Lea, I., 1862. - Observations on the genus *Unio*, together with descriptions of new species, their soft parts, and embryonic forms, in the Family Unionidae., Philadelphia, Pennsylvania. Printed for the Author. Vol. 8. 113 pp. + plates 51-66, 1-18.

Lea, I., 1862. - Descriptions of ten new species of Unionidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 14:168-169.

Lea, I., 1860. - Checklist of the shells of North America. Unionidae., Smithsonian Miscellaneous Collections 2:1-6.

Lea, I., 1862. - New Unionidae of the United States and Arctic America., Journal of the Academy of Natural Sciences of Philadelphia 5(second series):187-216 + plates 24-33.

Lea, I., 1862. - Observations on the genus *Unio*, together with descriptions of new species, their soft parts, and embryonic forms, in the Family Unionidae., Philadelphia, Pennsylvania. Printed for the Author. 8(1):9-56 + plates 51-66.

Lea, I., 1863. - Observations on the genus *Unio*, together with descriptions of new species, their soft parts, and embryonic forms, in the Family Unionidae and descriptions of new genera and species of the Melanidae., Philadelphia, Pennsylvania. Printed for the Author. Vol. 9. 178 pp. + plates 24-39.

Lea, I., 1863. - Observations on the genus *Unio*, together with descriptions of new species, their soft parts, and embryonic forms, in the Family Unionidae., Philadelphia, Pennsylvania. Printed for the Author. Vol. 10. 94 pp. + plates 41-50.

Lea, I., 1863. - Descriptions of twenty-four new species of Unionidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 15:191-194.

Lea, I., 1863. - Descriptions of the soft parts of one hundred and forty-three species and some embryonic forms of Unionidae of the United States., Journal of the Academy of Natural Sciences of Philadelphia 5(second series)(4):401-456.

Lea, I., 1864. - Descriptions of twenty-four new species of Physa of the United States and Canada., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):114-116.

Lea, I., 1865. - Description of eight new species of Unio of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 17(1865):88-89.

Lea, I., 1867. - Observations on the genus Unio, together with descriptions of new species in the family Unionidae, and descriptions of new species of the Melanidae, Limnidae, Paludinae, and Helicidae., Philadelphia, Pennsylvania. Printed for the Author. Vol. 11. 146 pp. + plates 1-24.

Lea, I., 1867. - Descriptions of five new species of Unionidae and one Paludina of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 19:81.

Lea, I., 1868. - Description of sixteen new species of the genus Unio of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 20:143-145.

Lea, I., 1868. - Descriptions of seven new species of Unio from North Carolina., Proceedings of the Academy of Natural Sciences of Philadelphia 20:160-161.

Lea, I., 1868. - Descriptions of Unionidae from the Lower Cretaceous Formation of New Jersey., Proceedings of the Academy of Natural Sciences of Philadelphia 20:162-164.

Lea, I., 1868. - New Unionidae, Melanidae, etc., chiefly of the United States., Journal of the Academy of Natural Sciences of Philadelphia 6(second series):249-302 + plates 29-45.

Lea, I., 1868. - New Unionidae, Melanidae, etc., of the United States., Journal of the Academy of Natural Sciences of Philadelphia 6(second series):303-343 + plates 46-54.

Lea, I., 1869. - Observations on the genus Unio, together with descriptions of new species in the family Unionidae, and descriptions of new species of the Melanidae, and Paludinae., Philadelphia, Pennsylvania. Printed for the Author. Vol. 12. 105 pp. + plates 29-54.

Lea, I., 1869. - Are Unios sensitive to light?, American Journal of Science and Arts 97(141):430-431.

Lea, I., 1869. - Are unios sensitive to light?, Annals of Natural History 3:466.

Lea, I., 1870. - A synopsis of the family Unionidae. Fourth Edition, very greatly enlarged and improved., Henry C. Lea, Philadelphia, Pennsylvania. xxx + 184 pp.

Lea, I., 1871. - Descriptions of twenty new species of uniones of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 23(1871):189-193.

Lea, I., 1871. - Descriptions of three new species of exotic Unionidae., Proceedings of the Academy of Natural Sciences of Philadelphia 23(1871):188.

