International Auction # 194

Malmö

10 October, 2009

Lot # 575

Lot # 452

One of the two known First Day Covers.

Did you know?

SUNDAY 1.7 1855

In the old days many Post Offices were open on Sundays. That was lucky for the Swedish stamp collectors as the official start of the unified domestic postal rate and the issue date of the first stamp emission were decided to be the 1st of July 1855.

This was actually a Sunday and if all Post Offices had been closed we would have had no First Day Covers with the first Swedish stamps.

At this auction we offer a beautiful single stamp of 4 Skilling Banco from the Bo Grendal collection with a superb First Day Cancellation from Gävle, at the time spelled Gefle. Also a superb cover with this stamp is available, it was cancelled in Uppsala, at the time spelled Upsala. Only one other such cover is known.

The front cover:

Carl Olsen, Denmark 1854, "Fleet in Øresund"

Preface

We are very proud and happy for the extremely high quality throughout this auction, even more so as our consignors have shown great trust in our ability as auctioneers by accepting reasonable starting prices also for the highest quality. Prices that in many cases are far below what they have paid themselves and in other cases prices that are comparative to which were paid 10-20 years ago. Our consignors show a big faith in our international and financially strong clientele in combination with their knowledge that our clients do not hesitate to bid far above the starting prices if the items are good enough.

To say that the Swedish section this time is fantastic is really an understatement. At Postiljonen we all agree that this is the best we have ever offered covering such a broad spectral! Even if you are not a collector of Sweden we recommend you to have a look at page 97 onwards, when will you ever get this chance again?

Although the Swedish section is the eye-catcher at this auction we are also happy for the other areas. Honestly it is really hard to pinpoint any special area, but just to mention some interesting international items of highest rank we have to bring out the rare 12 pence from Canada, the mixed franking cover Hannover /Denmark and the unique mixed franking cover from Portugal. Bon Appétit!

As many of our old clients know, Postiljonen has always promoted exhibition philately and philatelic study & research. Therefore we are very glad for the great success in the August Malmö Summit hosted by us and the Swedish Philatelic Federation about Postal History and Thematic Philately with 82 participants from 21 different countries. Even delegates from as far away as Australia, South Africa and United States were present!

Please feel most welcome to the viewing as well as the auction in the very beginning of October; we promise to take good care of you.

FAKES FORGERIES EXPERTS

Mail Bidders!

We always endeavour to simulate the actual auction situation for our mail bidders, you must however beforehand have determined the maximum you wish to pay for each lot and we will ensure that this maximum is not exceeded. Your bids must be in Euro and divisible by 10. The bidding always starts with the second highest mail bid plus the next increase (see conditions of sale sect. 2). The bidding then continues between the bidders in the audience and the highest mail bidder.

Avoid missing out on every item you wanted because of higher bids from others by bidding on many items but limit your total purchase to an amount of your choice (see bid form "my total purchase must not exceed:...excl. commission"). You can for example bid for a sum of € 10 000 but limit your total purchase to € 1 000 or any amount you wish.

You can also bid on two or several items and add "or" in between. We will then make sure that you get only one of these items.

Further, according to your instructions we can for example also raise your bid on one item if it turns out that you got another item less expensive than your highest bid.

Should there be two or more equal mail bids then the first bid received will buy the lot, so please submit your bids as early as possible.

To ensure you a safe handling of your bids, we need them at least 24 hours before the auction starts.

“Postiljonen Horses”

Postiljonen has always emphasized the advantages and the importance of collecting philatelic items of the highest quality. We think this is an important step for the development of modern collecting.

To highlight, and to a certain degree reward what we think is interesting, fun, beautiful and high quality philately, we are choosing a number of items in our auction catalogues and present them with Postiljonen emblems. It should be specially noted that it is not a complete classification, you will surely find other items that would well deserve extra attention.

This choice of excellence is a subjective opinion, even if done with professional as well as philatelic skill and experience. It reflects also the emotional influence of an individual eye.

