button

The red cursor you'll see is controlled by the **Control Stick**. If the cursor is on a player, the view stays on that player. If the cursor is on the field, the scene is shown from that camera angle.

## CHOOSE CAMERA

The point of view usually starts from behind the Quarterback, but it's always fairly close to the kids. However, there are alternate views. Move the **Control Stick** left or right to alter the view. Press the **A** Button to accept the point of view you've highlighted, or press the **B** Button to exit without accepting. **Note:** In a two-player game, either player can switch the camera view, and the change applies to both teams.

## GAME SIDELINES

From here, you can choose from the following:

- **CHANGE PLAYBOOK** – See page 14 for details.
- **CHANGE LINE-UP** – See page 15 for details.
- **GAME STATS** – Examine current statistics for the game being played.

## VIEW CONTROLLER

Not sure what button does what? Take a peek here for both Offense and Defense controls.

## OFFICIAL BFL RULES

The rules of *Backyard Football* are drawn mostly from the NFL, but modified for BFL play.

## OBJECTIVE

Score the most points by advancing the ball into the opposing team's territory and crossing their "goal line."

## POSSESSION

The home team always receives the opening kickoff.

The kicking team kicks off from its own 40-yard-line.

A ball that is fielded in the opposing end zone can be downed for a touch-back. Possession of the ball is given to the offensive team at the 20-yard-line.

The offensive team has four chances or "downs" to advance the ball 20 yards. If the offensive team succeeds, it is given four more downs. If the ball is placed inside the defensive team's 20-yard-line, then the offensive team is given four downs to score a touchdown.

If the offensive team fails to advance 20 yards after four downs, then possession is given to the opposing team at the spot of the ball. However, the offensive team may elect to kick a field goal or punt to the defensive team on fourth down.

Missed field goals outside of the defensive team's 20-yard-line are given to the opposing team at the last spot of the ball. Missed field goals inside the defensive team's 20-yard-line are given to the opposing team at the 20-yard-line. However, if a missed field goal lands in the field of play, it is a live ball.

## NUMBER OF PLAYERS

The team will consist of seven kids. The play will be five-on-five on the field. The two remaining spots on the roster are designated Reserves.

## FIELD OF PLAY

The field of play will be 100 yards from goal line to goal line division, 16 yards from sideline to sideline division, with a 10-yard end zone at each end.

Field divisions are marked on the field every 10 yards, with hash marks every yard.

## ATTIRE

The only requirement is a Backyard Certified Football Helmet. Skirts, shorts and overalls are allowed.

Team colors consist of a primary color for the jersey and helmet, and a secondary or accent color for the stripes.

## TIME

The game is divided into four 1-minute quarters (default setting).

The game clock stops after every play.

The 30-second countdown can be shut OFF from the Play Clock setting in the Game Options screen.

Before a play, on the Pick Play screen, the play clock allows each coach only 30 seconds to choose a play from the playbook. If you do not pick one within this time period, the computer will select a play on the displayed playbook page for you.

Computer time will pass as real time (1 Backyard minute = 1 real minute).

If the score is tied at the end of regulation time, the game will go into Sudden Death Overtime. Possession is given to the home team. Time is not kept and the game continues until a team scores, winning the game.

## PASSING

An offensive player can only pass the ball from behind the line of scrimmage. Only one forward pass is permitted per play.

All forward passes that touch the ground are considered dead.

## RUNNING/RECEIVING

The ball is spotted at the furthest point it was advanced when the ball carrier's knee/back/bottom touched the ground.

A player must have at least one foot in bounds when making a reception. Otherwise the ball is ruled incomplete.

## TURN-OVERS

A ball that a ball carrier drops is considered "live" and is ruled a fumble.

A backward pass that touches the ground is considered "live" and is ruled a fumble.

Fumbles may be advanced by the recovering team.

Interceptions change possession of the ball and may be advanced.

Kickoffs and punts that are first touched by any member of the receiving team are considered "live," and can be recovered and advanced by the kicking team.

However, any kickoff or punt that is first touched by the kicking team but not "downed" can be recovered by the receiving team, who retain possession even if they fumble the ball on the return.

## SCORING

**Touchdown** – Players can score a touchdown or extra point either by running across the opponent's goal line with the ball or catching the ball inside the opponent's end zone. Ball carriers can also run into or touch an end zone marker for a touchdown or extra point. Touchdown = 6 points.

**Point After Touchdown (PAT)** – After scoring a touchdown, the team is given the opportunity to add one or two "extra points" or "points after touchdown" from their opponent's 5-yard line. PATs can be scored either by kicking an extra point field goal for 1 point, or by running/passing for a conversion, equaling 2 points.

**Field Goal** – The offensive team can attempt to kick the ball through the goal posts from any point on the field. A successful field goal is worth 3 points. A missed field goal, if it lands in the field of play, can be returned by the defensive team like a punt.