Lea, I., 1872. - Descriptions of twenty-nine species of Unionidae from the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 24(1872):155-161.

Lea, I., 1872. - Rectification of T.A. Conrad's "Synopsis of the family of Naiades of North America," published in the "Proceedings of the Academy of Natural Sciences of Philadelphia, February, 1853.", New Edition. Collins Printer, 705 Jayne Street, Philidelphia. 45 pp.

Lea, I., 1874. - Description of three new species of Uniones of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 25:424.

Lea, I., 1874. - Observations on the genus Unio, together with descriptions of new species in the family Unionidae, and descriptions of embryonic forms and soft parts, also, new species of Steptomatidae, Limnaeidae., Philadelphia, Pennsylvania. Printed for the Author. Vol. 13. 75 pp. + plates 1-22.

Lea, I., 1836. - Description of a new species of the genus Unio., Privately Printed. 4 pp.

Lea, I., 1856. - Description of a new species of Triquetra, Klein (Hyria, Lamarck)., Proceedings of the Academy of Natural Sciences of Philadelphia 8(2):79.

Lea, I., 1866. - Description of twelve new species of Unionidae from South America., Proceedings of the Academy of Natural Sciences of Philadelphia 18:33-35.

Lea, I., 1859. - Descriptions of twenty-one new species of exotic Unionidae., Proceedings of the Academy of Natural Sciences of Philadelphia 11(1859):151-154.

Lea, I., 1868. - Description of nine species of Unionidae from Lake Nicaragua, Central America., Proceedings of the Academy of Natural Sciences of Philadelphia 20:94-96.

Lea, I., 1858. - Description of four new fresh-water molluscs, from the Isthmus of Darien and Honduras., Proceedings of the Academy of Natural Sciences of Philadelphia 10(1858):118.

Lea, I., 1858. - Descriptions of seven new species of Margaritanae, and four new species of Anodontae., Proceedings of the Academy of Natural Sciences of Philadelphia 10(1858):138-139.

Lea, I., 1858. - [Remarks on the red color and use of all four gills in gravid *Fusconaia flava*]., Proceedings of the Academy of Natural Sciences of Philadelphia 10(1858):135.

Lea, I., 1859. - [Remarks on the gravid condition and red color of *Fusconaia subrotunda* and the response of mussels to light. Minutes of the December 6th, 1859 Meeting]., Proceedings of the Academy of Natural Sciences of Philadelphia 11(1859):329-330.

Lea, I., 1861. - [Remarks on a letter by Dr. Lewis on the habits and growth of unionids. Minutes of the March 19th 1861 Meeting]., Proceedings of the Academy of Natural Sciences of Philadelphia 13:57-58.

Lea, I., 1863. - Description of eleven new species of exotic Unionidae., Proceedings of the Academy of Natural Sciences of Philadelphia 15:189-190.

Lea, I., 1863. - Description of a new species of *Unio* and *Monocondylaea*., Proceedings of the Academy of Natural Sciences of Philadelphia 15:190.

Lea, I., 1864. - Descriptions of six new species of Unionidae from Lake Nyassa, Central Africa, &c., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):108-109.

Lea, I., 1864. - Descriptions of two new species of Unionidae from South Africa., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):113.

Lea, I., 1864. - Descriptions of six new species of Western Asiatic Unionidae., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):285-286.

Lea, I., 1865. - Description of three new species of exotic Uniones., Proceedings of the Academy of Natural Sciences of Philadelphia 17(1865):75-76.

Lea, I., 1866. - Description of two new species of the genus *Lithasia*., Proceedings of the Academy of Natural Sciences of Philadelphia 18:133.

Lea, I., 1868. - Descriptions of four new species of exotic Unionidae., Proceedings of the Academy of Natural Sciences of Philadelphia 20:150.

Lea, I., 1868. - Descriptions of twenty-six new species Melanidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 20:151-153.

Lea, I., 1868. - Description of two new species Unionidae from Equador., Proceedings of the Academy of Natural Sciences of Philadelphia 20:161-162.

