Order from Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402

FEDERAL REGISTER

Area Code 202 Phone 963-3261

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration (mail address National Archives Building, Washington, D.C. 20408), pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements are listed in the first FEDERAL REGISTER issue of each month.

List of CFR Parts Affected

(Codification Guide)

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date appears at the end of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1965, and specifies how they are affected.

Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 213—EXCEPTED SERVICE

President's Commission on Crime in the District of Columbia

Section 213.3179 is added to show the exception under Schedule A of all positions on the President's Commission on Crime in the District of Columbia. Effective on publication in the FEDERAL REGISTER, § 213.3179 is added as set out below.

§ 213.3179 **The President's Commission on Crime in the District of Columbia.**

(a) All positions on the President's Commission on Crime in the District of Columbia.

(R.S. 1753, sec. 2, 22 Stat. 403, as amended; 5 U.S.C. 631, 633; E.O. 10577, 19 F.R. 7521, 3 CFR, 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] MARY V. WENZEL,
Executive Assistant to the Commissioners.

Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

Chapter 101—Federal Property Management Regulations

SUBCHAPTER H—UTILIZATION AND DISPOSAL

PART 101–44—DONATION OF PERSONAL PROPERTY

Subpart 101–44.3—Donation for Educational, Public Health, and Civil Defense, Including Research or Public Airport Purposes

SEQUENCE OF APPROVAL

Requirements and procedures for screening surplus personal property and donation applications are revised.

Subpart 101–44.3 is amended by revising § 101–44.304 and § 101–44.308 to read as follows:

§ 101–44.304 **Donation screening period.**

(a) A period of 15 calendar days following the automatic release date shall be provided in which to set aside surplus property determined to be usable and necessary for donation purposes. Reportable surplus property will be set aside for donation when an application for donation is submitted for approval within the donation screening period to a GSA regional office, with an informational copy to to the holding agency. Nonreportable surplus property will be set aside for donation upon notification to a holding agency, within the donation screening period, by a responsible Federal official or by an authorized donee representative, that the property is usable and necessary for donation purposes.

(b) During the prescribed 15-day donation screening period, applications for surplus personal property will be processed by GSA regional offices in accordance with the following sequence:

(1) Department of Defense personal property reportable to GSA in accordance with § 101–43.311 of this subchapter will be reserved for public airport donation during the first five days of the donation screening period, and during the next five days for service educational activities. During the remaining portion of the donation screening period, the property will be available on a first-come, first-serve basis to all donee applicants.

(2) Executive agency personal property, other than personal property of the Department of Defense, reportable to GSA in accordance with § 101–43.311, of this subchapter will be reserved for public airport donation during the first five days of the donation screening period. During the remaining portion of the donation screening period the property will be available on a first-come, first-served basis. This property is not available for donation to service educational activities.

(3) All executive agency personal property not reportable to GSA will be made available for donation on a first-come, first-served basis. Service educational activities are not eligible for donation of nonreportable surplus personal property of executive agencies, other than the Department of Defense.

§ 101–44.308 **Approval of applications.**

(a) No surplus property will be released by a holding agency for donation until it has received SF 123 bearing the signed approval of the appropriate GSA regional office. In approving donation applications, full effect will be given by GSA regional offices to the sequence established in § 101–44.304. Donation applications which are not fully or properly prepared may be returned to the applicant or held in suspense until required information is made available. Upon request of GSA regional offices, donees will submit any additional information required to support and justify a donation application. Donation applications will not be held to the end of the screening period, but will be approved and distributed as expeditiously as possible. Requests for donation received after the end of the donation screening period may be approved if the property is still available and the holding activity has agreed to set the property aside pending receipt of donation approval.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c))

Effective date. This amendment is effective September 15, 1965.

Dated: September 13, 1965.

LAWSON B. KNOTT, Jr.,
Administrator of General Services.

[F.R. Doc. 65-9863; Filed, Sept. 16, 1965; 8:46 a.m.]

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

SUBCHAPTER D—AIRMEN

[Reg. Docket No. 6204; Amdt. 61–20]

PART 61—CERTIFICATION: PILOTS AND FLIGHT INSTRUCTORS

Pilot Rating Requirements

The purpose of this amendment to Part 61 of the Federal Aviation Regulations is to provide higher safety standards by assuring that pilots of certain aircraft are fully qualified to act as pilot in command. This section was published as a notice of proposed rule making and circulated as a Federal Aviation Agency Notice No. 64–42 (29 F.R. 13038).

The principal items contained in the notice proposed the following requirements for a pilot in command holding a private, commercial, or airline transport pilot certificate: (a) A category, class and type rating requirement for all aircraft operations in large aircraft or in small turbojet powered airplanes. (Presently the type rating requirement applies to large aircraft when passengers are carried, or, in general, when large aircraft are operated for compensation or hire and type ratings are not issued for small turbojet powered airplanes.) (b) In the case of small aircraft (other than turbojet powered airplanes), a category and class rating for operations involving the carriage of another person, or operations for compensation or hire, or for which the pilot in command receives compensation or hire. (Presently the category and class rating requirement applies for operations involving the carriage of passengers, or, in general, when the aircraft is operated for remuneration). (c) In the case of defined small complex aircraft (other than turbojet powered airplanes), a flight check from a certificated flight instructor or FAA inspector for each type of complex aircraft, for operations involving the carriage of another person, or operations for compensation or hire, or for which the pilot in command receives compensation or hire. (Presently there

is no similar requirement for these operations in defined complex aircraft.) (d) In the case of soloing a small aircraft (other than a small turbojet powered airplane), for which the pilot does not hold a category and class rating, a familiarization flight as sole manipulator of the controls while accompanied by a qualified and rated pilot. (Presently there is no requirement with respect to soloing an aircraft, not for hire, for which the pilot is not rated except that the holder of a free balloon rating only, is limited to free balloons.)

Comments received in response to Notice No. 64-42 were generally favorable with the exception of the flight check proposal in the case of defined complex aircraft. The majority of the adverse comments received on this proposed change were based on the feeling that the flight check requirement for each type of complex aircraft would impose needless economic burdens on general aviation pilots out of proportion to any anticipated increase in the general safety level. In addition, the Agency has been advised by the CAB that, with one exception, accidents caused by the complexity of the aircraft are not significant. The exception referred to applies to those accidents in which the lack of familiarity with the aircraft may be inferred by the circumstances in cases of weather-involved, pilot-induced structural failures.

The Agency has carefully considered these comments and re-examined recent accident reports of the Civil Aeronautics Board. There is no significant reduction in the annual number of fatal accidents in defined small complex aircraft that are in the weather-involved, pilot-induced structural failure category. It was in respect to this category of accidents that the elementary demonstration of ability to fly solely by reference to instruments was included in the elements to be covered during the flight check. However, the Agency has decided that the proposal would be burdensome if enacted, and that it will continue its study in an effort to find a practical solution for improving the accident record of pilots of this category of small airplanes.

The following summary covers the four principal changes involved in this amendment. These changes are contained in a new § 61.16 (General Limitations).

1. A pilot must hold a category, class and type rating to act as pilot in command of a large aircraft. A Flight Standards District Office may issue an authorization to deviate from this requirement when compliance would be impractical, for example, in the case of a pilot who wishes to fly a single-place aircraft in preparation for a required type rating or during the qualification of a pilot in a new type of aircraft.

2. A pilot must hold a type rating to act as pilot in command of a small turbojet powered airplane after March 31, 1966. Authorization for deviation is also available from a Flight Standards District Office when compliance would be impractical.

3. A pilot must hold a category and class rating to act as pilot in command of a small aircraft when any other person is carried in the aircraft, when the aircraft is operated for compensation or hire, or when the pilot receives compensation or hire for piloting that aircraft.

4. A pilot must meet one of the experience requirements of new § 61.16(c) in order to solo a small aircraft for which he is not rated (not for compensation or hire).

In addition to the principal changes, there are several other changes to present sections of Part 61 contained in this package amendment. These items were explained in the preamble material of Notice No. 64-42, and comments received to the notice indicate a general acceptance of the changes as proposed.

The Agency has determined that the proposed amendments contained in Notice No. 6-442, and comments received the requirement for small complex aircraft flight checks, will provide better assurance of public protection and crewmember protection.

Interested persons have been afforded an opportunity to participate in the making of this amendment and due consideration has been given to all relevant matter presented.

In consideration of the foregoing, Part 61 of Chapter I of Title 14 of the Code of Federal Regulations is amended, effective December 16, 1965, as follows:

1. By amending § 61.15 as follows: The first sentence of paragraph (f) and paragraphs (g) and (h) are revised; (i) is redesignated as (k) and new paragraphs (i) and (j) are added to read as follows:

§ 61.15 Aircraft ratings.

* * * * *

(f) In addition to the category and class ratings in paragraphs (a), (b), and (c) of this section, the name of each type of large aircraft and each turbojet powered airplane for which a pilot is rated is placed on his certificate if that type of aircraft is certificated by the Administrator for civil operations. * * *

(g) The holder of a pilot certificate with a rotorcraft category rating issued before July 12, 1962, may not continue to exercise the privileges of that rating, but may, without a further showing of competence, exchange his rotorcraft category rating for a rotorcraft category rating with a class rating determined by the class of rotorcraft in which he originally qualified for a rotorcraft rating, whether by flight test or on the basis of military competence.

(h) The holder of a current pilot certificate with a helicopter or autogiro category rating may not continue to exercise the privileges of that rating, but may, without a further showing of competence, exchange his helicopter rating for a rotorcraft category rating with a helicopter class rating, and his autogiro category rating for a rotorcraft category rating with a gyroplane class rating, by presenting his certificate for exchange.

(i) Notwithstanding paragraph (g) or (h) of this section, the holder of an airline transport pilot certificate with—

(1) A helicopter category rating;

(2) An autogiro category rating; or

(3) A rotorcraft category rating without a helicopter or gyroplane class rating;

may continue to exercise the privileges of that rating until June 30, 1966.

(j) The holder of an airline transport pilot certificate with a rating specified in paragraph (i) of this section may not exercise the privileges of that rating after June 30, 1966, unless he has, without a further showing of competence, exchanged his—

(1) Helicopter category rating for a rotorcraft category rating with a helicopter class and type rating;

(2) Autogiro category rating for a rotorcraft category rating with gyroplane class rating; or

(3) Rotorcraft category rating without a class rating for a rating in accordance with paragraph (g) or (h) of this section, as applicable.

If he qualified originally in a helicopter, he may, until December 31, 1966, obtain a gyroplane class rating without a further showing if he has had at least 10 hours as pilot in command of a gyroplane within the 12-month period before he applies.

(k) The holder of a certificate named in paragraph (g), (h), or (j) need not have a current medical certificate to make the exchange of ratings specified in those paragraphs.

2. By adding the folowing new section after § 61.15:

§ 61.16 General limitations.

(a) *Type ratings required.* No person may act as pilot in command of any of the following aircraft unless he holds a type rating for that aircraft:

(1) A large aircraft (except lighter-than-air).

(2) A helicopter, for operations requiring an airline transport pilot certificate.

(3) After March 31, 1966, a turbojet powered airplane.

However, subparagraphs (1) and (3) of this paragraph do not apply to an aircraft operated under an authorization issued by a Flight Standards District Office.

(b) *Small aircraft: carrying another person or operating for compensation or hire.* Unless he holds a category and class rating for that aircraft, a person may not act as pilot in command of a

small aircraft that is carrying another person or is operated for compensation or hire. In addition, he may not act as pilot in command of that aircraft for compensation or hire.

(c) *Small aircraft: soloing not for compensation or hire.* No person may act as pilot in command of a small aircraft in operations conducted other than under paragraph (b) of this section unless he meets at least one of the following conditions:

(1) He hold a category and class rating appropriate to that aircraft.

(2) He has soloed and logged that flight time in that category and class of aircraft before December 16, 1965.

(3) He has made and logged at least three takeoffs and landings to a full stop in that category and class of aircraft, as the sole manipulator of the controls, while accompanied by a pilot who is entitled to carry passengers in that aircraft.

(4) He has made and logged at least three takeoffs and landings to a full stop while operating under an authorization issued by a Flight Standards District Office.

However, the holder of a pilot certificate with an airplane category rating may solo gliders without complying with this paragraph.

(d) *Exception.* This section does not require a class rating for gliders. In addition, the rating limitations of this section do not apply to—

(1) The holder of a student pilot certificate;

(2) The holder of a pilot certificate when operating an aircraft under the authority of an experimental or provisional type certificate;

(3) The holder of a pilot certificate when taking a flight test given by the Administrator; or

(4) The holder of a pilot certificate with a lighter-than-air category rating when operating a free balloon.

§ 61.17 [Amended]

3. By amending § 61.17 as follows:

a. The section heading is amended to read as follows:

§ 61.17 Type ratings and additional aircraft ratings (other than airline transport and lighter-than-air).

b. Paragraph (a) is amended to read as follows:

(a) *General.* To be eligible for an additional aircraft rating (other than a type rating) after his certificate is issued to him, an applicant must meet the requirements of paragraphs (b) through (i) of this section, as appropriate to the rating sought. Each applicant must perform the procedures and maneuvers specified in those paragraphs, as applicable, that are not required for the certificates and ratings that he already holds. An applicant for an original or additional type rating must meet the requirements of paragraph (j) of this section. However, if he is applying for a type rating and will receive a category rating or original issue of a pilot certificate based on that type of aircraft, he must also meet the other requirements for that rating or certificate, as the case may be.

c. The word "additional" is stricken in the heading to paragraph (j).

d. The introductory phrase to paragraph (j)(1) is amended to read as follows:

(1) An applicant for an original or additional type rating must—.

4. By amending § 61.39(f) to read as follows:

§ 61.39 Pilot logbooks: Except airline transport pilots.

* * * * *

(f) *Inspection of pilot logbooks.* A pilot who keeps a logbook under this section shall present it for inspection upon the request of, and after reasonable notice by, the Administrator, an authorized representative of the Civil Aeronautics Board, or any State or local law enforcement officer.

5. By adding the following new paragraph at the end of § 61.47:

§ 61.47 Recent flight experience.

* * * * *

(g) *Credit given for flight tests or checks.* A pilot who successfully passes a flight test required for a category, class, type, or instrument rating is considered to meet the recency of experience requirement of the paragraph of this section that is appropriate to the flight test.

§ 61.101 [Amended]

6. By striking out paragraph (b) of § 61.101.

7. By amending § 61.131 to read as follows:

§ 61.131 General privileges and limitations.

(a) Subject to § 61.16 and paragraphs (b) and (c) of this section, a commercial pilot may act as pilot in command of an aircraft that is carrying passengers or property for compensation or hire, and may, for compensation or hire act as pilot in command of an aircraft.

(b) A commercial pilot (lighter-than-air; airship class) may give flight instruction in aircraft of the airship or free balloon class.

(c) A commercial pilot (lighter-than-air; free balloon class only) may act as pilot in command of, and give flight instruction in, a free balloon only.

8. By amending § 61.147(b) to read as follows:

§ 61.147 Airplane rating: aeronautical skill.

* * * * *

(b) The holder of an airline transport pilot certificate who applies for an airplane type or additional airplane class rating must, for that type or class rating, pass a flight test involving the maneuvers listed in paragraphs (a) (1) through (5), (7) through (14), (16), (17), (21), (22), and (24) through (31) of this section. The maneuvers required by subparagraphs (7), (8), (14), (16), (21), (22), (24), and (26) must be performed solely by reference to instruments.

* * * * *

9. By amending § 61.155 to read as follows:

§ 61.155 Rotorcraft rating: aeronautical skill.

(a) An applicant for an airline transport pilot certificate with a rotorcraft rating must show his ability to satisfactorily pilot rotorcraft by performing at least the following:

(1) Normal takeoffs and landings, crosswind landings, climbs, and climbing turns, steep turns, maneuvering at minimum speed, rapid descent, and quick stops.

(2) Simulated emergency procedures, including failure of an engine or other component or system, fire, ditching, evacuation, operating emergency equipment.

(3) Autorotative approaches and landings with simulated one engine inoperative.

(4) Any other maneuvers considered necessary to show his ability.

(b) The holder of an airline transport pilot certificate with a rotorcraft category and helicopter class rating who applies for an additional helicopter type rating must show his ability to satisfactorily pilot the type helicopter for which he seeks a rating by performing the maneuvers listed in paragraph (a) of this section.

§ 61.159 [Deleted]

10. By striking out § 61.159.

§ 61.165 [Amended]

11. By striking out paragraph (b), and the paragraph designation "(a)" in § 61.165.

The reporting and/or record-keeping requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Secs. 313(a), 601, and 602, Federal Aviation Act of 1958; 49 U.S.C. 1354, 1431, 1422)

Issued in Washington, D.C., on September 10, 1965.

WILLIAM F. MCKEE,
Administrator.

[F.R. Doc. 65-9871; Filed, Sept. 16, 1965; 8:47 a.m.]

SUBCHAPTER F—AIR TRAFFIC AND GENERAL OPERATING RULES

[Reg. Docket No. 6851; Amdt. 443]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

The amendments to the standard instrument approach procedures contained herein are adopted to become effective when indicated in order to promote safety. The amended procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the complete procedure is republished in this amendment indicating the changes to the existing procedures.

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 97 (14 CFR Part 97) is amended as follows:

1. By amending the following low or medium frequency range procedures prescribed in § 97.11(a) to read:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
					2-engine or less		More than 2-engine, more than 65 knots
From—	To—	Course and distance	Minimum altitude (feet)	Condition	65 knots or less	More than 65 knots	

PROCEDURE CANCELED, EFFECTIVE 18 SEPTEMBER 1965, OR UPON DECOMMISSIONING OF FACILITY.

City, Aberdeen; State, S. Dak.; Airport name, Aberdeen Municipal; Elev., 1301'; Fac. Class., SBRAZ; Ident., AR; Procedure No. 1, Amdt. 12; Eff. date, 2 May 64; Sup. Amdt. No. 11; Dated, 21 Sept. 63

PROCEDURE CANCELED, EFFECTIVE 18 SEPTEMBER 1965.