**Safety** – Safeties are ruled when an offensive ball carrier is either tackled in their own end zone (the one at their end of the field) or if they fumble the ball out of bounds from their own end zone. The Defense is then awarded a safety, and the Offense must kick the ball to the Defense. A safety scores 2 points.

**Note:** Penalties are neither allowed nor assessed.

## BFL STRUCTURE

The Backyard Football League is divided into two conferences (Backyard and Frontyard), each with four divisions (West, North, South and East), with five teams in each division, for a total of 40 teams.

## SEASON STRUCTURE

Each team plays the other three teams in their division two times each, four teams from a random division in the same conference once each, and four teams from a random division from the opposing conference once each, for a total of 14 games.

## PLAYOFF STRUCTURE

The BFL playoffs are modeled precisely after the NFL's playoff structure. In each conference, the two teams that finish the regular season with the best win-loss records in their divisions are awarded the Division Championship and automatic berths into the playoffs. The three teams with the next best records earn berths into the playoffs as "Wild Cards." There can be more than one Wild Card team in a division — it's even possible that all three Wild Cards can come from the same division.

## TECHNICAL SUPPORT (U.S. & Canada)

### Help Via the Internet

Up-to-the-minute technical information about Humongous Entertainment products is generally available 24 hours a day, 7 days a week via the Internet at:

<http://www.ina-support.com>

Through this site you'll have access to our **FAQ** (Frequently Asked Questions) documents, our **Hints/Cheat Codes** if they're available, and an **E-Mail** area where you can get help and ask questions if you do not find your answers within the **FAQ**.

**Note:** In the event we must send you a Hint Sheet, FAQ document, patch or update disc via E-mail, we may require verifiable consent from a parent or guardian in order to protect children's privacy and safety online. Consent Forms are available at the web site listed above.

### Help Via Telephone/Fax or Mail in the United States & Canada

For phone assistance, call Humongous Entertainment **Tech Support** at **(425) 951-7108**. Our **Interactive Voice Response** and **Faxback** system is generally available 24/7, providing automated support and allowing FAQ documents to be faxed to you immediately.

This console-based product has automated support, which includes information such as gameplay tips, information on Control Keys, possible Cheat Code combination keys, and instructions for finding secret screens and/or additional game levels (if these type of items exist and are made available for this particular product).

Great News! We've improved our Automated Systems so that you can get product-specific Troubleshooting help more quickly. All you need to do is enter the product's **Part #** when prompted to do so. This will take you directly to all of our known issues and solutions for this title. The product's **Part #** is located in several places (on the CD label, Game Pak, package and/or plastic disc case, if applicable) and is usually identified by a number such as **04-12345**. When prompted by the Automated System, enter the **last five digits** of your product's Part #. (For example, Part # 04-12345 would require that you enter the "12345" portion of the number for that product.) **Note:** Some products simply feature a five-digit Part # without an "04-" prefix.

Live support is generally available Monday through Friday, 8:00 AM until 6:00 PM (Pacific Time). **Note:** We may be closed on major holidays.

You may also fax in your Technical Support questions or problems to: **(425) 806-0480**, or write to the address below.

### Product Return Procedures in the United States & Canada

In the event our technicians at **(425) 951-7108** determine that you need to forward materials directly to us, please include a brief letter explaining what is enclosed and why. Make sure you include the Return Merchandise Authorization Number (RMA#) supplied to you by the technician, and your telephone number in case we need to call you. Any materials not containing this RMA# will be returned to you unprocessed. Send your materials to the following address:

Infogrames Interactive, Inc.  
Attn: TS/CS Dept.

## NOTICE

Humongous Entertainment, a division of Infogrames, Inc., reserves the right to make improvements in the product described in this manual at any time and without notice. This manual and the software described in this manual are copyrighted. Copies of pages from the Handbook may be reproduced by the buyer of this product for the buyer's personal use, or for use in the buyer's classroom, but not for commercial resale. No part of the described software may be copied, reproduced, translated, rented, or reduced to any electronic medium or machine-readable form without the prior written consent of Humongous Entertainment.

### Limited Warranty

Humongous Entertainment warrants to the original purchaser of this computer software product, for a period of ninety (90) days from the date of original purchase, that under normal use, the media and user documentation are free from defects in materials and workmanship.

### Warranty Claims

If you wish to make a warranty claim, please call (425) 951-7108 for assistance from our Technical Support/Customer Service Department within 90 days of purchase. In the event our technicians determine you need to forward materials to us, please include the Game Disc, Proof of Purchase from the product box, your dated sales receipt (with title or SKU clearly legible), your name, return address, daytime phone number and a statement of the defect. Make sure you include the Return Merchandise Authorization Number (RMA) supplied to you by the technician. Any materials not containing this RMA number will be returned to you unprocessed. Your mail should be sent to the following address: **Humongous Entertainment, Attn: TS/CS, 13110 NE 177th Place, Suite B101, Box 180, Woodinville, WA 98072-9965, RMA# \_\_\_\_\_**. If our technicians determine that the product is defective within ninety (90) days of original purchase (unless otherwise provided by applicable law), Humongous Entertainment will replace the item free of charge, to the original purchaser, if the item is accompanied by the original dated receipt and Proof of Purchase. If you do not have the original receipt, or if the warranty period has expired, Humongous Entertainment will replace the product (media only) for a nominal fee. If our technicians determine the product was damaged after purchase, Humongous Entertainment will offer a replacement for a nominal fee.