An item of outstanding quality and beauty. A rarity for its appearance and not necessarily for its value. Suitable in any collection for private enjoyment as well as for exhibition.

An item of highest excellence in regard to quality, beauty and rarity. A wonderful addition to any collection in its area.

International Grand Prix EFIRO 2008

Mark Lorentzen's

"Across the Danish Border"

Mark Lorentzen has made a brilliant career as exhibitor. After a very short period and a Nordic Grand Prix, he crowned it with an International FIP Grand Prix in strong competition at the World Exhibition in Bucharest last year. His father Peer won Grand Prix at several occasions for his exceptional Denmark collections, but he had to fight much longer.

However short time, in this case it was not lack of thoroughness. Mark worked and studied the philately of these areas first together with his father for many years helping him building his collections. He later on by himself with enthusiasm and studies found and showed his own special postal history area and choose the items with exceptional emphasis on quality and rarity. There is no doubt that the early high award was well deserved.

We thank Mark for entrusting us several unique and exclusive items in exceptional quality. We are also happy that he has shown faith in our auction house and let us put starting prices at a very reasonable market level even if he in many cases paid much more himself. His items are mostly presented under Denmark, but please also look at other countries and German areas, especially Hannover with 2 wonderful mixed franking covers.

A relaxed picture from the Palmares in Bucharest. Mark Lorentzen with the Grand Prix Trophy.

The Deliveries of 4 Skilling Banco

About a month ago the Swedish Philatelic Federation published at the Malmö Summit the book XpoNAT VIII about Bo Grendals Gold Medal collection; "The Deliveries of 4 Skilling Banco". The exhibit has been awarded 5 Gold Medals with the congratulations of the jury not less than 3 times. The international awards are:

ISRAEL 08: Gold and congratulations of the Jury

IBRA 09: Gold

The collection is an extremely specialized research collection and it has been built during almost 2 decades. The exhibit treats all the 14 deliveries of the 4 Skilling Banco with importance on quality and variety. Therefore the collection contains a large number of covers with different rates and combinations, scarce cancellations, varieties, curiosities etc. It is a pleasure for us to offer in this auction:

100 items from the collection

Welcome to the world of 4 Skilling Banco, we recommend a careful study. As you will see these items are offered in the order of the deliveries as it was exhibited by Bo Grendal. However, with one exception, we start this section with the wonderful and very rare Gefle First Day cancellation, which happens to be on the delivery 1d.

Essays 1861 by Per Olof Bagge

The following 3 items are proof prints in different colours from the 2nd essay made by P. O. Bagge in 1861.

They are probably unique with the complete margins all around and in excellent condition with the quality numbers 5.5. (-). The missing number as they are without gum, which was the way they were produced.

All World ** 1994-2008 x 3

• Lot # 1176

A fantastic holding consisting of more or less all stamps from all the countries in the world (UPU-members) in 3 copies of each within the time period 1994-2008. Containing all the stamps that have been received by one of the members, just missing its own stamps and 1 or 2 countries from which parts have been picked out. From most of the time period one copy of each has been picked out and orderly put up in albums. The other 2 copies are kept in envelopes as well as most from the later years. In most cases the envelopes are as received from UPU with lists of the full contents. Viewing the albums will give a good picture of the contents and showing that it contains also booklets, minisheets, "kleinbogen" etc. The catalogue value is enormous, but also the face value in later years from good countries is extremely high and nice country collections can be made up and could be excellent for internet sale. The completeness has to be checked at the viewing, but the information we have received and the controls at random, shows that it is more or less complete with a few exceptions as mentioned earlier. The starting price is very carefully set and we recommend serious bidders to spend time with a close inspection!