3. By amending the following very high frequency omnirange (VOR) procedures prescribed in § 97.11(c) to read:

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots	
				T-dn*.....	400-2	400-2	400-2
				C-dn#.....	800-2	800-2	800-2
				A-dn%.....	1000-2	1000-2	1000-2

Procedure turn W side of crs, 349° Outbnd, 169° Inbnd, 9800' within 10 miles.
Minimum altitude over facility on final approach crs, 7900'.
Crs and distance, facility to airport 196°—5.5 miles.
If visual contact not established upon descent to authorized landing minimums or if landing not accomplished within 5.5 miles after passing CEZ VOR, make right-climbing turn, proceed direct to CEZ VOR at 9800'.
CAUTION: (1) Highway lights located between facility and runway are aligned with approach. (2) Unlighted tower 6338', 3.0 miles N of airport in final approach area.
*Takeoff Runway 21, 800-2.
Southeastbound (101° thru 136°) IFR departures: The following departure procedure is recommended to insure adequate terrain and obstructions clearance: Make all turns W of airport, remaining within 2 miles; climb direct to CEZ VOR. Climb in holding pattern on CEZ VOR, R-349, right turns, to sufficient altitude to cross CEZ VOR at: 8200' southeastbound on V-211, 8900' southeastbound on V-187.
#Circling W of airport only within 2 miles. High terrain SE.
%Authorized when weather service available (normally 1300-0400Z).
MSA within 25 miles of facility: 000°-090°—15,300'; 090°-180°—10,600'; 180°-270°—12,000'; 270°-360°—11,300'.

City, Cortez; State, Colo.; Airport name, Cortez-Montezuma County; Elev., 5912'; Fac. Class., L-BVOR; Ident., CEZ; Procedure No. 1, Amdt. 1; Eff. date, 18 Sept. 65; Sup. Amdt. No. Orig.; Dated, 31 July 65 or upon commissioning of facility

A-dn	NA	NA	NA

Procedure turn E side of crs, 142° Outbnd, 322° Inbnd, 4500' within 10 miles.
Minimum altitude over facility on final approach crs, 3384'.
Facility on airport. Crs and distance, beacon point to Runway 35, 347°—1.0 mile.
If visual contact not established upon descent to authorized landing minimums or if landing not accomplished within 0.0 mile after passing LBL VOR, climb to 4500' on R-322 LBL VOR within 10 miles, make left turn and return to LBL VOR.
CAUTION: Numerous towers to elevation of 3530' E of airport.
NOTE: Altimeter setting from GCK FSS when control zone not effective.
*When 3530' tower, 1.9 miles E of airport is not visible on takeoff, climb to 4500' on runway heading before turning toward tower.
#All circling approaches will be made to W of airport.
@Lights installed on Runways 35 and 17 only.
%These minimums apply at all times for those air carriers with approved weather reporting service.
MSA within 25 miles of facility: 000°-360°—4500'.

City, Liberal; State, Kans.; Airport name, Liberal Municipal; Elev., 2884'; Fac. Class., B-VOR; Ident., LBL; Procedure No. TerVOR-35, Amdt. 2; Eff. date, 18 Sept. 65; Sup. Amdt. No. 1; Dated, 13 Mar. 65

5. By amending the following very high frequency omnirange-distance measuring equipment (VOR/DME) procedures prescribed in § 97.15 to read:

VOR/DME STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots

7. By amending the following radar procedures prescribed in § 97.19 to read:

RADAR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If a radar instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final authorized landing minimums, the instructions of the radar controller are mandatory except when (A) visual contact is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach, a missed approach shall be executed as provided below when (A) communication on final approach is lost for more than 5 seconds during a precision approach, or for more than 30 seconds during a surveillance approach; (B) directed by radar controller; (C) visual contact is not established upon descent to authorized landing minimums; or (D) if landing is not accomplished.

Radar terminal area maneuvering sectors and altitudes			Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less	More than 2-engine, more than 65 knots
					65 knots or less / More than 65 knots

If visual contact not established upon descent to authorized landing minimums or if landing not accomplished, Runway 5: Climb to 2500′ on R–020 GSO VOR within 15 miles of airport. Runway 23: Climb to 2500′ and proceed to GSO VOR via R–210. Runway 14: Climb to 2500′ on SE crs GSO ILS or crs of 138° from GS LOM within 15 miles of airport. Runway 32: Climb to 2500′ on NW crs GSO ILS or crs of 318° to/from GS LOM within 15 miles of airport.

#Radar control will provide 1000′ vertical clearance within a 3-mile radius of 1549′ tower located 8 miles E of Greensboro-High Point Airport or maintain 2500′. All bearings and distances are from radar site on Greensboro-High Point Airport with sector azimuths progressing clockwise.

City, Greensboro; State, N.C.; Airport name, Greensboro-High Point; Elev., 926′; Fac. Class. and Ident., Greensboro Radar; Procedure No. 1, Amdt. 1; Eff. date, 18 Sept. 65; Sup. Amdt. No. Orig.; Dated, 2 Sept. 61

		Within:			Surveillance approach		
040°	185°	20 miles	1900				
185°	040°	20 miles	1800	T-dn	300–1	300–1	NA
				C-dn	1000–2	1000–2	NA
				S-dn	NA	NA	NA
				A-dn*	NA	NA	NA

All bearings and distances are from radar antenna site with sector azimuths progressing clockwise. Radar control must provide 3 miles or 1000′ vertical separation from following towers: 1349′, 9.7 miles NE; 1340′, 8.0 miles NE; 975′, 9.2 miles NE; and 1333′, 8.7 miles NE.

Radar azimuths are clockwise with distance and altitudes based on antenna located at Memphis Metropolitan Airport.

If visual contact not established upon descent to authorized landing minimums or if landing not accomplished at 9.0-mile Radar Fix, make left turn, climb to 2000′, proceed direct to Bruins (BSA) MHW and hold W, 256° bearing 076° Inbnd, right turns, 1-minute pattern, or when directed by ATC, make left turn, climb to 2000′, proceed direct to Memphis VORTAC and hold E, 107 Radial, 287° Inbnd, right turns, 1-minute pattern.

NOTE: Minimum radar vectoring altitude 1300′ authorized within 3-mile radius of West Memphis, Ark., Airport.

CAUTION: (1) Altimeter setting remoted from Memphis Metropolitan Airport. (2) Aircraft will cancel IFR with MEM APC or MEM FSS prior to landing or upon reaching VFR conditions. (3) Aircraft will not take off under IFR conditions without prior ATC approval.

*Weather service not available at this airport.

City, West Memphis; State, Ark.; Airport name, West Memphis Municipal; Elev., 212′; Fac. Class. and Ident., Memphis Radar; Procedure No. 1, Amdt. Orig.; Eff. date, 18 Sept. 65

These procedures shall become effective on the dates specified therein.

(Secs. 307(c), 313(a), 601, Federal Aviation Act of 1958; 49 U.S.C. 1348(c), 1354(a), 1421; 72 Stat. 749, 752, 775)

Issued in Washington, D.C., on July 30, 1965.

EDWARD C. HODSON,
Acting Director, Flight Standards Service.

Title 7—AGRICULTURE

Chapter VII—Agricultural Stabilization and Conservation Service (Agricultural Adjustment), Department of Agriculture

SUBCHAPTER C—SPECIAL PROGRAMS

[Amdt. 8]

PART 775—FEED GRAINS

Subpart—1964 and 1965 Feed Grain Program Regulations

MISCELLANEOUS AMENDMENTS

The regulations governing the 1964 and 1965 Feed Grain Program, 29 F.R. 590, as amended, are hereby further amended as follows:

1. Section 775.312(d) is amended by deleting the last sentence.

2. Section 775.312(e) is amended by changing the last sentence to read as follows: "Notwithstanding any other provision of this paragraph, for 1965, the additional acre diversion payment rate shall apply to all acreage credited for diversion payments which is in excess of 20 percent of the total feed grain base and shall apply to the entire acreage credited for payment when the acreage so credited is (1) 40 percent or more of the total feed grain base (or the base as determined in accordance with the option specified in § 775.304(b)(2) for a farm participating in the conservation reserve program or the cropland conversion program) or (2) equal to the number of acres which are permitted to be devoted to soil bank base crops under the terms of a conservation reserve contract or which can be devoted to nonconserving crops under the terms of a cropland conversion program agreement."

Effective date: Upon publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on August 30, 1965.

H. D. GODFREY,
Administrator, Agricultural Stabilization and Conservation Service.

[F.R. Doc. 65–9942; Filed, Sept. 16, 1965; 8:52 a.m.]

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 15—CEREAL FLOURS AND RELATED PRODUCTS

Instant Blending Flours; Confirmation of Effective Date of Order Amending Standard of Identity

In the matter of amending the standard of identity for instant blending flours (21 CFR 15.75):

No objections were filed to the order in the above-identified matter published in the FEDERAL REGISTER of July 27, 1965 (30 F.R. 9302). Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919; 72 Stat. 948; 21 U.S.C. 341, 371), and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education,

and Welfare (21 CFR 2.90), notice is given that the amendment promulgated by the above-cited order shall become effective September 25, 1965, and simultaneously therewith the stay of effective date announced in the FEDERAL REGISTER order of January 1, 1965 (30 F.R. 6), is rescinded.

(Secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919; 72 Stat. 948; 21 U.S.C. 341, 371)

Dated: September 10, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9882; Filed, Sept. 16, 1965; 8:48 a.m.]

PART 20—FROZEN DESSERTS

Ice Cream; Identity Standard

In the matter of amending the standard of identity for ice cream:

By a notice of proposed rule making published June 2, 1965 (30 F.R. 7292), interested persons were invited to comment on amendments of the standard of identity for ice cream (21 CFR 20.1) as proposed in a petition from the International Association of Ice Cream Manufacturers, 910 17th Street NW., Washington, D.C. The only comment filed favored adoption of the amendments. On the basis of the relevant information available, it is concluded that honesty and fair dealing in the interest of consumers will be promoted by adopting the proposed amendments. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and under authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90): *It is ordered*, That § 20.1(g)(2) (i), (ii), and (iii) and (5) (i) and (iv) be revised to read as follows:

§ 20.1 Ice cream; identity; label statement of optional ingredients.

* * * * *

(g) * * *

(2) (i) If the food contains no artificial flavor, the name on the principal display panel or panels of the label shall be accompanied by the common or usual name of the characterizing flavor, e.g., "vanilla," in letters not less than one-half the height of the letters used in the words "ice cream."

(ii) If the food contains both a natural characterizing flavor and an artificial flavor simulating it, and if the natural flavor predominates, the name on the principal display panel or panels of the label shall be accompanied by the common name of the characterizing flavor, in letters not less than one-half the height of the letters used in the words "ice cream," followed by the word "flavored," in letters not less than one-half of the height of the letters in the name of the characterizing flavor, e.g., "VANILLA flavored," or "PEACH flavored," or "VANILLA flavored and STRAWBERRY flavored."

(iii) If the food contains both a natural characterizing flavor and an artificial flavor simulating it, and if the artificial flavor predominates, or if artificial flavor is used alone, the name on the principal display panel or panels of the label shall be accompanied by the common name of the characterizing flavor, in letters not less than one-half the height of the letters used in the words "ice cream," preceded by "artificial" or "artificially flavored," in letters not less than one-half the height of the letters in the name of the characterizing flavor, e.g., "artificial VANILLA," or "artificially flavored STRAWBERRY" or "artificially flavored VANILLA and artifically flavored STRAWBERRY."

* * * * *

(5) An artificial flavor simulating the characterizing flavor shall be deemed to predominate:

(i) In the case of vanilla beans or vanilla extract used in combination with vanillin if the amount of vanillin used is greater than 1 ounce per unit of vanilla constituent, as that term is defined in § 22.1(c) of this chapter.

* * * * *

(iv) In the case of two or more fruits or fruit juices, or nut meats, or both, used in combination with artificial flavors simulating the natural flavors and dispersed throughout the food, if the quantity of any fruit or fruit juice or nut meat is less than one-half the applicable percentage specified in subdivision (ii) or (iii) of this subparagraph. For example, if a combination ice cream contains less than 5 percent of bananas and less than 1 percent of almonds it would be "Artificially flavored banana-almond ice cream." However, if it contains more than 5 percent of bananas and more than 1 percent of almonds it would be "Banana-almond flavored ice cream."

* * * * *

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington 25, D.C., written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing, and such objections must be supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective December 31, 1965, except as to any provisions that may be stayed by the filing of proper objections. Notice of the filing of objections or lack thereof will be announced by publication in the FEDERAL REGISTER.

(Secs. 401, 701, 52 Stat. 1046, 1055 as amended; 21 U.S.C. 341, 371)

Dated: September 9, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9883; Filed, Sept. 16, 1965; 8:49 a.m.]

PART 45—OLEOMARGARINE, MARGARINE

PART 121—FOOD ADDITIVES

Delta-Decalactone and Delta-Dodecalactone; Confirmation of Effective Date of Order

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 409, 701, 52 Stat. 1046, 1055 as amended; 72 Stat. 1786; 21 U.S.C. 341, 348, 371), and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), notice is given that no objections were filed to the order published in the FEDERAL REGISTER of July 27, 1965 (30 F.R. 9303), that amended the standard for oleomargarine (21 CFR 45.1) by listing delta-decalactone and delta-dodecalactone as optional flavoring ingredients and that amended the food additive regulations (21 CFR 121.1164) to prescribe conditions of safe use of the additives in food. Accordingly, the amendments promulgated by that order will become effective September 10, 1965.

(Secs. 401, 409, 701, 52 Stat. 1046, 1055 as amended; 72 Stat. 1786; 21 U.S.C. 341, 348, 371)

Dated: September 9, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9884; Filed, Sept. 16, 1965; 8:49 a.m.]

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Pesticide Chemicals Considered Safe

Citric acid, sodium benzoate in an amount up to 0.1 percent, and sodium propionate are generally recognized as safe as food additives (§ 121.101(d)). Similarly recognized, are oil of lemon and oil of orange (§ 121.101(e)). Fumaric acid may be safely used in food in accordance with prescribed conditions (§121.1130).

All these chemicals are generally recognized as safe when used postharvest as fungicides on hay (§ 120.2(a)). The Commissioner of Food and Drugs has received an inquiry regarding their status when used postharvest as fungicides on other raw agricultural commodities. The U.S. Department of Agriculture re-

ports that these chemicals are useful as fungicides. It is concluded that Part 120 should be amended to clarify the status of these chemicals. Therefore, under the authority provided in the Federal Food, Drug, and Cosmetic Act (sec. 408, 68 Stat. 511, as amended; 21 U.S.C. 346a) and delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90), § 120.2(a) (21 CFR 120.2; 30 F.R. 2597) is amended by deleting the words "on hay". The affected portion of the regulation reads as follows:

§ 120.2 Pesticide chemicals considered safe.

(a) As a general rule, pesticide chemicals other than benzaldehyde (when used as a bee repellant in the harvesting of honey), ferrous sulfate, lime, lime-sulfur, potassium polysulfide, sodium carbonate, sodium chloride, sodium polysulfide, and sulfur, and, when used postharvest as fungicides, citric acid, fumaric acid, oil of lemon, oil of orange, sodium benzonate, and sodium propionate are not for the purposes of section 408(a) of the act generally recognized as safe for use.

* * * * *

Notice and public procedure and delayed effective date are not necessary prerequisites to the promulgation of this order, and I so find, since the amendment is interpretative in nature.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 408, 68 Stat. 511, as amended; 21 U.S.C. 346a)

Dated: September 9, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9886; Filed, Sept. 16, 1965; 8:49 a.m.]

PART 120—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Chlorosulfamic Acid; Tolerances for Residues

A petition was filed (PP 5F0451) with the Food and Drug Administration by Wallace & Tiernan, Inc., Post Office Box 178, Newark, N.J., 07101, proposing the establishment of tolerances of 8 parts per million for residues of sulfamate ion, expressed as sulfamic acid, from postharvest application of the fungicide chlorosulfamic acid in or on asparagus, carrots, cauliflower, celery, potatoes, and radishes.

The Secretary of Agriculture has certified that the pesticide chemical is useful for the purposes for which tolerances are being established.

After consideration of the data submitted in the petition and other relevant material which show that the tolerances established in this order will protect the public health, and by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2)) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 2.90), Part 120 is amended by adding to Subpart C the following new section:

§ 120.201 Chlorosulfamic acid; tolerances for residues.

A tolerance of 8 parts per million is established for residues of sulfamate ion, expressed as sulfamic acid, from the postharvest application of the fungicide chlorosulfamic acid in or on asparagus, carrots, cauliflower, celery, potatoes, and radishes.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 408(d)(2), 68 Stat. 512; 21 U.S.C. 346a(d)(2))

Dated: September 10, 1965.

GEO. P. LARRICK,
Commissioner for Food and Drugs.

[F.R. Doc. 65-9885; Filed, Sept. 16, 1965; 8:49 a.m.]

PART 121—FOOD ADDITIVES

Subpart C—Food Additives Permitted in Feed and Drinking Water of Animals or for the Treatment of Food-Producing Animals

SILICON DIOXIDE

The Commissioner of Food and Drugs, having evaluated the data submitted in a petition (FAP 5C1668) filed by American Cyanamid Co., Wayne, N.J., 07470, and other relevant material, has concluded that § 121.229 should be amended to provide for the safe use of silicon dioxide as an anticaking agent in piperazine and piperazine salts for addition to animal feeds. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90), § 121.229(b) is amended by inserting in alphabetical sequence the following new item:

Piperazine, piperazine salts	0.8

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

Dated: September 9, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9881; Filed, Sept. 16, 1965; 8:48 a.m.]

