

Proven Selections® Collection

Consumers across Canada know Proven Winners plants are exceptional performers. They also choose varieties from our Proven Selections Collection because they know that these plants have been selected by Canada's top growers for their beauty, vigour, disease resistance, and strong performance across Canada.

Some of the varieties are classic favourites, while others are unique introductions, but all of them are a result of selective breeding processes that produce hardier, more vibrant, and better blooming plants. They are beautiful alone or in combination with other Proven Selections or Proven Winners.

MYSTIC™ Dreamer and MYSTIC™ Illusion *Dahlia* hybrids

Firetail Chenille Plant *Acalypha pendula*

BELLECONIA™ Rose *Begonia*

Acalypha pendula
Firetail Chenille Plant

🌞🌱 3-7"

Fluffy masses of bright red chenille flower spikes are produced periodically during the year. *Sobkovich*

Agrostis stolonifera
Green Twist

🌞🌱 10-14"

The bushy, grasslike foliage on this variety resembles bamboo with a healthy-looking, unique vining habit. Green Twist must be kept well watered during hot spells. Trailing habit. *Nordic*

Ajuga reptans
Black Scallop ^{USPP15815}

🌞🌱 3-6"

Dark as night foliage with gorgeously scalloped leaves. A knock-out in patio pots, combos, and as a striking accent with white, gold, or light-coloured plants. Blue flowers in the spring. *Nordic*

Alternanthera
Jewel

🌞🌱 12-18"

A truly unique colouration of variegated foliage in dark red, green, orange, yellow, and black, Jewel has a mounding habit. *Nordic*

Anagallis hybrids

WILDCAT™ Series

🌞🌱 6-12"

From the breeding program at the University of New Hampshire, Wildcat is a groundbreaking series of early-blooming, compact, large-flowered Anagallis. These plants make a stunning addition to any container blooming from April until November.

Dentooms, Nordic, Sobkovich

WILDCAT™ Blue ^{USPP15137}

Magnificent blue blooms.

WILDCAT™ Mandarin Orange ^{USPP18845}

Exquisite bright ochre flowers.

Antirrhinum

ACROBAT™ Series

🌞🌱 4-6"

Snapdragons have never looked so beautiful. The Acrobat series features strong growers in vibrant colours. *Dentooms*

ACROBAT™ Cherry Red

ACROBAT™ Orchid

ACROBAT™ Yellow

Argyranthemum

Elsa White

🌞🌱 16-18"

Large pure white blooms held above the foliage. Extremely good garden performance. *Nordic*

Argyranthemum

METEOR™ Red ^{USPP18435}

🌞🌱 14-16"

Dark red blooms with a yellow centre on compact mounding plants. *Nordic*

Artemisia hybrid

Oriental Limelight ^{USPP12788}

🌞🌱 18-36"

Eye-catching variegated foliage of lemon yellow and green. A vigorous grower. *Dentooms*

Artemisia stellerian

SILVER CASCADE®

🌞🌱 4-8"

Silver grey foliage nicely complements flowering plants and adds contrast. Trailing habit. *Nordic, Sobkovich*

Begonia benariensis

BIG™ Series

🌞🌱 12-24"

Big™ Begonias are showstoppers. As the focal point of any garden, they grow quickly to provide lush, beautiful displays in hanging baskets, mixed containers, and large landscape plantings.

Dentooms

BIG™ Red with Bronze Leaf

BIG™ Rose with Bronze Leaf

BIG™ Red with Green Leaf

New this year.

Begonia hybrid

DRAGON WING® Series

🌞🌱 14-18"

Vigorous and heat tolerant with abundant flowers from early summer to first frost, Dragon Wing is a great plant to fill open shady spaces. New this year. *Dentooms*

DRAGON WING® Pink

DRAGON WING® Red

Begonia

BELLECONIA™ Series

🌞🌱 8-12"

Large double blooms start earlier and keep blooming longer with increased heat and light level tolerance. New this year. *Nordic*

BELLECONIA™ Apricot Blush

BELLECONIA™ Rose

Some or all of the varieties listed herein may be protected under one or more for the following: Plant Variety Protection, United States Plant Patents, Utility Patents, and/or Plant Breeders' Rights and may not be propagated or reproduced without authorization.

Bidens

MARIETTA™ Gold Spark  6-8"

An extremely heat-tolerant plant with a compact, mounding habit and large flowers that won't overtake other plants in combinations.

