## HOLIDAY PARTY INFO!

**WANT A GUARANTEED SEAT & GIFT PLANT?**

**PLEASE SIGN UP!**

- To make sure a seat is waiting for you, please sign-up by contacting Julie Slater at [info@palomarcactus.org](mailto:info@palomarcactus.org) if you haven't already signed up.
- Also contact Julie to bring a dish to the potluck.
- Come socialize and enjoy some appetizers from 11-12. Lunch will start being served at approximately noon.

**IF YOU DON'T SIGN UP, WE CANNOT  
GUARANTEE YOU A MEMBER GIFT PLANT!**

## IT'S TIME TO RENEW YOUR MEMBERSHIP!

- ◇ As mentioned last month, we are now accepting Membership renewals. You may pay with cash, check or a credit card. **The party is the perfect time!**
- ◇ The deadline to renew and receive a March newsletter and the directory is February 22<sup>nd</sup>! **The Party is the perfect time! Hmm, did I say that already?**
- ◇ You may pay at our meetings in December, January or February, or print a form from the website and mail it in. **The Club Directory will be emailed out in early March.**

# ❄️ Holiday Party 2019 ❄️

As is traditional, the Club will be providing the main entree of turkey, and yes, there will be more dark meat than white!

- ❖ Since the Community Center has no refrigerator bring your cold dishes in coolers. We do have a microwave, stove and oven for reheating, not for cooking.
- ❖ If you are bringing a cooler with hot food here's a trick from Eleanore: foil-wrap bricks and heat them in the oven – they keep food hot for hours!
- ❖ Any hot trays you may have will be much appreciated as well. Don't forget the cords!

**The set-up crew should arrive ready to work by 10:30am.  
There are tables to be set and general setup.**

**Evelyn Voth is handling table decorations and supplying all the needed materials so we DO NOT NEED greenery, pinecones and berries, etc.**

**PLEASE – remember to put your name on ALL serving utensils, dishes, and lids!**

**We would hate to have anything get lost in the cleanup shuffle.**

## What Would a Party be Without Gifts?

As usual we will have lots of Gift Plants! A plant for all members in attendance.

Brag Point Winners – from the Brag Table, Garden Brag Photos, and the March and October Shows will receive a plant!

Volunteers we love you, couldn't do it without you – and we will have gift plants for you too!

Gift Plants will be handed out right after lunch is served.

## ~ Notices ~

### THANKS TO WOODY MINNICH

Once again Woody gave an informative and fascinating presentation with beautiful pictures! His 'shows' are always such a treat! And, a special thank you to him for driving out from New Mexico just for us! We love you!

### NEW NESLETTER EDITOR

Thank you so much to Monica Mosack who has volunteered to take over as Newsletter Editor as of March 2020!

### BOARD ELECTIONS

It's time to elect Board Members whose terms are up. We will vote at the Holiday Party.

#### The proposed Slate of Officers is:

- Vice President (2-year term) - Open (if interested, please contact Brita)
- Treasurer (2-year term) - John Barkley
- Director at Large (2-year term) - Peter Walkowiak

### RUSSEL RAY'S CALENDARS

Some of you may not have realized that Russel's calendars were not free but cost \$20. After the meeting it was found that 6 had not been paid for and were missing. If you took one accidentally, please plan on returning the clean calendar or paying the \$20 at the Holiday Party. See John Barkley or Brita to pay. Or you may contact Russel at [russelrayphotos@gmail.com](mailto:russelrayphotos@gmail.com) to make arrangements.

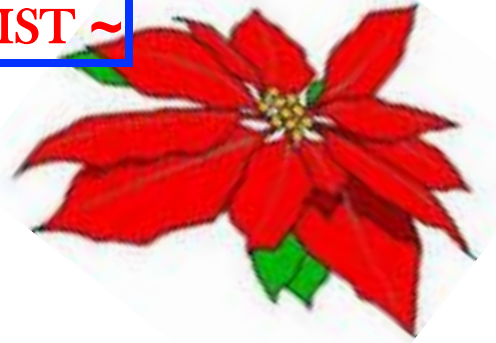

**New Speaker  
Coordinator Needed!**  
See Annie with  
questions.  
Details will be in next  
month's newsletter.

### FREE - HUNTINGTON DESERT SYMPOSIUM – JANUARY 18<sup>TH</sup>

Mark this on your calendars now for this free event. The aloes will be in bloom and the gardens washed clean and beautiful after the winter's rains. See details in next month's newsletter, or an eblast when the flyer is received.

# ~ HOLIDAY PARTY POTLUCK 12/21 LIST ~

- ~ Eleanore and Lorie are cooking the turkey.
- ~ Peter will bring a delicious smoked ham.
- ~ Brita and Julie will be bringing stuffing.
- ~ Eleanore will be bringing the gravy!

