

MUELLERIA

National Herbarium of Victoria, Royal Botanic Gardens Victoria

	Title and Author	pp
Volume 1(1), 1955	Foreword JS. Turner	3
	Preface AW. Jessep	5
	New species and varieties of <i>Stylidium</i> from Western Australia. R. Erickson & JH. Willis	7
	A new species of <i>Eria</i> (Orchidaceae). TE. Hunt	21
	Systematic notes on Victorian Compositae - 1. (<i>Olearia</i>). JH. Willis	24
	The <i>Eucalyptus</i> species of Cavanilles. AK. Cameron	34
	A new species of <i>Pestalotiopsis</i> (Fungi Imperfecti) on <i>Pittosporum</i> <i>bicolor</i> . AB.Court	43
	Changes in the nomenclature of three Victorian monocotyledons. JH. Willis & AB Court	45
	Robert Brown's Bass Strait journal of April/May, 1802 (A transcription). JH. Willis & Cl. Skewes	46
	Robert Brown's collectings in Victoria. JH. Willis	51
	Notes on the growth of an English elm. PF. Morris	54
	The present position of muscology in Victoria (a centennial review). JH. Willis	55
	A remarkable lichen from arid Australia. P. Bibby	60
	A bibliography of the Australian baobab. JH. Willis	61
Recent changes in the nomenclature of three Australian conifers. PF. Morris	64	

Volume 1(2), 1959

Australian species of the fungal genus <i>Cordyceps</i> . JH. Willis	67
Orthography of certain species Epithets. JH. Willis	90
Reduction of the lichen genus <i>Bibbya</i> . JH. Willis	91
Notes on the vegetation of Eucla District, WA. JH. Willis	92
Plants of the Recherche Archipelago, WA. JH. Willis	97
New species and varieties of <i>Ptilotus</i> R. Br. (Amaranthaceae). G. Benl	101
Reinstatement of <i>Calotis suffruticosa</i> Domin (Compositae). GL. Davis	109
Two new Australian species of <i>Brachycome</i> Cass. (Compositae). GL. Davis	111
Studies in Mimosaceae Part1. AB. Court	114

Volume 1(3), 1967

Systematic notes on the indigenous Australian flora JH. Willis	117
Typification of eight Victorian species names in <i>Eucalyptus</i> JH. Willis	165
New cultivar in <i>Leptospermum</i> JH. Willis	168
Aquatic Angiosperms (Records of four introduced species new to Victoria) Helen I Aston	169
Correction (re <i>Brachycome</i>)	174
Australian Characeae which survived the Armidale Fire RD Wood & MB Williams	175
Supplementary descriptions for two Victorian desert lichens Rex B Filson	197
A bibliography of "Blackfellows bread", <i>Polyporus mylittae</i> Cooke & Massee JH. Willis	203
A bibliography of the "Ghost fungus", <i>Pleurotus nidiformis</i> (Berk.) Sacc.	

	JH. Willis	213
	Notes on the development and structure of the "Basket fungus", <i>Clathrus gracilis</i> (Berk.) Schlechtendal EJ Semmens	219
	Further <i>Cordyceps</i> collections in Australia JH Willis	223
	Bibliographia Huntiana Ann Mozley	224
	<i>Tortula pagorum</i> in Australia DG Catcheside	227
	A collection of plants from the Victorian Pyrenees in 1840 JH Willis	231
	<i>Tristania lactiflua</i> or <i>T. lactiflora</i> ? JH Willis	232
	The late Raleigh Adelbert Black (1880-1953) and his private Herbarium JH Willis	233
	Book reviews and notices JH Willis	239
	General Index	251
Volume 2(1), 1969	The genus <i>Villarsia</i> (Menyanthaceae) in Australia. HI. Aston	3
	A review of the genera <i>Teloschistes</i> and <i>Xanthoria</i> in the lichen family Teloschistaceae in Australia. RB. Filson	65
Volume 2(2), 1971	Otto Carl Berg's types of Myrtaceae in the National Herbarium of Victoria. JA. Anderson	119
	Additions to the Flora of the Northern Territory. JR.Maconochie & N. Byrnes	133
	A new combination in the genus <i>Bossiaea</i> Vent. (Papilionaceae). AB. Court	139
	A new species of Mountain Heath from Tasmania. AM. Gray	143
	Further collections of two little-known Styliidiaceae from the Northern Territory. JR. Maconochie & SA. Parker	145

	Colourless algae of the flagellate genus <i>Monosiga</i> from Victoria, Australia. BV. Skvortzov & M. Noda	147
Volume 2(3), 1972	A new species of Orchidaceae from Victoria. DL. Jones	151
	Notes on Australian <i>Acacias</i> I. AB. Court	155
	Notes on two species of <i>Cenchrus</i> (Graminae) in Australia. JD. Twentyman	164
	The flora of Ulupna Island Reserve. TB. Muir	169
	Studies in Australian lichens II. The alpine lichen <i>Thamnolia vermicularis</i> (Sw.) Schaer. in Australia. RB. Filson	180
	Preliminary notice on the Sonder Collection in the National Herbarium of Victoria. AB. Court	188
Volume 2(4), 1973	Two new species of <i>Archidium</i> from Victoria, Australia. IG. Stone	191
	General Index	214
Volume 3(1), 1974	Studies in Antarctic lichens I: Notes on <i>Caloplaca citrina</i> (Hoffm.) Th.Fr. and <i>Phycia caesia</i> (Hoffm.) Hampe. RB. Filson	1
	Studies in Antarctic lichens II: Lichens from the Windmill Islands, Wilkes Land. RB. Filson	9
	Taxonomy and distribution of <i>Rubus fruticosus</i> L. agg. (Rosaceae) naturalised in Victoria. RL. Amor & BA. Miles	37
	A yellow form of the Tasmanian waratah, <i>Telopea truncata</i> (Labill.) R. Br. AM. Gray	63
	The status of <i>Bedfordia</i> on the Australian mainland. AM. Gray	64
	Book review: Aquatic plants of Australia. A guide to the identification of the aquatic ferns and flowering plants of Australia, both native and naturalised. HI Aston	67

	Book review: Noxious weeds of Victoria. WT. Parsons	68
Volume 3(2), 1975	James Hamlyn Willis. A biographical sketch. Anonymous	71
	Four new species of plants endemic in the Macdonnell and George Gill Ranges, Central Australia. JH. Willis	89
	<i>Grevillea willisii</i> (Proteaceae), a new Victorian species. RV. Smith & DJ. McGillivray	102
	A fruiting occurrence of <i>Bryum algens</i> Card. in east Antarctica. RB. Filson & JH. Willis	112
	Studies in Antarctic lichens III: Notes on <i>Rinodina olivaceobrunnea</i> Dodge & Baker, from the Antarctic and moss-inhabiting species of <i>Rinodina</i> from other parts of the world. RB. Filson	117
	<i>Trachycarpidium</i> in Queensland, Australia. IG. Stone	122
	Studies in Antarctic lichens IV: Notes on <i>Umbilicaria aprina</i> Nyl. RB. Filson	130
	A new <i>Grevillea</i> species from western Victoria. WM. Molyneux	141
	Studies in Antarctic lichens V: Lichenes Antarctici Exsiccati, Fascicle I, with additional notes on the taxonomy of each species. RB. Filson	146
	Book review: WR. Guilfoyle. RTM. Pescott	159
	Book review: The kew record of taxonomic literature relating to vascular plants for 1971. Anonymous	160
	Book review: Poisonous plants of Australia. SL. Everist	161
	Book review: Author and classified catalogues of the Royal Botanic gardens library, Kew, England. Anonymous	163
Volume 3(3), 1976	A new <i>Corybas</i> species from South Australia. DL. Jones & RC. Nash	165

	An analysis of the flora of Victoria. JH. Ross	169
	<i>Hypecoum pendulum</i> L. (Papaveraceae) in Australia - a new introduction. HI. Aston	177
	Australian lichenology: a brief history. RB. Filson	183
	<i>Caladrintia volubilis</i> Benth. in Victoria and South Australia. MA. Todd	191
	A new combination in <i>Flemingia</i> W.T. Aiton (Papilionaceae). JR. Maconochie	198
	The species of <i>Adonis</i> L. naturalised in Australia. PM. Kloot	199
	A note on the relationship of <i>Eucalyptus risdonii</i> Hook.f. var <i>elata</i> benth. to <i>Eucalyptus delegatensis</i> R. T. Baker. AM. Gray	197
	The correct citation fro <i>Typhonium liliifolium</i> . TB. Muir & D. Sinkora	208
Volume 3(4), 1977	The species of <i>Paronychia</i> (Caryophyllaceae) naturalised in Victoria. HI. Aston	209
	The herbaceous species of <i>Echium</i> (Boraginaceae) naturalised in Australia. CM. Piggin	215
	A new species of <i>Lastreopsis</i> (Aspidiaceae). DL. Jones	245
	A new combination in <i>Pultenaea juniperina</i> Labill. (Papilionaceae). MG. Corrick	249
	<i>Placynthium</i> (Ach.) S.F. Gray, a genus of lichens previously unreported from Australia. WA. Weber	250
	Index to Volume 3	251
Volume 4(1), 1978	The published works of Ferdinand JH. Mueller (1825-1896) DM. Churchill, TB. Muir & DM. Sinkora	1
Volume 4(2), 1979	An index to the new taxa, new names and new combinations published by Ferdinand JH. Mueller. TB. Muir	123