Nordic

Bidens ferulifolia

SOLAIRE™ Yellow  8-12"

Bright gold flowers appear on well-behaved plants all season. Best for 4-inch production and also makes an excellent monoculture basket. Heat and cold tolerant. Mounding habit.

Dentooms

Brachyscome hybrid

BLUE ZEPHYR™  9-15"

Lacy foliage and small, blue Daisy flowers bloom all season to make a large impact in the garden.

Dentooms, Nordic

Brachyscome hybrid

New Amethyst   9-12"

Small, deep purple flowers cover the full, compact foliage. Loves the heat. *Dentooms*

Brachyscome hybrid

Toucan Tango   6-12"

Brilliant, deep lavender Daisy flowers bloom constantly through even the hottest summers. *Dentooms, Nordic, Sobkowich*

Browallia hybrids

ENDLESS™ Series

The Endless series brings superior colour to any shady location. With just a little light, these strong growers create a bounty of 1- to 2-inch star-shaped blooms. This series forms attractive mounds, later complemented by trails of colour. Plus, these flowers have staying power, thriving in hot conditions and lasting late into the season.

ENDLESS™ Celebration   10-14"

Delicate pale blue flowers. *Dentooms, Nordic*

ENDLESS™ Flirtation *Browallia* hybrid

ENDLESS™ Illumination *Browallia* hybrid

ENDLESS™ Flirtation 10-14"

Brilliant pure white blooms. *Dentooms, Nordic*

ENDLESS™ Illumination 10-14"

A true dark blue beauty with a white centre. *Dentooms, Nordic*

ENDLESS™ Sensation 8-14"

Lavender flowers with a white eye. *Dentooms*

Calceolaria

Fire Red 4-6"

An abundance of bright red pouch-shaped flowers bloom all season long. *Nordic*

Golden Yellow 6-12"

Bushy compact plant with small, bright yellow pouch-shaped flowers. New this year. *Nordic*

Calibrachoa hybrids

MILLION BELLS® Series

Incredibly easy to grow, Million Bells are hugely popular. Their profuse, self-cleaning flowers arrive in spring and keep going until fall. Among the most hummingbird-friendly plants on the market. Great garden performers.

MILLION BELLS® Cherry Pink 8-12"

Beautiful cerise-coloured flowers. *Nordic, Sobkowich*

MILLION BELLS® Crackling Fire 6-10"

Bright orange and yellow striped flowers cover this beauty. *Nordic, Sobkowich*

MILLION BELLS® Red 6-10"

A profusion of dark red flowers on dark green foliage all season. *Nordic*

MILLION BELLS® Terra Cotta 6-10"

An incredible mix of red, orange, and yellow hues create an eye-catching display. *Nordic, Sobkowich*

MILLION BELLS® Trailing Blue 3-8"

Nearly purple blooms with a bright yellow center. *Dentooms, Nordic, Sobkowich*

MILLION BELLS® Trailing Magenta USPP14729 Can2348 3-8"

Cascading purple-magenta flowers all season. *Nordic*

MILLION BELLS® Trailing Pink USPP10287 Can1069 3-8"

Bright pink blooms and tight-growing foliage.

Dentooms, Nordic, Sobkowich

MILLION BELLS® Trailing Yellow USPP21125 Can3950 3-8"

Boasts trailing mounds of lemon-coloured blooms. *Nordic*

MILLION BELLS® Yellow USPPAF Can1221 6-10"

Bright yellow flowers make a great addition to any combo.

Sobkowich

Coreopsis hybrids

This popular perennial loves the sun and sports bright Daisy-like flowers on wiry stems that float above the mounding foliage.

COLOROPSIS™ Salsa USPPAF 12-18"

Definitely an attention-getter, Coloropsis Salsa features masses of single, bright golden yellow flowers with a wide burgundy eye and bushy thread-like foliage. This annual beauty blooms summer through fall. *Nordic*

Full Moon 18-24" Zone 5

Large canary yellow flowers cover a well-branched bushy mound of green foliage. *Nordic*

Jethro Tull 18-20" Zone 4

Bright golden yellow flowers with fluted petals and a compact habit. *Nordic*

Little Sundial 6-12" Zone 4

Golden yellow flowers with a deep maroon eye appear from early through late summer. *Nordic*

Redshift 30-36" Zone 5

Blooms from midsummer into early fall, producing large creamy yellow flowers with a rich red ring around the gold button-like center. Mounding habit. *Nordic*

Route 66 24-28" Zone 5

Large yellow blooms with a red eye that bleeds out onto the petals. Each flower with a slightly different pattern. Upright habit. *Nordic*

Dahlia hybrids

MYSTIC™ Series

20-24"

One of the easiest flowers to grow, Dahlias are strong plants and prolific bloomers. Their vibrant colours and longevity as a cut flower make them a consumer favourite. The Mystic series is an especially eye-catching Dahlia because its dark mahogany foliage makes an intriguing contrast to the intense bloom colour.