Lea, I., 1868. - Notes on some singular forms of Chinese species of *Unio*., Proceedings of the Academy of Natural Sciences of Philadelphia 20:145-146.

Lea, I., 1869. - Descriptions of six new species of freshwater shells., Proceedings of the Academy of Natural Sciences of Philadelphia 21:124-125.

Lea, I., 1874. - Description of seven new species of Unionidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 25:422-423.

Lea, I., 1857. - Description of three new species of exotic naiades., Proceedings of the Academy of Natural Sciences of Philadelphia 9:85.

Lea, I., 1859. - Description of a new species of Unio from the Isthmus of Darien., Proceedings of the Academy of Natural Sciences of Philadelphia 11(1859):281.

Lea, I., 1859. - Descriptions of three new species of exotic Uniones., Proceedings of the Academy of Natural Sciences of Philadelphia 11(1859):331.

Lea, I., 1866. - Description of five new species of the genus Unio., Proceedings of the Academy of Natural Sciences of Philadelphia 18:133.

Lea, I., 1866. - New Unionidae, Melanidae, etc., of the United States., Journal of the Academy of Natural Sciences of Philadelphia 6(second series):113-187 + plates 22-24.

Lea, I., 1859. - Descriptions of four new species of exotic Unionidae, Proceedings of the Academy of Natural Sciences of Philadelphia 11(1859):187.

Lea, I., 1862. - Description of two new species of exotic Uniones and one Monocondylaea., Proceedings of the Academy of Natural Sciences of Philadelphia 14:176.

Lea, I., 1853. - Notice of the Mya nodulosa, Wood., Proceedings of the Academy of Natural Sciences of Philadelphia 6(9):368.

Lea, I., 1857. - [Remarks on the visual organs of certain species of the genus Unio]., Proceedings of the Academy of Natural Sciences of Philadelphia 9:17-18.

Lea, I., 1851. - [Correspondance between Louis Agassiz and Isacc Lea on the naiades]., Proceedings of the American Philosophical Society 5(46):187-189.

Lea, I., 1851. - [On the genus Acostaea of D'Orbigny, a new fresh water mollusc of the order Dimyaria, from the river Guadua, New Grenada]., Proceedings of the Academy of Natural Sciences of Philadelphia 5(11):277.

Lea, I., 1853. - [Letter from I. Lea to Dr. Leidy dated 21 June 1853]., Proceedings of the Academy of Natural Sciences of Philadelphia 6(10):376-377.

Lea, I., 1860. - Descriptions of exotic Unionidae., Journal of the Academy of Natural Sciences of Philadelphia 4(second series)(3):235-273 + plates 33-45.

Lea, I., 1856. - Description of fifteen new species of exotic Melaniana., Proceedings of the Academy of Natural Sciences of Philadelphia 8(4):144-145.

Lea, I., 1874. - Supplement to Isaac Lea's paper on Unionidae., Journal of the Academy of Natural Sciences of Philadelphia 8(second series):55-69 + plates 19-22.

Lea, I., 1856. - Observations of the genus Unio, together with descriptions of new species in the Family Unionidae., Philadelphia, Pennsylvania. Printed for the Author. 6(2):43-95 + plates 5-20.

Lea, I., 1860. - Observations on the genus Unio, together with descriptions of new species, their soft parts, and embryonic forms, in the Family Unionidae., Philadelphia, Pennsylvania. Printed for the Author. 7(2):53-91 + plates 33-45.

Lea, I., 1862. - Observations on the genus Unio, together with descriptions of new species, their soft parts, and embryonic forms, in the family Unionidae., Philadelphia, Pennsylvania. Printed for the Author. 8(2):57-113 + plates 1-18.

Lea, I., 1863. - New exotic Unionidae., Journal of the Academy of Natural Sciences of Philadelphia 5(second series):377-400 + plates 41-50.

Lea, I., 1863. - New Melanidae of the United States., Journal of the Academy of Natural Sciences of Philadelphia 5(second series):217-356 + plates 34-39.

Lea, I., 1874. - Descriptions of fifty-two species of Unionidae., Journal of the Academy of Natural Sciences of Philadelphia 8(second series):5-54 + plates 1-18.

