# Eucalyptus elata (River Peppermint)

## **Description**

A medium to tall tree. Upper trunk & limbs smooth white with grey patches & lower trunk has rough bark, peeling off in ribbons.

### Flower and Foliage

Creamy white flowers in spring. Narrow leaves & evergreen foliage. Leaves have a peppermint smell when crushed.

#### **Maintenance**

A fast growing hardy tree that requires very little maintenance. Remove any dead wood as required.

#### **Occurs**

Favours fertile flatter alluvial soils on well-drained slopes. Found along creeks & rivers, particularly the Colo River.

#### Uses

A nice specimen for large gardens. Revegetation for riverbank restoration work, construction, joinery, windbreaks on farms & fence lines & shade for stock. Attracts birds & nectar feeding animals.