MYSTIC™ Dreamer^{USPP19885}

20-24"

Delicate pink petals form a ring around a magenta center.

Dentooms, Nordic

MYSTIC™ Enchantment

16-18"

Bright fire engine blooms with dark centers. *Nordic*

MYSTIC™ Haze

24-32"

Unique apricot-orange blooms with a soft yellow halo and dark centers. *Nordic*

MYSTIC™ Illusion^{USPP18339}

18-36"

Bright yellow petals are set off against a nearly black center.

Dentooms, Nordic

MYSTIC™ Spirit^{USPP20954}

24-36"

Salmon coral flowers with a dramatic dark center. *Nordic*

MYSTIC™ Wonder

18-36"

Velvety red flowers. *Nordic*

Euphorbia hybrids

Ascot Rainbow

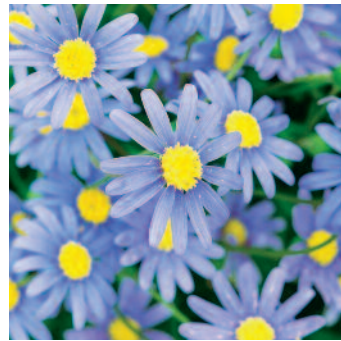

18-20" Zone 5

Variiegated sage green, gold, and lime foliage with flowers that repeat the colour pattern. Leaves become tinged with pink in cool weather. Compact spreading habit. *Nordic*

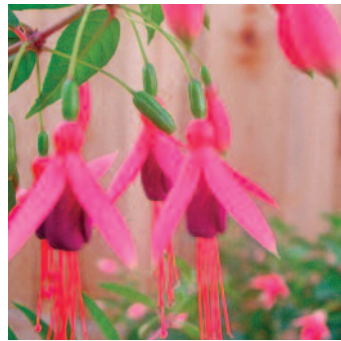

Tasmanian Tiger

12-15" Zone 5

This evergreen Euphorbia has showy variegated foliage with wide, cream-coloured margins and dark green centers. Spreading habit. *Nordic*

WINDCHIMES® Red & White

WINDCHIMES® Rose & Purple

WINDCHIMES® White & White

Fuchsia hybrid

Wilma Verslot 10-14"

Stunning single blooms feature crimson red sepals and royal purple corollas that bloom spring to fall. Everblooming, even in full sun. *Nordic*

Gazania

TIGER STRIPES™ 6-12"

Vivid orange flowers in summer cover cream and green variegated foliage. *Nordic*

Glechoma hederacea

Dappled Light 3-6"

Vigorous grower with pink stems and brightly variegated chartreuse scalloped leaves. Trailing habit. *Dentooms, Nordic*

Grasses

Our collection of Grasses provides a varied offering of colours, textures, and sizes sure to get consumers' attention. And their beauty and versatility are just the beginning. They're also practical and easy to grow and are top performers in the garden.

Acorus

Ogon 16-14" Zone 5

Butter-yellow sword-like blades add wonderful contrast all season. Likes moisture. New this year. *Nordic*

Calamagrostis

Overdam 24-36" Zone 4

Stunning variegated foliage with mauve flower spikes. Upright habit. *Nordic*

Carex

Frosted Curls 12-16" Zone 7

Slender hair-like iridescent foliage form dense tufts that shimmer in the slightest breeze. Upright habit. *Nordic*

Deschampsia

Northern Lights 8-14" Zone 4

The narrow, creamy-white variegated blades of this variety turn pink in cold weather. Upright habit. *Nordic*

Pennisetum

Fireworks 18-24" USPP18504

A beautiful plant that features vertical stripes in a spectrum of colours, which ranges from white to pink to purple depending on the temperature. *Nordic, Sobkowich*

Princess 24-36" USPP17728

Wide purple foliage that becomes richer in the heat of summer. Sun or partial shade. *Dentooms*

