No other medium on earth can convey so  
complete and comprehensive an index of

educational and religious institutions, its  
social life and its people.

No other medium can tell so fully of its

PUBLISHERS

THIS PUBLICATION IS  
THE PRODUCT OF  
A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

**More Garments are Worn Out by Careless Cleaning Than by Actual Wear . .**

In an effort to show a profit on ridiculously low priced cleaning the life and usefulness of many garments are greatly shortened by the use of inferior cleaning material and poor workmanship . . . at the MISSION CLEANERS only high quality cleaning materials are used and Master Cleaners handle your garments during every operation . . . and your garments are insured against loss by fire or theft and against damage by inferior workmanship every minute they are in our care . . . and your garments come back to you neatly mended, buttons sewed on, odorless and pressing that lasts twice as long as "price conscious work" . . . and remember this—**"YOUR SATISFACTION IS OUR GUARANTEE."**

LOCATING MISSING HEIRS  
FINDING LOST PERSONS

**This is only one of the many offices that the  
modern directory successfully fills**

The directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely on directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

PAY NO MONEY in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of San Diego Directory Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

**About CITY DIRECTORY CIRCULATION**

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

Map compliments of the Chula Vista Chamber of Commerce

**CHULA VISTA**  
 (Beautiful View)

Chula Vista is located eight miles south of San Diego on the shore of San Diego Bay. At present its principal interests are agricultural, with lemons, celery, eggs, cucumbers and other vegetables as its principal products. Chula Vista celery has a reputation in all the markets from Chicago west.

The city has an airport on the Bay and one aircraft factory.

Incorporated in 1911 with an area of about six square miles, Chula Vista has a complete city government, many miles of paved streets, a park, sewers, an excellent water system, fine schools, a well housed and well stocked Library, a good hotel and a beautiful Woman's Club.

The progressiveness of the community is marked by the fact that since 1927 a Chamber of Commerce with a full time secretary has been maintained.

Chula Vista's population is 95% native American with a large proportion of college and university graduates from all over America. Easy access to San Diego affords the advantages of both country and city life. Miles of wonderful beaches are but a few minutes away. High mountains are within an hour's drive over California's fine highways.

## CORONADO CITY DIRECTORY (1941)

# CORONADO CITY DIRECTORY 1941

COMPLIMENTS OF CORONADO CHAMBER OF COMMERCE

Coronado, approximately one mile square, population 8,000, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. On the north and connected by a narrow strip of sand is the great Naval Base, North Island.

Miles of ocean beaches, glorious in their seaward sweep, stretch across the southern boundary of the city and beside the Silver Strand to Mexico. Sparkling Glorietta Bay, yachtsmen's delight, presents a year 'round answer to your desire for boating. In Coronado there is amazing opportunity for recreation in accord with the inclinations of every member of your family—fishing in the surf or out at sea, swimming, bathing, picnicking, golfing, tennis, lawn bowling, riding—all these are but hints of the limitless facilities for relaxation and for play, and Coronado's hotels, apartments, residence accommodations; its modern shops, schools, churches, all assure a superb comfort in a friendly community.

That life in Coronado is delightful is apparent, for geography and climate have been kind to this "island-at-the-tip-of-the-Silver-Strand." It's easy to play in Coronado, and it's entirely pleasant to live here, so closely in touch with the mainland, yet so free from its hurry and stress. Whether you come to Coronado for a few weeks or as another of its permanent residents, you will find a new adventure in happy living awaiting you.

Coronado Beach, located just across the bay from San Diego, is a city and resort center combined, harboring no manufacturing or big commercial plants but a city of wonderfully attractive homes, four fine parks, modern business blocks, fine churches and schools.

The famous Hotel del Coronado, open all year, and attracting world travelers from January to December, is located on the ocean side of Coronado. Situated on the strip of land between bay and ocean is the summer resort of over 600 palm tent houses and palm cottages, Coronado Tent City. This resort is open from June to September. Entertainment features include bay and surf bathing, dancing, free daily concerts, aqua-planing, and all other beach sports, including a great variety of mechanical amusement concessions. Tents are rented by the day, week or month, with or without housekeeping privileges.

## LA JOLLA CITY DIRECTORY

1941

(La Jolla Street and Householders Directory—See San Diego Street and Householders Directory)  
La Jolla, which is from the Spanish, meaning the gem, or jewel, and so pronounced "La Hoy-ya," is but fourteen miles north of San Diego, California, and 117 miles south of Los Angeles, on one of the finest paved motor highways in the United States.

The keynote of La Jolla, the word which illuminates and makes plain, is its serenity—an eternal serenity of sea and surf and sky which makes tranquil the lives of its happy dwellers.

La Jolla, although it is part of San Diego, has its own post office, a branch of the San Diego Public Library, fine hospitals, banks, and mercantile establishments.

SAN DIEGO DIRECTORY CO'S  
**LA MESA CITY DIRECTORY**  
 1941

La Mesa is a live community, and one that is steadily growing. New residents are attracted by the exceptional advantages of the place, its ideal climate, its up-to-date improvements and its charming location. It is eleven miles from San Diego, and is served hourly by San Diego Electric Railway. It is also connected with San Diego by three paved highways. Elevation 500 to 800 feet.

La Mesa is situated along the small mountains or foothills. It has a number of level blocks, in which the business portion of the town is situated. Also, there are plenty of level residence lots for those desiring such, while the remainder of the townsite is made up of knolls and hill-sides, affording desirable locations for homes, with views of mountain and valley. La Mesa has pressure water piped to each residence, fine spring water supplies the downtown district; eight churches; fine grade school and high school fully equipped for manual training and domestic science and housed in enlarged new building; telephone exchange, two banks, weekly newspaper, gas and electricity and modern stores and shops. The children of La Mesa have full advantages of the Grossmont Union High School.

An evidence of the progressive spirit of this community is the established La Mesa Country Club, which has laid out 103 acres in an eighteen-hole, all grass golf course, with modern clubhouse. A city park with cement tennis courts and shuffleboard courts add attractive features. La Mesa has a Chamber of Commerce and well-equipped public library.

NATIONAL CITY DIRECTORY (1941)

NATIONAL CITY DIRECTORY  
1941

Located adjoining San Diego on the south along the eastern shore of San Diego Bay, National City occupies a beautiful and healthful site that in its present state of development is attractive alike to the suburban home-seeker, the investor and the manufacturer.

National City is only twenty minutes ride from the business center of San Diego. Water supply for this city is conserved by the Sweetwater Dam. The capacity of the reservoir is 11,542,000,000 gallons. Mountain water from this reservoir is delivered under pressure in all parts of the city. The irrigation rates are very low. The city streets are well lighted.

Excellent high and grammar schools are found here; the public library is unusually well selected and occupies a \$10,000 building. Churches of six different denominations own their own houses of worship. Nowhere can better suburban home conditions be found. For further details address National City Chamber of Commerce.

**Common Sense . . .**  
**About CITY DIRECTORY CIRCULATION**

★ ★ ★ ★

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

THIS PUBLICATION IS  
THE PRODUCT OF  
A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