	A new species of <i>Apteropteris</i> (Hymenophyllaceae) from Tasmania. AM. Gray & RG Williams	169
	A conspectus of new records and nomenclature for vascular plants in Victoria during the period 1970-1977. MA. Todd	173
	<i>Pomatocalpa marsupiale</i> (Orchidaceae), a new record for Australia. B. Gray	201
	Book review: Plant taxonomic literature in Australian libraries. NT. Burbridge	204
Volume 4(3), 1980		
	New or noteworthy Australian Euphorbiaceae - II. HK. Airy Shaw	207
	An alphabetical check-list of native Australian Euphorbiaceae. HK. Airy Shaw	243
	A new species of <i>Templetonia</i> (Papilionaceae) from Western Australia. JH. Ross	247
	The herbarium and plant collections of Norman. A. Wakefield (1918- 1972). H.Aston	251
	Studies in Australian Centrolepidaceae I: The scapeless species of <i>Centrolepis</i> Labill. DA. Cooke	265
	A new Australian lichen: <i>Cladonia kuringaiensis</i> . AW. Archer	273
	The occurrence of <i>Phyllocladus aspleniifolius</i> (Labill.) Hook. F. in Victoria, prior to 1100 BP. DM Churchill & JR Dodson	277
	<i>Hydrocleys nymphoides</i> (Butomaceae) in Australia. HI. Aston & SWI. Jacobs	285
	Book Review: Lichens of South Australia RB. Filson & RW. Rogers	295
	Book Review: Descriptive notes on Papuan plants (fascimile). F. von Mueller	295
	Book Review: Kosciusko Alpine flora AB. Costin, M Gray, CJ. Totterdell, & DJ. Wimbush	296

Volume 4(4), 1981

New species of <i>Schoenus</i> (Cyperaceae) and <i>Trithuria</i> (Hydatellaceae). DA. Cooke	299
Studies on Macquarie Island lichens I: General. RB. Filson	305
Studies on Macquarie Island lichens 2: The genera <i>Hypogymnia</i> , <i>Menegazzia</i> , <i>Parmelia</i> and <i>Pseudocyphellaria</i> . RB. Filson	317
Vegetation of the Gippsland Lakes catchment. PK. Gullan, NG. Walsh & SJ. Forbes	333
Dates of publication of Australian pharmacy journals in connection with taxonomy. TB. Muir	385
Notes on <i>Templetonia</i> R. Br. (Papilionaceae) JH. Ross	389
Pollen-ovule ratios, breeding systems and distribution patterns of some Australian Gnaphaliinae (Compositae: Inuleae). PS. Short	395
Notes on a little known publication by Sonder on the marine algae of the New Hebrides. DM. Sinkora	419
A new species of <i>Grevillea</i> (Proteaceae) from Victoria. RV. Smith	423
A conspectus of new records and nomenclature for vascular plants in Victoria 2. 1978-early 1980. MA. Todd	429
Book review: Acacias of South Australia DJE. Whibley	439
Book review: Flora of New Zealand. Volume 3, Adventive cyperaceous, petalous and spathaceous monocotyledons. AJ. Healy & E. Edgar	440

Volume 5 (1), 1982

A revision of the genus <i>Templetonia</i> R. Br. (Papilionaceae). JH. Ross	1
The nomenclature of some Australian lichens described as <i>Lecanora</i> and <i>Placodium</i> by Muller-Argoviensis. RW. Rogers	31
New Australian species of <i>Nymphoides</i> Seguiet (Menyanthaceae). HI. Aston	35
Vegetation of East Gippsland.	

	SJ. Forbes, NG. Walsh, and PK. Gullan	53
Volume 5 (2), 1983	A new Australian lichen: <i>Cladonia sulcata</i> AW. Archer	115
	New Australian species of erechthitoid <i>Senecio</i> (Asteraceae). RO. Belcher	119
	Two Western Australian Hydatellaceae. DA. Cooke	123
	A revision of the genus <i>Platylobium</i> Sm. (Papilionaceae). JH. Ross	127
	A revision of <i>Angianthus</i> Wendl., sensu lato (Compositae: Inulae: Gnaphaliinae) 1. PS. Short	143
Volume 5 (3), 1983	A revision of <i>Angianthus</i> Wendl., sensu lato (Compositae: Inulae: Gnaphaliinae) 2. PS. Short	185
	<i>Storckiella australiensis</i> sp. nov. (Caesalpinaceae) from Northern Queensland: a new generic record for Australia. JH. Ross & BPM. Hyland	215
	<i>Asplenium terrestre</i> and two <i>Asplenium</i> hybrids: new fern records for Australia. PJ. Brownsey	219
	<i>Grevillea montis-cole</i> sp. nov. (Proteaceae) from Victoria. RV. Smith	223
Volume 5 (4), 1984	The published works of Ferdinand J.H. Mueller (1825-1896). Supplement. DM. Churchill, TB. Muir & DM. Sinkora.	229
	New taxa in <i>Ptilotus</i> R. Br. (Amaranthaceae) from the Northern Territory. G. Benl	249
	Lectotypification of <i>Geniostoma petiolosum</i> (Loganiaceae). BJ. Conn	263
	<i>Nymphoides triangularis</i> and <i>N. elliptica</i> (Menyanthaceae): two new Australian species. HI. Aston	265
	Three new Australian lichens: <i>Cladonia celata</i> , <i>C. praetermissa</i> and <i>C. wilsonii</i> . AW. Archer	271
	The application of the name <i>Templetonia sulcata</i> (Meissn.) Benth. And a new species of <i>Templetonia</i> R. Br. (Papilionaceae) from Western Australia.	

	JH. Ross	277
	Publication dates of early scientific journals in Victoria. HI. Aston	281
Volume 5 (5), 1984	Vegetation of Western Port Catchment. AM. Opie, PK. Gullan, SC. van Berkel & H. van Rees	289
	Review of the infraspecific classification of <i>Drosera macrantha</i> Endl. BJ. Conn	347
Volume 6 (1), 1985	Three new species of <i>Borya</i> Labill. (Liliaceae). DM. Churchill	1
	A revision of <i>Actinobole</i> Fenzl ex Endl. (Compositae: Inulae: Gnaphaliinae). PS. Short	9
	A revision of the genus <i>Labichea</i> Gaudich. Ex DC. (Caesalpiniaceae). JH. Ross	23
	<i>Monochoria cyanea</i> and <i>M. australasica</i> (Pontederiaceae) in Australia. HI. Aston	51
	A conspectus of new records and nomenclature for vascular plants in Victoria 3. Early 1980-early 1984. MA. Todd	59
Volume 6 (2), 1985	Seven new species of <i>Helicia</i> Lour. (Proteaceae) from Papua New Guinea. DB. Foreman	79
	Two new lichens: <i>Cladonia bimberiensis</i> and <i>C. weymouthii</i> . AW. Archer	93
	Vegetation of South and Central Gippsland. PK. Forbes, SJ. Forbes, GE. Earl, RH. Barley & NG. Walsh	97
	<i>Grevillea obtecta</i> (Proteaceae), a new species from central Victoria. W. Molyneux	147
	The status of the name <i>Lasiopetalum tepperi</i> F. Muell. (Sterculiaceae). PS. Short	153
Volume 6 (3), 1986	Notes on <i>Trachymene humilis</i> (J.D.Hook.) Benth. (Umbelliferae).	

PS. Short	159
Studies in Macquarie Island lichens 3: the genus <i>Sphaerophorus</i> .	
RB. Filson	169
New or noteworthy taxa of <i>Senecio</i> (Asteraceae) in Australia I.	
RO. Belcher	173
<i>Caladenia calcicola</i> (Orchidaceae), a new species from Victoria, Australia.	
GW. Carr	185
Two new species of <i>Olearia</i> Moench (Compositae: Astereae) from Central Australia.	
DA. Cooke	181
A new species of <i>Helicia</i> , new combinations and lectotypification in <i>Triunia</i> (Proteaceae) from Australia.	
DB. Foreman	193
<i>Nymphoides disperma</i> (Menyanthaceae): a new Australian species.	
HI. Aston	197
A new species of <i>Carex</i> (Cyperaceae: Caricoideae) from south eastern Australia.	
KR. Thiele	201
Rediscovery of <i>Hemichroa mesembryanthema</i> F. Muell. (Amaranthaceae).	
RJ. Chinnock & FJ. Badman	205
Notes on <i>Azelia</i> Sm. and <i>Petalostylis</i> R.Br. (Caesalpiniaceae).	
JH. Ross	211
Studies in Macquarie Island lichens 4: the genera <i>Cladia</i> and <i>Cladonia</i> .	
RB. Wilson & AW. Archer	217
Volume 6 (4), 1986	
A revision of <i>Pogonolepis</i> Steetz (Compositae: Inulae: Gnaphaliinae).	
PS. Short	237
Lectotypification of <i>Stuartina muelleri</i> (Compositae: Inulae) with notes on <i>Stuartina</i> in Victoria and South Australia.	
HI. Aston & DA. Cooke	255
New species of <i>Hemigenia</i> and <i>Microcorys</i> (Labiatae).	
BJ. Conn	259
The alpine vegetation of Victoria, excluding the Bogong High Plains region.	
NG. Walsh, RH. Barley & PK. Gullan	265

	Two new species of <i>Callistemon</i> R. Br. (Myrtaceae). RD. Spencer & PF. Lumley	293
Volume 6 (5), 1987	New species of <i>Xylomelum</i> Sm. and <i>Triunia</i> Johnson & Briggs (Proteaceae). DB. Foreman	299
	The genus <i>Kniphofia</i> Moench (Aloaceae) in Australia. JG. Conran	307
	<i>Limnophyton australiense</i> sp. nov. (Alismataceae): a new generic record for Australia. HI. Aston	311
	Notes on <i>Gnephosis</i> Cass. (Compositae: inulae: Gnaphaliinae). PS. Short	317
	Two new species of <i>Westringia</i> (Labiatae) from New South Wales. BJ. Conn	321
	Notes on the wood anatomy of <i>Idiospermum australiense</i> (Idiospermaceae). DB. Foreman	329
	Studies in Antarctic lichens 6: further notes on <i>Umbilicaria</i> . RB. Filson	335
	A revision of <i>Blennospora</i> A. Gray (Compositae: Inuleae: Gnaphaliinae). PS Short	349
	<i>Nymphoides beaglensis</i> (Menyanthaceae): a new Australian species. HI. Aston	359
	Variation in <i>Eustrephus</i> R. Br. Ex Ker Gawler and <i>Geitonoplesium</i> Cunn. ex R. Br. (Asparagales: Luzuriagaceae). JG. Conran	363
	A new Western Australian species of <i>Prostanthera</i> section <i>Klanderia</i> (Labiatae). BJ. Conn	371
	A study of the variation within and between <i>Prostanthera monticola</i> and <i>P. walteri</i> (Labiatae) using leaf volatile oils. BJ. Conn	375
	Two new lichens: <i>Cladonia squamulosa</i> var. <i>subsquamulosa</i> and <i>C. sulcata</i> var. <i>striata</i> with notes on chemotaxonomy within the species. AW. Archer	383
Volume 6 (6), 1988	Two new species of <i>Brachysome</i> Cass. (Compositae: Astereae), with a note on the orthography of the generic name. PS. Short	389