Sky Rocket 18-24" USPP21497

White and green variegated foliage. *Nordic, Sobkowich*

Hedera hybrids

Golden Ingot 3-6" Zone 5

Golden Ingot's triangular-shaped Ivy leaf is dainty, elegant, and compact. The variegated leaves feature an overall lemon yellow tone with grey splotches and an emerald green rim. *Nordic*

Glacier 3-6" Zone 5

This classic, fan-shaped, silvery green English Ivy is a strong grower, trailing variety that's great for baskets, containers, and as a groundcover. *Sobkowich*

Ritterkreuz 3-6" Zone 5

Fairly vigorous grower with trailing, self-branching habit. The small, glossy dark green leaves have five to seven pointed lobes, often with little side branches. *Nordic, Sobkowich*

Teardrop 3-6" Zone 5

This variety features shiny, dark green, unlobed teardrop-shaped leaves that are longer than they are wide. *Nordic*

Yellow Ripple 3-6" Zone 5

Yellow Ripple is a slower growing, prostrate variety with zig-zag stems. The foliage is silver green with butter yellow edges through all seasons. *Nordic, Sobkowich*

Helichrysum petiolare 8-12"

Licorice plants are exceptionally easy to grow, requiring little water and fertilizer to deliver a compact, upright, sturdy plant that is a great filler in containers and the landscape. *Nordic*

Lemon Licorice

Bright green, velvety foliage.

Licorice Splash

Delightful grey-green leaves with creamy variegation.

Helichrysum petiolare (continued) 8-12"

Petite Licorice

Very compact grower with dainty dusty silver green leaves.

White Licorice

Vigorous grower with lovely silver white foliage.

Helichrysum thianschanicum

Icicles

Tight growth habit with long, delicate, intensely silver foliage. Upright habit. Sun or partial sun. *Nordic, Sobkowich*

Heliotrope arborescens

Marine

Large clusters of deep purple, vanilla-scented flowers all summer. Heat tolerant. New this year.

Nordic

Heuchera hybrids

Consumers looking for a beautiful foliage plant that comes back year after year, will love *Heuchera*. These perennials can thrive in varying light conditions, and if the dramatic foliage isn't enough, they also boast small coral bell flowers. *Nordic*

Amethyst Myst

This *Heuchera* features cool silver-veined leaves and bright magenta undersides. A very textural plant with a mounding habit.

Crimson Curls

Compact habit with unique, curly foliage. Foliage starts as a brilliant burgundy colour that matures to a deep violet which fades to a grey-green for summer. New this year.

Green Spice

This unique hybrid has a silvery base, deep burgundy venation, and dark green edging and accents. Cool temperatures intensify the red veins and bright silver.

HERCULES®

Clump-forming variety with rounded leaves marbled with green and cream. New this year.

Kassandra

This plant takes on a multi-coloured hue as new red foliage transitions to oranges, yellows, and greens while it matures.

Peppermint Ice

Silver green foliage with dark green veins and soft pink edes. New this year.

Sugar Frosting

Compact, clump-forming habit with rounded, lobed dark purple to burgundy leaves with silver markings. New this year.

Velvet Night

The black purple foliage glistens on this darkest of the coral bells varieties. Mounding habit. A superb perennial.

Ipomoea batatas

This collection of Sweet Potato Vines shows the versatility and colour impact that have made these beauties a must-have plant for gardeners today.

Black Heart

Trailing habit with garnet-purple, heart-shaped foliage.

Dentooms, Nordic

Blackie

Vigorous grower with stunning dark purple, almost black, cascading foliage. *Nordic, Sobkowich*

Margarita

Vigorous trailing and mounding grower with vibrant chartreuse foliage. *Nordic, Sobkowich*

Tricolor

Wonderful tricoloured variegated leaves in silver-green, white, and pink. Trailing habit. *Nordic, Sobkowich*

Lamiastrum galeobdolon

Hermann's Pride

Hermann's Pride features shiny silver leaves and green venation and a creeping, trailing habit. Also boasts golden yellow flowers in spring. *Nordic*

Lamium maculatum

Golden Anniversary

Very tight, self-branching habit with purple flowers that appear from spring until fall on yellow and green variegated foliage.