Lea, I., 1837. - Neue gattungen von najaden., Faunus: Zeitschrift für Zoologie und vergleichende Anatomie (Also published in Transactions of the American Philosophical Society, 1834, 6(N.S.): 63-124 + 15 plates) Part 6: 43-53 + Plates 3-18.

Lea, I., 1840. - Description of nineteen new species of Colimacea., Proceedings of the American Philosophical Society 1(10):173-175.

Lea, I., 1841. - [Remarks to the Society on sexual differences of the Naidés.], Proceedings of the American Philosophical Society 2(17):34-35.

Lea, I., 1842. - [Communication objecting to Mr. Haldeman's proposed change in the orthography of two of Mr. Lea's species of Unio.], Proceedings of the Academy of Natural Sciences of Philadelphia 1(20/21):215-216.

Lea, I., 1842. - [Change of several specific names of Melaniae, because of preoccupation.], Proceedings of the American Philosophical Society 2(24):237.

Lea, I., 1844. - Continuation of Mr. Lea's paper on fresh water and land shells., Transactions of the American Philosophical Society 9(N.S.):1-31.

Lea, I., 1843. - [Names of twelve new species of uniones - nomina nuda], Proceedings of the American Philosophical Society 4(28):8.

Lea, I., 1850. - [On the remarkable size of *Unio* specimens.], Proceedings of the American Philosophical Society 5(45):153.

Lea, I., 1852. - On the genus *Acostaea* of D'Orbigny, a fresh water Lamellibranchia., Journal of the Academy of Natural Sciences of Philadelphia 2(second series)(2):125-131.

Lea, I., 1852. - [Mr. Lea called the attention to a specimen of *Dipsas plicatus*, Leach, which was very remarkable for its size.], Proceedings of the Academy of Natural Sciences of Philadelphia 6:52.

Lea, I., 1852. - Description of a new genus (*Basistoma*) of the family *Melaniana*, together with some new species of American *Melaniae*., Proceedings of the American Philosophical Society 5(48):252.

Lea, I., 1852. - Description of a new species of *Helix*, from California, and a new characteristic form of certain American *Colimacea*., Proceedings of the American Philosophical Society 5(48):252-253.

Lea, I., 1853. - Description of a new genus (*Basistoma*) of the family *Melaniana*, together with some new species of American *Melaniae*., Transactions of the American Philosophical Society 10(N.S.):295-302 + Plate 30.

Lea, I., 1853. - Description of a new species of *Helix*, from California, and a new characteristic form of certain American *Colimaceae*., Transactions of the American Philosophical Society 10(N.S.):303-305 + Plate 30.

Lea, I., 1853. - [Remarks by Mr. Lea on the original specimen of *Mulleria*.], Proceedings of the Academy of Natural Sciences of Philadelphia 6:435.

Lea, I., 1854. - [Mr. Lea exhibited to the Academy a specimen of D'Orbigny's *Acostaea guadasana*.], Proceedings of the Academy of Natural Sciences of Philadelphia 7(1):1-2.

Lea, I., 1856. - On the new red sandstone formation of Pennsylvania; Description of a new sub-genus of *Naiades*; Description of new species of *Triquetra*; Description of new fresh water shells from California; Description of twenty-five new species of exotic uniones., Merrihew and Thompson, Printers, Philadelphia pp. 1-8.

Lea, I., 1856. - Description of thirteen new species of exotic *Peristomata*., Proceedings of the Academy of Natural Sciences of Philadelphia 8:109-111.

Lea, I., 1856. - [Mr. Lea mentioned that, in describing a new species of *Triquetra*, Klein. (*Hyria*, Lam.) in April last, (Proceedings, vol. viii.p.79) he had but a single valve, which had the appearance (as stated in his remarks not yet published) of being twisted like *Arca tortuosa*, Lin.], Proceedings of the Academy of Natural Sciences of Philadelphia 8:300-301.

Lea, I., 1857. - [Mr. Lea made the following remarks on the visual organs of certain species of the genus *Unio*], Proceedings of the Academy of Natural Sciences of Philadelphia 9:17-18.