### Limitations

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE HUMONGOUS ENTERTAINMENT. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE. IN NO EVENT WILL HUMONGOUS ENTERTAINMENT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE HUMONGOUS ENTERTAINMENT SOFTWARE PRODUCT.

Some states do not allow limitations on how long an implied warranty lasts, and/or exclusions or limitations of incidental or consequential damages, so the exclusions or limitations of liability may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. If your product contains Technical Support phone numbers for Europe, you must contact those phone numbers and abide by their warranty policies.

## END-USER LICENSE AGREEMENT

PLEASE READ CAREFULLY. BY USING THIS SOFTWARE, YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS LICENSE. IF YOU DO NOT AGREE TO THESE TERMS, PROMPTLY RETURN THE CD-ROM IN ITS PACKAGING TO THE PLACE WHERE YOU OBTAINED IT.

1. License. The software accompanying this license (the "Software") and the related documentation are licensed to you by Infogrames, Inc. and are subject to this license. If the Software is configured for loading onto a hard drive, you may so load the Software only onto the hard drive of a single computer and run the Software off only that hard drive. You may not delete the copyright notices or any other proprietary legends on the original copy of the Software. You may transfer all rights we grant to you in this license to someone else as long as he or she reads and agrees to accept this license. If there is an editor incorporated into the Software, this license is also subject to Section B below.

2. Restrictions. The Software contains copyrighted material, trade secrets and other proprietary material. You may not decompile, modify reverse engineer, disassemble or otherwise reproduce the Software except as expressly allowed by us. You may not rent, lease, sublicense or distribute the Software. You may not electronically transmit the Software from one computer to another or over a network.

3. Termination. This License is effective until terminated. You may terminate this License at any time by destroying the Software and related documentation. This License will terminate immediately without notice from us if you fail to comply with any provision of this license. Upon termination, you must destroy the Software and related documentation.

4. Disclaimer of Warranty on Software. You are aware and agree that use of the Software and the media on which it is recorded is at your sole risk. The Software, related documentation and the media are provided "AS IS." Unless otherwise provided by applicable law, Infogrames, Inc. and affiliates warrant to the original purchaser of this product that the Software storage medium will be free from defects in material and workmanship under normal use for ninety (90) days from the date of purchase. This warranty is void if the defect has arisen through accident, abuse, neglect or misapplication. WE EXPRESSLY DISCLAIM ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. WE DO NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS, NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY US OR ANY OF OUR AUTHORIZED REPRESENTATIVES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS MAY NOT APPLY TO YOU.

5. Limitation of Liability. UNDER NO CIRCUMSTANCES, INCLUDING NEGLIGENCE, SHALL WE BE LIABLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES THAT RESULT FROM THE USE OR INABILITY TO USE THE SOFTWARE OR RELATED DOCUMENTATION, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. In no event shall our total liability to you for all damages, losses, and causes of action (whether in contract, tort or otherwise) exceed the amount paid by you for the Software.

6. Controlling Law and Severability. This license shall be governed by and construed in accordance with the laws of the State of Delaware, USA. If any provision of this license is unenforceable, the rest of it shall remain in effect.

7. Complete Agreement. This license constitutes the entire agreement between the parties with respect to the use of the Software and the related documentation.

8. Editor and End-user Variations.

(a) The Software may include an "Editor". An "Editor" is a feature that allows you to modify the Software or to construct new variations for use with it. These modifications and variations can be both playable and non-playable. An Editor includes its associated tools and utilities. An Editor is NOT shareware. You may not freely distribute it to any BBS, CD, floppy or any other media. You may not sell it or repack it for sale.

(b) Using the Editor, you may create modifications or enhancements to the Software, including the construction of new levels (collectively referred to as "Variations"), subject to the following restrictions:

- i. Your Variations must only work with the full, registered copy of the Software, not independently or with any other software.
- ii. Your Variations must not contain modifications to any executable file.
- iii. Your Variations must not contain any libelous, defamatory, or other illegal material, material that is scandalous or invades the rights of privacy or publicity of any third party, or contains any trademarks, copyright-protected work, or other recognizable property of third parties.
- iv. Your Variations must be distributed solely for free. Neither you nor any other person or party may sell them to anyone, commercially exploit them in any way, or charge anyone for using them. You may exchange them at no charge among other end-users.
- v. By distributing or permitting the distribution of any of your Variations, you hereby grant back to us an irrevocable royalty-free right to use and distribute them by any means.
- vi. The prohibitions and restrictions in this section apply to anyone in possession of the Software or any of your Variations.