## 2019 BRAG TABLE, GARDEN BRAG PHOTOS, and MARCH and OCTOBER SHOW POINTS TOTALS

- Following is the point list for: Brag Table Points, Garden Brag Photo Points, and points for showing in March & October.
- Gift Plants will be awarded to each person who has 5 or more points. If you have less than 5 your name is not listed.
- The points listed represent the total points earned for entering plants in ALL events.
- Novices and new members, thanks to all of you who have brought in plants this year to the Brag Table.
- Annie's appreciation goes to those who send in Garden Brag Photos, as it does take planning and some retaking.

# Garden Brag Plants

Share a section of your garden, a plant that bloomed in between meetings, or one that is too large or heavy to bring to the Brag Table. You will earn 1 brag plant point for emailing or texting photo(s), and 2 points for each one printed.

Email with your name and plant names, to Annie at [info@palomarcactus.org](mailto:info@palomarcactus.org).

Susan LaFreniere's *Haemanthus coccineus* bulb in bloom – from September

Above: Ron Chisum's 8' diameter *Aloe barberae* (*bainesii*) with huge bloom stalks!

Below: Deborah Pearson's *Echinopsis subdenudata* – such a small cactus with so many large flowers! (from September)

Lorie Johansen's *Schlumbergera*, AKA Christmas cactus

Charlyne Barad's extremely prolific *Hylocereus* cactus, AKA Dragon fruit. What a feast she must have had!

## COFFEE IN THE GARDEN AND SUCCULENT & CACTI PARTY AT RICK AND KEVIN'S PLACE

Sunday, January 19, 2020 - 10am-2pm ~ 4728 Allied Rd, San Diego 619-229-1125

I always look forward to hosting this annual garden party event as a time to talk with others about succulents and cacti, learn some new growing tips from others, make new friends, and share fun times. Kevin will say, though, that I drive him crazy as I begin preparing months ahead for the party. Some of the succulents in the raised beds are reaching mature size and showing adult characteristics. It has been fun watching Kevin's haworthia hybrids grow up and begin showing their adult characteristics and color, while others are from newer seed batches and will take some time to develop.

We have a large collection of echeverias, particularly agavoides types, and they have grown together nicely forming a patchwork quilt on their own. We have a growing collection of imported echeverias and relatives—it is amazing to see what is being accomplished via hybridization of these, especially in other countries, of which there are numerous representatives in our gardens.

As I enjoy trying a large variety of succulents and cacti, the gardens include many types of agave, aloe, crassula, kalanchoe, mesembs, haworthia, gasteria, small opuntias, pilosocereus, echinopsis and trichocereus hybrids, caudiciforms, and bulbs. Our gardens include areas of plants in the landscape and many large raised beds. Most plants are labeled in case you want to know the names, and for educational purposes. Sometimes there are a number of similar plants in the same area for comparison. While our place isn't large, we have packed in lots of succulents and cacti (to Kevin's chagrin at times), and I'm always game to try a new, unusual succulent or cacti, true to my fondness for shopping and appreciation of abundance!

**SPECIAL VENDOR:** Speaking of abundance, I am very excited to announce that Carlos Zavaleta of Rojas Succulents and Cacti in Fallbrook, CA will be a guest vendor this year. His enthusiasm for succulents is quite contagious! I recently met Carlos and his mother, who have a wonderful succulent and cacti nursery in Fallbrook including almost every conceivable echeveria and genus relative imaginable, a nice selection of variegated succulents including some rare and hard to find ones, caudiciforms, and cacti. His mother has thirty years in the succulent business, with Carlos having at least 25 years since he began growing as a child—he especially likes texture and color. Their nursery was opened in 2004 and has a wide variety of succulents offered in various sizes. Additionally, Carlos has a growing collection of variegated and rare succulents he also offers for sale. He will have an assortment of plants available for sale at the party (he accepts credit cards) and will be doing an informal talk on propagating succulents from seed, leaf, or cuttings. I will also offer a succulent related workshop.

As in prior years, we will have plants for sale that we have propagated from our plants and garden related items (cash only please for us). I will be providing home-baked desserts, appetizers, and beverages. We encourage chatting about plants, sharing your plant experiences, meeting new friends, and having fun at the party. We hope you will drop by, enjoy some food and drink, and chat plants!

We thank everyone who entered plants in the show, it wouldn't have happened without you! We recognize that primping, packing, transporting, and everything else that goes with bringing them to the show, and back, takes lots of work so we want to give special recognition to the following 12 members who entered 10 or more plants:

Monica Mosack (27), Russel Ray (25), Dean Karras (24), Jerome Kahn (23), Pauline Wong (22), Moni Waiblinger (21), Tina Zucker (21), Neila Rybicki (20), Annie Morgan (17), Robert Kopfstein (16), Candy & Jerry Garner (15), and Mike Nelson (14)!

It was a fantastic show because of ALL of you!