SUBCHAPTER C—DRUGS

PART 132—REGISTRATION OF PRODUCERS AND CERTAIN WHOLESALERS OF DRUGS

Depressant, Stimulant and Hallucinogenic Drugs

Under the authority of section 510 of the Federal Food, Drug, and Cosmetic Act as amended by the Drug Abuse Control Amendments of 1965 (secs. 510, 701a, 52 Stat. 1055, 76 Stat. 794, as amended 79 Stat. 231 et seq.), delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), the regulations covering the registration of producers, etc., of drugs are revised to cover the registration of wholesalers, jobbers, or distributors of depressant or stimulant drugs, and as revised to read as follows:

Subpart A—Definitions

Subpart B—Procedures for Domestic Drug Establishments

Subpart C—Procedures for Foreign Drug Establishments [Reserved]

Subpart D—Exemptions

AUTHORITY: The provisions of this Part 132 issued under secs. 510, 701, 52 Stat. 1055 as amended; 76 Stat. 794; 21 U.S.C. 360, 371.

Subpart A—Definitions

§ 132.1 Definitions.

(a) As used in this part, the term "act" means the Federal Food, Drug, and Cosmetic Act approved June 25, 1938 (52 Stat. 1040 et seq., as amended; 21 U.S.C. 301–392).

(b) "Establishment" means a place of business under one management at one general physical location. The term includes, among others, independent laboratories that engage in control activities for registered drug establishments (e.g., "consulting" laboratories), manufacturers of medicated feeds and of vitamin products that are "drugs" within the meaning of section 201(g) of the act, and wholesalers, jobbers, or distributors who handle stimulant, depressant, or hallucinogenic drugs, as defined in Part 166 of this chapter.

(c) The term "manufacture, preparation, propagation, compounding, or processing" of a drug or drugs, as used in this part, means the making by chemical, physical, biological, or other procedures of any articles which meet the definition of drugs as defined in section 201(g) of the act, and including manipulation, sampling, testing, or control procedures applied to the final product or to any part of the process. The term includes repackaging or otherwise changing the container, wrapper, or labeling of any drug package in furtherance of the distribution of the drug from the original place of manufacture to the person who makes final delivery or sale to the ultimate consumer.

(d) The term "wholesaling, jobbing, or distributing of depressant, stimulant, or hallucinogenic drugs" as used in this part means the selling or distributing of any depressant, stimulant, or hallucinogenic drug to any person who is not the ultimate user or consumer of the drug.

(e) The definitions and interpretations contained in sections 201, 510, and 511 of the Federal Food, Drug, and Cosmetic Act and in Part 166[1] of this chapter shall be applicable to such terms when used in the regulations in this Part 132.

Subpart B—Procedures for Domestic Drug Establishments

§ 132.2 Who must register.

Owners or operators of all drug establishments not exempt under section 510 (g) of the act or Subpart D of this Part 132 that engage in the manufacture, preparation, propagation, compounding, or processing of a drug or drugs or in the wholesaling, jobbing, or distributing of any depressant, stimulant, or hallucinogenic drug are required to register. Such owners or operators are required to register, whether or not the output of such establishment enters interstate commerce. Owners or operators of establishments who are submitting new-drug applications or antibiotic forms 5, 6, and/or 10 preparatory to engaging in the manufacture, preparation, propagation, compounding, or processing of a drug or drugs are required to register before the new-drug application or antibiotic forms 5, 6, and/or 10 are approved. No registration fee is required.

[1] Part 166 in process of preparation.

§ 132.3 Times for registration.

(a) The owner or operator of an establishment entering into an operation defined in § 132.1 (c) or (d) must register such establishment within 5 days after the beginning of such operation. If the owner or operator of an establishment defined in § 132.1(c) has not previously entered into such operation, registration must follow within 5 days after the submission of a new-drug application or antibiotic forms 5, 6, and/or 10. Owners or operators of all establishments so engaged must register annually between November 15 and December 31.

(b) Initial registration under the Drug Abuse Control Amendments of 1965 (79 Stat. 231 et seq.; 21 U.S.C. 360), must be effected no later than February 1, 1966. However, establishments currently registered as drug producers, who also are required to register as handlers of stimulant, depressant, or hallucinogenic drugs, may do so at time of annual registration beginning November 15, 1965. Wholesalers, jobbers, or distributors of drugs, who are not now registered as producers of drugs, may register under the Drug Abuse Control Amendments of 1965 at any time prior to the effective date of the amendment, beginning November 15, 1965.

§ 132.4 How and where to register.

(a) The first registration of an establishment will be on form FD 1597, obtainable on request from the Department of Health, Education, and Welfare, Food and Drug Administration, Washington, D.C., 20204, or at any of the Food and Drug Administration district offices listed below:

Food and Drug Administration, 60 Eighth Street NE., Atlanta, Ga., 30309.
Food and Drug Administration, 900 Madison Avenue, Baltimore, Md., 21201.
Food and Drug Administration, 585 Commercial Street, Boston, Mass., 02109.
Food and Drug Administration, 599 Delaware Avenue, Buffalo, N.Y., 14202.
Food and Drug Administration, Room 1222, Main Post Office Building, 433 West Van Buren Street, Chicago, Ill., 60607.
Food and Drug Administration, 1141 Central Parkway, Cincinnati, Ohio, 45202.
Food and Drug Administration, 3032 Bryan Street, Dallas, Tex., 75204.
Food and Drug Administration, Room 573, New Customhouse Building, 20th and California Streets, Denver, Colo., 80202.
Food and Drug Administration, 1560 East Jefferson Avenue, Detroit, Mich., 48207.
Food and Drug Administration, 1009 Cherry Street, Kansas City, Mo., 64106.
Food and Drug Administration, 1521 West Pico Boulevard, Los Angeles, Calif., 90015.
Food and Drug Administration, 240 Hennepin Avenue, Minneapolis, Minn., 55401.
Food and Drug Administration, Room 222, U.S. Customhouse Building, 423 Canal Street, New Orleans, La., 70130.
Food and Drug Administration, 700 Federal Office Building, 850 Third Avenue, Brooklyn, N.Y., 11232.
Food and Drug Administration, Room 1204, U.S. Customhouse Building, Second and Chestnut Streets, Philadelphia, Pa., 19106.
Food and Drug Administration, Room 1002, U.S. Courthouse and Customhouse Building, 1114 Market Street, St. Louis, Mo., 63101.
Food and Drug Administration, Room 518, Federal Office Building, 50 Fulton Street, San Francisco, Calif., 94102.
Food and Drug Administration, Room 501, Federal Office Building, 909 First Avenue, Seattle, Wash., 98104.

(b) Subsequent annual registration will be accomplished on Form FD 1597 which will be furnished by the Food and Drug Administration before November 15 of each year to establishments whose drug registration for that year was validated pursuant to § 132.6. The completed form should be mailed to Drug Registration, Department of Health, Education, and Welfare, Food and Drug Administration, Washington, D.C., 20204, before December 31 of that year.

§ 132.5 Information required.

Form FD–1597 will require furnishing or confirming information required by the act. This information includes the name and street address of the drug establishment, including post office Zip code; all trade names used by the establishment; the kind of ownership or operation (e.g., individually owned, partnership, or corporation); the name of the owner or operator of such establishment; and the type of business activity if the establishment handles stimulant, depressant, or hallucinogenic drugs. The term "name of owner" or "operator" shall include in the case of a partnership the name of each partner, and in the case of a corporation the name and title of each corporate officer and director and the name of the State of incorporation. The information required shall be given separately for each establishment, as defined in § 132.1(b).

§ 132.6 Notification of registrant; drug establishment registration number.

(a) The Commissioner of Food and Drugs will provide to the registrant a validated copy of Form FD 1597 as evidence of registration. This validated copy will be sent only to the location shown for the registering establishment. A permanent registration number will be assigned to each drug establishment registered in accordance with these regulations.

(b) Although registration is required to engage in the drug activities described in § 132.2, validation of registration does not, in itself, establish that the holder of the registration is legally qualified to deal in such drugs.

§ 132.7 Inspection of registrations.

A copy of the Form FD 1597 filed by the registrant will be available for inspection pursuant to section 510(f) of the act, at the Office of Drug Registration, Food and Drug Administration, Department of Health, Education, and Welfare, Washington, D.C. In addition, there will be available for inspection at each of the Food and Drug Administration district offices listed in § 132.4 the same information for firms within the geographical area of such district office.

Upon request and receipt of a self-addressed stamped envelope, verification of registration number or location of a registered concern will be provided. Requests should be directed to Drug Registration, Food and Drug Administration, Department of Health, Education, and Welfare, Washington, D.C., 20204.

§ 132.8 Amendments to registration.

Changes in individual ownership, corporate or partnership structure, location, or drug-handling activity, shall be submitted by Form FD–1597 as amendment to registration within 5 days of such changes. Changes in the names of officers and directors of the corporations do not require such amendment but must be shown at time of annual registration. On February 1, 1966, and thereafter, establishments registered only as producers of drugs and entering initially into the handling of stimulant, depressant, or hallucinogenic drugs shall submit a new registration form FD–1597 within 5 days after beginning such activities.

§ 132.9 Misbranding by reference to registration or to registration number.

Registration of a drug establishment or drug wholesaler or assignment of a registration number does not in any way denote approval of the firm or its products. Any representation that creates an impression of official approval because of registration or possession of registration number will be considered misleading.

Subpart C—Procedures for Foreign Drug Establishments [Reserved]

Subpart D—Exemptions

§ 132.51 Exemptions for domestic establishments.

The following classes of persons are exempt from registration in accordance with this Part 132 under the provisions of section 510(g) (1), (2), and (3) of the act, or because the Commissioner has found, under section 510(g)(4), that such registration is not necesary for the protection of the public health.

(a) Retail pharmacies that are operating under applicable local laws regulating dispensing of prescription drugs, and who do not manufacture, prepare, propagate, compound, or process drugs for sale other than in the regular course of their business of dispensing and selling drugs at retail.

(b) Hospitals, clinics, and public-health agencies which maintain establishments in conformance with any applicable local laws regulating the practices of pharmacy and medicine and which are regularly engaged in dispensing prescription drugs upon prescription of practitioners licensed by law to administer such drug for patients under the care of such practitioners in the course of their professional practice.

(c) Practitioners who are licensed by law to prescribe or administer drugs and who manufacture, prepare, propagate, compound, or process drugs solely for use in the course of their professional practice.

(d) Persons who manufacture, prepare, propagate, compound, or process drugs solely for use in research, teaching, or chemical analysis and not for sale.

(e) Manufacturers of harmless inactive ingredients which are excipients, colorings, flavorings, emulsifiers, lubricants, preservatives or solvents that become components of drugs, and who otherwise would not be required to register under the provisions of this Part 132.

(f) Persons who use drugs or drug-containing feed concentrates to prepare feed for their own animals: *Provided*, That under the act and its regulations such person would not be required to hold an approved new-drug application (or supplement thereto) or an antibiotic Form 10 in order to possess and use the drug or drug-containing feed concentrate.

(g) Manufacturers of a virus, serum, toxin, or analogous product intended for treatment of domestic animals, who hold an unsuspended and unrevoked license issued by the Secretary of Agriculture under the animal virus-serum-toxin law of March 4, 1913 (37 Stat. 832; 21 U.S.C. 151 et seq.): *Provided*, That such exemption from registration shall apply only with respect to the manufacture of such animal virus, serum, toxin, or analogous product.

(h) Manufacturers of a virus, therapeutic serum, toxin, antitoxin, or analogous product intended for the prevention, treatment, or cure of diseases or injuries of man, who hold an unsuspended and unrevoked license issued by the Secretary of Health, Education, and Welfare under the Public Health Service Act of July 1, 1944 (58 Stat. 682 as amended; 42 U.S.C. 201 et seq.): *Provided*, That such exemption from registration shall apply only to the manufacture of the virus, therapeutic serum, toxin, antitoxin, or analogous product.

(i) Officers and employees of the United States, a State government, or a political subdivision of a State, while acting in the course of their official duties.

(j) Carriers, by reason of their receipt, carriage, holding, or delivery of drugs in the usual course of business as carriers.

Effective date. This order shall become effective upon publication in the FEDERAL REGISTER.

These regulations come within the excepted provisions of section 4(a) of the Administrative Procedure Act, with reference to prior notice and delayed effective date.

(Secs. 510, 701(a), 52 Stat. 1055, 76 Stat. 794, as amended; 79 Stat. 231 et seq.; 21 U.S.C. 360, 371(a))

Dated: September 10, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

Title 32—NATIONAL DEFENSE

Chapter I—Office of the Secretary of Defense

SUBCHAPTER B—PERSONNEL; MILITARY AND CIVILIAN

PART 140—ACCEPTANCE BY ROTC STAFF MEMBERS OF PAYMENTS OR OTHER BENEFITS OFFERED BY EDUCATIONAL INSTITUTIONS

The Deputy Secretary of Defense approved the following on August 4, 1965:

Sec.
140.1 Purpose.
140.2 Policy.
140.3 Implementation and administration.

AUTHORITY: The provisions of this Part 140 issued under R.S. 161; 5 U.S.C. 22.

§ 140.1 Purpose.

This part prescribes a uniform policy governing the acceptance of payments or any other benefits offered by educational institutions to members of the Army, Navy, Air Force, or Marine Corps who are assigned to those institutions in connection with a Reserve Officers' Training Corps program.

§ 140.2 Policy.

A member may accept only the following payments or other benefits from an institution:

(a) Reasonable compensation or other benefits specifically for services that are rendered the institution other than during the normal duty hours of the military staff members of the ROTC unit and that have no connection with the member's normal duties (such as services as a coach for an athletic team, parking lot attendant, etc.), provided the services are not part of the member's regularly assigned military duties, do not interfere with the full and effective performance of his official military duties, do not bring discredit upon the government, and do not interfere with the customary or regular employment of local civilians in their art, trade, or profession. Duty hours for individual staff members of an ROTC unit will not vary from the normal duty hours of the unit simply to permit them to qualify for compensation for services to an institution performed during the normal duty hours of the ROTC unit. A member may not receive compensation or other benefits for his services as the institution's military Property Custodian, Assistant Military Property Custodian, Commandant of Cadets, or Assistant Commandant of Cadets.

(b) Housing, if a reasonable rental is paid therefor. If housing is accepted by a member from an institution at other than a reasonable rental, as, for example, without charge, the housing will be considered as furnished on the behalf of the United States and the member will not be entitled to a basic allowance for quarters.

(c) Reimbursement by the institution for expenses incurred by the member for services that he performed at the request

of the institution and, although clearly beyond the scope of his regularly assigned military duties, that he might have been expected to perform by virtue of his position, such as hosting a social function for visiting dignitaries or conducting an off-campus workshop for faculty or students. Itemized bills for these expenses must be presented to the institution. Whenever practicable, however, arrangements should be made for the institution to be billed for these expenses so that they may be paid directly by the institution. Under no circumstances may a commuted or fixed allowance be accepted from the institution for the purpose of meeting these expenses.

§ 140.3 Implementation and administration.

The Secretary of each military department shall forward regulations for his department that implement this Part within thirty (30) days after the date this Part is issued. To assure compliance with this Part and the implementing regulations, the implementing regulations shall require each member who is covered by the regulations and who receives compensation or other benefits from an institution to report periodically thereon, together with a specific description of the compensation or other benefit and the justification for its acceptance by the member. The Assistant Secretary of Defense (Manpower) shall be advised promptly of any non-compliance with this Part or the implementing regulations and of the corrective action taken thereon or other action recommended.

MAURICE W. ROCHE,
Director, Correspondence and Directives Division OASD (Administration).

SEPTEMBER 13, 1965.

[F.R. Doc. 65-9870; Filed, Sept. 16, 1965; 8:47 a.m.]

Chapter VI—Department of the Navy

SUBCHAPTER F—ISLANDS UNDER NAVY JURISDICTION

PART 761—NAVAL DEFENSIVE SEA AREAS, NAVAL AIRSPACE RESERVATIONS, AREAS UNDER NAVY ADMINISTRATION, AND THE TRUST TERRITORY OF THE PACIFIC ISLANDS

Miscellaneous Amendments

Scope and purpose. The part is updated to conform to recent changes to the underlying departmental directive, i.e., OPNAV (Office of the Chief of Naval Operations) Instruction 5500.11C, Regulations Governing Issuance of Entry Authorizations for Naval Defensive Sea Areas, Naval Airspace Reservations, Areas under Navy Administration, and the Trust Territory of the Pacific Islands). The changes have been distributed in due course to Navy and Marine Corps commands concerned.

1. Section 761.1 is amended by revising paragraph (b) to read as follows:

§ 761.1 Scope.

* * * * *

(b) In addition to the authorization required by this part, local clearance is required to enter the Bonin, Volcano, and Marcus Islands. The entry authorizations issued under the authority of this part do not supersede or eliminate the need for visas or other clearances or permits required by other law or regulation.

2. Section 761.3 is amended by revising paragraph (c) to read as follows:

§ 761.3 Authority.

* * * * *

(c) *Trust Territory of the Pacific Islands.* The Trust Territory of the Pacific Islands is a strategic area administered by the United States under the provisions of a Trusteeship Agreement with the United Nations. By Executive Order 11021 of May 7, 1962 (27 F.R. 4409; 3 CFR, 1959–1963 Comp., p. 600), the Secretary of the Interior has been charged with the administrative responsibility for all of the Trust Territory of the Pacific Islands. Under an agreement between the Department of the Navy and the Department of the Interior effective July 1, 1963, the entry of individuals, ships, and aircraft into the Trust Territory is subject to control. Control of entry into the Trust Territory of the Pacific Islands (other than areas under military control of the Department of the Army (Kwajalein Atoll) and the Department of the Air Force (Bikini Atoll and Eniwetok Atoll), see § 761.4) shall be exercised by the High Commissioner of the Trust Territory and the Department of the Navy as follows:

(1) Entry of U.S. citizens and nationals and citizens of the Trust Territory, into areas of the Trust Territory other than those areas under military control of the Department of the Army and the Department of the Air Force as outlined in the introductory text of this paragraph (c), shall be controlled by the High Commissioner.

