

Inhalt des LII. Bandes.

Zusammengestellt von K. Ronniger.

I. Original-Arbeiten:

Beck v. Mannagetta G. Ueber die Umgrenzung der Pflanzenformationen ..	421
Benz R. Frh. v. Hieracienfunde in den österreichischen Alpen.....	260, 301
Borbás V. v. <i>Primula brevifrons</i> Borb.....	195
Hiezu: Zusatz von Wettstein R. v.....	196
Bubák Fr. Ueber einige Compositen bewohnende Puccinien	41, 92, 165
Čelakovský L. J. Ueber die inversen Placentarbündel der Cruciferen	89
Davidoff B. Beiträge zur Flora von Bulgarien.....	492
Fleischer B. <i>Malva Zoernigi</i> Fleischer.....	357
Frey J. Plantae Karoanae amuricae et zeaënsae ...	15, 62, 110, 156, 231, 277, 310, 346, 396, 442
Hackel E. Neue Gräser.....	8, 55, 107, 187, 237, 273, 303, 373, 450
— — Ueber das Blühen von <i>Triodia decumbens</i> Beauv.....	474
Handel-Mazzetti H. Frh. v. Beitrag zur Flora von Nord-Tirol	26
— — Nachtrag zur Flora von Seitenstetten und Umgebung.....	381
Hansgirk A. Zur Biologie der herabgekrümmten Laubblätter der <i>Aralia spathulata</i> und <i>Meryta Senftiana</i>	217, 270
Hayek A. v. Zur Blattanatomie von <i>Lygeum spartum</i> L. und <i>Macrochloa tenacissima</i> (L.) Kth.	1
— — Beiträge zur Flora von Steiermark. II.	408, 437, 477
Jenčić A. Beiträge zur Kenntnis der Bastfasern der <i>Thymelaeaceae</i> ..	151, 228
Keissler C. v. Kurze Mittheilungen über das Phytoplankton des Nussensees bei Ischl in Ober-Oesterreich	6
Magnus P. Ueber die richtige Benennung einiger Uredineen nebst historischer Mittheilung über Heinrich von Martius <i>Prodromus florum mosquensis</i> ..	428, 490
Murr J. Weitere Beiträge zur Kenntnis der Eu-Hieracien Tirols, Südbayerns und der österreichischen Alpenländer	317, 351, 389, 495
Oborny Ad. Beiträge zur <i>Hieracium</i> -Flora des oberen Murthales in Steiermark	251
Paulin A. Ueber das Vorkommen von <i>Viola cornuta</i> L. in Krain	25
Plitzka A. Beitrag zur Teratologie der Compositen	100, 159
Podpěra J. Zwei neue Laubmoosarten der Flora Mährens	258
— — Ueber das Vorkommen der <i>Avena desertorum</i> Lessing in Böhmen.	333
Prowazek, S. Zur Kerntheilung der <i>Plasmodiophora Brassicae</i> Woron..	213
Richen G. S. J. Nachträge zur Flora von Vorarlberg und Liechtenstein. III.	338
Sabransky H. Ein Beitrag zur Kenntnis der Flora von Tirol	143
Sarnthein L. Grf. v. Hieronymus Gander †.	240
— — Dr. Josef v. Schmidt-Wellenburg und dessen mykologische Thätigkeit, Ein Beitrag zur Pilzflora von Tirol und Vorarlberg	291
Schmidt Ad. Th. Zur Anatomie von <i>Cassytha filiformis</i> L.	173

Spieß K. v. <i>Ginkgo, Cephalotaxus</i> und die Taxaceen	432, 469
Sterneck J. v. Zwei neue <i>Alectorolophus</i> -Arten	177
Sydow H. et. P. Einige neue Uredineen.....	182
Tscherning F. A. Ueber die Algenvegetation an den Wasserrädern der Schiffsmühlen bei Wien.....	48
Velenovský J. Neunter Nachtrag zur Flora von Bulgarien	49, 115
— — Plantae novae bulgaricae.....	154
Wagner R. Ueber <i>Roylea elegans</i> Wall.....	137, 185, 222, 267
Wildt A. Einige Bemerkungen über die <i>Euphrasia</i> en Mährens	194
Zederbauer E. Untersuchungen über Anlage und Entwicklung der Knospen an den Vorkeimen einiger Laubmoose.....	45, 96

II. Stehende Rubriken:

I. Literatur-Uebersicht.....	32, 67, 121, 196, 243, 283, 323, 358, 413, 455
Hiezu:	
Heinricher E. Entgegnung auf die Besprechung meiner Arbeit: „Die grünen Halbschmarotzer. IV. Nachträge zu <i>Euphrasia, Odontites</i> und <i>Alectorolophus</i> . Kritische Bemerkungen zur Systematik letzterer Gattung“, durch Herrn Prof. v. Wettstein in Jahrg. 1902, Nr. 5, p. 197 dieser Zeitschrift	246
Wettstein R. v. Bemerkungen zu der vorstehenden Entgegnung ...	247
Bibliographie botanique.....	417
Botanisches Centralblatt.....	74, 206
Botanisches Literaturblatt	417
Deutsche Botanische Monatschrift.....	416
2. Akademien, Botanische Gesellschaften, Vereine, Congresse. etc.....	76, 127, 167, 206, 249, 288, 326, 364, 460, 502
Kais. Akademie der Wissenschaften in Wien.....	76, 127, 249