Three new species of <i>Phebalium</i> Vent. sect. <i>Eriostemoides</i> Endl. (Rutaceae) from south-eastern Australia. NG. Walsh & DE. Albrecht	399
Nomenclatural notes on <i>Callistemon</i> R. Br. (Myrtaceae). PF. Lumley & RD. Spencer	411
New species of <i>Buckinghamia</i> F. Muell. and <i>Stenocarpus</i> R. Br. (Proteaceae) from northern Queensland. DB. Foreman & BPM. Hyland	417
Notes on <i>Hovea</i> R. Br. (Fabaceae): 1. JH. Ross	425
Two new species of <i>Pomaderris</i> Labill. (Rhamnaceae) from south eastern New South Wales. NG. Walsh	429
A name change in the genus <i>Acmena</i> DC. (Myrtaceae). GP. Guymer & BPM. Hylund	437
New species of <i>Caladenia</i> R. Br. (Orchidaceae) from Victoria and New South Wales, Australia. GW. Carr	439
The botanist Joachim Steetz (1804-1862). PS. Short & DM. Sinkora	449
The lichen genera <i>Heppia</i> and <i>Peltula</i> in Australia. RB. Filson	495
Muelleria: distribution dates and publication summary. HI. Aston	519

Volume 7 (1) 1989

Two new lichens: <i>Cladonia paeminosa</i> and <i>C. humilis</i> var. <i>bourgeanica</i> . A. Archer	1
<i>Eucalyptus cadens</i> (Myrtaceae), a new swamp gum from the Warby Range, North-East Victoria. JD. Briggs & MD. Crisp	7
<i>Azorella</i> Lamarck (Apiaceae) on Heard and Macquarie Islands, with description of a new species. AE. Orchard	15
Notes on <i>Hovea</i> R. Br. (Fabaceae): 2. JH. Ross	21
A revision of <i>Podothea</i> Cass. (asteraceae: Gnaphaliinae). PS. Short	39
Notes on the fruit anatomy of Australian members of the Inuleae (Asteraceae).	

	PS Short, KE Wilson & J. Nailon	57
	Two new species of <i>Pomaderris</i> Labill. (Rhamnaceae) from South-eastern Australia. NG. Walsh	81
	A new subspecies of <i>Grevillea acanthifolia</i> (Proteaceae: Grevilleoideae) from South-Eastern New South Wales. RO. Makinson & DE. Albrecht	89
	A new species of <i>Tetrarrhena</i> R. Br. (Poaceae) from Victoria and New South Wales. NG. Walsh	95
	Ferdinand Mueller, Government Botanist: the role of William Hooker in his appointment. HM. Cohn	99
	New genera and species of Australian Inuleae (Asteraceae) PS. Short	103
	<i>Olearia archeri</i> (Asteraceae: Astereae), a new name for a familiar species from Tasmania. NS. Lander	117
	<i>Olearia astroloba</i> (Asteraceae: Astereae), a new species endemic to Victoria. NS. Lander & NG. Walsh	123
	Valid publication of the names <i>Torrenticola</i> and <i>T. queenslandica</i> (Podostemaceae) HI. Aston	127
	<i>Acacia caerulescens</i> , a new species of <i>Acacia</i> section <i>Phyllodineae</i> from Victoria. BR. Maslin & AB. Court	131
	Notes on <i>Hovea</i> R. Br. (Fabaceae): 3. JH. Ross	135
Volume 7(2), 1990	A new species of <i>Cassinia</i> R. Br. (Asteraceae) from South-west Victoria. NG. Walsh	141
	New taxa and a new combination in Tasmanian Poaceae. DI Morris	147
	Some species of <i>Cladonia</i> published by JD. Hooker & T. Taylor from the Southern Hemisphere. A. Teuvo, S. Soili & AW. Archer	173
	The mycorrhizal associations of Australian Inuleae (Asteraceae). JH. Warcup	179

Notes on Australian Verrucariaeae (Lichens): 1. PM. McCarthy	189
<i>Eucalyptus wimmerensis</i> , a new species of <i>Eucalyptus</i> (Myrtaceae) from Victoria and South Australia. K. Rule	193
Notes on <i>Hovea</i> R. Br. (Fabaceae): 4. JH. Ross	203
Two new species of <i>Pomaderris</i> Labill. (Rhamnaceae) from New South Wales. NG. Walsh	207
A revision of <i>Trichanthodium</i> Sond. & Muell. ex Sond. (Asteraceae: Inuleae: Gnaphaliinae). PS. Short	213
A revision of the genus <i>Chthonocephalus</i> Steetz (Asteraceae: Inuleae: Gnaphaliinae). PS Short	225
New taxa and new combinations in Australian Gnaphaliinae (Inuleae: Gnaphaliinae). PS. Short	239
Two new species of <i>Callistemon</i> R. Br. (Myrtaceae) PF. Lumley & RD. Spencer	253
<i>Haeglia</i> , a new genus of the Australian Asteraceae (Inuleae: Gnaphaliinae), with notes on the genus <i>Epaltes</i> Cass. PS. Short & PG. Wilson	259
The <i>Pomaderris oraria</i> F. Muell. complex in Australia. NG Walsh	267
New species of <i>Hibbertia</i> Andr. (Dilleniaceae) in New South Wales, Australia. BJ. Conn	289
A new species of <i>Acrotriche</i> R. Br. (Epacridaceae) from South- Eastern Australia. PC. Jobson & Whiffin, T.	295
New species of <i>Petrophile</i> R.Br. (Proteaceae) from Western Australia. DB. Foreman	301
Book Review: How to know Western Australian wildflowers. Part1. Restructured and revised. 2nd edition. MG. Corrick	311
Volume 7(3), 1991	
<i>Thelopsis isiaca</i> var. <i>australis</i> , a new pyenocarpous lichen from Australia. PM. McCarthy	313

Notes on Australian Verrucariaeae (Lichens): 2. PM. McCarthy	317
Notes on the lichenized Ascomycete genus <i>Thelenella</i> Nyl. in Australia, Southern Africa and on the islands of the Subantarctic and Antarctic. H. Mayrhofer & PM. McCarthy	333
Some pyrenocarpous lichens from Maquarie Island. PM. McCarthy	343
Notes on <i>Hovea</i> R. Br. (Fabaceae): 5. JH. Ross	349
New species of <i>Minuria</i> Dc. (Asteraceae: Astereae). PS. Short	361
A new combination in <i>Ptilotus</i> R. Br. (Amaranthaceae). PS. Short	369
<i>Bossiaea arenicola</i> (Fabaceae), a new species from northern Queensland. JH. Ross	371
<i>Plectranthus arenicola</i> (<i>arenicolus</i>) (Lamiaceae), a new species from Cape York Peninsula, Queensland. PI. Forster	375
New taxa in Victorian Poaceae. NG. Walsh	379
Two new subspecies within <i>Eucalyptus leucoxylon</i> F. Muell. and notes on that species. K. Rule	389
A new species of <i>Calotis</i> R. Br. (Asteraceae: Astereae) from New South Wales PS. Short	405
Book review: Plants for Medicines: a chemical and pharmacological survey of plants in the Australian region. JH. Ross	411
Book Review: A key to Australian grasses. NG. Walsh	415
Volume 7(4), 1992	
<i>Plectranthus blakei</i> (Lamiaceae), a new species from central Queensland. PI Forster	417
A note on <i>Plagiocarpus</i> Benth. (Fabaceae: Brongniartieae). JH. Ross	421

The setaceous species of <i>Batrachospermum</i> (Rhodophyta): a re-evaluation of <i>B. atrum</i> , (Hudson) Harvey and <i>B. puiggarianum</i> Grunow including the description of <i>B. diatyches</i> sp. nov. from Tasmania, Australia. TJ. Entwisle	425
A new species of <i>Pomaderris</i> Labill. (Rhamnaceae) from north-east Victoria. NG. Walsh	447
New taxa in Victorian Poaceae (2). NG. Walsh	451
Chromosome number determinations in <i>Brachysome</i> Cass. (Asteraceae: Astereae) with comments on species delimitation relationships and cytogeography. K. Watanabe & PS. Short	457
Alpine botanical expeditions of Ferdinand Mueller L. Gillbank	473
<i>Ptilotus eriotrichus</i> (Amaranthaceae) revisited. PS Short	491
Lectotypification of <i>Fumaria muralis</i> Sond. Ex Koch (Fumariaceae). NG. Walsh	495
A new species and new records from the Tasmanian lichen flora. G. Kantvilas & JA. Elix	507
Some nomenclatural changes in the Angianthinae and Cassiniinae (Asteraceae: Gnaphalieae). PG. Wilson, PS. Short & AE. Orchard	519
A new species of <i>Lobelia</i> L. (Campanulaceae: Lobeliodeae) from Victoria and South Australia. D. Albrecht	525
Such ingenious Birds': Ferdinand Mueller and William Swainson in Victoria. S. Maroske & HI. Cohn	529
Book review: A taxonomic revision of <i>Lamium</i> (Lamiaceae). R. Spencer	555
Book review: The Macmillan Dictionary of the Australian Environment TJ. Entwisle	557
New saxicolous species of <i>Ditremis</i> Clements (lichenised Ascomycotina, Monoblastiaceae) from New Zealand and Hawaii.	