(2) All other persons: Applications for entry into the Trust Territory, except for those areas under military control, of all persons who are not U.S. citizens and nationals or who are not citizens of the Trust Territory shall be made to the High Commissioner for processing in accordance with the laws and regulations of the Trust Territory: *Provided*, That prior to the issuance of an authorization to enter the Trust Territory, the High Commissioner shall provide the Department of the Navy in all cases with information on the applicants for its consideration and comment, granting thereby the Department of the Navy the right to object to the issuance of an authorization.

(3) Ships and aircraft: (i) The entry of ships and aircraft, other than U.S. public ships and aircraft, documented under either the laws of the United States or the laws of the Trust Territory into areas of the Trust Territory, excepting those areas under military jurisdiction where entry is controlled by the Department of the Army (Kwajalein Atoll) and the Department of the Air Force (Bikini Atoll and Eniwetok Atoll), shall be controlled solely by the High Commissioner.

(ii) Applications for entry into the Trust Territory, except for those areas under military control, of ships and aircraft not documented under the laws of the United States or the laws of the Trust Territory shall be made to the High Commissioner for processing in accordance with the laws and regulations of the Trust Territory: *Provided*, That prior to the issuance of an authorization to enter the Trust Territory, the High Commissioner shall provide the Department of the Navy in all cases with information on the applicants for its consideration and comment, granting thereby the right of the Department of the Navy to object to the issuance of an authorization.

* * * * *

3. Section 761.4 is amended by redesignating paragraph (b) as (d) and by replacing paragraph (a) with paragraphs (a) to (c), to read as follows:

§ 761.4 Special provisions.

(a) Restricted area: Special authorization is required for entry into the Bonin, Volcano, and Marcus Islands. In addition to the controls covered by this part, entry into these islands, the territorial sea thereof and airspace above is subject to local control by Commander in Chief, U.S. Pacific Fleet, as Military Governor.

(b) Entry into islands in the Kwajalein Atoll under military jurisdiction is controlled by the Department of the Army. Inquiries concerning entries into islands under military control in the Kwajalein Atoll should be directed to: NIKE–X Project Manager, U.S. Army Materiel Command, Redstone Arsenal, Ala.

(c) Entry into Bikini Atoll and Eniwetok Atoll is controlled by the Department of the Air Force. Inquiries concerning entries into Bikini Atoll and and Eniwetok Atoll should be directed to: Commander, Air Force Western Test Range, Vandenberg Air Force Base, Calif.

* * * * *

4. Section 761.5 is amended by revising paragraph (a) to read as follows:

§ 761.5 Definitions.

(a) *Defense area.* A naval defensive sea area, naval airspace reservation, or naval administrative area established by Executive order of the President, and the territorial sea thereof, and the Bonin, Volcano, and Marcus Islands and the territorial sea thereof.

* * * * *

5. Section 761.7 is amended by revising paragraph (d) to read as follows:

§ 761.7 Basic controls.

* * * * *

(d) *Trust Territory.* An authorization from the High Commissioner is required for all persons desiring to enter the Trust Territory, except for those areas under military jurisdiction where entry is controlled by the Department of the Army (Kwajalein Atoll) and the Department of the Air Force (Bikini Atoll and Eniwetok Atoll).

* * * * *

6. Section 761.9 is amended by revising paragraph (g) to read as follows:

§ 761.9 Entry Control Commanders.

* * * * *

(g) *Commander Hawaiian Sea Frontier.* Authorization for U.S. citizens and U.S. registered private vessels to enter Johnston Island, Midway Island, Kingman Reef, Kaneohe Bay Naval Defensive Sea Area, Pearl Harbor Defensive Sea Area, and Filipino workers employed by U.S. contractors to enter Wake Island (see also paragraph (j) of this section).

* * * * *

(R.S. 161, sec. 2152, 62 Stat. 799, sec. 5031, 70A Stat. 278, as amended; 5 U.S.C. 22, 10 U.S.C. 5031, 18 U.S.C. 2152; E.O. 11021 (27 F.R. 4409; 3 CFR, 1959–1963 Comp., p. 600))

By direction of the Secretary of the Navy.

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter III—Corps of Engineers, Department of the Army

PART 311—PUBLIC USE OF CERTAIN RESERVOIR AREAS

Abiquiu, Conchas, Jemez Canyon and Two Rivers Reservoir Areas, N. Mex.

The Secretary of the Army having determined that the use of the following reservoir areas by the general public for boating, swimming, bathing, fishing and other recreational purposes will not be contrary to the public interest and will not be inconsistent with operation and maintenance of the reservoirs for their primary purposes, hereby prescribes rules and regulations for their public use, pursuant to the provisions of section 4 of the Flood Control Act of 1944, as amended (76 Stat. 1195), adding the reservoirs to the list in § 311.1 as follows:

§ 311.1 Areas covered.

* * * * *

NEW MEXICO

Abiquiu Reservoir Area, Rio Chama.
Conchas Reservoir Area, Canadian River.
Jemez Canyon Reservoir Area, Jemez River.
Two Rivers Reservoir Area, Rio Hondo.

Title 43—PUBLIC LANDS: INTERIOR

Chapter II—Bureau of Land Management, Department of the Interior

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 3818]

[Oregon 016439, 016441]

OREGON

Revocation of National Forest Administrative Site Withdrawals

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. The departmental orders of November 17, 1906, November 23, 1906, December 31, 1907, January 24, 1908, April 25, 1908, May 26, 1908, and June 26, 1908, withdrawing national forest lands as administrative sites, are hereby revoked so far as they affect the following described lands:

WILLAMETTE MERIDIAN (OREGON 016439)

MALHEUR NATIONAL FOREST

Rosebud Ranger Station Administrative Site

T. 16 S., R. 28 E.,
Sec. 14, N½SW¼.

Dark Canyon Ranger Station Administrative Site

T. 16 S., R. 33 E.,
Sec. 9, W½SE¼.

Pearson Ranger Station Administrative Site

T. 17 S., R. 30 E.,
Sec. 35, W½NW¼.

MOUNT HOOD NATIONAL FOREST

Austin Meadows Administrative Site

T. 6 S., R. 6 E.,
Sec. 11, SW¼SW¼NW¼ and N½NW¼NW¼SW¼.

Eight-Mile Administrative Site

T. 2 S., R. 10 E.,
Sec. 25, E½NW¼NW¼SE¼, NE¼NW¼SE¼, W½NW¼NE¼SE¼, E½SW¼SW¼NE¼, SE¼SW¼NE¼, SE¼NW¼SW¼NE¼, S½NE¼SW¼NE¼, SW¼NW¼SE¼NE¼, and W½SW¼SE¼NE¼.

Camas Prairie Administrative Site

T. 5 S., R. 10 E.,
Sec. 16, W½NW¼;
Sec. 17, N½SE¼.

Gordon's Place Ranger Station Administrative Site No. 69

T. 4 S., R. 11 E.,
Sec. 25, E½SW¼, W½SE¼.

UMPQUA NATIONAL FOREST

Illahee Ranger Station Administrative Site

T. 26 S., R. 2 E.,
Sec. 13, metes and bounds (NW¼);
Sec. 14, metes and bounds (NE¼).

Illahee Guard Station Administrative Site

T. 26 S., R. 2 E.,
Sec 21, metes and bounds (NE¼);
Sec. 22, metes and bounds (NW¼).

Big Camas Ranger Station Administrative Site

T. 27 S., R. 3 E.,
Sec. 8, metes and bounds (SE¼);
Sec. 9, metes and bounds (NW¼SW¼);
Sec. 17, metes and bounds (NE¼SE¼).

The areas described aggregate 1,014.75 acres.

(OREGON 016441)

Lone Pine Administrative Site

T. 18 S., R. 18 E.,
Sec. 4, W½ of lot 3, W½SW¼NE¼, SE¼NW¼, and NE¼SW¼.
Containing 116.99 acres.

2. At 10 a.m., on October 16, 1966, the lands shall be open to such forms of disposition as may by law be made of national forest lands.

HARRY R. ANDERSON,
Assistant Secretary of the Interior.

SEPTEMBER 10, 1965.

Proposed Rule Making

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 16]

MACARONI AND NOODLE PRODUCTS

Proposed Definitions and Standards of Identity for Macaroni Products and Enriched Macaroni Products Containing Milk Solids Not Fat

Notice is hereby given that a petition has been filed by attorneys representing Milk Research, Inc., 500 North Park Avenue, Fond du Lac, Wis., 54935, and Marine Colloids, Inc., 2 Edison Place, Post Office Box 70, Springfield, N.J., 07081, proposing establishment of definitions and standards of identity for nonfat milk macaroni products and enriched nonfat milk macaroni products made with nonfat dry milk. Grounds set forth in the petition are that although a definition and standard of identity for milk macaroni (21 CFR 16.2) was established in 1944, very little if any is produced and made available to consumers because of storage problems associated with the amount of milk fat required to be present in the article by that standard. The advantages claimed for the nonfat milk macaroni products are that such foods have an improved taste and texture, cook faster, have better appearance and ability to retain their shape, and are more nutritious than macaroni products that do not contain milk solids.

The Commissioner of Food and Drugs proposes on his own initiative that other sources of milk solids not fat; namely, liquid skim milk, concentrated skim milk, condensed skim milk and evaporated skim milk, alone or in combination, be provided for if such proposed standards are established.

In the petition the names "nonfat milk macaroni products" and "enriched nonfat milk macaroni products" are used as designations for the new articles. The Commissioner of Food and Drugs, on his own initiative, proposes that the names "skim milk macaroni products" and "enriched skim milk macaroni products" be specified. In a letter concerning the petition the attorneys sponsoring it suggested that the notice invite views and comments on these names and also on the names "nonfat dry milk macaroni products" and "enriched nonfat dry milk macaroni products."

The proposed standards, as set forth in the petition, read as follows:

§ 16 Nonfat milk macaroni products; identity; label statement of optional ingredients.

(a) Nonfat milk macaroni products are the class of food each of which conforms to the definition and standard of identity, and is subject to the requirements for label statement of optional ingredients, prescribed for macaroni products by § 16.1(a) and (f) (2), (3), and (4), except that:

(1) Nonfat dry milk is used, in addition to the other required ingredients, in preparing the dough. The amount of nonfat dry milk used is not less than 12 percent and not more than 25 percent by weight of the finished nonfat milk macaroni product. Carrageenan or salts of carrageenan conforming to the requirements §§ 121.1066 and 121.1067 of this chapter may be used in a quantity not in excess of 0.833 percent by weight of the milk solids not fat used.

(2) None of the optional ingredients permitted by § 16.1(a) (1), (2), and (5) are used.

(b) Nonfat milk macaroni is the nonfat milk macaroni product the units of which conform to the specifications of shape and size prescribed for macaroni by § 16.1(b).

(c) Nonfat milk spaghetti is the nonfat milk macaroni product the units of which conform to the specifications of shape and size prescribed for spaghetti by § 16.1(c).

(d) Nonfat milk vermicelli is the nonfat milk macaroni product the units of which conform to the specifications of shape and size prescribed for vermicelli by § 16.1(d).

(e) The name of each food for which a definition and standard of identity is prescribed by this section is "nonfat milk macaroni product"; or, alternatively, the name is "nonfat milk macaroni," "nonfat milk spaghetti," or "nonfat milk vermicelli," as the case may be, when units of the food comply with the requirements of paragraph (b), (c), or (d), respectively, of this section.

§ 16 Enriched nonfat milk macaroni products; identity; label statement of optional ingredients.

(a) Enriched nonfat milk macaroni products are the class of food each of which conforms to the definition and standard of identity, and is subject to the requirements for label statement of optional ingredients, prescribed for macaroni products by § 16.1 (a) and (f) (2), (3), and (4), except that:

(1) Nonfat dry milk is used, in addition to the other required ingredients, in preparing the dough. The amount of nonfat dry milk used is not less than 12 percent, and not more than 25 percent, by weight of the finished enriched nonfat milk macaroni product. Carrageenan or the salts of carrageenan conforming to the requirements of §§ 121.1066 and 121.1067 of this chapter may be used in a quantity not in excess of 0.833 percent by weight of the milk solids not fat used.

(2) None of the optional ingredients permitted by § 16.1(a) (1), (2), and (5) are used.

(3) Each such food contains in each pound not less than 4 milligrams and not more than 5 milligrams of thiamine, not less than 1.7 milligrams and not more than 2.2 milligrams of riboflavin, not less than 27 milligrams and not more than 34 milligrams of niacin or niacinamide, and not less than 13 milligrams and not more than 16.5 milligrams of iron (Fe).

(4) Each such food may also contain as an optional ingredient partly defatted wheat germ, but the amount thereof does not exceed 5 percent by weight of the finished food.

(5) Each such food may be supplied, wholly or in part, with the prescribed quantity of any substance referred to in subparagraph (3) of this paragraph through the use of dried yeast, partly defatted wheat germ, enriched farina, or enriched flour, or through direct additions of any of the substances prescribed in that subparagraph. Iron may be added only in a form which is harmless and assimilable. The substances referred to in subparagraph (3) of this paragraph may be added in a harmless carrier which does not impair the enriched nonfat milk macaroni product, such carrier being used only in the quantity reasonably necessary to effect an intimate and uniform distribution of such substances in the finished enriched nonfat milk macaroni product.

(b) Enriched nonfat milk macaroni is the enriched nonfat milk macaroni product the units of which conform to the specifications of shape and size prescribed for macaroni by § 16.1(b).

(c) Enriched nonfat milk spaghetti is the enriched nonfat milk macaroni product the units of which conform to the specifications of shape and size prescribed for spaghetti by § 16.1(c).

(d) Enriched nonfat milk vermicelli is the enriched nonfat milk macaroni product the units of which conform to the specifications of shape and size prescribed for vermicelli by § 16.1(d).

(e) The name of each food for which a definition and standard of identity is prescribed by this section is "enriched nonfat milk macaroni product"; or, alternatively, the name is "enriched nonfat milk macaroni," "enriched nonfat milk spaghetti," or "enriched nonfat milk vermicelli," as the case may be, when the units of the food comply with the requirements of pargraph (b), (c) or (d), respectively, of this section.

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), all interested persons are invited to submit their views in writing regarding the proposal published herein. Such views and comments should be submitted, preferably in quintuplicate, addressed to

the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, within 60 days following the date of publication of this notice in the FEDERAL REGISTER.

Dated: September 8, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9889; Filed, Sept. 16, 1965; 8:50 a.m.]

[21 CFR Part 51]

CANNED ARTICHOKES

Notice of Proposal To List Ascorbic Acid as Optional Ingredient

Notice is given that Artichoke Industries, Inc., Castroville, Calif., has filed a petition proposing that the definition and standard of identity for canned vegetables other than those specifically regulated (21 CFR 51.990) be amended by listing ascorbic acid as an optional color-preservative ingredient for canned artichokes packed in glass containers, within quantitative limitations and with labeling as hereinafter indicated. It is proposed that § 51.990 be amended by adding to paragraphs (c) and (f) new subparagraphs, as follows:

§ 51.990 Canned vegetables other than those specifically regulated; identity; label statement of optional ingredients.

* * * * *

(c) * * *

(12) In the case of canned artichokes packed in glass containers, ascorbic acid may be added in a quantity not to exceed 32 milligrams per 100 grams of the finished food.

* * * * *

(f) * * *

(12) If the optional ingredient specified in paragraph (c)(12) of this section is present, the label shall bear the statement "ascorbic acid added as a preservative" or "ascorbic acid added to preserve color" or "ascorbic acid added to retain color."

* * * * *

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 401, 701, 52 Stat. 1046, 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 341, 371) and in accordance with the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.90), all interested persons are invited to submit their views in writing, preferably in quintuplicates, regarding the proposal published herein. Such views and comments should be addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, within 60 days following the date of publication of this notice in the FEDERAL REGISTER.

Dated: September 10, 1965.

MALCOLM R. STEPHENS,
Assistant Commissioner for Regulations.

[F.R. Doc. 65-9890; Filed, Sept. 16, 1965; 8:50 a.m.]

[21 CFR Parts 141e, 146e]

BACITRACIN AND BACITRACIN-CONTAINING DRUGS

Proposed Tests and Methods of Assay and Certification Procedure

As provided in section 507(f) of the Federal Food, Drug, and Cosmetic Act (sec. 507(f), 59 Stat. 463 as amended; 21 U.S.C. 357(f)), Dome Chemicals, Inc. 125 West End Avenue, New York, N.Y., 10023, has submitted a petition which in essence requests the establishment of regulations providing for the certification of the antibiotic drugs sterile bacitracin-neomycin sulfate-polymyxin B sulfate ophthalmic ointment and sterile bacitracin-neomycin sulfate-polymyxin B sulfate-hydrocortisone acetate ophthalmic ointment. On the basis of this petition, the Commissioner of Food and Drugs, under the authority above, which has been delegated to him by the Secretary of Health, Education, and Welfare (21 CFR 2.90), proposes to amend Parts 141e and 146e by adding thereto the following new sections:

§ 141e.433 Sterile bacitracin-neomycin sulfate-polymyxin B sulfate ophthalmic ointment; sterile bacitracin-neomycin sulfate-polymyxin B sulfate-hydrocortisone acetate ophthalmic ointment.

(a) *Potency*—(1) *Bacitracin content.* Proceed as directed in § 141e.409(a)(1). Its content of bacitracin is satisfactory if it contains not less than 90 percent and not more than 140 percent of the number of units of bacitracin per gram that it is represented to contain.

(2) *Polymyxin B content.* Proceed as directed in § 141e.409(a)(2), except calculate from the quantity of neomycin found (using the method prescribed in subparagraph (3) of this paragraph) the quantity of neomycin that would be present when the sample is diluted to contain 10 units of polymyxin B (labeled potency) per milliliter. Prepare the polymyxin standard curve by adding this calculated quantity of neomycin to each concentration of polymyxin used for the curve. Use this standard curve to calculate the polymyxin content of the sample. Its content of polymyxin B is satisfactory if it contains not less than 90 percent and not more than 140 percent of the number of units of polymyxin B that it is represented to contain.