Lea, I., 1857. - Descriptions of four new species of exotic Uniones; Descriptions of thirteen new species of exotic Peristomata; Descriptions of fifteen new species of exotic Melaniana; Description of the byssus of the genus *Unio*; Descriptions of eleven new species of exotic Uniones, from Georgia; Remarks on *Triquetra contorta*; Remarks on the visual organs of the Naiades; Descriptions of thirteen new species of Uniones, from Georgia; Descriptions of twelve new species of Uniones, from North Carolina; Descriptions of six new species of Uniones, from Alabama; Descriptions of eight new species of Naiades, from various parts of the United States; Descriptions of three new species of Naiades., Merrihew and Thompson, Printers, Philadelphia pp. 1-24.

Lea, I., 1857. - [Mr. Lea stated that he proposed to change the name of *Unio umbrosus* and *Unio Wheatleyi* to *U. umbrans* and *U. Catawbensis*], Proceedings of the Academy of Natural Sciences of Philadelphia 9:104.

Lea, I., 1857. - [Mr. Lea exhibited the plates accompanying his paper, recently presented to the Academy, on fresh water Naiades collected in Siam, &c., by Dr. House], Proceedings of the Academy of Natural Sciences of Philadelphia 9:205.

Lea, I., 1858. - Descriptions of exotic genera and species of the family Unionidae., Journal of the Academy of Natural Sciences of Philadelphia 3(second series)(4):289-321 + Plates 21-33.

Lea, I., 1858. - [Mr. Lea exhibited some remarkable specimens of Unioniae, six to eight inches wide.], Proceedings of the Academy of Natural Sciences of Philadelphia 10(1858):114.

Lea, I., 1858. - Descriptions of a new *Helix* and two new *Planorbis*., Proceedings of the Academy of Natural Sciences of Philadelphia 10(1858):41.

Lea, I., 1858. - [Mr. Lea exhibited two specimens of *Triquetra contorta*, Lea, (Hyria, Lam.) which he had received from Mr. Cuming, of London.], Proceedings of the Academy of Natural Sciences of Philadelphia 10(1858):179.

Lea, I., 1859. - Descriptions of twenty-seven new species of Uniones from Georgia; Remarks on the Unionidae of Nebraska Territory and Red River of the North; Descriptions of a new *Helix* and two new *planorbis*; Descriptions of eight new species of *Unio* from Tennessee, Alabama and North Carolina; Remarks on the Permian of the United States; Remarks on the enormous production of the Unionidae; Descriptions of four new fresh-water molluscs, from Darien and Honduras; Remarks on some Unionidae; Descriptions of seven new species of Margaritanae and four Anodontae; Descriptions of twelve new species of Uniones,

and other fresh-water shells of the United States; Remarks on the green sand formation of New Jersey., Merrihew and Thompson, Printers, Philadelphia pp. 1-26.

Lea, I., 1860. - Descriptions of eight new species of Unionidae, from Georgia, Mississippi and Texas; Descriptions of twenty-one new species of exotic Unionidae; Descriptions of two new species of Uniones, from Georgia; Descriptions of seven new species of Uniones, from South Carolina, Florida, Alabama and Texas; Remarks on Alexander von Humboldt; Descriptions of twelve new species of Uniones, from Georgia; Descriptions of four new species of exotic Unionidae; Descriptions of a new species of Unio, from the Isthmus of Darien; Observations on species with the four branchiae charged with ovæ, and on red ovæ; Descriptions of three new species of exotic Uniones; On the number of species of Unionidae of the United States; On various forms of the teeth of heterostrophe Unionidae., Merrihew and Thompson, Printers, Philadelphia pp. 1-24.

Lea, I., 1860. - [Remarks on letter of Dr. Lewis on the coloring matter of the nacre of Uniones]., Proceedings of the Academy of Natural Sciences of Philadelphia 12:88-89.

Lea, I., 1860. - Descriptions of four new species of Melanidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 12:93.

Lea, I., 1860. - [Remarks on a new form of Palpi of Anodonta from the Uruguay River, S. America.], Proceedings of the Academy of Natural Sciences of Philadelphia 12:97.