Conditions of Sale

- 1, The auction is voluntary and lots are sold on behalf of the vendor to the highest bidder. The prices indicated against each lot are starting prices and not minimum prices. It must, however, be pointed out that the starting prices should reflect a low commercial value.
- 2, All bids must be submitted in Euro to which is added 20% commission incl. Swedish V.A.T. Lots not picked up, are shipped on buyers risk. Postage, transport, insurance and bankcharges or charges on creditcard payments will be added.
Exception: Only 16% commission, excl. Swedish V.A.T., only for
 - a. Export to countries outside of EU.
 - b. V.A.T. registered dealers inside of EU, *but outside of Sweden*, who forward their V.A.T. registration number in good time before the auction.

Lots marked • in front of the lot numbers are subject to import V.A.T. 12% will be added to the hammer price, except for a and b above. Invoicing instructions must be received before or during the auction. Invoices can not be changed afterwards.

The bids are increased as follows: Below Euro 500,- Euro 10,-
500,-–2000,- 50,-
above 2000,- ca 5%

- 3, Bids submitted are binding, and cancellation is only acceptable if received simultaneously with the bid. If bids are given on behalf of others, then the bidder is himself responsible for the fulfilment of the conditions of sale. The bidder is responsible for faulty mail bids and the same applies in misunderstandings in bids submitted by telephone or fax. The bidder is personally responsible for any and all his purchases in the auction.
- 4, Mail bids are dealt with conscientiousness, but without further responsibility to the auctioneer. The auctioneer reserves the right to regroup, split up or withdraw lots and can in case of misunderstandings or disagreements annul the bids and restart the bidding. The auctioneer can also withhold the assignment to undesirable persons or refuse them admittance to the auction-room without explanation. In case of two equal mail bids for the same object, this will be sold to the bidder whose bid was the first received. The mail bidder can write alternative bids and/or indicate a total maximum purchase limit.
- 5, Payment is made in advance based on an advance invoice. The ownership of the objects remain with the vendor until the full invoice amount has been paid. If payment is not received 8 days from the invoice date, 2% interest per month is charged together with a fee of Euro 10,-. To this may be added additional documented expenses. Has payment not been received 30 days after the invoice date or has the buyer refused to pay, then the objects in question can, without further notification, be auctioned at the expense of the buyer.
- 6, Lots are conscientiously described but faults may occur. Claims must be made at the latest 10 days after receipt of the lot and full payment has been made with reference to the invoice number. If a claim is accepted, the full hammer price + commission and eventual V.A.T. is refunded. Interest compensation can not be made.
- 7, Request for extension must be made immediately and within 8 days from receipt. Certifier must be approved by the auctioneer. In case of a claim the auctioneer may demand a certificate from a well-known expert. Objects with certificates may, if the auctioneer regards it as justified, and if the original certifier is approved by the auctioneer, only be returned if two other well-known experts have certified a different opinion. Stamps with visible defects on photo (such as cuts, perforation, centering, cancellations etc.) can not be claimed. Returned objects must be in the same condition as when received. Lots of more than three stamps can not be claimed if one of the stamps has a minor defect. Large lots may contain both mint and used material. Collections and mixed lots are sold as is. A difference of approx. 10–20% must be accepted by the buyer.
- 8, Submission of verbal or mail bids means that the bidder has accepted above conditions.
- 9, Swedish law is applicable.

Catalogue numbers next to the object number is based on FACIT for Scandinavia and MICHEL for the rest of the world, if nothing else is stated.

Försäljningsvillkor

1. Auktionen är frivillig och sker för inlämnarens räkning. Objekt tillfaller den köpare som avgivit högsta bud. Angivna utropspriser är ej minimipriser men är satta så att de skall avspegla ett mycket lågt beräknat handelspris.
2. Alla bud skall ges i Euro. Köparen skall till auktionären betala en provision på 20% på auktionspriset inkl. moms. Om objektet inte hämtas, sker leverans på köparens risk. Porto, transportförsäkring och bankavgifter/kreditkortsavgift tillkommer. Köparprovision 16% exkl. moms gäller endast i följande fall:
 - a. Vid export till länder utanför EU.
 - b. Vid försäljning till moms-registrerade handlare inom EU, *men utanför Sverige*, som uppger moms-registreringsnummer i god tid före auktionen.För objekt markerade med • före objektnumret tillkommer 12% importmoms på klubbslagspriset, dock med undantag för a och b ovan. Instruktioner om faktureringen skall ske före eller under auktionen. Fakturor kan inte ändras efteråt.