(3) *Neomycin content.* Proceed as directed in § 141e.411(a)(2). Its content of neomycin is satisfactory if it contains not less than 90 percent and not more than 140 percent of the number of milligrams of neomycin that it is represented to contain.

(b) *Sterility.* Proceed as directed in § 141.2 of this chapter, using the method described in paragraph (e)(1) of that section, except:

(1) In lieu of diluting fluid A, prepare the following:

(i) *Diluting fluid.* Dispense 100-milliliter portions of isopropyl myristate into 250-milliliter flasks and sterilize by dry heat at 200° C. for 2 hours.

(ii) *Rinse medium.* Using ingredients that conform to the standards prescribed in the U.S.P. or N.F. if the name of any such ingredient appears in either compendium, prepare, sterilize, and dispense in flasks either of the following:

Peptic digest of animal tissue	2.5 gm.
Pancreatic digest of casein	2.5 gm.
Beef extract	3.0 gm.
Polysorbate 80	10.0 ml.
Sodium chloride	30.0 gm.
Distilled water, q.s.	1,000.0 ml.

pH 6.9±0.1 after sterilization.

or

Peptic digest of animal tissue	5.0 gm.
Beef extract	3.0 gm.
Polysorbate 80	10.0 ml.
Sodium chloride	30.0 gm.
Distilled water, q.s.	1,000.0 ml.

pH 6.9±0.1 after sterilization.

The medium may be prepared as described in this subdivision, or a dehydrated mixture may be used if it is composed of the same ingredients and yields a medium comparable thereto.

(2) Add 27.5 grams of sodium chloride, 1.0 gram of ascorbic acid, and 0.5 gram of polysorbate 80 to each liter of medium A.

(3) Add 30.0 grams of sodium chloride, 1.0 gram of ascorbic acid, and 0.5 gram of polysorbate 80 to each liter of medium E.

(4) Prepare the sample for filtration, and filter as follows: From each of 10 immediate containers aseptically transfer 0.1 gram to 100 milliliters of isopropyl myristate in a 250-milliliter flask which has previously been heated to a temperature of 47° C. Repeat the process, using 10 additional containers. Swirl both of the warmed flasks to dissolve the ointment. Immediately filter the solutions through two separate membrane filters. Rinse each filter five times with 100 milliliters of the rinse medium described in subparagraph (1)(ii) of this paragraph. (Some of the rinse medium should be added to the membranes before filtration and during the filtration procedure since the membranes should not be allowed to dry. Approximately 0.2 milliliter of the rinse medium is sufficient to moisten the membrane prior to filtration.)

(c) *Moisture.* Proceed as directed in § 141a.8(b) of this chapter.

§ 146e.433 Sterile bacitracin-neomycin sulfate-polymyxin B sulfate ophthalmic ointment; sterile bacitracin-neomycin sulfate-polymyxin B sulfate-hydrocortisone acetate ophthalmic ointment.

(a) *Standards of identity, strength, quality, and purity.* Sterile bacitracin-neomycin sulfate-polymixin B sulfate ophthalmic ointment is composed of bacitracin, neomycin sulfate, and polymyxin B sulfate in a petrolatum base. Sterile bacitracin-neomycin sulfate-polymyxin B sulfate-hydrocortisone acetate ophthalmic ointment is composed of bacitracin, neomycin sulfate, polymyxin B sulfate, and hydrocortisone acetate in a petrolatum base. Each gram of ointment contains 500 units of bacitracin, 3.5 milligrams of neomycin, 10,000 units of polymyxin B, and if it is represented to contain the steroid, either 5 milligrams or 10 milligrams of hydrocortisone acetate. They are sterile. Their moisture content is not more than 1 percent. The bacitracin used conforms to the standards prescribed therefor by § 146e.401(a). The neomycin sulfate used conforms to the standards prescribed therefor by § 148i.1(a)(1) of this

chapter. The polymyxin B sulfate used conforms to the standards prescribed therefor by § 148p.1(a)(1) of this chapter. Each other substance used, if its name is recognized in the U.S.P. or N.F., conforms to the standards prescribed therefor by such official compendium.

(b) *Packaging.* It shall be packaged in collapsible tubes which shall be well-closed containers as defined by the U.S.P., and which shall not be larger than the ⅛-ounce size.

(c) *Labeling.* In addition to the labeling requirements prescribed by § 1.106(b) of this chapter (regulations issued under section 502(f) of the act), each package shall bear on the outside wrapper or container and the immediate container the statement "Expiration date _____," the blank being filled in with the date that is not more than 12 months after the month during which the batch was certified.

(d) *Requests for certification; samples.* (1) In addition to complying with the requirements of § 146.2 of this chapter, a person who requests certification of a batch shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch marks and (unless they were previously submitted) the date(s) on which the latest assays of the antibiotics used in making such batch were completed, the quantity of each ingredient used in making the batch, the date on which the latest assays of the drugs comprising such batch were completed, and that each component of the ointment base used conforms to the requirements prescribed therefor by this section.

(2) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request results of the tests and assays listed after each of the following, made by him on an accurately representative sample of:

(i) The batch: Bacitracin content, neomycin content, polymyxin B content, sterility, and moisture.

(ii) The bacitracin used in making the batch: Potency, toxicity, pH, and ash content.

(iii) The neomycin sulfate used in making the batch: Potency, toxicity, pH, and identity.

(iv) The polymyxin B sulfate used in making the batch: Potency, toxicity, pH, residue on ignition, and identity.

(3) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request, in the quantities hereinafter indicated, accurately representative samples of the following:

(i) The batch:

(a) For all tests except sterility: One package for each 5,000 packages in the batch, but in no case less than seven packages, collected by taking single packages at such intervals throughout the entire time of packaging the batch that the quantities packaged during the intervals are approximately equal.

(b) For sterility testing: 20 packages collected at regular intervals throughout each filling operation.

(ii) The bacitracin used in making the batch: 10 packages, each containing approximately 300 milligrams.

(iii) The neomycin sulfate used in making the batch: 10 packages, each containing approximately 300 milligrams.

(iv) The polymyxin B sulfate used in making the batch: 10 packages, each containing approximately 300 milligrams.

(v) In case of an initial request for certification, each other ingredient used in making the batch: One package of each containing approximately 200 grams, except if a steroid is used, such package shall contain approximately 100 milligrams.

(4) Neither the results referred to in subparagraph (2) (ii), (iii), and (iv) of this paragraph nor the samples referred to in subparagraph (3) (ii), (iii), and (iv) of this paragraph is required if such results or samples have been previously submitted.

(e) *Fees.* The fees for the services rendered with respect to each batch under the regulations in this section shall be:

(1) $4.00 for each package in the samples submitted in accordance with paragraph (d)(3) (ii), (iii), (iv), and (v) of this section; $7.00 for each package in the sample submitted in accordance with paragraph (d)(3)(i)(a) of this section; $12.00 for all packages in the sample submitted for the initial sterility test, and $24.00 for all packages in the sample submitted for any repeat sterility test, if necessary, in accordance with § 141.2(f) of this chapter.

(2) If the Commissioner considers that investigations, other than examination of such packages, are necessary to determine whether or not such batch complies with the requirements of §.146.3 of this chapter for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8(d) of this chapter.

Any interested person may, within 30 days from the date of publication of this notice in the FEDERAL REGISTER, file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, written comments, preferably in quintuplicate, on this proposal. Comments may be accompanied by a memorandum or brief in support thereof.

Dated: September 9, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9891; Filed, Sept. 16, 1965; 8:50 a.m.]

POST OFFICE DEPARTMENT

[39 CFR Part 45]

APARTMENT HOUSE RECEPTACLES

Notice of Proposed Rule Making

Notice is hereby given of proposed rule making consisting of a proposed amendment of paragraph (a)(1) of § 45.6 of Title 39, Code of Federal Regulations. The present regulation requires mail receptacles to be installed in apartment houses, family hotels, residential flats, and business flats where there is a single entrance. This proposed amendment would extend the requirement to similar buildings having a single street number.

Although the procedures in 39 CFR 45.6 relate to a proprietary function of the Government, it is the desire of the Postmaster General voluntarily to observe the rule making requirements of the Administrative Procedure Act (5 U.S.C. 1003) in order that patrons of the postal service may present written data, views or arguments concerning the proposed amendment. Those who wish to may do so by filing them with the Director, Distribution and Delivery Division, Bureau of Operations, Post Office Department, Washington, D.C., 20260, at any time prior to the 30th day following the date of publication of this notice in the FEDERAL REGISTER.

The proposed § 45.6(a)(1) reads as follows:

§ 45.6 Apartment house receptacles.

(a) *Conditions requiring installation of receptacles.* (1) The delivery of mail in apartment houses, family hotels, residential flats, and business flats in residential areas, containing three or more apartments having a common street entrance or common street number, shall be contingent on the installation and maintenance of U.S. Post Office approved mail receptacles, one for each apartment, including resident manager and janitor, unless the management has arranged for the mail to be delivered at the office or desk for distribution by its employees. The cost of receptacles and their installation is paid for by the owner of the building.

* * * * *

NOTE: The corresponding Postal Manual section is 155.611.

(R.S. 161, as amended; 5 U.S.C. 22, 39 U.S.C. 501, 6003)

LOUIS J. DOYLE,
General Counsel.

[F.R. Doc. 65-9899; Filed, Sept. 16, 1965; 8:52 a.m.]

ATOMIC ENERGY COMMISSION

[10 CFR Parts 30, 32]

LICENSING OF BYPRODUCT MATERIAL

Proposed Exemption of Tritium Contained in Certain Items

By letters dated January 12, 1965, and May 13, 1965, Canrad Precision Industries, Inc., filed a petition with the Atomic Energy Commission requesting exemption from licensing requirements for tritium-luminous thermostats, radio dials, automobile shift quadrants and marine compasses. The petition specifies the following maximum tritium content for each item:

Item	*Maximum H^3 content millicuries*
Thermostats	25
Radio dials	15
Automobile shift quadrants	25
Marine compasses	750

The Commission has given careful consideration to the petition and is considering a finding that exemption from licensing requirements for the receipt, possession, use, transfer, export, ownership and acquisition of the specified products, under the conditions set out in the proposed amendments, will not constitute an unreasonable risk to the common defense and security and to the health and safety of the public.

The proposed amendments which follow would extend the current exemptions for tritium contained in timepieces, automobile lock illuminators and balances of precision to include tritium contained in the four additional items. To avoid needless repetition in the regulation, three present sections would be consolidated into a new revised section. This would be accomplished by deleting §§ 30.15, 30.16, and 30.17 and substituting a new § 30.15 which would set forth the exemption for all of the products.

The exemptions would not apply to the manufacture of these items. Specific licenses for such manufacture would be issued by the Commission under a proposed § 32.14 which would set forth the requirements for issuance of specific licenses common to each of the items. To simplify the regulation, the new § 32.14 would replace present §§ 32.14, 32.15, and 32.18. Similarly the requirements for quality control of manufactured products set forth in proposed § 32.15, and the requirements for reporting material transfer set forth in proposed § 32.16 would apply to each of the items. Present §§ 32.16, 32.17 and 32.19 would be deleted.

The proposed § 32.14 would omit the requirement in the present regulation (§§ 32.15(d)(2) and 32.18(d)(2)) that the radioactive material be incorporated in the automobile lock illuminator or balance of precision so as to preclude direct physical contact by any person with the tritium or promethium 147. This is already accomplished by the requirement set forth in present §§ 32.15 (b)(5) and (d)(3) and 32.18 (b)(4) and (d)(1) and in proposed § 32.14 (b)(4) (d)(1), that the method of incorporation and binding of the radioactive material in the product be such that the tritium or promethium 147 will not be released or be removed from the product under the most severe conditions which are likely to be encountered in normal use and handling.

The preliminary statement of § 32.40 would be revised to change the reference to § 32.15 to the proposed § 32.14. The prototype tests for automobile lock illuminators set forth in § 32.40 are not considered completely pertinent to automobile shift quadrants. Therefore, the prototype tests for shift quadrants, as well as those for balances of precision and marine compasses, would not be specified in the regulation. Applicants for specific licenses are required to submit proposed prototype tests by § 32.14(b)(4). The Division of Materials Licensing would either approve the tests proposed by the applicants or require submission of acceptable tests. The testing requirements would be incorporated into the specific licenses.

It is necessary to revise § 32.110(a) to delete reference to existing § 32.15. The wording of § 32.110(a) would also be revised to reference § 32.55 and the proposed § 32.15 which relate to quality control testing.

Part 32 does not presently require reports of the amount of tritium transferred as painted timepiece dials and hands. However, specific licensees have been required by license condition to report every six months the quantity of tritium which has been transferred and to identify by name each person to whom a quantity of tritium in excess of five curies has been transferred. The proposed § 32.16 would require this information to be filed annually, as a matter of regulation since the section would require reporting the transfer of tritium or promethium 147 in each category of product, including timepiece dials and hands, automobile lock illuminators and balances of precision, as well as the items proposed to be exempted herein.

Detailed safety analyses of the use of tritium were published in conjunction with notices of proposed rule making to exempt timepieces (25 F.R. 6302), automobile lock illuminators (26 F.R. 3571, 10472), and balances of precision (29 F.R. 4918), and to generally license aircraft safety devices (26 F.R. 8522). Except for additional amounts of tritium which will be released eventually to the environment, evaluation of the proposed amendments does not involve new considerations. It appears highly unlikely that releases of tritium from these and other consumer products would compare with the yearly production of several millions of curies from cosmic rays, an amount that accounts for less than one-hundred-thousandth of the total dose rate from all natural sources of radiation.

The Commission has determined that these items are intended for use by the general public. Accordingly, pursuant to § 150.15(a)(6) of 10 CFR Part 150—"Exemptions and Continued Regulatory Authority in Agreement States under Section 274", the transfer of their possession or control by the manufacturer, processor or producer is subject to the Commission's licensing and regulatory requirements even if the product is manufactured pursuant to an agreement State[1] license.

Pursuant to the Atomic Energy Act of 1954, as amended, and the Administrative Procedure Act of 1946, notice is hereby given that adoption of the following amendments to 10 CFR Parts 30 and 32 is contemplated. All interested persons who desire to submit written comments or suggestions for consideration in connection with the proposed amendments should send them to the Secretary, U.S. Atomic Energy Commission, Washington, D.C., 20545, within 60 days after publication of this notice in the FEDERAL REGISTER. Comments received after that period will be considered if it is practical to do so, but assurance of consideration cannot be given except as to comments filed within the period specified.

[1] A State to which the Commission has transferred certain regulatory authority over radioactive material by formal agreement, pursuant to section 274 of the Atomic Energy Act of 1954, as amended.

§§ 30.15–30.17 [Deleted]

1. Sections 30.15, 30.16, and 30.17 of 10 CFR Part 30 are deleted and a new § 30.15 is added to read as follows:

§ 30.15 Certain items containing tritium or promethium 147.

(a) Except for persons who apply tritium or promethium 147 to, or persons who incorporate tritium or promethium 147 into, the following products or persons who import for sale or distribution the following products containing tritium or promethium 147, any person is exempt from the requirements for a license set forth in section 81 of the Act and from the regulations in Parts 20 and 30–36 of this chapter to the extent that such person receives, possesses, uses, transfers, exports, owns, or acquires the following products:

(1) Timepieces or hands or dials containing not more than (i) 25 millicuries of tritium per timepiece, (ii) 5 millicuries per hand, or (iii) 15 millicuries per dial (bezels when used shall be considered as part of the dial).

(2) Lock illuminators containing not more than 15 millicuries of tritium or not more than 2 millicuries of promethium 147 installed in automobile locks. The levels of radiation from each lock illuminator containing promethium 147 will not exceed 1 millirad per hour at 1 centimeter from any surface when measured through 50 milligrams per square centimeter of absorber.

(3) Balances of precision containing not more than 1 millicurie of tritium per balance or not more than 0.5 millicurie of tritium per balance part.[1]

(4) Automobile shift quadrants containing not more than 25 millicuries of tritium.

(5) Marine compasses containing not more than 750 millicuries of tritium.

(6) Radio dials and pointers containing not more than 15 millicuries of tritium per radio.

(7) Thermostat dials and pointers containing not more than 25 millicuries of tritium per thermostat.

(b) Any person who desires to apply tritium or promethium 147 to, or to incorporate tritium or promethium 147 into, the products exempted in paragraph (a) of this section, or who desires to import for sale or distribution such products containing tritium or promethium 147, should apply for a specific license, pursuant to § 32.14 of this chapter, which license states that the product may be distributed by the licensee to persons exempt from the regulations pursuant to paragraph (a) of this section.

[1] Export shipment of precision balances is subject to the licensing authority and regulations of the Department of Commerce. Issuance of an exemption by the Atomic Energy Commission for export of tritium contained in balances of precision or the parts thereof does not relieve any person from complying with the licensing requirements and regulations of the Department of Commerce.

§§ 32.14, 32.15, 32.18 [Deleted]

2. Sections 32.14, 32.15, and 32.18 of 10 CFR Part 32 are deleted and a new § 32.14 is added to read as follows:

§ 32.14 Certain items containing tritium or promethium 147; requirements for license to apply or import.

An application for a specific license to apply tritium or promethium 147 to the products specified in § 30.15 of this chapter or to import such products containing tritium or promethium 147 for use pursuant to § 30.15 of this chapter will be approved if:

(a) The applicant satisfies the general requirements specified in § 30.33 of this chapter;

(b) The applicant submits sufficient information regarding the product pertinent to evaluation of the potential radiation exposure, including:

(1) Chemical and physical form and maximum quantity of tritium or promethium 147 in each product;

(2) Details of construction and design of each product;

(3) Details of the method of incorporation and binding of the tritium or promethium 147 in the product;

(4) Procedures for and results of prototype testing to demonstrate that the material will not become detached from the product and that the tritium or promethium 147 will not be released to the environment under the most severe conditions likely to be encountered in normal use of the product.