Lea, I., 1860. - Descriptions of fourteen new species of Schizostomae, Anculosae and Lithasiae., Proceedings of the Academy of Natural Sciences of Philadelphia 12:186-188.

Lea, I., 1860. - Check lists of the shells of North America. Prepared for the Smithsonian Institution, by Isaac Lea, P. P. Carpenter, Wm. Stimpson, W. G. Binney, and Temple Prime. No. 8. Unionidae. By Isaac Lea., Smithsonian Institution, Washington 6 pp.

Lea, I., 1861. - Descriptions of new species of Schizostoma, Anculosa and Lithasia., Proceedings of the Academy of Natural Sciences of Philadelphia 13:54-55.

Lea, I., 1861. - Description of a new species of Neritina, from Coosa River, Alabama., Proceedings of the Academy of Natural Sciences of Philadelphia 13:55.

Lea, I., 1861. - Description of a new genus (Strephobasis) of the family Melanidae, and three new species., Proceedings of the Academy of Natural Sciences of Philadelphia 13:96.

Lea, I., 1861. - Descriptions of forty-nine new species of the genus Melania., Proceedings of the Academy of Natural Sciences of Philadelphia 13:117-123.

Lea, I., 1862. - Remarks on the number of Unionidae; Descriptions of fifteen new species of Uruguayan Unionidae; Descriptions of four new species of Unionidae from Brazil and Buenos Ayres; Remarks on the color of the Unionidae; Descriptions of four new species of Melaniae of the United States; Descriptions of five new species of Uniones, from North America; Remarks on the form of the palpi of Anodontae, from Uruguay; Remarks on Physae in a cistern; Remarks on Echinus perforating granite; Descriptions of fourteen new species of Schizostoma, &c., and reclamation of the name; Descriptions of two new species of Uniones, from Georgia; Descriptions of three new species of Uniones from Mexico; Descriptions of seven new species of Unionidae, from the United States; Descriptions of six new species of Unionidae, from Alabama; Descriptions of three new species of exotic Unionidae; Descriptions of twenty-five new species of Unionidae; Description of a new species of Neritina, from Coosa River; Descriptions of two new species of Anodontae, from Arctic America; Descriptions of new species of Schizostoma, &c.; Descriptions of twelve new species of Uniones, from Alabama; Description of a new genus, (Strephobasis); Descriptions of forty-nine new species of Melaniae; Descriptions of new fossil Mollusca, from New Jersey; Descriptions of eleven new species of the genus Unio; Descriptions of seven new species of the genus Io., Philadelphia pp. 1-48.

Lea, I., 1862. - Description of a new genus (Trypanostoma) of the family Melanidae, and of forty-five new species; Description of ten new species of Unionidae of the United States; Description of two new species of exotic Uniones and one Monocondyloea; Description of a new genus (Goniobasis) of the family Melanidae, and eighty-two species; Description of eleven new species of Melanidae of the United States., Merrihew and Thompson, Printers, Philadelphia pp. 1-29.

Lea, I., 1862. - New Unionidae of the United States., Journal of the Academy of Natural Sciences of Philadelphia 5(second series):53-109 + plates 1-18.

Lea, I., 1862. - Description of a new genus, (Trypanostoma) of the family Melanidae, and of forty-five new species., Proceedings of the Academy of Natural Sciences of Philadelphia 14:169-175.

Lea, I., 1862. - Description of a new genus (Goniobasis) of the family Melanidae and eighty-two new species., Proceedings of the Academy of Natural Sciences of Philadelphia 14:262-272.

Lea, I., 1862. - Descriptions of eleven new species of Melanidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 14:272-273.

Lea, I., 1863. - Descriptions of fourteen new species of Melanidae and one Paludina., Proceedings of the Academy of Natural Sciences of Philadelphia 15:154-156.

Lea, I., 1864. - Descriptions of eleven new species of indigenous Melanidae., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):3-5.

Lea, I., 1864. - Description of and remarks on *Planorbis newberryi*., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):5.

Lea, I., 1864. - Description of a new genus of the family Melanidae., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):2-3.

Lea, I., 1864. - Description of a new species of *Planorbis*., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):111.