Dentooms, Nordic, Sobkowich

Lamium

Orchid Frost

Silvery leaves with a green edge make this *Lamium* shine. Pink blooms appear spring to summer. *Dentooms*

Lantana camara

Tropical Temptation Mimosa™

Heat tolerant, compact grower with large bicolor balls of purple yellow blooms above bright green foliage. Great colour and habit. Mounding habit. *Dentooms, Nordic*

Large Red

☉ ☽ 6-10"

Dense, large oval green leaves with red tips on upright stems. *Nordic*

Crassula

Princess Pine

☉ ☽ 6-12"

This plant has a nice spreading habit and dark green reeds with slight purple tones throughout. *Nordic*

Crassula

Springtime

☉ ☽ 6-12"

Springtime features small, densely mounded silver foliage with small clusters of star-shaped light pink flowers that appear in winter. *Nordic*

Crassula

Variegated Jade Plant

☉ ☽ 12-24"

Variegated pale green and creamy white foliage with a mass of pink-white flowers that bloom in winter. *Nordic*

Echeveria

Amoena

☉ ☽ 1-2"

Compact, strong, clustering variety with blue-grey foliage and yellow and orange flowers. *Nordic*

Echeveria

Black Prince

☉ ☽ 6-8"

Black Prince features tight rosettes up to 3" wide with thin, triangular leaves that are a dark black colour. Rich burgundy red flowers appear on stalks in late autumn. New this year. *Nordic*

Echeveria

Metallica

☉ ☽ 6-12"

The velvety, metallic-looking leaves of this beautiful plant form small, attractive clumps. A truly beautiful plant. New this year. *Nordic*

Echeveria nodulosa

Painted Echeveria

☉ ☽ 6-8"

Definitive red lines mark the interior and edges of each leaf. Pinkish white flowers appear in fall. *Nordic*

Echeveria hybrid

Perle Von Nurnberg

☉ ☽ 6-10"

Grey symmetrical rosettes are highlighted with pink and purple. Coral-coloured flowers appear in spring. *Nordic*

Echeveria runyonii

Topsy Turvy

☉ ☽ 4-8"

A very interesting habit, the rosettes of Topsy Turvy have pale silver-blue leaves that are strongly, inversely curled and pointing straight up. Plants offset profusely and quickly become mounds with many large individual rosettes. Bright orange and yellow flowers rise above the foliage in late summer on tall, arching inflorescences. New this year. *Nordic*

Graptoveria hybrid

Fred Ives

☉ ☽ 6-10"

Dark purple rosettes are highlighted with pink and purple. Coral-coloured flowers appear in spring. *Nordic*

Kalanchoe beharensis

☉ ☽ 24-36"

Silver, irregularly lobed, triangular leaves that are trimmed with a rust colour are covered with dense felt-like hairs. New this year. *Nordic*

Kalanchoe orgyalis

☉ ☽ 12-18"

Orange spoon-shaped foliage folds upward with a grey-coloured underside. New this year. *Nordic*

Kalanchoe pumila

Silver Grey

☉ ☽ 6-10"

Scalloped foliage in shades of burgundy to dusty rose produce pink flowers in spring. *Nordic*

Kalanchoe thyrsiflora

Flapjacks

☉ ☽ 10-14"

Light green paddle-shaped leaves are highlighted in red to form rosettes that produce clusters of fragrant blooms in early spring. *Nordic*

Kalanchoe tomentosa

Nigra

☉ ☽ 6-10"

Soft, fine hair cover these plump, rounded silvery green leaves that are marked with a reddish brown edge. *Nordic*

Orostachys boehmeri

Chinese Dunce Cap

☉ ☽ 2-4"

Soft, silver-grey-green foliage form beautiful paddle-shaped leaves in a tight rosette. *Nordic*

Sedeveria hummeli

☉ ☽ 6-8"

Light green rounded leaves form spiraling rosettes. *Nordic*

Sedeveria

Jet Beads

☉ ☽ 4-8"

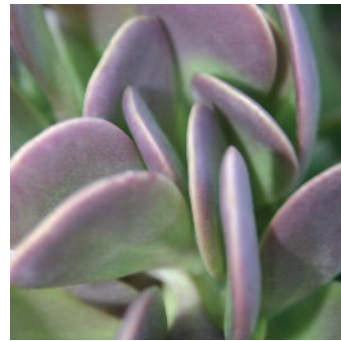

Almost black, tiny pointed leaves produce berry-coloured tips and green apple centers in full sun and are arranged like a string of beads along a stem. *Nordic*