P.M.McCarthy	1
The discovery of Batrachospermalean taxa (Rhodophyta) in Australia and New Zealand.	
T.J. Entwisle	5
<i>Hybanthus stellariodes</i> new combination in Violaceae, a widespread species from eastern Australia and Papua New Guinea.	
P.I. Forster	17
Two new species of <i>Boronia</i> (Rutaceae) endemic in Victoria.	
D.E. Albrecht and N.G.Walsh	21
<i>Gonocarpus pycnostachys</i> (F.Muell.) Orch. (Haloragaceae) rediscovered.	
A.E.Orchard	27
New records of pyrenocarpous lichens from Australia	
P.M. McCarthy	31
<i>Utricularia beaugleholei</i> (Lentibulariaceae: Subgenus Utricularia: Section Pleiochasia), a new species from south-eastern Australia.	
R.J. Gassin	37
<i>Bacidia albidoplumbea</i> (lichenised Ascomycotina) and its taxonomic synonyms in Tasmania.	
G. Kantvilas	43
<i>Dillwynia sieberi</i> distinguished from <i>D. juniperina</i> (Fabaceae: Mirbelieae) in south-eastern Australia.	
D.E. Albrecht and M.D. Crisp	47
A new species of <i>Pultenaea</i> (Fabaceae) in Victoria.	
M.G. Corrick	51
Notes on <i>Pultenaea gunnii</i> Benth. (Fabaceae) in Australia and description of a new subspecies from Victoria.	
M.G. Corrick	55
Notes on <i>Isoetes</i> and <i>Tmesipteris</i> in Victoria.	
R.J. Chinnock	57
A new species of <i>Callistemon</i> R.Br. (Myrtaceae) from east Gippsland.	
W. Molyneux	61
A new species of <i>Marsilea</i> L. (Marsileaceae) from Australia.	
D.L. Jones	65
The status of recently named orchids from south-eastern Australia.	
M.A. Clements	69

Volume 8(2), 1994

New Species of <i>Pterostylis</i> R. Br. (Orchidaceae) from Victoria and New South Wales. D.L.Jones and M.A. Clements	73
New Australian species of <i>Triglochin</i> L. (Juncaginaceae) formerly included in <i>T. procerum</i> R. Br. H.I. Aston	85
Notes on Australian Verrucariaceae (lichenised Ascomycotina): 3. P.M.McCarthy	99
<i>Pomaderris brevifolia</i> (Rhamnaceae), a new species from south-west Western Australia. N.G. Walsh	107
<i>Senecio psilocarpus</i> (Asteraceae), a new species of erechthitoid <i>Senecio</i> from western Victoria and south-eastern South Australia. R.O. Belcher and D.E. Albrecht	113
A new species of <i>Pultenaea</i> (Fabaceae) from south-east Australia. M.G. Corrick	119
<i>Lomandra oreophila</i> (Lomandraceae) - a new species in the <i>L. micrantha</i> group. B.J.Conn and A-L Quirico	123
<i>Hafellia dissa</i> and <i>H. levieri</i> (lichenised Ascomycetes, Physciaceae) two corticolous and lignicolous species in Tasmania. W. Pusswald, G. Kantvilas, and H. Mayrhofer	133
Type collections of African Asclepiadaceae in the National Herbarium of Victoria (MEL). P.I Forster	141
<i>Sphaerolobium acanthos</i> (Fabaceae: Mirbeliae), a new species from the Grampians, Victoria. M.D. Crisp	151
A revised checklist of the Tasmanian lichen flora. G. Kantvilas	155
New species of Orchidaceae from south-eastern Australia. D.L.Jones	177
<i>Eucalyptus silvestris</i> , a new species of <i>Eucalyptus</i> (Myrtaceae) for Victoria and South Australia and notes on Victorian occurrences of <i>Eucalyptus odorata</i> . K.Rule	193
Notes on Western Australian <i>Bossiaea</i> species (Fabaceae): 1. J.H. Ross	201

	Notes on Western Australian <i>Bossiaea</i> species (Fabaceae): 2. J.H. Ross	211
	Three new endemic subspecies of Snowgum in Victoria and notes on the taxonomy of the informal subspecies <i>pauciflora</i> L.D. Pryor and L.A.S. Johnson. K.Rule	223
	Morphometric studies of the genus <i>Tasmannia</i> (Winteraceae) in Victoria, Australia. R.E. Raleigh, P.Y. Ladiges, T.J. Entwisle, and A.N. Drinnan	235
	Book Review: <i>Acacias</i> of Southeast Australia. B. Maslin	257
	Book Review: Identifying the weeds around you - revised second edition. D.E. Albrecht	259
Volume 8(3), 1995	From the Editor DB. Foreman	263
	A new saxicolous species and new records of <i>Poronia</i> (lichenised Ascomycotina, Trichotheliaceae) from Australia. PM. McCarthy	265
	Notes on Australian Verrucariaceae (lichenised Ascomycotina). 4. <i>Polyblastia</i> Massal. PM. McCarthy	269
	Notes on Australian Verrucariaceae (lichenised Ascomycotina). 5. <i>Staurothete pallidopora</i> sp. nov. from south-eastern Queensland. PM. McCarthy	275
	<i>Sarcolobus rubescens</i> (Asclepiadaceae: Marsdenieae), a new species from Papua New Guinea. PI. Forster	279
	A new species of <i>Rytidosperma</i> (Poaceae: Arundinae) in New South Wales and Victoria. HP. Linder & NG. Walsh	283
	Notes on <i>Protoglossum</i> (Fungi: Cortinariales) TW. May	287
	<i>Batrachospermum antipodites</i> sp. nov. (Batrachospermaceae): a widespread freshwater red alga in eastern Australia and New Zealand. T.J. Entwisle	291
	Two new species of <i>Monotoca</i> (Epacridaceae) endemic in Victoria.	

D.E. Albrecht	299
<i>Gompholobium inconspicuum</i> (Fabaceae: Mirbeliaceae), a new species from south-eastern Australia. MD. Crisp	307
<i>Grevillea celata</i> (Proteaceae), a new species from central eastern Gippsland, Victoria. W. Molyneux	311
Two new species of Epacridaceae from Victoria. Y. Menadue & RK. Crowden	317
New saxicolous species of <i>Strigula</i> Fr. (lichenised Ascomycotina, Strigulaceae) from Australia and New Zealand. PM. McCarthy	323
New Australian species of <i>Triglochin</i> L. (Jugcagiaceae) formerly included in <i>T. procerum</i> R.Br. H. Aston	331
Studies in Phormiaceae (Liliaceae) 1: new species and combinations in <i>Dianella</i> Lam. Ex Juss. GW. Carr & P.F. Horsfall	365
<i>Callistemon kenmorrisoi</i> (Myrtaceae), a new species from east Gippsland. W. Molyneux	379
<i>Nyctalis mirabilis</i> (Fungi: Agaricales), a new species from Australia. TW. May & BA. Fuhrer	385
Notes on <i>Pultanea</i> Sm. (Fabaceae) in Victoria M.G. Corrick	391
Ferdinand Mueller Anniversary S. Maroske	395
Book Review: Management of Endangered Plants T.J. Entwisle	399
Book review: Australian tropical rain forest trees: an interactive identification system. P. Jobson	401
Volume 9, 1996	
Dr James Hamlyn Willis AM - 28 Januaru 1910-10 November 1995 HI Aston	1
A taxonomic revision of <i>Aleurites</i> JR. Forst. & G. Forst. (Euphorbiaceae) in Australia and New Guinea. PI. Forster	5
Notes on <i>Hovea</i> R. Br. (Fabaceae): 6.	

JH Ross	15
Ectocarpus siliculosus (Dillwyn) Lyngb. from Hopkins River Falls, Victoria- the first record of a freshwater brown alga in Australia.	
JA. West & GT. Kraft	29
New combination in <i>Viola</i> (Violaceae).	
TA. James	35
A new species of <i>Asplenium</i> L. section <i>Thamnopteris</i> C. Presl (Aspleniaceae) from Lord Howe Island.	
DL. Jones	37
Re-instatement of <i>Caladenia alpina</i> RS. Rogers (Orchidaceae) as distinct from <i>Caladenia lyallii</i> Hook. F. and the description of <i>Caladenia cracens</i> , a related new species from southern Tasmania.	
DL. Jones	41
Resolution of the <i>Prasophyllum alpinum</i> R. Br. (Orchidaceae) complex in mainland south-eastern Australia, Tasmania and New Zealand.	
DL. Jones	51
Two new endemic species of <i>Sagina</i> L. (Caryophyllaceae) from Australia.	
LG. Adams	63
Miscellaneous notes on <i>Genoplesium ciliatum</i> (Ewart & B. Rees) DL Jones. & MA. Clem. (Orchidaceae).	
DL Jones & JA. Jeanes	67
New taxa and some new nomenclature in <i>Eucalyptus</i> .	
MI. Brooker & AV. Slee	75
Notes on <i>Tetratheca procumbens</i> Gunn ex Hook.f. (Tremandraceae).	
JA. Jeanes	87
New species of <i>Pronectria</i> , <i>Vouauxiomyces</i> , <i>Wentiomyces</i> and <i>Zwackhiomyces</i> from Australia.	
SY. Kondratyuk	93
<i>Dipodium pardalinum</i> (Orchidaceae), a new species from Victoria and South Australia.	
DL. Jones	105
The consequences of a footnote: typification and place of first valid publication of two Australian <i>Abutilon</i> (Malvaceae) species published by Mueller.	
RM. Barker	111
Australian alpine scapose radiate taxa of <i>Senecio</i> (Asteraceae).	
RO. Belcher	115