(5) Quality control procedures to be followed in the fabrication of production lots of the product to demonstrate that the product will meet the specifications established by the Commission for such product;

(6) Any additional information, including experimental studies and tests, required by the Commission to facilitate determination of the safety of the product.

(c) Each product will contain no more than the quantity of tritium or promethium 147 specified for that product in § 30.15 of this chapter. The levels of radiation from each product containing promethium 147 will not exceed the limits specified for that product in § 30.15 of this chapter.

(d) The Commission determines that:

(1) The method of incorporation and binding of the tritium or promethium 147 in the product is such that the radioactive material will not be released or be removed from the product under the most severe conditions which are likely to be encountered in normal use and handling. Tritium will be considered to be properly bound to dials, hands, and pointers if there is no visible flaking or chipping and the total loss of tritium does not exceed 5 percent of the total tritium when prototype dials, hands, and pointers are subjected to the following tests in the order specified below:

(i) Attachment of dials to a vibrating fixture and vibration at a rate of not less than 26 cycles per second and a vibration acceleration of not less than 2G for a period of not less than one hour; and

(ii) Attachment of the hub ends of the hands or pointers to a clamp and bending of hands or pointers over a one-inch diameter cylinder; and

(iii) Total immersion of the dials, hands and pointers used in the tests described in subdivisions (i) and (ii) of this subparagraph in 100 milliliters of water at room temperature for a period of 24 consecutive hours and analysis of the test water for its radioactive material content by liquid scintillation counting or other equally sensitive method.

(2) The product has been subjected to and meets the requirements of the prototype tests. Prototype tests for automobile lock illuminators are prescribed by § 32.40, Schedule A.

§ 32.16 [Deleted]

3. Section 32.16 is deleted and a new § 32.15 is added to read as follows:

§ 32.15 Same; quality control.

Each person licensed under § 32.14 shall:

(a) Maintain quality control in the manufacture of the part or product, or the installation of the part into the product;

(b) Subject production lots to such quality control tests as may be required as a condition of the license issued under § 32.14 sampled in accordance with § 32.110 and accept or reject production lots in accordance with the directions of § 32.110; and

(c) Visually inspect each device in production lots and reject any device which has an observable physical defect that could affect containment of the tritium or promethium 147.

§§ 32.17, 32.19 [Deleted]

4. Sections 32.17 and 32.19 are deleted and a new § 32.16 is added to read as follows:

§ 32.16 Same; material transfer reports.

Each person licensed under § 32.14 shall file an annual report with the Director, Division of Materials Licensing, U.S. Atomic Energy Commission, Washington, D.C., 20545, which shall state the total quantity of tritium or promethium 147 transferred to other persons under § 30.15 of this chapter during the reporting period. Such report shall identify by name and address all persons to whom a total of more than 5 curies of tritium or promethium 147 were distributed under § 30.15 of this chapter during the reporting period. Each report shall cover the year ending June 30 and shall be filed within 30 days thereafter.

5. The introductory paragraph of § 32.40 is amended to read as follows:

§ 32.40 Schedule A—Prototype tests for automobile lock illuminators.

An applicant for a license pursuant to § 32.14 to install lock illuminators into automobile locks, or to import lock illuminators in automobile locks for use pursuant to § 30.15 of this chapter shall conduct the following prototype tests on each of five prototype devices, consisting of the automobile lock with the installed illuminator in the following order:

* * * * *

6. Paragraph (a) of § 32.110 is amended to read as follows:

§ 32.110 Quality control sampling procedures under certain specific licenses.

(a) Each production lot of devices licensed under § 32.14 or § 32.53, for which quality control tests are required pursuant to § 32.15 or § 32.55, shall be sampled in accordance with Sampling Table A in this section. If the permissible number of rejects specified in Sampling Table A for a lot of that size is exceeded, all devices in that lot shall be sampled or the entire lot rejected. If ten (10) or more successive lots have been tested and none of them includes a larger number of rejects than specified in Sampling Table A, the succeeding lots may be sampled in accordance with Sampling Table B in this section.

* * * * *

(Sec. 81, 68 Stat. 935; 42 U.S.C. 2111; sec. 161, 68 Stat. 948; 42 U.S.C. 2201)

Dated at Germantown, Md., this 2d day of September 1965.

For the Atomic Energy Commission.

W. B. McCool,
Secretary.

Notices

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Nevada 066269]

NEVADA

Notice of Proposed Withdrawal and Reservation of Lands

SEPTEMBER 9, 1965.

The Federal Aviation Agency has filed the above application for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the mining laws.

The applicant desires the land for construction, operation and maintenance of a Remote Communications Air to Ground facility.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, Post Office Box 1551, Reno, Nev., 89505.

The Department's regulations (43 CFR 2311.1–3(c)) provide that the authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

The authorized officer will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the applicant agency.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant, a public hearing will be held at a convenient time and place, which will be announced.

The lands involved in the application are:

MOUNT DIABLO MERIDIAN, NEV.

T. 20 N., R. 18 E.,
Sec. 14, a portion of, more particularly described as follows:
Commencing at the common corner of sections 14, 15, 22, 23, T. 20 N., R. 18 E.;
Thence N. 09°39'39" E., 1,281.40 feet to the point of beginning;
Thence N. 05°04'10" E., 200 feet;
Thence S. 84°55'50" E., 200 feet;
Thence S. 05°04'10" W., 200 feet;
Thence N. 84°55'50" W., 200 feet to the point of beginning.

The area described above contains approximately 0.918 acre.

DANIEL P. BAKER,
Manager.

By: DONALD I. BAILEY,
Acting Manager.

[F.R. Doc. 65-9865; Filed, Sept. 16, 1965; 8:46 a.m.]

[Oregon 016753]

OREGON

Notice of Proposed Withdrawal and Reservation of Land

SEPTEMBER 10, 1965.

The Corps of Engineers, U.S. Department of the Army, has filed an application, Serial Number Oregon 016753, for the withdrawal of the lands described below, from all forms of appropriation under the public land laws, including the mining laws (Chap. 2, 30 U.S.C.) and mineral leasing laws.

The applicant desires to use the land for flood control, irrigation, hydroelectric power generation, and other authorized purposes in connection with the Elk Creek Reservoir Project on Elk Creek, a tributary of the Rogue River.

For a period of 30 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, 710 Northeast Holladay, Portland, Oreg., 97232.

The authorized officer of the Bureau of Land Management will undertake such investigations as are necessary to determine the existing and potential demand for the lands and their resources. He will also undertake negotiations with the applicant agency with the view of adjusting the application to reduce the area to the minimum essential to meet the applicant's needs, to provide for the maximum concurrent utilization of the lands for purposes other than the applicant's, to eliminate lands needed for purposes more essential than the applicant's, and to reach agreement on the concurrent management of the lands and their resources.

He will also prepare a report for consideration by the Secretary of the Interior who will determine whether or not the lands will be withdrawn as requested by the Corps of Engineers.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The lands involved in the application are:

SOUTHWESTERN POWER ADMINISTRATION

[SPA General Order No. 218, Revised]

CONTRACTING AND PROCUREMENT

Redelegations of Authority and Instructions

AUGUST 25, 1965.

SPA General Order No. 218, dated July 30, 1965 (30 F.R. 9832), is revised in its entirety to read as follows:

Sec.
1 Authority.
2 Purpose.
3 Procurement contracts (general).
4 Construction contracts.
5 Power contracts.
6 Real estate acquisitions.
7 Small purchases, $500 or less.
8–9 [Reserved for future redelegations]
10 General delegations.
11–13 [Reserved for administrative instructions]
14 Limitations.
15 Redelegations.

SECTION 1. *Authority.* This Order is issued pursuant to the authority granted by the Secretary of the Interior in Order No. 2509, as amended (22 F.R. 5778); Order No. 2850 (24 F.R. 3615); 205 DM 9.4 (26 F.R. 3543); 205 DM 11.1 (26 F.R. 11748); 205 DM 11.4 (27 F.R. 9359); 270 DM 2.1 (29 F.R. 18017); and 270 DM 2.2

(28 F.R. 6198), as superseded by publications in the FEDERAL REGISTER.

SEC. 2. *Purpose.* To redelegate authority to (a) enter into procurement contracts and amendments or modifications thereof; (b) lease physical facilities; (c) dispose of personal property; (d) to acquire real property and interests in real property, including electric utility facilities as necessary for the Administration's program; (e) reimburse expenses and other losses and damages incurred by owners and tenants of lands acquired for the Administration's program; and (f) enter into contracts for the sale or interchange of electric power and energy.

SEC. 3. *Procurement contracts (general).* The Chief, Division of Administrative Services, the Assistant Chief, Division of Administrative Services, the Chief, Branch of Supply, the Procurement Officer, and the Procurement Agent in the Branch of Supply, are designated Contracting Officers and are authorized to:

(a) Enter into procurement contracts and amendments or modifications thereof for supplies or services, including construction contracts, except for authority to award, administer, and terminate construction contracts as specifically assigned to others in section 4 hereof (205 DM 11.1, 26 F.R. 11748); acquire electric utility facilities, including land upon which they are located and used incident thereto (270 DM 2.1, 29 F.R. 18017); lease special purpose space and facilities (Secretary's Order No. 2509, as amended, 22 F.R. 5778); and make all determinations, findings, and commitments incident to disposal of surplus personal property (205 DM 9.4, 26 F.R. 3543).

(b) Negotiate and enter into contracts without advertising pursuant to the provisions of section 302(c), 1 to 14 inclusive, of the Federal Property and Administrative Services Act of 1949, as amended, subject to the provisions and limitations of 205 DM 11.4 A, B, C, and D (27 F.R. 9359).

SEC. 4. *Construction contracts.* The Chief, Division of Power, the Assistant Chief, Division of Power, the Chief, Branch of Construction, and the Contract Specialist in the Branch of Construction are designated Contracting Officers and are authorized to award, administer, and terminate procurement contracts developed through negotiation or advertising for competitive sealed bids for construction of electric transmission lines, related facilities, and supplies and services for construction projects, including amendments and modifications thereof (205 DM 11.1, 26 F.R. 11748). This authority extends to all related actions subsequent to award except as assigned to others in section 3 hereof.

SEC. 5. *Power contracts.* The Chief, Division of Power, the Assistant Chief, Division of Power, the Assistant to Chief, Division of Power, and the Chief, Branch of Customer Service are authorized, subject to applicable statutes, executive orders, and directives of the Secretary of the Interior, to exercise the authority delegated to the Adminstrator, Southwestern Power Administration, by the Secretary of the Interior under 270 DM 2.1 (29 F.R. 18017) and 270 DM 2.2 (28 F.R. 6198), to enter into contracts for the sale or interchange of electric power and energy.

SEC. 6. *Real estate acquisitions.* The Chief, Division of Power, the Assistant Chief, Division of Power, and the Chief, Branch of Land Acquisition are designated Contracting Officers and are authorized to:

(a) Negotiate and execute agreements for acquisition of real estate, interests in real estate, and other rights and privileges pertaining thereto, necessary for the Administration's program, except as specifically assigned to others in sec. 3.01 of this order.

(b) Determine reimbursements to which owners, or tenants of lands acquired for the Administration's program, may be entitled for expenses, losses, and damages incurred by them for moving as is directly occasioned by such acquisition and approve payment therefor (Secretary's Order No. 2840, 24 F.R. 3615).

SEC. 7. *Small purchases, $500 or less.* The Assistant Administrator (Washington), Personal Assistant (Washington), Chief, Branch of Office Services, Purchasing Agents, Foremen, Clerks (maintenance depots), Reproduction Assistant, Chief Dispatcher, Construction Engineers, Realty Officer, Realty Specialists and Appraisers, are authorized to purchase supplies and nonpersonal services over-the-counter, in amounts not to exceed $500, by simplified small purchase procedures direct from commercial sources through charge accounts, use of U.S. Government Purchase Order-Invoice-Voucher (Standard Form 44), Imprest Funds, blanket purchase agreements, or otherwise, to meet emergency, occasional, or special needs (205 DM 11.1, 26 F.R. 11748).

SEC. 8–9. [Reserved for future redelegations]

SEC. 10–14. [Related to internal management and not published in the FEDERAL REGISTER]

SEC. 15. *Redelegations.* The authority granted herein may not be redelegated.

DOUGLAS G. WRIGHT,
Administrator.

[Consolidated Docket No. FDC-D68 (A-E)]

C. B. KENDALL CO. ET AL.

Notice of Withdrawal of Approval of New-Drug Applications

On May 3, 1965, the Commissioner of Food and Drugs issued a notice of opportunity for hearing (30 F.R. 6445) on his proposal to issue an order withdrawing approval of the following three new-drug applications and all amendments and supplements thereto:

A. NDA 1-228, Potassium Chloride, Enteric Coated, 5, 7½, and 10 grains, held by C. B. Kendall Co., Indianapolis, Ind.

B. NDA 1-628, Entotab Potassium Chloride, 5 grains, held by S. R. Seaver & Co., North Kansas City, Mo.

C. NDA 1-686, Seal-Ins of Potassium Chloride, 5 grains and 10 grains, held by Seal-Ins Laboratories, Inc., Los Angeles, Calif.

By letter of April 20, 1965, Winthrop Laboratories, 90 Park Avenue, New York, N.Y., the present holder of new-drug application number 1-449, as amended, formerly held by Frederick Stearns & Co., Detroit, Mich., applying to the drug "Potassium Chloride Tablets, 5 grains, Enteric Coated" and by letter of April 20, 1965, Endo Products Co., New York, N.Y., the applicant for and the holder of new-drug application number 1-550, as amended, applying to the drug "Tablets Potassium Chloride, 5 grains, Enteric Coated" requested withdrawal of approval of their said applications and thereby waived notice of hearing as provided by section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), and the regulations appearing in Title 21, Code of Federal Regulations, Part 130, prior to such withdrawal.

This proposed action to withdraw approval was based on the following grounds:

1. New evidence of clinical experience not contained in such applications or not available to the Commissioner until after such applications were approved and tests by new methods and tests by methods not deemed reasonably applicable when such applications were approved, evaluated together with the evidence available when the applications were approved, show that such drugs are not shown to be safe for use under the conditions of use upon the basis of which the applications were approved.

2. New evidence of clinical experience shows that the use of such drugs is associated with nonspecific small-bowel lesions consisting of stenosis, with or without ulceration, and that such small-bowel lesions have caused obstruction, hemorrhage, and perforation, necessitated surgery, and have resulted in deaths. Tests by new methods and tests by methods not deemed reasonably applicable when such applications were approved include studies in monkeys showing that the use of such drugs causes nonspecific small-bowel lesions consisting of stenosis with ulceration similar to the lesions associated with the clinical use of the drugs.

The notice of opportunity for hearing was sent by certified mail to the C. B. Kendall Co., Indianapolis, Ind., S. R. Seaver & Co., North Kansas City, Mo., and Seal-Ins Laboratories Inc., Los Angeles, Calif., and was published in the FEDERAL REGISTER of May 8, 1965 (30 F.R. 6445).

Pursuant to § 130.14 of the new-drug regulations (21 CFR 130.14) and the terms of the notice of opportunity for hearing, the new-drug applicants were allowed 30 days from the date of publication of the notice to file a written appearance stating their election to avail themselves of a hearing or not. Failure of such persons to file such a written appearance of election within the time period allowed is construed as an election not to avail themselves of the opportunity for a hearing.

No written appearances have been filed by the above-named new-drug applicants to which the notice of opportunity of a hearing was mailed and the other applicants have waived notice of hearing.

The Commissioner of Food and Drugs, by virtue of the authority vested in the Secretary of Health, Education, and Welfare by the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505(e), 52 Stat. 1053; 21 U.S.C. 355(e)) and delegated to the Commissioner by the Secretary (21 CFR 2.90), finds that, on the basis of new evidence of clinical experience not contained in the above-identified new-drug applications and not available to the Commissioner until after such applications were approved and tests by new methods and tests by methods not deemed reasonably applicable when such applications were approved, evaluated together with the evidence available when the said applications were approved, the drugs Potassium Chloride, Enteric Coated, 5, 7½, and 10 grains covered by NDA 1-228; Entotab Potassium Chloride, 5 grains, covered by NDA 1-628; Seal-Ins of Potassium Chloride, 5 grains and 10 grains, covered by NDA 1-686; Potassium Chloride Tablets, 5 grains, Enteric Coated, covered by NDA 1-449; and Tablets Potassium Chloride, 5 grains, Enteric Coated, covered by NDA 1-550, are not shown to be safe for use under the conditions of use upon the basis of which these applications were approved.

The Commissioner further finds that the new evidence of clinical experience shows that the use of these drugs is associated with nonspecific small-bowel lesions consisting of stenosis, with or without ulceration, and that such small-bowel lesions have caused obstruction, hemorrhage, and perforation, necessitating surgery, and have resulted in deaths. Tests by new methods and tests by methods not deemed reasonably applicable when such applications were approved include studies in monkeys showing that the use of these drugs cause nonspecific small-bowel lesions consisting of stenosis with ulceration, similar to the lesions associated with the clinical use of the drugs.

Therefore, based on the foregoing findings of fact, the approval of NDA 1-228 applying to Potassium Chloride, Enteric Coated, 5, 7½, and 10 grains, held by C. B. Kendall Co., Indianapolis, Ind.; NDA 1-628 applying to Entotab Potassium Chloride, 5 grains, held by S. R. Seaver & Co., North Kansas City, Mo.; NDA 1-686 applying to Seal-Ins of Potassium Chloride, 5 grains and 10 grains, held by Seal-Ins Laboratories, Inc., Los Angeles, Calif.; NDA 1-449 applying to Potassium Chloride Tablets, 5 grains, Enteric Coated, held by Winthrop Laboratories, New York, N.Y.; and NDA 1-550 applying to Tablets Potassium Chloride, 5 grains, Enteric Coated, held by Endo Products Co., New York, N.Y., is withdrawn, effective on the date of signature of this document.