Lea, I., 1864. - Descriptions of thirteen new species of Melanidae of the United States., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):111-113.

Lea, I., 1864. - Description of five new species of *Lymnaea* of North America., Proceedings of the Academy of Natural Sciences of Philadelphia 16(1864):113.

Lea, I., 1866. - On *Leaia leidy* = *Cypricardia leidy*; Descriptions of fourteen new species of Melanidae; Descriptions of eleven new species of exotic Unionidae; Descriptions of twenty-four new species of Unionidae; Descriptions of a new species of *Unio* and a *Monocondyloea*; Description of a new genus of the family Melanidae; Descriptions of eleven new species of Melanidae; Description of & remarks on *Planorbis newberryi*; Descriptions of six new species of Unionidae from Lake Nyassa; Descriptions of six new species of *Succinea*, etc.; Descriptions of thirteen new species of Melanidae; Description of a new species of *Planorbis*; Descriptions of five new species of *Lymnea*; Descriptions of two new species of Unionidae, from South Africa; Descriptions of twenty-four new species of *Physa*; Descriptions of six new species of western Asiatic Unionidae; Descriptions of three new species of exotic Uniones; Descriptions of eight new species of *Unio*., Merrihew & Son, Printers, Philadelphia pp. 1-32.

Lea, I., 1868. - Descriptions of twelve new species of Unionidae from South America; Notes on some members of the feldspar family; Description of two new species of the genus *Lithasia*; Descriptions of five new species of the genus *Unio*; On two new minerals from Chester Co., Penn.; Descriptions of five new species of Unionidae and one *Paludina* of the United States; Descriptions of nine species of Unionidae from Lake Nicaragua, Central America; Descriptions of sixteen new species of the genus *Unio* of the United States; Notes on some singular forms of Chinese species of *Unio*; Descriptions of four new species of exotic Unionidae; Descriptions of twenty-six new species of Melanidae of the United States; Descriptions of seven new species of *Unio* from North Carolina; Descriptions of two new species of Unionidae from Ecuador; Descriptions of Unionidae from the Lower Cretaceous formation of New Jersey., Merrihew & Son, Printers; Philadelphia pp. 1-32.

Lea, I., 1874. - Notes on microscopic crystals included in some minerals; Further notes on microscopic crystals in some of the gems, etc. (with a plate); Descriptions of six new species of fresh water shells; Descriptions of three new species of exotic

Unionidae; Descriptions of twenty new species of Uniones of the United States; Descriptions of twenty-nine species of Unionidae of the United States; Descriptions of seven new species of Unionidae of the United States; Descriptions of three new species of Uniones of the United States., Collins, Printer, Philadelphia pp. 1-24 + Plate 9.

Lea, I., 1876. - A catalogue of the published works of Isaac Lea, LL.D. from 1817 to 1876., Collins, Printer, Philadelphia 23 pp.

Lea, I., 1874. - Index to Vol. I. to XIII. Observations on the genus Unio, together with descriptions of new species in the family Unionidae, and descriptions of new species of Melanidae, Paludinae, Helicidae, etc., Collins, Printer, Philadelphia 22 pp. + 6 plates.

Lea, I., 1866. - New Unionidae, Melanidae, etc., chiefly of the United States., Journal of the Academy of Natural Sciences of Philadelphia 6(second series):113-187 + plates 22-24.

Lea, I., and H., C., Lea., 1851. - Description of a new genus of the family Melaniana, and of many new species of the genus Melania, chiefly collected by Hugh Cuming, Esq., during his zoological voyage in the east, and now first described. By Isaac Lea and Henry C. Lea, Philadelphia. Also, descriptions of five new species of Anodontae, collected by H. Cuming, esq., in the East Indies. By Isaac Lea., Printed by Richard Taylor, Red Lion Court, Fleet Street, London pp. 179-199.

Lea, I., and H., C., Lea., 1850. - Description of a new genus of the family Melaniana, and of many new species of the genus Melania, chiefly collected by Hugh Cuming, Esq., during his Zoological Voyage in the East, and now first described., Proceedings of the Zoological Society of London 1850(18):179-197.