Three new Victorian species related to <i>Eucalyptus aromaphloia</i> LD. Pryor & JH. Willis and notes on the polymorphic nature of that species. K. Rule	133
A revision of the <i>Cardamine gunnii-lilacina</i> complex (Brassicaceae). IR. Thompson & PY. Ladiges	145
Revision of the <i>Cardamine paucijuga</i> complex (Brassicaceae). IR. Thompson	161
A review of the <i>Erigeron pappocromus</i> Labill. complex. SJ. Forbes & DI. Morris	175
A new species of <i>Gynatrix</i> Alef. (Malvaceae) from eastern Victoria. NG. Walsh	191
Nomenclatural changes in <i>Cullen</i> (Fabaceae: Psoraleeae). JW. Grimes	195
Chromosome number determinations in the Australian <i>Astereae</i> (Asteraceae). K. Watanabe, PS. Short, T. Denda, Y. Suzuki, M. Ito, T. Yahara & K. Kosuge	197
<i>Elaeocarpus</i> (Elaeocarpaceae) endocarps from the early to Middle Miocene Yallourn Formation of Eastern Australia. AC. Rozefelds & DC. Christophel	229
An annotated list of taxa of fungi in the published Australian papers of HJ. Stewart. JA. Simpson & CA. Grgurinovic	239
Book Review: The Orchids of Victoria T. Entwisle	255
Corrigendum	257
Volume 10, 1997	
Notes on <i>Goodia</i> (Fabaceae, Bossiaeeae). JH. Ross	1
<i>Eucalyptus macmahonii</i> , a new and rare mallee species from western Victoria. K. Rule	13
<i>Nymphoides spinulosperma</i> (Menyanthaceae): a new species from south-eastern Australia. HI. Aston	21
New taxa, new combinations and an infrageneric classification in <i>Pomaderris</i> (Rhamnaceae). NG. Walsh & F. Coates	27

Notes on <i>Callistemon</i> in East Gippsland, including the description of <i>C. genofluvialis</i> sp. nov. W. Molyneux	57
Chiloglottis jeansii (Orchidaceae), a new species from Victoria. DL. Jones	63
Miscellaneous notes on <i>Corybas neocaledonicus</i> (Orchidaceae). DI. Jones	69
A taxonomic revision of <i>Cheristylis</i> (Orchidaceae) in Australia. DL. Jones	75
Seven lichens new to Victoria. SH. Louwhoff, M. Gibson & JA. Elix	85
Selected Mycological papers from 'The 1996 Commemorative Conference', Melbourne, 29 September to 5 October 1996	
Introduction TW. May	91
The phenology of macrofungi in relation to autumn rainfall in the Adelaide Hills. A. Burns & JG. Conran	95
Orphans in 'botanical' diversity. DI. Hawksworth	111
Observations on morphology and the response of hyphae to temperature by Australian and French species of <i>Lepista</i> . K. Stott, A Broderick & NG. Nair	125
Preliminary observations on the limitations of the Australian Hygrophoraceae (Fungi, Agaricales). AM. Young	131
Who will look after the orphans? KD. Hyde	139
Fungi on submerged wood in a small stream on Mt Lewis, north Queensland, Australia. KD. Hyde & T-K. Goh	145
Book review: Wildflowers of Southern Western Australia. NG. Walsh	159
Corrigendum	164
Volume 11, 1998	
A result of the 1996 Mueller Commemorative Expedition to northwestern Australia: <i>Melaleuca triumphalis</i> sp. nov. (Myrtaceae). LA. Craven	1

	Notes on Western Australian <i>Bossieae</i> species (Fabaceae): 3. JH. Ross	5
	<i>The Vegetation of Chatham-Islands</i> by Ferdinand Mueller (1864): An appreciation. HE. Connor	13
	<i>Batrachospermum latericum</i> sp. nov. (Batrachospermales, Rhodophyta) from Tasmania, Australia, with new observations on <i>B. atrum</i> and a discussion of their relationships. TJ. Entwisle & HJ. Ford	27
	A new species of <i>Eucalyptus</i> (series Subexsertae) from the Northern territory. NG. Walsh & DE. Albrecht	41
	Observations on the lichen genus <i>Lempholemma</i> Korb. in Australia. G. Kantvilas & PM. Jorgensen	45
	Zygnemataceae (Chlorophyta) in Australia: a reassessment of records and a key to accepted taxa. SH. Lewis & TJ. Entwisle	51
	<i>Cleistocalyx fullagarii</i> transferred to <i>Syzygium</i> (Myrtaceae). LA. Craven	95
	<i>Bracteantha palustris</i> (Asteraceae: Gnaphalieae), a new species in Victoria and Tasmania. C. Flann	101
	<i>Sticherus urceolatus</i> (Gleicheniaceae), a new fern species from southern Australia. M. Garrett, G. Kantvilas & H. Laws	113
	<i>Stenostegia congesta</i> (Myrtaceae) a new genus and species from the Victoria River, Northern Territory, Australia. AR. Bean	127
	A new, rare Victorian subspecies of <i>Eucalyptus leucoxylon</i> F. Muell. K. Rule	133
Volume 12 (1) 1999	Systematics of <i>Boronia</i> section <i>Valvatae</i> sensu lato (Rutaceae) – M. F. Duretto	1
Volume 12 (2) 1999	A new species of <i>Phymatocarpus</i> (Myrtaceae) from southwestern Australia – L.A.Craven	133
	Studies on the lichen genus <i>Cladia</i> Nyl. In Tasmania: the <i>C.</i> <i>aggregata</i> complex – G. Kantvilas and J.A. Elix	135

	A new peppermint for Victoria – K. Rule	163
	The corticolous species of the lichen genus <i>Rinodina</i> (Physiaceae) in temperate Australia – H. Mayrhofer, G. Kantvilas and K. Ropin	169
	<i>Leptecophylla</i> , a new genus for species formerly included in <i>Cyathodes</i> (Epacridaceae) – C. M. Weiller	195
	<i>Triglochin protuberans</i> , (Juncaginaceae): A new species from Western Australia. – H.I Aston	215
	A new species of <i>Pseudocyphellaria</i> (lichenised fungi), with a key to the Tasmanian species – G. Kantvilas and J.A. Elix	217
	New species in Asteraceae from the subalps of southeastern Australia – N.G. Walsh	223
	New subspecies of <i>Leionema lamrophyllum</i> (F.Muell) Paul G. Wilson (Rutaceae) – F.M. Anderson	227
	<i>Podospora petrogale</i> (Fungi: Sordariales: Lasiosphaeriaceae) a new species from Australia – Ann Bell	233
	Book Review Flora of Australia, Vol. 48. – N.G. Walsh	239
	Corrigendum	241
	Note from the Editor	242
Volume 13, 2000	Additions to the Hygrophoraceae (Fungi, Agaricales) of south- eastern Australia – A.M. Young	1
	A cumulative index to scientific names and authors for <i>Muelleria</i> (1955-1999) – C. McKern and J. W. Grimes	37
Volume 14, 2000	The taxonomy of <i>Boronia anemonifolia</i> and <i>B. rigens</i> (<i>Boronia</i> sect. <i>Cyanothamnus</i> , Rutaceae) – Peter G. Neish and Marco F. Duretto	3

The lichens of <i>Nothofagus cunninghamii</i> -dominated and <i>Acacia melanoxylon</i> -dominated forests in the Otways, Victoria – Sharon Ford, Maria Gibson and Geoff Duke	17
A note on <i>Lepidium strictum</i> (S. Watson) Rattan (Brassicaceae) in Victoria – Neville Scarlett	31
The stomata of bluegums (<i>Eucalyptus</i> spp.) – Dennis J. Carr	33
Identified types in the Wilhelm Hillebrand collections in the herbarium of the Royal Botanic Gardens, Melbourne – James E. Grimes	41
Additions to the Hygrocybeae of Victoria. I. – A.M. Young	51
A revision of <i>Agrostis billardierei</i> R. Br. (Poaceae) – A.J. Brown and N.G. Walsh	65
Two new species of <i>Thelymitra</i> (Orchidaceae) from southeastern Australia – Jeffrey A. Jeanes	91
<i>Spirogyra cardinia</i> (Zygnemataceae, Zygnematophyceae, Chlorophyta): A new species of freshwater alga from Victoria, Australia – Simon H. Lewis and Timothy J. Entwisle	99
Book Review	
Flora of Australia, Vol. 12. – James. W. Grimes	?

Volume 15, 2001

<i>Semidelitschia nanostellata</i> (Fungi: Dothideales: Sporormiaceae): A new species from Australia. — Ann Bell and Daniel P. Mahoney	3
Two new endemic Australian genera in the tribe Brongniartieae (Fabaceae) to accommodate two species formerly included in <i>Templetonia</i> R.Br. — J.H. Ross	7
Notes on the <i>Philothea myoporoides</i> complex (Rutaceae) in Victoria. — Andrew C. Rozefelds	15
The Tasmanian species of <i>Philothea</i> (Rutaceae) — Andrew C. Rozefelds	19
A new species of <i>Oreobolus</i> , <i>O. tholicarpus</i> (Cyperaceae), endemic to Tasmania	27

— Dennis I. Morris	
The identity of <i>Bossiaea strigillosa</i> Benth. (Fabaceae: Tribe Bossiaeeae)	
— J.H. Ross	31
A revision of <i>Centipeda</i> (Asteraceae)	
— N.G. Walsh	33
Cypselia morphology and a reassessment of the record of <i>Omalotheca supina</i> (Asteraceae) from Tasmania	
— Andrew C. Rozefelds	65
<i>Lepidium ginninderrense</i> (Brassicaceae), a new species from the Australian Capital Territory	
— N.H. Scarlett	69
Resolution of the <i>Thelymitra canaliculata</i> R.Br. (Orchidaceae) complex in southern Australia	
— Jeffrey A. Jeanes	75
Errata	91