Vid auktionen tillämpas följande fasta höjningar av buden:

under Euro 500,-	med Euro 10,-
500,- till 2000,-	med 50,-
över 2000,-	med ca 5%
3. Avgivet bud är bindande och budgivaren är personligt ansvarig för samtliga av honom gjorda inrop. Annullering av bud kan ej ske, såvida den inte är oss tillhanda senast samtidigt med buden. Vid bud för annans räkning ansvarar budgivaren för att försäljningsvillkoren uppfylles, som vore det eget bud. Budgivaren är också ansvarig för av honom gjorda fel i auktionsuppdraget. Likaså vid oбекräftade telefon- och faxbud svarar budgivaren för ev. fel och missuppfattningar.
4. Auktionsuppdrag behandlas så omsorgsfullt som möjligt, dock utan några andra åtaganden från auktionärens sida. Auktionären äger rätt att ej godtaga bud, samt att dra tillbaka, omgruppera eller dela objekt. Auktionären har också rätt att avvisa personer från auktionen och avböja bud utan att ange skäl härför. Han förbehåller sig rätten att vid missförstånd eller meningsskiljaktigheter utlysa ny budgivning. Vid två eller flera lika bud på samma objekt från uppdragsgivare, tillfaller objektet den som först inkommit med bud. Vid auktionsuppdrag kan reservobjekt medtagas, eller också kan den totala köpesumman begränsas till visst belopp.
5. Betalning sker kontant, mot postförskott eller mot förskotts faktura. Objektet förblir säljarens egendom tills full likvid erlagts. Likvid skall erläggas inom 8 dagar från fakturadatum. Vid senare betalning debiteras ränta med 2% per påbörjad månad, räknat på fakturabeloppet, samt kravavgift med Euro 10,-. Dessutom kan ytterligare kravkostnader tillkomma. Har likvid ej inkommit 30 dagar efter fakturadatum eller om köparen vägrar betala, kan objekten utan ytterligare meddelande säljas på köparens bekostnad.
6. Objektet är omsorgsfullt beskrivna, dock kan smärre fel förekomma. Ev. reklamation måste göras senast 10 dagar efter det att objektet levererats. Vid all korrespondens bör fakturanummer anges. Vid godkänd reklamation återfår köparen auktionspris plus provision och eventuell moms. Räntegottgörelse kan ej påräknas.
7. Begäran om förlängd reklamationstid för att köparen önskar sända objekt för expertundersökning, måste ske omgående och inom 8 dagar efter mottagandet av objektet. Experten måste godkännas av auktionären. Auktionären kan vid reklamation kräva intyg från en opartisk, välkänd expert. Objekt med äkthetsintyg kan, om auktionären så anser befogat, och om det ursprungliga intyget är utfärdat av en godkänd expert, endast returneras om minst två opartiska och välkända experter har en avvikande mening. Defekter synliga på foto (klippning, tandning, centrering, stämpling etc.) kan inte ligga till grund för reklamation. Reklamation kan ej heller ske om objekt eller märke förändrats genom någon slags behandling. Objekt innehållande fler än 3 märken kan inte returneras på grund av smärre defekter på enstaka märke. Stora objekt kan innehålla både stämplade och ostämplade märken. Samlingar, partier, massvara, kilovara etc., säljes i befintligt skick och kan inte returneras. En differens på 10–20% måste kunna accepteras av köparen.
8. Avgivande av muntligt bud eller auktionsuppdrag innebär godkännande av ovanstående villkor.
9. Svensk lag gäller.

Katalognummer och -värden är hämtade ur FACIT för Norden samt MICHEL för alla andra länder och områden, om inget annat anges.
