

Laramie Plant & Geology Walk, May 2018 (Photos: A. Fluet and J. Thompson)

*Astragalus spatulatus*, Tufted milkvetch

*Tetraneuris torreyana*, Torrey's four-nerve daisy

*Erigeron* sp., Fleabane

*Erigeron caespitosus*, tufted fleabane

*Trifolium dasyphyllum*, alpine clover

*Pediocactus simpsonii*, mountain ball cactus

*Tetraneuris acaulis* var. *caespitosa*, caespitose fournerve daisy

*Lithospermum incisum*, narrowleaf stone seed

*Packera cana*, woolly groundsel

*Astragalus purshii*, woollypod milkvetch

*Leucocrinum montanum*, common starlily

*Muscineon tenuifolium*, slender wildparsley

*Artemisia nova*, black sagebrush

*Artemisia frigida*, fringed sagebrush

*Chrysothamnus viscidiflorus*, yellow rabbitbrush

*Dasiphora fruticosa*, shrubby cinquefoil

*Hedeoma drummondii*, Drummond's false pennyroyal

*Astragalus shortianus*, Short's milkvetch

*Krascheninnikovia lanata*, winterfat

*Mertensia lanceolata*, prairie bluebells

*Sedum lanceolatum*, spearleaf stonecrop

*Comandra umbellata*, pale bastard toadflax

*Ribes cereum*, wax currant

*Erigeron engelmannii*, Engelmann's fleabane

*Physaria montana*, mountain blatterpod

*Phlox hoodii*, Hood's phlox

*Cerastium arvense*, field chickweed

*Viola nuttallii*, Nuttall's violet

*Pinus flexilis*, limber pine

*Zigadenus venenosus*, meadow deathcamas

*Juniperus scopulorum*, Rocky Mountain juniper

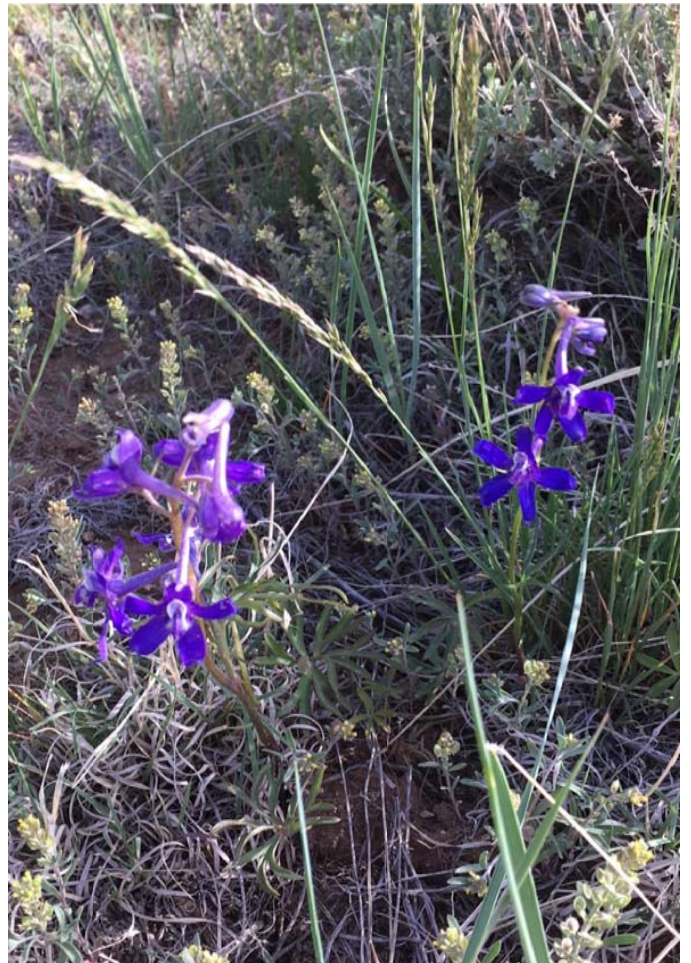

*Alyssum desertorum*, desert madwort (non-native)

*Bouteloua gracilis*, blue grama

*Delphinium nuttallianum*, twolobe larkspur

*Poa secunda*, Sandberg bluegrass

*Cercocarpus montanus*, alderleaf mountain mahogany