Volume 16, 2002

The Hygrophoraceae of Tasmania 3	
– A.M. Young and A.K. Mills	3
Genetic evidence supports reclassification of <i>Agrostis billardierei</i> var. <i>filifolia</i> and <i>A. aemula</i> R.Br. var. <i>setifolia</i> as a single species, <i>A. punicea</i> (Poaceae)	
– E.A. James, M.C. Ryan, Y.J. Fripp and A.J. Brown	29
Notes on <i>Conothamnus</i> Lindl. with the description of a new section, sect. <i>Gongylocephalus</i> Craven (Myrtaceae)	
– L.A. Craven	39
<i>Calotis cuneata</i> var. <i>pubsecens</i> (Asteraceae), change in rank and notes on its distribution and ecology	
– N.G. Walsh and K.L. McDougall	43
Successful DNA amplification from <i>Acacia</i> (leguminosae) and other refractory Australian plants and fungi using a nested/semi-nested PCR protocol	
– F. Udovicic and D.J. Murphy	47
A systematic study of <i>Acacia calamifolia</i> s.l., with special emphasis on <i>A. euthycarpa</i> in Victoria	
– S. H. Wright, J.W. Grimes, and P.Y. Ladiges	55
<i>Agyrium</i> Fr., <i>Bryophagus</i> Nitschke ex Arnold and <i>Racodium</i> Fr., lichen genera previously unrecorded for Australia	
– G. Kantvilas	65
Alexander Clifford Beaglehole OAM (26 August 1920-19 January 2002)	

	– J.H. Ross	71
	Some new combinations and a new hybrid genus in Orchidaceae: Diurideae for eastern Australia	
	–J.A. Jeanes	81
	<i>Nymphoides simulans</i> (Menyanthaceae): a new species from northern Australia	
	– H.I. Aston	87
Volume 17, 2003	150 years: the National Herbarium of Victoria, 1853-2003	
	– Helen Cohn	3
	<i>Ranunculus amplus</i> (Ranunculaceae) a new stoloniferous species from Victoria	
	– N.G. Walsh and B.G. Briggs	15
	Notes on <i>Boronia</i> (Rutaceae) in eastern and northern Australia	
	– Marco F. Duretto	19
Volume 18, 2003	<i>Melaleuca uxorum</i> (Myrtaceae), a new species from north-eastern Australia	
	– L.A. Craven, G.Holmes and G.Sankowsky	3
	New species and a new hybrid in the <i>Viola hederacea</i> species complex, with notes on <i>Viola hederacea</i> Labill.	
	– Kevin R. Thiele and Suzanne M. Prober	7
	A New Species of <i>Cardamine</i> (Brassicaceae) from South-eastern Australia and a Key to <i>Cardamine</i> in Australia	
	– Ian R. Thompson	27
	Seed morphology of Australian species of <i>Nymphoides</i> (Menyanthaceae)	
	– Helen I. Aston	33
	Reinstatement of <i>Epacris franklinii</i> Hook. f. (Epacridaceae)	
	– Ronald K. Crowden	67
	Australasian Sequestrate Fungi 16. <i>Gastrotylophilus</i> , a synonym of Fistulinella.	
	– James M Trappe, Roy Watling, Efren Cázares and Andrew W. Claridge	75
	Genetic comparison between Victorian and Tasmanian populations of <i>Prasophyllum correctum</i> D.L. Jones (Orchidaceae) suggests separate species	
	– L. A. Orthia, R. C. Garrick and E. A. James	79
	Genetic comparison of populations of the rare Gorae Leek Orchid, <i>Prasophyllum diversiflorum</i> Nicholls (Orchidaceae)	
	– R. C. Garrick, L. A. Orthia and E. A. James	89

	A revisionary treatment of four species of <i>Prasophyllum</i> R.Br. (Orchidaceae) loosely related to <i>P. correctum</i> D.L.Jones – David L. Jones	99
	SHORT COMMUNICATION: A corrected spelling of <i>Boronia yarrowmerensis</i> Duretto (Rutaceae) – Marco F. Duretto	111
Volume 19, 2004	Two new wattles endemic to Victoria Neville G. Walsh	3
	Morphometric Study of a Hybrid Population of <i>Acacia verniciflua</i> and <i>A. aspera</i> (Acacia subgenus Phyllodineae) Robert C. Piccinin, Daniel J. Murphy and Pauline Y. Ladiges	9
	A revision of the <i>Thelymitra pauciflora</i> R.Br. (Orchidaceae) complex in Australia Jeffrey A. Jeanes	19
	A revision of <i>Bedfordia</i> DC. (Asteraceae) A.E. (Tony) Orchard	81
	<i>Olearia brevipedunculata</i> (Asteraceae): a new species from alpine areas of mainland Australia. Neville G. Walsh	95
	Taxonomic studies of Australian <i>Senecio</i> (Asteraceae): 1. The disciform species Ian R. Thompson	101
Volume 20, 2004	A new species of <i>Melaleuca</i> (Myrtaceae) from northern Queensland, Australia – L.A.Craven and A.J. Ford	3
	New taxa in <i>Eucalyptus</i> (Myrtaceae) for Victoria and notes on Victorian populations of <i>Eucalyptus calycogona</i> – K.Rule	9
	Morphological and genetic variation in the rare daisy <i>Olearia pannosa</i> subsp. <i>cardiopylla</i> (Asteraceae) – Z. Smith, E. James and P. Ladiges	33
	A new species of <i>Xerochrysum</i> (Gnaphalieae: Asteraceae) from western Tasmania, Australia – A.M. Buchanan	49
	Three new genera of Australian Astereae (Asteraceae). – P.S. Short	53
	Taxonomic studies of Australian <i>Senecio</i> (Asteraceae) 2. The shrubby, discoid species and the allied radiate species <i>Senecio linearifolius</i> – Ian R. Thompson	67

	Taxonomic studies of Australian <i>Senecio</i> (Asteraceae) 3. Radiate, arid region species allied to <i>S. magnificus</i> and the radiate, alpine species <i>S. pectinatus</i> – Ian R. Thompson	111
	A new name for <i>Senecio glandulosus</i> (Asteraceae) – Ian R. Thompson	139
Volume 21, 2005		
	Taxonomic Studies of Australian <i>Senecio</i> (Asteraceae) 4. A revision of <i>Senecio glossanthus</i> and recognition of an allied species with long ligules – Ian R. Thompson	3
	Taxonomic Studies of Australian <i>Senecio</i> (Asteraceae) 5. The <i>S. pinnatifolius</i> / <i>S. lautus</i> complex – Ian R. Thompson	23
	‘Wild’ <i>Cistus</i> L. (Cistaceae) in Victoria – future problem weeds or benign escapees from cultivation? – Ian Clarke	77
	<i>Thelymitra reflexa</i> (Orchidaceae) a new rare species from Victoria, Australia – Jeffrey A. Jeanes	87
	Two ephemeral species of the lichen genus <i>Absconditella</i> (Stictidaceae) new to Tasmania – Gintaras Kantvilas	91
	A new species of <i>Isopogon</i> (Proteaceae) from southwest Western Australia – Neil Gibson	97
	<i>Callistemon nyallingensis</i> (Myrtaceae) a new species from East Gippsland, Victoria – W. M. Molyneux	101
	<i>Acacia derwentiana</i> (Mimosaceae), a new species from southern Tasmania – A. M. Gray	105
Volume 22, 2005		
	The lichen genus <i>Nephroma</i> in Australia – Simone HJJ. Louwhoff	3
	New Victorian endemic species of <i>Poa</i> L. (Poaceae) – CM. Weiller, V. Stajsic, & NG. Walsh	11
	Taxonomic studies in the <i>Grevillea victoriae</i> species complex (Proteaceae: Grevilleoideae) I. Descriptions of nine previously segregated, and three new taxa – V. Stajsic & WM. Molyneux	19

	Large is better: the effects of floral display on reproductive success in two populations of <i>Caladenia</i> (<i>Stegostyla</i>) <i>gracilis</i> R. Br.	
	– Raymond Tremblay	77
	A new species of <i>Commersonia</i> (Malvaceae s.l.) from the Eyre Peninsula, South Australia	
	– CF. Wilkin & BA. Whitlock	87
	A new species of <i>Bulbine</i> (Asphodelaceae) from Wilsons Promontory and islands of eastern Bass Strait	
	– Dennis I. Morris & M. Duretto	93
	New combinations for two species of <i>Spyridium</i> (Rhamnaceae: Pomaderreae) from the Grampians, Victoria	
	– J. Kellerman	97
	A new endemic species of <i>Hibbertia</i> (Dilleniaceae) from Tasmania	
	– AM. Buchanan & RB. Schahinger	105
	Lectotypification of <i>Sclerolaena glabra</i> (F. Muell.) Domin (Amaranthaceae/Chenopodiaceae)	
	– N. Walsh	111
	Vale Dennis Morris, 1924-2005	
	– G. Kantvilas	113
	Note from the Editor	115
Volume 23, May 2006		
	A new species of <i>Lepraria</i> (lichenized Ascomycetes) from Tasmania's wet forests	3
	– G. Kantvilas & M. Kukwa	
	New subspecies of <i>Leionema bilobum</i> (Rutaceae)	7
	– M.F. Duretto, KL. Durham, EA. James and PY. Ladiges	
	A Conspectus of the Western Australian <i>Bossiaea</i> species (Bossiaeeae Fabaceae)	15
	– J H. Ross	
	Corrigendum	143
Volume 24, November 2006		
	Resolution of the <i>Thelymitra fuscolutea</i> R. Br. (Orchidaceae) complex of southern Australia.	3
	– JA. Jeanes	
	Winifred Mary Curtis 1905-2005.	25
	– G. Kantvilas	
	<i>Austroboletus mutabilis</i> from northern Queensland	31
	– R.E.Halling, T.W. Osmundesn & A.Neves	