(Sec. 505(e), 52 Stat. 1053; 21 U.S.C. 355(e))

Dated: September 9, 1965.

GEO. P. LARRICK,
Commissioner of Food and Drugs.

[F.R. Doc. 65-9895; Filed, Sept. 16, 1965; 8:51 a.m.]

DEPARTMENT OF COMMERCE

Bureau of International Commerce

[File 24(65)-4 etc.]

JOSEPH LEWO AND J. L. INTERNATIONAL, LTD.

Order Further Extending Temporary Denial of Export Privileges

In the matter of Joseph Lewo, also known as Joseph Jeuda Levos, Joseph Levo, Joseph Liebow, 1400 Pine Avenue West, Montreal, Quebec, Canada, respondent; J. L. International, Ltd. (formerly called Jaymor Enterprises, Inc.), CANEX, Ltd., 1400 Pine Avenue West, Montreal, Quebec, Canada, related parties; File 24(65)-4 et al.

An order temporarily denying export privileges for a period of 60 days was issued against the above-named respondent and related parties on May 20, 1965 (30 F.R. 7051). Said order was issued in connection with an investigation instituted by the Investigations Division, Office of Export Control, Bureau of International Commerce, into activities of said respondent; In participating with Pierre Emile Marie Contresty, who is subject to an order denying export privileges, in transactions involving U.S.-origin commodities; in participating in transactions involving U.S.-origin commodities with knowledge that violations of the U.S. Export Regulations are intended to occur; and in participating in reexportations, transshipments, and diversions of U.S.-origin commodities to Cuba in violation of the U.S. Export Regulations. On the evidence presented there was reasonable basis to believe that said respondent had been involved in such activities and would continue such conduct in contravention of the U.S. Export Control Act and Regulations unless U.S. export privileges were temporarily denied.

On application of the Director of said Investigations Division, said Temporary Denial Order was extended for an additional 60 days on July 13, 1965 (30 F.R. 9018). The Director of said Investigations Division has now applied for a further extension of the Temporary Denial Order. The matter has been considered

by the Compliance Commissioner, and he has reported his recommendation to me that the present Temporary Denial Order be further extended for 45 days. He has found that such extension is reasonably necessary to protect the public interest and for effective enforcement of the law. I confirm these findings.

The determination in the Temporary Denial Order of May 20, 1965, that the firms known as J. L. International, Ltd. (formerly called Jaymor Enterprises, Inc.) and CANEX, Ltd. are related parties to the respondent, is hereby confirmed. All of the prohibitions and restrictions of this order are applicable to said firms as though each was named as a respondent herein.

It is hereby ordered:

I. The provisions and restrictions of the Temporary Denial Order issued on May 20, 1965 (30 F.R. 7051), and extended on July 13, 1965 (30 F.R. 9018), are hereby continued in full force and effect.

II. The respondent, his successors or assigns, partners, representatives, agents, and employees hereby are denied all privileges of participating, directly or indirectly, in any manner or capacity, in any transaction involving commodities or technical data exported from the United States in whole or in part, or to be exported, or which are otherwise subject to the Export Regulations. Without limitation of the generality of the foregoing, participation prohibited in any such transaction, either in the United States or abroad, shall include participation, directly or indirectly, in any manner or capacity: (a) As a party or as a representative of a party to any validated export license application; (b) in the preparation or filing of any export license application or reexportation authorization, or any document to be submitted therewith; (c) in the obtaining or using of any validated or general export license or other export control document; (d) in the carrying on of negotiations with respect to, or in the receiving, ordering, buying, selling, delivering, storing, using, or disposing of any commodities or technical data in whole or in part exported or to be exported from the United States; and (e) in the financing, forwarding, transporting, or other servicing of such commodities or technical data.

III. Such denial of export privileges shall extend not only to the respondent, but also to his agents and employees and to any successor and to any person, firm, corporation, or business organization with which he now or hereafter may be related by affiliation, ownership, control, position of responsibility, or other connection in the conduct of trade or services connected therewith.

IV. This order continues in full force and effect the temporary denial order which was entered on May 20, 1965, and extended on July 13, 1965, and shall remain in effect for a period of 45 days from the expiration of said extended order unless it is hereafter extended, amended, modified, or vacated in accordance with the provisions of the United States Export Regulations.

V. No person, firm, corporation, partnership or other business organization, whether in the United States or elsewhere, without prior disclosure to and specific authorization from the Bureau of International Commerce, shall do any of the following acts, directly or indirectly, or carry on negotiations with respect thereto, in any manner or capacity, on behalf of or in any association with the respondent or any related party, or whereby the respondent or related party may obtain any benefit therefrom or have any interest or participation therein, directly or indirectly: (a) Apply for, obtain, transfer, or use any license, Shipper's Export Declaration, bill of lading, or other export control document relating to any exportation, reexportation, transshipment, or diversion of any commodity or technical data exported or to be exported from the United States, by, to, or for any such respondent or related party denied export privileges; or (b) order, buy, receive, use, sell, deliver, store, dispose of, forward, transport, finance, or otherwise service or participate in any exportation, reexportation, transshipment, or diversion of any commodity or technical data exported or to be exported from the United States.

VI. A copy of this order shall be served upon the respondent and each related party.

VII. In accordance with the provisions of Section 382.11(c) of the Export Regulations, the respondent or any related party may move at any time to vacate or modify this temporary denial order by filing an appropriate motion therefor, supported by evidence, with the Compliance Commissioner and may request an oral hearing thereon which, if requested, shall be held before the Compliance Commissioner in Washington, D.C., at the earliest convenient date.

Dated: September 15, 1965.

RAUER H. MEYER,
Director, Office of Export Control.

ATOMIC ENERGY COMMISSION

[Docket No. 27-39]

CALIFORNIA NUCLEAR, INC.

Notice of Issuance of Byproduct, Source, and Special Nuclear Material License Amendment

Please take notice that the Atomic Energy Commission has this date issued Amendment No. 2 to License No. 13-10042-1. The amendment is as set forth in the notice of proposed issuance published in the FEDERAL REGISTER on August 10, 1965, 30 F.R. 9963.

Pursuant to such notice, on August 24, 1965, Nuclear Engineering Co., Inc., Walnut Creek, Calif., filed a request for a hearing on the proposed amendment. The request for hearing was denied by the Atomic Energy Commission by order dated September 10, 1965.

Dated at Bethesda, Md., September 10, 1965.

For the Atomic Energy Commission.

J. A. MCBRIDE,
Director, Division of Materials Licensing.

[F.R. Doc. 65-9854; Filed, Sept. 16, 1965; 8:45 a.m.]

[Docket No. 50-18]

GENERAL ELECTRIC CO.

Notice of Issuance of Facility License Amendment

Please take notice that the Atomic Energy Commission has issued, effective as of the date of issuance, Amendment No. 18, set forth below, to Facility License No. DPR-1. The amendment authorizes General Electric Company to possess but not operate the retired Vallecitos Boiling Water Reactor, located at Vallecitos Atomic Laboratory, Alameda County, California, in the condition described in the "Final Report on Deactivation of Vallecitos Boiling Water Reactor" dated February 5, 1965.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the applicant may file a request for a hearing, and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for a hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's rules of practice (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) the related safety evaluation prepared by the Test and Power Reactor Safety Branch of the Division of Reactor Licensing and (2) the licensee's application for license amendment dated February 9, 1965, both of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (1) above may be obtained at the Commission's Public Document Room, or upon request, addressed to the Atomic Energy Commission, Washington, D.C., 20545, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Md., this 9th day of September 1965.

For the Atomic Energy Commission.

R. L. DOAN,
Director,
Division of Reactor Licensing.

[License No. DPR-1; Amdt. No. 18]

License No. DPR-1 is amended in its entirety to read as follows:

1. This license applies to the nuclear reactor designated by the General Electric Co. as the "Vallecitos Boiling Water Reactor" (hereinafter referred to as "the facility") which is owned by the Company and located in its Vallecitos Atomic Laboratory at Ala-

media County, Calif., and for which Construction Permit No. CPPR-3 was issued by the Commission on May 14, 1956.

2. The Commission has found that:

a. The application for amendment complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Chapter 1, CFR;

b. The issuance of the amendment will not be inimical to the common defense and security or to the health and safety of the public;

c. Prior public notice of proposed issuance of this amendment is not required since the amendment does not involve significant hazards considerations different from those previously evaluated; and

d. There is reasonable assurance that the reactor can be possessed at the designated location without endangering the health and safety of the public.

3. Subject to the conditions and requirements incorporated herein, the Commission hereby licenses General Electric:

a. Pursuant to section 104b of the Act and Title 10, CFR, Chapter 1, Part 50, "Licensing of Production and Utilization Facilities", to possess, but not to operate, the facility in the condition described in the Final Report on Deactivation of Vallecitos Boiling Water Reactor dated February 5, 1965.

b. Pursuant to the Act and Title 10, CFR, Chapter 1, Part 30, "Licensing of Byproduct Material", to possess, but not to separate, such byproduct material as may be contained in the structural parts of the facility.

4. Pursuant to the Act and Title 10, CFR, Chapter 1, Part 20, "Standards for Protection Against Radiation", General Electric is exempted from the requirements of § 20.203 (c)(2) for a visible or audible control device in high radiation areas of the VBWR provided that an audible control device is maintained on the doors to the containment building.

5. This license shall be deemed to contain and be subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect; and is subject to the additional conditions specified or incorporated below:

a. General Electric shall not reactivate the facility without prior approval of the Commission.

b. General Electric shall not dispose of the facility or the property occupied by the facility without prior approval of the Commission, except that General Electric may dispose of any component parts or devices from the VBWR facility in accordance with the provisions of 10 CFR Part 20.

c. Records: In addition to those required by applicable AEC regulations, including § 20.401 of 10 CFR Part 20, General Electric shall keep the following records:

(1) Records of annual inspections of the deactivated facility including the results of surveys of radioactivity levels.

(2) Records showing radioactivity released or discharged into the air or water beyond the effective control of General Electric as measured at the point of such release or discharge.

d. Reports: In addition to those required by applicable AEC regulations, General Electric shall submit the following reports:

(1) A report of any indication or occurrence of a possible unsafe condition relating to the facility or to the public. For each occurrence, General Electric shall promptly notify by telephone or telegraph the Director of the appropriate AEC Regional Compliance Office listed in Appendix D of 10 CFR 20 and shall submit within 10 days a report in writing to the Director, Division of Reactor Licensing, with a copy to the Regional Compliance Office.

(2) An annual report of the status of the deactivated facility, including the results of the surveys of radioactivity levels. The first such report shall be submitted to the Director, Division of Reactor Licensing on February 15, 1966, and succeeding reports within 60 days after each annual inspection is completed.

6. This license is effective as of the date of issuance and shall expire at midnight, May 14, 1973, unless extended for good cause shown.

Date of issuance: September 9, 1965.

For the Atomic Energy Commission.

Director,
Division of Reactor Licensing.

RADIO CONTROLS FOR GARAGE DOOR OPENERS

Industry-Government Technical Conference

SEPTEMBER 10, 1965.

A Technical Conference will be held at the offices of the Federal Communications Commission (in Room 7134, New Post Office Building, 12th Street and Pennsylvania Avenue NW., Washington, D.C.) at 10 a.m., on Monday, October 11, 1965, to discuss the problems involved in implementing the Commission's First Report and Order in Docket 15657 which, in essence, requires radio controls for door openers to vacate the frequency 243 Mc and the frequency band 265–285 Mc.

This conference will be devoted to a discussion and analysis of the technical problems involved and will seek to develop a solution satisfactory to industry and to the Government agencies concerned with aviation safety. Industry is requested to confine its conference representation to not more than one or two persons per company, and all persons attending should be prepared to discuss the technical aspects of this problem. The conference agenda will be:

1. The aeronautical interference situation:
(a) Kinds of interference noted.
(b) Levels of signals measured.
(c) Detection and identification of interfering signals.
(d) Actions taken against radio controls causing interference.
2. Measures to alleviate the interference situation:
(a) FCC's First Report and Order prohibits radiation 243 Mc or in band 265–285 Mc.
(b) Possible alternatives.
3. Industry's presentations regarding tolerable levels of radiation:
(a) On safety frequencies.
(b) On radionavigation frequencies.
(c) On voice communication frequencies.
4. Certification requirements to assure that devices comply with FCC requirements:
(a) Measurement techniques and procedures.
5. Remote control system design and requirements:
(a) Use of non-radiating receivers (TRF receivers).
(b) Use of superheterodyne receivers.

Time permitting, other problems involved in the regulation and operation of radio controls for door openers will be discussed.

It will be helpful if persons planning to attend will send notification to: Federal Communications Commission, Attention: Chief Engineer, Washington, D.C., 20554.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

FEDERAL MARITIME COMMISSION

ATLAS AGENCIES, INC., ET AL.

Notice of Agreements Filed for Approval

Notice is hereby given that the following freight forwarder cooperative working agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreements at the Washington office of the Federal Maritime Commission, 1321 H Street NW., Room 301. Comments with reference to an agreement including a request for hearing, if desired, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, within 20 days after publication of this notice in the FEDERAL REGISTER. A copy of any such statement or request for a hearing should also be forwarded to each of the parties to the agreement (as indicated hereinafter), and the comments should indicate that this has been done.

Unless otherwise indicated, these agreements are nonexclusive, cooperative working agreements under which the parties may perform freight forwarding services for each other. Forwarding and service fees are to be agreed upon on each transaction. Ocean freight compensation is to be divided as agreed between the parties.

Agreement FF–2637 between The W. P. Neth Co., Inc., New York, N.Y., and The A. W. Fenton Co., Inc., Cleveland, Ohio, is a cooperative working arrangement whereunder The W. P. Neth Co., Inc. will pay a specific sum to The A. W. Fenton Co., Inc. for the single service of clearing export declarations out of the port of Cleveland on their behalf. All other services to be performed by the W. P. Neth Co., Inc., in New York. Both parties agree that ocean freight brokerage is not to be divided.

Agreement FF–2641 between The W. P. Neth Co., Inc., New York, N.Y., and C. H. Powell, Inc., Boston, Mass., is a cooperative working arrangement whereunder The W. P. Neth Co., Inc. will pay a specific sum to C. H. Powell, Inc. for the single service of clearing export declarations out of the port of Boston on their behalf. All other services to be performed by the W. P. Neth Co., Inc. in New York. Both parties agree that ocean freight brokerage is not to be divided.

Agreement FF–2648 between Regal Shipping Corp., New York, N.Y., and Wilk Forwarding Co., Jacksonville, Fla., is a cooperative working arrangement whereunder forwarding and service fees are subject to negotiation and agreement on each transaction depending upon the services to be performed. Ocean freight compensation is to be shared by the parties as may be agreed by them on each shipment.

Agreement FF–2649 between Metro Shipping Corp., New York, N.Y., and A. W. Fenton Co., Inc., Cleveland, Ohio, is a cooperative working arrangement whereunder forwarding and service fees are subject to negotiation and agree-

ment on each transaction depending upon the services to be performed. There is no division of ocean freight compensation. The originating forwarder is to keep the entire amount.

Agreement FF-2650 between Metro Shipping Corp., New York, N.Y., and Wilk Forwarding Co., Jacksonville, Fla., is a cooperative working arrangement whereunder forwarding and service fees are subject to negotiation and agreement on each transaction depending upon the services to be performed. Ocean freight compensation is to be shared by the parties as may be agreed upon by them on each shipment.

Dated: September 14, 1965.

FEDERAL POWER COMMISSION

[Project No. 2082]

PACIFIC POWER & LIGHT CO.

Notice of Land Withdrawal; Oregon

SEPTEMBER 13, 1965.

Conformable to the provisions of section 24 of the Act of June 10, 1920, as amended, notice is hereby given that the lands hereinafter described insofar as title thereto remains in the United States, are included in power Project No. 2082 for which application for amendment of license (major) was filed March 29, 1965, and supplemental revision was filed May 26, 1965, by Pacific Power & Light Co., Portland, Oreg. Under said section 24 these lands are from the dates of filing of said application and supplemental revision, reserved from entry, location or other disposal under the laws of the United States until otherwise directed by this Commission or by Congress.

WILLAMETTE MERIDIAN, OREGON

A strip of land four hundred feet wide on the left bank of the Klamath River as delimited on map, Exhibit K-8 sheet 1 revised, entitled "Klamath River Project—Keno Development" (FPC No. 2082-176) and more particularly described in Exhibit F-7 revised, embracing the following acquired lands of the United States:

T. 39 S., R. 7 E.,
Sec. 36,
Part of lot 8 (13.30 acres);
Part of lot 9 (17.70 acres);
Part of lot 10 (21.30 acres);
Part of lot 11 (12.00 acres);
Part of lot 12 (7.90 acres); and
Part of lot 13 (12.10 acres).

The total area of U.S. land reserved pursuant to the filing of this application is 84.30 acres acquired by the Bureau of Reclamation, Department of the Interior.

Copies of project maps, Exhibit J, K-8 sheet 2, K-8 sheet 3 (FPC Nos. 2082-163, -165, and -166, respectively), K-8 sheet 1 revised (FPC No. 2082-176) and Exhibit F-7 revised, have been transmitted to the Bureau of Land Management, Bureau of Reclamation and the Geological Survey, Department of the Interior.

JOSEPH H. GUTRIDE,
Secretary.

Sec. 20, NW¼NE¼, *SW¼NE¼*.

NOTE: Lands underscored are patented subject to the conditions and limitations of Section 24, Act of June 10, 1920.

The area of United States lands reserved by this notice is approximately 845.04 acres of which approximately 838.95 acres have been previously withdrawn for power purposes in connection with Power Site Classifications Nos. 28, 62, 183, 425; Power Site Reserves Nos. 267, 693, 710 or earlier Projects Nos. 181, 187, 338, 423, 502, 889, 926 or 1194. Of the aforesaid total area approximately 800.10 acres are withdrawn for the Tahoe National Forest.