	Reinstatement of the northern Australian species <i>Cleome linophylla</i> (O. Schwarz) Pax & K.Hoffm. (Capparaceae), and neotypification of its basionym, <i>Triandrophora linophylla</i> O.Schwarz.	37
	– P. Short	
	A range extension for <i>Cryptandra pogonoloba</i> (Rhamnaceae: Pomaderreae) and recognition of a new subspecies,	45
	– J. Kellermann	
	A taxonomic treatment of tribe Senecioneae (Asteraceae) in Australia	51
	– IR. Thompson	
	The taxonomic status of <i>Lachnagrostis scabra</i> (Beauv.) Nees ex Steud., <i>L. aequata</i> (Nees) SWL. Jacobs and other related grasses (Poaceae). ¹	111
	– AJ. Brown	
Volume 25, April 2007		
	The lichen genus <i>Umbilicaria</i> Hoffm. in Tasmania G. Kantvilas & S. Louwhoff	3
	A taxonomic treatment of tribe Anthemideae (Asteraceae) in Australia	21
	– IR. Thompson	
	A taxonomic treatment of tribe Lactuceae (Asteraceae) in Australia	59
	– IR. Thompson	
	A Revision of <i>Eriochlamys</i> (Asteraceae, Gnaphalieae)	101
	– N.G. Walsh	
	Additions to <i>Epacris</i> (Epacridoidae, Ericaceae) in Tasmania Ronald K. Crowden	115
	A new subspecies of <i>Pomaderris</i> (Rhamnaceae) from south-eastern Tasmania	129
	– AM. Gray	
Volume 26(1), January 2008		
	Acacia special Issue	
	Acacia 2006: Knowing and growing Australian wattles	3
	– D.J. Murphy	
	Generic and subgeneric names in <i>Acacia</i> following retypification of the genus	7
	– B.R. Maslin	
	A review of the classification of <i>Acacia</i> (Leguminosae, Mimosoideae)	10
	– D.J. Murphy	

Systematics of the tribe Ingeae (Leguminosae-Mimosioideae) over the last 25 years – G.K. Brown	27
Three new <i>Acacia</i> species (Mimosaceae) from East Gippsland, Victoria – W.M. Molyneux and S.G. Forrester	43
Leaf ontogeny and morphology in <i>Acacia</i> (Mimosaceae) – S. Gardner, A.N. Drinnan, E. Newbigin and P.Y. Ladiges	51
Biological control of Australian native plants, in Australia, with an emphasis on acacias – R.J. Adair	57
Some case studies of <i>Acacia</i> as weeds and implications for herbaria – J.C. Reid and D.J. Murphy	67
Australian acacias as multi-purpose agro-forestry species for semi arid regions of Africa – T. Rinaudo. and P. Cunningham	79
Reproductive biology and germplasm evaluation of <i>Acacia nilotica</i> (Linn.) Willd. ex Del. from North India –V.K. Singhal, Amandeep Kaur and M.I.S. Saggio	86
Nomenclatural Note A new combination in <i>Gentianella</i> for the Australian species <i>Chionogentias demissa</i> – D. Glenn	95

Volume 26(2), July 2008

A conspectus of high-country <i>Craspedia</i> Forst.f. (Asteraceae: Gnaphalieae) of mainland south-eastern Australia – K. L. McDougall & N. G. Walsh	3
Two new <i>Pomaderris</i> (Rhamnaceae) from south-eastern Australia – N.G. Walsh	11
A new species of <i>Poa</i> L. (Poaceae) from the Victorian Basalt Plain – NG Walsh	17
New <i>Lachnagrostis</i> taxa from South Australia and South-west Victoria (Poaceae) – A.J. Brown	21
<i>Correa alba</i> var. <i>rotundifolia</i> (Rutaceae): an old name for a newly recognised variety endemic to south-eastern Tasmania – Bokyoung Choi & Marco F. Duretto	45
A new species of <i>Bossiaea</i> (Fabaceae: Bossiaeeae) from Victoria – J. Ross	54

A new species of <i>Callistemon</i> R.Br. (Myrtaceae, Melaleuceae) from Victoria, Australia – N. R. Marriott and G.W. Carr	57
Observations on some Tasmanian species of the lichen genus <i>Megalania</i> – G. Kantvilas	64
<i>Lecanora subsecta</i> , an Australian species in the <i>Lecanora symmicta</i> group. – G. Kantvilas	72
Pigment chemistry and morphology support recognition of <i>Cortinarius austrocinnabarinus</i> sp. nov. (Fungi: Cortinariaceae) from Australia. – RH. Jones & TW. May	77
A Taxonomic revision of Shining Peppermints in Victoria and South Australia – K. Rule	88
Nomenclatural note Notes on some Australian Triglochin (Juncaginaceae) annuals: typification and nomenclature. – HI. Aston	98

Volume 27(1), January 2009

A revision of <i>Asperula</i> and <i>Galium</i> (Rubiaceae: Rubiaceae) in Australia – IR .Thompson	3
A revision of the <i>Brachyscome linearifolia</i> DC. Group (Asteraceae: Astereae) from South-eastern Australia – PS. Short	36
Errata - Muelleria vol 26(2) – Editor	116

Volume 27(2), July 2009

Notes on Australian taxa of <i>Nymphoides</i> (Menyanthaceae): typification and nomenclature – HI. Aston	119
The willows (<i>Salix</i> L. - Salicaceae) in Tasmania – ML. Baker	127
Resolution of the <i>Thelymitra variegata</i> (Lindl.) F.Muell. (Orchidaceae) complex of southern Australia and New Zealand. – JA. Jeanes	149
<i>Fellhaneropsis pallidonigrans</i> , a south-eastern Australian lichen – G. Kantvilas and R. Lücking	171

	A new subspecies of <i>Stylidium armeria</i> (Stylidiaceae) from the Macedon Range, Victoria – R.J. Best, D.E. Francis and N.G. Walsh	174
	A new species of <i>Pultenaea</i> (Fabaceae) from central Victoria – M.G. Corrick and N.G. Walsh	179
	A taxonomic revision of <i>Acacia verniciflua</i> and <i>A. leprosa</i> (Leguminosae: Mimosoideae) in Australia – B.R. Maslin and D.J. Murphy	183
	A new <i>Hakea</i> species (Proteaceae: Grevilleoideae) from East Gippsland, Victoria – W.M. Molyneux and S.G. Forrester	224
Short communications	<i>Eucalyptus ambigua</i> DC. (Myrtaceae), the correct name for the Smithton Peppermint of Tasmania – A.R. Bean	227
	<i>Eucalyptus arcana</i> (Myrtaceae), a new combination for a former subspecies of <i>Eucalyptus splendens</i> and notes on a population of scentbark occurring near Moonlight Head in South-west Victoria. – K. Rule	230
Volume 28 (1), January 2010		
	A revision of <i>Alphitonia</i> (Rhamnaceae) for Australia – A.R. Bean	3
	<i>Grevillea victoriae</i> F.Muell. subsp. <i>brindabella</i> , a new subspecies from the Southern Tablelands of New South Wales – V. Stajsic	18
	A new species of <i>Leptostigma</i> (Coprosminae: Rubiaceae) and notes on the Coprosminae in Australia – I.R. Thompson	29
	A revision of <i>Plagiocarpus</i> (Brongniartieae: Fabaceae) – I.R. Thompson	40
	A revision of the leafless species of <i>Templetonia</i> (Brongniartieae: Fabaceae). – I.R. Thompson	53
	A revision of <i>Cristonia</i> (Brongniartieae: Fabaceae) – I.R. Thompson	66
	Definition of South Pacific taxa of <i>Nicotiana</i> section <i>Suaveolentes</i> – C.E. Marks	74

Volume 28 (2), July 2010

Type studies of Australian species of <i>Inocybe</i> (Inocybaceae) – P. B. Matheny and N. L. Bougher	87
<i>Kelita</i> (Amaranthaceae), a new genus from Queensland, Australia – A.R. Bean	105
Phenetic analyses of <i>Ozothamnus hookeri</i> Sond. (Asteraceae), with the recognition of a new species, <i>O. cupressoides</i> Puttock & D.J. Ohlsen – D.J. Ohlsen, C. F. Puttock and N.G. Walsh	110
A revision of the <i>Leucochrysum albicans</i> (Asteraceae: Gnaphalieae) complex. – R. Dennis & N.G Walsh	122
Recognition of a new species of <i>Pomaderris</i> (Rhamnaceae) in eastern Victoria based on morphological and chemical data. – A. Messina, N.G. Walsh, and T.Whiffin	136
Notes and new taxa in <i>Lobelia</i> sect. <i>Holopogon</i> (Campanulaceae: Lobelioideae) – N.G. Walsh, D.E. Albrecht and E.B. Knox	146
Australian type material in the Economic Botany Collection, Royal Botanic Gardens, Kew – A.S. George	163
Book Review Australian palms: natives only? F. Udovicic	172
 Volume 29(1), January 2011	
Six new infraspecific taxa in <i>Eucalyptus</i> (Myrtaceae) for Victoria – K. Rule	3
Two new mallee Eucalypts (Myrtaceae) from Gippsland, Victoria – K. Rule and W.M. Molyneux	16
<i>Arthonia banksiae</i> (lichenised ascomycetes) and its synonyms – G. Kantvilas and V. Stasjic	27
An etymology of Australian bryophyte genera. 2 — Mosses – D. Meagher	33
New combinations in <i>Dendrobium</i> (Orchidaceae) – A. Schuiteman and P.B. Adams	62
New combinations and two new central Queensland taxa in the <i>Dendrobium tetragonum</i> (Orchidaceae:Epidendroideae) complex. – P.B. Adams	69

A new hierarchy conserving nomenclature for the *Dendrobium speciosum* complex (Orchidaceae: Epidendroideae) 81
– P.B. Adams, J.M. Burke and S.D. Lawson

Isolation, characterisation and transferability of microsatellites for *Paraserianthes lophantha*, Cape Wattle (Leguminosae: Mimosoideae): a significant weed worldwide 87
– G. Brown and S. Gardner

Short communication

Development and cross-species amplification of microsatellite markers from the endangered Wee Jasper Grevillea (*Grevillea iaspicula*, Proteaceae) 93
– S. Hoebbee

Volume 29(2), July 2011

The lichen genera *Japewia* and *Japewiella* in Tasmania 99
– G. Kantvilas

Sex discrimination of Buloke (*Allocasuarina luehmannii*) for selective revegetation 104
– M. Conomikes, M. Wright* and J. Delpratt

Resolution of the *Thelymitra aristata* (Orchidaceae) complex of south-eastern Australia 110
– J. Jeanes

The functional significance for the orchid *Caladenia tentaculata* of genetic and geographic variation in the mycorrhizal fungus *Sebacina vermifera* s. lat. 130
– M. Wright*, R. Cross, R.D. Cousens, T.W. May and C.B. McLean

A revision of *Goodia* (Fabaceae: Bossiaeeae) 141
– IR Thompson

A revision of *Platylobium* (Fabaceae: Bossiaeeae) 154
– IR Thompson

A revision of *Muelleranthus*, *Ptychosema* and *Aenictophyton* (Fabaceae: Bossiaeeae) 173
– IR Thompson

A morphological comparison between *Digitaria coenicola* and *D. divaricatissima* (Poaceae: Paniceae) 190
–H. Stewart and N. Walsh

Corrigendum - Muellleria 29(1): 2011 201

Volume 30(1), January 2012

Typification of infrageneric taxa in *Dendrobium* (Orchidaceae) 3

A Schuiteman

Two new rare species in the *Thelymitra venosa* complex
(Orchidaceae) from south-eastern mainland Australia 8
JA Jeanes

New combinations in *Callistemon* (Myrtaceae) 23
F Udovicic & RD. Spencer

Revision of the *Spyridium bifidum* – *S. halmaturinum* complex
(Rhamnaceae: Pomaderreae) from South Australia and Victoria. 26
J Kellermann & W.R. Barker

Herbarium collections – an invaluable resource for gall midge
taxonomists 59
A Veenstra

Analysis of genetic variation in a disjunct, narcotic producing,
population of *Duboisia hopwoodii* (F. Muell.) F. Muell. 65
P. French, E. James and N. Walsh

Illustration, distribution and cultivation of *Lachnagrostis robusta*, *L.*
billardiarei and *L. punicea* (Poaceae) 72
AJ Brown

Volume 30(2), July 2012

Five new endemic eucalypts for Victoria 83
K Rule

A revision of eastern Australian *Bossiaea* (Fabaceae: Bossiadeae) 106
IR Thompson

Genetic analysis reveals a wide regional provenance distribution for
Epacris impressa 175
M Conomikes, G M Moore, C McLean

Cyclosorus interruptus (Thelypteridaceae): new to Victoria 183
S. Sinclair, V. Stajsic and G. Sutter

Volume 31, March 2013

An overview of the *Thelymitra nuda* (Orchidaceae) complex in
Australia including the description of six new species 3
JA Jeanes

The lichen genus *Lecidella* (Lecanoraceae), with special reference
to the Tasmanian species 31
G Kantvilas & JA Elix

Phylloblastia blechnicola (Ascomycota, Verrucariaceae), a new leaf-
inhabiting lichen from southern Victoria, Australia 49
PM McCarthy & V. Stajsic

Two new species of <i>Nitella</i> (Characeae, Charophyceae) from arid-zone claypan wetlands in Australia MT. Casanova & J.L. Porter	53
<i>Maireana obrienii</i> (Chenopodiaceae), a new species from eastern Australia N Walsh	61
A new mallee species <i>Eucalyptus phoenix</i> (Myrtaceae) from Brumby Point, East Gippsland, Victoria WM. Molyneux & SG. Forrester	65
An examination of <i>Pterostylis xerophila</i> (Orchidaceae) and the confirmation of <i>P. lingua</i> as a new species in Victoria N Reiter, M Clements & K Vicek	69
Gynodioecy in <i>Teucrium racemosum</i> R.Br. (Lamiaceae) N Walsh & E. O'Brien	77
The mycorrhizal associations of <i>Borya mirabilis</i> , an endangered Australian native N Reiter, A Lawrie & N Walsh	81

Volume 32, March 2014

A new herbaceous species of <i>Pluchea</i> (Asteraceae: Plucheinae) from central Australia D.E. Albrecht & A.R. Bean	3
Studies of the distribution and taxonomy of <i>Xanthorrhoea glauca</i> subsp. <i>angustifolia</i> (Xanthorrhoeaceae) in Victoria M.P. Bellette	8
A revision of the <i>Coronidium scorpioides</i> (Asteraceae: Gnaphalieae) complex N Walsh	16
Notes on <i>Olearia</i> (Asteraceae: Astereae) in south-east Australia: <i>O. tenuifolia</i> , <i>O. adenophora</i> and description of a new species endemic to eastern Victoria N Walsh	34
The weed that was not: <i>Picris hieracioides</i> (Asteraceae) in Australia L Gillbank	39
<i>Rubus costifolius</i> and <i>R. bergii</i> in the National Herbarium of Victoria A van de Beek	52
Hidden treasures: Brazilian plants collected by Prince Maximilian zu Wied held in the National Herbarium of Victoria (MEL) CL Gallagher & PLR de Moraes	58

'A taste for botanic science': Ferdinand Mueller's female collectors and the history of Australian botany S Maroske	72

Volume 33, March 2015

Taxonomic reassessment of <i>Kelleria</i> (Thymelaeaceae) in Australia and recognition of a new endemic Victorian species C Marks & N Walsh	3
Australian coralloid fungi IV – <i>Ramaria filicicola</i> AM Young	13
Studies in <i>Podolepis</i> (Asteraceae: Gnaphalieae) JA Jeanes	21
Description of a new species allied to <i>Podolepis robusta</i> (Asteraceae: Gnaphalieae) from the south-eastern Australian Alps D Froid	61
<i>Eucalyptus ambigua</i> is not the correct name for the Smithton Peppermint of Tasmania MF de Salas and AM Gray	67
Notes on <i>Potentilla</i> (Rosaceae) and related genera in Australia AR Bean	75
Nomenclature, variation and hybridisation in Rough Blown-grass (Poaceae: <i>Lachnagrostis</i>) AJ Brown	85
Naturalised species of <i>Psoralea</i> (Fabaceae: Psoraleeae) in Australia C.H. Stirton, V. Stajsic and A. Bello	97
Validation of three new species of <i>Lecidella</i> from Australia G. Kantvilas, J.A. Elix and T.W. May	109
Correction to the type citations of some <i>Eucalyptus</i> from Victoria in Rule (2012), <i>Muelleria</i> 30, pp. 83–105 K Rule	111
Correction to the 'Key to <i>Xanthorrhoea</i> in Victoria' in Bellette (2014), <i>Muelleria</i> 32, pp. 8–15 Bellette	113

Correction to synonymy of *Olearia tenuifolia* in Walsh (2014),
Muelleria 32, pp. 34–38 115
N Walsh

Volume 34, March 2016

- published on-line in advance of print** A new species of *Podolepis* (Asteraceae: Gnaphalieae) from New South Wales 3
JA Jeanes
- published on-line in advance of print** Elevation of rank for *Leucochrysum albicans* var. *tricolor* (Asteraceae: Gnaphalieae) 11
N Walsh
- published on-line in advance of print** Subspeciation in *Lachnagrostis adamsonii* (Poaceae) 15
AJ Brown
- published on-line in advance of print** A morphological search for *Lachnagrostis* among the South African *Agrostis* and *Polypogon* (Poaceae) 23
AJ Brown
- published on-line in advance of print** A new species *Grevillea burrowa* (Proteaceae) from the Burrowa-Pine Mountain National Park, North Eastern Victoria 47
WM Molyneux & SG Forrester
- published on-line in advance of print** *Verrucaria alborimosa*, a new maritime lichen from Flinders Island, Tasmania 55
PM McCarthy & G Kantvilas
- published on-line in advance of print** Isolation and characterisation of microsatellite markers for the Dwarf Sheoak *Allocasuarina humilis* (Casuarinaceae), an important understorey species in ecological restoration 59
TM Llorens, S McArthur, MG Gardner, DJ Coates & M Byrne
- published in print version** A name for Murnong (*Microseris*: Asteraceae: Cichorioideae) 63
N Walsh
- published in print version** False Polygonaceae Smut: increasing knowledge about *Sphacelotheca polygoni-serrulati* Maire in Australia 69
TM Schuster, V Stajsic & GM Bonito
- published in print version** Recognition of subspecies in *Asterolasia trymalioides* (Rutaceae: Rutoideae) 83
K McDougall, N Walsh & C Hook
- published in print version** Further additions to the lichen genus *Ramboldia* (Lecanoraceae) from Australia 103
G Kantvilas
- published in print version** Corrections to *Muelleria* 34, Brown (2015a) pp. 15–21 and Brown (2015b) pp. 23–46 111
AJ Brown

Volume 35, June 2017

- published on-line in advance of print** Three new species and one new combination in *Hibiscus* (Malvaceae)
RL Barrett, L Craven 3
- published on-line in advance of print** *Pimelea leiophylla* (Thymelaeaceae): a new endemic species from Tasmania's east coast
A.M. Gray and M.L. Baker 15
- published on-line in advance of print** Noteworthy desmids (Desmidiaceae, Conjugatophyceae) from water supply reservoirs in south-east Queensland, Australia
Kenins and D. Ryder 23
- published on-line in advance of print** Disjunct populations of *Monocarpus sphaerocarpus* (Monocarpaceae, Marchantiopsida) within Australia show no sequence variation
D.C. Cargill, J. Milne, L.L. Forrest and C. Gueidan 35
- published in print version** The origins of botanic gardens and their relation to plant science with special reference to horticultural botany and cultivated plant taxonomy
R Spencer & R Cross 43
- published in print version** Correction to the 'Key to Australian species of *Microseris*' in Walsh (2016), *Muelleria* 34, pp. 63–67
N. Walsh 95

Volume 36, 16 May 2018

- published on-line in advance of print** *Prasophyllum abblittiorum* (Orchidaceae), a new distinctive species from north-western Tasmania
P. A. Collier 3
- published on-line in advance of print** Nomenclatural changes and corrections for some previously described Australasian truffle-like fungi (Basidiomycetes)
T. Lebel 8
- published on-line in advance of print** *Nicotiana maritima* H.-M.Wheeler (not in Victoria)
N. Walsh 15
- published on-line in advance of print** A passion for plants: The botanical contribution of collector P.J. Murphy
S. Kruss 22