The general determination made by the commission at its meeting of April 17, 1922 (2d Ann. Rept. 128) is applicable to those lands reserved for transmission line purposes only.

Copies of the aforementioned project map exhibits have been transmitted to the Geological Survey and Bureau of Land Management, Department of the Interior and the Forest Service, Department of Agriculture.

JOSEPH H. GUTRIDE,
Secretary.

[Docket No. RI66-66, etc.]

NORTHERN PUMP CO. ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, Effective Subject to Refund [1]

SEPTEMBER 10, 1965.

The Respondents named herein have filed proposed changes in rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the

[1] Does not consolidate for hearing or dispose of the several matters herein.

Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto [18 CFR, Chapter I], and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Respondents, as set forth herein, shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondents shall each execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved. Unless Respondents are advised to the contrary within 15 days after the filing of their respective agreements and undertakings, such agreements and undertakings shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before October 27, 1965.

By the Commission.

[SEAL] GORDON M. GRANT,
Acting Secretary.

APPENDIX A

Docket No.	Respondent	Rate schedule No.	Supplement No.	Purchaser and producing area	Amount of annual increase	Date filing tendered	Effective date unless suspended	Date suspended until—	Cents per Mcf: Rate in effect	Cents per Mcf: Proposed increased rate	Rate in effect subject to refund in docket Nos.
RI66-66	Northern Pump Co. (Operator), et al., Post Office Box 7277, Camden Station, Minneapolis, Minn., 55412.	22	7	Phillips Petroleum Co.[1] (Guymon Hugoton Field, Texas, County, Okla.) (Panhandle Area).	[2] $127	[4] 8-10-65	[10] 9-13-65	[11] 9-14-65	[7] [9] 10.4513	[4] [6] [7] [9] 10.7149	RI63-426.
RI66-67	Cabot Corp. (SW), Post Office Box 1101, Pampa, Tex.	26 26	[12] 3 (5)	Phillips Petroleum Co.[1] (Hugoton Field, Texas, County, Okla.) (Panhandle Area).	540	8-20-65 8-20-65	[11] 9-20-65 [10] 9-20-65	[11] 9-21-65 [11] 9-21-65	8.0	[8] [13] [14] 10.0	

[1] Phillips resells the gas under its FPC Gas Rate Schedule No. 4 to Michigan Wisconsin Pipe Line Co. The effective rate under such rate schedule is a base rate of 14.0635 cents per Mcf plus applicable tax reimbursement which is in effect subject to refund in Docket No. RI60-349. Phillips' further increase to 15.22 cents per Mcf plus applicable tax reimbursement is suspended in Docket No. RI65-526 and not, as yet, made effective.

[2] Revenues taken directly from filing.

[4] Filing completed Aug. 26, 1965.

[5] Revenue-sharing rate increase.

[6] Pressure base is 14.65 p.s.i.a.

[7] Subject to a downward B.t.u. adjustment and a deduction of 0.4466 cent per Mcf for sour gas.

[8] Based on 149.937 percent of Northern Pump Co.'s base price of 7.1463 cents (149.937 percent equals Phillips' rate of 14.0635 cents divided by Phillips' base price of 9.3796 cents times 100).

[9] Based on 165.72 percent of Northern Pump Co.'s base price of 6.3066 cents (165.72 percent equals Phillips' rate of 14.0635 cents divided by Phillips' base price of 8.84863 cents times 100).

[10] The stated effective date is the effective date requested by Respondent.

[11] The suspension period is limited to 1 day.

[12] Letter Agreement dated July 20, 1965, provides for increased rate and a 0.4466 cent per Mcf deduction for sour gas, extends term of contract for 5 years and provides for depth limitation to 2,800 feet below surface.

[13] Renegotiated rate increase.

[14] Subject to a deduction of 0.4466 cent per Mcf for sour gas.

Northern Pump Co. (Operator), et al., (Northern Pump) and Cabot Corp. (SW) (Cabot) have submitted proposed increased rates to Phillips Petroleum Co. (Phillips) from the Hugoton Field, Oklahoma Panhandle Area. Phillips gathers and resells the residue gas after processing in its Sherman Gasoline Plant to Michigan Wisconsin Pipe Line Co. under its FPC Gas Rate Schedule No. 4 at a rate of 14.06350 cents per Mcf which is in effect subject to refund in Docket No. RI60-349 (Phillips has filed a further increase to 15.22 cents per Mcf, which is currently suspended in Docket No. RI65-526 until August 8, 1965, and thereafter until made effective pursuant to Section 4(e) of the Natural Gas Act. Phillips has not, as yet, filed to make such rate effective).

Northern Pump's proposed revenue-sharing rate increase is based on Phillips' 14.06350 cents per Mcf resale rate which is in effect subject to refund in Docket No. RI60-349, as stated above, and should be suspended for one day from September 13, 1965, the proposed effective date.

Cabot proposes a renegotiated increase from 8.0 cents to 10.0 cents per Mcf and submits an amendment dated July 20, 1965, designated as Supplement No. 3 to Cabot's FPC Gas Rate Schedule No. 26, which provides for the increased rate and, among other things, deletes from the contract nonproducing formations below 2,800 feet below the surface of the ground. Neither the basic contract nor the related certificate application contains any depth limitation. Cabot has filed a related petition to amend its certificate issued in Docket No. G-5715 to reflect the depth limitation. Such petition to amend Cabot's certificate will be disposed of by a separate order at a future date. Under the circumstances, we believe that Cabot's amendment should be suspended for one day insofar as it relates to the change in price provided thereunder.

Although Northern Pump and Cabot's proposed increased rates are below the area increased rate ceiling of 11.0 cents per Mcf for Oklahoma Panhandle Area as set forth in the Commission's Statement of General Policy No. 61-1, as amended, they are each suspended for one day from the date shown in the "Effective Date" column on the attached Appendix "A" because the sales related thereto are considered to be for nonpipeline quality gas. We consider the area rate ceiling to be applicable to sales of residue gas at the outlet of the plant which is the point of delivery to the pipeline company.

[Project No. 2062]

PUBLIC UTILITY DISTRICT NO. 1 OF OKANOGAN COUNTY

Notice of Further Postponement of Hearing

SEPTEMBER 10, 1965.

Upon consideration of the motion filed on September 1, 1965, by the Public Utilities District No. 1 of Okanogan County and the Department of Fisheries and Game of the State of Washington, for further postponement of the hearing in the above-designated matter;

Notice is hereby given that the hearing is postponed from September 14, 1965, to November 16, 1965.

By direction of the Commission.

GORDON M. GRANT,
Acting Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-3421]

CONTINENTAL VENDING MACHINE CORP.

Order Suspending Trading

SEPTEMBER 13, 1965.

The common stock, 10 cents par value, of Continental Vending Machine Corp., being listed and registered on the American Stock Exchange and having unlisted trading privileges on the Philadelphia-Baltimore-Washington Stock Exchange,

and the 6 percent convertible subordinated debentures due September 1, 1976, being listed and registered on the American Stock Exchange, pursuant to provisions of the Securities Exchange Act of 1934; and

It appearing to the Securities and Exchange Commission that the summary suspension of trading in such securities on such Exchanges and otherwise than on a national securities exchange is required in the public interest and for the protection of investors;

It is ordered, Pursuant to sections 15(c)(5) and 19(a)(4) of the Securities Exchange Act of 1934, that trading in such securities on the American Stock Exchange, the Philadelphia-Baltimore-Washington Stock Exchange and otherwise than on a national securities exchange be summarily suspended, this order to be effective for the period September 14, 1965, through September 23, 1965, both dates inclusive.

By the Commission.

[811-1208]

DEVELOPMENT SECURITIES, INC.

Notice of Filing of Application for Order Declaring That Company Has Ceased To Be Investment Company

SEPTEMBER 13, 1965.

Notice is hereby given that an application has been filed pursuant to section 8(f) of the Investment Company Act of 1940 ("Act") for an order of the Commission declaring that Development Securities, Inc. ("applicant"), Stanley Building, 216 Sycamore Street, Muscatine, Iowa, has ceased to be an investment company. All interested persons are referred to the application on file with the Commission for a statement of the representations therein which are summarized below.

On April 1, 1963, applicant filed a notification of registration on Form N-8A pursuant to section 8(a) of the Investment Company Act of 1940. At that time it was also the intention of the applicant to make a public offering; however applicant has never filed a registration statement under the Securities Act of 1933.

Applicant represents that its securities are beneficially owned by only 24 persons and that it has not made, and does not presently propose to make, a public offering of its securities.

Section 3(c)(1) of the Act excepts from the definition of an investment company any issuer whose outstanding securities (other than short term paper) are beneficially owned by not more than one hundred persons and which is not making and does not presently propose to make a public offering of its securities.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and that upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than September 30, 1965, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C., 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after such date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F.R. Doc. 65-9876; Filed, Sept. 16, 1965; 8:48 a.m.]

[811-571]

INTERNATIONAL RESOURCES FUND, INC.

Notice of Filing of Application for Order Declaring Company Has Ceased To Be Investment Company

SEPTEMBER 13, 1965.

Notice is hereby given that an application has been filed by International Resources Fund, Inc. ("applicant"), 900 Wilshire Boulevard, Los Angeles, Calif., 90017, a Delaware corporation and a management open-end diversified investment company registered under the Investment Company Act of 1940 ("Act"), for an order pursuant to section 8(f) of the Act declaring that the applicant has ceased to be an investment company. All interested persons are referred to the application on file with the Commission for a statement of the representations therein which are summarized below.

On June 25, 1965, in accordance with an Agreement and Plan of Reorganization and Liquidation dated June 22, 1965, between applicant and The Investment Co. of America ("ICA"), applicant transferred to ICA substantially all of its assets having a total net value of $15,964,336 in exchange for 1,363,308 shares of ICA common stock. The Commission, by order issued on June 24, 1965 (Investment Company Act Release No. 4283), exempted the exchange transaction from the provisions of section 17(a) and 22(d) of the Act.

The shares of common stock of ICA were then distributed by applicant to its stockholders upon surrender of their certificates representing shares of applicant's capital stock.

On or prior to June 25, 1965, applicant also paid all of its liabilities, including expenses of dissolution, except those assumed by Capital Research and Management Co., the investment adviser of ICA. The liquidation and dissolution of applicant has therefore been completed, including the issuance by the Secretary of State of the State of Delaware of a Certificate of Dissolution, and the publication of same in a newspaper in New Castle County, Del.

Section 8(f) of the Act provides, in pertinent part, that when the Commission, upon application, finds that a registered investment company has ceased to be an investment company, it shall so declare by order, and that upon the taking effect of such order the registration of such company shall cease to be in effect.

Notice is further given that any interested person may, not later than September 30, 1965, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C., 20549. A copy of such request shall be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney-at-law by certificate) shall be filed contemporaneously with the request. At any time after such date, as provided by Rule 0-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[Delegation of Authority 30 (Atlanta), Disaster No. 1]

MANAGER, DISASTER FIELD OFFICE, MIAMI, FLA.

Delegation Relating to Financial Assistance Functions

I. Pursuant to the authority delegated to the Regional Director by Delegation of Authority No. 30 (Revision 10) 30 F.R. 972, as amended, 30 F.R. 2742, Delegation of Authority 30 (Atlanta), 30 F.R. 2884, there is hereby redelegated to the Manager of Miami, Florida Disaster Field Office, the following authority:

A. *Financial assistance.* 1. To approve:

a. Direct disaster loans not exceeding $350,000.

b. Participation disaster loans not exceeding $350,000.

2. To decline disaster loans in any amount.

3. To enter into disaster loan participation agreements with banks.

4. To execute loan authorizations for Washington and the Area Office approved loans and for disaster loans approved under delegated authority, said execution to read as follows:

(Name) *Administrator,*
By: ----------
Manager, Disaster Field Office.

5. To cancel, reinstate, modify and amend authorization for disaster loans approved under delegated authority.

6. To disburse unsecured disaster loans.

7. To extend the disbursement period on disaster loan authorizations or undisbursed portions of disaster loans.

II. The authority delegated herein may not be redelegated.

III. All authority delegated herein may be exercised by any SBA employee designated as Acting Manager of the disaster field office.

Effective date. September 8, 1965.

W. C. STRICKLAND, Jr.,
Acting Area Administrator, Southeastern Area.

[Notice 1234]

MOTOR CARRIER TRANSFER PROCEEDINGS

SEPTEMBER 14, 1965.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC-68086. By order of September 10, 1965, the Transfer Board approved the transfer to L. S. Gilligan, Corp., Braintree, Mass., of the operating rights in Certificate No. MC-94411, issued June 17, 1965, to William W. Tikkanen and Theodore C. Ahola, a Partnership, doing business as A&T Trans. Co., Quincy, Mass., authorizing the transportation, over irregular routes, of stone monuments, from Quincy, Mass., to points in Maine, New Hampshire, Rhode Island, and Connecticut. Robert J. Gallagher, 111 State Street, Boston, Mass., 02109, attorney for applicants.

No. MC-FC-68118. By order of September 10, 1965, the Transfer Board approved the transfer to Kenneth B. Jensen, doing business as C & H Fuel & Transfer, Ellensburg, Wash., of Certificate No. MC-110918 issued September 4, 1959, to Glenn W. Case, doing business as C & H Fuel & Transfer, Post Office Box 684, Ellensburg, Wash., authorizing the transportation of household goods, over irregular routes, between points in Kittitas County, Wash. Joseph O. Earp, 411 Lyon Building, 607 3d Avenue, Seattle, Wash., 98104, representative for applicants.

No. MC-FC-68119. By order of September 10, 1965, the Transfer Board approved the transfer to Arthur G. Williams, doing business as Williams Truck Service, Gridley, Kans., of Certificates Nos. MC-40696 and MC-40696 (Sub-No. 4), issued September 12, 1951, and December 24, 1958, respectively, to A. G. Williams and Robert J. Williams, a partnership, doing business as Williams Bros. Truck Service, Burlington, Kans., authorizing transportation (a) over regular routes, of agricultural commodities, livestock, feed, groceries, oils and greases, building materials, hardware, farm machinery, and general commodities, ex-

cluding household goods, and commodities in bulk, from and to points and areas in the States of Kansas and Missouri varying with the commodities transported; and (b) over irregular routes, of livestock, feed, fertilizer, furniture, building materials, twine, agricultural implements and parts, seed, fencing materials, tanks, iron and steel articles, and petroleum products in containers, hides, live poultry, hay, grain, agricultural commodities, poultry, eggs, feed, junk, agricultural machinery and parts, and emigrant movables, from, to, and between points and areas in the States of Arkansas, Colorado, Kansas, Missouri, Nebraska, Oklahoma, and Texas, varying with the commodities transported. John E. Jandera, 641 Harrison Street, Topeka, Kans., 66603, attorney for applicants.

No. MC–FC–68123. By order of September 13, 1965, the Transfer Board approved the transfer to W. R. Rivers, Jackson, Miss., of a portion of Certificate No. MC–82625, issued February 24, 1956, to Azalea Motor Lines, Inc., Mobile, Ala., authorizing the transportation of general commodities, excluding household goods and commodities in bulk, over regular routes, between Leakesville, Miss., and Mobile, Ala., serving the intermediate points of Lucedale, Miss., and those between Lucedale, Miss., and Mobile, Ala.; and between Mobile, Ala., and Lucedale, Miss., serving all intermediate points. Dudley W. Conner, Conner Building, Hattiesburg, Miss., attorney for applicants.

No. MC–FC–68129. By order of September 13, 1965, the Transfer Board approved the transfer to Houston Truck Lines, Inc., Houston, Tex., of Certificate No. MC–126950 issued June 3, 1965, to James Clifton Stroud, Sr., James Clifton Stroud, Jr., and Martha Stroud, a partnership, doing business as Stroud Trucking Co., Kilgore, Tex., authorizing the transportation over irregular routes of machinery, equipment, materials, and supplies used in, or in connection with the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of natural gas and petroleum and their products and by-products, and machinery, materials, equipment and supplies used in or in connection with, the construction, operation, repair, servicing, maintenance, and dismantling of pipelines, including the stringing and picking up thereof; machinery and equipment used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of sulphur and its products, and materials and supplies (not including sulphur) used in, or in connection with, the discovery, development, production, refining, manufacture, processing, storage, transmission, and distribution of sulphur and its products, restricted to the transportation of shipments of materials and supplies moving to or from exploration, drilling, production, job, construction, plant (including refining, manufacturing, and processing plant) sites or storage sites; and machinery, equipment, materials, and supplies used in or in connection with, the drilling of water wells, between points and areas in the States of Arkansas, Louisiana, Kansas, Missouri, New Mexico, Oklahoma, and Texas, varying with commodities transported. Joe G. Fender, 2033 Norfolk Street, Houston 6, Tex., attorney for applicants.

No. MC–FC–68142. By order of September 13, 1965, the Transfer Board approved the transfer to E. Jack Walton-Pittman Trucking Co., a corporation, Houston, Tex., of Certificate No. MC–79999, issued August 14, 1959, to W. E. Pittman Trucking, Inc., Midland, Tex., authorizing the transportation over irregular routes of machinery, materials, supplies, and equipment incidental to, or used in the construction, development, operation, and maintenance of facilities for the discovery, development, and production of natural gas and petroleum, and of petroleum refineries and gasoline plants, between points in Oklahoma, Kansas, Texas, New Mexico, and Louisiana; pipe, pipe line materials, machinery, and equipment incidental to, or used in the construction, repairing, or dismantling of gas, gasoline, oil, and water pipe lines, including the stringing of pipe, between points in Oklahoma, Kansas, Texas, New Mexico, and Louisiana; and machinery, materials, supplies and equipment incidental to or used in the construction, development, operation, and maintenance of facilities for the discovery, development and production of natural gas and petroleum, between points in Oklahoma and Texas, Joe G. Fender, 2033 Norfolk Street, Houston 6, Tex., attorney for applicants.
